# EXECUTIVE BILL NEAR FINAL ACTION

## Hopkins Calls for Expansion of Federal Aid Plan

### WPA HEAD TELLS GROUP IN SENATE HELP NECESSARY

WASHINGTON, April 8 (U.P.)—Works Progress Administration Harry L. Hopkins today called for expansion of the federal works program and social security aids to eliminate all direct relief in the United States, and to provide a job for every able-bodied worker.

Hopkins submitted his views to the senate unemployment and relief committee as President Roosevelt's associate said the chief executive was preparing to ask emergency action on a new recovery and relief program calling for an outlay up to \$4,000,000,000.

The President met at the White House with a U. S. conference of mayors' group headed by Mayor Fiorello H. La Guardia of New York and summoned Secretary of Interior Harold I. Ickes for an important conference this afternoon.

Direct Relief End

Hopkins called for an absolute end of direct relief throughout the country. In its place he suggested: Enlargement of pensions and insurance systems under the social security act.

Each reaching extension of benefits under the dependent children's clause of the social security act to cover all children in the country who are in need.

Hopkins, preparing the way for President Roosevelt's intended plan for wide-scale pump-priming and work expenditures, called for new projects as follows:

1. Public works, flood control, and reforestation projects.

2. World Health Council.

"We should reach a concept in America," declared Hopkins, "where the able-bodied unemployed are entitled to a job as a matter of right."

### AID

BOISE, Ore., April 8 (U.P.)—A Eugene, Ore., woman who collects salt and pepper shakers and a Salt Lake City, Utah, girl who "just loves" toy dogs today appealed to Governor Barzilla Clark for assistance.

They wanted him to send them, respectively, two salt and pepper shakers and two toy dogs to fill their collections.

The Salt Lake City girl sent two toy dogs, a dachshund and ten cents. The Eugene woman sent her fervid thanks.

### STRIKERS VOTE RETURN TO WORK

DETROIT, April 8 (U.P.)—Trolley men voted today to end their 32 hour strike and to restore service immediately for Detroit's 800,000 street car riders.

Heading the pleas of their leaders whom they shouted down yesterday as they went on strike, they voted acceptance of an agreement reached at a conference of street railway directors and union officials early this morning.

Cheering and shouting, the strikers poured from their meeting after a 2 1/2 hour session and hurried toward the car barns. Many were in uniform, ready to take their cars on the streets tomorrow.

The strike settlement agreement provided:

1. Sole bargaining rights for the union if it can prove majority in a 2 1/2 hour session and in a referendum.
2. Establishment of the 44-hour week rather than the present 48-hour week.
3. Arbitration in case of a disagreement over the union's claims to a majority of DOR employees.

### TAYLOR TO HELP PROSECUTION OF ADA JURY CASES

BOISE, Ida., April 8 (U.P.)—The Ada county grand jury today called Harry Abendroth, state purchasing agent during the administration of Governor C. Ben Ross. It was during Abendroth's term of office that the highway department allegedly violated the law by the state penitentiary in the use of the "lease purchase" plan, without calling for public bid.

BOISE, April 8 (U.P.)—Attorney General J. W. Taylor said today that he would appear in district court here to assist in the prosecution of cases arising from the Ada county grand jury's investigation of state government.

The attorney general's first appearance will be in the trial of Ira J. Taylor, commissioner of public works, on charges that while warden of the state penitentiary he embezzled and misused prison funds. Taylor goes on trial Monday.

Previously, the attorney general has been represented in court by one of his assistants.

Appearance Challenged

The attorney general's announcement was considered significant in view of the fact that his appearance in the cases has been repeatedly challenged by counsel for the defense.

Regretfully of his appearance before the grand jury as an assistant to Prosecutor Willis C. Moffatt in several instances has not been ruled on by Judge Isaac McDougall of Pocatello, jurist who was assigned to highway department cases arising from indictment of J. H. Slemmer, director of roads, and other highway officials on charges of obtaining money under false pretenses and certifying of a voucher.

Meantime Judge Miles Johnson of Lewiston, who will preside over the Taylor trial, has announced his intention of selecting a jury. The panel will be drawn Saturday.

Selection Starts Monday

It is expected that selection of the jury will be completed by Monday and possibly part of Tuesday.

Judge Johnson said he was afraid the "good man" prosecutor jurors may have formed prejudicial opinions concerning the case.

Taylor's first trial will be followed by the trial of the other highway cases involving himself and Tony Phelan, former chief clerk of the highway department, on embezzlement and misuse of funds charges.

Judge McDougall is expected to arrive next week to rule on motions for a minimum of 10 cents per hour, and, if he rules against the motions, to set dates for trial of those cases.

### Late FLASHES

CABINET RESIGNS

PARIS, April 8 (U.P.)—Premier Leon Blum's leftist government resigned today, balked by the senate's refusal to grant emergency powers to bring about financial recovery.

The resignation came at a bitter moment in the debate during which the ceremony of the completed political situation might get away with fading chances for a cabinet of national union to save the country.

JAPANESE ROUTED

SHANGHAI, April 8 (U.P.)—Japanese forces were in complete rout 18 miles north of Tientsin today in one of the most smashing Chinese victories of the war. Chinese military authorities reported that the Japanese who Chinese planes bombed and machine-gunned the retreating Japanese units, which in the last three days had been pushing forward for a cabinet of national union to save the country.

### T-B TEST CALLED 'VERY FAVORABLE'

Completed results of findings during the recent skin testing program for tuberculosis carried on through the district health unit and the 15 health districts in the association in three counties, were announced here this afternoon by Dr. Robert Stump, director of the health unit.

The tests, results of which were termed "very favorable," were given to 878 persons over 15 years of age and to 1,029 persons over 15 years of age in Twin Falls, Jerome and Gooding counties, records show. In the former group a total of 20 tests showed positive reactions while in the latter group 49 tests were positive.

Broken down into counties the results are as follows:

Twin Falls: 611 tests given. Of this number 27 were given to persons over 15 years of age with nine showing positive reaction while 53 were given to persons over 15 with 14 showing positive reactions.

Gooding: 229 tests given. Of this number 394 were given to students under 15 with 16 showing positive results while 246 were given to persons over 15 with 20 showing positive results.

In announcing completion of the records, Dr. Stump pointed out that a positive result does not always indicate that the individual has active tuberculosis.

"Positive reactions mean that at some time or another the individual has been infected with tuberculosis. It may mean that it is in active form but in a vast majority of cases it does not. Possibly 93 per cent of positive reactions will have had the childhood form of tuberculosis." (Continued on Page 2, Column 4)

### DEFENDERS HALT JAPANESE DRIVE

SHANGHAI, April 8 (U.P.)—The fourth phase of Japan's campaign in China appeared to have been stopped short today as the war entered its 10th month.

Reports from the front in Shantung province indicated that one of the best Chinese armies ever assembled had halted the Japanese drive against the Chinese "Maginot line" hoping to reach Hankow, the provincial capital in Hupoh province.

Fourth Phase

The drive was intended to be the fourth phase of the Japanese campaign to dominate all China. The first started on July 8 when Japanese forces landed on the coast of the 20th army clashed at Peiping as the Chinese opened fire on Japanese night maneuvers. The following day Chinese forces under the command of Lukuchiao and Peiping was cut off from the outside world.

The Japanese drive in the north China campaign and the battles for Shanghai and Nanking.

Turning Point

Some Chinese hailed recent successes in Shantung province as the turning point of the war. For weeks the Japanese drive on Hankow has been halted. The Japanese army in town on a branch line of the Tientsin-Peking railroad in Shantung province.

### CLUES FOUND IN TEXAS MURDERS

VAN HORN, Tex., April 8 (U.P.)—District Attorney Roy D. Jackson said today that two bloody paper handkerchiefs found on the El Paso Van Horn highway might be important clues in the slaying of a woman over 10 years ago.

Broken down into counties the results are as follows:

Twin Falls: 611 tests given. Of this number 27 were given to persons over 15 years of age with nine showing positive reaction while 53 were given to persons over 15 with 14 showing positive reactions.

Gooding: 229 tests given. Of this number 394 were given to students under 15 with 16 showing positive results while 246 were given to persons over 15 with 20 showing positive results.

### Union Negotiates Conditional Work

FREBONO, Calif., April 8 (U.P.)—Negotiations were underway today to permit union shapers to return to work for woodworkers who are willing to use the union label on their work.

The organized shapers struck 14 days ago for a wage scale and a union state-wide wage scale and using of wood badge with union shapers' union, A. F. of L. affiliate announced today.

### "Freedom" of Ballot in Austria

### Reactions Vary on Beet Labor Scale

Varying reactions of "very favorable" and "not changing" the situation here at the Twin Falls view today of the new minimum wage scale for beet workers, announced at Washington by Secretary of Agriculture Henry A. Wallace.

The scale represents a national increase of about eight to 10 per cent.

"The beet was less than expected," said County Agent Harvey B. Hale just before leaving for Portland to attend the meeting of Pacific Wool Growers' board of directors. "I would say that Mr. Wallace's minimum is very favorable to Twin Falls and south Idaho beet producers."

Less Than 1937

Hale said that the scale, especially for topping, "is less than required last year in order to qualify for agricultural conservation payments." That rate is now 90 cents per ton up to and including yields of 12 tons per acre, and 80 cents for yields above 12 tons.

"Last year the minimum was \$1 for yields under 10 tons, and 80 cents for those over 10 tons per acre."

The other rates in the 1938 scale were about what was expected, Hale said.

Since growers of south Idaho last year paid more than the federal scale, the increase is not expected to offer any obstacle here.

## Amendment to Make U. S. Comptroller Independent Defeated by House Heads

### U. S. WILL START CONSTRUCTION OF HUGE NEW SHIPS

WASHINGTON, April 8 (U.P.)—Assistant Secretary of Navy Charles Edison and Admiral William D. Leahy, chief of naval operations, said today construction of two new battleships provided in the new navy supply bill will be started before Jan. 1.

The navy officials made the announcement after conferring with President Roosevelt. Start of the new dreadnaughts will give the United States four battleships under construction as two already are being built.

Edison and Leahy said the new dreadnaughts probably would be slightly in excess of 35,000 tons each, inasmuch as London naval treaty restrictions have been removed by invocation of the escalator clause by the United States and Great Britain.

The dreadnaughts probably will be only a few hundred tons over the 35,000 figure, Leahy said. He said two new cruisers will also be on the ship ways by the first of the year.

Leahy said that sufficient shipyard capacity exists to handle the additional construction and that the government yards would get a lot of work. He indicated that the government would not enter into the building program if private builders do not submit satisfactory bids.

### Solons Push Through Measure For Administrative Assistants

WASHINGTON, April 8 (U.P.)—President Roosevelt's leaders, smashing the government reorganization bill to ward final action, today defeated an amendment to make the comptroller general independent of the President and responsible only to congress.

Holding administration lines intact in the face of a determined battle from bipartisan opponents, the house rejected by voice vote an amendment by Rep. Francis J. Case, R., N. D. The amendment would have made the entire general accounting office independent of the executive department.

Smashing the opposition coalition on the case amendment, the administration defeated the bill's opponents on a second attack on the amendment by Rep. Andrew J. May, D., Ky., to strike the entire title dealing with the general accounting office of the executive department. The amendment, drafted by the comptroller general and the auditor general.

Defeated 118 to 93

The amendment was defeated 118 to 93 in a standing vote.

Under the house version of the reorganization bill, an auditor general and comptroller general would divide auditing powers of the government. The auditor general with post-audit powers, would be responsible for the expenditure of the federal government.

Red Cross Asks Aid for 20,000 In South Flood

WASHINGTON, April 8 (U.P.)—The American Red Cross and the coast guard today rushed aid to 20,000 persons caught in Alabama, Mississippi and Georgia flood areas in what was described as the worst flood in the history of the Alabama river.

The coast guard reported it has ordered six surf boats, 20 small boats and 50 coast guardmen into the flood areas from Mobile, Ala.

Red Cross officials here said telephoned urgent requests from agents in Alabama, Mississippi and Georgia indicate that "the worst flood in the history of the Alabama river is now in progress."

### JAPANESE FEAR NAVY PROGRAMS

TOKYO, April 8 (U.P.)—The naval building programs of the United States and Great Britain indicate they intend to "oppress" Japan and "hinder" the construction of a bigger Japanese navy, Vice Admiral Mitsumasa Yonai, navy minister, said today.

In an interview with the Japanese press, Admiral Yonai reiterated that no changes had been made in the Japanese naval policy. He said, however, that the Japanese navy would be expanded in the future if it became necessary to re-examine that policy.

He reiterated that Japan's policy was one of non-force and non-annexation.

## CIO Strikers Quit Crockett to Avoid Federation Battle

CROCKETT, Calif., April 8 (U.P.)—Committee of industrial organization strikers evacuated Crockett today with the announcement they were "going fishing" to avoid possibility of violence in connection with a scheduled parade of 15,000 A. F. L. workers in protest against the C. I. O.'s claim of the California-Hawaiian Sugar refinery.

The A. F. L. parade had failed to materialize at 8:30 a. m.—thirty minutes past the announced starting time.

Excepting a few scattered pickets, there apparently were no C. I. O. pickets in Crockett. Lolling in the spring sunshine in front of the closed plant, these pickets chatted with 25 A. F. L. pickets.

Authorities of Crockett, small industrial community in Contra Costa county, across the bay from San Francisco, said it was "the quietest day in weeks."

Members of the C. I. O.'s union had had control of the picket line, first established when officials of the refinery closed it because of the jurisdictional dispute three weeks ago, until Wednesday when approximately 1,000 A. F. L. men descended on the 50 A. F. L. pickets. There was furious fighting for 10 minutes, before police routed the combatants with tear gas. Sixty men were injured and the battle left A. F. L. men in control of the picket line.

Second skirmish

That was the first skirmish. The second came yesterday when approximately 500 C. I. O. men, most of them from other towns in the bay area, descended on 50 A. F. L. pickets. There was no fight. The A. F. L. men, yielding to superior numbers, retired, leaving the C. I. O. again in control of the picket line.

During the evening, municipal authorities assembled members of the rival unions in a peace conference, seeking pledges that there would be no further violence. It was (Continued on Page 2, Column 4)

### SETTLEMENT OF OIL FIGHT SEEN

WASHINGTON, April 8 (U.P.)—Reassurance that the controversy over the oil rights in the Bakken field would be settled amicably was seen today in Secretary of State Cordell Hull's declaration that the nation's oil companies have firmly established the "will to peace."

His speech praising the unity and peace which characterizes the oil industry in this country, the Bakken field, was the first public statement by the secretary of state since he took office.

Hull did not specifically mention the oil controversy. He said, however, that the nations of the northern hemisphere do have international problems and controversies, but are able to settle them peacefully. He said that the nations of the world are committed to the ways of peace.

### INCREASE NOTED IN SCOUT RANKS

Continued gain was noted this afternoon in the number of Boy Scouts and Cubs registered in the Snake river area council as the March report was released by Ambly-Fredrick executive.

With a total of 1,077 Scouts and 41 Cubs registered at the end of March, a gain of 66 was noted over the total at the end of February, according to the report.

At the end of February there were 58 Scout troops in the area while at the end of March the number was at 60. Since March 31 three additional troops have been registered placing the number of troops now active at 63. Fredrick also prepared an activities report which showed, among other things, that nine courts of honor and five Scout leader's training courses were held during March.

Officials of the three new troops which have registered since March 31 and the sponsor of each troop, follows:

Rupert troop 83, sponsored by First Ward R. A. Knudsen; Scoutmaster, David L. Flayer; Assistant Scoutmaster, Thomas A. Darity; Chairman of troop committee, G. E. Darity; with R. E. Catmull, J. E. Stewart, Vernon Crandall and L. H. Johnson as members.

Eden troop 82, sponsored by the American Legion; Scoutmaster, Harold Bauer; Assistant Scoutmaster, Fredrick; with R. A. Knudsen and Kenneth Dale as members.

Flour troop 79, sponsored by the L. D. S. church; Scoutmaster Raymond Birch; chairman of the troop committee, David Knudsen; with R. H. Burton and Thomas Mabey as members.

## There's No Substitute for Eggs— Try Delicious Croquettes, Omelets

By DOROTHY GREIG (Special to Evening Times)  
The hen is a silly creature, and no great shakes for looks. Yet we couldn't get along without her. For we have never found a good substitute for eggs.

Spring is the hen's busy season. She lays in greater abundance than at any other time of year. Eggs are plentiful and down some notches in price. You can use them lavishly with a free conscience.

It is fun to serve them in new ways and it is fun to change the old ways a little. All makes for variety. For example:

- Ham and Egg Croquettes**
- 1 can condensed cream of mushroom soup
  - 6 hard-cooked eggs, chopped
  - 1 teaspoon salt
  - 1/2 teaspoon Worcestershire sauce
  - 1/2 cup soft bread crumbs
  - 1 cup ham, finely chopped
- Combine the salt, Worcestershire sauce and prepared mustard with the chopped eggs. Heat the condensed cream of mushroom soup and add the chopped egg (with seasonings), soft bread crumbs and chopped ham. Heat and cook 4-5 minutes. Let cool for 2-3 hours. Mold into croquettes.

Ham and egg croquettes, golden brown and tender, are tasty for appetizer.

- Breading for Croquettes**
- 1 egg, slightly beaten
  - 2 tablespoons water
  - 1/2 cup fine bread crumbs
  - 1/2 cup flour
  - 1/2 cup milk
  - 1/2 cup oil
- Dip the croquette in a mixture of flour and 1/2 cup milk. Roll in the fine bread crumbs and roll in the oil. Fry in hot, deep fat (368-385 degrees F.) for 5 minutes, or until golden brown. Make 8 croquettes.
- Omelets are old favorites, but this one has a real saucy to glory it.

- 2 tablespoons onions, chopped**
- 1 tablespoon green pepper, chopped**
- 2 tablespoons butter**
- 1 can condensed tomato soup**
- 1/2 cup mushrooms, cooked**
- Sauté the chopped onion and green with the butter until soft, but not brown. Then add the condensed tomato soup and the 1/2 cup cooked mushrooms.

- The Omelet Host**
- 6 eggs
  - 1/2 teaspoon salt
  - Pinch of pepper
  - 3 tablespoons water
  - 2 tablespoons butter
- Beat the eggs until well mixed, then add the salt, water and mix again. Melt the butter in a pan and place over a moderate flame. Beat the mixture with a fork and mix with the pan so that the uncooked egg flows under the cooked portion of the omelet. When bottom is browned, put three tablespoons of Spanish Sauce in the omelet and fold over or roll. Serve omelet on a platter or plate and put more sauce over and around it. Serve 3-4.

- Asparagus-Cheese Souffle**
- 1 can condensed asparagus soup
  - 1/2 cup strong cheese, grated
  - 4 eggs, separated
- Combine the grated cheese and the condensed asparagus soup and heat until the cheese is melted. Then stir in the egg yolks, adding one yolk at a time and beating well after adding each yolk; then cool.

### MELTING SNOWS FILL RESERVOIRS

With snow melting at the higher levels, and good falls recorded in most measurements, storage water in three major reservoirs serving this section of Idaho today continued to show appreciable gains, a report by Lynn Orndall, water-master for the Snake river water shed, shows.

With a total of 90,700 acre feet stored at the reservoir, Lake Walcott is now more than 13,000 acre feet ahead of the reading taken the same period last year, the record show. The gain over one year ago measures nearly 30,000 acre feet.

Continued gain is also noted in the amount of water stored at the American Falls reservoir, also at Jackson lake. In the former case the measurement now stands at 1,705,040 acre feet against 1,684,310 acre feet last week. Jackson reservoir shows a total of 38,480 acre feet against 37,810 last week.

Representative snow depths included in the report show 124 inches at Grassy lake; 117 inches at the Fall creek ranger station; 61 inches at the head of Lava creek; 64 inches at the head of Bear creek; 55 inches at the Brockman ranger station; 19 inches at Ashton; 39 inches at Moran and 72 inches at Snake river.

### Allotment is Not Same as Wheat Quota

A wheat acreage allotment is not the same as a wheat marketing quota—and ranchers who get the two confused should scan this, as explained by H. L. Stafford, state executive AAA officer.

The wheat acreage allotment is a fixed per cent of the normal wheat acreage seeded on the farm. This new farm act provides that acreage allotments for wheat will be established by the nation, state, county and individual farms when on about May 15 preceding the next marketing year beginning July 1. It appears from official records and estimates that supplies and crop conditions indicate there will be wheat in excess of domestic consumption, possible export shipments, and 30 per cent of such amount in addition.

The Quota  
The marketing quota provision of the act will be up for consideration when by the same records and estimates it is determined that domestic supply plus export and an additional 35 per cent is in prospect.

The facts would be proclaimed by the secretary of agriculture and the question of a sales quota submitted to wheat farmers through a national referendum. If farmers vote in favor of a two-thirds majority, a per cent of the national wheat acreage allotment will be declared as a quota which can be offered for sale. The bushels from the farm that can be sold will be determined by multiplying the net wheat acreage allotment established by the quota factor, and this product by the normal yield established for the farm at the time acreage allotment was established.

Example  
Example of wheat acreage allotment: 100 acres normal wheat x 88 per cent—88 acre wheat allotment (normal yield 20 bu.).

Example of marketing quota: 88 bushels of the national wheat acreage (85—1872 bu. that can be sold. The balance of the crop would be withheld subject to loans available under the act.

### HISLOP ASKS FOR ESTATE HANDLING

Selection of Tom Hislop, Twin Falls, as administrator of the Idaho portion of the estate of Ernest Wendell, Chicago, is asked today in a petition filed in probate court.

Leroy L. Olson and Mrs. Minnie Campbell, Chicago, cousins of Peterson and heirs at law, made the request in the petition filed for Hislop by A. J. Myers, local attorney.

The estate is estimated at \$1,700 in Idaho. It lists a residence here in Twin Falls Heights subdivision and other property in Bingham county. The will of Mr. Peterson, who died Jan. 18 in Chicago is attached to the petition. The will is dated July 9, 1922.

### Funeral Held for Victim of Crash

WENDALL, April 8 (Special)—Funeral services were held Wednesday for Andrew P. Peterson of Tremonton, Utah, former resident of Wendell who died at the Burley hospital Tuesday morning following an automobile accident near Burley Monday. The rites were at the ward house here.

He was born in Denmark Dec. 23, 1880, and came with his parents to Utah when an infant. He grew to manhood here and married Nellie Katie Olson Oct. 12, 1906, in the Salt Lake Temple. In the fall of 1927 they moved to Wendell where Mr. Peterson died the following February.

Mr. Peterson married Mrs. Mary E. Carlson Feb. 4, 1931, in the Logan temple and made their home in Wendell until 1935 when they moved to Tremonton, Utah.

He was very active in the work of the L. D. S. church. Survivors are his widow, his aged mother, 87, who made her home with them; Mary, Carl, Lucie and Marie Peterson, Melvin and Wayne Carlson, at home; Mr. and Mrs. Stanley Peterson, Mrs. Scott Bartlow, Raymond Peterson, Mrs. J. W. Peterson, Mrs. Carl, Sarah Carlson, Clarence Carlson, and Leonard Carlson, besides nine brothers and four sisters and 14 grandchildren.

Shoshone Falls in Action Once More

Once more Shoshone falls returns temporarily to its natural splendor, a tremendous phenomenon that seldom has opportunity to display itself, now that man has entered the picture.

It is a sight to behold, and everyone who can should witness it while the Snake river run-off is under way. That Shoshone falls has lost most of its glory since the river was harnessed for irrigation and the generation of power does not mean that the spectacle is any less fascinating.

More than that, it affords those watching the thundering cascade the opportunity of speculative reminiscences. There are many living in Idaho who still remember Shoshone falls in its original state. To a measure at least, they cannot help but be a little regretful that the cataract is no longer free to run its course as it did for perhaps millions of years.

Those who were not fortunate enough to have seen the falls as it was originally, will not fully appreciate what the mighty Shoshone was like in days gone by. Fortunate for them, however, they can better appreciate Shoshone gorge and the present infrequent display of the falls because they have no such early memories with which to draw comparisons.

The transformation does demonstrate quite significantly how time seems to change all things, and unfortunately in some respects the changes are not altogether for the better. Those early settlers who knew the famous Thousand Springs when they were a gorgeous panorama of silvery spray catapulting into the canyon, who thrilled to the roar of Shoshone and Twin falls in bygone days, are fortunate indeed in having lived among such natural wonders.

Today we must content ourselves with what remains. We must believe it has all been a just sacrifice in the name of progress. And all the while engineers will be planning still more ways to further harness the works of nature that man can have what has been called "the more abundant life."

Whether or not this abundance of things material will eventually prove to be worth the price, no one knows. But surely the destruction of Nature's works will have its effect. We cannot help but become more cold and calculating with these natural inspirations no longer present to give us rest and respite. We cannot but lose more of our perspective as regards life itself.

That's why we should feast our souls upon the grandeur of Shoshone falls today. We should encourage all of our children to see it in action, that they too may have some conception of what the phenomenon was like in its prime.

The water master, officials of the canal system and the Idaho Power company could perform a real public service by working out some system whereby the stage of the falls could be predicted for several days in advance so those from a distance could plan on making the trip without the possibility of being disappointed, as has often been the case in the recent past.

Twin Falls Helps Celebrate

Extensive plans for local participation in the celebration of National Air Mail week, May 16 to 21, is gratifying to say the least. It demonstrates conclusively that Twin Falls still has plenty of civic enthusiasm.

While other localities have enjoyed air mail service and boasted of their modern airports, Twin Falls has had difficulty in making any headway along these lines. Numerous campaigns have been undertaken to correct this situation, but for one reason or another we have been forced to content ourselves with a makeshift landing field that serves no practical purpose.

Now new hopes have been aroused. A survey of our field has just been completed preparatory to expected improvements. The city has been assured by state officials, the government and the United Air Lines that a united effort will be made to give Twin Falls the air facilities it rightly deserves.

And while we have not as yet enjoyed anything in the way of airmail service, it is encouraging to know that we are sufficiently enthused over the prospects of getting such service to join in a nation-wide air-mail celebration.

It looks like the time has come. If we all get in and do our part now that the opportunity is here, we'll probably overcome one of our foremost obstacles.

## Wiseman-Koontz Troth Announced at Dinner

The troth of Miss Ruth Wiseman, daughter of Mr. and Mrs. L. F. Wiseman, and Clyde Koontz, Boise, was announced last evening at an attractive dinner party given at the Wiseman home.

The wedding is to take place in June, it was revealed by the clever verses fastened to old-fashioned nosegays at each place.

The dinner table was attractive with spring flowers in a crystal bowl on a mirror base and flanked by green tapers in crystal holders.

The evening was spent at contract and prizes were won by Miss Alice Conway, Blackfoot, and Miss Gwen Snyder, other out-of-town guests.

### Another Reason for the popularity of BUDGET BUILDING

is 4-SQUARE Lumber

- Budget Building Includes
- Monthly terms, without down payment or mortgage for home or business repairs and remodeling.
- Monthly terms for new home construction, like rent.
- Quality building material — LUMBER, BALSAW, WOOL INSULATION, NU-WOOD INSULATING WALL BOARD, and others.
- Home Planning Service.

Builders like 4-SQUARE because it produces better construction at lower final cost. It does this by cutting labor costs on the job with squared ends and exact lengths; and by reducing upkeep by reason of its thorough seasoning.

But the best news of all is that 4-SQUARE costs no more than any good lumber. Furthermore, it is available on monthly terms that pay for all material and labor. That's BUDGET BUILDING! So start YOUR building plans with a visit to ...

# HITLER MOST CAREFULLY GUARDED EUROPEAN RULER

## FUEHRER CLOSES POLITICAL TOUR FOR PLEBISCITE

Munich, Germany, April 8 (Special)—Hitler closed his political tour for plebiscite in the morning with a speech before the Reichstag in Berlin.

The Führer is approaching the end of a 17-day tour through Germany and Austria in behalf of Sunday's plebiscite on the union of the two nations. He made 10 public speeches in 11 cities and met with more than 200,000 persons in his entourage. Yet today he is fresh, fit and alert.

**Caution About Safety**

Hitler is cautious about exposing himself to possible assassins. He is accompanied by a large contingent of police and troops and travels through crowded streets in an open automobile, standing beside his chauffeur and driving the car himself. The Führer appears to be less concerned about his safety than are the men who are charged with his protection. The chief among these is Heinrich Himmler, head of the Nazi state police.

When Hitler's motorcade, headed by his automobile, is followed by 200 men in open trucks with heavy storm troopers, it is their duty to watch the motorcade and to be ready to spring to the Führer's aid in event he is attacked. Himmler, half standing, half crouching, rises in the fourth row and drives the motorcade.

Hitler, it is understood, made a careful check of his motorcade before leaving the headquarters of the German government in Berlin.

**Eight Hours Speech**

One reason for Hitler's good mood today may be his eight-hour speech on setting eight hours sleep each night no matter how pressing the duties of state become. When he has finished his speech, Hitler is tired, but he is not tired.

## Practical Home Gardening BY DONALD GRAY

### Choosing Trees and Plants

Habits of growth, color and time of bloom of various plants must be known to achieve a balanced effect such as pictured above.

**By DONALD GRAY**  
Idaho Evening Times Gardening Consultant

No. 7 in a Series

When starting to plant in a new garden never buy a tree or shrub unless you know its habits of growth, color and time of bloom. It is confusing to an amateur gardener to listen to a nurseryman's Latin or Greek names of plants. But the price of a good flowering tree or shrub is the same as for one with insignificant bloom and the only way to distinguish one from the other is by its specific name.

Take for example, the yellow golden-bell. There are many varieties. On some the flower buds winter kill so that the plants never bloom and others have dirty yellow colored blooms. The best one to plant is called *fortyfour special*.

All varieties of plants do not make satisfactory hedges. The one called California sometimes grows to the ground. The English one called *Victoria* is subject to a disease. The best varieties are *Ibota* and *Aurea*. It is a satisfaction to have the best variety growing in a high position.

## Contest Winners Awarded Prizes By Organization

JEROME, April 7 (Special)—The prize winners for the national defense essay contest sponsored by the American Legion auxiliary were named at its last meeting.

Barbara Peterson received first prize of \$2 in writing on "What the American Legion Auxiliary Means to America." Second prize of \$1.50 went to Chilton Phoenix.

The program will be something unusually very fine, something of extreme interest, and an event that will be in many respects very novel and surprising, said R. E. Goranson, professor of music. The group has made tours of several of the western states and have been well received everywhere they have played.

## NAMPA PIANISTS IN USB CONCERT

FOGATELO (Special)—Playing eight pianos simultaneously, a group of 16 women of Nampa, Idaho, will present a concert at the University of Idaho, southern branch, April 8, under the auspices of Phi Beta Mu and Sigma Beta Mu, music fraternities and sorority.

The program will be something unusually very fine, something of extreme interest, and an event that will be in many respects very novel and surprising, said R. E. Goranson, professor of music. ## Curriculum Task Told to Parents

Work done by a curriculum committee in outlining the course of study in the junior high school for next year was explained by the group to a number of parents from the P. T. A. Wednesday.

The session was conducted by Mrs. Vera C. O'Leary, principal of the junior high school and parents attending were: Mrs. R. L. Reed, Mrs. Henry Champlin, Mrs. R. V. Jones, Mrs. James Harvey, Mrs. Goodkous, Mrs. T. L. Carney, Mrs. Ray Shepherd, Mrs. J. R. Nielson, Mrs. Thorp, Mrs. Lester Thompson, Mrs. Ralph Pink, Mrs. Salladay, Mrs. Claude Brown, Mrs. Figg, and Mrs. Roy Evans.

## Gettysburg Meet Will Attract 3,000 Civil War Vets

GETTYSBURG, Pa., April 8—More than 3,000 Civil War veterans from both sides of the Mason and Dixon line have sent word they will attend a reunion of 100,000 of their fellow veterans in the field of their historic battle 75 years ago.

The shrine will be dedicated by President Roosevelt, if tentative plans are fulfilled, on Sunday afternoon, July 3. The observance of the 75th anniversary of the Battle of Gettysburg will last eight days, starting June 29.

Paul Roy, secretary of the anniversary commission, said veterans of both the Blue and the Gray have responded heartily for the reunion.

The peace memorial, to be inscribed "Peace eternal in a United Nation" will cost \$75,000. Its first, to light the wooded area, will never be allowed to burn out, where the great battle took place.

## Mistakes are often made by beginning gardeners in buying evergreens.

Little balled evergreens look attractive in their nursery row and seem to be just the plants for growing under a window. Unless some questions are asked about the habits of the plant you are just likely to buy a plant that in 10 years time will be a forest tree. It starts out as a dwarf, but it might cover the whole house and block the light and view from the window.

When choosing shade trees for the garden, learn their habits when they grow large. Trees like Norway maple and box elders have such a dense shade that no other plants can grow under them. Soft maples, poplars, and willows have enormous root systems that may block drains and take up all available plant food.

The elm and honey locust are high branched and do not have dense foliage. Also think about planting nut trees for shade trees. They are slow growing but the flowering cherries and flowering crab trees. These latter plants will give bloom as well as providing shade.

## Graveside Services For Burley Infant

BURLEY, April 8 (Special)—Services were conducted Wednesday at the graveside in the Burley cemetery by Rev. Vernon J. Flowers, infant daughter of Mr. and Mrs. James Flowers, who died Sunday at a local hospital.

The funeral was held at the Burley funeral home officiated and interment was made in the Burley cemetery.

## Sino-Japanese Error

When Percy Graner, a noted contemporary composer and pianist, was in Nampa he conducted the group and praised them very highly. ## Hagerman CCC Ends Desert Road Work

HAGERMAN, April 8 (Special)—The Hagerman CCC camp road equipment operated under the supervision of Foreman Arthur Campbell has just completed an extensive road improvement project.

The equipment is on the way to the ferry around Cow's Nose where roads used by stockmen from vicinities of Buhl, Twin Falls, Gooding and Hagerman will be improved.

## Administration Shift

The administration of the program has been changed somewhat for this year. In this there will be no board of directors as in the past. Procedures provide for community committees and the selection by each community of a representative to a county convention. This means that seven representatives will be elected in Cassia county and these representatives will share with the responsibility of electing a county committee consisting of a president, secretary, treasurer, and secretary-treasurer. Delegates to the convention have no other duties than attend the county convention.

### WOMAN TO SEEK HIGH STATE JOB

BOISE, Ida., April 8 (AP)—Mrs. Maude L. Cocho, former Boise city clerk and three times an Idaho county representative in the state legislature, today announced her candidacy for Democratic nomination to the position of lieutenant governor in the August primaries.

Mrs. Cocho was born in Bell, Mont., but has lived in Idaho for 30 years. She is a widow and the mother of three children. She operates a large hotel in Boise.

In her announcement of candidacy Mrs. Cocho says:

"It would be very interesting, being presiding officer of the house or senate—that's why I've decided to run for lieutenant governor."

Mrs. Cocho is the first candidate to announce plans to seek the office, which is now held by Charles Gossett, who has announced his intention of seeking the governorship. Troy D. Smith, former county democrat and speaker of the house of representatives in 1935 and 1937, has been mentioned for the post.

### POPE ANNOUNCES IDAHO WPA HELP

WASHINGTON, April 8 (AP)—Sen. James P. Pope, D., Idaho, announced presidential approval of five works progress administration projects for Idaho totaling \$55,600.

The projects were:

Clearwater county, make improvements in state hospital near Orofino, \$45,000; Caldwell, improve water supply system, \$17,797; Ada county, improve county fairgrounds near Boise, \$4,600; Blaine, construct club house at municipal golf course in Rosa park near Pocatello, \$12,054; Fremont, Seneva, county improve town school public school building and grounds, \$1,340.

### Bird Club Spots Four New Types

Arrival of four new variety of birds for this spring was reported at the meeting of the junior high school bird club yesterday.

Orioles, gulls, doves and ash throated fly catchers were the birds seen since last week's meeting.

The group planned a hike for Saturday if the day is nice, Miss Fannie Amey, sponsor, stated.

### VIEW

Word has been received here that Mrs. Merel Burgess, formerly of View, is seriously ill at her home in California.

Alvin Richards was taken to the Cottage hospital where he was operated on for appendicitis, Monday.

Max Patterson, who's attending school in Salt Lake, spent the week end here at his home.

The Boy Scout court of honor was held Sunday at the View ward hall. The latter part of the program was given by the Junior Girls under the direction of Mrs. Martha Merrill.

Earl Stanger and Laurie Richardson have purchased the Riley Burgess farm.

Mrs. and Mrs. Ted Stevens, Mr. and Mrs. George Stone, and Lewis McBride have bought a farm near Boise and will leave for their new residence soon.

Publisher Larsen said the "high purpose" of the pictures is to "discuss illness and mortality among mothers and their babies."

"Modern medicine has proved that it can cut the maternity mortality rate by at least 75 per cent but at every turn it is hindered by public indifference and social taboos," he said.

Either first was used as an anesthetic on March 30, 1942.

### BRITISH SOLON IS ILL AFTER BLOW

LONDON, April 8 (AP)—Commander Robert T. Bower is in serious condition as the result of a blow struck by Emanuel Shinwell during an angry exchange in the house of commons Monday, it was reported today.

Shinwell, left wing labor, struck Bower, a conservative because Bower shouted at him:

"Go back to Poland!"

Both Bower and Shinwell apologized in the house and it was thought the incident had passed. But today it was stated that Bower had been ill at home since Monday and that his condition was causing anxiety. The blow struck by Shinwell—at first called a slap in the face—was said now to have caused internal bleeding between the layers of the left ear drum. A blood clot formed and caused a swelling which burst and tore the ear drum.

## 100 Marble Champs Will Seek Awards

With entries already starting to pour in from over eight counties served by the Evening Times, indications were today that from 70 to 100 marble champions will meet in Twin Falls Saturday, April 23, to participate in the first annual Magic Valley open championship marble tournament sponsored by the Idaho Evening Times.

Under the plan which will be followed each school in the eight eligible counties can conduct an elimination tournament of its own and then send its winners here for the grand championship matches.

Eligible players will be those who will have numerous prizes for the winners and runners-up in each age group among boys and also for the girls.

Prizes by April 23

Tournaments in the schools should be completed by April 20 and the names and ages of the winners mailed at once to the marble editor of the Evening Times in order that the championship brackets can be completed before tournament time.

Every school in the eight counties, no matter how large or small, is eligible to send champions to Twin Falls. An interested teacher, school official or recreation editor should write the marble editor at once for full particulars so that the individual matches in the various schools can get underway at the earliest possible time. Each school is eligible to send as many of its champions as can qualify under the four age groups for boys and the all-age group (six to 15 years) for the girls.

Free Movie

Every champion entering the tournament in Twin Falls will be the guest of the Evening Times at a free motion picture show at one of the local theaters immediately following completion of play and naming of the eight-county champions. Prizes will be announced later. Eligible counties are Twin Falls, Jerome, Gooding, Minidoka, Blaine, Lincoln, Cassia and Camas.

Following are the complete rules which will be followed during tournament play and should be followed:

(1) The rings will be a circle nine feet in diameter for the first two groups; 12 feet in diameter for the last two groups.

(2) The lagging line will be 25 feet from edge of circle.

(3) Players will lag for turn to shoot. Each player must stand inside the ring. His must shoot "knuckles down." At least one knuckle of the shooting hand must be in contact with the playing surface. The first knuckle must not be inside the ring.

(4) A player may not "baby" in. The law must be removed from the ring unless a marble has been knocked out, in which case the player gets another shot if his law sticks in the ring. His must shoot from the place where his law stops. If he knocks a marble out of the ring and his law goes out also, the next shot is from anywhere around the edge of the ring.

(5) The umpire shall place 11 marbles in the ring with no two touching. The first player to get six of these out of the ring shall be declared winner of that game.

(6) Any player failing to be present at his game at the appointed time shall forfeit the game. Any player violating any of the rules shall forfeit the game.

### GIRLS RULES

All rules same except ring, which shall be six feet in diameter.

# M'NAIR KEY MAN AS SOX, INDIANS SEEK AID

## Both Outfits in Dire Need of Second Baseman

By HARRY GRAYSON  
(Sports Editor, NEA Service)

ALEXANDRIA, La., April 8—Trade winds continue to blow as the major league clubs head north.

The latest gut has Eric McNair of the Boston Red Sox going to the Cleveland Indians in a deal involving Mel Harder. The Tribe refused to consider this transaction during its December meetings.

McNair, who held out this spring, suddenly becomes a key man, with both Cleveland and the Chicago White Sox seeking a regular infielder.

With Luis Appling out with a broken ankle, the Sox need more than do the Indians. McNair worse than do the Indians.

Jimmy Dykes perhaps regrets swapping Vernon Benson to Detroit during the winter, for, with Monty Strasser suffering from a bad arm, he now cannot open the pitcher dened by the Red Sox.

The Cleveland club has been stalling for time, awaiting the result of the transaction submitted to by Ed News Day.

Manager Vito D'Amico has given up on John Kener, and is looking for the looser, Portland gathered his hits while Radomski and Hatcher gave up only nine.

McNair, after losing five straight games, finally scored a win behind the southpaw hurling of Ken Douglas. The score was Oakland 3, Sox 0.

San Francisco lost its third successive game to Hollywood by a score of 3 to 1.

San Diego scored four in the third inning against Los Angeles and that was enough to insure a 4 to 3 victory.

San Francisco 000 000 000—0 0 0  
Oakland 000 000 000—3 0 1

## Jockey Shoots For Record After 6 Wins

RAY MEADOWS TRUCK, SAN MATEO, Calif., April 8 (AP)—Jockey Jimmy Adams today shot for an all-time record by winning his sixteenth straight of the Kentucky winners in the last six races here yesterday.

Adams, who has missed the first two races and swept the rest of the card, gave him a chance to run his eighth night here.

He already has tied a world record.

In the first race today he is scheduled to ride the Merabach, well-regarded two-year-old, Teal Merchant is third consensus choice among the public spectators. His next mount in the third is Mumbasa, top consensus horse.

In the fourth he has a mount with only one outside chance—Peter Banner. In the latter races he has Lady Florise and Time Flight, both solid contenders, and two outsiders, Noble Count and Red Chalk.

**SOLONS NOSE OUT BEE**  
ATLANTA, Ga., April 8 (AP)—The Washington Redskins, led by one-gone stand here today to meet Atlanta's Crackers of the Southern association. The Senators ended a nine-game losing streak against major league teams when they won the Boston Bees in their first training camp appearance at Orlando, Fla., yesterday.

## Mac Sees Heavy Season Of Betting With Two "Naturals" in Spotlight

By HENRY McLEMORE  
DAYTONA BEACH, Fla., April 8 (AP)—Two horses, a German, and an Alabama colored by figure to bring a brace of all-time favorites this summer that should establish a new, all-time high for betting in this country.

The two horses are War Admiral and Seabiscuit. The German is Max Schumling and the colored boy from Alabama is Joe. Both the Admiral and the Seabiscuit meet in their proposed match race at the Duke of Windsor in the latter part of the season.

Seabiscuit's trainer, Tommie Smith, and Max and Joe Schumling, and the Duke of Windsor, and the Duke of Windsor is said to be an enthusiastic amateur sports photographer.

The two schools are just about equally divided in numbers. When and if these two chaps step in the ring from Alabama and Florida, the Admiral in the United States to make a fourth at bridge. The wagering mark established by the second Dempsey-Tunney fight (and that was no penny-ante scrap) will go by the boards. To cause heavy betting, a fight must have many angles.

Well, Louis and Schumling present more angles than Max West photographed against the background of Chinese pagodas.

On Schumling's side there are the angles of experience, stamina, courage, condition, and past performance, to name a few. On Joe's side, one can list a devastating punch, increased ring youth, continued activity, and a desire for revenge.

Seabiscuit's trainer, Tommie Smith, Add to these the rumors that always surround a heavyweight fight, the angle of pride and all the others, and you have not only a natural, but a natural natural.

In case you would like to make an early parlay on the two events, your choice are Seabiscuit over Louis and a mid and a quarter, and Schumling over W. West. The odds, however, are given the full punch.

Several reels of motion pictures in color will be shown. The reels show summer, fall and winter sports in Idaho.

Annual meeting of the club, will be held on May 22 at the headquarters in Shoshone. Bud Reed of Boise is in charge of arrangements. Election of officers will feature the session.

## White Sox Drub Pirates; Score Is 27 to 20!

SWEETWATER, Tex., April 8 (AP)—The Chicago White Sox defeated the Pittsburgh Pirates 27 to 20 in a snowstorm yesterday.

But the final score was in Jacksonville, Fla., where the Sox won 10 to 1.

It was a hunt instead of a baseball game. When the storm occurred an expedition of an expedition to the two teams went on a shooting expedition with shot guns and ammunition furnished by local sporting goods stores.

## Adamick Clashes With Al Ettore In 10-Round Bout

DETROIT, April 8 (AP)—Jimmy Adamick, the Midland mauler, faces a crucial test in his advance toward heavyweight laurels when he meets Al Ettore of Philadelphia in a 10-round fight here tonight.

Fans expected to see a rough and tumble battle. Adamick's followers admitted that Ettore, who fights going in, give the Midland boxer a type of battle different than that he has faced in his past few bouts. Ettore is a body puncher and Adamick's manager, Jimmy Brady, pointed out that Adamick's recent opponents all have favored a head attack. Brady predicted an "easy brawl."

## DiMaggio Will "Stand Pat" on \$40,000 Demand

SAN FRANCISCO, April 8 (AP)—Joe DiMaggio was unshaken when he learned Col. Jake Ruppert of the New York Yankees had issued an ultimatum to "sign for \$20,000 or not at all."

"That's fair enough," said DiMaggio.

"I'm standing pat on \$40,000 and nothing less, and I'm staying in San Francisco until I get it," he said.

### Buhl Starts Track Season

BUEL, April 8 (Special)—The first week of track and field tryouts at Buhl high school which have been held mostly indoors close tonight with Coach Ormond Thomas a satisfied after the preliminary workouts on fundamentals.

Thomas indicated that the Buhl team should have a fairly successful season at Buhl, though only three lettermen, Bill V. HOPKINS, Wilson, Junior Miller, and R. D. McCaleb, are back from last year's squad.

Fifty candidates have been participating in the spring workouts, with many of the untrained youths showing promise. Sprinters showing early form are Cleo Pharis, Louis Canine, Cliff Cobb, Bill McCaleb and Francis Cobb.

Volney Hopkins, Ted Pence and Ray Hoobing are developing as hurdlers, while the distance runners include Thoralf Rangen and Lyle McCarny. Pole vaulters Bill Butler and Louis Canine and weightman Benny McCleary are talented in their particular events.

### Battered Chicago Hockey Team Loses to Toronto

TORONTO, Ont., April 8 (AP)—The battered Chicago Black Hawks were on their home today losing to the Toronto Maple Leafs in two straight and win the Stanley cup tonight.

The Leafs crushed the Hawks 5-1 last night to even the best-of-five final for the prized hockey trophy, and only two of those wins are against minor leaguers. Tommy Bridges pitched the first five innings and was touched for five hits and one unearned run.

### St. Edward's Will Play Junior High Softballers Tonight

St. Edward's softball team tonight will play the Twin Falls junior high school club tonight in the second game of the season.

Yesterday the St. Edward's team drubbed the Elsie school outfit by a score of 15 to 10.

Batteries for the game were: St. Edward's—Andrew Florence and Bud Panner; Elsie—Dale Lincoln and Spencer Galien.

### Bowling Schedule

CITY LEAGUE  
(Alley 1 and 2)  
Fri., April 8, Twin Falls Lumber vs. Lida's Motor Service.  
(Note:—Last week in City league; Emerick vs. Kimberly still to roll postponed match).

### Barnard Nips Leaders In Pin Loop

Although his lead-off man, Neal McIntyre, soared to a total of 620, National Laundry jumped into a setback in the form of Barnard Auto's bowling team last night and took a 2-1 verdict in a tight battle.

The upset of the Commercial league leaders now means that the Laundrymen must have one win in their next series to clinch the second-half crown.

Post Office's crew of keggers flashed their early season form to win Four 200's to 6 and 221, apparently to clinch third place in City league this half.

Although McIntyre's 620 took total honors, Walker Bertsch ran wild his third game to collect 245 for single laurels. His total was only seven pins under 600.

Meridian Edwards of the Postals capped City loop high total and high game with 543 and 221.

### Weather Halts Game

ABILENE, Tex., April 8 (AP)—Weather permitting, the Pittsburgh Pirates and the Cincinnati Reds will play an exhibition baseball game here today. Snow and high winds prevented them playing at Sweetwater yesterday.

### New "Hold"

CAMDEN, N. J., April 8 (AP)—Danno O'Mahoney once won the wrestling championship with his "fish whip," but Chief Cheswick showed him a hold last night that he had never seen before. Referee Doc Dehman disqualified the Oklahoma for springing pepper in Danno's eyes from a shaker concealed in his trunks.

## Rhodes Proves Alibi In Unsolved Murder

**BOISE, Idaho, April 8 (UP)—**Chief of Police J. Erner Harris said today that Charles (Dusty) Rhodes, 42-year-old, Meridian relief worker, had not been questioned regarding the unsolved J. P. McCarthy murder near Pocatello a year ago was "definitely out of the picture as a suspect."

Rhodes established an alibi, Chief Harris said, when testimony produced by officials of the Veterans hospital here showed that he had been confined in the hospital from April 28 until June 15 of last year. McCarthy's blood drenched automobile was found abandoned near Pocatello May 20 and his mutilated body, the throat cut, was found in the desert near Burley June 1.

Harris admitted he was mistaken when he announced that Rhodes and McCarthy had been confined in the Boise city jail together two days before the murder and had left town together.

"We have had Rhodes in jail several times on intoxication charges," Harris said, "and we had the records mixed. Rhodes was found in the hospital at the time we were looking for him in jail with McCarthy."

Rhodes was arrested Monday night on an intoxication charge. McCarthy was arrested at the request of Pocatello police. Rhodes had been sought for questioning for approximately six months, police said.

Rhodes' alibi was strengthened when persons who had identified him from his picture at the "red Sox" in Meridian, Idaho, near the vicinity of the bloody car viewed him in person and said the "other man" was "much larger."

Police said they would probably file charges of possessing stolen property against Rhodes. When arrested, he had in his possession about \$60 worth of goods taken from a warehouse, police said.

Dismissal of Rhodes from the murder trial and the fact that Idaho's most baffling crimes unsolved, McCarthy, also a resident of Meridian, had purchased a Chrysler sedan from a second-hand agency and had come to Boise May 1 for a "good time."

Harris said McCarthy was seen near the biodecanted car, a red-headed man tried to get gasoline from the car and was arrested. Investigation of the car was found and a red-headed man tried to suit automobile tools in Downey. Red hair was plastered in the blood in the car.

## Tornadoic Winds, Snows, Sleet Rage Across Mid-West States

**By United Press**  
Tornadoic winds, snow, sleet and floods raged across the western half of the nation today as a mid-spring storm moved into the south from the Rocky mountains and whipped by heavy rains, driving northward toward the Atlantic states.

Snow and sleet added to suffering in midwestern states, where traffic and communications were crippled by a blizzard Wednesday. Temperatures were below freezing in the entire area.

Several persons were killed in the Midwest and south. An aged couple and eight negroes were killed and 20 injured last night when a tornado roared through a section near Alcolville in western Alabama and damaged homes in eight communities. Five died in Indiana from falls and in traffic accidents. A man was killed in Iowa when his car crashed into a truck on a glassy pavement. A Chicagoan fell dead while shoveling snow.

Far West Escapes  
On the far west and southeast of the nation today as the wintery weather escaped the middle west. A crippling glass covered central Illinois.

Kansas City, St. Louis, and Peoria, Fort and Bloomington, Ill. were in the storm's path. Communication lines in the Illinois cities snapped as they became buried in snow. Telephone company officials at Peoria said the sleet was the worst in several years.

Far West Flooded  
Several thousand acres of farm land in Oregon county, Ark., were inundated when flood waters of the St. Francis river swept away a 200-foot section of a levee. At Elk, Central Ill., the Wabash river, swollen by rain and melting snow, flooded a three-mile stretch of highway. Police and relief agencies coordinated in finding homes for refugees driven from lowland farm houses.

Dust, mingled with snow, was whipped through Arkansas by a driving wind. The temperature was 22 below. A heavy snow storm in Iowa, Nebraska, Ill.

Rescuers were attempting to fish their way through seven-foot drifts east of Elk City, Okla., in an effort to reach 20 cars stranded by motorists. A blizzard raged as police and volunteers worked from two directions to reach the scene. The temperature was 20 degrees. Occupants of 30 other cars, stranded west of Elk City, were roused yesterday.

Iowa and Nebraska were hard hit. Telephone company officials estimated that 130 towns were isolated in Iowa; but said communications could be restored in 50 of the communities within 24 hours. They estimated damage to lines and poles to be \$10 million.

Highways were blocked or only partially open 75 miles north and south of Chicago. Driving was made hazardous throughout the metropolitan area by sleet-covered streets. Chicagoans attended two Easter fashion shows in winter clothes and gaiters.

YOU CAN EAT A CHICKEN BEFORE IT IS BORN; YOU CAN EAT WHAT IT PRODUCES DURING LIFE, AND YOU ALSO CAN EAT IT AFTER IT IS DEAD.

Show may begin to fall at any hour of the day or night, but the hours given above are favorite hours, due to the tendency of cooling air to condense. Three o'clock is the hour of a winter afternoon when cooling is begun, and eight in the morning is the coldest time, and the most likely for the condensation of moisture.

# Britain Maneuvers for Peace as Blum Loses Ground

## CABINET CHANGE SEEN IN FRANCE AS CRISIS LOOMS

By JOE ALKX MORRIS  
United Press Staff Correspondent  
Great Britain began maneuvers to stabilize European peace today in face of riotous French cabinet crisis in Spain's civil war.

With the cabinet of French Premier Leon Blum crumbling, German workers' mass demonstrations of support, British "personnel" were reported to have opened negotiations with Blum's successor, expected to be the new government leader, for extension of needed credits. Whether such negotiations would succeed was highly doubtful.

**Earlier Credits for Favors**  
In return for \$1,522,500,000 in credits for raw materials, it was said that Blum was asked to form a strong cabinet avoiding any Communist participation, collaborating with Britain, keeping hands off Spain and permitting the Franco-Soviet alliance to lapse.

Such a move might be expected to smooth Britain's negotiations for a peaceful working arrangement with Italy, strengthen indications that France also would seek a reconciliation with the Fascist state and further British efforts to bind the new Spanish dictatorship to London by financial aid.

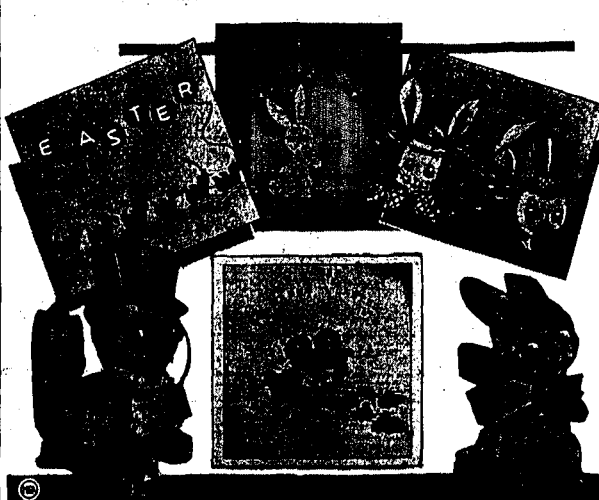

At the same time, abandonment of France's ties with Soviet Russia further would weaken the already broken combination of small powers opposing Nazi Germany's expansion in eastern Europe as well as cause grave apprehensions among French workers. Nazi Chancellor Adolf Hitler's expansion of the Reich already has made French alliances in central Europe of highly doubtful value.

**"Win the War"**  
Meanwhile, the Spanish nationalistic armies were forced to call up reinforcements to continue their "win the war" offensive against the republican forces. The government troops still held Tortosa, launching daily counter-attacks on the rebel's position to break through to the Mediterranean.

In the north, the insurgents broke through to Tresp and captured a series of big power plants supplying Barcelona's war industries. Capture of power lines badly crippled the republic's industrial center, but emergency power hook-ups prevented paralysis.

The Barcelona loyalist regime was reported taking drastic steps to re-

## New Easter Cards Forsake Pastel Tints

Easter greeting cards that children will love to send to one another are bright and gay and will be fun to keep, play with and re-color on rainy afternoons for months and months. Sweet little bunnies, colorful chicks and ingratiating ducklings cavort around on vivid backgrounds. The traditional pastels, long established as conventional Easterlike hues—pale yellow and lavender, light green and pink, silver and so on—yield their supremacy this year to a new vogue for deeper, more sophisticated tones and for a striking use of metallics of gold in various finishes, and copper to vie with silver. There are handsome Easter greetings in more grown-up mood, of course. The lively, in a variety of renderings, lends itself particularly well to the designs in the spirit of contemporary art. Other cards of floral motif rate originally by unexpected blooms such as poppies, lilacs, wisteria, pansies or orchids in preference to the springtime flowers usually found on Easter cards. If you want something especially new, you might like a bluebird (for happiness) in top hat and monocle.

**Infence Its "last ditch" defenses;** executions were reported increasing rapidly and refugees arriving in France—urged that Paris intervene to prevent mass execution of Barcelona prisoners.

**Assassination Plot**  
VIENNA—Nazi officials investigated threats that Hitler would be assassinated when he arrives in Vienna Saturday to close his campaign for the April 10th plebiscite on Austrian-Germany unity.

**FRAGUE**—The indirect Nazi campaign to win dominance over Czechoslovakia continued when the Sudeten German members of par-

liament walked out in protest against failure of the government to grant minority demands.

**BUDAPEST**—A bill giving the Hungarian government power to restrict Jewish economic and scientific activities was introduced in parliament.

**Huge Chinese Army**  
SHANGHAI—Chinese armies were reported to have stopped the Japanese war machine advance against Hankow, Chinese provisional capital. One of the greatest Chinese armies ever brought together reportedly using Russian tanks, held off and counter-attacked the Japanese in what some Chinese officials

believed might be a turning point in the war.

**WASHINGTON**—Secretary of State Cordell Hull called on the nations of North and South America to stand firmly together in a bond of friendship against the "ominous clouds" which elsewhere menace the fundamental principles of international order.

**ROY, 5, FEELS 648 MILES**  
SYDNEY QUE.—Kenneth Taylor, aged 5 and weighing only 52 pounds, made a bicycle trip from Sydney to Goulburn and back, a distance of 546 miles.

## CHORISTER GROUP TO GIVE CONCERT

The 30 members of the Gooding college a cappella choir, considered by critics to be one of the finest such groups in the state, will present a program of vocal numbers ranging from Russian church chants to Negro spirituals.

The group is directed by B. E. Harris. Program numbers are: Choral identification melody, "Finlandia," andante movement, Sibelius; "O God, Thy Love is Good," Psalm 115; Ukrainian church melody; "O Lord Send the Fire," Noble Cain; "Now Thank We All Our God," Martin Rinkart; two numbers by the ladies' trio, "The Prayer Perfect," James Whitcomb Riley, and "Just A Whispin for You," Carrie Jacobs Bond; "Angelic Choir, Robert Goldbeck; "Vanka 'N Tanka," Russian folk song; "The Lord's Prayer."

After the numbers to be presented are: "Bzopod Pomilui" Russian church chant; "Rock of Ages," Jesus Baylour; "Pilot Me," Rev. Augustus M. Top; lady and Rev. Edmond Hopper; "Swing Low, Sweet Chariot," Negro spiritual; two numbers by the quartet; "The Creation, Genesis 1-3, and "A Perfect Day," Carrie Jacobs-Bond; "O Watchers of the Stars," John Greenleaf Whittier; "Lord Bring Dat Sinner Home" and "Couldst Hear Nobody Pray," Negro spiritual.

**56 Cases Tried in Court at Burley**  
BURLEY, April 8 (Special)—Police Judge C. L. Barclay reports that 56 cases were tried in his court during the month of March. Of the total, 23 were for disturbing the peace, four for drunkenness, 28 for traffic violations and six for gambling. There were single cases of harboring a vicious dog and wiring for electricity without a license. Seven offenders were fined.

The police judge gave \$400.00 in fines and forfeitures to the city clerk.

## Jerome B. P. W. Sponsors Spring Fashion Parade

JEROME, April 7 (Special)—Under the sponsorship of the Jerome B. P. W., one of the most successful events of the season Wednesday evening was presented at an Easter spring fashion show at the Jerome high school auditorium.

Fashioned displays what the well-dressed woman, young miss and small tot will wear during the coming season, were shown during the evening. Showings were modeled by Mrs. Florence Smith, Opal Thompson, Marjorie Freeman, Augusta Pechner, Miriam Tolman, Little Nancy Crandall, Joan Churchman, Donna Geppner, Roma Barkman, Kathryn Galier, Madelyn Sanderberg.

Matching and contrasting accessories were also shown. The coliffures of each mode were given through the courtesy of the M. and A. Beauty shop, Ann's Beauty shop, Flora Morgan, Co-Ed, Jean and Edna, and Mayme McCabe beauty shops.

An old fashioned showing of what the well dressed lady of some years past were in 1870, 1880, 1890, 1910, 1913, 1919, 1928, was staged. A musical program was presented during the intermissions as follows: The Weichner quartet, Cobb Twins, a duet, Junior high school girls' triple trio, Vera Roman; a musical reading, and a unique jumbling act by Molly McLaughlin and Alta Deck. Announcements of the numbers were made by Miss Marjette Jones of the Jerome high school.

Elaborate floral displays and corsages were furnished through the courtesy of the Lamun Floral Co., furniture, the L'Heston Co.

**SENT TO PENITENTIARY**  
BURLEY, April 8 (Special)—John Eugene Wilson entered a plea of guilty to charges of forgery Wednesday in the district court. He was sentenced to from one to 14 years in the penitentiary by Judge T. B. Bailey Lee. Wilson was taken the same day to Boise by Sheriff P. D. Pace.
