FDR Urges Anti-Monopoly Bill Study

President Asks for Huge Appropriation To Probe U. S. Laws

WASHINGTON, April 29 (AP)—President Roosevelt today called upon congress to authorize a sweeping study of concentration of industrial economic power and revision of the nation's anti-monopoly laws.

Mr. Roosevelt asked appropriation of \$600,000 for a comprehensive study of anti-trust problems by the federal trade commission, the justice department, the securities and exchange commission and other government agencies.

He said he would submit a special \$200,000 appropriation request for expanded enforcement of present trust laws by the justice department.

The president's recommendations were directed primarily at study of existing conditions rather than immediate legislation.

Mr. Roosevelt declared attention to anti-trust questions was necessary because of a growing "concentration of private power without equal in history."

"This concentration," he declared, "is seriously impeding the (Continued on Page 2, Column 3)

BEEF CASH SEEN BY LATE IN MAY

Federal benefit payments for sugar beet will in all probability be completed by the end of June with the first payments being made the latter part of May, the Evening Times was advised this afternoon in a telegram received from Rep. D. N. Norton.

At the same time a telegram was received from Sen. James P. Pope which said that the federal government is making out and forwarding to Washington payment will be made. He wired that it would probably take 10 days after the applications are received in Washington before the checks could be mailed.

According to Clark's wire, growers should be able to sign the check applications sometime during the week of May 15 to 21 but this date is not definite until further notice has been received locally.

NATIONAL INCOME REGISTERS DROP

WASHINGTON, April 29 (AP)—Administrator Harry Hopkins of the works progress administration said today that national income has declined \$19,000,000,000 in the past six months and 3,000,000 men have been thrown out of work in the same period.

Petitions Seeking Reduced License Fee of \$5 Filed

BOISE, Idaho, April 29 (AP)—State Representative W. G. Thornton today filed petitions seeking to have the question of a \$5 license for motor vehicles placed on the ballot at the November elections.

COMMITTEE VOTE ENDS WAGE-HOUR HOUSE MEASURE

WASHINGTON, April 29 (AP)—The house rules committee today regarded a virtual mandate from the floor to bottle the new wage-hour bill in committee for the remainder of the session. The vote was 8 to 6.

Refusing to take the measure a rule which would send it to the house floor for consideration, the committee rebelled against demands from both the American Federation of Labor and the committee for industrial organization for action at this session.

Plan Petition Supporters of the measure, backed by the administration, planned immediately to file a petition to discharge the committee and force it to the floor. Single signatures of 218 representatives are necessary to make such a petition effective, however, and only a few signatures have been secured.

The committee voted after two days of hearings during which opponents and proponents of the legislation pleaded for the plan to establish a 40 cent an hour minimum wage for a 40 hour week within three years.

Presidential Approval The bill came after Chairman Mary Norton of the labor committee which drafted the bill ended the hearing with the first statement that the bill under consideration has President Roosevelt's "entire approval." This statement was supplementary to Mr. Roosevelt's frequent repeated demands for a wage-hour bill.

"I may say that I discussed the bill with the president just before we began hearing today," he said, "and he meets with my approval," Mrs. Norton said.

As soon as Mrs. Norton made her statement, Chairman John J. O'Connor, D. N. Y., threw the committee into secret session for the "show-down" which he called a "show-down" about three weeks.

At the same time a telegram was received from Sen. James P. Pope which said that the federal government is making out and forwarding to Washington payment will be made. He wired that it would probably take 10 days after the applications are received in Washington before the checks could be mailed.

MINIDOKA FUNDS TERMED CERTAIN

President Roosevelt's signature on the interior department appropriation bill was all that remained today between the Minidoka irrigation project and \$400,000 in federal funds for carrying out the project, according to word received here this afternoon.

The \$129,678,450 measure was approved by the senate yesterday and sent to the White House. The president's signature is considered a certainty, according to members of the senate congressional relations committee.

The bill, in addition to the \$400,000 for the Minidoka project, carries \$100,000 for the Twin Springs project near Boise, and \$200,000 for the upper Snake river project.

Late FLASHES

ARRIVAL BATTLE HANKOW, April 29 (AP)—Recently Chinese pursuit planes drove off 40 Japanese raiding planes in the greatest air battle in the Chinese war.

VICTORY... As Spanish Rebels Smash on... DEFEAT

Frenzied with joy over the victorious march to the Mediterranean of her soldier favorites, the nationalistic, a Spanish woman is pictured above as she rushed forward to touch the folds of Generalissimo Franco's red and gold flag at Vinaros, an important Mediterranean port, a major victory for the rebels as it completed the wedge driven to the sea, splitting loyalist Spain.

This was a typical scene as Spanish loyalists carried wounded comrades across the Pyrenees mountains and into France after Generalissimo Franco's insurgents had smashed their way into the Mediterranean support of Vinaros, inflicting heavy losses on government forces. After taking Vinaros, Franco's forces prepared for a mass attack on the last loyalist strongholds in Catalonia.

EARLY SECURITY PAYMENTS ASKED

WASHINGTON, April 29 (AP)—President Roosevelt today proposed a broadening of social security act benefits and provision for start of old age insurance payments before 1942 as now scheduled.

The president suggested drafting now a bill to liberalize the old age pension system in order to make payments possible earlier than 1942, as now provided and provide payment of large benefits to the aged, to aged wives and widows and to children of persons who die before reaching pension age.

He suggested that complete recommendations be drawn up before congress reconvenes in January.

OFFICIAL PLACES TRUST IN TAYLOR

BOISE, April 29 (AP)—A state official who did not wish to be quoted directly said today that he felt there would be no question arising in the coming week as to the determination of J. J. Taylor to retain chairmanship of the party's central committee.

The official said that he felt Taylor was "perfectly qualified" as the party's chairman, said he believed the committee would not have resigned his directorship of the public works department, and expressed full confidence in Taylor as a party chairman.

LaFollette Takes National Limelight with New Party

NEW YORK, April 29 (AP)—Henry Ford arose at the banquet table before 1,200 newspaper publishers and their guests last night and said:

"We are all on the spot. Stick to your guns and I'll help you all I can with the assistance of my son."

He had been introduced by S. E. Thomason, publisher of the Chicago Times and co-sponsor of the dinner at the bureau of advertising of the American Newspaper Publishers' association, at the Waldorf-Astoria hotel.

1,100 Youngsters Swarm Park for Music Festival

Almost 1,100 grade school youngsters swarmed city park here today with 250 parents and approximately 75 teachers for the annual county music festival.

The throng of young singers and musicians set a new record for the annual county gathering, and staged a program of group singing, chorus numbers, specialty offerings and instrumental presentations.

There was 318 children singing in the primary chorus, and 70 playing harmonicas in that combined division.

15 Per Cent Less Will be Paid to Train Employees

CHICAGO, April 29 (AP)—The American Association of Railroads today voted to cut wages 15 per cent effective July 1.

John J. Pelley, chairman of the association which represents 142 class 1 roads, estimated the cut would effect a savings of \$250,000,000 annually.

The cut was agreed upon yesterday by the board of directors of the association and accepted by the general membership today.

Notice of the resolution will be served upon the brotherhoods with whom the roads have contracts.

"Because of the critical financial condition of the railroad at the beginning of 1938 (a situation more desperate than at present) the employees agreed in January of this year to a wage reduction of 10 per cent," the association spokesman said.

"The wage increase granted in 1937 had the effect of raising the index to substantially 100, a figure 8 per cent higher than that in effect during the complete deduction period."

Explaining the reduction voted today, the spokesman added: "Present conditions in the railway industry are such that a 15 per cent increase and adjustment; costly and restrictive in application placed upon working men by other industries of the country for employees in the transportation group; (b) legislative expense on account of state full curv, train (Continued on Page 2, Column 2)

JAPAN CHANGES TACTICS AS FAR EAST WAR DRAGS

NEW YORK, April 29 (AP)—There were increasing indications this week that Japan has modified her immediate program in China, following the long inspection of the Japanese occupied areas by war minister Gen. Gen. Suiyama, and that she does not intend to drive against Generalissimo Chiang Kai-Shek, the Chinese supreme commander, and the imperial Japanese army to force peace.

The present Japanese plan is to clear the entire length of the Nanjing railway as soon as possible and to reorganize the provincial governments which have been formed in Peiping and Nanjing. The Nanjing regime then will be a mere appendage of the Peiping government, which Japan will consider the "national government" of all China.

The tentative decision to abandon the Hankow drive for oil apparently was caused by general factors, including:

1. The changed situation in Europe following the Anglo-Italian accord and opening the Anglo-French conversations for a definitive alliance. Japan's four-power basis that will leave the Japanese in real control of the five northern provinces they want and at the same time enable them to retain their prestige in the west central provinces.

Oddities

JACKSON, Miss., April 29 (AP)—Merrill Dawson, who went to prison broke 10 years ago, had left for Flint today on parole with a condition that he go into business for himself.

Of the \$100,000, \$700 came from the sale of souvenirs—drum sets, articles which he made in the prison and sold to visitors in the lobby. The other \$300 came from the sale of other souvenirs of his prison life.

BOISE, Idaho, April 29 (AP)—Mrs. Lucille Landa, 35, by chance with an antique wine bottle which he found 1500 feet below the surface. The flask apparently looted overboard 4000 years ago from a Egyptian pharaoh, was in perfect condition.

WAGE BILL GETS LEWIS PRESSURE

WASHINGTON, April 29 (AP)—Chairman John L. Lewis of the committee for industrial organization today said the house rules committee today that failure to send the wage-hour bill to the house floor for consideration would be a travesty upon principle of American government.

President William Green of the American Federation of Labor previously had appealed for a favorable ruling to permit floor consideration of the bill.

Telegraphing all members of the rules committee, Lewis said that failure to approve the measure "will be regarded as an outrageous and indefensible gagging of the people's representatives and a travesty on the principle of our form of government."

BOOSTERS

# BRITAIN, FRANCE AGREE ON UNITED ACTION FOR WAR

## 2 NATIONS DRAW CLOSE TOGETHER FOR PROTECTION

By WEBB MILLER  
(Copyright, 1938, United Press)  
LONDON, April 29 (U.P.)—Great Britain and France, agreed on what amounts to an unwritten military alliance, discussed today the dangerous problem of central Europe that threw them together, allies as they had not been since the end of the World War.

They had agreed on immediate united preparation for war, and, in principle, on complete unity of command and execution in war. They had agreed on the unit action of their armies, navies, air forces, and on building up and pooling vast reserves of materials and food.

In six short hours of negotiation they had done what British and French statesmen had failed to do in nearly 20 years. Their conversations for their effect on the question of peace or eventual war, constituted one of the most significant movements in European diplomacy since the signing of the Versailles peace treaty.

**Olive Branch?**  
Europe today, as one authority put it, was presented with an olive branch covering a matted fist—the fist representing the united strength of the two most powerful nations in Europe.

Premier Edouard Daladier and Foreign Minister Georges Bonnet of France spent last night at Windsor castle, the honored guest of King George VI and Queen Elizabeth.

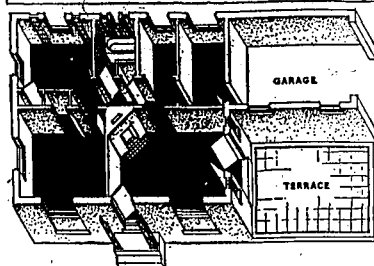

There they discussed the visit which the king and queen are to pay to France next month. It was not lost on Britons that the last such visit was made to France by King George V in June 1914, to warn Germany of the closeness of British-French relations.

**Better Cooperation**  
But in 1914 there was not the cooperation that there will be this time. If there is war, it will find Britain and France from the start agreed on not only the broad policy but the intricate technical details of military cooperation covering the Mediterranean, ready for instant efficient action against any common enemy.

Details of the agreement remained to be worked out. But it was said in usually reliable quarters that already it was certain that the unwritten alliance would include:

1. Action by the British and French air forces as one unit in event of war.
2. A powerful British bombing fleet to fly at once to pre-arranged French bases in event of war.
3. Establishment of a "base" in France for British air squadrons.
4. Provision of several squadrons

**Nat-Soc-Pah opens Sunday.**—Adv.

**Lightning-fast British Bristol** fighting planes for service with the French air force.

**Actual negotiations** of the details of the unwritten agreement are expected to start next week in Paris between the general staffs of the British and French air forces, for the air force agreement is the most important feature of the entire conference.

Britain has expressed concern at the rate of German airplane building. Little is known of actual figures. Nevertheless the belief is that Britain is building toward a fleet of 10,000 planes and it is certain that France and Britain could fit into the air today's fleet at 3,000 fighting planes.

## JEROME'S CURB PLANS IN PERIL

JEROME, April 29 (Special)—Through an announcement made Wednesday afternoon by Street Commissioner Vern Thorpe, it was stated that unless a sufficient number of Jerome property owners make known their intention to support the new curbing and sidewalk program now available, by signing up petitions for the work on their property within the next 10 days, it will be necessary to drop the program.

It was further urged by Mr. Thorpe that every property owner contemplating waiting the improvement on his property contact the office of the Chamber of Commerce in the postoffice building and obtain a petition at once.

**Not Enough Yet**  
At present there are not sufficient numbers of blocks signed up to begin the work, and it was stated that under this new program of improvement the cost to property owners is about one-third of what it would be under private contract work, and the owner pays only for the material used and the labor furnished through the WPA is furnished free to him.

Some misunderstanding exists as to the curb lines and in many cases residents have believed it necessary to move irrigation ditches where they run along the parking. This is not the case since most of the avenues have 14-foot parkings; that is, the streets running east and west, on the north and south streets have narrow 14-foot parkings with the exception of Lincoln and Elm and Locust streets which have 14-foot parkings in the residential districts.

In other words, Thorpe said, the streets in practically all of the residential districts will be 40 feet between curbs. North and south streets are mostly 70-foot streets. Avenues or east and west streets are mostly 80-foot streets. The outside of the sidewalks are six feet from the property line and the curbing would be outside this an additional 14 feet on avenues and nine feet on streets.

The exact location of the curbing on any particular property can be obtained from the office of the Chamber of Commerce or through Mr. Thorpe.

**Parkings Graded**  
Under the project, all parking will be graded slightly below the sidewalk level, and stumps of trees will be removed where it does not interfere with irrigation.

The loss of this project would be a serious blow to the present street improvement program and the immediate cooperation of all Jerome residents is urged.

The cost of curbing for a 50-foot lot is about \$14. The cost of a sidewalk for a lot of the same dimension is about \$20, and curbing will be about six inches at the top, nine inches at the bottom, and 18 inches in depth on an average. Sidewalks will be five feet in width and four inches thick. More detailed information may be secured in the office of the Chamber of Commerce in the postoffice building, it is stated.

Behind the Scenes in Washington
By ROONEY DUTCHER
Evening Times Washington Correspondent
WASHINGTON, April 20.—President Roosevelt tried to forestall the Democratic row in Pennsylvania by getting party leaders to agree on his friend William C. Bullitt, ambassador to France, for governor.

The World Keeps Track
It is not without significance that the editor of a big London newspaper the other day chose for his front page streamer the headline, "No Bad News Today!"

LITTLE ANDREY CHUCKLES AT THE WARDENS!
Hot Dog, Potatoes!
I think I got something here. Let me give you a very special little Andrei story exclusively for Larry Bavel and Grover Davis, our esteemed game warden.

CHAPTER XV
THE man came toward Joyce, and as he stood in front of her, clad on in a pair of cotton trousers, his slenderness, chest bare and gleaming black, he bowed, and in the simple gesture there was all the grace of an old French courtier.

Worried to death, I hunted all over Port-au-Prince for you. She smiled happily, the car looked down left and right. Then, still doubting her eyes: "But how did you happen to come out this way?"

"No, I stayed on board to play cards with the officers." Dick's eyes met Joyce's, held them for a long, long moment. Then he looked down left and right, and they had been deceived.

The small daughter of Mr. and Mrs. Dave Christensen had the misfortune to break her leg last week.

That far-off pre-war area, which looks so peaceful and settled by comparison with today's unhappy state—was it really so much better than the present, or were we simply blinder?

Speaking of coincidence, we've got a hold of just about the most startling one that's come our way in many months. It seems the San Francisco exposition held a \$10,000 contest to pick the name for the 1939 fair's amusement section.

"Merch," Joyce replied, hesitatingly as she looked at him with a long-forgotten vocabulary. "The automobile is broken."

"What do you mean, Joyce?" "Do you remember?" You left me at the table while you went into the water's came out to tell me you were unconscious.

"I'm standing here at the rail when the engagement was announced," he laughed mirthlessly. "What a prize sap I must have looked like! We had a few drinks that afternoon—drowning my sorrow in Johnnie Walker—"

## WOMEN OUTLINE FOREIGN POLICY

ST. LOUIS (UP)—The League of Women Voters has advocated a foreign policy which would enable the United States to cooperate with other powers to avert or stop war. It will be placed before the national convention here April 29 to 30.

The plan was revealed in a statement issued by the league's St. Louis branch, Miss Jeanne Blythe, president of the local group, said it was formulated after considerable study and would be submitted to the national convention for a decision.

"The league has chosen for itself the job of educating its membership to the need for collective action on all issues which breed war because it feels this is the job it is particularly geared to do," the statement said.

"Current isolationist agitation in the United States may make the public forget that a number of representative groups are definitely committed to a belief in collective action by the United States and other nations as the surest means of restoring peace in the world."

"While realizing a present impossibility of persuading the United States to join the League of Nations, the League of Women Voters has worked for a number of specific items based on the philosophy of collective action."

Among them are the Hull trade agreement program, a flexible neutrality law to make cooperation with other nations possible, international economic and disarmament conferences and the maintenance of treaties.

The league is studying the collective peace system and the question of whether legislation should be formulated to enable the United States to cooperate in sanctions against an aggressor nation.

"If It Isn't Right, Bring It Back"

"GATHER THE ROSE AND LEAVE THE THORN BEHIND" — AN OLD PROVERB

All the thorns of life cannot be avoided, but it is entirely unnecessary for anyone to suffer the sharp disappointment that coffee of unsatisfying quality invariably brings to the taste. This was the belief of Hills Bros. when they began in the coffee business 60 years ago. So they eliminated this "thorn" in coffee drinking by gathering in, year after year, only the finest coffees for their blend. The fragrance of a cup of freshly-made Hills Bros. Coffee announces this excellence. The flavor is proof that "the thorn has been left behind."

# LETTY GROVE SETS YANKS DOWN WITH 5 HITS

## Hal Schumacher Wins Second from Bees; Lewis Stars at Bat

**By GEORGE KIRKBY**  
**NEW YORK, April 29 (UP)**—Two pitchers, Lefty Grove and Hal Schumacher, and two batters, Buddy Lewis and Lou Medwick, were baseball's main attractions today because of meritorious service in yesterday's games.

Grove, who at 38 lacks only a month of being the oldest pitcher (Earl Whitehill is the oldest) in the American league, pitched the Boston Red Sox to a 4-2 triumph over the New York Yankees. He yielded only five hits.

Hal Schumacher, the ex-St. Lawrence collegian, brightened the New York Giants' hopes in the National league by giving his second brilliant performance of the season. He led the Giants to a 4-2 victory over the Boston Bees, allowing but five hits—four more than he gave his last start.

**Drives in Six Bees**  
 Buddy Lewis, Washington third baseman who is ranked by many as the greatest grand-slam-homer in baseball, slammed home six runs as the Senators triumphed over the Philadelphia Athletics 5-2, and held their distance half a game behind the pace-setting Cleveland Indians.

Joe Medwick, playing his second game of the season for the St. Louis Cardinals after a stint of lumbering, hit a triple and a single to lead the Cleveland Indians to a victory over Pittsburgh. The answer to "what was wrong with the Cardinals?" may have been the absence of a young man named Lewis.

The Pirates' defeat dropped them to second place as the Giants took unexpected hold of the lead as a result of their eighth straight victory, longest winning streak of the current season. Hank Lundy's homer with two men on in the first inning was the Giants' winning punch.

**Red Sox Notorious for his 'one hit wonder'**  
 Red Sox pitcher, who has pitched out under fire as Clay Bryant roared him and smashed the Chicago Cubs 7-1, was not the hero of the game. He hit a homer and double and drove in five Chicago runs. The Reds scored five runs in the ninth with two men on.

Brooklyn made six hits total for as many runs and the Dodgers turned in a 5-3 victory over the Cardinals and Wiggins' forced in the winning run. Relief pitcher Max Slaughter, reinstated after being suspended for 90 days for hitting a homer with a man on base in the eighth.

**Fights With Umpires**  
 Fred Farrell scored his third home run in the ninth to lead the Athletics to a 4-2 victory over the St. Louis Cardinals. Farrell was ejected from the game for fighting umpire John Quinn during the eighth inning.

Home runs by Lynn Lary, Ken Keltner and Jeff Healey featured the Athletics to a 4-1 victory over the Boston Braves. Umpire Bill Hays ejected pitcher Johnny Allen out of the game in the fourth inning after a fight with umpire.

The White Sox-Tigers game was rained out in the third with Detroit leading, 3-0.

## Ducks Increase Pacific Lead

**(By United Press)**  
 Portland gained in its leadership of the Pacific Coast baseball league last night by defeating Oakland, 2-0.

Ellicher pitched for Portland and put the Oaks down with three hits. For the first time Portland only five hits and the Oaks only three.

Hollywood grabbed Los Angeles, 12 to 4, in a victory with 11 hits against Beckman, Lahli and Carmeli Osborne was the winning pitcher.

Portland needed 10 innings to win out a 6 to 5 victory over Seattle. Popper, league leading hurler, worked the ninth for Sacramento. Harris and Fickler pitched for the Bees.

The game at San Francisco between the Bees and the Athletics was rained out and a double-header was ordered for Saturday.

## Dean Won't Feud with Former Teammate

**CHICAGO, April 29 (UP)**—Dixie Dean, of the Chicago Cubs, said today that it was all right with him if Joe Medwick of the St. Louis Cardinals wanted to tip him but added that it was going to be a one-man affair.

"I don't want no part of it," Dean said. "That's baby stuff, by George."

"Crawling!"

Medwick, in a letter written to Sports Editor Wood Lewis, said he was lined in the Chicago Daily News, accused Dean of "crawling."

Dean telephoned Medwick in Philadelphia yesterday to make sure Medwick had written the letter.

"He told me it was right," Dean said. "I don't try to make any peace with him. Confessionally I think they're just trying to build up the St. Louis gate."

Medwick's letter referred to statements attributed to Dean in which the Cubs pitcher, recently traded from the Cardinals, accused Medwick of starting the row at Tampa, Fla., in April, 1937, in which the Cardinals scrimmaged with Jack Miller of the Yankees. Both sports writers assigned to the team.

Dean to blame

"Dixie started that row," Medwick said. "I'm not a Jew and I will tell you the truth about it, which is that we merely came to the same conclusion. We were always doing that, as he always did a crawling whenever a row got hot."

Dean said he was willing to ask Medwick had asked him to make a "comeback."

## Work Opens on Junior Meet

Preparations for the junior high school track meet on May 13 were started at the school yesterday as faculty managers were selected.

Fourteen teams are named to assist the Red division girls and Tom Aldridge for the Red division boys.

The White division Tom Adams will instruct the boys and Miss Wilma Howarth the girls.

These managers will assist the Red division girls. The starting line will be at the intersection of Main and Lincoln streets. The starting line will be at the intersection of Main and Lincoln streets.

## 600 Seek Field, Track Honors

Some 600 track and field athletes in the state of Idaho will be busy this week-end attempting to qualify for one of the three "state" meets. Scheduled to be held on Saturday, May 14 at Boise, Pocatello and Moscow.

The qualification attempts are being made at Boise, Twin Falls, Burley, Jerome, Lava Hot Springs and Weiser.

In central Idaho, the meets at Burley, Twin Falls and Jerome demand the attention of fans as stars from 22 schools compete for places from each meet.

Twin Falls is held today at Buhl, Filer, Murtaugh and Castleton. At Burley, Albion, Oakley, Doris, Rupert, Heyburn, Arco, Paul and Lava River compete for honors. Jerome will entertain Hagerman, Gooding, Glenn Ferry, Hammet, Wendell, Gooding State school and Bliss.

## Girl Athletes Name Ticket Committee

Girls' Athletic association at the high school yesterday named a ticket committee to help bring in Janice Pate O'Brien and Hazel Terry to sell 25 tickets to face him as his pitcher and seven-time state champion for Pleasant Hill high school against Mohawk high school here yesterday.

It was Mauney's second no-hit, no-run game in 10 days. In the same game Mohawk, won by Pleasant Hill 4 to 0 as Mauney threw out the one batter he did not strike out.

### Mac Pushes Move to Emblazon Football Jerseys With Ads

**By HENRY McLEMORE**  
**NEW YORK, April 29 (UP)**—Great odds from little scores but what Creighton university's football team in Omaha may revolutionize the sport by its decision to carry advertising on the backs of its jerseys this fall.

The Creighton players, who are coached by Marcell Schwartz, the old Notre Dame All-American, will bear on the backs of their jerseys a map of the state of Nebraska. All in white, the idea of the map is to sell that state as the "white spot" of the nation.

"Buy 'Back' Space"

I would not be surprised to hear that some enterprising young advertising executive, taking his tip from Creighton, had started on a swing of American universities buying up the backs of the prominent football players for use as advertising space.

"Drink Zilch beer" or "visit Baumgartners for furniture bargains" in old Creighton jerseys look lovely across the shoulders of Marshall Goldberg as he ran to a touchdown for Pittsburgh before the interferences of two big tackles across whose posteriors was emblazoned "call 3-1-4-3 for quick, courteous ambulance service."

Advertisers might rent the backs of the jerseys for the entire season or for just a single game. The price would vary according to the importance of the game and the number of spectators. The Army-Navy, Notre Dame-Minnesota, and the bowl games would bring on some lively bidding from advertisers.

On Help Tee

The cost of the space would depend quite a bit on the calibre of the players, too. It would cost much more to advertise your liver pills or gum drops "on the back of an All-American than it would on the back of a second string end. Manufacturers of limited means could employ the backs of the student managers, trainers, and water boys.

Night games would be ideal for advertisers and spectator alike. The player would wear a neon sign and even the boys and girls back of the goal posts could follow the progress of the play. The announcer could call the product advertised instead of the player's name. A sample of the announcing would give you an idea.

Wild Ad Announcer

"Aunt Fluffy's buckwheat flour made three yards at right tackle. He was stopped by Busy Bee Lunch room and Williams Upholstering company. Making the ball on a spinnler, Pair Play Loan shop dropped back and passed to Snapfast Carter for a touchdown. Golden-glow Shampoo will try for the extra point with Old Reebud Rye holding."

To generate the power for the signs players would carry small electric plants on their hips, the power to be supplied by a generator fastened to their legs. A coach would be able to tell at a glance what players were giving their leg, because the minute a player began loafing he would cease to generate power and his lights would go dim. The coach could yank him out of there and send in a fresh bulb, so to speak.

Such an advertising scheme would do much to curb the evil of subsidization. Players would be given \$50 out and everyone would be happy and everyone (Copyright, 1938, by United Press)

## Eastern Meet Draws 3,000 Ace Trackmen

**By HENRY SUPER**  
**PHILADELPHIA, April 29 (UP)**—The 1938 eastern outdoor track and field season has its official opening today when upwards of 3,000 athletes swing into action in the two-day, 44th annual Penn Relay carnival at Franklin field.

College, high and prep school and former collegiate stars will participate in 90 relay events and 13 invitational events in track's greatest annual athletic extravaganza.

Feature Relays

Feature of today's competition will be three major college four-mile races—the quarter-mile, the distance medley of 2 1/2 miles and the spring medley. In addition, there will be five special invitational events designed to break the procession of relay races.

## Records May Fall In Drake Relays

**DES MOINES, Ia., April 29 (UP)**—Fair, warm weather, with a fast track and an imposing list of 1,500 competitors, promised a whirlwind start for the 29th annual of the Drake university relays today.

The 15 events for colleges and universities on the opening program gave ample opportunity for record breaking competition.

The college spring medley relay will bring together Compton, Calif., junior college and Oklahoma Baptist. The anchor men on those teams respectively are Wilbur Miller, national junior college 440-yard champion, and Harold Cagle, 1936 Olympic team member.

Miller scheduled today were the university distance medley relay, university spring medley relay, 880-yard college (1) relay, broad jump and discus throw.

## Lash Injured Enroute to Penn Relays

**PHILADELPHIA, April 29 (UP)**—Don Lash, former university of Indiana runner, injured his leg in a fall yesterday night at the Legion building, it was decided that in face of limited finances, no further bounty than \$200 would be paid on the department he paid on snaffle beads. It was voted that no bounty be paid on eggs. A committee is to be appointed to conduct the poisoning campaign against the birds.

The membership committee reported several new members. President J. E. Potter named a fish committee consisting of Frank W. Dick, Harry Stoner, Harry Cannon, Emmett Ketchum and Harry C. Coffin. The committee will be to pursue such ways and means as will best conserve the trout, promote its health and increase its numbers.

Considerable discussion arose about the fishing conditions and the danger facing the trout during the present high water. Watermaster Mans Coffin stated that the state game department had asked for a release of the trout from the above Ketchum was considered and the matter was left to the direction of the state game department.

President Potter brought out that in the event the tramping grounds are revamped it was found that the trout houses would be the most feasible. A report from the trap committee is awaited with the probability that work on reconstruction will start in a short time.

It was shown that high water has done considerable damage to nesting grounds of pheasants and ducks, mostly to the latter.

## Loss of Trout Feared In Flooded Areas

**SHOSHONE, April 29 (Special)**—Sportsmen generally are not only apprehensive regarding the outcome of early nesting of ducks and pheasants in the country, but also are concerned about the loss of trout, and more particularly spawners.

With the unusual flow and runoff of snow many of the spawners eventually find their way in the muddy tide into the fields and with sudden recession there is no comeback and the fish perish.

An active movement has been under way for a considerable period for the adoption of fish screens for the many canals and intakes, but definite steps at installation are comparatively negligible, as the early flood of heavy proportions had been anticipated, not as it been duplicated for many years.

Old channels are filled and former river beds, dry for many years, are being bought, very effort will be made by sportmen and others of many counties to alleviate the condition as much as possible. With the flood waters have covered a considerable area all dams and impounds appear perfectly solid at this time, though bridges are jeopardized.

# Plans Completed for Idaho's Resettlement Project

## U. S. BUYS 8,000 ACRES TO DIVIDE INTO 44 FARMS

PORTLAND, Ore., April 29 (U.P.)—Final authorization for completion of Idaho's boundary farms resettlement project in Kootenai valley near Shoshone Ferry was announced today by Walter Duffy, regional director of the farm security administration.

Purchase of 8,000 acres of land including 3,500 acres of diked land under cultivation has been completed by the government. Each unit will range to 180 acres with at least 80 acres being crop land.

44 Units:

Farm buildings to be constructed on each of the 44 units include a three bedroom \$1,800 house of the Cape Cod type with electrical equipment; a \$2,500 barn and outbuildings; fencing and other improvements.

Construction loans and contracts for necessary drainage and land improvements will be set up by June 2 and bids for construction will be called early in July.

Specialties:

Families for unit occupation will be chosen from those now under the rural rehabilitation program and from the resettlement program in Idaho land use adjustment project.

Only tenant families qualified for farm ownership and at present under the farm loan program will be selected to occupy the units.

Dairying will provide the basic training for the boundary farms project.

## LOCAL PAIR WILL CAST P. T. A. VOTE

Two Twin Falls residents have been selected among the 10 voting members of the Idaho Congress of Parents and Teachers who will attend the national convention of the P. T. A. scheduled at Lake City tomorrow.

The two are Mrs. Roy Evans, district vice president of the Idaho P. T. A., and Mrs. J. D. Price, fourth district representative.

The Idaho voting delegation will consist of Mrs. R. L. Brainerd, Washington county; Mrs. J. D. Price, Malad city; Mrs. J. D. Price, Malad city; Mrs. J. D. Price, Malad city; Mrs. J. D. Price, Malad city; Mrs. J. D. Price, Malad city; Mrs. J. D. Price, Malad city; Mrs. J. D. Price, Malad city; Mrs. J. D. Price, Malad city; Mrs. J. D. Price, Malad city.

Although the voting delegation will be 10 for Idaho, any state congress member is entitled to be a voting delegate at the national convention, local P. T. A. leaders pointed out. As a result, Idaho and the south central district are expected to be well represented.

## DIRECTORY

It's the largest directory seen here in years.

In fact, it's five and one-half inches thick, printed on thin paper, with five columns to the page and plenty of words in small type for each column.

The returns in Thomas Register and American Manufacturers, and it had been received today at the Chamber of Commerce offices.

The list of manufacturers and their outlets is classified, with address, type of product and financing making it easy for each firm.

The book is expected to prove a valuable reference means for Twin Falls businessmen and will be available to the public starting today at chamber offices.

It is estimated that more than one half of the 25,000 cars in the United States are equipped with four-wheel brakes.

## Six Days of Clean-Up Mapped in Twin Falls

Six days of clean-up activities for Twin Falls had been outlined today by Chamber of Commerce and city officials as plans were completed for removing garbage, rubbish and debris accumulated during the winter.

Zones were drawn up yesterday afternoon as officials met at the chamber offices. For the work the city will furnish two trucks and seven men while I. O. Prescott, who holds the city garbage contract, will furnish four trucks and five men.

Following are the official zones and official dates of collection in each zone.

Monday-Tuesday: Zone one including all city territory south of Addison avenue, west of Blue Lakes boulevard and north and east of Main avenue.

Wednesday-Thursday: Zone two including all city territory east of Blue Lakes boulevard and north of Addison avenue.

Friday-Saturday: Zone three including all city territory south and west of Main avenue.

Brush, leaves and such matter should be placed in cans and other rubbish and packed in separate containers. It should not be piled on the ground. Under present arrangements only material in containers will be hauled away.

Whenever possible but regular collection will be adhered to in each case.

Contributions from readers welcomed. Letters should deal with matters of general interest. Matter should be stated to more than 200 words and preferably should be confined to 300. **PEACEFUL ORATORY AGAIN**  
Editor, Evening Times:

Your issue of April 29 is received. Your letter very thoroughly covers the position of your paper relative to the article under discussion and I can understand the article in the Pot Shots column on the 28th.

So far as I am concerned it is not necessary to print my letter or make any restitution whatever either in your columns or otherwise. The only thing I had in mind was the integrity and competence of the judges and the impartiality to any contestant. It was so much my desire to hold the contest over and above reproach or criticism that I was diligent in my duty as Americanization director during the contest.

We do not know who will represent Idaho at Albuquerque. The couples of my previous letter to other officials of the Legion will not be mailed. I thank you for your wishes to the department winner and for your explanation which I accept. So far as I am concerned consider the incident closed.

Sincerely yours,  
J. D. PRICE  
Malad City, April 28.

## TROUBLED ORATORY WATERS

Queen Caroline of England, consort of George IV, rejected an offer of \$250,000 annually to renounce her title when he ascended the throne.

## Dairy Specialist Visits Breeders

RUPERT, April 29 (Special)—Ivan H. Loughray, university extension dairy specialist, spent Tuesday in Rupert and vicinity as the guest of the Mini-Cassia Holstein Breeders' association.

At 10:30 a. m. the visiting expert gave a hoof-trimming demonstration before about 40 interested spectators at the dairy barn of Charles Hagar, association president.

The afternoon was spent in visiting 12 Holstein herds of Minidoka county and two in Cassia county. In the evening Mr. Loughray addressed a group of 15 breeders and dairymen at the local court house and discussed various matters with them.

## Ferry Aid Society Has Annual Meet

GLENN'S FERRY, April 29 (Special)—One of the annual events of the Methodist Episcopal Ladies' Aid society was given in the form of their apron party and tea.

A program included a piano solo by Mrs. E. D. Redford, a vocal solo by Mrs. Mary Owens, a reading by Mrs. Lloyd Gilmore of Twin Falls, a selection by a trio composed of Mrs. M. H. Coon, Mrs. Harry Campbell, and Miss House, a vocal solo by Donnie Duncan and a number by the high school mixed quartet.

After the program the guests retired to the basement which was beautifully decorated with bouquets of spring flowers. A lovely lunch was served with Mrs. Everett Staples presiding at the coffee table and Mrs. Mark at the tea table.

Mrs. Joe Morrow received the door prize.

A girl is caused by the tire losing the air if ordinarily has on the road.

## BLAZE DESTROYS TENT RESIDENCE

Early-morning fire today destroyed two tents attached to a small building on property in the rear of the residence of Mrs. Mary Jennings, 203 Elm street.

Twin Falls firemen, called at 6:15 a. m., checked the blaze before it could wreck the small building. It showered sparks on the larger residence in front.

An overheated stove caused the flames.

## MURTAUGH

A large crowd attended the valedictory given at the school Friday.

Mrs. Easterday has sold her farm in Milner to Edgar Mooman. The family intends to go to Oregon soon to look for a home.

Mr. and Mrs. Walter Cault, who have been visiting his father, Milner Cault, for four months, have left to make their home in Goodriver, Ore.

Mr. and Mrs. Loyd Davis returned Wednesday from San Francisco where they went last week with two carloads of cattle.

Mrs. May Perkins returned Saturday from Logan after a week's visit with her son and daughter-in-law, Mr. and Mrs. Darwin Perkins.

Mrs. Charles Stevens and children have arrived from Missouri to join her husband, who is here working for Mr. Mooman.

Mr. and Mrs. Claude Street moved Tuesday from Twin Falls to the Earl Sears home near Milner.

Mrs. Alta Christofferson entertained the Relief society at a meeting Tuesday. The lesson was led by Mrs. Goldie Tolman.

## Dimple Inducer

It's doubtful if dimples could make Isabelle Gilbert more attractive than she already is, but if she wants 'em she can get 'em with the queer-looking contraption she is shown wearing above. The device was displayed at the inventors congress in Chicago, and its sponsors claim it will actually grow dimples where none grew before—in cheek or chin.

## NOTED DEMOCRAT WOMEN TO TALK

Two prominent Democratic women of Idaho will be featured speakers at a tea of the Twin Falls Democratic Women's Study club, announced this afternoon for 2 p. m. Monday, May 2.

The speakers will be Mrs. Maud Cosho, Boise, former Ada county representative and now candidate for lieutenant-governor in the Democratic primary, and Mrs. Frank Johnnes, Boise, former state chairman of the Democratic party.

The tea will be given in their honor at the home of Mrs. O. V. Witham, 1225 Poplar avenue.

Both of the prominent Democratic guests will speak on Idaho political subjects, Mrs. Witham said.

All ladies of the county are invited to hear the pair, it was announced.

## MIX ASKS FOR FEDERAL POST

BOISE, Ida., April 29 (U.P.)—John P. Mix, assistant secretary of state, said today he had asked for a federal position and if he received it would resign his state office.

Mix has been assistant secretary of state for the last five years.

He would not say what federal position he sought.

"It Must Be BETTER BREAD..

... otherwise there wouldn't be such a growing demand for BUTTER-KRUST

No One Knows Better Than Your Grocer

Grocers throughout Maple Valley are getting more calls for Butter-Krust Bread every day. Once a housewife tries Butter-Krust she immediately becomes a regular user. To the grocer that means but one thing: Butter-Krust must be a better bread.

Since it was first introduced several months ago, the New Butter-Krust Bread has become a favorite with housewives throughout south central Idaho. More and more they are insisting upon Butter-Krust because of its superior flavor. They know, too, that Butter-Krust's significant texture is a guarantee of unexcelled wholesomeness.

The best of ingredients, the newest of modern equipment, and expert supervision combine to make Butter-Krust the most popular bread of all.

If you have, not already tried Butter-Krust you have a real treat coming.
