P.-T. A. Meet Hears Noted Rural Education Expert F.C.C. Man Says A. T. & T. Could Stand Huge Cut

Mrs. R. L. Brainard Named President of State Group Preserve Democracy, Conventioners Told Added Funds For Schools

America's rural government and rural schooling—and their vital worth to the nation—were outlined here this afternoon for the Idaho Congress of Parents and Teachers by an internationally known authority on rural education. The address by Dr. William McKinley Robinson, of Western State Teachers' college, Kalamazoo, Mich., head-lined a second-day convention program crammed with educationally important talks to more than 200 delegates from all corners of Idaho.

Dr. Robinson discussed "Our Rural Heritage" as the feature of the afternoon general session. The Michigan educator, who holds a long list of national research honors in the rural education field, drew on that background and on the wealth of data he compiled while making exhaustive surveys in Europe and in South Africa.

"In this day of changing social order, who would dare to predict the future of our country? We can but keep our eyes on the ground trying to sense trends and then judging as best we can as to their permanency and significance," Dr. Robinson said.

"Today we hear much about the reorganization of local government, by which most people mean the reorganization of rural government. Experts tell us that municipal government has moved on apace, but that local rural government is still the laggard."

"But I say that local rural government is not remote and impersonal. It is an instrument which the people themselves can wield to serve their common will insofar as higher authority of the state or nation does not interfere. It is such an instrument of vital importance and should not be thrust lightly aside merely in the interests of greater efficiency," Dr. Robinson said.

He spoke at the Christian church auditorium, and will make his second major talk at the banquet session tonight in the Presbyterian church. At that time he will discuss ways and means of arousing public awareness to the value of the P.-T. A. program. Additional sessions of the convention will be the address of Dean John R. Nichols of the University of Idaho, his third and final address of the convention at the Saturday morning general session in the Christian church, when he will discuss the relation of home and school relationships.

Urges Democracy Fight
Speaking on the subject "The Challenge of Europe to American Democracy," Dr. James Millar, (Continued on Page 3, Column 4)

Gossett Seeks Idaho's State Governorship

BOISE, April 1 (UP)—Lieutenant-Governor Charles C. Gossett, tonight in the Presbyterian church, said that time he will discuss ways and means of arousing public awareness to the value of the P.-T. A. program. Additional sessions of the convention will be the address of Dean John R. Nichols of the University of Idaho, his third and final address of the convention at the Saturday morning general session in the Christian church, when he will discuss the relation of home and school relationships.

COURT HOLDS AID TO COUNTY LEGAL

BOISE, Idaho, April 1 (UP)—In a four to one decision, the state supreme court today held that a constitutional provision of Idaho law empowering the state department of public works to give aid to counties in bonding and operating regional and county roads.

The court also set aside an alternative writ of prohibition directed against a petition filed by the department of public works and Ada county, calling for repair and construction work on county roads near Meridian.

Suit was brought against the department by Attorney-General J. W. Taylor in an effort to prevent further extension of public works aid to county road districts.

"Taylor attacked constitutionality of the measure provided," the court said.

"The state can cooperate with the federal government, counties, highway districts, good road districts and municipalities for construction, improvement and maintenance of secondary or feeder roads not upon the state highway system," the court declared.

The court held that the measure delegated legislative power to the public works department and as such violated the state constitution.

Townsend Claims Suit to Collect Millions Foolish

LONG BEACH, Calif., April 1 (UP)—Dr. Francis E. Townsend described as "foolish and absurd" today a \$20,000,000 damage suit charged a conspiracy was made against his reputation.

Theron H. Marrs of Denver filed the suit in Chicago against 24 persons.

"I have nothing to do with it," Townsend said. "Even if there were a possibility of obtaining damages, I would say no to such a suit."

TAYLOR DEFENSE FIGHTS CHARGES BY GRAND JURY

BOISE, Idaho, April 1 (UP)—Defense attorneys for Ira J. Taylor, state commissioner of public works, today began argument on demurrers to indictments charging him with embezzlement and misuse of prison funds during his term as warden of the institution.

Prosecution of the demurrers marked the final legal step in efforts to secure dismissal of the indictments.

Judge Miles Johnson of Lewiston yesterday refused to deny all previous motions to set aside the indictment and confirmed the right of Attorney-General J. W. Taylor to appear before the grand jury in an advisory capacity.

Ask Dismissal
Main point of the defense's contention was that the indictments should be dismissed since they made it appear that the alleged offense was committed more than three years prior to finding the indictments, thus violating the statute of limitations.

The specific indictment alleged fraud and embezzlement and misuse of \$1,633 on the part of Taylor and his former chief clerk, Tony Theissen.

Defense claimed that since it was alleged that \$836 was embezzled within three years of the filing of the indictment it could not be determined whether Taylor was charged with embezzling either the entire sum or the smaller sum.

Two Charges
They also claimed that the indictment set forth two charges, in that it alleged embezzlement of \$1,633 and \$836. They said it could not be determined from the indictment whether sums were embezzled at the same time, or at different times.

"They said they were unable to learn from the indictment whether the sums were separate, or whether the \$836 sum was part of the greater."

SPEED

POCATELLO, Idaho, April 1 (UP)—A report was current here today that WPA workers improving a road near Ingham had stumbled upon the cache of a prohibition era bootlegger.

It was said that a gallon jug of well-aged moonshine was unscathed and that there were no complaints as to quality of the beverage.

It was also reported that a five-gallon keg was buried nearby. Dirt was being moved at what was said to be an unprecedented rate of speed.

MEXICANS PLAN 'CUT RATE' SALE OF PETROLEUMS

MEXICO CITY, April 1 (UP)—The Mexican government and foreign petroleum brokers were reported today to be negotiating over the sale of Mexican oil at "cut rates" in one phase of President Lazaro Cardenas efforts to solve the crisis precipitated by the expropriation of the foreign oil industry.

Officials refused to discuss reports that Cardenas had reached an agreement "in principle" with two American oil promoters, Francis W. Rickett, who negotiated an Ethiopian oil concession shortly before the Italian conquest, and Bernard E. Smith, New York broker.

Departure Postponed
Smith had been scheduled to leave Thursday and postponed his departure for the United States until today. He said he had reservations on a plane for Brownsville this afternoon but that he might be forced to remain longer.

Informal observers generally believed that in the event a deal is worked out the price paid for the Mexican oil will be so low that the profit of the brokers will be more than that received by the government, which made known today that it definitely was in the oil business.

Sales Company Formed
Unmindful thus far of foreign protests, the National Oil Exporting company, to administer foreign sales of Mexico's oil supply, was formed.

Organization of the sales company indicated that the government was ready to talk business. In addition, a special session of congress was called for April 11 to consider emergency legislation made necessary by the expropriation of foreign owned oil properties and suspension of the United States silver purchasing agreement.

Death Takes Famed Rider Of Old West

JEROME, April 1 (Special)—An echo of the colorful old west and the pony express days had passed on this afternoon.

Death of W. H. "Uncle Billy" Cotant, 88, removed a famous figure of western pioneer times. He resided at his home here yesterday.

"Uncle Billy's" historic career included riding with the Wells-Fargo pony express in the early days of this section. During later years he achieved prominence as a well-to-do stockman. It was in that period that he ran stock in Nevada, Montana, Utah and Idaho.

He came to Jerome in May, 1870, and had lived here at intervals since that time. He was a member of the Masonic lodge for a number of years.

Surviving are two daughters, Mrs. Mildred J. Hynes, and Mrs. Nellie Groux, Winnemucca, Nev., and a son, Myron Cotant, Oakland, Calif.

Funeral arrangements await arrival of his children, who may arrive today or Saturday. The body rests at the Wiley funeral home.

Death Toll 9 After Serum Use in South

ORLANDO, Fla., April 1 (UP)—Fatalities which followed treatment of cancer with a new bacterio-filtrate reached nine today with deaths of two more persons.

Mrs. Lydia Morrison, 49, and C. F. Pore, 52, died with apparent symptoms of tetanus. Seven other persons who had been subjected to the new treatment previously had succumbed with similar symptoms—six of them within a few hours after receiving injections of the filtrate.

All the victims exhibited symptoms of lockjaw, leading to the belief the bacterio-filtrate may have become contaminated with tetanus virus.

Four persons who had received injections of the drug remained in Orlando hospitals, two of them critically ill and suffering recurrent convulsions which doctors described as similar to lockjaw.

Results of an autopsy on the seventh victim, who died Thursday, and analysis of the drug itself were awaited by "federal" and state agencies investigating the deaths.

Coroner E. E. Duxworth delayed an inquest pending outcome of the autopsy, which he expected would determine whether tetanus caused the deaths.

L. D. S. Relief Society Expects To Attain 100,000 Membership

SALT LAKE CITY, April 1 (UP)—A statement of a 100,000 membership goal was predicted today by more than 2,500 women delegates from throughout the nation at the annual Latter Day Saints Relief society conference, which is preliminary to the general church conference opening Sunday.

Mrs. Julia A. F. Lund, general secretary, said the relief society boasted 607,632 during 1937, which she said was "entirely supplementary" to the work relief societies performed individually for the security program.

Utah President
The relief society conference was called to order by Mrs. Louise V. Robinson, president, of Salt Lake City.

She welcomed delegates from 117 stakes out of 121, representing every state of the union.

The department meetings were being held this afternoon, and the relief society members greatly increased their service to the church during the past year, and Heber J. Grant, 81-year-old president of the church, will comment on accomplishments of the program during the general conference, leaders said.

SHEARERS WORK AT 'FULL SWING'

FRESNO, Calif., April 1 (UP)—San Joaquin valley wool growers said today that shearing, halted by a strike of the A. F. L. Sheep Shearers' union, was currently in "full swing."

L. B. Pratt, of Fresno, secretary of the district Wool Growers' association, claimed shearing had been resumed throughout the valley and Fresno county growers were told at a mass meeting last night that authorities had promised full protection to shearers yielding to work.

The producers' association resisting the state-wide strike is being supported by the Associated Farmers, Inc. Striking union workers seek a closed shop, uniform wage and labeling of wool bags with union tags.

CATALONIA YOUTH OFFER SERVICES

BARCELONA, April 1 (UP)—The youth of Catalonia, girls as well as boys below the age limit of the last draft, are forming volunteer brigades to resist the nationalist drive in Barcelona, it was announced today.

Coincident with loyalist reports that thousands of nationalist troops had been lured into a trap at Lerida, the unified socialist youth organization in a letter to Premier Juan Negrin announced that one division of youths had been formed.

Another division was being formed of volunteers below the age limit of the draft. The Association of Spanish Girls announced that it was forming a brigade which will be placed at the disposal of the defense ministry.

"Wounded war veterans have volunteered to train the youths."

OPPOSITION GAINS ON REORGANIZING

WASHINGTON, April 1 (UP)—Rising opposition to President Roosevelt's executive department reorganization bill today forced administration leaders to qualify their predictions that the measure would be approved by the house this week.

A new line of telephone and letters opposing the reorganization bill were filed in congress and Speaker William C. Clegg, D. Va., said that final action on the bill might be postponed until next week if many amendments were offered.

More than 40,000 telegrams, a majority in protest against the bill, Republican support of the Senate bill, and a great impetus to business recovery.

Five Great Heroes Brought Back to Life!

News Pictures, Just Taken, Attest Validity of This Phenomenon!

Gen. Phil Sheridan Theodore Roosevelt Abraham Lincoln Napoleon Bonaparte Ulysses S. Grant

As though stepping right out of the pages of history come the great men pictured above to grace the present with the flavor of the past. Here's looking Phil Sheridan's remarkable Teddy Roosevelt; Abe Lincoln, "The Man of Sorrows"; Napoleon, the Little Corporal; and Ulysses S. Grant. And these same pictures—history books so the "Unbelievable" Well, almost "Unbelievable" Not at all! Sooner's bettering, and the visual proof is here before your very eyes. How was this feat accomplished, you ask? Turn to page 8 for the solution.

Dix Passes Hat To Help Needy—In Zoo at Park

LOS ANGELES, April 1 (UP)—Richard Dix and other movie stars bought a man of hay and horse today for 400 starving lions, tigers, elephants and other beasts at Zoo park.

Dix said he had threatened to destroy the zoo's collection because the animals are dying of hunger. The zoo is operated by a non-profit organization.

Dix, actor who has starred in animal thriller films, is a movie junkie, passed the hat, much money for the zoo's animals. He said he had a great idea to help the zoo.

GRAND JURY RETURNS IMPORTANT SECRET INDICTMENT

PERSON SOUGHT IS BELIEVED TO BE OUT OF IDAHO

A secret indictment, said by a grand juror to be one of the most important indictments returned by the Ada county grand jury in its investigation of state government, was made today by state grand jurors.

The grand jury met today and the grand jurors returned a secret indictment against a person who is believed to be out of Idaho.

Charges connected with highway department construction work may be included in the secret indictment, it was said.

Whether the grand jury will prosecute a grand indictment of the state liquor department, the department of fish and game, the department of public health, and the department of public safety, will probably determine the line of the inquiry.

The grand jury may be ready to make its final report on the secret indictment which was returned by the grand jurors.

SON ASKS ORDER ON BUIH ESTATE

The son of a Buih man who was killed in an auto accident near Ellsworth, Kan., last March is filed request in probate court today for administrative authority over his father's estate.

Petition was entered by Wayne Hancock, Twin Falls, son of the accident victim, Alvey Hancock. The estate is valued at \$7,400 and includes a house and lot in Buhl, estimated at \$4,000, and personal property valued at \$4,400.

The widow, Mrs. Myrtle S. Hancock, is recipient of the estate by reason of community property since he was left the petition states. Heirs also include the son and a daughter residing at Buhl.

Judge Guy L. Kinney set hearing for April 12. Witham and Walker are counsel for the petitioner.

Building permits issued in Twin Falls during the month of March amounted to \$91,200, the official report for that period, compiled this afternoon by City Clerk W. H. Edrington.

Total for March, the records show, added to those of January and February put the first quarter this year well in advance of the similar period during 1937.

GIFFORD ATTACKS REPORTS BY FCC

WASHINGTON, April 1 (AP)—President Walter S. Gifford of American Telephone and Telegraph company today sharply criticized the federal communications commission's report on the telephone industry.

Gifford declared the report, prepared by FCC Commissioner Paul Walker, 'presents much that is simply not true and has been prepared with the sole intention of characterizing the investigation proceedings.'

Gifford noted that A. T. and T. had been denied the right to cross-examine witnesses at inquiry hearings and the right to include in the report the material which he wanted to point out serious and important errors affecting most of the investigators' reports.

UNION ASKS NEW LAWS FOR IDAHO

The Twin Falls local of the United Association of Journeymen Plumbers and Steam Fitters of the United States and Canada this afternoon was in record favoring adoption of the reduced automobile license law and also laws which would result in better housing conditions and more strict sanitary conditions.

The local will circulate petitions over this section of Idaho and then present them to state legislators when in session at Boise.

The petition for reduced auto license fees will call for a flat rate of 45 per year on passenger cars and a 20 per cent reduction in costs of truck licenses. The petition for adequate housing will urge laws which would permit landlords to partake in the federal program which is now underway.

In a resolution approving the circulating of petitions, members pointed out that Idaho was far behind in the matter of adequate housing for low income groups and that sanitary and electrical wiring laws are now inadequate for protection of the citizens. Candidates for the state legislature will be approached as to whether or not they favor or are against the adoption of such laws.

At the same time Pat Rile, secretary of the group, urged all labor unions, clubs, commercial bodies, associations and societies to join in signing the petitions.

BUHL

Mrs. Fred Marquardt entertained the San Social Tuesday bridge club at luncheon Tuesday. Mrs. Lawrence Van Ripper received the high score prize.

The Buhl Business Women's club met Monday at the home of Mrs. C. D. Boring. A short business meeting was held followed by a social hour and refreshments.

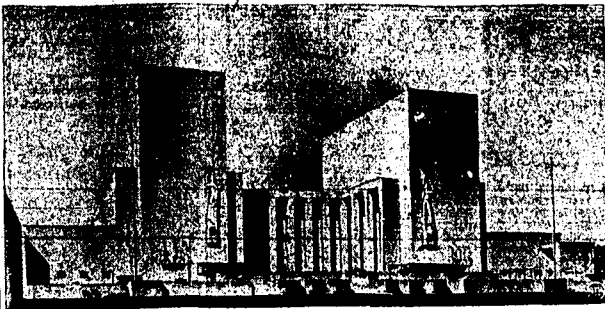

The Get-To-Gether club met this week with Mrs. C. W. Starkey for luncheon. Following the regular business meeting the new officers were installed. They were Mrs. E. Barnes president; Mrs. Leland Hudson, vice president; and Mrs. Howard Leland, secretary-treasurer. A quilt made by the members of the club was tied during the afternoon. Fifteen members and one guest were present, Mrs. Logan Bellville, Portland, who is visiting here at the home of her mother, Mrs. Mary Nipper.

Directors Re-Named Hollister Teachers

HOLLISTER, April 1 (Special)—Hollister high school board of trustees reelected the present staff of teachers for the coming year at its regular meeting.

The staff includes T. B. Irvin, superintendent; Miss Betty Goodwin, English and chemistry; Miss Marie Schmeider, music; and Addison Beaman, athletics.

Fame and Fortune Await Lucky Sculptor

Some fortunate sculptor will win \$20,000 for producing the winning models for two 35-foot sculptures for the fountains at the U. S. government building at the New York world's fair of 1939 shown in the architectural sketch above. The building will feature a judiciary and a legislative tower. The sculptures must symbolize peace and common accord, the objectives which the U. S. seeks in its relations with other countries. In addition to the main prize of \$20,000 there will be other prizes for sculptor contestants. The contest which closes June 1, 1938, is being conducted for the government by Theodore T. Hayes, executive assistant U. S. commissioner to the fair.

Club Reports on Birds Seen Here

Attendance at the junior high school bird club yesterday noon numbered about 35 and each member reported on new birds seen during the past week. The mountain bluebird was the only one not previously seen this spring that was noted.

Other discussion at the meeting centered around the flicker and a mounted specimen was used for the study.

Miss Fannia Amey is adviser.

Burley Chamber Sponsors Event

BURLEY, April 1 (Special)—Junior Chamber of Commerce will sponsor the annual Coyote club at the Eagle hall this evening and Saturday under the general chairmanship of George P. Scholer. The club will feature games of chance and dancing.

Committee members assisting Mr. Scholer include Tom Church, Grant and Ross Freer, J. J. McHaley, Sidie Powers, A. H. Curward, Bill Ritcher, Lawrence Farish and Dick Pescock.

SCREEN OFFERINGS

ROXY
Now showing—"Snow White and the Seven Dwarfs," Walt Disney's first feature-length all color cartoon.

ORPHEUM
Now showing—"Rebecca of Sunnybrook Farm," Shirley Temple.

IDAHO
Now showing—"Love on Toast," John Payne.

Eden Church Elects Officers for Year

EDEN, April 1 (Special)—At the Presbyterian church Sunday they had an election of officers who are as follows: Superintendent, Roy S. Gordon; assistant superintendent, Mrs. Frank Baller; secretary, Lois Cheley; and treasurer, C. E. Summers.

A committee was appointed to plan an Easter program and consists of Mrs. Allen Gordon and Mrs. Maude McCall.

Special numbers were a song by the choir and a solo by Jack Irvin.

Service Planned For Burley Child

BURLEY, April 1 (Special)—Funeral services for Patricia Lee Hunter, daughter of Mr. and Mrs. Arthur C. Hunter of Burley, will be held Saturday at 1:30 p. m. in the View L. D. B. meeting house with Bishop Earl Olivegson officiating.

Patricia Hunter, who died Tuesday at the local hospital, was born June 21, 1926, and is survived by an infant brother, her parents and the following grandparents, Mrs. W. D. Daylort and Mr. and Mrs. J. W. Patterson. A great grandmother, Mrs. Matilda Christopherson, also survives.

Place of interment will be announced later, according to the Burley funeral home, where the body was taken.

GRAIN CLEANING AND TREATING. GLOBE SEED AND FEED CO.—Adv.

British railroads carried a total of 176,334,000 gallons of milk during the year of 1935.

MOTORCADE WILL VISIT CCC CAMP

Cheered by news today from Washington that possible approval of a congressional appropriation may mean that Rock Creek CCC camp will not be abandoned as planned, a motor car caravan of local business men will leave here Tuesday about 11 a. m. to attend the camp's open house.

The group will form at the Browning Auto company. Local residents willing to drive their cars and those who seek transportation to the camp celebration, were asked to communicate with the Chamber of Commerce.

Lieut. Robert Heron, camp commander, and his aides have arranged a day of inspection of the camp projects, refreshments for all visitors, a dinner for the businessmen's group, and a public dance Tuesday night. The occasion marks the fifth anniversary of the CCC in the nation.

JEROME

Mrs. Floyd Beddall entertained the Tuesday contract club this week. Mrs. Gilbert White and Mrs. Wm. N. Hardwick received prizes. Guests were Mrs. L. T. Burdick, Mrs. R. W. Williamson, and Mrs. Wallace Jellison.

Mrs. Stella Moore entertained the Pioneer bridge club this week. Prizes were awarded to Mrs. E. M. Churchman, Mrs. Wm. Hardick, and Mrs. William Phoenix. Guests were Mrs. Wayne Brunton and Mrs. Phoenix.

Mr. and Mrs. Wayne Griffith are the parents of a son born March 25.

Mr. and Mrs. Lodenslager, of Higerman, are the parents of a daughter born Wednesday at Jerome.

George Bennanon, brother of Mrs. Leo McVey, sustained a badly crushed foot last week after a horse he was riding slipped and fell on the leg pavement. All the bones in the foot were broken, the toes were dislocated and the large toe bone fractured. He is improving at his home.

New Buhl Market Nears Completion

BUHL, April 1 (Special)—The new modern drive-in market and gas station which is being erected on North Broadway across from the Christian church is showing a marked advancement this week and will probably be completed about April 10 according to H. O. Furter of Twin Falls who will manage the new business.

Mr. Forner is southern Idaho distributor for the General Petroleum corporation and has recently developed similar markets in Idaho and Butte.

Upstairs living quarters will be finished. There will be considerable parking space and a driveway all around the building.

"A GOOD ANVIL DOES NOT FEAR THE HAMMER"

—AN OLD PROVERB—

What is true about a good anvil is also true about Hills Bros. Coffee—it does not fear the most critical taste. Its matchless flavor and unvarying quality stand up day after day. From its very beginning sixty years ago, Hills Bros. Coffee has made millions happy as they drink it—cup after cup—again and again.

HILLS BROS. COFFEE
1870 SIXTY YEARS OF COFFEE QUALITY 1938

GOODING SLATES ANNUAL SESSION

GOODING, April 1 (Special)—The seventh annual Gooding college scholastic meet will be held at the college on April 1. All contestants are regularly enrolled under-graduate students in a high school or academy in Idaho, or adjoining states, must be under 21 years of age, and must be continuously pursuing three standard five-hour courses.

All entries must be in the hands of the high school Day committee, in care of Gooding college, not later than 8 p. m. Wednesday, April 6, 1938. All contestants are to register in room 206, College hall, before entering the contest room, it is announced.

Winners of the first and second places in each of these scholastic contests will be awarded specially designed medals engraved for the occasion. Winners of third place will receive honorable mention. A suitable trophy will be awarded to the school receiving greatest number of points in the various scholastic events.

Subjects Listed
There will be contests in algebra, American history, biology, civics, geometry, English, French, German, plane geometry, Latin, mathematics, physics, Spanish, spelling, world history, stenography, typing and book-keeping. The public speaking department will conduct a contest in connection with the above.

There will be three separate divisions, dramatics, humorous, and oratorical. In the music department, contestants may enter piano and piano. During the day, Mrs. Virginia Kard, instructor of art in Gooding college, will have an art exhibit in room 207, College hall. This is open to the public.

In the afternoon program, Mrs. Fern Larson, physical education director for women, will be in charge. This will consist of folk dancing, calisthenic drills, and all schools are invited to participate at 7:30 p. m. The contestants and officials will be guests of the college at dinner at 5:30 p. m. in the dining room of Tenney hall.

To Award Trophy
The awarding of the trophy to the winning school and the medals to the individual winners will take place at 7:30 p. m. in the assembly room, College hall. After this the contestants and coaches will be guests of the play production group of Gooding college.

A three-act comedy, "Lady of Letters," played by Delta Psi members, will be presented. As the assembly hall has limited seating capacity, all guests are urged to be in their seats as soon after 7 p. m. as possible.

FAIRVIEW

Mrs. Tom Tverdy and daughter, Patty, returned from a trip to Rochester, Minn., last week.

Mrs. Coleman Tverdy and daughter returned to their home at Rexburg this week after having spent the past week visiting at the Higbie home.

Paul Elias, Marie Prael and Ruth Leth were among students presented in a recital at the Rippling studio on Sunday.

Mrs. Albert Kolarik spent from Thursday until Sunday visiting in Boise. She and Miss Mildred Tverdy returned home Sunday evening. Miss Tverdy has successfully completed a beauty course there and is here to accept a position at the LeClair Beauty shop. She started work on Tuesday.

Mr. and Mrs. Maurice Ostendorp entertained at a card party Saturday for 18 guests. Prizes were won by Mrs. Elvin Noh, Harvey King, Mrs. C. D. Clark and Alfred Kramer. Traveling was taken by Mrs. Harvey King.

The Ed Hardings at the West-end Hatchery have received 150 sexed pedigree baby cockerels from the famous Archie Larsen pens at Weiser. They will be used in their next year breeding flocks.

About 700 calves are furnished by a pound of first-class corn more than three times as many as furnished by a pound of beefsteak.

APRIL FOOL! They're Not Alive

These Great Heroes Pictured on Page One Are Really Only Movie Character Actors. Convincing Fellows, Aren't They?

Sidney Blackmer (Gen. Phil Sheridan) (Theodore Roosevelt)
John Carradine (Abraham Lincoln)
Charles Boyer (Napoleon Bonaparte)
Walter Rogers (Ulysses S. Grant)

"Back from the dead" come the world's great ones, impersonated so cleverly in current movies that they can be seen as their own contemporaries saw them, long ago!

Marvels of makeup, and the most meticulous historical research, have put on the screen dozens of historical characters who have dragged history off the dusty library shelves and into the living light.

Who would have believed for instance, that Sidney Blackmer, comparatively youthful stage and screen actor, could portray so effectively the wily-different character of General Phil Sheridan and President Theodore Roosevelt? But he did it, as the pictures attest. He was the dashing Union cavalryman when they made "In Old Chicago."

"This is My Affair," he gave a convincing characterization of the irresistible "Teddy" in his prime. In fact, the characterization was so good that it has won Blackmer the role in a forthcoming film version of the life of the First Roosevelt. The characteristic Rooseveltian teeth were especially made set that fitted on over Blackmer's own.

Many actors have impersonated Lincoln, "The Man of Sorrows," but few more successfully than John Carradine in "Benefit Forgot." Unlike some Lincoln impersonators, Carradine does not look much in ordinary life like Lincoln. His work in this role was a triumph of make-up and acting ability.

Napoleon, too, has been a frequent subject for actors' character

actresses, but many believe he has never been more effectively presented on stage or screen than by Charles Boyer when he played opposite Greta Garbo in "Conquest." Here again, Boyer, unaided by any natural resemblance to the "Little Corporal," was able to call to his aid not only clever makeup, but an acting ability that proved convincing in supplying by suggestion any discrepancies in actual physical appearance.

General U. S. Grant is another difficult problem, but not for Walter Rogers in "Gold & Where You Find It." Rogers himself a make-up expert, played the part in "The Fighting Frontiers" after noting an unusual personal resemblance. The beard was his own, grown for the part.

JEROME TO HAVE AIRMAIL MAY 19

JEROME, April 1 (Special)—Jerome is to have mail service for one day on May 19, as part of the celebration of National Airmail week.

Tentative arrangements have already been made to fly Jerome's airmail to Boise; but definite plans as to the pilot or the type of plane which will be used have not been completed. The mail will be flown from the local field to Boise and plans are being completed for entertainment for temporary pilots.

The Jerome Chamber of Commerce has formulated a plan to stimulate the use of airmail out of the city here, and the plan should be well underway by May 19 and at this time a large shipment of airmail is expected.

Proper authorities have already been contacted relative to providing Jerome with a more efficient airmail schedule and it is expected that this will be possible after the Union Pacific stages put into effect their new bus schedule to take effect today.

Loan Association Elects Directors

BURLEY, April 1 (Special)—Casella County National Farm Loan Association met in annual session Monday at the new I. O. O. F. hall to approve the annual report and elect directors to the board. The association, which has 188 members, was reported to be in good condition, according to S. H. Knaus, secretary-treasurer, who further states the association has \$500,000 in loans.

John W. Taylor and Ezra Ringham were elected to the board of directors for three-year terms, W. L. Beiffeld and Axel Johnson for

two-year terms and George Collett for a one-year term.

Jokers Reign In April Fool Bruin Edition

Special surprise April Fool edition of the Bruin published by boys in the journalism class of Mrs. Mercedes Paul, was distributed to regular subscribers today.

Two pages crammed with jokes and April fool stories printed on vari-colored papers without one serious or true story delighted the students.

From the front page banner line, "Students Strike," to the last advertisement the issue "ribbed" students and teachers alike.

Other headlines were: "Wallace Hero, Flies Bomb in Basement," "Fritt and Fritter Reign in Elastic Shake-Up," "School Board Punishes Hechinger," "Junior High Moved to Playground," "Ed Beanol Seen Swinging Through Trees," and many more of a like nature.

Jerome Chamber Raps Power Sale

JEROME, April 1 (Special)—The Jerome Chamber of Commerce went on record Wednesday to oppose unanimously the sale of Bonneville power in the state of Idaho because of the excessive cost of transmitting electrical power from Bonneville dam into the state.

Members further resolved at their meeting to do all in their power to foster the development of power projects within the borders of the state, which will provide supplementary water for the now existing projects and also will bring in new lands which will produce more property upon Idaho's dry hills and increase both rural and urban population.

DEPTHS VARY IN SAWTOOTH SNOW

Snow levels in the Sawtooth country remained approximately the same in the week ending March 28. At some points showing slight gains and some recording minor decreases, according to the weekly report of P. B. Moore, Sawtooth national forest supervisor.

Halley, with 22 inches as of Monday, had two inches more than a week ago. Ketchum showed 40 inches, a drop of one inch. Galena was 76 inches, a four-inch decline.

On the Salmon river watershed, Williams' ranch, with 26 inches had lost two inches in a week. Stanley showed a gain, however, with 24 inches March 28 and 30 with March 31.

Fairfield snowfall during the week boosted the total in the Camas county town to 18 inches from 10 a week before.

Cumulative snowfall in the Halley and Sawtooth sector from Oct. 1 is well over the average and 13 inches more than last year. The cumulative total is 118.25 inches; last year was 105.75, and the average 81.81 inches.

Bureau Approves Jerome Airport

JEROME, April 1 (Special)—Word has been received here this week by the Jerome Chamber of Commerce that the state bureau of aeronautics is decidedly in favor of enlarging Jerome's airport to meet proper requirements for present day air travel. It has been suggested that a runway 1,200 feet in distance is required, and as the field now stands, it has an east and west runway of 2,640 feet in length.

Survey work has already been completed directly east of the field, and contour maps, drawings and other like data showing the possibility of adding the necessary 1,560 feet to come up to the standard length will be ready to forward to the proper authorities.

This extension to the present runway is expected to provide Jerome with a field which will adequately give landing facilities for any type of aircraft, and will give Jerome an opportunity to serve better in the field of airmail and passenger service.

MINIDOKA HORSE ROUND-UP ENDS

BURLEY, April 1 (Special)—Wild horse round-up on Minidoka Forest closed Wednesday after being in progress since March 15. The drive was only partly successful as many of the horses drifted to lower ranges during the drive and could not be captured by forest riders since they were not trespassing on government land.

The number of animals disposed of, however, and the fact that the forest personnel is determined to rid the range of livestock grazing without permit should materially assist stockmen and alleviate the overgrazed condition on Black Pine and Sublet divisions, according to forest service officials.

By JAMES S. BERRY SAN FRANCISCO, April 1 (U.P.)—Forty thousand fans likely will see opening games of the Pacific Coast Baseball league in four California cities tomorrow afternoon.

PORT LQUIBS (By H. J. W.)

GOOD FIGHTS As we stated before in this column, there's nothing that beats a good fight—especially if you happen to be a spectator and not a participant.

CONTENTION FROZEN

The attendance at the matches proved something that we've contended all along—that good amateur mitt cards staged here would draw better than most other sports.

GAS HOUSE COLOR

We have a hunch that the St. Louis Cardinals are attempting to buy a new catcher into their lineup...

Bowling Schedule

CITY LEAGUE (Allys 3 and 4) Fri. April 1—Kimberly-Emery's postponed; played next week.

YOU DON'T HAVE TO BE SICK Nature's Herbs Will Relieve Your Ailments

All those who are afflicted with diseases or sickness are invited to call and consult CHAN & WING Herb Specialists.

A TESTIMONIAL TO WHOM IT MAY CONCERN:

Almost a year ago I accidentally bumped my ankle against some heavy object which caused an open wound in my skin and of course it had given immediate attention.

HOOVER SPEECH HINTS OF PRESIDENTIAL CANDIDACY

FORMER LEADER GIVES PLANS ON FOREIGN POLICY

NEW YORK, April 1 (Special)—Suggestions that Herbert Hoover might aspire to the presidency in 1940 were found today in his speech before the council of foreign relations.

The former President, in warning against alliances with other democratic nations, discussed at length last night his own experience in international affairs and defined his plans for keeping America out of war.

He criticized President Roosevelt's policy sharply, especially his now famous Chicago speech about a "quarantine" on aggressive nations. Hoover warned that "if the world is to keep the peace, it must keep peace with dictatorships as well as with popular governments."

There was speculation in both Republican and Democratic circles today as to whether Mr. Hoover might be the brain of an administration that was best qualified to direct the nation's affairs after 1940 when foreign relations will be increasingly important.

Non-Partisan Group

The council on foreign relations which he addressed is fundamentally non-partisan. Mr. Hoover was introduced by Norman M. Davis, Mr. Roosevelt's ambassador at large.

Mr. Hoover was reporting on his European tour, from which he returned this week after visiting 14 countries.

He said that "we must keep out of the present war, and we must convince Europe that that is our policy." Mr. Roosevelt's "quarantine" speech, he said, inferred a combination of democratic nations against Fascist dictatorships.

Mr. Hoover deplored the rise of Fascism in Europe, but asserted that "the best of governments which other peoples pass through in working out their destinies is not our business."

"We must recollect we were animated by a desire to save the world for democracy," he said. "The only reason that that time was not a dragons' teeth which sprang up into dictatorships."

"We can never herd the world into the path of righteousness with the dogs of war."

Denounces Proposals

He denounced proposals that democracies combine to enforce peace.

Mr. Hoover visited 14 European nations, found 370,000,000 persons ruled by dictatorships, who once lived under democratic governments, and found that this country's interest in this world is not as well as Europe.

These four listed as the rise of dictatorships, the international "race to arms," increased governmental debts carrying the threat of inflation, the struggle of nations toward economic self-sufficiency, universal fear, and an increase in brutality, terrorism and disregard for the rights of man.

On the other hand, he said, Europe had gone farther toward recovery from depression than this country, and the world was not as well as Europe.

Sees No Immediate War

"I do not believe a general war is in immediate prospect," he said.

"As long as there is peace, there is hope."

Mr. Hoover denounced the "idea that peace could be brought about by collective action employing military or economic force." A combination of democracies would result in a combination of autocracies, he said, and the resultant conflict would have "all the hideous elements of old religious wars."

"We should have none of it."

But America, Mr. Hoover said, has "both the obligation and the interest to organize and join in the collective forces to prevent war."

"The desire of nations for the good opinion of mankind is not dead," he said. "Secretary Hull's eloquent denunciation of international lawlessness was echoed in every newspaper in the world. Decency is still here."

World Discussion

Mr. Hoover said he believed international discussions similar to the 1928 conference would be the best means of attacking the problem of trade barriers and quotas which the "planned economies" of Europe have resorted for military and political purposes.

He denied that Fascism and Communism were imposed upon peoples against their will.

"Both grew in prepared soils," he said. "Both are the aftermath of a gradual infection of democracy."

He said that "the first infection was the result of a first infection by the plausible notions of 'ours the business slump.'"

"If our own so-called 'planned economies' are to be infected from the original stream of Fascism," he said, "it is at least a remarkable coincidence."

The infection of democracy, Mr. Hoover concluded, "is the greatest service that this nation can give to the future of humanity."

Gamma Phi Beta Leads Scholastic Standings at "U"

MOHOOV, April 1 (Special)—Phi-Omega women who wear the badge of Gamma Phi Beta society ranked first in scholarship among 30 student residence groups on the University of Idaho campus on the semester ending in February.

All 10 other women's groups preceded the first men's house on the list, the T. D. S. Institute with 30 men, in 12th place. Three cooperative dormitories with a combined total of 285 members, ahead of the first fraternity, Phi Gamma Delta, in 14th place.

Practical Home Gardening

BY DONALD GRAY

New Lawns Must Have Good Seed and Soil

Smooth, velvet lawns like the one pictured above can be yours if the earth is properly graded, fertilized and planted with good quality seed of the correct variety.

BY DONALD GRAY

Idaho Evening Times Gardening

No. 8 in a Series

Grass, like any other farm crop, will not grow on poor soil.

There must be a depth of at least five inches of good topsoil with plant food in it. This layer of good soil must not spread over or impervious clay or solid rock base. There must be drainage below the topsoil. After drainage is provided then prepare the subsoil by spreading over the surface three inches of cow manure. Spade this in, mixing to a depth of six inches.

On top of this add enough topsoil so that when it is compacted, it is at the finished grade, with five

inches of good soil over the entire area.

The early fall is the best time to start a new lawn, but it can also be done in the spring as soon as the frost is out of the ground.

A good lawn can be had in full sunlight or in partial shade in clay or sandy soil, but be sure to get varieties of grass seed that will do best for your particular location.

Grass seed mixtures are sold under various trade names. Buy from a reputable garden supply store and buy the best. It is poor economy to save a few cents on a pound of grass seed. Cheap mixtures contain short-lived varieties and a large percentage of weed seeds.

After the earth has been raked

and leveled, apply a commercial fertilizer made up of four per cent nitrogen, 12 per cent phosphoric acid, and four per cent potash, mix this into the top inch of soil. Apply at the rate of 10 pounds per 1,000 square feet.

Sow the grass seed over the surface at the rate of four or five pounds per 1,000 square feet. Rake the seed into the top half-inch of soil. Roll with a light roller.

Water carefully with a fine mist from a hose. Never flood the ground and always keep it moist until the young grass blades are two inches high.

Next: Rejuvenating an Old Lawn.

Navy Abandons Hunt For Missing Bomber

RUPERT

Mrs. W. E. Hunter and Mrs. N. K. Jensen entertained the members of the Minority society of the Christian church at a luncheon Tuesday at the Hunter home. Twenty-eight guests were present. The afternoon was spent playing games.

Roy Cunningham returned Monday from Springfield, Ore., where he was called at the home by the serious illness of his father, Mr. Cunningham, who suffered a stroke at the home of his daughter, Mrs. Thomas Lamb.

After spending a few days with friends in Idaho Falls, Mrs. Ted Cleveland of Seattle returned to Rupert Monday and is at the home of her father, G. W. Doyle, who is still confined to his bed as the result of a stroke suffered a month ago.

Mr. and Mrs. L. W. Dupain entertained the members of their dinner club and two guests, Mr. and Mrs. Ross Woolford Tuesday with dinner at the Caledonian hotel in Rupert. High score prizes were won by Mr. and Mrs. Earl Dittus.

Mrs. L. F. Hensberg was hostess at her home Tuesday to the members of the Bid or Bye bridge club. Prizes were won by Mrs. Milton Reeves and Mrs. E. E. Goodman.

Mr. and Mrs. Gerald MacIntosh entertained the members of the Tuesday Dinner club with dinner at Fred's club followed by bridge at their home. High score prizes were won by Mrs. W. D. Boydston and Vern Hunter.

HONOLULU, T. H., April 1 (U.P.)

The navy today abandoned all hope for six men aboard a giant bombing plane that disappeared during U. S. battleship maneuvers early Wednesday.

Rear Admiral Claude C. Bloch, in command of the fleet, announced that "we have regrettably concluded that there is no hope of finding the plane or any survivors so all search has been discontinued."

The tragedy was the second to occur during the first phase of the war games, concluded yesterday. Another bomber crashed earlier and caused five deaths. Two survived the first crash.

The search for the missing bomber and the crew was the greatest ever undertaken in the Pacific. Sixty-five surface vessels and 250 airplanes participated.

The planes and vessels covered an estimated 100,000 square miles in their search yesterday. Using powerful searchlights, the warships and destroyers churned through the waters until 11 p. m. last night.

Those aboard the missing plane were Lieut. C. E. Signer, P. J. Rarobina, aviation cadet; P. B. Paracoat, machinist's mate; J. A. Williamson, radioman, and G. R. Olundsen, radioman.

CAKES

You'll Be Proud To Serve!

For family meals or when you entertain... delicious Schweickhardt's cakes will meet with your approval. Try them, you'll be pleased by their perfection, their distinctive "homemade flavor" and of course their freshness.

Nazarene College To Stay in Nampa

NAMPA, Ida., April 1 (U.P.)—Regents of the Northwest Nazarene college voted yesterday to keep the college in Nampa, removing temporarily at least possible relocation of the institution.

The regent's decision was based upon four points, including the provision that the city of Nampa would give the west half of Kurta park to the college for campus enlargement.

They also asked that the city give "moral support to the college in the future in building a creditable institution."

POMONA CLIMBS TO STATE'S LEAD

Because of the latest additions to the list of subordinate Granges becoming affiliated with the Twin Falls county Pomona Grange, that organization has moved ahead of Canyon county and now leads the state. Secretary Carl Leonard said today.

Total membership rolls of the Pomona are also climbing at a rate which should place the county group on top in 1940 department, too, Leonard declared.

The Pomona now has 15 active subordinate Granges listed, and Canyon county has 13 active, the secretary declared.

As announced in the Evening Times earlier this week, the Pomona will confer the fifth degree on a large class of about 50 new members April 9 at 8 p. m. in Partriv hall.

"This will be the first time the fifth degree ritualistic work has been exemplified in full form by a degree team since 1924," Leonard pointed out. "A snappy, smooth working Pomona degree team will be exemplified in full form with a high degree of impressiveness."

BURLEY

Mrs. C. G. Haight entertained at four tables of luncheon and bridge Wednesday. High score prizes were given at each table.

Mr. and Mrs. E. C. Barlow were hosts at a dinner-bridge party Tuesday. Dinner was served at the National hotel and cards were played at six tables at the Barlow home. Prizes were won by Mrs. B. O. McCulloch and E. Nichols.

Mrs. Paul Taylor entertained the Tuesday Evening bridge club this week. Honors at bridge went to Mrs. T. Bailey Lee, jr., and Mrs. Harley Keiser.

B. T. Lowe is in San Francisco this week on business. Mr. and Mrs. Kates Lowe took him by automobile to East Lake City on the Bayshore.

Mrs. H. G. Shady arrived this week from San Bernardino, Calif., to visit her mother, Mrs. Richard Keiser.

C. F. Conley of Caldwell has accepted the position of office manager for the Haight Motor Sales, succeeding Lawrence Dunn who has accepted a bank position in Hazelton.

O. L. Little of West Englewood, M. J. arrived here Wednesday to visit at the home of Mr. and Mrs. Harry L. Harper. Mr. Little, who has been in Portland, is president of the Junior college in New Jersey.

Girl Reserve Ring group conducted a meeting on Social Conduct Wednesday. Speakers were Pao Smith, Beth Cannel, Jean Demann, Della Bailey, LePree King and Leola Clayton.

Owl Trapped

BEAVER DAM, Wis. (U.P.)—A complaint of "queer noises" in a combination coal and gas range was made to the local power and light company by its owner. Service men investigated, found a small owl that had entered through the chimney, continued through the stove pipe, and had lodged in the back part of the stove.

Rhode Island was purchased from the Indians for 40 fathoms of beads on March 24, 1638.

McCLAIN RETAINS FARM LOAN POST

C. E. McClain had been reelected president today of the National Farm Loan association of Twin Falls, and four other members of the board had been re-named.

C. H. Hempigian was chosen again as vice president and J. W. McDowell was reelected secretary.

F. E. Williams and T. S. Nicholson were reelected directors.

The president and vice president hold three-year terms; the two other directors two years, and Mr. McDowell is chosen for an annual term. Directors, starting with next year's election, will be named for three years each.

McDowell reported to the meeting of 30 farm members that 252 land bank loans now outstanding in the eastern end of this county total \$1,674,850, and 120 land bank installment loans aggregate \$341,700.

Conventioners

P.-T.A. Hears Rural Leader; Elects Mrs. R. L. Brainard

(From Page One)
professor of religious education at the College of Idaho, forcefully stressed the fact that "American democracy will take care of us if we take care of it and we cannot afford to take American democracy for granted."

"Democracy has no inherent immortality," Dr. Miller said, "and if we ever have dictatorship it will not be the fault of the President or the congress or the supreme court or other agencies. It will be our fault. We need to think and talk less about our rights as American citizens and think and talk more about our responsibilities."

"The people of these countries (Germany and Italy) have paid too high a price for the improvement. As long as we have a government with an empty stomach and know that I could think as I pleased and express those thoughts, then and only then, we are able to have any thoughts of my own."

"I feel that the United States cannot prosper with Europe down and the United States up. The economic situation cannot help but improve the political situation. We can't expect everything to be in our favor so we must give as well as take."

Gave Incentive
"The growth in power of Mussolini and Hitler has been due to the fact that they have taken a depressed and morally downtrodden people and given them new pride and incentive," Dr. Miller said.

In another featured address this afternoon, Mrs. M. D. Brennan, state elementary supervisor for Idaho, pointed out that cooperation is the keynote of all worthy endeavor in our world today.

Responsibility of adults to provide the youth of today with a sense of belonging to society was voiced last evening by Mrs. John E. Hayes, national vice president, at the national magazine dinner for delegates to the Idaho Congress of Parents and Teachers at the Christian church.

"We are in a world of confusion of idealism and ideas today," she said, "because of so many who have no sense of belonging to anything."

Cites Jobless Youth
She cited the 20,000,000 young people who are out of work in schools are out of work at home and are out of work at the national organizations as the Parent-Teacher associations and the state and local organizations leading to labor.

We can attain the point where every youth can feel he belongs," she said, "and we need not worry about the future of democracy then. We have gone a long way when we have established in every heart that there is something to do, unless life means opportunity it has no meaning."

Mrs. Hayes was introduced by Mrs. G. J. Hays, state magazine chairman, who presided. Before the principal address, title of which was "Who Wants to Belong?" Mrs. Hugo Stewart read a telegram from headquarters stating that 30 more subscriptions were needed to make the state congress eligible for award and number was solicited at the banquet.

Presented Awards
Mrs. Hays presented awards for number of subscriptions obtained by over 30 associations whose representatives were seated at the speakers' table as guests of honor.

Those receiving the blue ribbon were: Boise, Park school; Idaho City; Caldwell; Jerome; Kellogg; Sun Valley; Boise, St. Joseph; Sun Valley, Silver King; Lewiston; Webster; Idaho Falls, East Side; Boise, Garden Hill.

The book was received by Twin Falls, Lincoln; Idaho Falls, Eagle Rock; Idaho Falls, Emerson; Lewiston, Orchard; Caldwell, Wood; Coeur d'Alene, Bryan; Boise, Lowell; Gibba, Winton; Boise, Washington.

The award went to Boise, Whitely; Blackfoot; Tyle; Gooding; Reaburg; Montpelier; Washington; Caldwell; Van Buren; Moscow; Boise, Lincoln; Nampa, Lakeway; Nampa, Moscow; Caldwell, Washington.

Background music was provided by pupils of A. E. Francis and Jean Reynolds of the "Look Down Dear Eyes" club and "Hill" conducted by Mrs. Nellie Ostrom.

A novel skit, "Help for a Good Girl" was presented by Mrs. J. H. Smith, skit depicting of Boise with all portions taken from the organization's magazine, Alton Dean narrated the final scene.

After the banquet the Chamber of Commerce, under the direction of Lynn Stewart, convention chairman, delegates on a sight-seeing trip to St. Joseph and Twin Falls.

Prof. William McKinley Robinson, Western State Teacher's College, Kellogg, Mich., internationally known authority on rural education, gives two addresses today as one of the highlights of the Idaho Congress of Parents and Teachers convention here. Below, Mrs. I. E. Joslyn, Twin Falls, who steps out as president of the Idaho Congress.

PTA Leader Charts Task; Prizes Given

P.-T. A. SELECTS MRS. BRAINARD

(From Page One)
of Caldwell, chairman of the resolutions committee.

Chief among the resolutions from the standpoint of statewide interest, was that which called on the legislature to make an "appropriation sufficient to provide the state's share of funds for establishment of health units to cover every section of Idaho."

The delegates, numbering over 200, also voted on record as being willing to cooperate in a campaign to secure an adequate appropriation for the state traveling library, pointing out that such a move would be of great benefit in rural sections.

Other resolutions passed included one which favored the enactment of a law that drivers be required to pass an examination as required in the uniform motor vehicle operation and chauffeurs act, before they are given the right to drive in the state of Idaho.

They also adopted a resolution which asks that the state board of education provide a program of safety education which would be carried as a regular course in schools. The course would deal with safety work.

They also recommended that adult education, as it is now carried on in Idaho, be continued and be made into a permanent part of the education system.

The group also endorsed the present drive against syphilis and will inaugurate a campaign in which the cooperation of all medical men will be urged to establish a minimum low price for blood tests.

Thank Hosts
The final resolution adopted extended the thanks of the delegates to all those who were active in arranging and conducting the convention. Mrs. E. J. Joslyn, Twin Falls, presented a report on earned distinction statistics, which concluded the business sessions this morning.

Tree Dedicated
As Mrs. Erland finished the reading of the letter the tree was dedicated.

As a special feature Mrs. O. P. Duvall sang "Trees" and was accompanied at the piano by Mrs. D. L. The ceremony was in honor of the semi-centennial of the constitution. The high school pep band assisted in the program.

As Mrs. Erland finished the reading of the letter the tree was dedicated.

As a special feature Mrs. O. P. Duvall sang "Trees" and was accompanied at the piano by Mrs. D. L. The ceremony was in honor of the semi-centennial of the constitution. The high school pep band assisted in the program.

P.-T. A. Plants Tree to Honor Mrs. Karcher

(From Page One)
Dedicated to Mrs. C. L. Karcher, Nampa, who has served 28 consecutive years in P.-T. A. work, delegates to the state convention plan a tree to be planted in her honor.

Mrs. Karcher was unable to be present because of illness but a letter from her was read by Mrs. G. J. Hays, state magazine chairman. Mrs. Karcher was also able to be here and H. D. Hechtner, high school principal of Twin Falls, who was in charge of the program, assisted in her part on the program.

Elday Constitution
In the letter from Mrs. Karcher she said:

"It involves all citizens of our free land to study the constitution, why it was framed, to deal with an unenviable situation and why certain principles, never before known in the history of the world, were embodied in it. To be informed is to be free."

"What can be more fitting than a living memorial to one of the greatest documents in the world... a tree which was planted in the care of the good people of Twin Falls, and may they especially be tender in their regard for it in memory of all you stand for. In the presence of the invisible host we stand newly consecrated to the cause of patriotism. God give us strength to faithfully carry on," the letter read.

CADWELL ENTRY WINS \$150 RANGE

South central Idaho again drew a blank in the fifth week of the electric range contest sponsored by the Electrical Equipment Sales association, according to word received here today from contest headquarters.

A \$150 Norge range went to Mrs. John Ludlow, Caldwell, the 420 motor for second award, Mrs. Earl Turner, Boise, took third, \$10 in cash, and Mrs. Dorin Corn, Middleton, won fourth award of \$6 in cash.

Four more weeks remain in the contest. With this week's deadline Saturday night, first place winners for the nine weeks will be judged for the \$1,000 all-glass kitchen which forms grand award.

One driver had paid a fine of \$5, another had posted a bond of a similar amount to appear at a later date and a third was to appear late this afternoon on charges of speeding. Records of Municipal Judge J. O. Pumphrey show this afternoon.

Dale Corder paid a \$5 fine as he pleaded guilty. Gail Carter posted a bond of \$5 to appear at a later date at the I. D. S. court with Ronald Graves as chairman in charge. Mrs. V. V. Toms, fourth vice president, presided.

At 12:30 the group were entertained by the College of Idaho gift club directed by F. F. Beala. Reports of the council presidents were then heard.

Mrs. Walton Presides
The general session this afternoon opened at the Christian church auditorium with Mrs. James Walton, second vice-president presiding. It was at this session which Mrs. Beala, Dr. Robinson and Dr. Miller spoke.

At 4 p. m. members gathered at the high school grounds for a tree planting ceremony with H. D. Hechtner, high school principal, in charge.

Music for the ceremony was furnished by the high school pep band. Dean Robinson spoke.

Tommy Dean, John R. Nichols, of the Idaho Southern university at Pocatello and Dr. Robinson will be featured speakers at a banquet which is planned for the Presbyterian church starting at 7 p. m. Mrs. G. W. Burgess, president of the Twin Falls P.-T. A. council will preside.

Dean Nichols will talk on "The Value of Extra Curricular Activities" and Dr. Robinson will follow the subject of "Arousing Awareness in the P.-T. A. Program."

Special songs will be led by Harley Smith with Miss Josephine Throckmorton at the piano. Vocal solos will be sung by Wilton Peck.

Saturday's session will open at 8 a. m. with a series of classes the general session starting at 9:15 a. m. at the Christian church.

"Effectively P.-T. A. work in any rural community then requires more than organization of associations, more than members—it requires leadership and discussion. The P.-T. A. will develop basic understanding of educational needs and educational procedures. No educational plans can be made without a basic understanding of understanding parents in the background, cooperating, encouraging, perhaps struggling a bit with us to secure the best possible conditions, an environment which not only develops to its highest level the power of each individual child, which meets the challenge of education which is to 'life the growth potential'."

Sessions this morning opened with a membership breakfast with Mrs. Louis Nagel, state membership chairman, presiding. The general session opened at 9:15 a. m. at the Christian church with invocation by Rev. Van D. Wright, pastor, Church of the Brethren.

Reina Derris provided musical entertainment with his accordion. It was accompanied by W. B. Stewart on the guitar.

Following these reports a short talk was given by Mrs. George Welch, Caldwell, director, scientific temperance instruction for the W. C. T. U. She spoke on the subject "Modern Alcohol and Narcotics." Mrs. Welch stressed W. O. T. U. educational aims.

Mrs. Weber's talk was followed by another which was made by Lawrence Lundin of the Twin Falls junior high school, who outlined recreational needs. Following this came a business session which ended at noon with the election of officers for the year.

At noon today the delegates attended a luncheon which was given at the I. D. S. church with Mrs. Ronald Graves as chairman in charge. Mrs. V. V. Toms, fourth vice president, presided.

DEATH SUMMONS ELON PENDLETON

Elon Eugene Pendleton died today at 10:30 a. m. at his home south of Twin Falls. A daughter was to arrive this evening from Los Angeles, it has been learned. The body rests at the Twin Falls mortuary.

Two famous London hospitals have no male surgeons.

PUBLIC NOTICE IS HEREBY GIVEN: That I will sell the following described stray animal in accordance with the law in such cases made and provided, at public auction to the highest bidder, lawful money of the United States, on the 28th day of April, 1938, at the hour of 9:00 o'clock P. M., Mountain Time, at the ranch of E. U. McIntire, located seven (7) miles South of Kimberly, Idaho, or more particularly described as Section 17-12-12, in the Township of Hazard, South Range Eighteen (18), East Boise Meridian in Twin Falls County, State of Idaho:
Whitetail Hereford breed, weight 700 pounds, branded thus: H-9 or 7H-9.
Dated at Twin Falls, Idaho, on this 28th day of March, 1938.
E. F. PRATER,
Sheriff of Twin Falls County, Idaho.
Pub. Times Mar. 28, Apr. 1, 6, 1938

Utility lines for the 1939 Golden Gate International Exposition near San Francisco will cost approximately \$20,000,000, the major portion of which will be spent for underground installations.

MEXICO ENTERS IN OIL BUSINESS

MEXICO CITY, April 1 (AP)—The government, thus far unmindful of official foreign protests against the seizure of privately owned properties, went into the oil business today.

Announcement of the formation of the National Oil Exporting company, to administer foreign sales of Mexico's oil supply, was made coincidentally with the reports that that American oil promoter had conferred with President Lázaro Cárdenas.

Organization of the sales company indicated that the government was ready to talk business. In addition, a special session of congress was called for April 15 to consider expropriation legislation made necessary by expropriation of \$400,000,000 worth of foreign-owned oil properties and suspension of the United States silver purchasing agreement.

American Promoters
The Americans reportedly involved were Francis W. Rice, who negotiated a contract for an oil concession in Ethiopia shortly before the Texas league oil strike broke in Tulsa, a New York stock broker. Both were scheduled to fly to Chicago today.

Rice, who has a reputation of being a mystery man as a promoter, was noncommittal saying "where I go... it is imagined that I am involved in all kinds of deals."

Ready to Fight
Meanwhile, the 17 American and other foreign oil companies whose properties were seized, announced that they were ready to fight. They planned to file injunction proceedings to stop the expropriation law, under which the oil properties were seized, unconstitutionally. Another injunction proceeding was filed to stop the expropriation law, under which the oil properties were seized, unconstitutionally.

Attorneys for the companies asserted they would fight the cases to the supreme court, if necessary. The period for beginning injunction suits began 15 days after issuance of a decree. Thus, Saturday will be the last day on which the companies take action.

Marriage Years Late
WATSONVILLE, Calif. (AP)—California law requires that before a marriage license is issued the parties must give a three days' notice of their intention to be married. Unfortunately does not specify when the wedding must take place. So, Petra Ramirez and Jesus Sanchez, Merced, were married here on a license issued five years ago.

When the deer deer of England develops 12 points on his antlers, he automatically becomes a "royal stag."

POCATELLO MAN SLAIN ON COAST

SACRAMENTO, Calif., April 1 (AP)—A special officer of the Southern Pacific railroad and an itinerant slick each other to death along the coast today. The man was Sacramento last night. Each fired one bullet.

The officer was O. McMann, 34, of Tracy and the man was identified as Jasper Speer, 32, of Pocatello, Ida.

A bullet from Speer's rifle struck McMann's chest with Ed Meehan, McMann's single rifle struck Speer's head, causing instant death. McMann died later at a hospital.

The shooting followed when McMann attempted to question Speer.

Brookfield's Five Wins

Brookfield swept to a three-game victory over Twin Falls Four Mill last night in City league, but took the opener by only seven runs. Miller, with 915, led in totals but Paul Strain had 199 for top single game.

3,000 Casualties Reported as Rebels Attack Loyals

ITALIAN FASCIST TROOPERS TAKE PART IN BATTLE

By JOHN DE GANDY

WITH THE SPANISH NATIONALIST ARMY, CATALANIAN Fascist blackbirds of the nationalist Black Arrow division clashed with loyalists of the international brigade on the Catalanian front today and reported that they had caused 3,000 casualties.

The Italians and the army of Gen. Garcia Vallejo were reported to be approaching each other in coincident advances on the Caspe-Alcanta part of the front, near the southern (right) wing of the nationalist line.

New Drive to Sea

They were in a new drive for the sea, hardly 30 miles away, and the definite severance of Barcelona from Valencia.

Garcia Vallejo's men captured the Catalanian village of Poble de Masalucia, threatening the key city of Girona from the north. While the Black Arrows advanced from the west, it was said, Fatherough's army of Gen. Miguel Aranaud advanced from the east, capturing the important road-junction town.

It was announced that the nationalists held all of Zaragoza province to the west of Catalonia.

From the northeast front it was reported the nationalists were cutting all entrances to the Pyrenees, to cut off the flight of loyalist soldiers toward France. The loyalists were abandoning their war materials as they fled, it was said.

Resisting Movement

At the southern (right) wing of their line the nationalists began an exciting movement against Madrid in the Sierra de Guadalupe, whence the sea, 30 miles away, can be seen through field glasses, from here the nationalists would have a direct hill path to the Mediterranean.

At the front yesterday, a fierce battle raged all day at the front extending from the Sierra de Guadalupe to the Sierra de Guadalupe, from the city to empty miles from the city, to the sea.

I found, on arriving at the front, that the loyalists had blown up two miles of the main road which paralleled the Segre, giving entrance to Lerida from the southwest.

EDEN

The students of the high school are selling tickets for the entertainment given Friday at 8 p. m. at the Edin Theatre, under the direction of R. M. Edington, M.P. The money received from the show will be used by the school to help build a tennis court.

Ralph McClain, son of Mr. and Mrs. Walter McClain, was brought home from the Twin Falls hospital last night after a week and a recovery from pneumonia.

The last of the week Ivan Harrell returned home from the Twin Falls hospital where he has been receiving treatment for pneumonia.

CHRYSLER SIGNS NEW UNION PACT

DETROIT, Mich., April 1 (UP)—A new one-year agreement with the Chrysler corporation today gave the United Automobile Workers their first renewal of contracts obtained during all-out strikes in the automobile industry a year ago.

The Chrysler renewal was signed at 10 o'clock last night, two hours before the old contract expired. There had been reports of an impending strike all day, although union leaders denied them, and Chrysler officials had announced that they were ready to meet any walk-out in the Plymouth plant by closing it.

The new agreement provided a one-year extension of the existing contract, which gives the U. A. W. the right to bargain for its members and provides seniority rights and a committee system.

Baby Bandit Sent To State School

SALT LAKE CITY, April 1 (UP)—George Williams, 15-year-old "baby bandit" who was wounded by police during the attempted holdup of a motorist, was transferred to the state industrial school at Ogden today while juvenile court authorities continued an investigation of his case.

Assigned yesterday before Juvenile Judge Hulon W. Clark, George admitted two robberies and an attempt to commit another, which resulted in the motorist being wounded in the left shoulder.

Police said they are attempting to contact the boy's father in Albuquerque, N. M., where he was charged. George's hearing on delinquency charges.

One Among a Thousand Dead

Hour after hour, following the Rebel "hustle" air raids over Barcelona, rescue workers sifted the ruins of bomb-blasted buildings. They uncovered hundreds of such tragic deaths as the one shown in the photo above, where a victim, caught in the collapse of a house, is seen almost completely covered by debris.

LOYAL REFUGEES ASK FOR RETURN

PARIS, April 1 (UP)— Spanish loyalist soldiers, safe in southern France after a flight from the Catalanian front, clamored today to be returned to their army and the Civil War.

As cabinet members were meeting in a ministerial conference at the foreign office to consider measures for caring for the thousands of soldiers and civilians struggling to safety across the snow capped Pyrenees passes, authorities at the frontier sent word that soldiers already there wanted to go back to the war.

They had been fed, for the first time in many days, after a week of fighting and flight. Now they asked to be sent to Barcelona.

Gen. Juan Gallo, 35-year-old commander of the 10th loyalist army corps, led the men who asked to be repatriated.

Ministers took the request under consideration, the cabinet conferees received a request from the Spanish loyalist government through Marcelino Puga, the new ambassador here, to send the troops home at once. "The loyalist government offered to pay for their transportation and for their keep in France."

Puga, in the name of his government ordered officers among the refugees to report once on the reasons for their flight.

Public Forum

'NEWSIES' NO LONGER

Editor, Evening Times:

The International Circulation Managers' association and the Pacific Northwest Circulation Managers' association have declared war on words. The words are such as "newsies" and "newsboy" instead of the proper term "newspaper boy."

The associations believe the other terms are incorrect and that "news-paper boy" not only sounds better, but properly designates the job performed.

I have been requested, by Mr. F. E. Hentrich, chairman of the committee on carrier boy welfare, to ask that you exert vigilance to see that other words are not used. This may be accomplished by calling the attention of your news editor to such mistakes. Your cooperation is appreciated, and your reply requested so that a report may be made at our convention.

Yours very truly,

E. W. STREIBERBAUGH,
(The Daily News-Review,
Moscow, Idaho).

Telegrams Flood Washington Following Talk by Coughlin

DETROIT, Mich., April 1 (UP)—Father Charles E. Coughlin's followers swamped telegraph offices today with messages to congressmen protesting the government reorganization bill.

Responding to the crusading priest's appeal last night to "win your New Deal congressmen," they loosened the second deluge of messages toward Washington this week, objective to what Father Coughlin called "a threat to freedom of speech, press and religion."

Staff Doubled

In Detroit, the Evening Telegraph company put its entire day staff to work last night. The Western Union reported a "very large response."

Officers in New York, Boston, Chicago, Kansas City and other cities reported a sharp increase in Washington-bound messages immediately after Father Coughlin's speech last night, and expected to handle many more today. Messages attributed to the protest came in at 300 an hour here.

Although Father Coughlin usually broadcasts only on Sundays, he made the mid-week speech because House leaders are trying to pass the reorganization bill by Saturday night. Last Sunday, when the bill still was before the senate, Father Coughlin urged followers to telegraph their senators. The response was flood-like, but the senate passed the bill Monday by a vote of 49-42.

Last night, Father Coughlin said:

LEAGUE TO HEAR CLARK ON POWER

With Gov. Barzilla W. Clark scheduled to be the chief speaker, the Twin Falls County Public Ownership league will thrust out the question of state intentions toward utilities and phosphates, at a meeting next Monday at 8 p. m. at Piler grounds.

The league will also elect its 12 directors, according to Luke V. Bonner, Piler, president.

Gov. Clark is expected to outline his policies regarding utilities.

The league, formed two years ago, seeks public ownership to reduce costs of power, phosphates, etc.

Directors are Mr. Bonner, E. M. Tomlinson, R. A. McDonald, all of Piler; A. L. Swin and C. H. Hemplin, Twin Falls; O. G. Thomas, W. C. Robertson, Joe Kolmerer and C. B. Nicholson, Piler; Oliver Johnson, Murtaugh; Ota Sampson, Hansen; John Balsch, Kimberly.

Membership now includes about 200 ranchers, according to the officers.

AYLESWORTH TO HEAD N. Y. WORLD

NEW YORK, April 1 (UP)—Announcement of the appointment of Merrill H. Aylesworth as publisher of the New York World-Telegram was made today by Roy W. Howard, president and editor. The editorial and news department will continue under the personal direction of Howard as editor and Lee E. Wood as executive editor.

Aylesworth, former president of the National Broadcasting Co., succeeds Ray A. Huber, who returns to the general management of the Scripps-Howard newspapers, from which he was temporarily detached to head the World-Telegram business offices at the time of the consolidation of newspapers, from which he was temporarily detached to head the World-Telegram business offices at the time of the consolidation of newspapers. Huber will continue as a director of the World-Telegram Corp.

Coincidental with Aylesworth's appointment Noel S. MacNeil, for several years assistant publisher of the paper, has been advanced to the position of business manager in charge of production and operations.

The announced changes are effective as of April 4.

Salt Lake Woman Commits Suicide

SALT LAKE CITY, April 1 (UP)—Mrs. Jacqueline Fitzpatrick, 30, a housekeeper, was found shot to death here last night in what police said was suicide.

Authorities said a note addressed to Sergeant Joseph A. Fitzpatrick of the U. S. Army in Alaska indicated the woman had been despondent for some time over marital troubles.

The body was found by Charles A. Kampe, for whom Mrs. Fitzpatrick served as housekeeper.

One in every 14 persons in England holds a license to drive an automobile.
