JUDGE PONDERING PARK ARGUMENT

JEROME, March 11 (Special)—Whether part of North park may be transferred to the county from the city of Jerome for a courthouse site, rested today in the hands of Judge T. Bailey Lee, Burley.

Judge Lee asked for submission of briefs from both defense and plaintiff sides Thursday at 3:30 p. m. after the last witness for the defense given testimony, and he will render a decision later.

Witnesses for the defense called Thursday afternoon included prominent businessmen who have been in the city for years. They are: J. H. Wheatcroft, former city councilman; William A. Peters, president of the Jerome water company; Joe Shiley, associate of the Jerome Water company and title and abstract head of Jerome; Arthur L. Pyle, real merchant; Guy Delinger, chairman of the county commissioners; R. E. Shepherd, president of the Idaho Farms company; W. A. Helms, real estate broker; Henry W. Hurlbut, secretary and treasurer of the North Side Canal company, and Clark T. Stanton, police judge.

Site Understanding
Testimony given was to the effect that it was the general understanding of Jerome townpeople that the North park should be used for a courthouse site and for a park.

Frank Daley, one of the plaintiffs, stated during his testimony that another section of land had been purchased for the courthouse, and was located just north and west and adjacent to the proposed site in question.

During the afternoon it was brought out that residential property near the proposed site would not necessarily be included in value if a courthouse were erected. Because of a contemplated park to be erected in the North park, no trees had been planted within the grounds excepting around the edges, and there had been no sidewalks laid therein.

Funds Ready
The funds for the new building are ready and available and it was further stated that plans to hand-lease and beautify the grounds around the proposed building, are completed as soon as the said courthouse is finished.

During the trial it was pointed out that the present building used for a courthouse is inadequate, with poorly arranged offices and insufficient court space.

The defense again made a motion for a non-suit, which was made earlier in the hearing and was denied. Jerome is paying heavy interest on the bonds and very high rent in the amount of \$500 per month.

St. Patrick's Day Dinner Grows Nearer

By MRS. GAYNOR MADDOX (Special Writer)

The sons of St. Patrick enjoy a man-sized meal. Be as generous as the Irish in your planning. Try a perfectly roasted leg of young lamb, served it with a few minute particles of garlic. Roast first for a few minutes in hot oven, then reduce heat to slow. Do not use any water and leave roasting pan uncovered if you want a brown and flavored roast. Serve with rich green mint jelly and, of course, seasoned brown gravy.

Begin this dinner with a cream of spinach soup. Then follow with the pungent roast, parsnip potatoes, green peas cooked with butter. Instead of salad, serve cold fresh asparagus with vivid vinaigrette sauce and cheese slices. For dessert, use rose green pistachio ice cream and a specially decorated St. Patrick's Day cake. Pass levanines with the dessert—those colorful green and white mint sandwiches with marshmallow filling—candies which your confectioner sells.

Vinaigrette Sauce
One tablespoon tarragon vinegar, 2½ tablespoons cider vinegar, 1 teaspoon salt, 1-3 teaspoon paprika, ¼ teaspoon pepper, 5 tablespoons olive oil, 1 tablespoon chopped green pepper, 1 tablespoon minced cucumber pickle, 1 teaspoon chopped celery, 1½ teaspoons finely chopped cucumbers. Combine all ingredients. Mix thoroughly, chill, and mix again before serving. Arrange thick stalks of cold cooked asparagus in a row and pour over some of this excellent sauce.

St. Patrick's Day Layer Cake
One-third cup butter, 1 cup sugar, 2 eggs, well beaten, ¼ cup milk, 1-2-3 cups sifted pastry flour, 3 teaspoons baking powder, ¼ teaspoon salt, 1 teaspoon vanilla. Cream sugar and butter well. Add eggs one at a time. Continue creaming until mixture is very light. Sift flour with baking powder and salt several times and add to mixture alternately with the milk. Then add vanilla in delicate flavoring. Layer cake tins and bake in moderately hot oven.

St. Patrick's Day Icing
One cup one-half cups sugar, 4 tablespoons water, ¼ cup egg whites, vanilla or lemon flavoring to taste (or a combination of a few drops of each is delicious). Beat egg whites stiff with sugar and water are boiling. Boil sugar and water only till syrup spins a heavy thread. Then add syrup into beaten egg whites, beat until icing is of consistency to spread, and spread.

Decorate with green shiny gum shamrocks and make stems of small strips of citron. Use a fabriccloth with Kelly green squares on a field of white. You will find an assortment of green-checked paper hats which should be filled with assorted green candies. There are also little figures in honor of the feast of St. Patrick which come fastened to green foil-wrapped bars of chocolate and, of course, paper shamrocks.

For your centerpiece, better use spring-like fresh daffodils with long and green stems. Use a tablecloth with Kelly green squares on a field of white. You will find an assortment of green-checked paper hats which should be filled with assorted green candies. There are also little figures in honor of the feast of St. Patrick which come fastened to green foil-wrapped bars of chocolate and, of course, paper shamrocks.

Club Fetes Member and Elects Officers
HAGERMAN, March 11 (Special)—Seventeen women, including 11 members of the Hagerman Friendship club and six guests, were entertained at the club's St. Patrick's Day affair, Friday. The meeting featured a birthday party for Mrs. Allen, honoring her 51st birthday.

The following officers for the club were elected: Mrs. Genevieve Gregg, president; Mrs. Armeta Eilsson, vice president; Mrs. Charlotte Green, secretary; Mrs. Alice Jones, treasurer; Mrs. Willis Justice, chaplain; Mrs. M. H. Allen and Mrs. Etta Schouler, flower committee.

Out of club guests present were Mrs. W. F. Dickenson, Mrs. Ralph Kennicott, Mrs. F. O. Mariner, Mrs. Howard Marsh, Mrs. Gus Conrad and Mrs. O. Chaplin were assistant hostesses.

When the St. Patrick's day parade is over, and the boys and their cohorts troop in for a Wearing of the Green party, meet them with a glistening white layer cake brilliant with green gumdrop shamrocks. Have a table covering of blocks of Kelly green on a white background. Those green hats at each place are filled with mints and gumdrops—all in green—and the little Irish figures stand on squares of chocolate wrapped in shining green tinfoil. Never forget the green shamrocks—for no Irish party is complete without some of the lucky clovers of Erin to invoke friendly magic.

G. A. A. Plans Hike

Committees appointed for the Monday's event were: Hazel Terry, Helen Gee, Barbara Minnick and Barbara Bradley, food; Margaret Gee, Maxine Dooz, Betty Bringer, Janice Faye Gibson and Mildred Klinder, clean-up; Lois Hayden, Margaret Gee, Invitations; Barbara Minnick and Janet Fitzwater, games.

Bridge Tournament
RUPERT, March 10 (Special)—The Rupert Business and Professional Woman's club met in regular session Tuesday at Fred's Club cafe for dinner. Two long tables arranged in the form of a T were embellished with ferns and tall green tapers with a St. Patrick favor at each place. The color scheme was also carried out in the salad course.

Following dinner a brief business session was conducted by the president, Miss Virginia Hawk, and committees were appointed to make plans for a bridge tournament to be held some time in the near future. "Bright Horizons," by Horace G. Joseph, was reviewed by Mrs. A. E. Johnson.

NO RETAIL SALES FOR DAM POWER

BOISE, March 11 (UP)—Power from the Bonneville project will not be retailed throughout the northwest, it was emphasized today by J. D. Ross, federal administrator. Ross pointed out that under the act creating the project, the power generated can only be sold at wholesale. The people who wish the power for domestic and industrial use must distribute the power at retail through public power districts, cooperative associations, or private companies.

A hearing will be held in Boise to determine attitude of Idaho residents toward rate structure for power. The hearing in Boise will be one of three in Idaho, Washington and Oregon to determine the attitude of northwest citizens toward use of the power domestically and what price they think they should pay.

PILOTS

GREAT FALLS, Mont., March 11 (UP)—Pilots are nice, but they don't make good husbands, Mary LaFrance and Fughita Olson, United Airlines hostesses visiting here said today. Stewardesses don't want to marry pilots because they can't be depended upon to get to dinner on time and they are away from home too much, the girls said. But statistics show that the largest percentage of stewardesses marry pilots.

Hagerman CCC Plans Coyote Extirmination

HAGERMAN, March 11 (Special)—With the habits of the predatory animals changing during the pupping season, the CCC camp at Hagerman reports that a wide spread program has been initiated to locate and exterminate coyote pups in their dens. Stockmen, who find they are troubled with coyotes, are requested to locate as nearly as possible the vicinity in which the predators are most active and report this to the Hagerman CCC camp. An experienced trapper will be sent locally to trap the adult coyotes and he will also supervise a crew of enrollers in exterminating the pups.

William Hazlett, the essayist, was a minister and a painter before he turned to writing.

WRITER DEFENDS GOVERNMENT FOR BUSINESS MOVES

BALZ LAKE CITY, March 11 (AP)
—The federal government has gone into business not because politicians have desired it but because concrete situations make it essential. Stuart Chase, noted economist and writer, said here last night.

"So many people have suffered from unemployment, insecurity and depression that the organization of the entire nation has been weakened. It is a question of survival, not paternalism," he said.

Praising the Tennessee valley authority, Chase said "it may knock the props out of those holding companies but good well-managed power companies have nothing to fear." The TVA itself is a "magnificent piece of conservation work," he declared.

Chase later addressed Brigham Young university students on "economy of abundance."

ENGLAND WORKS TO HALT PRESENT EUROPEAN CRISIS

BAVARIAN ARMY MOVING CAUSES FEAR IN BRITAIN

By RICHARD D. McLELLAN
LONDON, March 11 (UP)—Great Britain has moved to prevent a threatened European crisis of first magnitude over the call for an Austrian plebiscite on independence. It was understood today.

It was understood authoritatively that the British government had expressed to Germany the hope that the purpose of "a certain movement of troops in Bavaria"—on the Austrian frontier—was to preserve order on the frontier.

The news came soon after a conference between Viscount Halifax, foreign secretary, and Andre Charles Corbin, ambassador of Great Britain's close ally, France.

Reports of troop movements on the Austrian frontier of Germany, only 50 miles from the Austro-Hungarian mass, added to tension that, throughout Europe, was increasing hourly.

Nerves tightened in all capitals as statesmen watched Austrian indications multiplied that behind Chancellor Kurt Schuschnigg's call for an independent plebiscite there were political moves of the greatest moment.

A high foreign diplomatic source told the United Press that Lord Halifax, in conversation yesterday with Joachim von Ribbentrop, German foreign secretary, expressed Britain's interest in the carrying out of the Austrian plebiscite without external pressure.

That Schuschnigg, the United Press was informed, that he could not guarantee that in the event of a plebiscite developing within Austria, involving the shedding of "German" blood, that Germany could refrain from action.

That Schuschnigg, usually well-informed sources indicated: 1—That Schuschnigg obtained the approval of Premier Benito Mussolini to hold a plebiscite in which every one agreed Austrian Nazis were at a decided disadvantage; that high Italian circles may even have suggested the plebiscite.

2—That Schuschnigg notified Great Britain and "throughout undoubted France, of his intention. 3—That he did not notify Fuehrer Adolf Hitler.

4—That he did not notify even Dr. Arthur Seydewitz, sole Nazi member of the Austrian cabinet and for years his friend.

5—That Hitler did not notify Mussolini of his intention to summon Schuschnigg to Berchtesgaden Feb. 12 to receive terms for an Austro-German agreement.

Ribbentrop Worried
It seemed plain that Ribbentrop was worried over the Austrian situation. He was seen to leave his minister in the Nazi chancellery of Feb. 4 after having served as ambassador to London, and came here ostensibly to wind up his affairs, actually to hold talks with government leaders as a basis for future British-German friendship negotiations.

Today Ribbentrop was reported to be hurriedly cleaning up his program so that he could fly to Berlin to see Hitler's side this week-end during the plebiscite.

It was said frankly here yesterday that the prospects for British-German friendship were not bright. Politics had difficulty last night in diverting a parade of 250 persons, headed by a band, who tried to march to the German embassy, changing "Ribbentrop, get out."

JAPAN REPORTS CHINA SLAUGHTER

BEANGHAI, March 11 (UP)—Japanese authorities today announced "virtual completion" of their campaign in Shanghai province with the occupation of Feng-Ji-Tu on the bank of the Yellow river south of Fuchow-Fu.

They reported that 200,000 Chinese troops had been "virtually annihilated" in 28 days of fighting.

Victories were claimed in air battles on the central front when Japanese retaliated for Chinese raids north of the Yellow river and attempted to cripple the Chinese air forces moved to the Lung-Hai railway front to stem the drive into southern Honan province.

Attacks were made against major north China air bases, resulting in several spectacular dog fights.

Three battles were fought over Pao-Tai, Shantung capital, within eight hours. The Japanese claimed that over 10 Chinese planes met their riding craft during each raid and said that a total of 18 Chinese fighters had been destroyed.

The Japanese admitted that their planes were badly ridden in the fighting but said that only one gunner was killed.

MEN SEARCHED THEIR CELLARS FOR FINE OLD WHISKIES

So Seagram could prove that Crowns taste finer than the most famous blended whiskies of the old days

\$25—for each sealed, unopened bottle... is the price Seagram offered for bona fide blends bottled before 1919! Then Seagram asked its qualified experts to compare these old blends...side by side with 5 and 7 Crown.

Unanimously these men agreed: "Crowns are finer tasting, smoother, mellower." Blending skill explains it. Seagram has searched the world to single out the few master blenders capable of producing that unrivalled Crown taste. A taste so fine that—since 1934, over 129 million bottles of Crowns have been sold—quarts, pints, all sizes.

Think before you drink... say Seagram's and be sure.

BORAH RAPS AT DICTATOR PERIL

BOISE, Ida., March 11 (Special)—Sen. William E. Borah, R. Ida., today said in a letter that the effect of the anti-war profiteering bill before congress "would be practically to declare a complete dictatorship during war."

Writing to Mrs. F. L. Culley, secretary of the American Legion auxiliary at Rupert, Ida., Sen. Borah said the bill would "turn over to the discretion of the president, whoever he might be, practically unlimited control over the entire life of the American people."

Borah said he would "most heartily" support a measure to prohibit war-profiteering if the bill were constitutional, but he expressed belief that the proposed legislation was "clearly in violation of the constitution and of the most fundamental principles of our democratic system of government."

"The producer, labor, business, the individual citizen, would practically have no rights, such as we know under the constitution, if this bill should become a law," he wrote.

Declaring that he would do "all I can" to defeat the measure, Sen. Borah said, "it is not necessary to tear down our system of government in order to protect the interests of the people against profiteers and to destroy the liberties of the people under the pretense of preserving their liberties."

NAZIS IN AUSTRIA DEFY POLICEMEN

INNSBRUCK, Austria, March 11 (Special)—Fifteen thousand Nazis defied a hundred of armed police today in the first serious clash of a weekend that was expected to bring disorder all over the country.

The Nazis, some in full uniform of their storm troops in defiance of a government ban, massed in the streets to demonstrate against Chancellor Kurt Schuschnigg and demanded his resignation.

They stormed through a police cordon and a barbed wire barricade which had been erected to keep them from marching into the inner city.

Fighting broke out but the police, outnumbered perhaps 20 to one, were helpless. Police authorities ordered them to permit the Nazis to continue to march but to resist with arms any attempt to occupy public buildings.

Police stood by, as the number of uniformed Nazis in the streets increased steadily.

NEW FAVORITES CLASS A TOURNEY HERE

Buhl, Burley Termed Clubs To Beat After 1st Day Play; Most of Games Close

No Morning Tilts; Filer Cochrane to Catch Again For Tigers

The Class A tournament here marched on today—but with an entirely different set-up regarding favoritism as to who would finally cop the district bunting.

Excitingly close games marked the play yesterday as Gooding and Twin Falls rated the "teams to beat," both butting their encounters with Buhl and Burley. As a result of winning those games, and then going on to win over Rupert and Oakley in the evening tilts, the Indians and Bobcats were definitely named the threats of the meet—the clubs that appeared destined to appear in the finals.

Complete results of yesterday's games were as follows:

Buhl 25, Twin Falls 20
Rupert 25, Filer 17
Burley 25, Gooding 29 (over-)

On the other hand, the Buhl-Bobcats, a good team all season, although losing quite often, gave the hope as they moved into the select circle. Last year Coach Lutz's outfit appeared the best bet to cop the title but they were ousted in the final game against Oakley. This year they weren't given a chance even to reach the finals, but it appears now that they will at least be one of the two teams to represent this district at the state tournament.

They won two victories yesterday, also both were hard fought, and that left the score in doubt until the final minute of play. They won by five points over Twin Falls and four over Gooding.

Berley 25, Gooding 26

Aside from being the most thrilling game of the day, the Burley-Gooding encounter was the longest played contest of the tournament in the first day's play. The regular playing time ended with the count knotted at 18-18.

Dabbling Around at the Class A Tournament

By the THREE GENTLEMEN IN THE THIRD ROW

This gent has been officious as a second fiddle at other district and state hoop meets. Keeping time, beating the bell, scoring, or taking turns at the microphone with the Emory Bennett were just a few of the odd jobs which fall way.

Nowadays we find after a careful study that life has been made easy for scorers and timers. A two-toned horn blows the mid-game periods and a young trench mortar signals the end of the game. A red light over the basket reads, light up whenever the ball goes through and the scoreboard tells you everything but the room temperature.

Somehow we long for some of the old more human and alphoid methods of running a tournament but TIME MARCHES ON!

Gene are the days when, if you knew the devious way, you could spend a pleasant between-halves in a ball session in the school gymnasium. This source was always predated over by the genial Olie Taylor and his court was made up of the best players in the area.

Now spectators who want a between-game stretch are guided deftly out into the building grounds to sit on anything... but sort of a play.

The decorations to the high school gym were definitely added to by the placing of long strips of lovely mauve colored building paper along the north windows. It keeps the light from striking players' eyes during day-time games.

We predicted that this tournament was full of thrilling games and the first one turned out to be one that kept the crowd in an uproar most of the game.

It's a good thing we weren't sitting on a splintery seat or we'd still be picking them out.

The Filer and Rupert aggressions presented quite a different picture as to stature, each team having one or two tall boys who towered heads above the rest.

We wonder if Harding the diminutive Filer guard; didn't get a crink in his neck when he looked under the towering Rupert center, Gibson, as they jumped. We contend that the referee didn't do justice by Harding's play.

This is straight from the shoulder of one of our tournament management men and from us.

Spectators at the tournament ought to be as sportlike as the players. They should cheer and the officials are attempting to be. The tourney is a distinct affair—it isn't being conducted for any one purpose—everyone out there on the floor deserves a break.

Let's forget the boogie.

If you were at that Buhl-Rupert racket, last night's opener, you'll understand why we sit in the third row. It was the high jumper Hopkins, who puts on the steam when he moves fast, went headlong into the front row of spectators on the west side. He landed plunk on a youthful girl wearing glasses. The glasses were still there when the smoke cleared away.

As for those feminine basket-keepers Babe's hand—hotch! The young lady who twirled two at once... she would get a medal if we had a medal. Why we wonder about the three uniforms, though, is whether drummers must be picked each year to fit the uniforms?

No, I "tough luck" team on short shots during the basket at the first night's program... Rupert. Despite some brilliant passing by young Filer, a very nice indeed, his mates couldn't click on the "cripples."

Note to the girls sitting candy, candy. You can't get under the balcony at night games. Too much congestion. That was our neck you stepped on and it's still got a "crick" in it.

We thought the crowd had B. V. Jones on the spot last night when the red light on center court on the one basket. B. V. came out after a Bruin manager couldn't adjust the things to go on and off.

It was a pay-cutter line to see, plenty of action, coupled with smooth play.

If over we saw age creep up on two gent's within the space of 40 minutes, Ap Berg and Pete Taylor, coaches of Gooding and Burley, respectively, were the ones looking forward to another meeting of the two. Take it from us, if they do, you want to come early—bring your lunch if necessary.

Bull of the Woods, (Hechtner) and his man Friday (Wakem) beamed all over the place. Why not? The tournament has all the earmarks of a financial success.

The Jerome-Oakley game almost turned out to be another upset. The local club, playing as the host team, nearly upset the dope bucket in extending the King Hill runner-up to the limit. The regular playing time ended with the count 10-11. Here Jack Newell, veteran Filer player, broke loose to tuck the game away as the over-time period neared a close.

The favored Fairfield quint took it on the chin in the final game of the day as the Albion quint scored its second victory of the meet. Albion's all-around athlete, Kinee, brought the score to 10-11 in the last 30 seconds of play, when trailing by two points, he heaved under the basket to knot the count, was fouled, and then sank the gift toss.

TIFFT LARKI WINS

PASSAIO, N. J., March 11 (UP)—Tippy Larki, 133, Garfield, N. J., won the district title in the 100-yard dash at the annual track meet here today. (S) Sammie Santillo, 134, Peterson, N. J., outpointed Jimmy Rogman, 135; Newark, N. J., (6).

2 Teams Score Double Wins On First Day

Class B Tourney Sidlights at Shoshone

By MAC JOHNSON

The Home Economics class at Shoshone is conducting a "date" bureau under the guise of a Hot Dog and Confectionery Stand in the main hall leading to the gymnasium.

From six to eight clerks, blond, brunette and Auburn, ages 15 to 18, are arrayed behind the counter to render service, and visiting high school boys spend more time haggling over nickel purchases than they do seeing the ball game.

Halley had won 15 out of 16 games during the regular season, losing only to Fairfield, before they dropped a 41 to 31 decision to Wendell Thursday. Their one-handed punch shots elicited in the fourth quarter, but it was too late to stop the scrappy Wendell club.

An ardent girl fan from Wendell nearly let her excitement during the Heyburn game bring her into an embarrassing situation. She was wearing a printed wrapper with a sack that tied at the back, that was as important to her modesty as the safety pin to Madeline Ganshirt during the frenzy of Wendell's third quarter scoring spree her nervous twinkle of the ash turned into vigorous shrieks that caused it to part in two pieces. She caught it in time and sat down.

The 16 piece Shoshone high school band certainly beat out the march tempo to the pleasure of the spectators during half-time intermissions and between games Thursday. W. S. Berryess directs the band which was selected from the entire high school musical organization to play for the tournament.

Attractive Juan Koto, Japanese yell leader from Shoshone, gyrates through hand springs and cart wheels without getting a bit of dust on her purple and white corduroy uniform, as she leads organized cheering for her school. Brunette Alice Guisolaso, a girl of Basque ancestry, assists Miss Koto.

FIRSTS OF THE TOURNAMENT: First foul was committed by Verno Robertson of Halley. First field goal was made by James Peterson, Wendell. First man disqualified for 4 personal fouls was Don Hey, Wendell.

The Five Five-Footers or the All Stars were made up of James Southworth, Hazelton, forward. John Bettis, Shoshone, forward. H. Glater, Wendell, center. Eddie Cline, Hollister, guard. Kerie Hopworth, Albion, guard.

The toughest scrappiest combination at the tournament and the reasons why: Ernie Knee, Albion—and don't think a knee isn't tough or didn't you play football. Martine Onedia, Shoshone—Onedia Indiana were a scolding, spreading outfit. Marvin Badger, Heyburn,—and don't think a badger can't fight or haven't you ever gone to a badger fight? Zane Alexander, Shoshone.—If you're named after the Wild West of Zane Grey and the prowess at

war of Alexander the Great you've got something. Jim Gunnin, Wendell, a roolin' loolin', shooting son-of-a-basketer as ever roamed the courts.

Some of the best shots of the day: Bob Horne, Halley, whipped a whirling one-handed hook shot through the nets in the Shoshone game one-third the length of the gymnasium—Les Thompson slapped in a nice side shot for his Albion team, his first field goal in tournament play this year, failing to score in the Mini-Cassia sub-district meet—Beryl Burdett, Wendell, scored a twisting, high-arched push shot from the free throw line against Glenns Ferry when covered by two men—Bud Johnson's one-handed long from the side for Glenns Ferry to tie the score at 14-14 in the same game.

Best Pass All Day: Bruce Spratt Fairfield, unable to catch a high pass, baited it under the basket. Teammate Ron Croner who scored a field goal, for a momentary lead over Albion.

Some species of African flowers look exactly like stones until they break into blossom.

Baer 7-5 "Favorite" To Lose To Farr

By LESLIE AVERY

NEW YORK, March 11 (UP)—Maxie Baer is a 7-5 "favorite" to be knocked into fistic oblivion tonight when he tangles with Tommy Farr, British Empire champion from Wales, in a 15-round grudge battle at Madison Square Garden.

The match, made to provide a September challenger for the heavyweight title, is sure to send one of the principals to the pugilistic scrap-heap.

The erstwhile Welsh collier is favored, at the aforementioned odds, to repeat the 12-round victory he scored over Maxie in London last spring and thus escape oblivion.

Despite the fighting obligations of both men, a near-capacity crowd of 18,000 is expected to turn out to see Baer take on Farr. Baer's claims to be since the recent birth of a son.

Should Farr lose it would be his third straight defeat on U. S. soil and Promoter Mike Jacobs probably would send him back to London in the aftermath of the fight.

More than a powder puff puncher in losing a title bout to Joe Louis and a 10-round decision to ex-champion Jimmy Braddock, Baer reportedly suddenly has developed a lethal wallop under the new managerial reins of Joe Gould, Braddock's ex-manager.

Baer was 23 last month and has had only one fight since losing to Farr. He has only one win since that—a nine rounds last May record recently held Max Schmeling to a 12-round decision. Madcap Baer drew his playboy reputation suddenly to fame.

SCHOOLS' MONEY HINGES ON COURT

BOISE, March 11 (AP)—Release of approximately \$1,000,000 in impounded school funds today depended upon outcome of a supreme court rehearing in the Idaho state mines tax.

The state's high tribunal upheld the tax imposing a levy of three per cent upon the value of all ores produced in Idaho during the year Jan. 25, but application for rehearing was filed and the court granted it yesterday.

The law, passed by the 1935 legislature to augment the school fund, has been in the courts since its inception and the collected tax has been deposited in escrow pending final settlement of whether it is valid and constitutional.

Rehearing in the case was set for 9:30 a. m. March 21.
