15 Mills Levy Termed Legal Without Vote

The complete picture for needed improvements in Twin Falls, including contemplated airport work, brightened this afternoon as Paul R. Taber, city finance commissioner, announced a legal opinion had been received which disclosed a tax levy up 15 mills could be made without necessity of a general vote.

Recently, when a delegation of local businessmen met with the councilmen and asked a three-mill levy for airport work, Taber pointed out that a city of the second-class was not permitted to make a special levy for airport purposes.

Y. W. C. A. CHARTS LOCAL UNIT WORK

Policy for the next two years in the Y. W. C. A. will be an effort toward improving local units of the organization and leadership in the communities. Miss Ruth McManis, Magic valley Girl Reserve secretary, said here today after returning from the national convention.
The policy was decided upon at the national conference held at six o'clock Columbus, O., and attended by from two to three thousand women from the United States and foreign countries. Miss McManis reported that only two states of the union were not represented.
One of the highlights of the gathering was the address by the secretary was the special broadcast from China by Mme. Chiang Kai-Shek.
On the two weeks' trip to the convention, which was made by car, Miss McManis was accompanied by Mrs. Roy Willard, Parma, a member of the national board of the Y. W. C. A. which has a membership of 100 representative women; Mrs. L. A. Williams, Caldwell, nominee for president for the southwest Idaho district; Mrs. Ray Minton, Parma, Girl Reserve club adviser.

Pageantry of Might in Peaceful Pacific

A spectacle of mighty beauty is the unusual photo. Wasp nests of airplanes, the aircraft carrier Ranger, Saratoga and Lexington are pictured as they move to assume position in the Pacific. The eyes of the military world are upon the carrier as they play at simulating the attack in the execution of Problem 19, the jealously guarded secret maneuver known only to a few high command.

2 LOCAL WOMEN LEARNING TO FLY

Irene Kohles, Twin Falls, this afternoon became the first woman to register for a flight course in the Idaho Flyers association which will be organized at a meeting set for Friday at 7:30 p. m. in the Idaho Power company auditorium.
Mrs. Lisa Molony, also of Twin Falls, was the first woman in the city to take a flying course, being a student of Learning Stearns, operator of the Magic City Flying school, which also bases at the local field. Mrs. Molony took her first lesson more than a month ago.
Principal speaker during the organization meeting for the new club will be Virginia Adams, who will serve as one of the new instructors for the flying organization. He will recount some of his experiences in over 4,000 hours of flying.
Because only two Cub training planes are available for training at the present time, the new organization will be limited to an initial invitation basis. The general public, however, is invited to attend the meeting Friday evening, according to those in charge.

SEARCHERS FAIL IN RIVER QUEST

Search for the body of Dave McCallahan, 23-year-old Jerome youth who Sunday jumped his death from the rim to rim bridge, tomorrow will shift to territory in the vicinity of Niagara and Auger falls on the Snake river, Sheriff James Davis, Jerome county, said this afternoon.
To date the search for the body of the youth has been fruitless. This is because the volunteer searchers once more were unable to locate a body between the bridge and Blue lakes.
The search tomorrow, providing the body is not recovered before that time, a party of 10 will scout both banks of the river below Niagara falls and above the house, westward. Organized search will be carried on through next Tuesday after which further work along this line will be called off, Sheriff Davis pointed out.

RECOVERY PLAN WORK TO START

naval engineering bill to conference for adjustment of differences between the draft passed by the senate yesterday and the one adopted by the house yesterday. Rep. Carl Vinson, D., Ga., chairman of the naval affairs committee, objected to the senate amendment, chief of which was the limiting to 35,000 tons the size of three battleships unless definite information was furnished that other nations were building larger vessels. The senate sent to conference a bill creating additional district and circuit courts. The house passed the bill yesterday.
Chairman Wilburn Cartwright, D., Okla., of the house roads committee proposed developing a national program for traffic accident prevention by creating a national highway safety committee.

Senate Retains 20 Cent Per Mile Rail Rate For Solons

WASHINGTON, May 4 (AP)—The senate today rejected the cabinet protecting congress from privations of travel by voting to permit all members to collect an allowance of 20 cents a mile for the round trip from home.
For a few moments yesterday this congressional prerogative seemed in jeopardy. Members collected mileage for the special session last fall and the appropriations committee recommended that those who did not actually go home between the special and regular sessions be prohibited from collecting for the current session.
That was bad enough, but Sen. William E. Borah, R., Ida., went even further. He proposed an amendment to strike out altogether \$31,000 for mileage from the \$1,568,578 legislative appropriation bill. He argued that another mileage appropriation would amount to a "donation" and would "leave a bad taste in the mouth of the public."
The Borah amendment was voted down. The committee amendment was ruled out on a point of order. Congressmen get their mileage for both sessions.

ALLIANCE PROBES PICKETING PLANS

Picketing to shut down WPA headquarters in Twin Falls may flare by the end of the present week, it was developed this afternoon as the local Workers' Alliance unit mapped final plans to stage inspection this evening of workers' status on major WPA projects in this area.
Ferry Morris, chairman, announced that a visitation committee will go late today to the storm sewer project in Golden Rule addition to contact workers there. Thursday the group will contact workers on the South Park flush line project.
"The picketing has been suggested because of general grievances," Morris said. "These include grievances such as the sanitation project shut-down, worker conditions on the weed project and storm sewer, and the attitude of the local administration."
He warned that "if picketing starts here, it won't stop until all projects raise the wage scale to \$10." He indicated that if the picket line is decided upon, the move probably would spread throughout this section.
Morris declared that if the check-up of worker sentiment indicates the WPA men "are ready to fight," the Alliance will launch a handbill campaign at the local administration and its attitude to workers. A meeting simultaneously with handbill distribution would decide definitely on the picketing proposal.

THEATER OWNERS HIT 'BIG NAMES'

From Page One
whose box office draw is nil, can be numbered Mae West, Edward Arnold, Garbo, Joan Crawford, Katharine Hepburn and many, many others. Garbo, for instance, is a tremendous draw in Europe, which does not help theater owners in the United States.
Like Cooper, Henle
"We're not against the star system, mind you, but we don't think it should dominate the production of pictures. We want the Myrna Loy's, the Cary Coopers and Sonja Henles, but we want them to get value, not when they drive picture away from the box office."
F. K. Buehler, president of the National Motion Picture Exhibitors Association, said that he is allied to a "difference of opinion regarding star material."
Miss Francis, after having been jobless for several months except for a radio appearance, prepared to work for Columbia pictures under a new contract.
Miss Francis, who attempted fitfully to break her \$5,000 weekly contract, had fallen because she thought her picture, "The Sign of the Cross," and the other stars involved, turned all queries to their agents. The latter, with their legal advisers, called the artist's managers guild and decided to see what legal action, if any, they might take.

RECOVERY PLAN WORK TO START

Operator Returns
Mrs. Emma Corley, operator at the Hunt Beauty shop in the Rogerson hotel, has returned from Seattle where she attended the Corley Beauty show. She was away 10 days.
Sister Dies
Mrs. Pearl Iron has been informed of the death of her sister-in-law, Mrs. Anna Iron Lee, wife of Dr. W. H. Iron, Baptist, Tenn., and of the critical illness of another sister-in-law, Miss Mattie Iron, Knoxville, Tenn.
Driver Jailed
Lee Tucker, 310, was in Twin Falls court today after failing to pay a fine of \$100 and costs of \$5 decreed by Justice R. L. Stewart, Buhl, on charges of driving while intoxicated. Tucker was arrested by Buhl police.

APPRAISERS SET ESTATE'S VALUE

Hearing was set today for June 7 on the petition of R. P. Pribble for community decree in the estate of his late wife, Mrs. Eliza E. Pribble, after two appraisers had reported to Probate Judge Guy L. Kinney on value of the estate.
Mrs. Pribble died without leaving a will June 18, 1923, in Twin Falls. Value of the estate, including four Twin Falls parcels, was set at \$5,500 by Harry Dietrich and A. E. Pickett, named appraisers by Judge Kinney.
Edward Babcock and George Paulson are attorneys for Mr. Pribble in the action.

TAYLOR ELECTED ROTARIANS' HEAD

Stuart H. Taylor today was named Rotary club president to head the organization during the next year. Ralph W. Carpenter is the outgoing president.
Other officers elected are Bert Sweet, vice president, and a board of directors with the following members: Mr. Taylor, Mr. Sweet, Mr. Carpenter, A. M. Sande, E. H. Graves, William Van Engelen and A. J. Peavey. Dr. Charles R. Scott was appointed secretary.
Program for today's session was provided by Dr. Scott as he described his experiences as a doctor John Dillinger, gangster, was indicted on a charge of murder last night by a grand jury investigating the abortion death of Mrs. Doris Alexander, 30.

MAN BOUND OVER ON-TITLE CHARGE

Accused of forging a certificate of automobile title, Thomas E. Clawson was bound over today to facial trial in district court.
Clawson was remanded to county jail on failure to furnish \$1,000 bond after preliminary hearing late yesterday before Justice H. M. Holler. Complaint against the youth was signed by Al Chasen, prosecutor of the Auto Mar, local used car exchange, Boise, claiming Clawson forged an auto title certificate in the name of John Schatz, Lewiston.

HAERMAN, MAY 4 (Special)

Hundreds of friends of all stations in life had gathered here this afternoon for the funeral of Mrs. John Curran, pioneer contractor, at services which were to be held this afternoon at the ranch home in this valley.
Honorary pallbearers included Sen. William E. Borah and William Jeffers, president of the Union Pacific railroad, both of whom sent messages of condolence. Other honorary pallbearers named by the family were Raymond Moore, L. L. Ormsby, A. H. Bralfford and George Marten.
Rosary was said last evening at the ranch and two masses were said yesterday morning with only members of the family and close friends present. Father M. King of Wendell, was celebrant at the other. Fr. F. Ryan, Weiser, and Father M. F. O'Connell, Caldwell, officiated.
Active pallbearers were Guy T. Swope and was bound over to answer in district court. In lieu of \$1,000 bond he is being held in the county jail. He is alleged to have attempted to pass a check for \$10 on a local store. The arrest was made by local police.

CURRAN TRIBUTE PAID BY THROG

Compensation Tax Bill
Bull asking \$80 judgment and an order forcing filing of unemployment compensation reports for the year 1936 was filed in probate court today by the state of Idaho and the industrial accident board against George J. Buhler and Lillian M. Buhler, proprietors of the Grill cafe. The \$80 was claimed to be due the state for failing to file a report. A. L. Freestler are attorneys for the accident board.

MURDER CHARGE SAN FRANCISCO, MAY 4 (AP)

Dr. Clayton E. May, who once served a two-year prison term for administering to wounds of the late John Dillinger, gangster, was indicted on a charge of murder last night by a grand jury investigating the abortion death of Mrs. Doris Alexander, 30.

STUDENTS HEARD IN 3RD PROGRAM

Several hundred music lovers formed an audience marked by the number of young people last evening to hear the third program sponsored by the local chapter of the National Federation of Music Clubs presented at the Methodist church. The numbers were by local students.

Piano, vocal and violin numbers were presented as solos and group numbers and the program also included an accordion solo. Compositions presented ranged from Handel and Brahms to Nathaniel Dett, representative of modern musicians. The program was considered especially interesting for its examples of various methods of instruction.

Twin Falls Night
"Twin Falls night" will be presented this evening at 8 at the Methodist church as one of the most ambitious programs of the series.

On Friday the junior and senior high school music departments will be heard in a concert at the high school auditorium. Miss Ruth Johnson, Loyd Thompson and Harley Smith are arranging the numbers.

Selections are to be played by the high school symphony under the direction of J. T. Bainbridge and Mr. Thompson will lead the mixed chorus, the girls' sextet and the girls' violin solo. Virginia Personette will give a tenor saxophone number and Edwin Bagley will give a solo. Members of the quartet are Charles Cranner, Bob Webber, Clarence Dudley and Edwin Bagley.

Student Program
The Thursday afternoon concert will be presented by piano students of Mrs. Mae Beamer, Mrs. W. G. Jacklin, Miss Lucille Norrell, Mrs. Beth Mesch, Mrs. J. D. Conner, Miss Grace Bell, Mrs. W. O. Wallis, Mrs. Nellie Ostrom, Mrs. F. S. Bell, Mrs. Effie Ribber Hinton and Mrs. Stella Lutz Wood. Violin pupils of A. E. Francis and an accordion student of Mrs. Jacklin.

The program as announced by Mrs. Hinton, chairman, includes the following selections:

"Windmill," Wagner, Marilyn Brooks; "Balloons," Arion, Faith Kinney; "The Seven," Froggies, Hopkins, Jeanette Smith; "The Story of the Mouse," Lynes, Eleanor, "The Waltz," "Mintz," "Faded," Betty Jenkins; "Humoresque," Dvorak, Gerald Walt.

Piano trio, "Frost on the Pumpkin," Alice and Richard Angelina and Stanley Greenwall; "Falling Waters," Trux, Patrick Day; accordion solo, "The First," Johnson, Betty Forester; "Toy Soldiers on Parade," Macacklan, Arthur Wennstrom; "Sparks," John Thompson; "Shiner Whisp," "Bel-ero," Savina, Shirley McDowell; "Sketch," H. Parson, Charlotte Van Riper; "Rhapsody March," Lutz, Maxine Robertson; "Busy Corner," Montandon, and "The Elk and the Fairy," B. Bentley, Arnold Wynnson.

"Pretty Thoughts," Mannauca, and "In De Cotton Field," Robin MacSachon, Betty Cronenberg, five-year-old guest performer, violin trio, Geraldine McDonald, Tommy Shillinger, and Virginia Francis, numbers by pupils of Mrs. Wallis, to be announced.

By SANDOR S. KEZIN
 WASHINGTON, May 4 (UP)—William B. Knudsen, president of General Motors corporation, predicted in a speech to the annual meeting of the United States Chamber of Commerce today, that the federal government eventually would have to take a stand against industrial unionism because it exists "on forces in defiance of the law."

He accused the national labor relations board of bias and charged that the Wagner labor act had disformed equality under the law.

"Industrial unionism in its present form has to depend on force in defiance of law," he said. "There are many places in the United States at the moment where laws can be enforced to control the movement."

"The technique of the all-down strikers is identical with that of the syndicalists of Europe. France has finally had to take a stand against them because of the dangers as a political club rather than a social defensive weapon. I feel confident that the United States will eventually take the same stand officially."

Labor Board Lashed
 Knudsen addressed 2,500 delegates to the convention after other speakers, including Sen. Edward R. Burke, D., Neb., had demanded the resignation of three present members of the labor board and the chamber had passed a resolution demanding a congressional investigation of the effects and administration of the labor act.

Preceding him on today's program was J. J. Felley, president of the Association of American Railroads, who said that the basic difficulties of the railroads could be traced to public policies which divert traffic to "subsidized traffic."

"The bulk of Knudsen's address was devoted to labor relations, but near the end he discussed economic conditions, saying that he did not think business was discouraged by the setback "that comes with attempted centralization."

Centralization Impossible
 "Centralization brings all the glory of results and all the bitter stings of failure," he said. "Central control is possible without the secret OGPU that goes with it."

He blamed the Wagner act for its administrative failures and charged that it constituted the largest drawback to good industrial relations.

"Without labor relations board set up to administer the act, he said, "makes no pretense even of paying attention to the case. He can only be heard when he is summoned and he knows before he goes that there is no hope for him. It is likely where he has had a ghost-of-a-chance, so what."

"No one in business wants to be in conflict with the board," he said. "It is not their business to protect the employer in any way, except to bring it down to him. It is likely to look after the men's privilege of collective bargaining even if it does with a club. Such a situation cannot go on in the long run and I have every confidence that it will be changed."

Discussed Strike
 For the first time since the 444 day all-down strike in the General Motors plant in January and February, 1937, Knudsen publicly discussed the strike and the peace negotiations which led to a collective bargaining contract between the United Automobile Workers of America, a committee for industrial organization affiliate, and the General Motors corporation.

When the all-down technique was first employed, he said, everyone looked to Washington for an expression "as to what was law anyway."

"The more Washington vacillated, the more mob hysteria was employed by the CIO union," he charged. "Whatever may be said against large corporations, they are law-abiding and want to do the right thing, but we were somewhat stampeded by the new alliance between government and the industrial union."

Eventually, he said, a settlement was reached, but not until the strike loss to the men involved had reached \$25,000,000.

Stoppages Continued
 But he continued the company's troubles still were far from over stoppages occurred "with sickening regularity" despite the agreement. He admitted that the international officers of the union "tried manfully" to keep things going, "but they never knew when or where trouble was going to start and were always behind the procession rather than ahead of it."

He said that he could attempt no definite forecast for the next few years, but that labor conditions in the General Motors shops were better than they were last year.

"Shop committees are getting more orderly in their procedure and they know full well that if they have a bad grievance it will be taken care of, and the loud-talking member seldom keeps his grip on his fellow very long, because at the bottom the American workman is fair."

Problems of Railroads
 Felley, in discussing the problems of the railroad industry, urged prompt adoption of a public policy which would give all forms of transportation a "free and fair chance" to do the work for which they are best suited at the lowest possible cost.

Railroad traffic, he said, had been checked recently by granting subsidies in highway, waterway and air transport. Railroads did not ask subsidies for themselves, he said, but "the work for which they are best suited at the lowest possible cost."

Deanna Durbin Moves Toward Romance for Future Pictures

By PAUL HARRISON (Special Service)

HOLLYWOOD—Deanna Durbin is an ingenue now—still very dewy, but headed for romance, it's all being planned with the utmost care.

Not since she went to work in Hollywood about 20 months ago has there been any real threat of "guying" her. At intervals in the enormously valuable young star's development, indeed, so maturely graceful was she that the studio considered adding a couple of years to her age, which was 13. It is now 15.

"Anyway," she told me, "I'll not grow any more. I'm 5 feet 3 1/2 inches, and already the tallest female in our family."

She looked at the chops and baked potato on her luncheon plate and sighed. "I won't weigh any more either. I'm 112 now. I guess I'll have to start worrying about that."

Deanna Durbin is still scarcely more than a child in years, but she looks like a young lady, and Universal is going to do something about that.

No Worrier
 Actually Miss Durbin doesn't seem to worry about much of anything. This by no means indicates childish irresponsibility. She is poised, confident and rigidly self-disciplined. In all matters that she is inclined to be cool, but honest, answering questions with a "yes" or "no" until pressed. She never confabulates with a "perhaps" or a "maybe."

Hired by Universal at a salary of \$150 a week, which she received during the production of "Three Small Girls," Deanna is now earning \$1,250 weekly, mainly as a result of the efforts of her agent, Jack Sherrill. She holds a contract with six-month options calling for small increases. When she was singing over the air she was earning \$400 a week for that job.

Every penny of her saving from the various sources has been going into a trust fund which she feels is her financial future will be secure. Sherrill, incidentally, is now being sued for an accounting by Mrs. Rita Stanswood Warner, who claims to be the "discoverer" of Deanna.

Maturity by Easy Steps
 If Deanna Durbin is anything about her future, her studio is taking every possible precaution for it. Universal's problem is to guide the singing phenomenon through cinematic adolescence into young womanhood, with each successive picture leaning a bit more toward maturity.

Besides her voice, which is said to be mature and safe from change or strain, the actress has a good deal of naturalness and wholesome naturalness. She must not be arch or snarly or amorously precocious. Universal's counsel is to be a girl, a girl that is faintly faint of these things would do her irreparable harm.

At a considerable membership already signed in Gooding county, actual testing will begin in May according to the president of the Gooding unit, William Fales. Rates for the testing work which is done monthly vary from \$250 minimum for double herds of 12 cows or less, and \$3 minimum for single herds, to \$4.44 for 24 cow herds. The total for the same period last year was 37 deaths.

Future Looks Musical
 Although these assignments seem essentially dramatic, with music sandwiched in, Miss Durbin considers them in the opposite light. "I think of myself as a singer," she said. "The only thing I know of that I have to do between songs."

I asked what she intended to do with her money. She said she would save it. If she were not working at anything, she would travel. She would like to make a concert tour and perhaps appear in a musical on Broadway, but most of all she wants to join the Metropolitan Opera company. Plans of her own have been given Miss Durbin that she will be welcome at the Met when she is ready.

No movies? "Yes," she said, "I do both. A season there, two pictures there, it has been done long at Grace Moore and Lily Pons."

A Complicated Life
 Miss Durbin does not expect to begin another regular radio program next fall. Her parents, her teachers and the studio are opposed to it. For the October hour, Deanna has had two afternoon rehearsals each week, one evening dress rehearsal with an audience, and on the fourth day two broadcasts on a split network for the east and west.

These chores, together with her picture work, her schooling and her usual daily routine, make her busiest certainly the busiest actress in town. Several times Miss Durbin was on the verge of a breakdown from overwork.

Her voice has expanded in both upper and lower registers. "I can sustain G-sharp and D-sharp E," she explained.

She ranks as a high school junior, and will graduate when she is 16. She intends to go right on studying languages, though—no opera.

Deanna isn't allowed dates, but if she plays it to be continued, the real romance in her life for a long, long time.

CASSIA 4-H UNITS TRY FOR AWARD

BURLEY, May 4 (Special)—Cassia county 4-H club members are an opportunity to win the prize of a free trip to Moscow with all expenses paid from successful participation in a county oratorical contest on the subject "Why Should Youth be Interested in and Active in the Cooperative Movement," according to County Agent W. W. Palmer.

J. H. Reardon, state club leader, has informed Mr. Palmer that the American Institute of Cooperation is holding its annual meeting at Moscow on July 11 to 16 at which time state winners of Idaho, Washington and Oregon are expected to take part in the finals of the north-west contest on this subject. All 4-H boys and girls are invited to participate in the contest. A similar contest will be held for Smith-Hughes Agricultural students at the same time.

County contests throughout Idaho are expected to be held first, to be followed by district contests with the state contest to be held at Moscow during the annual 4-H short course at Moscow June 13 to 18. Mr. Palmer pointed out offering a \$50 gold watch to the tri-state winner. One contestant will complete in the finals from each of the states. An attendance of more than 1,000 is expected at the finals. Each talk will be 12 minutes.

The contest is open to all 4-H boys and girls in Idaho.

SCORES OF RUBBISH LOADS REMOVED IN CLEAN-UP DRIVE

Annual Spring Campaign Goes Into Last Half

Twin Falls' annual spring clean-up campaign today rounded the turn and headed into the home stretch with scores of loads of rubbish and other debris being taken from the city, and deposited at the city dumps.

In all, 12 men, one of the city and G. C. Prescott, who holds the contract for garbage disposal, are engaged in the task of carting away what local citizens "gathered" during the winter in homes and yards. At least seven trucks are engaged in the work.

Monday and Tuesday the trucks and men centered activities in "Zone One." Today half the work was finished in "Zone Two" and the other half will be taken care of tomorrow.

Friday and Saturday the trucks and men will move into the area designated as "Zone Three" which includes all city territory south and west of Main avenue.

And, as the drive goes successfully forward, Twin Falls is taking on the look of spring, despite prevailing weather conditions.

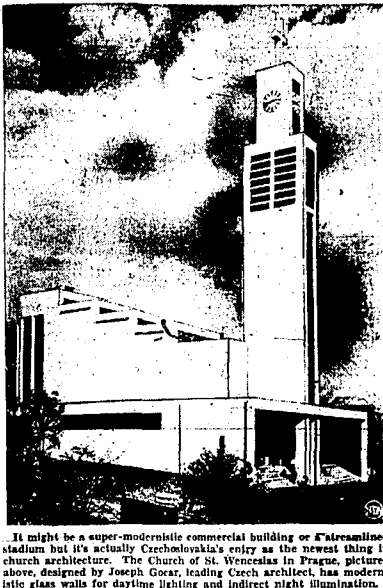

Alleys are being taken on a bright looking appearance after the trucks and men have passed and the yards, cleaned by individual property owners or those hired for the purpose, are in most cases "spark and span."

These working at the task of collecting the debris agree that the city "needed a clean-up." So many are the various articles which are being hauled away that they are too numerous to mention.

In containers Local citizens are cooperating in the campaign by seeing that all debris to be hauled away is packed in containers. The tin cans are separated from other materials as they are packed in the trucks.

POISON URGED IN COUTWORM FIGHT

BURLEY, May 4 (Special)—With cutworms threatening gardens in Cassia county, control measures were given today by County Extension Agent W. E. Palmer as recommended by Dr. W. E. Shull, associate entomologist at the University of Idaho.

The cold wet spring generally experienced this year in most sections of southern Idaho has been ideal for a development of the cutworm in large numbers.

Officials say it is better to scatter the bait around margins of the fields or over the entire field when cutworms are suspected.

Facts Listed to Guide Residents in Clean-Up

Facts essential to cooperation between the city and householders in the Clean-Up campaign backed by the Chamber of Commerce were listed today by officials as a guide in this week's drive and toward permanent city cleanliness.

Goal of the city council, the Chamber of Commerce and of I. G. Prescott, contract holder whose trucks are cooperating, is "keeping alleys clean and avoiding, if possible, the accumulation of rubbish which necessitates an expensive annual clean-up."

Meets Cooperation In connection with the present campaign, city officials and Mr. Prescott said that residents are cooperating heartily.

MAYOR OUTLINES BENEFITS UNDER CLEAN-UP DRIVE

Declaring that the city council urges every resident of Twin Falls to cooperate to the fullest extent in the current Clean-Up campaign, Mayor Lem A. Chapin today issued a proclamation pointing to the benefits the city will derive.

The mayor emphasized that the national movement along the same lines embracing not only a cleaning up of communities but also painting of homes and business places, planting of lawns and shrubs and giving of jobs in doing this work—has resulted in six distinct advantages to every city and town cooperating.

He listed these as safeguarding health and safety, promoting employment, promoting recreation, promoting sanitation, stimulating civic pride and helping to achieve the goal of "the home and city beautiful."

Official cooperation of the city in the current campaign consists of furnishing of trucks and men to haul away debris. Remainder of the trucks and men is provided by I. G. Prescott.

NOVELISTS ENTER MIDWEST SCHOOL

JOHA CITY, Ia. (UP)—Contracts for publication of first novels were prerequisites for enrollment in the University of Iowa's new school for novelists, a unique American educational venture.

Four applicants for advanced degree, all of whom had their first novels accepted, have enrolled in the course.

They are Robert Whitehead, Tulsa, Okla.; Ross McLaughly Taylor, Snyder, Okla.; George Abbe, Guilford, Conn.; and Herbert Krause, Fargo, Minn.

Abbe, youngest of the group, is working for an M.A. degree. The others seek Doctor of Philosophy degrees.

Three are enrolled in the English department, while Whitehead, already an author of several plays, is in the dramatic arts department.

Story of New England

Abbe will have his 120,000 word novel, "Voices in the Square," published late this summer. His work deals with a cross-section of life in a typical New England town and a 17-year-old boy's ideals and disillusionments.

A prolific writer of poetry, Abbe has contributed to many magazines and anthologies, including the Atlantic Monthly, The New Republic, Fantasy, Ladies Home Journal, Best Poems of 1937, Contemporary Men Poets and the Hills are Ready for Climbing.

Regeneration of a family in the post-depression era is described in Whitehead's novel, "Lit Up Your Heart." It is to be published in the fall. Whitehead also is the author of several short stories and plays.

Need Inmates

IDAHO FALLS, Ida. (UP)—Mayor J. B. Bonnevillie county needs for a chain gang is some prisoners in the county jail.

The county commission approved expense of hiring a guard for the gang, but deferred actual approval of creating the prisoner-labor crew until there were enough inmates to make it practical.

He currently is working on a trilogy based on the life of Gen. Sam Houston.

In 1936 and 1937 two of Whitehead's novels, "Precious Land" and "Pegasus on Foot," a satirical comedy, won prizes at the University of Oklahoma. The letter is to be produced this spring at the University of Iowa.

Praised in Anthology

Last year, Edward J. O'Brien included Whitehead's short story, "American Nocturne," in his "Best Short Stories of 1936." In the dedication of his anthology, O'Brien termed Whitehead "America's most promising young writer."

Krause used his native Minnesota for the setting of his novel, "Wind Without Rain." It deals with the struggles of a young man against community traditions.

In 1936, Krause's play, "Bondsmen of the Hill," won first prize in the midwestern folk drama contest.

Broom-Maker

JONESBORO, Ark. (UP)—On days when farm work is not permitted, W. H. Williams of Oak Grove, Ark., makes use of the time with "the profitable hobby of broom-making. He has made an average of 125 dozen of them each year for the past decade.

Beautiful WALLPAPER

Wall Paper designers have outdone themselves this year and the new patterns are beautiful beyond words.

They are in keeping with the modern concept of room assembly, i.e., the walls must both set off the subject in a room, and harmonize with it. While this objective has often been hard to achieve with the old designs... today, it can be done. More subtle colors and all those predominant in the new designs and they make for a great deal more charm and dignity.

Come in and see the new patterns.

FARMERS' PRICES SLUMP IN APRIL

BOISE, May 4 (Special)—Prices received by Idaho farmers for their products on April 15 were lower than a month ago, according to Richard C. Roe, agricultural statistician for the USDA bureau of agricultural economics.

After remaining stationary for one month the index of Idaho farm prices continued the drop that began more than a year ago. On April 15 the index of "all commodities" stood at 87 per cent of the pre-war level, a drop of four per cent from the previous month and lower than at any time in more than three years.

Grains, feed crops, and fruits and vegetables, all declined slightly from a month ago, while other crops went up a point. The "all crop" index at 76 per cent indicated a decline of only one per cent from the March 15 figure.

The sharpest decline recorded was in the dairy products group. In April it was 83 per cent compared with 109 per cent last month and 128 a year ago. Meat animal and poultry prices were slightly lower, while other livestock products remained the same as last month. The "all livestock and products" index is still one per cent above the pre-war level but is now per cent lower than on March 15, a month ago.

OLDEST GOVERNOR SEEKS 5TH TERM

HARTFORD, Conn. (UP)—Gov. Wilbur Lucius Cross, oldest governor in the United States, was 76 years old April 10, but for the activity and energy he is a man half that age.

Connecticut's first four-term Democratic executive since the Civil war, is expected to seek a fifth term when November elections come around, and many persons believe, "will continue to run forever."

The aged dean of the Yale graduate school, a student, scholar and philosopher, to put it simply, just likes to govern.

He even talks among Republicans that their party will not run a candidate against him this fall.

Major reforms have been accomplished during Cross' nearly eight years in office. The governor hopes the 1938 general assembly will continue adoption of phases of his government reorganization program upon which the 1937 legislature refused action.

His legislative council now is working on recommendations to the assembly which call for a sweeping consolidation of departments and agencies.

In Robust Health

Nearly 76 the governor is a picture of health and vitality. He never takes the elevator in the capitol, always climbing two long series of steps to his second-floor chambers.

A state commissioner, 30 years the governor's junior, said recently: "He walks up the stairs with me one day so fast I was tired when we got to the second floor. He didn't even seem to be breathing heavily."

He is on the go virtually every minute of the day—and most of the night.

The governor has a speaking engagement nearly every night, and a great many times during the day. He opens numerous charity campaigns, poses willingly for pictures, and is at the head table at all major banquets.

He thinks public officials should retire at 70—but he makes a distinction between appointive and elective officials.

Burdens on Public

"When I ran for governor in my 69th year," he said, "I didn't expect to be elected. There is a difference between appointive and elective officials. If a man, over 70, is elected, the burden is on the public, not on the man elected."

He never says in an address of convention-line whether he will run again. That's because he is an excellent politician and wants the various factions of Democratic leaders to come to him. Then he dictates his terms.

Ninety-nine times out of a hundred the governor never is referred to as the governor. He is called "The Old Man," or Uncle Tooty. If the phrases ever are used within Cross' hearing, he never objects.

Mademoiselle Zebra

A neat two-piece dress of heavy crease silk in navy and white stripes, with white crepe collar and cuffs, is as youthful as it is practical. Designed by Lavinia, the skirt is box-pleated in front, has an inverted pleat at the back. Notice that the striped fabric is used vertically in the skirt and both horizontally and vertically in the overblouse. This slenderizes the hips, makes shoulders appear broader. The hat is white crepe, finished with navy binding.

MEEKS DIRECTING JEROME JOB UNIT

With J. A. "Andy" Meeks in charge, a branch office of the Idaho state employment service opened this morning at Jerome. It was announced by Ray Butler, area supervisor of the service with headquarters in Twin Falls.

Temporarily the office will be maintained in the Harshorn building, Butler said, but later will be moved to an adjoining building. Establishment of the office at Jerome will permit citizens of that locality who are seeking employment to register there, rather than making the trip to Twin Falls. It will also permit employers to hire men and women out of the new office. Meeks will also handle unemployment compensation at the new office.

Establishment of the office was made possible through cooperation of the Jerome Chamber of Commerce and the county commissioner.

Meeks, prior to his transfer, had been affiliated with the local staff for a period of approximately three years. For the present he will handle the work at the new office unassisted.

STABILIZED PRICE SEEN FOR FRANC

PARIS, May 4 (UP)—The Bourse went up today on unofficial reports that the government has decided to stabilize the franc at 180 to the pound sterling and 36 to the dollar as soon as the United States and Great Britain approve under terms of the tri-partite accord.

A 36 to the dollar parity would give the franc an American equivalent of \$1.7777. The franc at the opening today was quoted at 33.18 to the dollar (3.014 cents).

The dollar closed at 33.93 francs (0.847 cents a franc) and the pound sterling at 189.75 francs.

Speculation in the exchange and security markets tapered off in the afternoon, accounting for the moderate rally in the French unit.

CLEAN-UP CALLED VITAL TO HEALTH

From the standpoint of public health, the present clean-up campaign being carried out in Twin Falls is invaluable, Dr. Robert Stump, director of the district health unit, said this afternoon.

"Flth removal is always valuable from the health standpoint," Dr. Stump said, "and breeding places of flies and other carriers of disease germs are many times eliminated during the type of campaign which is being carried on in Twin Falls at the present time."

"In addition to this, the clean-up campaign many times centers in beautifying and articles and articles which are of no monetary value, but are nevertheless to be classed as potential germ breeding places, are removed and disposed of."

"All in all a general clean-up campaign such as is now in progress in Twin Falls will go a long way toward eliminating or at least minimizing disease hazards," Dr. Stump said.

Chief Declares Clean-Up Drive Cuts Fire Peril

Removal of accumulated trash and debris in business places and in residences will do a great deal to lessen the fire hazard in Twin Falls or any other south central community, Fire Chief Fred Perry said here this afternoon in an interview in which he praised the Twin Falls clean-up campaign.

"The clean-up is a great thing for the community," the head of the city's fire-fighters said emphatically.

"There is no better way to fight the danger of fire than to conduct a thorough campaign for removal of the litter in attics, basements, on basement stairways and in other nooks and crannies that are apt to receive the debris that's hurriedly set aside."

Hazard in Stores
Perry warned that this accumulation of trash is particularly hazardous in stores and buildings of the business district, and he urged every merchant in the city to join wholeheartedly in the drive to remove this type of material.

"It doesn't matter whether the store is large or small," he said. "I would urge strongly that businessmen generally take a hand in the clean-up."

He pointed out that aside from the danger of a blaze, trash-littered corners and steps are an economic handicap to merchants. Householders, also, they take up valuable space that could be utilized to good advantage in other ways.

Sustained Drive
The fire department, in its regular inspections, hammers at this matter of dangerous trash accumulation. Let's start now on a continuing drive to do away with it.

In a formal statement issued in addition to this afternoon's interview, Fire Chief Perry said:

Replace Old Steds
"It would be well if, during the clean-up campaign, persons would also see to it that vacant sheds and old, deserted houses are torn down and replaced.

Children and matches are a bad combination and, in these vacant structures which are little more than wrecks, are potential fire hazards when children use them to play in.

Such a program would cost little but would yield big returns in the matter of fire safety."

Lumber Surplus
SYDNEY (UP)—About 35,000,000 feet of surplus Oregon timber in huge logs are floating in Sydney harbor, causing concern to the Marine services board. The war in China has contributed to the congestion of lumber.

Old Musket Found
SALEM, Ore. (UP)—A single shot French musket rifle believed to have been manufactured before the Civil war and an old Indian stone grist mill were found by CCC boys at the Mill City camp. The rifle, number 3801 was made by Remington & Son.

Where "Eagle" May Seek Secluded Nest

Seeking a spot where the seclusion he loves will be permanently his, Col. Charles A. Lindbergh is reported to be considering the purchase of tiny Dillville island, off the coast of Brittany. Pictured above is the ancient chateau that would be the Lindbergh home, snug behind forbidding natural battlements of crazy rock.

SYPHILIS BATTLE GAINING IMPETUS

Keen interest and cooperation has been shown by physicians, health authorities and voluntary aid associations of Twin Falls in the present drive to encourage all individuals to take Wasserman tests for syphilis, it was announced here this afternoon by John Gardner, chairman of the Junior Chamber of Commerce committee in charge of the drive.

Scores of persons have already seen their private physicians and had the necessary blood test made, the chairman said. Many more have expressed the opinion that they will take the test before the end of this week.

Can Be Cured
"It is a fact, as shown by statistics compiled by the American Social Hygiene association," Gardner said, "that continuous and persistent treatment of syphilis usually brings about a cure, that more than 88 per cent of patients treated in the primary stage of the disease are cured and that treatment of a disease in the later stages will give a large percentage of satisfactory results."

High Death Toll
"Records show that the annual death toll from the disease amounts to 100,000 and that each year more than half a million persons are disabled. Prompt action can stop the spread of the disease," Gardner said.

FILER, May 4 (Special)—Officers for the year were elected by the Filer Church of the Nazarenes at a recent church meeting marking the close of the first eight months of its existence.

Progress in membership in all departments was announced and it was reported that the church was in excellent financial condition.

Officers elected were: Trustees, Ira Lancaster, F. J. Kalbfleisch, Fred DeHorn, Sterilo McKee; stewards, Virgil Triplett, Ira Gibbs, Kelly Rutherford, Mrs. Emma Osborn, Mrs. Clyde Lancaster; Sunday school superintendent, Mr. Kalbfleisch; N. Y. P. S. president, Mrs. Rosa Kalbfleisch; W. P. M. B. president, Mrs. Maude DeHorn.

Delegates to the annual Idaho-Oregon district assembly to be held May 11 to 15 at Emmett are Mrs. Pearl Barr and Ira Lancaster and alternates are Mrs. P. J. Kalbfleisch and Mrs. Emma Osborn.

BOOM SEEN FOR COAST SHIPPING

SAN FRANCISCO, May 4 (UP)—Pacific coast shipping company heads, elated by the U. S. maritime commission's new move to revitalize Pacific sea commerce, today predicted the \$100,000,000 shipbuilding program announced in Washington will bring a boom in all west coast ports and give general aid to western business.

Indications that at least a portion of the proposed new passenger and cargo vessels will be constructed in Pacific coast yards brought optimistic comment that the west's shipbuilding industry may get its greatest impetus since the World war.

"This is very good news, not only to us but to the entire Pacific coast," said Charles L. Wheeler, executive vice president of the McCormick line.

Services Honor Hansen Resident

Friends and relatives gathered yesterday afternoon at the Twin Falls mortuary chapel to pay final honor to Mrs. Grace Suttimier, 43 Hansen, Rev. E. L. White, former pastor of the Methodist church, officiated.

A trio including Mrs. M. A. Robinson, Mrs. V. L. Wilson and Mrs. A. E. Osh sang "In the Garden" and "Beautiful Isle of Somewhere."

Gravestone rites were conducted by the Excelsior Garage to which Mrs. Suttimier belonged. Pallbearers were Carl Emerson, Ernest Emerson, G. E. Osh, W. E. Goller, W. W. Lowery and D. A. Patterson.

Interment was in Twin Falls cemetery.

RED HAIL HAS OCCURRED IN VARIOUS REGIONS OF THE EARTH.

PLUME MOTHS HAVE WINGS RESEMBLING FEATHER FANS!

IN THE UNITED STATES, IT IS POSSIBLE NOW TO CUT NO MORE LIMBS FOR HOME CONSUMPTION THAN THAT WHICH GROWS EACH YEAR.

Red hail is caused by fine dust in the atmosphere, blown up from red soil, and frozen into the hailstone. Red rain and snow have been quite common occurrences in the past few years, when red soil from the Oklahoma dust bowl was carried into the atmosphere by high winds.

Rome-Berlin Axis Decline Looms

Cooperation Reaches Top, Experts Say

By LEON L. KAY
(Copyright, 1938, United Press)

LONDON, May 4 (U.P.)—Italian sources said today, as the axis of power between Mussolini and Hitler grows, that the Rome-Berlin axis is reaching its zenith and that the future would witness its decline.

This was not in accord with official statements but the United Press advised, which were from high Italian sources, said that nevertheless it was the fact.

Several informants said, had found the axis very useful during the troubled period immediately after the Ethiopian war and during the most dangerous day of the Spanish civil war.

May Be Menace

But since Hitler's description of Austria, they added, he has been wondering whether Germany's expanding power did not constitute a menace to Italy's position, especially in the Adriatic and in southeastern Europe. Moreover, on the Italian side of Brenner pass, the Alpine gateway between Italy and what was Austria, but is now Germany, there are 250,000 German speaking people who are Italian unwilling, because of the World War treaties, it is assumed that Hitler has in them the "protective" interest which he has asserted in Germany of controlling neighboring Germany. Now of South Tyrol adjoins Germany.

There were signs of a weakening of the extreme cooperation between Hitler and Germany when Hitler arrived at Rome yesterday. Despite the cheers and the popularity, dispatched from Rome, he was given very empty speeches behind the front lines where the cheering took place, and newspaper men who saw Hitler drive through the city, said that King Victor Emmanuel said that the crowd was apathetic compared to what Rome crowds are during a purely Italian festival.

Flag Waving Short

The shouting and flag waving did not begin until the royal procession arrived in sight, and the crowd dispersed quickly after it passed.

It was noted also that the German Embassy officials, especially the Italian ambassador, were not so friendly with Great Britain and France than to be an enemy.

German sources in Rome say that the axis will continue to function particularly because of its basically anti-Communist character, and that the alliance might be extended to include Hungary, Roumania and Yugoslavia.

Pope Deplores Display of Hitler Swastika in Italy

CARTEL GANDOLFO, May 4 (U.P.)—The Pope, in an address to 600 newly-married couples today, deplored the appearance of the Swastika flag in Rome during the visit of Emperor Adolf Hitler.

The swastika, he said, "certainly are not, Christ's cross."

The Pope, recalling that yesterday was the feast day of the holy cross, said the newweds deserved the papal benediction because "such sad things are happening, and things, very sad, both near to us and far away."

"Certainly among these sad things," he continued, "is that on the feast day of the holy cross of

HUNDREDS READY TO HONOR HOOPS

With long-time friends carrying him to his last resting place, William Hoops, a Twin Falls pioneer, noted home builder and owner of the Rogerson Hotel, will be honored by hundreds of Twin Falls residents who were gathered this afternoon for funeral services at 2 p. m. in Twin Falls mortuary chapel.

Hundreds more were expected to attend cemetery services at which the I. O. O. F. lodge was to conduct ritualistic ceremonies.

Pallbearers were William Warberg, Harry Eaton, Frank L. Stephens, August Larson, Leo Parson, A. D. Wilson, J. E. White and G. T. Hunt.

Rev. E. L. White, Methodist minister and church pastor, officiated at the funeral and to pay tribute to Mr. Hoops' long career of civic betterment. The funeral, who was among those who helped clear sagebrush from the Twin Falls site, died early Monday at the age of 63.

A continuous stream of friends and acquaintances paid honor before the funeral while Mr. Hoops' body lay in state at the chapel from 9 a. m. until noon today.

Interment was to be in Twin Falls cemetery.

SERVICES HONOR HAGERMAN MAN

HAGERMAN, May 4 (Special)—Funeral services for John Franklin Durfee were held at 2 p. m. Thursday at the L. P. S. church, Bishop Street, here, assisted by James Allen, conducted the services.

Musical numbers were furnished by a vocal duet, Miss Betty Russell and Miss Elaine Thompson with Mrs. Clara Prince accompanist. Pallbearers were Earl Plah, Jess Sands, Parley Penfold, Orlando Jacobson, Earl Allen and Ed Freeman, interment was in the I. O. O. F. cemetery.

Mr. Durfee died at the Gooding hospital April 27. He entered the hospital Tuesday, April 19, being brought there from the Stanford hospital in Pocatello, where he underwent a major operation. He was born at Almo, Idaho, July 25, 1890 and had been a resident of Hagerman valley for many years. Surviving are his wife, Wanda Durfee, and small son Jimmie, of Hagerman, and two older sons, Julien and Leonard of Nampa.

WENDELL JUNIORS PRESENT COMEDY

WENDELL, May 4 (Special)—A good attendance was present for the play, "Adam's Evening," a three-act farce, Friday night in the auditorium of the local school building, the play being given by the junior class under the direction of Miss Betty Jones.

The cast follows: Boy Doyle, Maxine Howard, Dorothy Dean, James Peterson, Ruby Orth, Harry Foote, Fae Nielsen, Lewis Regus, Dallas Hartwell, and Martha Kappel.

South Idaho Pair Handles Playday

POCATELLO, May 4 (Special)—Daisy Dene Thomas of Twin Falls and Norma Biggs of Hamilton, both students at the United States southern branch, were in charge of the activities for Playday, sponsored by the Women's Athletic association, on April 21.

Playday is presented every year to the Pocatello and McCammon high school women athletes, and exhibitions at the United States sports are given. The program started in the morning at 8 o'clock, with a picnic lunch at noon and individual sports in the afternoon.

A TESTIMONIAL

TO WHOM IT MAY CONCERN:

August 25, 1937.

I am an old man over seventy years of age—and for the past fifteen years, I have been troubled with a prostate condition which made my life miserable through my inability to control my bladder elimination.

Frequent elimination during the day and numerous night risings—without adequate results—upset my physical and mental condition. My rest was greatly disturbed by as many as six or seven interruptions during a night.

Needless to say, I was forever seeking relief from this condition, but the only relief I ever got was while I took some Chinese Herbs under a visit to Oregon about three years ago.

You may be sure I was glad to learn of the work which another group of Chinese Herb Specialists was doing in this community, The Chan and Wing Herb Specialists.

After dealing with them at their offices in Idaho Falls, I took a three weeks' course of their herbs and today my trouble has disappeared. I get my full night's rest and the discomfort of my former condition is gone. I am able to enjoy myself once more.

My recommendation of Chan and Wing Co. and their herbs is unlimited for those troubled as I was.
