

STATE BRANDS NEPHEW OF MRS. C. BEN ROSS AS FUGITIVE

INDICTMENTS ON HIGHWAY CHARGE BARED AT BOISE

BOISE, Idaho, March 12 (AP)—James Jewell, 34, nephew of Mrs. C. Ben Ross, wife of former Governor Ross, today was declared a fugitive on two grand jury charges that he certified falsely to state highway department vouchers.

Indictments against Jewell, former member of the state highway supply and equipment division, were made public at the arraignment of three other highway officials on the same charges.

Joint Indictments With J. H. Stemmer, director of the road department, and J. D. Stanley, construction engineer, and G. E. McKelvey, former director of public works.

One of the indictments alleged that Jewell and Stemmer had falsified a voucher for \$224.00.

Both vouchers involved purchases of highway equipment which, according to the grand jury indictments, was purchased improperly and fraudulently.

Joint Indictments One of the purchases was allegedly made from the Landex Tractor corporation and the other, involving Stemmer and Stanley, arranged by Jewell, made from the Bunting Tractor corporation.

Jewell did not appear in court. He is charged with the falsification of a voucher for \$224.00.

McKelvey and Stanley were given until Tuesday at 2 p. m. to plead, and Stemmer and Stanley, arraigned before Judge C. E. Winstead, were given until Thursday at 10 a. m.

The arrangements were made in a series of high-level conferences with the state and the defense presented motions with bewildering rapidity.

GABLE WANTS TO PORTRAY VILLAIN

By ALEXANDER KAHN (United Press Staff Correspondent)

HOLLYWOOD (AP)—Clark Gable wants to play a villain again. The hero may win in pictures, says Gable, but the bad guys, there can't be any heroes. The bad guy makes the story more interesting and, since everything goes by comparison, the more evil the villain makes his character, the greater the hero is by comparison.

"My first break in the picture game, I've played gamblers, gangsters and good guys. I've played women and I've played men. I had a swell time."

"Villains are more necessary to the hero than are heroes. Without the bad guys, there can't be any heroes. The bad guy makes the story more interesting and, since everything goes by comparison, the more evil the villain makes his character, the greater the hero is by comparison."

Currently Gable is playing the title role in "Test Pilot," a part that suits him to be tough but not bad.

"This fear of being a villain which crops up in some actors must be banished by the director. A good actor gets more credit for putting over a 'bad man' role than he would in a romantic part. A good actor gets more credit for putting over a 'bad man' role than he would in a romantic part."

"It is claimed for the cone that it purifies and activates water. The best method of water purification, based as they are on the most advanced scientific knowledge available, do not include the use of radioactive materials. The Twin Falls city water, we know, is with further treatment pure in the sense that it is absolutely safe for consumption. As far as activation of water is concerned, the expression is meaningless on any scientific basis."

"If, as is claimed for this cone, it is productive of radio-active emanations, then there is a considerable element of danger in its uncontrolled use."

Mistaken Notion "The most unfortunate feature in offering a product of this sort to the public is that it leads to mistaken notions of the value of the product in treatment of actual disease."

"Whether or not these mistaken ideas originate with the one who sells the product makes no difference. We have already heard of cures for gonorrhea and prostate gland trouble because of the 'magical' properties of this cone. Radio-active material is used in treatment of disease. It cannot be used, however, except in the hands of skilled operators and is then used only in very special conditions."

"Those who want the cone, because they like water so treated or because they are willing to undertake the risk of using this water, should purchase it. No one should purchase one, however, on the mistaken idea that there is anything curative about water treated so that it is any safer for consumption," Dr. Stump said.

COFFIN IN TREE BARED AS MYTH

JEANERETTE, La. (AP)—Loss of the legend of the "tree-top burial ground" brought little change in the placid life of the Teche country, where a supplementary wealth of Evangeline lore was available. There was reason for embarrassment to professional guides.

"The coffin" resting in the crotch of moss-draped oak, which once was to be nothing more than a tank that was part of a forgotten water-pumping system. Its purpose forgotten for years, it lay in the sleepy land of south Louisiana.

The tank, in its role of casket, had gained astonishing fame. It was the most widely known story about the "casket" was that it was the last resting place of a Negro, lynched for some deed as fictitious as the "tree-top" burial. It lay there as a solemn and macabre warning to others of his race. Other stories concerned an Indian customer "buried" in the trunk of a planter who desired above all else to sleep a long sleep high in the close embrace of the trees.

Close inspection recently revealed the "coffin" was a five-foot square tank, resting on a massive platform supported by two limbs of the huge oak. The manner in which the limbs had grown about their burden indicated that the tank had been there for years. Pipe outlets in the tank and a line running to the tree from the bayou clearly showed that an inspired native years ago had harnessed by the force of gravitation to his water system.

NEGOTIATIONS ENDED IN 'FRISCO DISPUTE

SAN FRANCISCO, March 12 (AP)—Negotiations between striking Richmond-San Rafael Ferry Co. reached an impasse yesterday and were discontinued indefinitely.

Principal stumbling block was refusal of the company to permit eight time keepers, gate keepers and ticket sellers to join a union. Operators contended their work was not employable put them in the category of "confidential employees," since they had access to company books.

The strike, underway for the past month, involves three unions, two of them CIO, and the third an AFL group.

Canal Breaks, Fresno Hit by Floods

The San Joaquin valley of central California went on the "flooded area" list when flood waters caused a break in banks of the Herndon canal, five miles north of Fresno, and flooded the exclusive Figarden residential district with from a few inches to 12 feet of water. None was injured, but damage ran high. This airview was taken over the Figarden dikes.

Health Chiefs Denounce Radio-Active Cone Sale

The state health department, through Dr. Robert Stump, director of the district health unit here, this afternoon issued a blunt warning to local citizens regarding purchase and use of a "Thomas Radio-Active cone" which is being offered for sale in this locality.

"The department pointed out that it is 'unfortunate' that some of the cones have already been purchased by persons in this territory."

Some Purchased "The sale of this radio-active cone has only recently been called to the attention of the health department," Dr. Stump said this afternoon. "It is unfortunate that a number of these have already been purchased by persons in this community."

"It is claimed for the cone that it purifies and activates water. The best method of water purification, based as they are on the most advanced scientific knowledge available, do not include the use of radioactive materials. The Twin Falls city water, we know, is with further treatment pure in the sense that it is absolutely safe for consumption. As far as activation of water is concerned, the expression is meaningless on any scientific basis."

"If, as is claimed for this cone, it is productive of radio-active emanations, then there is a considerable element of danger in its uncontrolled use."

Whitney Faces Indictment on Second Charge

NEW YORK, March 12 (AP)—Richard Whitney, former president of the New York stock exchange, faced indictment today on a second charge of grand larceny as a federal and state authorities probed deeper into the affairs of his bankrupt brokerage firm, Richard Whitney & Company.

Assistant State Attorney General Ambrose V. McCall, who had filed the indictment yesterday on a charge of stealing \$109,384 in securities from the New York Stock club, said that his investigation already had shown shortages of nearly \$1,000,000 in Whitney's accounts.

McCall announced that an indictment would be sought as soon as possible, and said he was ready to proceed to trial without delay.

Testimony today came from the protesting landowners, who oppose the highway district's condemnation move to secure the right-of-way. Witnesses for the district appeared two weeks ago. Defense hearing was postponed last week because of auto accident injuries sustained near Arco by Mr. Froelich and his daughter.

Juvenile racing with miniature, gasoline-powered automobiles which travel at a speed of from 18 to 28 miles an hour, is a popular innovation in the sports activities of Brazil.

Missourians Hear

Twin Falls Youth
LEXINGTON, Mo., March 12 (Special)—Cadet Arthur Vailtonson, of R. J. Vailton, 1626 Sixth avenue, Twin Falls, Idaho, a student at the Wentworth Military academy, Lexington, entertained the Lexington Lions club at the weekly luncheon by expatiating on the recreational opportunities of his own state. Amusing his talk with pictures supplied him by the Union Pacific railroad; he brought out the fact that Idaho has a resort that compares quite favorably with anything on the east or west coast. He launched out in his talk by discussing Sun Valley, describing the Swiss village, the two seasons, and the winter sports. The Lexington Lions perked up their ears as young Vailton described the features of the Moon, the Ice Caves, and the famous Idaho River of No Return.

R. J. Vailton, the cadet's father, sent along a 40-pound sack of Idaho potatoes, some of them as big as small pumpkins. One of the features of the Lions luncheon was baked two potatoes.

FINALS SET FOR TONIGHT IN CLASS A MEET

Glenns Ferry Favored as Final Play Nears at Shoshone

Buhl Remains Undeclared As Play Opens in Last Day of Tournament

Four Teams Go To Sidelines In Friday Tilts

(Results of morning games will be found on Page One.)

There were only four teams left in the race for the south central Idaho Class A district championship here as play opened this morning at 10 a. m.

In the first contest the undefeated Buhl team, now elevated into the "favorite" spot, takes on the towering Rupert quintet, a club that has one loss already—and that one to Buhl Thursday evening by a count of 27-23.

Following that Twin Falls and Burley were on the card—an elimination tilt that will definitely send one club to the sidelines.

If Buhl wins from Rupert, the two teams that enter the state meet from this district will be decided in the first round. If they lose, then Rupert, Buhl and the winner of the Burley-Twin Falls contest will play for the state title.

It is the other two teams going into the final contest on Monday night, and the other two battling for the other berth tonight.

Dabbling Around at the Class A Tournament

By the
THREE GENTLEMEN IN THE THIRD ROW

Being out of the tournament before your team reaches the semifinals may be an old thing to some of the coaches. But not to "Dodo" Coney Oakley, who last year copped the district championship with his Hornet five.

And so last night it was a rather odd sight to see Mr. Coney, accompanied by his wife, searching the gymnasium for a seat.

Coney, incidentally, had a feeling the referee was picking on him—and no wonder. After the games his teams played, the foul score read something like this—Oakley 12, Burley 12, Oakley 12, Jerome 18, Oakley 17, Rupert 18. Of course, "Dodo" knows as well as we do that Officials Gross and Carty of Pocatello had no such intention. But you know how things go in the heat of battle.

Johnny Woods, "The human fly" who performed recently in Twin Falls, has nothing on Claypool of Jerome. In fact Woods could take a

Push Ebot Proctor of Gooding came into his own in the Gooding-Jerome game scoring 8 field goals all via the one handed push route. But he was decidedly off in the night tilt.

This gent wonders if there is such a feat as charging... can't recollect a single foul being called for charging. The man with the ball has had every break when it comes to that... but then there's probably all wet... sitting a good distance away from the field of battle.

Those neatly uniformed young men officiating about the gymnasium are Twin Falls high school boys. Upon their shoulders rest the responsibility of taking tickets, checking entrances and handling spectators. Their uniform is a neat grey sweater of the crew-neck type with the black, white and red emblem of the organization on the front. One of their aims is

TOP SCORERS

Leading scorers for the Class A meet for the first two days of play were:

Player	Team	Games	Total Points	Ave. Per Game
Hartmut, Twin Falls		3	24	11.3
Gearty, Filer		3	22	7.3
Vaughn, Gooding		3	21	7.0

Proctor, Gooding		3	20	6.6
Jerome, Jerome		3	20	6.6
V. Hopkins, Buhl		3	17	5.6
Brown, Rupert		3	16	5.3
T. Tolson, Burley		3	16	5.3
H. Hopkins, Oakley		3	15	5.0
Clark, Oakley		3	15	5.0

few pointers on how to climb a wall without the use of hands. In the game between Gooding and Jerome Claypool came in as fast as the human fly way up the end wall almost through the windows on the floor.

It is definitely but Gooding's chances when Vaughn was injured in the afternoon game against Jerome. Most of the fans around in couldn't quite figure out why he was kept in the game so long when Gooding had such a lead. Jerome's chances would no doubt have been much brighter had Hollibaugh, their pivot man, been without a bad ankle.

Of course excitement was confined exclusively to the players. Now take the case of Jay Spracher, KFFF radio announcer. He tried to speak through the pedestrian's roar. He was so excited he slipped. Incidentally, Alvin Knudsen of Burley is doing a nice job of play-by-play broadcasting.

GOODING 23, JEROME 13

The powerful Gooding Senators, on the verge of being crowned champions of the tournament, came back from their defeat at the hands of Burley on the opening day to drub the Jerome club by a score of 23-13. The victory was administered to Jerome in the first quarter.

Proctor, veteran Gooding forward, earned four letters in football and is about to earn his fourth in basketball, really was "hot" in the basketball game. He collected seven field goals and three free throws for a total of 17 points, in a little more than 20 minutes of play.

RUPERT 18, OAKLEY 19

Rupert and Oakley staged the toughest game of the day—the roughest, a game that the fans termed the "hardest" of the tournament.

Oakley took an early lead and was ahead 7-4 at the quarter. They were still in front 18-14 at the half, but Jerome stole the show when the game went into the third stanza and the final frame opened up, the Pirates started to move up in the second quarter.

Count at the first of the final stanza showed the Hornets still in front by a count of 17-16, but Jerome's comeback was so fast that the final goal to make it 18-17, and from there on the counting was all done from the free throw line as both sides exchanged baskets and points consistently. The score was 18-17 at 18-11, then 18-16. At the end of the game, the final score was 19-18.

TWIN FALLS 23, BURLEY 17

The Bruins steamed up for their final contest by edging the Fighting Wildcats of Filer, who were then ever lived up to their name. Sparked by Gearty, far and away the best player on the team, the visitors were the victors in the game, although the Bruins were the victors in the first quarter. They were never quite able to touch the Twin Falls club.

The sharp-shooting Gearty kept the team in the running with six field goals and a pair of free throws. The whole Filer crew was "hot" in the first quarter, but they were never able to touch the Twin Falls club.

Two Oakley players, Elson and Vernon, went out on fouls and after them and Leroy Orlichfield were playing with three infractions against them. The game ended, a total of 17 fouls were called on the losers and 10 on the winners.

Favored to Take Tournament Crown

Favored to capture the district tournament crown here is the battling club of Buhl Indiana. Back row, left to right, Ballou, Hays, Coach Floyd Loft, Voeller, Pence, Cobb. Front row: V. Hopkins, J. McElroy, B. McElroy, Wooding and J. Hoising.

Baer Gives Son Credit For Winning Farr Fight

Class B Tourney Sidelights at Shoshone

By MAC JOHNSON

Goodman, Glenns Ferry center, went color blind for a few seconds Friday night and passed the ball to an Albion man. Determined to make good his blunder, Baer raced after the Albion man and TOOK THE BALL AWAY FROM HIM AND DRIEBLED INTO THE CORNER AND SHOT A FIELD GOAL. The action took place in about ten seconds.

Female Fashion Notes: Girls attending the tournament are rolling their hose midway 'twixt the ankle and knee. This fad is more noticeable during the afternoon and morning basketball sessions than at the evening games. The theory is that mother and dad are more likely to be present at night.

The next fad in vogue calls for slacks to be worn with the right leg rolled quite high, thus indicating that the girl is a bicycle enthusiast.

Coach Barrett says that "they are young enough to play hard and fast on the court, but I suppose they will day-dream about their possibilities so much for 1939 that they will be too cocky to get any place." But why worry about what seems to be your good luck, Barrett?

Irving Spratt, Fairfield, previewed the track season Friday when he attempted to hurdle the five-foot, six-inch, 120-pound, straight-legged about the time he took a free throw after calling for the ball.

Freeman John Bellis of Shoshone, who tied the score against Hazelton at 25-25 with a free throw to throw the game into a three-minute overtime period, and who won the game with a field goal in the extra period, is the fifth member of a family to play basketball for Shoshone. The brothers and a sister have starred for the Redskins. John's voice has not yet faded.

Tournament stand-outs: Curliest hair—Marvin Badger, Heyburn.

Most graceful athlete—Leo Knudsen, Hollister.

Best reserve performance—Jethro Spout, Glenns Ferry, against Albion.

Hardest worker—Fred Miller, Hazelton.

Best faker and feintler with ball—John Wettenberg, Wendell.

Best dribbler—Ernie Kneer, Albion.

Handsomest basketballer—Honston Snyder, Glenns Ferry.

Rarest shot seen in tournament—the orthodox two-handed chest shot from a set position.

Friday's thrilling shot: Jack Nowell, Glenns Ferry, scored, took a one-handed chest shot from a side-center position, against Wendell—Stanford Barrett's two-handed chest shot from behind his head to take 24-23 lead over Fairfield—Dwight Livingston's left-handed push shot from the corner against Shoshone to boost Stanley's lead.

The clever Knudsen boy from the losing Hollister club, although modest and far from a deliberate showman, had a habit of keeping in the public eye and was the favorite of the fans. He scored 13 points against Fairfield, with the half-time score reading Fairfield 10—Knudsen 9. He unintentionally committed a foul by slapping Don Packman in

the face during the game while taking a leaping push at the ball. Everybody thought it was funny except Packman and the referee.

Don't forget the Glenns Ferry team when the 1938 season is over. Every man will be back next year as the team personnel has only juniors and sophomores on the roster. The present edition was built around one veteran, Captain Ralph Morgan, a junior, and substitute Jack Newell.

Coach Barrett says that "they are young enough to play hard and fast on the court, but I suppose they will day-dream about their possibilities so much for 1939 that they will be too cocky to get any place." But why worry about what seems to be your good luck, Barrett?

Barrett Team Only Undeclared Club As Meet Nears End

As Meet Nears End

(Results of this morning's games will be found on Page One.)

SHOSHONE, March 12 (Special)—Glenns Ferry, Albion, Wendell and Halley remained in the running for the Class B district championship here today as play got under way in the morning games. But the Glenns Ferry team, without a defeat, was favored to go into the finals and to take the championship.

It appeared to be every team for itself among the other three clubs. This morning's games saw Halley take on Albion in an elimination tilt and Glenns Ferry and Wendell, veteran foes by this time, meeting in the second game.

No afternoon games are scheduled. Should Glenns Ferry win from Wendell, the final game will be held Saturday night. If the Wendell team wins, however, drawing which of the three teams shall play, in this case the championship contest will be held on Monday night.

Yesterday saw five entries tie the dust via the exit route. They were the teams of Fairfield, Hollister and the host club of Shoshone.

Yesterday's scores were: Glenns Ferry 25, Wendell 8, Fairfield 26, Hollister 18, Halley 21, Shoshone 19, Albion 18, Fairfield 15, Wendell 53, Fairfield 21.

Fairfield went out of the tournament with a 10-10 record in the final class last night. The game was evenly played for three quarters, with the count at the end of the first quarter being 10-10. It took all the play in the second period to run up an 18-11 count. From there on in, however, the game was evenly played again.

Barrett, the Wendell forward who has been one of the high scoring players in the district this year, was really hot and set something of a record for points in a game by connecting for 34 counters in 40 minutes.

Halley Beats Shoshone

First game of the evening saw the veteran rivals, Shoshone and Halley meet for the third time this year and for the third time the northerners demonstrated their superiority—this time by a close 21-19.

The Halley club was in front all the way, despite the fact that the Shoshone team was in the lead at the end of the first quarter. Bonin, high scorer for Wendell, was held in check, but the Shoshone team was able to tie the score at the end of the first quarter. Halley well enough to score many points. Goodman led the Halley scoring with seven counters, while the Shoshone team scored 19 points in the game with nine.

Coach Kenneth Barrett's crew of cagers found the smaller Albion team a tough nut to crack in the Albion district, "easy pickins" and walked away to a top-rated 38-16 victory. Glenns Ferry led at the half time 18-9; Nowell was high point man for the winners with 12 points, while Kneer, Albion's star, collected eight.

Surprising Game

The Glenns Ferry team turned in the most surprising game of the tournament in turning back the Wendell Trojans. Both teams had fought on even terms in other games, of which they have played many of the games. The game with Wendell Trojans. Stanford Five Favored to Get 2nd Win

By LESLIE AVERY

NEW YORK, March 12 (UP)—A little child said she thought she was a champion.

Max Baer, a devoted father and rejuvenated fighting man, called forth that biblical quotation today to award all credit for his smashing 16-round victory over rugged Tommy Farr to his two-month-old son, Maximilian Adelbert, Jr.

"The kid didn't know he was a champion," Baer said. "I couldn't let him grow up thinking his old man was a yellow bug."

The former heavyweight champion from California avenged his 12-round defeat at the hands of Farr last night and won 13 rounds on Referee Artie Donovan's score card. One of the judges, Bill Healey, gave Baer 11, Farr 3, and called out the winner, while the other judge, George Lecron, named Max winner of nine.

Makes Fans Forget

The long-haired Baer, the fans completely forgot his loss of the title to Jimmy Braddock and his knockout by Joe Louis. They were yelling for him to knock out the Topsy-turvy Terror, and afterward in his dressing room Max said he would have knocked him "colder than a brick" if my timing hadn't been way off.

It was a savage fight from beginning to end, with Baer's left jab on Baer couldn't see out of his eye. Farr also suffered an eye cut, and his mouth was gashed so badly that a scheduled radio broadcast to England had to be cancelled.

GERMAN FINNED

NEW YORK, March 12 (UP)—Bob Fitzsimmons, former world champion, German, Jack Legge, Chicago, Stanley Frenchie La Rue, France; Shoney Pinto, Dallas, and Everett Kibben, Tulsa, drew Chief Olsen, Minneapolis, decorated Floyd Marshall, Arizona; Charles Strack, New York; Frank Frank Bruc, New York; Joe Maynard, New York; Jack Vincent, Ohio.

When the game started Louistell plunked in a field goal on the opening play. In a few minutes Stanford was leading by a lead which the Oregon, tense and nervous, had not scored a field goal—all their points coming on free throws.

Washington, Ore., Oregon's six-foot-eight center, and Gale came to life suddenly with two field goals and a free throw. And it was Stanford who scored two points while Oregon in the lead, 18-16. A few minutes before the half, Oregon led 22-18.

Bucky Harris Sees Washington Senators Fighting in First Division Berth

By HENRY McLEMORE

OHLAND, Fla., March 12 (UP)—I asked the hotel clerk where I could find Mister Bucky Harris and he said he didn't know where I could find Mister Bucky Harris, so I just started walking around looking for him and where do you think I found him? In a little joint off Main street, earnestly trying to make a good score on one of those pin ball games.

It was a fair count, hand at that sort of business I challenged Bucky to a game or two, and while losing three successive quarters he did not brood him thoroughly if not intelligently on the problems of the Washington Senators baseball team.

I will not vouch for the authenticity of his interview, however, because Bucky had a large blot on the back of his neck, covered with you think I found him? In a little joint off Main street, earnestly trying to make a good score on one of those pin ball games.

Was the stadium the only problem of the Senators? I asked.

Buhl, Bruins Play for Title Tonight

(From Page One)

Total of 17 points to give him a total of 21 for four games played against Buhl. Outside of this first game against Buhl, no team has been able to come near stopping his shots, which are taken while he stays backward.

Twin Falls moved into a 7-8 advantage at the end of the first quarter and then increased this to 12-6 at the half time. The third quarter the Bruins, still playing with their regular lineup, were able to tie the score at 21-9. After that their defense slowed down and the Buhl players, led by Leon Aalstrup, broke into the open for several set-ups under the basket. The Bobcats rallied to bring the count to 21-13 before the Bruins added down again and played them on even terms at the end of the meet.

Walt, Trainer Good of the Buhl team, who played his usual strong game both on offensive and defensive, Walt played a nice game at one of the forward positions and Aalstrup looked good again from his guard position.

Tom Tolson and Bidegeneta were back on the line of play for the losing Bobcats.
