CONGRESS HEADS REACH ACCORD ON TAX BILL

Britain Maps Record Peace-Time Budget

NATION TO SPEND OVER 5 BILLION IN SINGLE YEAR

By LEON L. KAY
LONDON, April 26 (U.P.)—Sir John Simon, chancellor of the exchequer, introduced in the house of commons today a budget calling for expenditure by Great Britain in the coming year of more than \$5,000,000,000, the greatest in peace-time history.
The chancellor's total expenditure for the coming year of \$4,471,990,000 exclusive of \$80,000,000 (\$450,000,000) to be borrowed for (the total of \$1,034,990,000 (\$4,171,990,000)).
He placed the total for defense in the coming year at \$343,125,000 (\$1,625,000,000) including the \$20,000,000 of borrowed money.
He placed the new estimates at \$1,500,000 (\$407,500,000) over last year's estimates.
Air Raid Precautions
(The United States budget for the 1939 fiscal year provides for expenditures for air raid precautions of \$17,500,000, the greatest in the new spending and lending program.)
Simon said his budget makes extra provisions of \$100 (\$17,500,000) for air raid precautions.
Simon announced the government will make important proposals to ease the tax burden on the citizen. Provision will be made to prevent the use of loans as a means of dodging taxes, he said, and he will deal with one-man companies formed abroad.
To Purchase Supplies
With reference to the common revealed that the government had agreed secretly early this year "as the right moment" to buy sufficient quantities of wheat and other foodstuffs to ensure that such a country should be maintained as a level sufficient for the needs of the population in the early months of an emergency.
Legislation will be introduced shortly, he said, and a supplement (Continued on Page 3, Column 1)

Late FLASHES

FIGHT SITE SET
NEW YORK, April 26 (U.P.)—Promoter Mike Jacobs announced today that the heavyweight championship fight between Joe Louis and Max Baer would be held in Yankee Stadium, New York, June 22 unless "developments unforeseen at this time make it necessary to shift in the site."
LONG, SHORT HAUL APPROVED
WASHINGTON, April 26 (U.P.)—The Senate today approved a measure reported favorably today the Peeling bill and short haul bill, which the railroads regard as vital to their economic survival.

BRITAIN, FRANCE TO DISCUSS PACT

LONDON, April 26 (U.P.)—Two of the most important points which are expected to be discussed at the Anglo-French conversations late this week will be the question of the Franco-Soviet pact and a four-power European pact, it was understood here today.
Ambrose Charles Corbin, French ambassador, arrived from Paris and began preparations for the conversations to be held Thursday and Friday when Premier Edouard Daladier and Foreign Minister Georges Bonnet will be guests of the British government.
Wary of Pact
On the question of a four-power pact the British are expected to indicate the desirability of reorganizing the relations of the powers in western Europe although there will be no "concrete suggestions since the French are wary of such a pact and no suggestion seems likely to fall on sympathetic ears, at least for the present."
The French left press is hostile to suggestions of either abandoning the Franco-Soviet alliance or the revival of the four-power pact.
Disapprove of Soviet Pact
Premier Neville Chamberlain and Lord Halifax, British foreign minister, are expected to indicate that they disapprove of the Soviet pact although there will be no question of asking the French to denounce it. The implication will be that the French should keep the alliance with the Soviets as much in the background as possible.

32 Die as Police Fire on Congress

LONDON, April 26 (U.P.)—Thirty-two persons were killed and 48 wounded today by Mysing state (India) police who fired on 20,000 Indians attending a congress meeting at Biduranshan, near Kolar, the Mysing Telegraph agency reported from Madras.
The trouble arose when the meeting ignored an order prohibiting display of the congress flag, the dispatch said.

SPRING CLEAN-UP STARTS MONDAY

Twin Falls' annual spring clean-up campaign will get underway next Monday morning as trucks of I. O. O. F. crews begin to haul away the winter's debris, it was announced this afternoon by officials of the Chamber of Commerce.
The annual event is sponsored by the chamber with the city participating. The city will be divided into districts for the purpose of each day, those in charge said. Each division of the city will be announced by the end of the week.
Local citizens should start immediately in gathering together materials they would haul away, according to Chamber of Commerce officials. Brush and leaves should be segregated from cans and garbage and each should be put into containers and not piled.
Trucks will be emptied as the trucks visit the respective areas.
Mr. Prescott, who holds the city contract for garbage removal, volunteered again this year in the clean-up. His trucks and men were important factors in the city's drive, the C. of C. pointed out.

BOOTLEG CHARGE DRAWS SENTENCE

Five men were sentenced on forgery accusations today by District Judge J. W. Porter and one other received a term on bootleg charges of buying liquor for four minor Turbett youths. All pleaded guilty before Judge Porter in district court yesterday.
W. J. Brennan, Twin Falls, was sentenced to 60 days in county jail on the violation of possessing liquor from the state store here and delivering it to the four boys. His term is to run from the time of his incarceration in the Blue Arrow cafe here, about two weeks still to serve.
Bottle of Wine
Brennan was arrested by city police in the act of striking at a bottle who secure liquor for minors. The four youths to whom he ascribedly handed a bottle of Muscatel wine was charged with the violation of the federal bootlegging law.
Those sentenced on forgery charges were:
Don Kirby and Dell Duncan, one to 18 months in the state prison. They admitted forging a \$10.37 check March 21, signed R. A. Nelson, and second respectively in the \$ to \$ 8 year age group; Frank Florence and LayVern Boyd, both of Twin Falls, winners of first and second places respectively in the 10 and 11 year group.—(Evening Times Staff Photo)

Legionnaires Beaten by Nazis

Pictured above as they await medical attention are some of the World War veteran victims of the widest anti-Nazi riot New York has seen. What started as a meeting of 1000 members of the Nazi German-American Bund to celebrate Adolf Hitler's 49th birthday ended in a battle when an American Legionnaire, one of 100 veterans who attended to "find out what was all about" heckled a German-speaking Bund orator.

Council Moves to Push Adequate Airport Drive

Members of the city council today had taken over the responsibility of sponsoring plans for an adequate municipal airport for Twin Falls and an airport can overcome the railroad-passenger handicap which the city has known for years.
"Unless the chamber has assurance that the city will be dropped, the chamber will not work together toward the same end, the project might just as well be dropped. The chamber, under the present arrangement, can only go so far and I believe we have gone just as far as we can go," he said.
The entire delegation pledged united support to the city in ascertaining if the project, as planned, is feasible.
Mayor Lem A. Chapin urged that (Continued on Page 7, Column 2)

Part of Missing Bomber is Found

HONOLULU, T. H., April 26 (U.P.)—Naval aircraft from Pearl Harbor searched the northeastern Oahu area today for additional wreckage of a VP-18 bomber, lost during last month's Hawaiian air maneuvers.
The search for the craft, which disappeared with six men aboard, was resumed after a fisherman found a protrusion box on Lanikai beach, which naval sources identified definitely as a portion of the navigation equipment of the missing bomber.

Czech Demand Called 'No Bluff' by Nazis

By EDWARD W. BEATTIE
BERLIN, April 26 (U.P.)—The demands of the Sudeten Germans in Czechoslovakia should not be interpreted as a "bluff," informed German political quarters said today as the German press continued to support Konrad Henlein, "Hitler of Czechoslovakia."
Assuming that Henlein's demands were previously outlined by Berlin, some diplomatic quarters were speculating as to whether they represent an "ultimatum with a time fuse" or whether they will precipitate an immediate crisis.
Diplomatic Political Correspondence, semi-official organ of the foreign office, blamed foreign powers for stimulating "Czech chauvinism" to serve their own interests. It insisted that Henlein's demands were the "really, safety and right to live their own lives" for Sudeten Germans.
"The proposals made by Henlein to Czech statesmen on behalf of 950,000 Sudeteners contain nothing more than any people, conscious of its national origin, can demand as necessary for existence," a representative said.
Diplomatic circles were impressed by repeated indications in Henlein's speech that the demands are minimum — not the maximum terms which might be beaten down during negotiations.
The view was borne out by the first salvo in a broadside of Sudeten propaganda expected from Germany. Newspapers emphasized what they called the unfriendly attitude of the Czechoslovak government and expressed the opinion that prospects for negotiation between the "Sudeten" Germans and the government were not good.

Civil Action May be Taken Against Taylor

BOISE, Idaho, April 26 (U.P.)—State Auditor Harry Parsons said today that civil action might be filed against Commissioner of Public Works Ira J. Taylor in an attempt to force repayment to the state of \$837,000 allegedly failed to keep and pay over during his term as warden of the penitentiary.
The former warden was indicted by the Ada county grand jury on the charge, convicted by a trial jury and sentenced by Judge Miles to serve a term of 18 months in the state prison.
Taylor's attorneys have filed notices of appeal to the state supreme court in an effort to have the conviction reversed or the case remanded for new trial.
Parsons said that Taylor would not receive any pay for his services as public works director until final disposition of the matter involving the \$838 was made.
Taylor's pay was stopped shortly after he was indicted. Attorney-General J. W. Taylor issued the hold order.
The commissioner, also chairman of the state committee of central committee, remained in active control of the public works department.
Taylor has made no indication when or if his resignation may be expected. Friends said he intended to remain in charge of the department for an indefinite period.

Fingerprints Of Secretary Match Forger

SAN FRANCISCO, April 26 (U.P.)—San Francisco police announced today they had notified Los Angeles authorities that fingerprints of Sandra Martin, charged with the forgery of a check for \$20,000, correspond with those of Athena Alexandroff, daughter of a former Russian churchman of Seattle, Wash.
They said Miss Alexandroff was a fugitive from San Francisco and was wanted here for posting a forged check, using the names of prominent society families, including the De Breville-Spreckles, the Crocker and others.

AMENDMENT BY BORAH REJECTED BY JOINT GROUP

By ALLEN C. DIEBLES
WASHINGTON, April 26 (U.P.)—Congressional conferees today reached complete agreement on the \$5,390,000,000 tax bill and prepared to speed the measure to President Roosevelt.
The measure, designed to stimulate business recovery, was believed acceptable to both houses, after a compromise in which the house won retention of the "flexible" form of the undistributed profits tax, while the senate retained liberalization of the capital gains levy.
Chairman Pat Harrison, D. Miss., of senate finance committee, and Robert L. Doughton, D. N. C., of the house ways and means committee, hoped to obtain speedy approval of the bill if it can be sent to the President before he leaves on a fighting trip Friday.
Borah Plan Rejected
The conferees rejected an amendment offered by Sen. William E. Borah, R. Idaho, which would have removed the tax exemption from future federal securities.
The amendment was rejected in view of President Roosevelt's congressional message yesterday in which he asked comprehensive action in the field of national, federal and state taxation of securities and salaries.
Congressional leaders indicated that the tax extension provisions of the bill are not likely of enactment at this session in view of the plans for adjournment by June 1.

Special Profit Tax

The senate rejected the undistributed profits tax but in compromise yielding to a house proposal fixing the tax at a minimum of 10 1/2 per cent and a maximum of 16 per cent on profits of 200,000 per cent of net income.
In return, the senate would gain a bill which would reduce the gain tax which would be most essential to recovery in view of the fact that the measure would start the flow of millions of dollars of "trousers" private capital into enterprises.
New Bill Differs
Under the present law and the house bill, the tax on profits would be added to ordinary income and taxed at regular rates, which are heavy in the surtax brackets.
The new bill would reduce the gain from property held less than 18 months is added to ordinary income for taxation at income rates.
The new bill would reduce between 18 and 24 months the rate to 20 per cent, and after 24 months, the rate is reduced to 15 per cent.

G. O. P. MEMBERS HIT PROPAGANDA

WASHINGTON, April 26 (U.P.)—Rep. James H. Hamilton, R. Ohio, charged today that mail workers were distributing propaganda favoring President Roosevelt's \$452,000,000 recovery program.
Their charges countered a claim by House Majority Leader Sam Rayburn, D. Tex., that congress is about to be deluged with a flood of propaganda against the New Deal's lending-spending program. He said that "big corporations" are trying to sabotage the program.
Rep. John Taber, R. N. Y., sponsor of the motion that recommended the administration's reorganization bill, said the bill had been filled with "propaganda prepared in Harry Hopkins' (WPA administrator) own office." Rep. Earl C. McInerney, Mich., said the conditions were being circulated by works program administration employees asking congress to support the program.
Taber said that he had received many letters urging his support of the program. They are identical, down to the last word, to the recipient "and copies of this to four others," he said.
They are using relief funds to send this stuff out," he charged.

CAMAS WORRYING OVER RESERVOIRS

FAIRFIELD, April 26 (U.P.)—At least five reservoirs are in trouble on Camas prairie according to reports reaching here today.
For the first time since the Lewis creek reservoir was built in 1911, it is full to capacity. The water is in the reservoir, but the water in the reservoir is so high that it is overflowing into the river. The water is so high that it is overflowing into the river.

As Champs Were Crowned in Valley Marble Tournery

Back to their childhood went these four local men as they participated in an exhibition marble match, highlight of the Magic Valley tournament. The group represented the visitors and the businessmen with the visitors emerging as "easy" winners. They are (left to right) Claude Detweiler, member of the businessmen's team; Lamoine Stevens, member of the visitors' group; Leonard Avard, second member of the business team (who appears to be fudging a little); Lionel A. Dean, other half of the winning visitors' combination. Spectators behind them gain a few pointers from the play. The contest took place during the noon hour and play of the tournament was suspended in order that participants could "hook out." He awards were given the champions in the "chickens" although it was said unofficially that a "side bet" of "considerable magnitude" was an added incentive. (Evening Times Staff Photo)

Pictured here are the five champions and five second place winners of the first annual Magic Valley marble tournament held Saturday at Harpoon park and sponsored by the Idaho Evening Times. They are shown holding the awards they won. Back row (left to right) are Donald Johnson, Twin Falls, grand champion and winner of the 14 and 15 year age groups; Dick Allen, Rupert, winner of the champion and also second place winner in the 14 and 15 year age group; Don Allen, Rupert, winner of first place in the 18 and 19 year group; Jack Blacklock, Filer, second place winner in the same group. Front row (left to right) Margaret Ryan, Twin Falls, girls' champion; Juanita Fowell, Twin Falls, second in the girls' division; Stanley Huff and Frank Gibbs, both of Twin Falls, winners of first and second respectively in the \$ to \$ 8 year age group; Frank Florence and LayVern Boyd, both of Twin Falls, winners of first and second places respectively in the 10 and 11 year group.—(Evening Times Staff Photo)

FOREST PERMITS AVAILABLE SOON

Starting on Monday, June 6, and continuing on each Monday following to the close of the season, a forest ranger will be at the Shoshone ranger station for the purpose of receiving and acting on applications for free use and timber sale permits.

If a person is unable to be present on any of the dates on which a ranger will be on hand, Ross said, it would be better to mail his list of the materials desired.

"For material that must be sold a contract will be prepared and mailed to the person making the request," Ross said.

"Do not bring a money order expecting to get timber marked the same day as you come to see the cutters," as it is no longer possible to satisfy the demand on a cash and carry basis.

Prices can be obtained by writing direct to Elmer Ross, district ranger with headquarters in the Orpheum theater building in Twin Falls.

WORKERS TO AID RANGE DISTRICT For the purpose of constructing new watering troughs for sheep and cattle and also to develop springs which are nearly dry, 25 WPA workers left about 10 a. m. today for the Sublett country beyond Malheur.

The group, according to Elmer Ross, forest ranger, will be directly under the leadership of Charles McDonald, Burley. How long the project will be continued is not known.

2 CACHET SEALS SELECTED HERE

Two airmail cachet seals, which will be used during National Airweek, May 15 to 21, had been selected here this afternoon and finished drawings were being made prior to having a special rubber stamp made of each.

One of the two official seals, both designed by Bob H. Warner of the Evening Times advertising staff, will be used on all letters mailed by air during the week while the other will be used only on those carried on the initial airmail flight out of Twin Falls on May 15.

The seal which will be used on the special flight will be approximately two and one-half inches square. On it will be pictured a huge winging eagle with an artist's conception of the completed Twin Falls airport, showing hangar and administration building as well as the runway.

The seal will show that the envelope thus stamped was carried on the first flight from Twin Falls to Boise. The second seal, which will be used on all airmail sent during the week, will show a pioneer standing and shading his eyes. Beside him will be a covered wagon with the background will be formed by a drawing of the famous Twin Falls. Above the figure will be a transport plane winging across the sky. It will bear the inscription "National Airmail week, May 15 to 21, 1938, Twin Falls, Idaho."

LOYALISTS REPORTED PREPARING TO FLEE FROM MADRID

BANK SECURITIES ARE CAPTURED BY REBEL TROOPERS

By Harrison Laroche Henday. — April 26 (Special) — Nationalist sources contended today that the loyalist government was preparing to abandon Madrid. They reported that they had seized a truck-load of cases believed to contain securities from Madrid banks on the road to Barcelona. Nationalist informants said the cases were being removed as their forces penetrated deep into the loyalist zone in a sector between Teruel and the sea where the United Press correspondent reported that the roads were covered with loyalist dead.

Driving south on Cantavieja, junction of communications north and east of Teruel, nationalist aircraft strafe flying columns of loyalists along the road between Aguilar and Camarillas which leads directly south of Teruel. A Nationalist director of the National Bank of Zaragoza, announced the arrival of the truck loaded with securities. The nationalist forces captured between Benicarlo and Vinaroz.

The 30 cases and one box were taken to a bank of securities from the Banco Exterior de Espana, Banco Aleman Trans-Atlantico, Cajas de Ahorros and Banco Zaragozano, in Madrid. Nine cases were from the Madrid branch of the Banco Zaragozano.

Cagey Way to Keep the Kiddies Safe

"Please do not touch or feed," reads the sign on these youngsters' cage-in playground at Mt. Tolupe in California. The parents of little Edward and Martha Wolford, who operate a tavern on the summit of the mountain, built the cage to keep the children from falling off cliffs and also to forestall hikers who give the children candy, cake and sandwiches. Edward is 2 years old, Martha 10 months.

PLANS COMPLETE FOR OLDER BOYS

Hi-Y club held a brief session last evening to conclude plans for the 10th annual older boys' conference to be held here for three days starting Friday. Acute need of housing facilities for the delegates exists, Charles Larsen, in charge of this committee, announced. Any person having available accommodations is asked to call the high school, Pocatello Y. M. C. A. is sending 40 delegates.

Arrangements for the opening day include registration at 4 p. m. at the high school and a conference of officers and discussion leaders followed by a general assembly at the high school.

FAIR DATES SET BY CASSIA BOARD

BURLEY, April 26 (Special) — Dates for the Cassia county fair, Old Oregon Trail Stampede, were set for Aug. 31, Sept. 1, 2 and 3 at a meeting of the board last week. The sports program will be held as usual at night with the rodeo furnished by a different company than the one used last year. Premiums will be reduced to \$2,400 from \$3,300 because of the change in the levy for fair purposes, according to Beas F. Mahoney, manager.

At the meeting, R. L. Pence was named chairman; Mrs. May Powers, vice chairman; I. H. Harris, treasurer; and Mr. Mahoney, manager.

The board meets again in two weeks to receive applications for caretaker of the grounds, who will live there the year round to look after the buildings and premises.

George Goehner, representing the American Legion, met with the board to request that the carnival entrance be changed from the corner of Elba avenue and the highway to North Elba facing due west. This entrance, however, will be for pedestrians only.

RAILWAY BUYING BOOST TO IDAHO

Idaho benefited substantially from the expenditures of the railroads in 1937 for materials, supplies, fuel, new equipment and payroll, it is revealed in a special study received here from the bureau of railway economics of the Association of American Railroads.

Railway purchases in Idaho last year totaled \$878,528, the report shows. Of this sum, \$677,466 was spent for materials, supplies and fuel while \$1,042 went for new equipment (not including that built in company shops). These purchases were made in 30 towns and cities located in 19 of the 44 counties of the state.

Wages paid to railway employees in Idaho during 1937 amounted to \$8,848,853.

The review discloses that, for the nation as a whole, the railroad last year added \$1,193,448 for more than 70,000 different items which they use. Materials, supplies and fuel cost \$990,383,000, and expenditures for all new equipment (except that constructed in railway shops) totaled \$168,978,468. More than 12,000 towns and cities located in 26 states and 10 territories of the United States derived direct benefits from this large volume of railroad buying.

In 1937, the country's rail carriers also distributed \$1,983,800,485 in wages to their employees, the report says.

LODGE DEDICATES BURLEY BUILDING

BURLEY, April 26 (Special) — The local Odd Fellows lodge and affiliated organizations were to dedicate the new I.O.O.F. home today with ceremonies beginning at 1 p. m. The hall, in use for several weeks, is a fine example of the work of A. C. Fouts directed building operations at an estimated cost of \$12,000.

Ceremonies began with initiation by Odd Fellows in the chapter room. A parade, headed by Brigadier-General W. A. Cleveland, was to begin before the hall at 3 p. m.

Clipping services of the day take place at 4 p. m. when the cornerstone will be placed and the hall formally dedicated; George H. Scholer, past grand master of the order, will preside as chairman, assisted by Frank Martin and William L. Geyer.

Ruth Rebekah lodge members will serve dinner at 5:30 p. m. headed by Mrs. Ed Peterson.

The festivities close with a program and a grand ball this evening. J. P. Beckney will direct the program, while Russel F. Heller is chairman of the ball committee.

Officers of the lodge are: J. H. Goehner, noble grand; Robert Hunt, vice grand; Hassett B. Leigh, recording secretary; M. W. Crouch, financial secretary; Dr. O. B. Parrott, treasurer; Sam Westler, J. P. Hackney and M. W. Crouch, trustees.

The building construction committee was headed by Mr. Westler as chairman, Mr. Hackney as vice chairman, Mr. Crouch served as secretary-treasurer, while other committee members were A. C. Fouts, W. L. Geyer and Dr. Parrott. Representatives of Ruth Rebekah lodge who acted in this capacity were Miss Freda Core, Mrs. S. H. Kunau and Mrs. Sam Robinson.

FINISHMENT BOTH FOR RANSOM PAYERS AND KIDNAPERS

Editor, Evening Times: Many years ago a little boy disappeared, it must be over 60 years. I remember a little about the case but do not know whether or not there was a ransom demanded or not.

That little boy was Charley Ross. At the time it was as widely spread as the kidnapers of today. But he was never found.

Now it has got to be a common thing to kidnap children and even old people and demand a ransom of a certain kind of money in bank notes of certain denominations placed some where by a third party with the kinds of threats in the demand.

And perhaps the person kidnaped has already been murdered, at least the kidnapers say it is so.

Now how about passing a law making it a criminal offense to pay ransom money, with a prison term and the kidnapers punished by death and make it a hasty one with no fooling.

Let us think this over and take the chance of money out and we will be getting a long way toward checking this ORIME.

Yours,
JOHN L. GOULD

Time Set for Airmail Jaunt

First airmail flight out of Twin Falls will leave the local airport at 1 p. m. on May 19, it was officially announced here this afternoon by those in charge.

It was erroneously announced this morning that the first plane would leave in the morning. Inasmuch as the plane will not have to be in Boise until 3 p. m., it will not leave here until 1 p. m., thus permitting postoffice in this vicinity to set a later deadline for mail to be sent on the first flight.

The plane will be flown by L. L. Dean who will make stops at Glenns Ferry and Mountain Home to pick up additional mail at those points. Buick's mail may also go on that flight.

Lamorne Stevens, Twin Falls, will fly the mail on the same day from Jerome and Gooding to Boise while Vern Oliver, Burley, will fly from that point to Sheehans and Halley and then to Boise.

FARM SECURITY STRIDING AHEAD

BOISE (Special)—Idaho's 3,700 farm families cooperating with the Farm Security administration are making notable progress in placing farms on a self-sufficient basis, increasing net worth, improving tenure status and regaining economic stability, according to a survey announced by Walter A. Duffy, regional director, Portland, Ore.

County supervisors, providing operating credit for farmers who have exhausted other possibilities, completed loans totaling \$3,093,000 as of March 31, for purchase of livestock, feed, seed, farm equipment and cooperative facilities necessary to place individual farms on a productive basis. Supervised farm and home plans, insuring a livelihood for the family and repayment of the loan with average yields and livestock production, accompanied each loan.

POT SHOTS WITH The Gentleman in the Third Row

Easter Cruise JOYCE dressed with special care for breakfast. At first she was tempted to take it in her room, and that matter. But she thought better of it.

Behind the Scenes in Washington By BODNEY DUTCHER Evening Times Washington Correspondent WASHINGTON, April 25—Once again President Roosevelt is having trouble with his own political philosophy to the political philosophy of most business men.

Slaughter vs. Sportsmanship The plaintive cry from Japanese army headquarters that the Chinese are not playing fair in the fighting in Shantung may turn out to be the last dying gasp of that noble fiction which once went by the name of Civilized Warfare.

STENO GETS ACQUAINTED WITH COAL BIN! Fo! Shoh! Ah, this is indeed the gem of gems.

CHAPTER XXII JOYCE dressed with special care for breakfast. At first she was tempted to take it in her room, and that matter. But she thought better of it.

ON THE OTHER HAND the administration seeks some assurance that government will be able to support its business practices. It must find some way to make private business self-adjusting or confess that economic production even at the expense of sequences of depressions and emergency spending programs.

All of this, say the Japanese, is not the high-minded and chivalric sort of fighting that was learned in the playing fields of Eton, and it obliges the sons of Nippon to burn Chinese villages, tear down farmhouses, and shoot a number of people who claim to be innocent civilians.

SOMETHING TO BE ECSTATIC ABOUT! Fo! Shoh! Kiss her. And kissed her again. She didn't say a word. Didn't even sigh. But I was ecstatic. Her skin was so smooth, and she was so small.

THROUGHOUT the day she did her best to be nice to Mr. Gregory. But it was an effort. Despite the man's coleslaw and the grape roof, and eating some of the vaguely repulsive about him. She could not explain it, not even to herself.

NO PLANS To date there are no plans in high places to use against this dilemma. But it is insisted by left wing White House advisers, who in general have been very active in accepting their point of view, that the chief requisite for such an adjustment is an attack on concentration of wealth, price rigidities, and economic controls which prevent free competition.

You could argue, of course, that the Chinese can hardly be blamed for disregarding the rules of warfare, in view of the fact that Japan has insisted from the start that this isn't a war at all, but just an incident.

THE WHITE HOUSE has stacks of figures indicating that prices have been kept unnecessarily high during depression periods at the expense of production volume and employment. Typical among such figures are the statistics of the Bureau of Economic Warfare.

Those rules, devised by general agreement to mitigate the horrors of unrestrained savagery, provided that soldiers should fight only soldiers, that some sort of code of fair play should cover their mutual killing, and that their commanders should be able to trust each other within limits.

PLIGHT OF CARDS WORRIES ST. LOUIS FANS

Gas House Gang Held Scoreless for 3rd Consecutive Contest

NEW YORK, April 26 (UP)—Baseball's most perplexing question of the moment is, "what's happened to the Gas House gang from St. Louis?" A lot of fans are wondering if Sam Breadon's sacrifice of men didn't deliver a stunning blow to the spirit of the Gas House boys.

Dean's apparent happiness in his new surrounding with the Cubs hasn't helped the delicate situation any. There have been veiled hints that Dizzy, escape from the Cardinals "coolie" team was a put up job by Dean. The word has gone around baseball circles that Dizzy played from this April in an effort to get away from the Cubs. As soon as Dizzy joined the Cubs he became a changed man. His boys left home in St. Louis apparently aren't too happy about it.

The Cardinals have the worst record in the major league, with only one victory in seven games. They had to put on a four-run rally in the ninth to win their only game since the Cubs and an article home the winning tally. The Cards haven't scored in three games—27 consecutive innings.

Starliner Only Hitter
Larry French, Cubs southpaw, blanked St. Louis Saturday, 4-0, on four hits. Dizzy Dean shut them out Sunday, 4-0, on four hits. Paul Derringer, Reds' right-hander, whitewashed them yesterday, 5-0, on three hits. Thus in three games the Cards have made only 11 hits, four of which were by Enos (Country) Slaughter, rookie outfielder.

Scoreless, Joe Madwick, National League batting champion, is missing from the lineup because he has lameness. When Madwick gets in lineup he has not played since he was away from St. Louis from his slump. Madwick, who knows how to play one way—to win—may give the Cards some hitting when he gets started, but if he doesn't, look out for an explosion soon on the benches of the Mississippi, Sam Breadon still has the 183-run record for a manager with ball games with only, as Pepper Martin remarked when Dizzy was in the line.

Fraser Wins Again
Pittsburgh continued its dizzy pace by winning its seventh straight, from the Chicago Cubs, 7-0. Twice the Pirates rallied to overtake the Cubs. Arky Vaughan's single with the bases loaded tied the score in the eighth. Fraser pitched a shutout, produced the winning run, Tony Lassetz playing short for the Cubs, hit the bases.

Scott's Best Scott's best record in the major league is 11-0. He pitched the American league's best shutout on Washington, 7-0, behind the four-hit pitching of Fred Clarke. Scott has not pitched 15 consecutive innings, allowing only the hits. Ben Chapman led the Boston Red Sox to a double over the Detroit Tigers, 4-0.

Key Statistic
Buck Ross kept seven hits scattered to pitch the Philadelphia Athletics to a 3-1 victory over the New York Yankees. The Athletics made eight hits off Rocksie Joe Segar, with Johnny Lodigiani, rookie second baseman, getting two singles and a double.

Featured by Chat Latta's homer with the bases loaded the Detroit Tigers crushed the St. Louis Browns, 10-0. Hank Greenberg's homer, No. 2, Pete Fox and Dixie Walker made three hits each in Detroit's 13-hit attack on Cole, Knott and Bonetti. No other games were played.

Lealie Pawson, winner of the Boston Marathon in 1933, goes through a familiar ceremony as an official of the race places the laurel wreath upon his head for repeating in the 1938 event. The Pawson, R. L., veteran, covered the 26-mile course in 2 hours, 33 minutes, 28.2 seconds.

Jerome Sings
Jerome's squad of cinder artists is possibly ranked among the best in the south central, despite the fact that it was noosed out in a triangle meet here with Twin Falls and Plover. The 1937 state champion John North annexed eight first places, with the veteran Hollibaugh as the ace man of the squad.

"CIVILIZED" MAN BROUGHT ABOUT THE EXTINCTION OF THE LABRADOR DUCK IN JUST 87 YEARS AFTER HE KNEW OF THEIR EXISTENCE. THE LAST SPECIMEN WAS KILLED NEAR NEW YORK, IN 1875.

CHARLES H. SNOW, BLIND AUTHOR OF 'NAPA, CALIFORNIA,' HAS WRITTEN 100 BOOKS... AND ALL HAVE BEEN PUBLISHED.

SOUND WAVES OF VIOLENT EXPLOSIONS TRAVEL MUCH FASTER THAN NORMAL UNTIL THEY REACH A CONSIDERABLE DISTANCE... THEN THEY SLOW DOWN TO A CONSTANT SPEED.

The Labrador Duck was first made known to science in 1788, and little is known of its nesting habits. Not one egg was saved to science, and only a few specimens of the bird are in existence today. It is supposed to have bred in Labrador. Feather hunters are credited with its extinction.

Christian Science Lecturer Says Prayer Key to Kingdom

Pointing out the solutions of Christian Science as applied to problems of everyday life, John Randall Dunn, C. S. B., Boston, Mass., discussed "Christian Science: the Good News of the Kingdom" to a substantial audience at the high school auditorium Monday evening.

Mr. Dunn is a member of the Board of Lectureship of the Mother Church, The First Church of Christ, Scientist, in Boston.

ment, the suggestion of unemployment and lack? Does it seem to be beating down on you, clinging in on you, and arguing that there is no escape? What is the answer? Christian Science replies, Prayer, understanding, enlightenment, a scientific prayer. It is not alone the first feeling cry of the stricken one, "God help me!" but the intimate, understanding communion with deity which enables one to say, "Father, I thank Thee that Thou art with me!"

Dealing with Fear

The healing prayer of Christian Science, therefore, is based on the understanding of the goodness, the perfection, of God, Spirit, Mind, and of the man, the harmonious, spiritual expression of God's love.

Dealing with Fear

One is reminded here of the graphic word-picture that has been drawn of a man out on the limb of a tree, transfixed by the thought that below him, gaining exponentially upward, sits a ferocious looking wild beast, whilst another animal, of equally ferocious mind, is endeavoring to climb the tree.

Dealing with Fear

There is no such thing as failure in Truth. In all the history of the league, has light ever failed to cast its gleam darkest? Every day, there-
