Two Murder Suspects Hunted Here

SOUTHERN IDAHO OFFICERS WATCH FOR 1-EYED MAN

Sharp vigil was maintained by Twin Falls county and city law enforcement officers this afternoon for a one-eyed man who had become the latest suspect in the murder of an aged Nevada filling station proprietor.

The one-eyed suspect, and also an earlier suspect—a Negro—may be heading into southern Idaho, authorities were informed by Sheriff C. A. Harper of Elko, who requested close watch.

The missing eye is "probably the left eye," Harper said.

The second suspect was added to the manhunt today in a wire from Sheriff Harper to Sheriff E. F. Prater. The latest suspect is a white man.

65-Year-Old Victim
Aged victim of the unknown slayer was C. R. Brown, 65, who was shot to death in his home, 15 miles east of Elko Saturday. The body was found later that day by a Elko laundry truck driver.

The aged victim had been shot three times through the head. The wire today from Harper to authorities here, asking for aid in the manhunt, said:

"Additional suspect white man. Average size. One eye missing, probably left eye. Rough hands. Face wrinkled. Very brown face, dirty beard. Wearing black slouch hat, dirty, greasy gray sweater."

Sheriff Prater immediately sent out an alarm to other south Idaho officers.

An earlier wire received Sunday called Elko U. P. Thornton, deputy sheriff at Elko, and announced that the suspected car in which the slayer was believed to have fled had been found. The telegram said:

"Disregard conversation regarding Ford motor car located. Suspect Negro six feet, 165 pounds, very dark. Ugly face. Wearing dirty gray flannel pants, blue shirt and a cap."

The truck was stolen from Brown after he was slain.

It was reported unofficially in Twin Falls that the murder suspect was either heading westward or into south Idaho.

ELKO, Nev. April 18 (UP)—Officers sought today a Negro nicknamed "Cattlegap" for questioning in connection with the robbery and murder of C. R. Brown, 65-year-old father of a service station 20 miles east of here.

Brown's body was discovered Saturday night. The Negro was believed to be a hitchhiker who had been working at the station.

Brown was shot while he was buying a fire. The gun was held close to his head. Police said he had apparently not expected the attack. The slayer then ransacked the place and fled.

Who Are Two Handsomest?

Who are the handsome men in the world? A thousand women and a thousand men—voters to New York Beauty magazine—were asked to name their favorites. The contest narrowed down to the eight associated Adonises shown above. Of these, two men were the first and second choices on both the masculine and feminine voting lists. Pick from these eight the two who YOU like most handsome, and then turn to Page 2 to compare your ideas of masculine beauty with those of the 2,000 contest voters.

New Power Cut Saves \$100,000

Savings of approximately \$100,000 per year to users of electricity as the result of lower rates were announced here today through the Idaho public utilities commission, after a series of conferences with the Idaho Power company.

A minimum portion of the savings will benefit consumers in the lower consumption brackets of Idaho Power's—Minimum bills for lighting and refrigeration are included in rates for \$1 to 10 cents, with reductions also in the minimums for cooking and for complete residential service including electric water heating.

Two Rates
In place of four separate rates formerly in effect respectively for lighting, refrigeration, cooking and complete residential service including water heating, these will be replaced by two rates. One will cover the three services of lighting, refrigeration and cooking. The other will, as at present, be for complete service with water heating.

The new combination rates is as follows: 80 cents for the first 15 kilowatt hours; next 10 kilowatt hours at 10 cents per kilowatt hour; next 10 kilowatt hours at two and one-half cents each; all additional electricity 10 cents per kilowatt hour.

Full Residential Service
The complete residential service rate is 90 cents for the first 15 kilowatt hours; next 10 kilowatt hours at 10 cents each; next 10 kilowatt hours at two and one-half cents each; next 10 kilowatt hours at two cents each.

Salmon Gets Reduction
In addition to the rates which apply to Idaho Power company, a connected system a reduction of approximately \$1,400 was made effective to residential and commercial users at Salmon, Lemhi county.

Substantial reductions in electric rates have been made by the company as a result of a series of public conferences in each of the last four years beginning with 1935, and the utilities commission estimates that the total savings to users of electric service from these four reductions now amounts to approximately \$410,000 per year.

Oddities

REASON
KANSAS CITY, Mo., April 18 (UP)—Eighty William Hamm dogs who begged money as a dead-mule in a political district, was eloquent at police headquarters. "I want to be a dog," he said, "and I want to be a dog."

OMAHA, April 18 (UP)—A person needn't fear being jailed in Omaha for uttering violence and in a 15-minute "complaint" he set his alarm clock and turned out 21 convicted murderers a robin has awakened him by pecking on his bedroom window.

SAN RAFAEL, Calif., April 18 (UP)—Mr. and Mrs. Frank Wolf, whose home is on the summit of a mountain in the Sierras, reported that their two babies, Edward, 2, and Martha, 15 months, might tumble down the mountain's rocky crags while playing.

CAPITOL EXPECTS TAYLOR TO QUIT POST TODAY

BOISE, April 18 (UP)—Resignation of Ira J. Taylor, state commissioner of public works, was expected today by state capitol officials.

Taylor, former warden of the state prison, was convicted by a third district court jury on the charge of falling to keep and pay over \$658 in state prison funds.

He was indicted on that charge and on charges of embezzlement and misuse of public funds by the Ada county grand jury in the first of a series of counts brought by that group on the investigation of state government.

An informed officer said Taylor's resignation was in the hands of the governor with the understanding of allowing the chief executive's pleasure.

It was said Taylor's successor had already been named by the governor nor the governor would comment.

TRIAL OF PHELAN OPENS IN BOISE

BOISE, April 18 (UP)—The state today began calling witnesses in the trial of Tony C. Phelan, former chief clerk of the Idaho penitentiary, on charges of embezzling \$78 in public funds.

Jury selection was completed before noon and court was adjourned for a midday recess.

In an opening statement to the jury, the prosecution said it would attempt to prove that Phelan cashed checks for \$78 in public funds \$78 which was delivered to the island following the sale of Eagle Island prison farm hops to a British consortium.

The prosecution alleged that Phelan made out a treasury report on the transaction, secured the signature of the auditor and the check was then drawn, but did not turn the money into the treasury.

Phelan was indicted by the Ada county grand jury. One indictment charged him with embezzling \$78 in public funds delivered to the prison.

That indictment was later dropped at the request of state attorneys. The grand jury also returned a charge of embezzlement and a charge of misuse.

LEND SPEND ACT PASSAGE LOOMS

WASHINGTON, April 18 (UP)—Congressional leaders indicated today a conference with President Roosevelt today that they expected concrete to approve the administration's \$200,000,000 flood control program without any considerable delay.

Another phase of the program in the capital area is the depressed revised tax bill, was desklocked between house conferees. The house group again refused to submit the bill to the Senate. The bill would provide for a 10 percent increase in profits and capital gains levy to the house for a showdown vote.

Pension Leader Escapes 30 Days in Jail Following Roosevelt Intervention

O.A.R.P. Head Hails Release As Vindication

WASHINGTON, April 18 (UP)—President Roosevelt today pardoned Dr. Francis E. Townsend, old age pension advocate, under 30-day jail sentence on conviction of contempt of a house committee.

The presidential pardon for the aged pensions advocate was issued by the White House a few minutes after Townsend surrendered to a U. S. marshal to begin his jail sentence.

It followed a series of congressional appeals that the White House intervened and grant clemency to the 71-year-old California physician.

Townsend had been in a "complete vindication." "The President, as spokesman for congress," he said, "has performed an act of complete vindication."

He said he would return immediately to Los Angeles. The presidential pardon was announced by the White House less than 20 minutes after Townsend accompanied by his attorney, arrived at U. S. Marshal's office, surrendered to U. S. Marshal John Colpoys.

Townsend had arrived at the city building, where he had a clean shirt, an extra pair of socks and a battered old typewriter on wheels. He was wearing a suit of blue and white stripes, the color of the U. S. flag.

In issuing the order for executive clemency, the White House made public a summary of the Townsend case, reviewing the incident from which his contempt conviction arose.

The action started when Townsend, under subpoena to testify before a house pension investigating committee, stalked out of the committee room on April 10.

With a second guilty verdict already returned in district court, trial of the third of three liquor violation cases got underway in court here today with selection of a 12-man jury to hear charges against Eugene Conner, Kimberly.

Juryman Saturday, after actual deliberation of only two hours, found Henry Thomey, Buhl, guilty of liquor nuisance by reason of sale in violation of the Idaho statute. The assessed fine was made of Thomey's Midget bar, adjoining his cafe in Buhl.

The jury received the second case at 12:30 p. m. and retired for lunch and then returned to find a verdict by 3:30 p. m.

W. R. Cameron, Twin Falls, was convicted in the first of the three cases.

Task of selecting the Conner jury was completed this afternoon after a hearing in which the state had to prove two of its preemptory challenges and the defense one.

Paul E. Boyd, Buhl, was entered as associate counsel for the defense at the request of W. Orr Chapman, of Chapman and Chapman, attorney for Conner.

Judge T. Bailey Lee this morning overruled the defense motion for a 12-man jury. The charge is a criminal misdemeanor, and not a felony.

Reverent Throng At Canyon Services

Reverent thousands of south Idaho residents gathered Easter morning in Snake river canyon at the foot of a lighted cross near Shoshone falls to commemorate the resurrection of Jesus Christ nearly 2,000 years ago.

Unofficial estimates set the size of the throng at the colorful services as 3,000 persons.

Air of worship and a feeling of grandeur was imbued in the assembled throng as the rites were inaugurated while the call to worship echoed through the canyon. Three bugles sounded the call from many points in the amphitheater and gradually died away into silence.

Mighty Cataract Boars
The clearness of the day with the sun coming over the canyon rim added to the impressiveness of the green setting backed by the white foam and mighty roar of the Shoshone cataract.

The sunrise rites sponsored by the inter-church youth affiliation of Twin Falls initiated the annual religious festival day observed by churches and other groups throughout the city. One of the most colorful and impressive of the rites which followed was the attendance of the Knights Templar in full uniform at the Methodist church services.

Order of worship at the sunrise service was opened with the invocation by Paul Wright and a quartet of Edith Richards, Gertrude Beesler, Paul O'Leary and Ralph Blake singing "Christ, the Lord is Risen."

Headings from the scripture on the resurrection morning were conducted by Loren Haines and "The Lord's Prayer," was presented as a musical solo by Paul O'Leary.

Cites Christ's Influence
The life of Christ, as influencing the lives of men over a period of two thousand years was sounded in the short address given by Loyd Perry.

Another quartet of Virginia Kerlin, Ruth Miller, Paul Wright and Melvold Edwards preceded the benediction singing, "Down in the Lilled Garden."

FDR Tosses First Ball to Open Season

WASHINGTON, April 18 (UP)—One-Eyed Connelly crashed the gate at the start of the 1938 major league baseball season and got a better seat than the chief executive as Washington and Philadelphia officially opened the 1938 major league baseball season.

Mr. Roosevelt threw out the first ball from his box behind the first base line. The crowd roared as he wound up several times, then roared again as he made a school-ath throw that barely cleared the box.

Jimmy DeShong, Washington pitcher nearest the box, caught the ball. The crowd roared as he pitched baseball officially was on.

A series of light showers had cut down attendance. Only about 25,000 were in the stands which seat 32,000.

Vice President John N. Garner got a big hand from the crowd when he took a seat in the box back of first base alongside Ben. Carter Glass, D. Va.

Wesley Ferrell, right hander, went to the box for the Nationals while Chief Justice Charles E. Hughes, another right hander, in to pitch for the Athletics.

IDAHO ENTRANCE URGED FOR PARK

Twin Falls businessmen were on record today as energetically favoring the opening of an Idaho entrance to Yellowstone national park.

Local forces within the Idaho communities which seek the park entrance from this state, the Chamber of Commerce granted official support today to the campaign.

The Idaho entrance would offer a travel saving of 50 miles in distance from Twin Falls to Old Faithful in the heart of Yellowstone park.

The proposed entrance would be at the end of a present Idaho state road which goes to the park boundary. Plans will be directed to the national park service to outline that road inside Yellowstone park, and to set up an official entry station at the Idaho boundary.

HANGOVER

POCATTELLO, Ida., April 18 (UP)—Administration of oxygen from the municipal inhalator saved the life of a young man today after he drank a half-pint of whiskey which he found in his father's automobile.

The 21-year-old man, violently ill and an investigation by the parents disclosed the baby had found the liquor and consumed several while playing.

He was rushed to a hospital, old firemen brought the father, and after a time of two oxygen tanks he had recovered.

Today he had nothing worse than a bad hangover.

3RD LIQUOR CASE STARTS IN COURT

With a second guilty verdict already returned in district court, trial of the third of three liquor violation cases got underway in court here today with selection of a 12-man jury to hear charges against Eugene Conner, Kimberly.

Juryman Saturday, after actual deliberation of only two hours, found Henry Thomey, Buhl, guilty of liquor nuisance by reason of sale in violation of the Idaho statute. The assessed fine was made of Thomey's Midget bar, adjoining his cafe in Buhl.

Late FLASHES

LOS ANGELES, April 18 (UP)—Howard Hughes today promised a break new twin-engine speed plane in which he will attempt to break the round-the-world flight record.

The new ship, it was reported, is a Lockheed, and will be used to transport.

The old manufacturer hopes to break the round-the-world record of 19 days, 18 hours, and 41 minutes.

Hughes must obtain a transportation permit from the Federal Aviation Commission to fly over the United States.

Conner's lawyer, Paul E. Boyd, said he would appeal the verdict to the Supreme Court.

At length, the American people will have injected into the stream of finance money issued by congress and not by the federal reserve banks.

AUTO DISCOVERY SPEEDS UP HUNT

Search for the youthful hitchhiker who robbed a Sandpoint man, stole his car and a quantity of guns and ammunitions equipment, intensified throughout southern Idaho this afternoon when the machine was found abandoned at Morning today.

The car was found this morning, Sheriff F. D. Pace of Cassia county, Sherriff E. F. Prater, The machine belonged to Elmer Craig, 40, victim of the robbery. Craig had given the hitchhiker a ride from Las Vegas, Nev., to a spot about 20 miles west of here.

A shotgun, a rifle, a trunk, a suitcase and clothing were missing when the machine was discovered. Sheriff Prater immediately requested Filer and Burley authorities to start a check-up to determine whether or not any of the missing load had been sold to those communities.

Craig, who said he was formerly postmaster at Sandpoint, still has the bedding he carried since the hitchhiker had been making up Craig's bed in a field when the machine was abandoned and climbed back into the car. The youth pushed Craig out again, after seizing his purse, which contained about \$17.

He was from Chicago, although he also mentioned Salt Lake City, and was 20 or 22 years old and heavy set.

KIMBERLY BAND WINS IN MARCH

BURLEY, April 18 (Special)—Kimberly high school band, directed by Bert Christiansen, for the third consecutive year won first place in the annual south central Idaho band marching contest here Saturday in conjunction with the Idaho music festival.

Bayburn placed second in the band contest and Oakley, third. The Christiansen, for the third year, represented the Kimberly Rotary club, presenting a gold trophy to the winning band.

Choral selections and marches were presented by a clinic band Saturday night at a concert under the direction of William D. Berrell, band contest judge and director of University of Michigan. The 98-piece band had been rehearsed for two months in the afternoon, preceding the concert.

Music festival results were not announced until 10 p. m. when the individual schools, according to Reed T. Hyde, festival director.

ARRESTS DUE AT LICENSE DEADLINE

Strict warning that any driver operating with an expired license plate after midnight on April 30 will be arrested immediately and sent into justice court was issued here this afternoon by J. E. Kingsbury and C. L. House, state police officers.

"That is the absolute deadline, and we don't intend to start out with such mere warnings," the officers said. "Enforcement will begin promptly and every person driving with an expired plate will face charges in court."

The 30-day extension granted last March 30 by J. L. Balderson, commissioner of law enforcement, expires April 30.

Announcement of the strict enforcement policy was expected to speed up license sales, which are lagging now far behind the 1937 figure. County Assessor J. D. Barnhill today said that the number of licenses issued through noon today totaled 2,714. Last year, the sales were 5,217 at the start of business April 15.

Mine Moratorium Looming as Dead

Federal moratorium on mining assessment with an important legislative matter to hundreds of Idahoans—apparently will not be passed again this year, according to word received here today from Sen. James P. Pope at Washington.

Members of congress are receiving more opposition to the moratorium than support, the senator informed the Evening Times. "The most prevalent argument against further moratorium legislation is the inconstancy of it will create job, put money into circulation."

Congress for several years has been enacting statutes declaring the moratorium. The action suspended the requirement that the owner of each mining claim must do approximately \$100 worth of work on the claim each year.

The moratorium passed last year by an extremely narrow margin. ONE DIE IN SREED COLLAPSE TRUCKER, Calif., April 18 (AP)—One man was killed and four were injured here yesterday when a truck collapsed. The men, all employees of the Southern Pacific railroad, were attempting to clear away the wreck.

NEW BILL SEEKS FREE HAND FOR U. S. TO MAINTAIN PEACE

CONFLICT LOOMS OVER MODIFYING NEUTRALITY ACT

By JOE ALEX MORRIS
United Press Staff Correspondent

A new attempt to give the United States a freer hand in maintenance of world peace appeared likely today as the House of Representatives voted to set up congressional conflict over how to keep out of the next war.

Rep. Byron Scott, D. Calif., who conferred with President Roosevelt Friday, announced that he would introduce for a group of liberals a resolution expected to be used as a wedge to modify the neutrality act.

The administration consistently has opposed the neutrality legislation in its present form as handicapping the President and the state department in formation of a foreign policy. They have urged greater discretion for the President in putting the act into effect but strong congressional opposition has prevented a showdown on the issue in the past.

Would Name Japan

Scott's resolution will call upon the President to advise congress which nations have violated treaties which the United States is a signatory and the liberals expect him to name Japan as violator of the nine-power pact guaranteeing China's political integrity, as well as Italy and Germany as violators of the treaty to outlaw war as an instrument of national policy.

Several factors, including problems created by the Spanish and China wars, have been responsible for the administration's quiet campaign to revise the neutrality act. Most important, however, is a desire to give the administration greater flexibility and therefore greater power in using its influence for world peace. On that point hinges the chief obstacle to revision.

Senate Alarmed

Congressional sentiment for guaranteeing of American neutrality is overwhelming. The senate, alarmed and confused by foreign war dangers, has sought to establish rigid rules to keep the United States out of the next war and has ignored arguments that such rigidity (a) is no guarantee of peace and (b) may handicap administration efforts to preserve neutrality.

Meanwhile, France formally joined in Great Britain's efforts to consolidate European peace by the opposite of international treaties which eventually may extend to Britain, Italy, France and Germany. French diplomatic representatives at Rome were instructed to ask Premier Benito Mussolini if he was ready to negotiate a treaty of friendship such as he concluded Saturday with Britain.

The word "insect" comes from the Latin insectus, or "cut into." Insects were given the name because of their "cut-in" appearance.

THE RAINBOW—SYMBOL OF GOD'S PROMISE

Public Forum Editor.

I think this sentiment is very appropriate to your readers for the Easter period.

There is a pretty shining bridge. It's made of drops of rain. It stretches in a dainty width Over rivers, hills and plain.

Oh rainbow bright, oh rainbow fair,
God set you in the sky
To show that while the world shall last
His words can never die.

It seems to join the earth and sky
With seven colors bright;
The sun peeps through the drops
And gives them all their light.
God set it in the heavens blue
As part of his great plan,
A token of his promise
That he had made to man.

TREES ARE ASSETS TO MAN

Editor Evening Times:

Remember in youth when you used to go swimming in the old swimming hole and as you emerged dripping and radiant you sank down by the old hickory tree and basked in its shade. Remember the sun pecking through its branches while you reached for your hat to resist its warm reflecting rays.

Remember when you reached home, mother gave you and your party, a tray of bread, butter and honey, where you sat in the hammock under the huge weeping willow tree. And again as the years passed when you sat in the shade of the birch and pine and whispered tales of love and adventure.

In this process of expansion did it ever occur to you that trees are great friends to mankind and one of man's greatest assets? The earth that sustains it, the tree climbs upward to greet the sun? "Oh the good earth, the sun and a tree!"

The great tree's branches give shade which sustains the playful youth, youth in its freshness, the weary traveler and the aged.

How patient is the tree with earth's elements. Blaunch in its integrity, such a pillar of strength, a power for good, a sight to behold nature's noble tree. Let us have a tree growing gift which strengthens and blesses with love, peace and life.

THANKS FOR PARALYSIS ASSISTANCE

Editor Evening Times:

Your joining with us in making possible the establishment of the new National Foundation for Infantile Paralysis was of invaluable aid to the cause, and the effort which you devoted to this was a fine act of unselfish service.

As the close of the Lenten season draws near, in which a great many people in a war-torn and fearful world have been attempting to re-educate their principles to the support of righteous living and humane personal relationships, one with the other, may I on behalf of the committee and the new National Foundation thank you for your help and wish you and yours a very happy Easter.

Very sincerely yours,

Breakfast Follows Outdoor Services

KIMBERLY, April 16 (Special).—Kimberly Christian Endeavor society entertained the Epworth league at an Easter breakfast following sunrise services at Shoshone falls Sunday morning.

The breakfast was served in the Christian church basement at one long table centered with a large white cross and trimmed with yellow streamers and yellow candles in C. E. holders.

Miss Lorene Smith, president, gave the address of welcome, and Melvin Jones responded. The program theme was "The Cross of Christ." Miss Nadine Storm was in charge of the music. Miss Doris Bowman, social chairman, and Miss Smith had charge of the arrangements.

The Senior society took part in a pageant of "The Risen Christ," Sunday evening.

Lincoln Farmers Hear Soil Setup

SHOSHONE, April 16 (Special).

Several days farmers and others interested in the farm allotment proposition for the year have conferred with County Agent Harry S. Gauld under the AAA plan, and the plan was thoroughly explained by Gauld. Compliance under the act embodies the holding of soil under allotments, each county setting its quota on the farms.

Special attention was paid to wheat and potatoes, and the quota cannot be exceeded. The livestock man will have a lower allotment than the cash crop man. A more comprehensive program for the season is promised when the committee returns an adequate report.

Five divisions are comprehended. Acreage allotment, marketing quotas, loans on wheat, parity payments and crop insurance.

Two committees were appointed by Shoshone, Frank Henderson, chairman, W. R. Ritter, vice chairman; Eph Butler, member; L. Conant and D. G. Mitchell, alternates.

Dietrich — D. E. Nelson, chairman; L. Bridge, vice chairman; Dan Hunt, member; Ed Groggers and Joe Janouli, alternates.

China still has eight arsenals which are making ammunition for her war with Japan.

FDR PRAISED AT BOURBON DINNER

SHOSHONE, April 16 (Special).

Aims and objectives of President Roosevelt are in general harmony with the philosophy of Thomas Jefferson, Democrats of this area were told by Bill Ames, president of the Young Democratic club, at the Jefferson banquet here last week.

More than 100 Bourbons attended.

"Jefferson, Roosevelt and the American Way" was the subject of the address.

The Lincoln County Women's Democratic club was sponsor of the event. Club President Mrs. Robert L. Brown gave the address of welcome and introduced Miss Grace Pease as toastmaster. She presided over the program.

Discusses Program

Mr. Ames discussed Roosevelt objectives and policies in connection with banking laws, reconstruction finance activities, excess profits taxation, farm credit and home owners' loans, pointing out their general harmonies with the philosophies of Thomas Jefferson.

Comments from the following counties were in attendance: Ada, Elmore, Bannock, Minidoka and Lincoln.

Frank Griffin of Boise, assistant U. S. district attorney, was a guest speaker, as was Mrs. Ruth Moon, manager of the C. B. Moon Auditing company of Pocatello, who brought greetings from the Pocatello Women's Democratic Study club. Miss Marjory Landsborough, formerly of Shoshone, who is now private secretary to the attorney general, brought greetings from J. Taylor and from the Ada County Young Democratic club of which she is a member of the executive board. Miss Landsborough spoke briefly for the Young Democratic Women's organizations.

Local Speakers

A number of local speakers gave extemporaneous talks.

Entertainment features of the program included the reading of the "American Creed" by Mrs. Lida Withrow, who is the one woman justice in Lincoln county; community singing led by Mrs. Ala Mills of Dietrich; solo, "Will Rogers' Last Flight," by Miss Lanelle Breckenridge; violin solos by Mrs. Howard Adkins and a song by Freddie Olson of Dietrich.

The Jefferson day banquet is an annual affair in Lincoln county and has since instituted been sponsored by the Women's Democratic club. This year the following committees are largely responsible for the success of the recent meeting: President Grace Brown as general supervisor; Mrs. Bessie Austin and her committee for the sale of tickets; Mrs. Guy Kibbee, Eric Blore, Althea Brady, Jean Dizon, Lucille Ball, Warren Bymer.

Gas Thief Starts Destructive Fire In Mackay, Idaho

MACKAY, Id., April 16 (UP).

A thief trying to steal gasoline from the village fire engine started a blaze early yesterday which destroyed the post office, the city hall, and the WPA office.

A match or a spark from a cigarette ignited the gasoline. The fire truck burst into flames and the fire spread to the city hall.

Equipment rushed from Arco, 25 miles away, and the efforts of villagers saved the entire business district from being destroyed.

It's the "BOTTOM STEP" that Gives You the Most in Comfort and Convenience

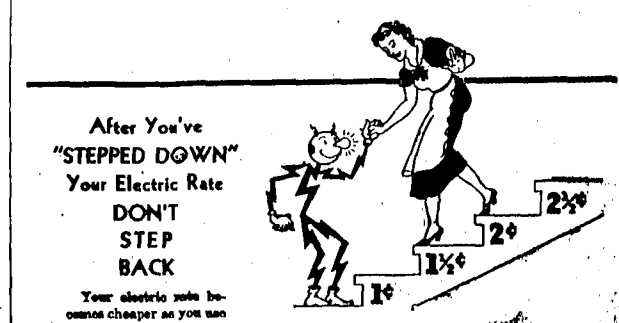

Your electric rates—among the cheapest in the United States—step down as you use more electric service. The last quantity seems to you at the cheapest rate of all.

If you're like most of our customers, you've had electric lights and many of the small appliances—toaster, vacuum cleaner, radio—for many years. Then perhaps you've added electric refrigeration, electric cooking, electric water heating.

As you added each of these appliances, they automatically lowered the average rate you pay under "Step Down" rates. Your bargain got better as you used more.

And so—if you stop using an appliance temporarily, you lose the best part of your bargain. You cut off the lowest and cheapest "step" of your rates—you raise the average rate you pay for all service.

Keep the bargain of your low electric service. Use it freely. It's one of the few necessities of life that is cheaper the more you use.

After You've "STEPPED DOWN" Your Electric Rate DON'T STEP BACK

Your electric rate becomes cheaper as you use more electric service.

Cub Bear Escapes To Attend Picnic; Foiled, Beds down

BOISE, Ida., April 18 (UP)—A brown bear cub snored blissfully in the top of a tall tree in Julia Davis park here today after he became tired of a life of confinement and tried to join a crowd of Easter picnickers.

He squirmed through the bars of his cage and when keepers tried to lead him back he clawed his way to the tree top and sank into a deep sleep. He slept all night. He was still pounding his ear today.

"He will come down when he gets hungry," the park superintendent said.

APPLE CAMPAIGN MOVING SURPLUS

WASHINGTON, April 18 (Special)—The nation-wide "Eat-an-Apple-a-Day" drive moved 7,480,000 bushels of last year's surplus crop out of storage during March, but even greater results in the final drive which set underway this week-end were foreseen here today by Carroll B. Miller, of Martinsburg, W. Va., chairman of the apple growers' national committee.

Despite the "excellent results" of the March attack on the surplus of the 1927 apple crop—the second largest in the country's history—12,000,000 bushels remained in storage April 1, according to Mr. Miller. He said he received those figures from

NEW MOVE EYES FREIGHT SAVINGS

Joining with Burley in a move that could mean considerable cash savings to south central shippers, the Twin Falls Chamber of Commerce today has requested that Pocatello be designated as a "car-stop" by rail forwarding companies.

The board of directors approved the move and authorized Secretary G. Thompson to dispatch the Transcontinental Freight Service at Chicago. The letter had already gone out this afternoon.

Best Rates
If achieved, designation of Pocatello as a car-stop would bring better freight rates for this entire area, according to the board of shippers, Thompson explained. Salt Lake City is at present the nearest car-stop center, and through rail rates apply from the east to Salt Lake. But from the Utah capital to Idaho points, the higher local rates apply. If Pocatello were designated, the rate would reduce the amount of the higher rates paid by south central Idaho shippers.

The chamber joined in the effort following receipt of a communication from M. W. Crouch, Burley Chamber of Commerce secretary, who urged Twin Falls cooperation.

Freightless Action
The executive, O. M. Murphy, promised to take the matter before the Pacific coast rate committee, asking the revision.

As requirements now stand, 300-000 pounds of freight per month are needed for a car-stop; Pocatello now has 200,000 much of it from the south central territory.

NEW TIRES IN SENSATIONAL NON-SKID TESTS!

YOU NEED THIS NEW KIND OF TIRE IN WET WEATHER EMERGENCES LIKE THIS

Stops Quicker Than Tires Costing up to 70% More!

No tire tested, regardless of price, came up to the new Goodrich Silvertown in skid resistance! That was what the largest independent testing laboratory in the country found out in a series of exhaustive tests made against the regular and premium-priced tires of America's largest tire manufacturers.

to perfect—a tread that is actually a road dryer. A tire so different in appearance, design and action that it turns the wet road under your car into a "dry" surface—protects you from skids in all directions! Gives you Golden Fly blow-out protection, too.

Come in today for a demonstration that will give you one of the greatest motoring thrills you've ever had. For safety's sake, ride on Goodrich Safety Silvertowns.

That's because the New Silvertown Life-Saver Tread accomplished what Goodrich engineers had spent years in trying

READ THE REPORT— from America's Largest Independent Testing Laboratory

"BOTH regular, and also the premium-priced tires of America's largest tire manufacturers were subjected to a series of exhaustive road tests made over a three-month period by us, to determine their resistance to skidding and wear, with the following results:

"NON-SKID—The new Goodrich Silvertown with the Life-Saver Tread gave greater skid resistance than any other tire tested, including those that skidded at from 40% to 70% higher in price.

"MILEAGE—The Goodrich Silvertown gave more non-skid mileage than any of the other tires tested in its own price range—averaged 19.1% more miles before the tires were smooth.

A. H. ELLIS, Pres. PITTSBURGH TESTING LABORATORY
