

HUBBELL SCORES MAJORITY VICTORY FOR GIANTS

Frontier Club Maps 11-Point Program on Fish and Game

N. Y. Star Turns Back Cubs, 5-1; Yanks Beat Tigers

NEW YORK, June 27 (U.P.)—Only five pitchers ever won more than 200 games for the New York Giants and today Carl Hubbell, 35-year-old southpaw from Oklahoma, was one of them.

The "meal ticket" of Giant Christy Mathewson, Joe McGinnity, Adonis Ruscio and Cubs Marquard on the "200 or more" honor roll which he beat the Chicago Cubs yesterday.

I marked the fourth time that Hubbell had tried to get within the charmed circle which eludes most major league hurlers. Going into the 1938 season with 102 victories to his credit, the great left-hander completed an enviable record of seven wins and two loss by June 5. First trying for his 200th against St. Louis he was battered from the box on the 12th. Pittsburgh drove him to the showers on the 16th, and Cincinnati beat him on the 21st.

Trims Cubs 5-1 But the "Hub" beat the Cubs 5-1 yesterday by effective pitching in the pinches. He left 10 Chicago bats stranded on the bases. The Giants got only six hits off the combined offerings of French, Lee and Root, but they bunched them, getting four over the wall. The home run of Bob Seeds, purchased from Newark of the International league last week. It was a 475-foot wallop that just touched the tip of outfielder Reynolds' glove and rolled to the deep-centerfield clubhouse steps.

The victory enabled the Giants to increase their National league lead to five games over the Cincinnati Reds who split a double-header with the opener 10-3 Klein and Weintraub homered for Philadelphia. In the nightcap, the Reds won 8-5. Credit, hit a homer for Cincinnati and Paul Derringer lunged up his 10th victory.

The Game Brooklyn and St. Louis played before a 1-1 standstill in five innings before rain washed out their scheduled double-header. The downpour also forced postponement of the Philadelphia-Boston twin bill.

In the American league, the New York Yankees picked-up a 1-0 victory on the leading Cleveland Indians who double-header against the Boston Red Sox was rained out. The Yanks humbled the Detroit Tigers 10-3 behind the 36-hitter hurling of Monte Pearson.

Washington took a twin bill from the St. Louis Browns and the Boston Braves and 7-2 in the afternoon. Harry Kelley held the Browns to seven hits in the first, while Wes Ferrell distributed nine in the second.

The Chicago-Philadelphia double-header also was postponed because of rain.

Aid to Trout, Birds Planned By Sportsmen

SHOSHONE, Ida., July 27 (Special)—The hopes and desires of a thousand southern Idaho sportsmen were crystallized here Saturday when the board of directors of the Idaho Frontier club drew up a 1938 program of club activity, containing 11 separate projects, which represented the views and discussions of the membership body in sessions during the past year.

Aid to Trout, Birds Planned By Sportsmen

The program, announced by Club President Jack Tingey of Buhl, embraces the following aims:

Aid to Trout, Birds Planned By Sportsmen

1. To cooperate with the Idaho fish and game department to the end that all trout for planting be reared at the hatchery to a minimum size of four inches.

Aid to Trout, Birds Planned By Sportsmen

2. To take active steps toward the immediate establishment of bass and trout hatcheries in the Snake river waters of Snake river that now provide no game fish.

Aid to Trout, Birds Planned By Sportsmen

3. To encourage the establishment of additional trout egg-taking stations, mainly to increase the propagation of rainbow, cutthroat, brook, golden and landlocked steelhead varieties.

Aid to Trout, Birds Planned By Sportsmen

4. To protect trout waters from increasing sanitary and industrial pollution.

Aid to Trout, Birds Planned By Sportsmen

5. To recommend nesting preserves for game birds in all game bird communities, specific recommendations to be based on local surveys.

Aid to Trout, Birds Planned By Sportsmen

6. To conduct a year's research on losses of game fish in irrigation canals.

### F. F. A. SPEAKING CONTEST TONIGHT

Six Future Farmer of America boys will meet in a state oratorical contest to be held tonight at 8 p. m. in the district court rooms at the courthouse.

Subject for discussion is, "Why Youth Should Be Interested and Active in Cooperative Movement." The winner will compete against Future Farmer and 4-H winners from Oregon and Washington at the American Institute of Cooperative to be held at Washington State college at Pullman from July 11 to 15. The local contest will receive an all expense trip with a prize which has not been determined.

Contestants here on Monday will be: Marvin Jacobs, Butte; Junior Thomas, Filer; Irvin Ehlers, Twin Falls; Joe Lockyear, Jerome, and two entries from Boise, Daryl Tilling and Gerald Hastings.

Judges named are O. T. Koser, manager of the Jerome Cooperative creamery, Twin Falls; Eugene Whitman, county agent, Jerome; W. W. Palmer, county agent, Burley.

### SOFTBALL LOOP LEADERS TANGLE

GOODING, June 27 (Special)—Softball fans watched with interest the progress of the city softball race this week. The two leading teams prepared for a series next Wednesday and Friday to determine the leadership of the league. The winners of the first and second half will play for the title and a softball trophy.

Public Schoolmen held down first place, but a loss to the second half Independents last week left only a margin of the game between the two. Next week the two teams will meet in a regular scheduled game and a postponed tilt.

In games last week the Independents defeated the Schoolmen 9-3, and Nelsons 10-5. The teachers again found their stride in the third game to annex an 11-7 win over Nelsons.

Statistics released this week show the Independents with the edge in batting power, having five of the league's leading hitters. Following are the batting percentages as the first half nears a close:

Player	AD H. Pct.
Keller, Schools	16 9 562
L. Robinson, Ind.	21 11 323
Judevine, Ind.	21 10 476
Adams, Independent	17 8 470
Andrus, Independent	20 7 359
State Schools	17 6 322
Webb, S. Schools	19 6 315
Meserole, Ind.	16 5 312

### Charter Granted Job's Daughters

JEROME, June 27 (Special)—Mrs. Gladys Romans, Boye, and guardian of Job's Daughters of the state of Idaho, presented the newly organized group of the Jerome chapter with their charter at 8 p. m. Thursday evening. About 125 persons witnessed the ceremony.

The charter was received after completion of learning the work of the ritual and the Jerome order is now known officially as the Bethel No. 14 of the Job's Daughters of the state of Idaho.

Among the distinguished guests, other than Mrs. Romans to grace this new order for work so well done, were Mr. and Mrs. Atkinson of Boise who are associate grand guardian and past grand guardian of the Job's Daughters of the state of Idaho.

Mrs. Bea DeWendorf, guardian of the Jerome chapter, offered a brief talk as well as Mrs. O. H. Peterson, and the guardian of the Gooding chapter in commending this new order for emulation of the work.

This was the last meeting of the chapter for the season. The members will convene the second Thursday in September.

The Tuesday Bridge club met last week at the home of Mrs. Debrah Harty. The winners were by Dorothy Patterson and Miss Dorothy Pollard.

Mr. and Mrs. Richard Smith left Friday for a visit in Montana and point east.

Mr. J. N. Davis has moved his office to Twin Falls. His former office is now occupied by Dr. Harry Alban, who has employed Mrs. Clarence Gustafson as his nurse.

### CLUB PLANS FALL SHOOTING EVENT

SHOSHONE, June 27 (Special)—The Shoshone Trap club is making preparations to shoot during the fall season. During the past two or three years while the club was inactive vandals wrecked the trap house and fixtures. The new setup will be of cement and steel. The trap club is a unit of the Rod and Gun club.

Secretary George Haddock of the Gun club states that application for a trout fry for Wood river had been made to the state game department and favorable response was received with the comment that of "13,500,000 trout" said to have been planted in the streams of the state, many consignments had come to this section, which statement could not be verified, as to actual planting.

Fishing has been reasonably fair since the opening of the season and some good strings have been taken, though the situation could be much improved.

High water above Ketchum has taken out practically all of the beaver dams and it is feared by sportsmen and others that it will materially help fishing conditions in that trout will be enabled to get upstream.

### Senften Elected Legion President

BURLINGAME, June 27 (Special)—Major Walter C. Senften was elected commander of the Clark G. Fox post, American Legion, Thursday evening when the order met in regular session.

I. H. Launey was elected vice commander; Pete Harvey, adjutant; L. G. Newman, chaplain; Carl Curtis, sergeant-at-arms; and Charles Wilson, finance officer.

### Albion Enrollment Highest Since 1925

ALBION, June 27 (Special)—The enrollment of the summer session of the Albion State Normal school on the opening date was 235. The following day it jumped to 269, and on Monday, June 20, it had reached 275 as the final enrollment for the session of 1938. This is the peak since the summer of 1925.

More than 200 of the enrollees are past graduates of Albion who have returned to qualify for their life certificates. There are six out-of-state students who have been attracted to this school—two from North Dakota, two from Nebraska, and one each from Oregon and Utah.

### MURTAUGH

Mrs. Pat Cockerham was hostess to the eight members of the Pioneer Bridge club Wednesday at a desert luncheon. Mrs. Ernest Browning and Mrs. Betty Hall were the guests.

Mrs. Sam Havage entertained recently in honor of the birthdays of her two daughters, Nadine and Doreen. Ten twenty children attended.

### NAZIS, ITALIANS PLAN RETALIATION

ROME, June 27 (UPI)—Any attempt by the Spanish loyalists to bomb Italian and German targets will be met with warfare, the influential Chicago official said today on comment on the implied threat of the loyalists to take reprisals against foreign nations for the national bombing of open cities.

Virginia Gayda, editor of the paper, who is often an informal spokesman for Senator Benito Mussolini, said the Italian-German reaction would be "immediate and implacable, not exercised by a diplomatic note of protest, but with cannon."

Gayda commented that the Spanish threat "is a geometrical development of the intentions of the 70-year-old warrior Lloyd George who proposed the bombing of Madrid."

The editorial continued: "It is evident that if Italy or Germany is attacked by the Spanish rebels in their cities, ships or property because of the sole fact that planes of Italian or German manufacture are present and militant among the international forces."

Local Nurses at Maternity Forum

Twin Falls health unit will be well-represented at the four-day Institute in maternity nursing which opened today in Boise. Mrs. Elizabeth Smith, chief of the head staff of nurses; Mrs. Mary Ann Heber, Mrs. Eva Scheluter, Mrs. Harry Wilson, representing Twin Falls county; Mrs. Lea Bachmann, Casida; Mrs. Pearl Kikpatrick, Gooding; and Miss Harriet Russell, Jerome, are attending, according to Mrs. Smith.

Anna Jones, assistant director of the Maternity Center association, Boise, presides over the school. Sponsors of the institute are the Idaho State Nurses association of district No. 2, and the Division of Public Health of Idaho.

While the United States as a whole has shown a constant improvement since 1929, maternal mortality has increased in Idaho in the past three years, according to Mrs. Smith Adequate prenatal care, adequate and proper delivery service and adequate after care will be discussed at the institute.

### Miss Carr Joins Faculty at Albion

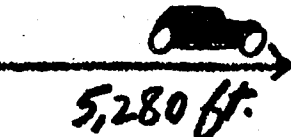

ALBION, June 27 (Special)—Miss Dorothy Carr has been elected to fill the vacancy caused by the resignation of Miss Charlotte Timmon who has been with the Albion schools since 1913, and is retiring.

Miss Carr received her A. B. degree from the University of Idaho and her A. M. from the University of Iowa. She has been director of the teacher training in Washington college, Waverly, Ia.

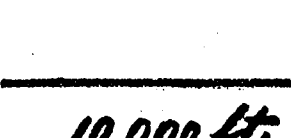

At present she is studying at the University of Southern California, Los Angeles. Miss Carr will be junior high school critic and also teach science and mathematics.

In memory of their owners who died doing their duty, 30 brass helmets are preserved at the headquarters of the London life brigade.

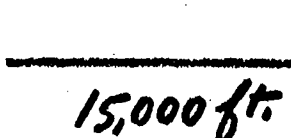

*A mile is only this far to your engine if you're driving in high gear*

*But in second gear, it's about this far*

*And in low gear—about this far*

## In STOP and GO, a mile S-T-R-E-T-C-H-E-S

In low and second, your engine makes up to 3 times as many revolutions as in high—uses 3 times as much gasoline

STOP-AND-GO DRIVING fools your speedometer—while your car is going a mile, your engine may go the equivalent of two.

The number of extra revolutions your engine makes depends on how many times you stop and start—how much of your driving is in low and second gears.

You can't avoid stop-and-go driving, but you can do something about its cost. Shell engineers found that getting

away from a traffic stop can waste enough "undigested" gasoline to carry you one-third of a mile.

To cut this waste, they rearranged the chemical structure of gasoline. They make every drop of Super-Shell "motor digestible"—every drop usable in stop-and-go driving.

There is a Shell dealer near you. Use Super-Shell regularly, and your savings count up.

Sen. Kenneth McKellar, D. Tenn., was more disposed to defend the speech. Sen. Henrik Shipstead, F-L, Minn., welcomed Mr. Roosevelt's defense of "liberal" candidates of all parties.

King said the president's office and the great amounts of money he has to spend give him an advantage over others which he should not exercise.

Diakle interference "People who have fought for the Democratic party a great many years," King said, "do not like interference by outsiders in their state affairs."

I do not believe the president should meddle in the primary elections of the Democratic party or any other party. "I do not know that I fully agree with your understanding of the liberal is one who votes for concentration of power in the hands of one man, I don't."

Questions wisdom Burke said the president had full legal right to enter primary campaign. I question whether or not the president of the United States does that.

I believe the congressional districts and states ought to determine for themselves who they want to represent them. "I believe the people in the districts and states will resent the president's interference. If we were to follow the course he has suggested, we would all be good stepping stones for a leader and no matter how beneficent that leader may be, I do not approve of that course."

Paddle to Escape Women

Two Stockton, Calif., college students have their own ideas of a vacation trip. "We've read too many books and want to get away from women," say Martin Goldberg, sophomore at Stockton's College of the Pacific, and Bill Henwick, Washington State college, junior, as they left Seattle by canoe for Skagway, Alaska, 1,153 miles away.

Kimberly Poet Receives First Prize for Poem on 'Bluebird'

Mrs. Suddie Stuart Hagar, Kimberly, won first prize for her poem on the bluebird in a contest conducted recently by Bess Foster Smith, chairman of the division of poetry for the Federated Women's clubs of the second division and editor of poetry for "Seeing Idaho."

In the second division of the contest on the state flower, the syrinx, Mrs. Della Adams Leitner, Boise, was adjudged the winner. The contest was sponsored to secure a group of poems on the state bird and flower for use by clubs, schools and for other programs. The request was entered by the librarian of the traveling state library, when no poems of this type could be found.

Over 100 persons submitted verses on one or both subjects and Mrs. Smith found it difficult to judge so many. In an effort to avoid the appearance of favoritism all those near the top were sent to H. G. Merriam, editor of the "Frontier" and noted author of literature in the University of Montana. Mrs. Leitner is one of the better known Idaho poets and has had work published in various magazines. Mrs. Hagar has only recently turned to writing verse, although she has had experience in other forms of writing.

Honorable mention list includes: Kenneth B. Platt, Boise, "First Bluebird"; Leon Grandsted Lawrence, Weiser, "Syrinx"; and Gertrude Peary Stanton, Boise, "Syrinx." The prize winning poems are: TO A WESTERN BLUEBIRD by Suddie Stuart Hagar. Embellishment of western liveliness; As buoyant as spring clouds, light as dandelion seeds, soft-voiced as desert winds that greet the dawn; Your coat the turquoise of the autumn sky.

You are no thief nor vandal, but a friend Imparting joy with such unstudied grace... You're repudiate the mansion and the shack; You light anew the weary settler's face. Oh, bluebird, silver-throated, gayly dressed, We love you as we do our glorious West!

FRONTIERS MANAGER Buhl, June 27 (Special)—Jack Thayer, president of the Frontier Club, Inc., announced this week that Jess C. Eastman of Buhl has been employed as business manager of the club. Mr. Eastman will continue to work out from Buhl, but his duties will carry him to most parts of southern Idaho. Youth Tells of His 2nd Train Wreck in Week

Editor's Note: Tommy Townsend, Bryn Mawr, Pa., tells what it feels like to be in two train wrecks in the same week. Townsend was released from Holy Recovery hospital in Miles City late Friday night and boarded the Olympian Saturday for Missoula. BY TOMMY TOWNSEND

INGOMAR, Mont., June 27 (AP)—I figured I'd been through plenty the last week, after getting out alive in one wreck, but to get in another the first day I got out of the hospital beats me. It's funny, though, I don't remember much about this one. I was just sitting there and then all of a sudden we were stopped and there was a lot of racket. I didn't get hurt, but I was kind of nervous for a while.

There was an awful jolt, and I was so much excited, just people asking each other what happened. Then when we got outside we could see, it was already light, and we could see the engine of the other train lying down beside the tracks and one of the cars smashed up. That's about all there was to it, except I'm going to Missoula to get a job if I can make it this time.

NEW PURCHASES WILL AID NEEDY

Half a million cases of canned grapefruit juice, purchased for relief distribution by the federal surplus commodities corporation, will soon be ready for distribution through state agencies including Idaho's relief system. It was announced here this afternoon by H. W. Hampton, district supervisor for the department of public assistance. Hampton made the announcement after word had been received from F. R. Wilcox, director of the division of marketing and marketing agreements for the AAA, that the purchase had been authorized. Just how many cases of the juice will be distributed through the local agency is not known at the present time. Purchases of the canned juice are to be made from cooperative associations of growers and canners. The price to be paid is to be based on returns received by the industry.
