TODAY'S NEWS TODAY

PRESIDENT ASKS NO RESTRICTIONS IN RECOVERY ACT

WASHINGTON, June 1 (AP)—President Roosevelt, in a letter to Sen. Alva B. Adams, D. Colo., urged today that "no restrictions" be placed in the \$3,247,000,000 recovery bill which would prevent an immediate start on projects.

The President's letter was a direct challenge to efforts of a group of senators to earmark the funds in an effort to restrict the President's powers under the measure.

Mr. Roosevelt told Adams, floor manager for the spending-levying bill that "if the government undertakes to relieve unemployment by the measure now before congress the time element is an essential to success."

Unemployment worse. "The President declared that the unemployment situation has grown worse since submission of his relief message to congress six weeks ago."

Feasibility important. "The President stressed the feasibility of administration of the recovery program was of utmost importance if a speedy start is to be obtained."

Fishermen, War Veterans, Farmers Join In Frantic Hunt for Stolen Florida Boy

Highlights in Discovery of Levine-Boy's Body

Uncertainty over the fate of their long-missing 12-year-old son, Peter, pictured left, ended tragically for Mr. and Mrs. Murray Levine, of New Rochelle, N. Y., when 24 days after his disappearance the boy's headless, mutilated body, still wearing the sweater with the identifying Indian-head camp insignia, was washed ashore from Long Island sound.

With a silent and curious crowd looking on, a hearse carries away to the cemetery the mutilated body of Peter Levine, which was washed up near New Rochelle, N. Y. Object of a nation-wide search, the boy's body was finally found by Helmer Strong, a yacht captain, who sighted it "bobbing" in the waters of Long Island sound.

Captain Helmer Strong, left above, who first discovered the body of Peter Levine. Noticing a "bobbing" object in the waters of Long Island sound, he called police. At right is the beachfront at Davenport Neck, where the body was washed up. In the background is "Breakwater," the home of Mrs. Lewis Iselin, who employs Strong as captain of her yacht.

G-Men Question Carpenter While Posses Organize

PRINCETON, Fla., June 1 (AP)—Hundreds of southern Florida fishermen, war veterans and farmers joined today in a hunt through the fringe of the treacherous Everglades for trace of kidnapped Jimmy Cash.

The hunt, delayed on advice of G-Men who still hoped the five-year-old boy might be returned safely, began shortly after noon when federal bureau of investigation agents questioned Mr. F. Braxton, a middle-aged carpenter.

Jimmy's father, James B. Cash, sr., refused to give up hope that the kidnapers, to whom he paid \$100,000 ransom yesterday, would still keep their promise to return the blond youth safely.

W. P. Cash, the boy's uncle, said he had abandoned all hope that the boy is alive, however. He helped organize the searchers.

Men poured into Princeton and Homestead from virtually every village of southeast Florida and the Keys to participate in the search. Meeting in a sweltering packing house, they received instructions from G. C. Conroy, farm producer, who flew here to take charge of the camp.

Twenty-five leaders were chosen and each assigned 15 men. The parties promptly began a inch-by-inch hunt through the Redland citrus and truck crop district and along the fringes of the Everglades.

1,600 ESTIMATED DEAD AFTER JAPAN AIR RAIDS IN CHINA

INVADERS SET TO MAKE THRUSTS AT HANKOW CAPITAL

By JOE ALEX MORRIS (United Press Staff Correspondent)

The great city of Canton in south China suffered widespread casualties in a series of Japanese air raids intended to destroy the southern terminus of a railroad line supplying the government with war materials for the Hankow and northern sectors. Total dead in the last five days was estimated at 1,600, with probably 2,500 injured.

Japan, sending heavy reinforcements to China via Tientsin and Tientsin preparatory to carrying out a vigorous war policy of its new cabinet by thrusting at the Chinese capital of Hankow from the south and west, prepared to attack the northern front fighting around Lanfeng remained at a stalemate, however, as Japanese troops sought to battle the forces of Gen. Kwei Jinhua's advance columns trapped by a mass Chinese counter attack.

Both Chaim Victory Japanese planes flying over Hankow were driven off by Chinese pilots in one of the biggest aerial battles of the war. Both sides claimed victory in the sky battle, Chinese reporting that 12 Japanese planes were shot down. Japanese said the Chinese lost 20 planes.

Elsewhere:

UNITED STATES—Secretary of State Cordell Hull submitted to Congress a tentative treaty for development of the Great Lakes-St. Lawrence river basin, envisaging development of cheap power at the project which would be of vast importance in event of war. The project would be used to defend and could be used for emergency power throughout the east.

HEAVY FORTIFICATIONS—Brilliant fortifications around the capital of Czechoslovakia were viewed by Reynolds Packard, United Press staff correspondent, on a tour of Czech defense areas. Barbed wire entanglements and dugouts give the suburbs the appearance of a siege while extremely heavy mobile army units maneuver nearby.

BRESDEN—Czechoslovakia was reported to have closed her frontier mountain passes adjacent to German Silesia in Saxony. No official explanation was available.

BERLIN—The government received from the Czech minister a list of 15 alleged Nazi military plane violations of the frontier. Nazi police arrested 339 persons, including 217 Jews, on suspicion of peddling foreign exchange and other illegal business deals and thoroughfare of Kurfurtstadt.

Oregonian Sends First Dollar of China Aid Quota

First dollar of the \$100 quota, which Twin Falls chapter of the American Red Cross is asked to subscribe toward a million-dollar fund for the relief of civilians in war-torn districts of China, had come today to Twin Falls, Idaho, chapter chairman, not from an Idaho resident, but from a man living in Hood River, Ore.

The crumpled dollar bill accompanying a painstakingly written note on tablet paper, which read "Dear Madam or Sir: I do not know who is in charge here, but in the paper from here that I take, there was an item to donate to the unfortunate Chinese. This might help."

"I hope local citizens will recognize the need, as did this man, and be as generous in their response to this appeal by Norman H. Davis, national chairman of the American Red Cross," commented Mrs. Alexander, stating that the local chapter hoped to raise the allotted quota within the week.

Contributions may be left at either the Twin Falls Bank and Trust company or the Fidelity National bank, or may be mailed directly to Mrs. Alexander. Checks are to be made payable to the Chinese Relief fund.

Response to the last call for Chinese relief funds, was not satisfactory locally, and the chapter urges

TRIBUTE PAID AT OUTDOOR SERVICE

Largely attended by friends and relatives, including members of the Presbyterian church, of which he was an elder, impressive last rites were conducted at 10 a. m. today for M. F. Gamble, 83, Twin Falls resident since 1908.

The services were held on the lawn at the Gamble home, 108 Blue Lakes boulevard north. Rev. G. L. Clark, pastor of the Presbyterian church, officiating. Mr. Gamble died Sunday afternoon.

At the request of the family, no flowers were sent, and the services were conducted without music.

Relatives of the retired merchant were served as pallbearers. They were John and Sam Gamble, Twin Falls, sons; Arthur Scott, Hansen, a brother-in-law, and Ted Scott and Stewart Scott, Hansen, and Robert Gamble, Twin Falls, grandsons.

Interment was in Twin Falls cemetery, under the direction of the Twin Falls mortuary.

Taylor Vote Was 'No' on Nixon's Job Appointment

W. E. Taylor, city councilman, Monday evening voted "no" both on the resignation of L. H. Benton, former city weighmaster and on the appointment of W. E. Nixon to fill the vacated position.

Through an unintentional error the Evening Times story yesterday read that Taylor voted "no" on the acceptance of Benton's resignation but did not vote on Nixon's appointment.

Instead of now holding a civil service position, as stated in the same story, it was pointed out that Benton receives a pension from the government, having been formerly employed on civil service rolls.

Benton handed in his resignation at the council meeting Monday.

Burley Resident Dies in California

BURLEY, June 1 (Special)—Malcolm Joseph Horn, former Burley resident, died last Tuesday in Redding, Calif., according to word received here. The body will be received at the Burley funeral home.

He was born Sept. 4, 1900, in Yakima, Wash. His father preceded him in death three years ago.

Building Totals \$29,050 in May

Construction, both new and remodeling jobs, in Twin Falls during the month of May totaled \$29,050. It was shown this afternoon in a report for that period issued by City Clerk W. H. Eldridge.

The figure for the month just past, former records show, is considerably below that of 1937 when \$154,860 in permits were asked during May. This total, however, included new school construction and therefore could not properly be compared with the figure this year.

The figure for the month just passed brings to \$189,050 the total for the first five months of this year, records show.

NO REWARD SEEN IN MURDER HERE

Word from Salt Lake City this afternoon indicated that no reward was offered for apprehension of the murderer of George L. Olson, Salt Lake City jewelry salesman, who was killed in the back seat of his car near the Park hotel Tuesday, May 24.

Officials of the Decker Jewelry company, contacted at request of the Evening Times, said that the firm had taken no action to post a reward, depending on police authorities in Twin Falls to apprehend the murderer. Olson was an employee of the Decker firm.

Meanwhile, local police were continuing an intensive investigation into all angles surrounding the murder of the jewelry salesman.

Sanitation Gain Seen in County

Continued improvement in the general sanitary condition throughout Twin Falls county was noted here this afternoon by Dr. Robert Stump, director of the district health unit.

Dr. Stump pointed out that protection of private water supplies, installation of sanitary facilities, continued improvement in food handling establishments and also in the method of food dispensing were "very noticeable."

Throughout the district, he said, most notable improvement has been in the milk supplies, especially as far as Jerome and Gooding counties are concerned. Work in connection with such improvement is underway at the present time in Cascade county, he said.

HUNT OPENS FOR KIDNAPED YOUTH

(From Page One)

The Homestead canal, cutting off salt from the flat land canals in the district. Legionnaires, Boy Scouts and Spanish-American war veterans volunteered their services for search. Gov. Fred Cone offered full facilities of the Florida national guard. Residents of the district, familiar with the bottle-neck system of highways at the tip of the peninsula, said a cordon of national guardsmen and volunteer possemen might be able to drive the kidnapers out of a hideaway and certainly would cut off their exit from the Redlands by blocking bridges and crossings.

Within the section, however, there were innumerable hideaways. On one side were the Everglades. On the other was the sea with dozens of tiny islands and islets where the kidnapers might hide for weeks. South of here are the Keys, many of which are seldom visited.

FUND MOVE WILL AID HEALTH CAMP

Because sponsors of a WPA improvement program at McCluskey memorial children's camp must provide \$500 in order to win approval of a \$15,000 project, campaign was underway this afternoon to pledge necessary funds.

Only \$1,500 is needed by subscription, since \$3,000 has been pledged toward the \$4,500 total. It was announced by Joe Koehler, volunteer chairman in the drive to improve the Buhl camp.

Sen. James P. Pope informed Koehler yesterday that the \$15,000 WPA project would go through as soon as sponsors post the \$4,500 as the local share and submit adequate specifications for the improvements.

Funds must be raised within two weeks, Koehler declared. The money will be placed in custody of the city of Buhl, which is acting as the municipal sponsor of the WPA request. Such pleas must come from public bodies.

Old Song Manuscripts Bring Mystery of Past

Out of the past from Dixie came a south central Idaho mystery today. The mystery revolved about aged and yellowing manuscripts of song and verse lyrics—and a blue-penciled note: "Please thank President-General."

The manuscripts are in possession of Mrs. Joe Abbott, Holtzler, whose uncle found them among his father's possessions. The uncle, Tom Miller, now a resident of Tetonville, Teton county, is hearing his father say that the song manuscripts were sent to soldiers by their back home. But was the war involved the civil war—or earlier? Who is the President-General mentioned on the manuscripts? Mrs. Abbott thinks it may have been Lincoln—or an ever earlier President.

The key notation was on a manuscript of a verse (or song) entitled "Mother." It said: "Sent by A. E. B. Please thank President-General that he may publish thanks." And on one entitled "My Ship," it said: "Please acknowledge to President-General. Sent by H. S. W." The songs may have been copied from old song books, and sent to soldiers at the front because the books themselves were scarce under war's privations. Mrs. Abbott showed her manuscripts to Doctor Rathbone of New York university. He found on one of them the name of the New York Observer, newspaper now long since defunct.

There's no music with the songs. That's another mystery, thinks the present owner. "There are tunes to these—if we could find them—but I don't know where. They know more about songs in the south than anywhere else, and no one there knows what the melodies might have been." For those south Idahoans who may be connoisseurs of early Americana in the way of song-lore, here

Bride-Elect Honored At Pre-Nuptial Tea

Mrs. Lester M. Powell entertained at a pre-nuptial tea this afternoon at her home on Maple avenue in honor of her daughter, Miss Ruth Margaret Powell, whose marriage to Leslie Carlton Murphy, Pullman, Wash., will be solemnized Tuesday, June 14. Miss Esther Shipman, who will be maid of honor of Miss Powell, assisted the hostess and the honor in receiving the 50 guests who called during the afternoon.

Miss Powell's wedding will take place at Ascension Episcopal church at 2 o'clock in the morning. Rev. James S. Butler reading the impressive Episcopal service.

Mrs. C. R. Sherwood presided at the tea table during the hour from 3 to 4 o'clock, and Mrs. Wilbur S. Hill poured during the latter hour. Pink and white napkins, artistically arranged, between lighted ivory princess tables, centered the lace-covered table. All appointments were in silver, and a color motif of pink and white prevailed in the menu.

Miss Powell has been head of the science department of Riverton high school, Riverton, Wyo., for the past two years. She is a graduate of the University of Idaho at Laramie, and is a member of Alpha Chi Omega sorority.

Mr. Murphy, a graduate of the University of Idaho, is in the department of veterinary surgery at Washington State college, Pullman, Wash. He is president of Alpha Psi, honor society, at Riverton, Wyo., where she has been teaching school the past year.

The pre-nuptial courtesy took place at the home of Robert and Mrs. Lawrence Closs and Mrs. E. F. Stettler were co-hostesses at a charmingly arranged miscellaneous shower last evening for Miss Ruth Shipman, bride-elect. Miss Shipman, daughter of Mr. and Mrs. C. R. Shipman, will wed William J. Morgan, son of Mr. and Mrs. V. E. Morgan, this month.

Gifts were presented to the bride in an attractive fashion. Black vases of Austrian copper roses graced the living room, and distinctive bouquets of garden flowers were placed in the dining room, where refreshments were served.

On the dining room table was a low crystal bowl of delphinium, sweet violet and buttercup, and painted daisies, and rose and white valeriana were on the buffet.

The group spent the evening socializing and dancing. The group spent the evening socializing and dancing.

NOVEL SHOWER HONORS BRIDE

FAIRVIEW, June 1 (Special)—Honoring Miss Norma King, who is soon to marry Willis Owen, 70 guests attended an original shower last week at the Superior school house.

Miss King read a humorous biographical sketch of her romance, and was assisted on a honeymoon trail, a huge map acting as guide. The trail led to various gifts, and the climax came when she opened a gift, suspended from the ceiling, which released a shower of confetti and many small kitchen gadgets.

Miss Betty Higbie gave a reading and Mrs. Harold Hunsby a vocal solo. Mrs. Tom Tvedy and Mrs. Glenn Denney won the contest.

Mrs. R. D. Winkler, Mrs. Alfred Kramer, Mrs. George Hudson, Mrs. Frank Chandler, Mrs. William Kearscher and Mrs. Maurice Ostendorf were the hostesses of the afternoon.

LEADERS CHOSEN IN CAMP'S DRIVE

Community chairman to direct the Twin Falls county campaign for McClellan health camp funds were announced this afternoon by Joe Koehler, Twin Falls, general chairman of the move.

The campaign seeks to raise \$1,500 to complete the \$4,500 needed to secure a \$15,000 WPA improvement project at the camp.

Chairmen as listed by Koehler today: Buhl and west end—Mayor Gan Thompson.

Filler—R. K. Dillingham. Kimberly and Hansen—Murtaugh area—Henry Denton.

Twin Falls—Joe Koehler. Contributions may be made through the chairman or aides they will name, according to Koehler.

Offerings are being asked in 410 units, and if the \$1,500 total is reached, the WPA project to improve the camp is "taken up" according to word from Sen. James P. Pope.

Plans and specifications for the improvements at the Buhl camp are being drawn by Harold Merritt, Buhl city engineer, and Plez Wilson, city engineer for Twin Falls.

Among first of the pledges received, chairman Koehler announced, is one from P. C. Meredith, warden of the state penitentiary at Boise and a former Buhl resident.

HAGEN ELIMINATED FROM PLAY IN U. S. OPEN

Other Stars Fail To Make Grade For Qualifying

By HENRY SUPER
NEW YORK, June 1 (UP)—A familiar name—Walter Hagen, the swashbuckling, weather beaten "Haig" who won the U. S. Open title in 1914 and 1919—was missing for one of the few times today as the field for the 42nd Open golf championship was trimmed down to 180 players who will participate in the tournament proper June 9-11 at the Cherry Hills club in Denver, Colo.

Hagen, just back from a year's world tour with Joe Kirkwood, the Philadelphia trick shot artist, was the major casualty yesterday as 102 professionals and 39 amateurs gained 141 available places in sections of the country. A field of 1,194 players shot 36 holes for those places. Hagen tried to qualify at San Francisco.

A total of 170 players is now eligible for the championship—131 pros and 39 amateurs. The other 29 included those among the low 30 and 31 from last year who chose to participate this year—there were only 28 who entered—along with Harold S. Long, the Cherry Hills "home pro."

Another Crown

Henry Armstrong, husky Los Angeles fighter, made ring history last night when he jumped from the featherweight ranks over the lightweight's to the welter's to lift the crown worn by Barney Ross.

Craig Wood Misses
In the New York area the failures included Craig Wood, who tied for the British open title in 1933 and then lost a playoff to Henry Cotton; Jess Sweeney, 1926, British amateur champion; T. Sifferin Talor, Walker cup alternate this year; and Henry Cotton, prominent New York pro.

Others who failed to qualify were Ted Turner, Pine Valley, N. W., professional; Ben Moe of Portland; and Harry Olvan, Seattle, both former Walker cup stars; Paul Mangrum, Joe Star, Jay Coleman and Lea Madison at Los Angeles; Jack Emery, Detroit; Willy Cox and Fred Haas, Sr., of New Orleans; father of Freddie Haas, who will play this week at St. Andrews, Scotland; and on the American Walker cup team.

Manero Qualifies
Hagen was the only former champion in the qualifying round. He qualified easily at Longmeadow, Mass., with 148; Tommy Armour, 127; Jimmy Hahn, 125; and Gene Sawyer at Chicago; Willie MacFarlane, 1923 winner, 144 at New York, and Olin Dutra, 1934 winner, was in a tie for first place at Los Angeles with Charles Lacey with 138.

All, there will be seven former champions and the defender, Ralph Mulford, among the 180. The three other ex-champions were the former champions—Gene Sarazen, 1922 and 1923, Billie Burke, 1931; and Sam Snead, 1934.

The qualifiers were paced by Jack Westland, an amateur, who shot a 137 at Seattle. Westland was the Walker cup winner in 1932 and 1933.

Kingsley Tops Utah Golfers
SALT LAKE CITY, June 1 (UP)—Ed Kingsley, amateur golfer from the Utah Copper club, Magna, today took lead and shoulders above the golfing pack in the start of a spectacular 1938 on the Port Douglas course yesterday.

Kingsley shot the first 18 of the qualifying round for the U. S. Open golf championship, to be held in Denver June 9-11, with a par 72. He was one of a field of 12 striving for the two places to be filled from this section.

In the afternoon round, Kingsley, as if fearing par might not turn the trick, "got hot." His approach shots fell dead to the pin, and he rammed home his 18th hole in 14 strokes. The result was his five below-par 67 which earned him No. 1 spot among Utah qualifiers.

Jerry Park pro, meanwhile put together a 73-71 for 144, to take the other qualifying position. George Schmetzer added a 74 to his morning 71 for 145—one stroke out of the running. Gersten added a 75 for a 148. Brannica was 75-73—148.

Potatoes can be cooked by at least 134 different methods.

Bois Roussel Captures English Race
EBFORD, England, June 1 (UP)—Peter Beatty's Bois Roussel today won the 18th running of the derby, bringing a fortune of some \$50,000 to its owner, and determining the distribution of millions of dollars in sweepstakes prizes all over the world.

James V. Rank's Scottish Union was second and the favorite, Harvey E. Morris' Paschi was third. Lord Astor's Pound Poolish was fourth. Twenty-two other horses were entered.

King George, Queen Elizabeth and Queen Mary, accompanied by other members of the Royal family, saw the race from the grandstand. Estimates of the crowd varied from 500,000 to 1,000,000.

Heavy rain fell throughout the race. The winner, off to a head start, broke in the 4th furlong and galloped for the remainder of the race, finishing four lengths ahead. Scottish Union had two lengths over Paschi. The time for the mile and a half and five furlongs was 2:39 1/8. That mark, because of the heavy going, was well off the record of 2:32 4/5 set by the Aga Khan's Mahmoud in 1936.

Ross Pays Price of Courage in Battle with Henry Armstrong

By HENRY McLEATH
NEW YORK, June 1 (UP)—Barney Ross paid the price of courage last night.

Paid it the hard way, with his own blood.

For 15 rounds, 45 long, agonizing minutes, he stood up before the ring's most merciless workman and defied him to do his worst.

Henry Armstrong accepted the challenge and did.

At the final of the only thing recognizable about Ross was the red blood on his face, the sweat on his forehead, the way he wobbled when entering the ring. It still was unmistakable. His eyes were blue and ugly lumps. His cheeks were swollen, unrecognizable. His lips stood out in a brutal pout, and his body was a mass of writhes.

As early as the 10th round his condition was such that the referee leaned over the ropes to talk with doctors and the head of the boxing commission.

"Has he been a lesser man, a lesser champion, the fight would have been called, the towel thrown at the official's feet," said the crowd, that there was a champion who preferred to lose his title standing up, even if the finish found him more like a gargoyle than a man.

Ross will fight no more. It's

Babe Ruth Announces Retirement

Chicago Cubs Term Dean 'Regular Guy'

By STEVE SNIDER
CHICAGO, June 1 (UP)—There was joy among the Chicago Cubs today. Dizzy Dean is coming back—cured of the rickety ailment that had him low and constricted. He will pitch the kind of ball owner Phil K. Wrigley expected when he paid \$25,000 in cash and three players for a damaged piece of goods.

The St. Louis Cardinals sold Dizzy to Wrigley, but Dizzy had sold himself to the Cubs. They are the guy.

It is a "regular," a "bear-downer all the time," and a "good-hearted clown" to the Cubs who used to read him unceremoniously when Dean was in his prime at St. Louis.

Dean worked hard to make the Cubs like him. On the spot with a sore arm, he continued to pitch when even the fans perched high up in the centerfield bleachers could see his arm was no good. He took his medicine—a month of rest—with a wide grin and the minute Dr. John H. Davis said his arm was cured, Dizzy began to shout:

"Hey, when can I start—tormenting."

Davis and Manager Charlie Grimm, however, had put Dean on a regular spring routine, pitching in batting practice, strengthening his arm in frequent workouts with a catcher alone, but no relief work.

One Eye on Dean
Grimm will be looking on Dean every minute he works and as soon as Dizzy looks ailing and begins to throw with his long, loose overhead delivery, he will get a starting call. It may be a week or 10 days.

Although Davis said the muscle inflammation had disappeared entirely, it was no guarantee Dean can pick up where he was at his peak. He may have lost his speed some other way, as dooms of pitchers have him.

Plays 2,000th Consecutive Game

Lou Gehrig yesterday accomplished something that has never been approached before in organized baseball—the playing in 2,000 games without a miss.

"No Fuss, Please"
The Yanks' iron man, now approaching 35, took the occasion of the suggestion to retire.

"I like to play baseball and I'm going to keep on as long as I can do my job. I wouldn't think of anything like that," Gehrig said.

Gehrig closed off No. 2,000 yesterday as the Yanks came from behind to knock off the Boston Red Sox, 12-5, which evened the series in the only major league game. He went to bat four times, hit a single in the eighth to drive in a run and batted 14 chances perfectly.

Gehrig's rival first baseman, Jimmy Foy, had a brief moment of triumph when he clouted a home run with the bases loaded in the fifth inning but it was the Red Sox's only serious rally, as Joe Judge, 12-5, and seven home runs combined to pitch a 6-hit game.

The victory enabled the Yanks to cut Cleveland's American League lead in the east and the eastern National league clubs invading the west.

Softball Teams Open Season Here Tonight

Prizes Given In Biggest Fish Contest
Opening day fishing may have been a " flop" to most south central Idaho fishermen, but at least five it was a very successful day.

"They were the five who made prize-winning catches single fish that warranted entrance in the opening day prize contest staged by Twin Falls merchants.

First prize, a Shagbilly fly rod from Snowball's Sport shop, went to Elmer R. Robinson of Twin Falls, for catching a just five-pound, 11-ounce Rainbow trout in the Snake river.

Picking from a raft with a splasher in the shallow water, Elmer caught a 12-ounce rainbow trout in the Magic reservoir at 10:30 a. m. on opening day. His catch weighed 11 1/2 pounds and was valued at \$50.00.

His fish was one of a dozen flies given by P. N. Pack.

Picking from a landing net a two-pound, four-ounce trout on night-crawlers in Magic reservoir, while fishing from the bank, Elmer secured a prize of a landing net valued at \$17.50, given by Beck's Tackle.

First prize went to Alvin Campbell, Twin Falls, with a rainbow trout weighing one and one-half pounds. He received one dozen hand-tilted flies valued at \$1.00 and given by Glenn Duiker.

All fish were weighed after being cleaned at the Independent Meat market.

Gehrig Aims At 2,500 Straight Tilts

By GEORGE KIRKSEY
NEW YORK, June 1 (UP)—Thirteen years ago today the late Miller Huggins looked down the Yankee bench and motioned to a raw recruit to go in and pinch-hit.

The young buster just up from Hartford slotted out a single, and the next day he replaced Wally Pipp at first base in the Yanks' lineup. From then on Lou Gehrig has played every day—wins or losses, sick or well. In that time he's played 2,000 consecutive games, more than any other player in history.

Today he is ready to play No. 2,001 and he says he isn't going to stop until he makes it 2,500.

Beats McLaughlin
A year ago Ross beat up Jimmy McLaughlin and took his title. McLaughlin announced his retirement through his battered lips and Ross, overjoyed with victory, talked about the men he was going to lick in the future. That little drama was repeated today, for as Ross nursed his lumps, the victor, Armstrong, 25-year-old Negro who in three years of a professional career has made himself both featherweight and welterweight champion, looked forward jubilantly to the new hero he intends to conquer.

Legion Practice Tilt Tonight
Twin Falls Junior American Legion baseball club will get its first test under fire tonight when it tackles the Kimberly Independent club on the local field in a practice game.

Coach W. W. Frantz isn't expecting a win in the tilt, but he hopes that the local youths will have some additional knowledge of the game by playing against seasoned rivals.

Frantz has announced the first Legion Junior game of the season today, against last year's state champion, Burley outfit. The game will be played on the old ball field here on Friday and will start at 6:15.

In a meeting the Burley outfit, Frantz has scheduled some of the toughest competition in the intermountain region and is showing the local lads make it this game will go a long way toward testing the possibilities of the Twin Falls club. Pete Taylor, former Twin Falls high school athlete and now peewee of Burley school teams, will be coaching the invaders.

Welter Champ Takes Terrific Beating From Negro Battler

By LESLIE AVERY
NEW YORK, June 1 (UP)—Barney Ross demonstrated last night that he had a yard of moxie for each inch of his height and today, perfectly contented, he retired from the ring to enter the cloak and suit business.

He had promised himself that he would take only one beating and he took home from Hammerin' Henry Armstrong last night that in sheer brutality could hardly be equalled in the professional ring or out.

The 28,000 spectators in Madison Square Garden, Long Island Sound saw Ross whipped from the third round on; he was helpless, his body and head were blood-soaked. But at the end of the 15th round, he still was on his feet, and, moreover, his leaden arms were trying pathetically to carry blows to the man who had butchered his career.

Ladies' Day
Thursday is Ladies' day at the Twin Falls Country club again, according to club directors.

On this date all feminine golfers are requested to play free on the course as guests of the Twin Falls organization.

430, the gross was 28,200. The gross gate was \$100,860.04, the net \$136,013.50.

O'Callaghan Wins

Airplanes Spread Death in Spain

300 DIE IN RAID ON GRANOLLERS; STEAMSHIP SUNK

HENDAYE, French-Spanish Frontier, June 1 (AP)—Nationalist and loyalist airplanes, their operations reaching a new peak of fury, spread destruction and death through northeastern Spain and the Balearic islands today, and fought each other in giant fleets over the Catalonian battle lines.

The town of Granollers, north of Barcelona, was plunged into mourning as the result of a nationalist air raid yesterday. It was estimated that 300 persons in all were killed and 800 wounded.

The British merchant steamship Penthamas lay at the bottom of Valencia harbor, sunk by a direct hit of a nationalist aerial bomb. Nearby, beached, was the smoldering hulk of the French merchantman El Djem, hit in a previous raid.

3 ENGINEERS WILL BE BRICK JUDGES

With minimum prizes totalling \$100 assured—and with a possibility that this may go to \$500 in awards if ticket sales justify the boost—Junior Chamber "Brick brick pool" committee announced today that judging will be done by a committee of three engineers and qualified technicians.

The judges, all from Twin Falls, will be named after deadline for submission of brick estimates.

Deadline, as tentatively revised today, will be early in July, about the time that tearing down of the old Bickel school reaches the half-way stage.

Like Ice Fools The estimating contest, operated on principles similar to that of the Alaskan ice break-up pools, will be decided on the basis of bricks that are actually usable in the proposed new Jaycee public gym on the 20-acre Jaycee recreation grounds.

Committee today completed plans to place 1,000 "Harmon park brick pool" tickets on sale in the immediate future. Proceeds above the prize money will go into the Park Development Foundation fund, set up by the Junior Chamber of Commerce to complete purchase price of the field and to finance improvements.

Definite deadline for submission of the estimates will be set for a date which will prevent contestants from "counting" the bricks after they are piled on the recreation grounds.

Five Winners Five persons will be given awards according to the nearness of their estimate to the actual number of usable bricks taken from the building.

GRANE MANAGER FOCATELLO, June 1 (Special)—E. H. Hampton, prominent in western business circles for a quarter of a century, has been made manager of the Pacific northwest district of the Crane company, according to announcement today by G. E. Edgar, manager of the Crane company branch at Pocatello. The district embraces the states of Washington, Idaho, nearly all of Oregon and Utah and parts of Nevada, Montana and Wyoming.

Accepts Position Tom McDavid, son of Mr. and Mrs. K. H. McDavid, left today for Burley where he has accepted a position with the Minidoka forestry preserve.

AWARD APPROVAL GIVEN TO SCOUTS

Each ticket will sell for 25 cents, according to E. W. McRoberts, chairman in charge.

Members of the committee assisting McRoberts in the work are C. L. Yelton, Bob Werner, John Leiser, Fred Stone, Bill Sillip and Louis Leopold.

Following is a tentative list of business establishments where tickets will be available: White House, Snowball's Sport shop, H. and M., National beer parlor, Buchanan's Tavern, Log Tavern, Stone's bowling alley, Wiley's drug store, Schramm-Johnson's, Majestic pharmacy, Trilling's, Kingsbury's, Elks club, Duerig's, Chamber of Commerce, John DeLa, Piler; Fred Dodd, Kimberly; Al's Sport shop, Kimberley; Goertzen service, Hansen.

Four merit badge applications and one rank advancement were approved here this afternoon by Scout officers and two members of troop 27 at Burley, records show.

Life rank application for Tess Williams was approved as was merit badges in civics, first aid and physical development for the same youth. A merit badge in reptile study was approved for Harold Hurst of the same troop.

Chairman of the Burley district court of honor is Henry W. Tucker.
