556 Meet Violent Deaths During July 4 Week-End

Fatalities in Autos Top Casualty List in Nation with 246 Dead

Death took no holiday as the nation celebrated the 162 anniversary of its independence. A United Press survey showed today that violence which accompanied the triple-holiday week-end took at least 556 lives—four short of the all-time high of 560 established last year.

The steadily mounting list gave every indication it would equal, if not surpass, that of last year despite an intensive safety campaign, which 28 organizations, with a membership of 46,000,000 had carried on in every state.

California and Illinois had the state-by-state list of casualties with a total of 43 each. New York had 42, and Pennsylvania 37.

ROOSEVELT PREPARES FOR TRANS-CONTINENTAL JOURNEY

BY LYLE C. WILSON WASHINGTON, July 5 (AP)—President Roosevelt is preparing today for a transcontinental invasion of primary election battlefields in the dual role of party leader and chief executive.

Mr. Roosevelt's determination to again the issue of reorganization of the executive departments of government which was voted down by the house in the session which ended last month.

Mr. Roosevelt roughly sketched the outline of his proposed plan for the 1938 campaign in his speech last month in which he said he could not intervene in primary or selection contests.

Mr. Roosevelt's influence especially, however, is expected to be exerted on this mid-summer journey in behalf of incumbents rather than for their opponents.

## APPEAL SOUGHT ON JEROME SITE

JEROME, July 5 (Special)—The legal fight over the North Park site in Jerome for the purpose of a Jerome county court house, for which a PWA grant of \$38,000 has been approved by the federal government, is being carried to the supreme court of the state of Idaho.

Saturday afternoon, D. A. L'Herrison and Frank Daley, Jerome business men, filed notice of appeal with the clerk of district court from the judgment of district court last April 4, when their injunction to "show cause" why this particular piece of property should be used for a court-house site was denied. Judge T. Stanley Lee was presiding judge in the case.

The plaintiffs, D. A. L'Herrison and Frank Daley, contended that the land in question was to be used exclusively for park purposes and that in the event a courthouse was erected thereon, such grant would be violating the terms of the original grant.

## Wear Your Hair Short—But Not if Your Neck's Long, Stylist Advises

"You can wear your hair short—if your neck isn't long," says a hair stylist. "You can have that 'up swing' fashion demand—and still not expose a scraggy nape-line."

There—you see how frank is Nick Wagner, who this year won two grand awards for personalized hair-styling in the western states' largest hair-dressers' shows at Los Angeles and San Francisco. One of the youngest stylists at the Los Angeles show, he presented seven models to earn the distinction.

No scyophant is he, with a "Yes, madam, you look positively divine" with your ears out like a rabbit's, and your neck uncovered (except for park purposes) and that in the event a courthouse was erected thereon, such grant would be violating the terms of the original grant.

**Neck is long, and further warns** that the present-day hats are more difficult to wear with short hair, than with longer hair styles.

When asked point-blank about the aforementioned, non-noxious hair-cut, he commented that those who thought they could get a hair-cut, go swimming, come out, shake the water off and expect the waves to go back into place without re-shaping, were just miracle-believers. Even naturally wavy hair has to be pressed into shape to make it wave, he pointed out.

The hair-cut is much like the "chignon-job" in that the hair is cut in conformity with the natural wave, or with the natural way in which the hair grows. The weight of long hair pulls a wave out more readily, and thus short hair holds the wave better than longer hair.

## Yesterday's Newspaper Boys Are Today's Leaders

**The President Speaks to Newspaper Boys**  
Franklin D. Roosevelt

"Work as a newspaper carrier is very much more than a mere job for a boy. It seems to me that it affords an excellent opportunity for discipline and training in responsibility so that a youngster who can successfully discharge his duties in handling a delivery route has already acquired an experience that will help him in his work when he reaches man's estate."

(From a message by President Roosevelt to Washington, D. C. newspaper boys)

One of the best practical training schools for the substantial citizens of the coming generation is afforded the youth of today by the newspapers of America.

This, plus the fact that healthy outdoor activity is the basis of newspaper carrying and selling, makes it the first choice of American boys as their "first job!"

# CHAMPION YANKIES GALLOP FIRST-PLACE THE Vander Meer, Gomez Starting Pitchers in All-Star Game

## Tigers Pound Out Double Victory Over Indian Club

NEW YORK, July 5 (UP)—The world champion New York Yankees were back on familiar stamping ground today at the head of the American league pennant race.

True, they had to share the top spot with the Cleveland Indians, but it was coming back home for the Yanks who have held a virtual monopoly on first position for the last two seasons.

Until today, the Yanks hadn't been in first place but once this year and that was on May 11 when they held a half game lead over Washington.

The Yankees had taken the first place in a rather surprising manner. It was the first time a Yankee pitcher had failed to go the route since they were in the lead.

The single victory allowed the Yankees to gain 1 1/2 games on the Indians who were just one game ahead of the Detroit Tigers.

The Boston Red Sox pulled to within 2 1/2 games of the Yankees in the Pacific Coast league after a doubleheader with the Detroit Tigers.

The Chicago White Sox took two from the St. Louis Browns 5-4 and 5-1. Johnny Whitehead guided the route to win the opener.

The New York Giants retained their 3 1/2 game lead in the National League by defeating the Brooklyn Dodgers 5-3.

The second place Pittsburgh Pirates also won a pair, 2-1 and 3-2, over Cincinnati. It ran their winning streak to seven games.

Chicago and St. Louis divided a pair by identical scores, 4-3. A three run attack in the sixth gave the Cubs the opener and a 4-3 run rally in the eighth gave the Cards the nightcap.

## Mac Recuperates from July Fourth Picnic

By HENRY McLEMORE

NEW YORK, July 5 (UP)—This is the fourth July picnic, grand and your picnic picnic, with the aid of a well-known snake bite remedy, is slowly recuperating from the Independence day miseries.

This picnic meant involved getting an early start, you know to avoid traffic. Several others apparently had the same idea.

At first glance I do not appear to be seriously suffering from anything but a broken transverse process and Max Schmeling is the only person I know who can tell you what that is.

## Harper Retains Idaho Amateur Golf Crown

BOISE, Idaho, July 5 (UP)—Eddie Harper, Jr., 17-year-old high school boy from Pocatello, ruled the Idaho amateur golf field for the second time today following his 3 and 2 victory over Max Rawlins.

Harper's victory followed the 18 holes in their match yesterday, but Harper had picked up two holes when the third nine was completed.

## American League Club Made 7-5 Favorite

By GEORGE KIRKSEY

CINCINNATI, O., July 5 (UP)—A kid who never saw an all-star game against a veteran who has taken part in four of the five games played will be the pitching lineup at the start of the sixth annual all-star battle between the National and American leagues tomorrow.

The kid is Johnny Vander Meer, Cincinnati's southpaw who recently made baseball history with twin no-hit, no-run games. He will be the National league's starting pitcher.

Opposing him will be Lefty Gomez, Yankees' veteran who has started four of the five previous all-star games for the American league. The only time he missed was when Lefty Grove drew the honor in 1930.

After a four-day vacation, Twin Falls softball players will return action tonight in opening games of the second half of the schedule.

Wendell will be back into the line with the league team for last place in the SCI league here Sunday by the invading Hagerman club.

The American league, largely because of the record of four victories in five previous all-star games, again is betting favorite. The odds are quite even, 7-5. The only time the National league was won in 1938 at Boston.

Questioned by Chicago police after an amateur boxing bout in which his opponent failed to recover from a knockout blow in the third round, Raymond Mather, 16, above, solemnly explains his part in the match which ended in the death of Peter Cribari. Both boys were notice fourweight.

**THIS CURIOUS WORLD** By William Ferguson

AT ONE TIME, THE ARCTIC OCEAN AND THE GULF OF MEXICO WERE CONNECTED BY A GREAT SEA. ALL OF THE PRESENT ROCKY MOUNTAIN AREA WAS SUBMERGED, BUT AT NO PLACE DID THE SEA CONNECT THE PACIFIC OCEAN.

THE IDEA OF THE ATOM WAS CONCEIVED BY THE ANCIENTS ... AT A TIME WHEN THE ELEMENTS WERE THOUGHT TO BE EARTH, AIR, WATER AND FIRE!

The great sea which spread up through the North American Continent during the Cretaceous period covered all of Texas, New Mexico, Colorado, Nebraska, the Dakotas, Wyoming, Montana, and parts of other border states... and cut a wide area north to the mouth of the Mackenzie river.

# Twin Falls Man Enters G. O. P. Senate Race; Seeks Industry

## FRANK H. ADAMS OPENS CAMPAIGN

### Urges Industry

A pioneer resident of the Twin Falls area stepped into the Republican race for the United States senate today with a battle-slogan of "Industry for Idaho."

He is Frank H. Adams, 57, Twin Falls businessman and rancher, at present associated with cooperative marketing of dried fruits. His industrial plank seeks "crop reduction" plants to reduce the freight paid by Idaho farmers in shipping bulky raw products east.

Campaign Manager J. Morris O'Donnell, son-in-law of the candidate, was to arrive here today from Spokane to handle Mr. Adams' campaign. O'Donnell, a resident of Coeur d'Alene, is a law graduate of the University of Idaho.

Entry of Adams into the G. O. P. senatorial race today has increased the number of Idaho Republicans who seek nomination for the post now held by Sen. James P. Pope.

Democrat, Charles E. State Sen. Donald Callahan, Wallace and Walter H. Anderson, Pocatello attorney.

Adams rapped the New Deal, asserted he has no standing in the business world, and claimed that only a Republican senator can assist in establishing Idaho industry.

Rates Reduction "In trying to ship raw crops across the country by the old method, which is still the New Deal, as Idaho's primary brought to three, alone ruin the farmer." Adams told the Evening Times today. "To avoid this situation, our neighbor, Utah, for example, has crop reduction plants. It is also true of Colorado. The town of Ogden, Utah, has 11 canneries in its vicinity. Women mills in Utah are making finished clothing and yarn. . . . also several cereal mills for grain reduction. . . . The Twin Falls candidate pointed out that in addition to substantial savings to farmers, through smaller freight rates on processed farm goods, the crop-reduction plants in Idaho would mean "adequate protection of the farmer during low priced years," and would provide many jobs for workers.

Need Eastern Capital Such crop-reducing plants, the G. O. P. candidate said, provide the logical answer to boosting Idaho farm prosperity, by attracting eastern industrial capital. He stated that if such industry is to be fostered in the Gem state.

Admitted in Illinois Mrs. Ada Linnell, Wenatchee, Wash., was released from the county jail this afternoon after treatment for shock and a slight cut on the head received in an automobile accident Monday afternoon on a highway curve at the southwest corner of Piler.

Accompanying Mrs. Linnell at the time of the mishap, and driving the car was M. R. Linnell, her husband. Driver of the second car involved was M. G. Ballenger, Twin Falls, a member of the 38th infantry at Fort Douglas, Utah. With Ballenger were two hitch-hikers, one Vincent of Piler and Edna Wilson, University of Idaho student with his home in Illinois. He had picked the two up shortly before the mishap.

Both cars were badly damaged. The Linnells were traveling west while Ballenger was en route to Twin Falls.
