75th U. S. Congress Nears Close

SENATE ACCEPTS HOUSE METHODS FOR PARITY PAY

By LYLE C. WILSON
WASHINGTON, June 16 (UP)—The 75th congress today entered its final phase when the senate accepted the house method of allotting \$212,000,000 parity payments to farmers, attached as an amendment to the \$3,753,000,000 recovery bill. The senate action brought the relief-recovery measure close to final congressional approval.

The senate agreed to a compromise providing for rural electrification administration expenses and sent the measure, designed by the administration as its major act to relieve business distress, to the house for concurrence in this detail. The bill will then go to the White House for President Roosevelt's signature.

Overriding Veto
Frustrated in the midst of consideration of the recovery measure, the senate summarily joined the house in overriding President Roosevelt's veto of a bill to extend to July 1, 1940, low interest rates on federal land bank and land bank commission loans to farmers. Roosevelt objected that the bill would add a \$48,000,000 burden to the treasury.

Forces Close All Passes to France

Seventy-Five Feet Too Low—and Nine Died in Plane

The dramatic struggle of Jack Graves, TWA pilot, to keep his passenger plane out of danger in California's most violent storm of March 1 was revealed in the account of Buena Vista peak, in California's Yosemite national park, where the plane—missing with the pilot and eight passengers since March 1—was just found. Graves' last radio message said he was fighting to keep the plane up 10,000 feet. Apparently a gust of wind carried the plane down, for the peak it crashed into is 8,700 feet high. Here is the wreckage of the tragic flight.

Only 1 Witness Called on Stand In First Session

Dr. H. L. Stowe, who assisted Coroner George C. Halley in the examination of Olson's body was the second witness called to the stand in the hearing of Duncan McD. Johnston and William LaVonde on charges of murdering the Salt Lake City jewelry salesman.

Only 1 Witness Called on Stand In First Session

More than 200 persons crowded every available seat in the court room and scores of other persons crowded around the locked door while the hearing was in session. Probate Judge Guy L. Kinney is presiding.

Principals in Hearing Here Appear 'Calm'

Duncan McD. Johnston, former mayor of Twin Falls, this morning was attired in a grey sport coat and lighter grey trousers as he walked into the district court room at the start of the preliminary hearing which will either see him bound over to the district court to answer charges of murder or be made a free man.

McCall is Sentenced to Die in Electric Chair

FLORIDA KIDNAP CASE ENDS WITH DEATH PENALTY

MIAMI, Fla., June 16 (AP)—Circuit Judge H. F. Atkinson today sentenced Franklin Pierce McCall to die in the electric chair for kidnaping five-year-old Jimmy Coak.

The sentence represented one of the most rapid applications of Florida's new death penalty since Giuseppe Zangara was sentenced to death for assassinating Mayor Anton Cermak of Chicago. The death sentence was pronounced just 19 days after the little blue-eyed boy was kidnaped from his bed and accidentally smothered with handkerchiefs knotted over his face.

Guilty

It was mandatory upon the white-haired jurist to pronounce the death penalty. McCall had pleaded guilty to kidnaping for ransom and Judge Atkinson, who heard the state's evidence and McCall's supporting story, said state law required him to order the 21-year-old man executed.

Under the Florida kidnaping law which parallels the federal Lindbergh statute, a lighter sentence is possible only when recommended directly by a trial jury. In the McCall case no jury was impaneled since he had entered a plea of guilty and Atkinson had no alternative but imposition of the death sentence.

Under Heavy Guard

McCall was brought into Judge Atkinson's court under heavy guard at 10 a. m.

He stood mutely to hear the sentence.

"I'll say to all present that this is a very solemn matter, a very serious matter," the judge told the spectators. "I prefer that there should be no demonstration by way of applause or disapproval or anything else."

EDEN

Church of God held a program honoring Children's day. Mr. and Mrs. Vieguth and son and daughter of Gooding sang. Arthur Vieguth a solo and Mrs. and Mrs. Brown Martin sang a group and Florence Pratt and Wanda Archibald presented a duet.

Orchardist Says Idaho Missing Bet by Not Advertising No. 93

Take it from Harry Heller, prominent Piler apple grower, people of this section of Idaho are "missing a bet" by not advertising highway 93 which provides Twin Falls and vicinity with a direct opening to markets in the Nevada-Arizona area.

The road, according to Heller, "means that we can take our produce by truck down 93 to Las Vegas, Nevada, and then into Arizona instead of shipping it in the same manner by way of Salt Lake City. High railroad rates make the thought of a direct highway even more pleasing."

Potential Route

Heller pointed out that in Phoenix and Tucson alone approximately 20 carloads of Idaho potatoes are consumed each week.

Having just returned from a trip over the road, the Piler orchardist

believes that the route will be the potential one for Texas and Arizona travelers to reach the northwest through Twin Falls.

"It is a high speed road and is less hazardous than other routes," he said. "There are no mountain passes or other obstacles to slow you down from a steady pace. It is an ideal route but from the number of people traveling over the road it is evident that many do not know of its advantages as yet."

Only "Bad" Spot

The only bad spot on the road is between Rogerson and the Idaho line, he said. On his return he left Las Vegas at 8 a. m. and arrived in Piler at 10 p. m. the same day even after stopping for two and one-half hours at Ely and half an hour at Challente. His driving speed was moderate.

But for those who wish to travel north out of Twin Falls the thought of a toll bridge blocking the road is distasteful, Heller points out.

PROJECTS COME UNDER PROGRAM

By RALPH W. OLMSTEAD WASHINGTON, June 16 (Special)—The only two large Pacific northwest projects eligible for construction under the new unemployment and relief program are the channelization of the Columbia and Snake rivers from Lewiston to the coast and a power development on the south fork of the Snake river.

The channelization proposal, to cost about \$47,000,000 has already gained the approval of army engineers, and President Roosevelt will give it consideration when the relief bill becomes law, according to Senator James P. Pope, Idaho.

Senator Pope, McNary of Oregon, and Schwelienbach of Washington, have conferred on the channel project.

The Snake river power development is gradually taking the form of a new storage reservoir on the south fork of the upper Snake river. Lynn Crandall, watermaster of the Snake river, suggested a reservoir at Grand valley or Burns creek, either of which would store about 1,000,000 acre feet of water and develop about 250,000,000 kilowatt hours of power per year.

If one of these dams were built, Jackson lake in Wyoming would be restored to nature, a condition sought by the national parks service. Likewise, it would provide power for phosphate developments.

R. W. Paris, state commissioner of reclamation, has recommended that the project be coordinated with the Yellowstone lake diversion plan. In either event, the supplemental water needs of the Snake river valley would be filled.

Declo Holds Relief Society Conference

DECLO, June 16 (Special)—President Mamie Harrington extended the greetings at the Relief society conference held Sunday evening and Alice Lewis responded. A short talk was given on "Spiritual Growth Through the Educational Program in Relief Society" by Olive Peterson. In addition to group singing numbers were presented by a quartet of Eola Fisher, Olive Peterson, Mabel Richens and Grace Williams.

"Obligations of Members to Relief Society" was a talk by Olive A. Hanks, state board member. Remarks were made by Theron Jacobs, Mrs. Truman Barlow, state board member, and the benediction was pronounced by Nell Matthews.

FIGHTING, FLOODS AND FAMINE SPREADING IN CHINA

WAR AND NATURE RAVAGES ADD TO GENERAL MISERY

By JOE ALEX MORRIS
United Press Staff Correspondent
Warfare, floods and famine spread more deeply today into the heart of devastated China.

From the rampaging Yellow river in the north to the rain-swollen Yangtze and still further southward to Canton and Kwangsi province the misery of millions was steadily intensified by the ravages of war and nature.

Drop Supplies
Japanese invaders, aided by airplanes dropping supplies instead of bombs, fought for their lives against the still-rampaging Yellow river flood which has taken many thousands of lives over hundreds of square miles on the mountainous northern front.

Chinese Communists, hopefully watching the Yangtze river overflow its banks along the Japanese military route, demanded that Generalissimo Chiang Kai-Shek defend the capital to the last on threat of losing their support and cracking open the all-Chinese front.

Troops Mass
Chinese troops massed at Klu-kiang, south of the Yangtze and about 100 miles from Hankow, to meet the Japanese thrust up the river route.

Japanese announced that they intend to push their military campaign, already dominant in the north, to the far southern city of Canton which is being bombed by airplanes almost nightly.

Japanese aerial bombardment was extended to Kwangsi province in an effort to force a further split in the Chinese defenses by persuading Gen. Li Tsung-jen and Gen. Pai Chung-hsi that they should return from the Hankow front to Kwangsi to defend their home territory.

Floods Mounting
There was little hope for immediate relief in any part of China. On the contrary, the floods were only getting a good start. The warfare definitely had entered a new phase which Japanese expected to end

Considerate

ST. JOSEPH, Mo., June 16 (UP)—William Bennett, a filling station operator, had three dollars today, the gift of an appreciative bank.

The robber approached Bennett, demanded the \$28 in his cash drawer, then asked how much of the loss would be covered by insurance.

"About \$25," Bennett said. "The bandit returned \$3."

ACCIDENT VICTIM HAS CHANCE LIVE

BOISE, Ida., June 16 (UP)—Hospital attendants said today there was "hope for the recovery" of William Troescher, 25, Idaho Falls, seriously injured in an automobile crash here which claimed three lives.

Troescher was conscious "from time to time." He is suffering from a fractured skull, broken jaw and multiple fractures of the pelvis.

Meantime, an inquest into the crash was scheduled for Tuesday by Coroner J. T. McCann, providing for the persons involved in the accident and less seriously injured than Troescher will be able to testify.

Those who died in the head-on collision were John Reed, 22, Nampa; Patricia McGill, 18, Boise, and Geraldine Sumner, 22, Nampa.

An annual loss of \$30,000,000 is represented by the wasted heat, in the form of soot, which escapes up the chimneys of London.

only with complete collapse of the Chinese government defenses.

In Germany, another but intense phase of Nazification appeared to be gathering momentum. Berlin and other cities reported renewal and spread of a campaign intended to eliminate Jews from German business and finance as their cultural influence already has been destroyed.

Arrests—some reports said 1,000 Jews had been seized—and terroristic tactics sent large numbers of Jews to foreign consulates for passports in an effort to escape from Germany.

NEW TAP DANCING CLASSES PLANNED

Tap dancing classes, in connection with the city recreation program, will be organized the coming week under a new schedule, according to Miss Vernis Richards, city director.

Miss Richards' present plans call for registration for advanced students to be held on Monday at 2:30 p. m., and for beginners on Tuesday at 2:30 p. m., both days at Harmon park.

Instructors for the classes will be furnished by the Marie Dunn Helm dance school, and a charge of 10 cents per lesson will be made.

Meanwhile registration in other classes continues, according to Miss Richards and new clubs are being formed daily.

GAIN IN STORAGE WATER IS NOTED

Continued gain in irrigation water impounded at the American Falls dam and also at Jackson lake was noted here this afternoon and records show that present readings are far ahead of those for the same date last year.

Information as to water storage was contained in a weekly report released by Lynn Crandall, watermaster.

Readings show that \$10,000 acre

feet of water is impounded at the present time at Jackson lake against 807,030 acre feet a year ago. American Falls reservoir at the present time is impounding 1,710,170 acre feet of water against a reading of 1,640,550 acre feet taken a year ago.

Lake Walcott's reading at the present time is 97,590 acre feet against 94,140 acre feet a year ago, Crandall's report shows.

RISE IN VALUE OF FARMS HALTS

By FRED BAILEY
WASHINGTON, June 16 (U.P.)—A four-year rise in farm real estate values was halted last year, according to a survey by the department of agriculture bureau of agricultural economics.

The bureau's index of farm values on March 1 stood at 85 per cent of the 1913-14 level, the same as a year ago. It was, however, 4 per cent above the 1936 level and 15 per cent above the 1933 low point.

"The maintenance of farm real estate values during the past year, despite the rather sharp decline in farm prices, was attributed in a large part to the increase in cash income received during the larger harvest in 1937," the bureau said.

Wallace Sees Healthy State
 Secretary of Agriculture Henry A. Wallace, commented that he thought it "is a good thing" that farm values are only 85 per cent of pre-war level. Thousands of farmers, he said, have not finished paying for the war-time speculative spree.

"If farmers get their fair share of the national income during the next 10 years, farm land values will and should advance," Wallace said.

"But I hope they never advance beyond a fair relationship with farm income."

"I doubt if it is a wise thing for most farm land to sell for more than 20 times the net rent after paying taxes. In other words if cash rent is \$5 an acre and taxes \$1, I wonder if it is wise for the land to sell for more than \$10 an acre."

Comparisons by Area
 Land values increased slightly last year in five of the nine groups of divisions of the country remained stationary in one and decreased in three, the department reported.

New England values declined from 76 to 78 in the east north central, from 104 to 106 in the south Atlantic, from 102 to 107 in the east south central and from 86 to 89 in the west south central states.

Famous Triplets in Baby Show

Josephine, Joyce and Jelene Fuitts of Kimberly (left to right) this afternoon were registered to participate in the "Million Dollar" baby show which will be one of the highlights of the "Columbia Parade" parade here July 18 to 23, both dates inclusive. For a time officials in charge were of the opinion no triplets had been born since the entrance of the three Fuitts girls made the awarding of that particular trophy a certainty. The girls are the daughters of Mr. and Mrs. Alton Fuitts. (Evening Times Staff Photo).

BUHL COW LEADS FAT PRODUCTION

"Fairy," a cow owned by P. E. Southwick and son of Buhl, was the highest individual butterfat producer for central Idaho, according to a report issued by Leonard Hagen, official tester for the area. The cow produced 85.2 pounds of fat.

Best average for herds of 20 cows and over was won by A. D. Wicker of Glenns Ferry, with 33.41 pounds average for his herd. The cows produced 840 pounds of milk in the under 10 cows class, Tom Moberly of Rupert was high with 86.3 average. Mr. Wicker is milking 31 cows out of a herd of 52.

In the class between 10 and 20 cows, Joe Clatter of Rupert was high with an average butterfat production of 48.7 pounds for 17 cows. In the under 10 cows class, Tom Moberly of Rupert was high with 86.3 average for two cows.

A total of 29 herds with 636 cows was tested. One hundred and forty-eight cows had an average monthly production of over 40 pounds of butterfat, the Hagen report shows. The total butterfat production was 16,632 pounds.

Old Clipping Reveals Buffalo Bill Turned to 'Waterwagon'

Col. William F. "Buffalo Bill" Cody, who during his lifetime carved a place for himself in western history which time will never erase, was "on the waterwagon" during one of his last visits to Deadwood, S. D. It was revealed here this afternoon. Fact that the old scout was drinking buttermilk at that time is shown in a clipping from a newspaper of an unknown issue date which was found in an old mine near Ouster, Idaho. The clipping is now in the possession of G. J. O'Neil, local druggist, and is "yellow with age."

But then here is the clipping in its entirety:

"Deadwood, S. D., March 31—Colonel William F. Cody, 'Buffalo Bill,' has just paid his annual visit to Deadwood. He gave the old timers of this 50c-time frontier town a shock they'll never get over."

"Buffalo Bill" is upon the waterwagon. Colonel Cody's annual trip to the old town always has been looked upon as an occasion of joy and reunion. But times have changed. For three hours the old scout and his host and chum of the plains days, Mr. Russell, made the rounds of the former haunts of "Wild Bill" Hickock, "Calamity Jane" and other notorious characters.

"Colonel Cody created consternation at every stop and when the round was over he had consumed all the available buttermilk in the town."

Mr. and Mrs. W. J. Southworth and Mr. and Mrs. Mark Southworth attended graduation exercises at the University of Idaho, Moscow, last week. Rased H. Hunter and Allice Beth Whiteley accompanied them and will remain for the summer season of the university.

Miss Eva Sutton returned Saturday from Salt Lake City where she had been visiting at the home of her brother, Richard Sutton, for the past 10 days.

Mrs. Melvin Walker, Murtough, and daughters, Miss LeVoni Walker, Murtough, and Mrs. Mabel Weirich, California, were recent guests of Mr. and Mrs. John E. Franks, Oakley.

Laws governing drunken drivers who cause death while driving are punished in different states, anywhere from 30 days to 20 years in prison.

TRUSTEES ELECT BLISS TEACHERS

BLISS, June 16 (Special)—Selection of the staff for the Bliss schools next year was completed Monday evening at a meeting of the school board, with the following results: High school—Superintendent, E. H. Foster, algebra and band; Donald Daise, typing, general science, business law and boys' athletic coach; Walter Bronschanckel, chemistry, farm shop, woodwork and geometry; Georgia Smedley, dramatics, fresh-man English, sophomore English, American literature and glee club. Grade school—Principal, Ivan Coe, seventh and eighth grades; Eugene Gibbons, fifth and sixth grades; Louise Poe, third and fourth grades; Peasley Carrio, first and second grades.

Ray Hamilton was retained as manager of the school buses and Le Roy Christenson was retained as janitor for the school.

Arm Fractured
 Miss Beth Bankhead is recovering satisfactorily from a fractured arm which she sustained when she fell down a stairway Wednesday at her home near Twin Falls.

WAGE INSURANCE ACCOUNTS POSTED

POCATELLO, Idaho, June 16 (Special)—Wages of thousands of Idaho men and women for whom the federal social security board has established old-age insurance accounts were being posted, together with those of millions of other Americans, at the average daily rate of \$50,000 according to word received here today by Charles H. Cannon, manager of the Pocatello field office of the board.

The wages now being posted, Mr. Cannon explained, are from employers' wage reports for 1937, which were filed at the end of each of 3-month periods. Approximately 75,000,000 wage items reported by employers for 1937 have been received by the social security board from the bureau of internal revenue, and about 40 per cent of those have been posted to employees' accounts.

File Returns in 3 Months
 Under revised regulations effective January 1, 1938, employers now file a tax return every three months, when they pay their taxes and the employees' taxes. On the same form they list the amount of wages paid to each employee during the quarter. Approximately 2,100,000 wage items reported by employers for the first three months of 1938 have been received by the social security board.

Employers' wage reports are filed with the bureau of internal revenue and, after they have been checked against the employer's tax return, are turned over to the social security board where each employee's wages are recorded in his old-age insurance account.

"Although there is a few months' lag between a worker's pay day and the day his wages are recorded in his federal old-age insurance account, this will not cause delay in settling a claim for benefits," Mr. Cannon declared.

"Under revised regulations are now being made to workers reaching age 65 and to heirs and estates of workers who have died."

Senator Performs Rites at Wedding

HAGERMAN, June 16 (Special)—Miss Amy Joy Butts, daughter of Mr. and Mrs. Claude Butts, and Hale Glauener, son of Sen. and Mrs. W.

Glauener, were married at 8 p. m. Monday, June 6, at the home of the bridegroom's parents. Senator Glauener performed the ceremony in the presence of the immediate families of the young couple.

The bride moved here the past year with her parents from Lewiston.

One of Idaho's Important Assets

HERE'S a business in Idaho which employs an average of 450 Idaho people . . . pays more than \$133 a day in taxes in Idaho . . . pays out a third of a million dollars a year for wages, services, supplies and taxes in Idaho . . . represents an investment of more than \$1,600,000.00 in Idaho . . . gives the railroads in Idaho a large volume of business.

The Utah Oil Refining Company in Idaho is that business. It is an important asset to Idaho.

You never see all parts of this business at one time. It isn't in one place. It is spread among many Idaho communities. If it WERE concentrated in one locality it would look more impressive to the eye perhaps, but it wouldn't be any more important to the business life of Idaho.

If you like details, you will be interested to know that your neighborhood Pep 88-Vico service station is one unit in a business which

—is one of the largest customers of the railroads in Idaho, enabling many railroad men in this state to have employment.

—has \$1,679,701.78 invested in service station and bulk plant facilities in Idaho.

—furnishes a livelihood directly to 463 families in Idaho, and indirectly to many more.

—paid \$48,892.54 in state, county and municipal taxes in Idaho last year, or more than \$133 a day.

—paid \$330,783.41 for wages, material, services and taxes in Idaho in 1937. This does not include wages at leased service stations handling Pep 88 gasoline and Vico motor oil. Such wages total many thousands of dollars additional.

It is our policy to produce the highest quality products that science, modern equipment and skilled knowledge can develop. This will continue to be our policy to the end that we may always merit your patronage.

Britain Stocks Foodstuffs for War

MEAT, WHEAT AND SUGAR STORED IN ENGLAND VAULTS

By WEBB MILLER
(Copyright, 1938, United Press.)
LONDON, June 16 (U.P.)—At one stroke of the pen the entire food resources of Great Britain will be commiserated in the event of war. A food dictator will be appointed and Great Britain's 45,000,000 will be placed on strict rations at controlled prices.

The government has completed a food distribution organization which is ready to function instantly. Millions of ration books are being printed. Experiments are being made to produce a nourishing loaf of bread with a minimum of flour.

Food Dictator

It was broken out today the food dictator would be Sir Henry French, chief of the board of trade defense plans department. For two years he has worked on plans for an organization to handle the food problem during war.

The British do not intend to be caught unprepared as they were in the World War when they almost starved during the winter of 1917-18. Millions here remember the days when German submarines were sinking hundreds of thousands of tons of shipping monthly. Meat was permitted only twice a week. Sugar was drastically rationed. Few got enough to eat.

War Chest

The government is filling an enormous war chest of food stuffs. It is buying 250,000 tons of frozen meats for cold storage as a national reserve. Experts estimate it can be kept four years. Other hoards include 1,000,000 tons of wheat, 400,000 tons of sugar and 100,000 tons of lard (useful for margarine, soap and explosives). Unknown reserves

of war metals, nickel and manganese, are now being accumulated secretly.

Normally there is only about six weeks' supply of wheat in England, which imports half of its meat, 80 per cent of its wheat, 70 per cent of its sugar, cheese and fruit, and 90 per cent of its fats.

DECLO

Mr. and Mrs. Luke Drex have returned after a two weeks wedding trip to the Pacific coast. Mrs. Drex was formerly Miss Helen Herbold, daughter of Mr. and Mrs. Albert Herbold. They will make their home near Burley.

Mr. and Mrs. Anton Gesler and children, Desden, N. D., are visiting at the home of their relatives, Mr. and Mrs. Albert Herbold, sr. They are also visiting Mr. and Mrs. Ewald Stelias. The two men were school friends in Germany.

Mr. and Mrs. Winfield Hurst and son Leo, Mr. and Mrs. Ross Higley, Marion Simmons, Pearl Ingram, Harry and Leslie Darrington, and L. A. Gillett, have returned from Salt Lake City, where they attended the primary conference.

Mrs. W. T. Hudson has returned to her home at Ogden after a week spent here visiting her sister, Mrs. Ben Osterhout.

Mr. and Mrs. James Chaik, Farmington, N. M., visited friends in Declo last week.

Milton Osterhout has returned home to spend the summer with his parents, Mr. and Mrs. L. C. Osterhout. He graduated this spring from the University of Idaho.

Mr. and Mrs. Grant Cobby, Miss Leona Cobby and Elmer Parke have gone to Albion to attend summer school.

IDAHO EXHIBITS GET HIGH RATING

Exhibits from Cassia, Gooding and Twin Falls counties represented the south central Idaho 4-H club at the second annual Junior fat stock show at Salt Lake June 7 to 9 in which the district is reported to have made an enviable showing.

The delegation from Gooding county attended the stock show all dressed in white clothes with the lettering, "Gooding County, Idaho," and the 4-H club emblem, all in green, sewed on the back of their shirts.

Championship Pen

Bobby Boite, Gooding, exhibited the champion 4-H pen of three fat hogs and won the championship in the 4-H pig fitting and showmanship contest. Both awards were won by Bill Burkhardt of Bliss, Gooding county club member, at the 1937 show.

In the light Hereford beef class, Charles Luther of Gooding exhibited animals placing second and twelfth, and John Koenner of Gooding placed third. Frances Butler, Bliss, exhibited the sixth prize animal in the heavy Hereford class and the second prize winner in the light Aberdeen-Angus class. Dale Smith of Malta won second and Watt Prather, Gooding, fourth for their exhibits in the light Shorthorn class.

In the group exhibit of five beef animals of the same breed exhibited by three or more members of

the same 4-H club, Gooding county placed fourth. Other beef exhibitors were Wesley Fields, Earl Elmer and Harold Hoyer, all of Gooding.

Fat Stock Placings

Fat stock classes and placings included Hampshire fat lamb—Watt Prather, Gooding, fourth and tenth; Keith Bird, Gooding, fifth; Martin Luther, Gooding, ninth. Pen of three Hampshire lambs—Watt Prather, first; Harold Hoyer, Gooding, third; Charles Bean, Kimberly, fourth. Suffolk fat lamb—Jay Hansen, Declo, first; pen of three Suffolk lambs—Jay Hansen, second. Poland China fat hog—Bobby Boite, third and fourth; Wilbur Butler, Kimberly, fifth; Harold Brevik, Wendell, sixth and seventh. Pen of three Poland Chinas—Bobby Boite, first; Harold Brevik, second. YOU'RE A HERO... TO YOUR SON

Most boys worship their Dad as a hero whose standards and ideals they gradually acquire as their own.

Nothing is quite so disillusioning to the clear eyes of a youngster as the sight of a man—his own father—who has used liquor unwisely.

The damage goes deeper than momentary shame. Any man who cannot drink wisely and moderately, owes it to his son... his family, not to drink at all.

The coming generation will be less apt to use liquor intemperately if older people will regard it as a luxury and treat it as a contribution to gracious living—to be enjoyed in moderation.

Surely, Father's Day is an appropriate occasion for the House of Seagram, as one of America's leading distillers, to say as we have said for four years... "Drink Moderately".

Mrs. McDole Will Be Honored at Reception

Mrs. Sarah McDole was looking forward with keen anticipation this afternoon to her ninety-first birthday anniversary Saturday of this week, unaware yet of the extent to which her birthday will be observed, but sensing "symptoms of a celebration," as she expressed it. Mrs. McDole is one of Twin Falls' oldest residents.

The Loyal Women's class of the Christian church is arranging an "open house" in her honor Saturday afternoon at the home of her granddaughter, Mrs. Edith M. Brown, with whom she lives. All of her friends are invited to call between the hours of 2 and 5 o'clock at her residence, 1222 Sixth avenue east.

Four Generations

When Mrs. McDole enters the tenth decade of her life Saturday, four generations of her family will participate in the festivities. They will be present at the reception in the afternoon, and at the informal party for relatives in the evening.

The four generations include Mrs. Brown and A. L. Bevercome, grandchildren of Mrs. McDole; Mrs. Lee Logan, Miss Wilma Bevercome and Gale Bevercome, great-grandchildren, and Norma Lee Logan, great-great-granddaughter. Billy Logan, a great-great-grandson who is visiting in Oklahoma, will not be present.

Reception Plans

Mrs. John S. Kinross and Mrs. W. F. Parlah are co-chairmen of arrangements. Rev. and Mrs. Mark C. Cronmiller, pastor of the Christian church and his wife, will assist in receiving the guests. Mrs. McDole has been affiliated with Christian churches since she was 10 years of age, and activities of the church are her principal interest even now.

Mrs. McDole has been a resident of Twin Falls since 1908. She was born in Brighton, Iowa, June 18, 1847. After coming to Twin Falls, she continued to be active for several years in the organizations to which she devoted her latter time hours in business, the Y. W. C. A. of the Grand Army of the Republic, and the Christian church. As a younger woman she was an accomplished vocalist and leader with pleasure of her choir activities in Iowa.

Make Birthday Wish

Asked what she would most like to do on her birthday, Mrs. McDole was emphatic. "I'd like to be able to bake my own birthday cake."

She deplores the "growing up" of the years, as she calls it, and the fact that she is "not quite as spry" as she was at 80. That date is memorable because of the birthday party for 75 at which she presided, and which was arranged by relatives in her honor.

CLUB AFFILIATES WITH NATIONAL GROUP

The Magic-Y club will become affiliated with the national Young Women's Christian association and with the Magic Valley district, according to a decision reached last evening by the group, composed of younger business women of Twin Falls.

Action was taken at a business session conducted at the home of Mrs. B. L. Price, sponsor, and presided over by Miss Elaine Dudley. Miss Ruth McManis, secretary of the Magic Valley district Y. W. C. A., explained the advantages of affiliating with the association. The club will continue to operate as an individual unit, but will participate in activities of the various branches of the organization locally.

Mrs. Price served refreshments, seating her guests at a single table centered with a bowl of panades in varied shades.

PTYTHIAN SISTERS MEET FOR KENNINGTON

Pythian Sisters Social club met for a Kennington last evening at the home of Mrs. Daisy Johnson, Mrs. Jessie Woolver, Portland, was a guest. Mrs. Anna Winans conducted the business session. Mrs. Lena B. Jurnisher, the white elephant which was won by Mrs. Johnson.

Miss Alice Blome assisted in serving refreshments. Mrs. Frances Minnety will be hostess to the club at the next meeting.

SUPPER ARRANGED AT SHOEBONE FALLS

Members of the sales and office forces of the C. G. Anderson company and their families, numbering 24 guests, motored to the picnic ravine at Shoebone falls last evening for an all fresco supper. R. M. Johnson, company manager, and Mrs. Johnson were special guests of the group.

Athletic games and stunts entertained the party following the picnic supper, and songs were sung around the camp fire as a finale to the evening's festivities.

SODAS PITCHER CLUB MEETS FOR CARDS

Mrs. Paul Wellner entertained the Sodas Pitcher club yesterday afternoon. Mrs. J. M. Clyde was a guest, and Mrs. Roy Wellner, Mrs. Harlan Hall, Mrs. Matt Johnson and Mrs. Clem Lett were special guests. Mrs. L. C. Wildman presided at the club in two weeks.

Calendar

Adrems club will meet tomorrow afternoon at the home of Mrs. C. Ivon Price.

Children of the members of the Order of the Eastern Star are invited to attend a party Friday from 3 to 5 p. m. at Harmon park.

Scribblers club will be entertained by Mrs. Naomi Martin at the Idaho Power auditorium Saturday at 2 p. m.

The W.C.T.U. will meet Friday afternoon at the home of Mrs. I. G. Goodling, 1133 Seventh avenue east.

Odd Fellows lodge will meet this evening at 7:30 p. m. in the I. O. O. F. hall to conduct the initiatory degree for two candidates. All members are requested to be present.

KENNINGTON FOR COMMUNITY AID GROUP

Mrs. Roy Black was hostess to the Community church Ladies' Aid society at a Kennington yesterday afternoon. Guests were Miss Jean Olmstead, Miss Norma McGinnis and Miss Annie Griffith. Mrs. Ray Bush will be hostess at the next meeting of the club June 20.

Window glass is blown first as a cylinder, then split open and flattened.

MIXER GAMES PLAYED AT LAWN PARTY

Strands of brightly colored electric lights suspended overhead furnished illumination for the lawn party last evening at the home of Miss Ines Palmer on Jefferson street, arranged by the high school Christian Endeavor group of the Christian church.

Thirty-four guests participated in the program of outdoor games, directed by Miss Verma Richards, Eugene Bredlove and Clem Palmer, recreational project members.

Refreshments were served by Mrs. Scott Palmer and Mrs. J. P. Perschall.

CLEVER LUNCHEON ARRANGED BY CLUB

B. and T. club members observed guest day with a luncheon of smart appointments yesterday afternoon at the country home of Mrs. H. T. Black. Mrs. E. O. Spieberg and Mrs. Charles Burt, committee chairmen, presented an impromptu program of stunts following the luncheon.

Rose decorated the four tables at which luncheon was served, and the chosen flowers made the rooms attractive. Guests found their places by matching the flowers, which marked each cover.

Mrs. P. B. Bell, Mrs. H. E. Bailey and Mrs. W. D. Reynolds assisted the hostess as members of the menu committee.

LEGION REPORTS RECORD ROSTERS

HANSEN, June 16 (Special)—American Legion members in the Idaho department now total 5,737, an all-time high revealed the department commander, E. E. Hunt of Sandpoint, at the fifth district convention banquet which followed election of officers here Wednesday night.

Ernest Emerson of Kimberly was elected district commander to succeed George W. Andor, and Fred Koomis of Rupert.

Other officers elected were Walter Benfien, Buhl, vice commander; Howard Larsen, Kimberly, adjutant; and Walter Day, Murghaus, sergeant-at-arms. Auxiliary officers are Mrs. Nell C. Wrigley, Hazelton, vice president; Mrs. Jim Brennan, Flar, secretary-treasurer; and Mrs. Juanita Sanchez, Kimberly, historian.

Host Group
Hansen was host city to its first Legion convention, the Kimberly post No. 76 acting as host group. At the annual banquet served by the Hansen Grange in the grand hall, 11 towns in the district were represented by the 133 persons present. William H. Detweiler of Hazelton was toastmaster. The toastmaster introduced Mrs. Hunt, wife of the department commander; Mrs. Myrtle Miller, Arco, president of the Idaho Auxiliary; Mrs. Koomis, Rupert, auxiliary president; Juneau Shinn, Boise, secretary to Governor Barzilla W. Clark; Mrs. E. E. Walker, president, Kimberly auxiliary; Harry Benoit, Twin Falls, national executive committee member; Lester Albert, Boise, state adjutant; J. Edward Warner, Twin Falls, department vice commander; W. W. Noble, Twin Falls, post commander and commander of Sons of Legionnaires for Idaho; Terry Prater, Boise, Idaho veterans' placement officer; and Homer Hudeston, manager of the veterans' administration from Boise.

Entertainment at the banquet featured vocal and instrumental solos and duets. Community singing of war songs was led with Roy Shereley at the piano.

Man Hears Vows at Son's Wedding Rite

HAGERMAN, June 16 (Special)—At the home of Bishop and Mrs. Emerson Pugmire Tuesday afternoon, June 14, Miss Elaine Thompson and Martin Pugmire were united in marriage by the father of the bridegroom, Bishop Pugmire. Miss Betty Russell acted as maid of honor and Robert Chatterton acted as best man. The ceremony was performed in the presence of the immediate families of the young couple and the grandmother of the bride, Mrs. Charlotte Green.

The bride is the daughter of Mr. and Mrs. Fred Thompson of Hagerman. She was a graduate of the Hagerman high school this year and valedictorian of her class. The bridegroom is the son of Bishop and Mrs. Emerson Pugmire and was a graduate of the Hagerman high school with the class of '37.

The young couple will make their home in Hagerman.

Buhl Man's Parents Tell of Marriage

BUHL, June 16 (Special)—Mr. and Mrs. George Childs of Syracuse district announce the marriage of their son, Robert, to Miss Louise Strode of Payette. The service was read at Burely May 27, at eight o'clock at the Methodist parsonage. The bride is a graduate of the Buhl Normal school, she was a member of the 1937 class.

Mr. Childs was a member of this year's graduating class. After a visit with Mr. and Mrs. Childs here the young people will make their home in Salt Lake City where the bridegroom has a position at the University of Utah.

VACATION SCHOOL OPENS

RUPERT, June 16 (Special)—A daily vacation Bible school, which is held two weeks opened at the Methodist Episcopal church Monday morning, with 48 pupils enrolled. Under the general supervision of the pastor, George O. Roseberry, a faculty of 10 teachers has charge of the instruction. Those teaching are Arden Marie Roseberry, Constance Smith, Phyllis Young, Ora Ellen Andrews, Pauline Sawyer, Evelyn L. Stark, Georgia Bontaght, Margaret Moser, Barbara Kenney and Shirley Turner.

HUSKY PRACTICE OPENS FOR SWIM TEAM

KIMBERLY, June 16 (Special)—Ray Fowler, son of Mr. and Mrs. Otto Fowler, appears headed for a strong-man act in the circus. At the ripe old age of 23 months he carries around a him consistently a 15-pound yepwiter. The Fowlers neglected to state whether he used the machine for anything other than a toy.

VFW COMMANDER TO VISIT IDAHO

A luncheon has been arranged to be held here July 19 in honor of Scott P. Squyres of Oklahoma, commander in chief of the Veterans of Foreign Wars, announces A. W. McConnell, commander of Twin Falls post No. 2138.

Squyres will address the Boise post July 19, and then attend the luncheon meeting here the following day. After the local meeting, he will go on to Pocatello where he will address Pocatello veterans the evening of July 19, advise Albert R. Nicholas of Pocatello, department commander.

PROSPECTIVE MEMBERS OF THE TEAMS are urged to report for the initial practice session next Tuesday. Dual swimming and diving meets with neighboring cities, a city championship meet and an invitational all-Idaho meet are on the summer schedule for the municipal pool at Harmon park. At the present time prospective team members include Art Prantz, Bob Goodnight, Bill Polson, Frank Carpenter, Don Anderson, Gordon Gardner, Luke Somers, Ora White and Don Toolson for the men's squad and Erva Balmer and Inna Jean Davis for the girl's team.

The bichir, sole survivor of a fish family that lived millions of years ago, has a series of separate fins, or plates, along its back, and is clothed in tile-like, enamel plates.

8 Band Concerts Planned for Buhl

BUHL, June 16 (Special)—Beginning Friday evening, July 8, the Buhl municipal band will conduct a series of eight concerts. Director John Eby is picking from 25 to 30 players for the band. He is choosing the players from Buhl and the west end in an effort to balance instrumentation and organize a real band for the concert.

The rehearsals will begin next Wednesday night at the city hall.

FETTERED PALM

LODI, Calif., (Special)—Evidence that California was in a tropical climate millions of years ago was unearthed when John Schaber discovered a fettered palm tree here. The specimen, which is almost complete, weighs 150 pounds.

ARCHERY-GOLF IS NOT A NEW SPORT! ROBERT F. ELMER, AUTHORITY ON ARCHERY, PLAYED IT AS EARLY AS 1910!

MOST BEARS ARE LEFT-HANDED!

GOLD WHEN GROUND TO A FINE POWDER, IS DARK RED, OR BLACK!

Dr. Robert Elmer, a former archery champion, played what is believed to be the first game of archery-golf ever played in the United States, and perhaps in the world, in 1910, at the Saint David's Golf Club, near Wayne, Pa. His opponent was the club golf champion, F. J. Wendell. The match was halved.
