INTERNE TROUBLE BEGINNING WEDNESDAY, JULY 13

# FANS PULL FOR DEFEAT OF NEW YORK CLUBS

## Yanks Held Down to Second Place as Teams Gain on Giants

**By GEORGE KIRKBY**  
NEW YORK, July 12 (AP)—Those counties far throughout the country who are rooting for "somebody, anybody," to beat out the two New York clubs in the pennant races had plenty of reason today to rise up and shout.

While the Cleveland Indians temporarily had the "Yankee menace" well under control in the American league, a double threat appeared to oust the Giants from their National league lead. On the eve of the Giants' departure for their most critical round trip of the year, Pittsburgh and Cincinnati gained additional ground on New York.

It was only half a game each, but the way the Pirates and Reds won was significant. The Pirates twice came from behind to a game and a half. It was the Pirates' 12th straight triumph, longest winning streak of the major league season.

Cincinnati lashed out with an eight-run rally in the first inning to conquer the St. Louis Cardinals, 9-5, for its fourth straight victory. Pittsburgh's sensational spurt is one of the greatest drives ever made by the Pirates in mid-season.

Yesterday the Pirates went into the ninth trailing 3-2 and staged a three-run rally off Hard Luck Larry Post. With the bases loaded relief pitcher Jim Tobin singled to drive in two runs after the Pirates had tied the score. Then Mack Brown stopped the Cubs in the ninth, causing pinch-hitter Tony Lazzeri to hit into a double play to end the game.

The Reds belted around in the first inning, scoring eight runs off Henahaw and Harrell. Billy Myers and Leonnie Ray hit homers during the first and second innings. In the third, Peaches Davis, coasting easily behind a long lead, gave up 15 hits. No other games were played.

## Vogel's Scores Upset Win

Twin Falls softball fans were treated to two fast, close games at Lincoln field Monday night when Vogel's upset Ford Transfer-Home Lumber 5 to 2, and Idaho Power rallied in the last inning to defeat Glass and Paint, 9 to 7.

Ford Transfer-Home Lumber started out well with two runners crossing home plate in the first inning, but the pace proved too fast, with Vogel's going into a one-run lead in the fourth. Ford Transfer came back with a last inning rally.

## SOFTBALL Schedule

**Tuesday, July 12**—Jeane Co-op vs. Wiley Drug; Utah Chiefs vs. Yeasac.

**Wednesday, July 13**—Wiley Drug vs. Yeasac; Utah Chiefs vs. Jeane Co-op.

**Thursday, July 14**—Idaho Power vs. Vogel's; Ford Transfer-Home Lumber vs. Glass-Paint.

**Friday, July 15**—Idaho Power vs. Ford Transfer-Home Lumber; Glass-Paint vs. Vogel's.

tying the count at three-all, only to see Vogel's run away with the game by bringing in two base trots in the last half of the same frame.

Chandler, Vogel's first baseman was credited with breaking up the game when he hit a homer in the last half of the seventh with two down and Brown, catcher, on base.

That and Shepard hit doubles for Vogel's.

Idaho Power defeated Glass and Paint with a three-run spree in its final half of the seventh. The score was tied twice, at two-all in the third, and at six-all in the fifth and sixth frames.

The contest was played on seven terms clear up to the last inning. In the first half of the frame, Idaho Power belatedly came through with a homer, single and two singles, and aided by an error on the part of Glass and Paint succeeded in bringing in three runs and then limiting their rivals to one run.

Jeane Co-op meets Wiley Drug, and Utah Chiefs go after Yeasac in tonight's contests.

## Play Opens in PGA Tourney

**SHAWNEE-ON-DELAWARE, Pa., July 12 (AP)**—The field in the National P. G. A. championship played follow-the-leader today.

With the dew still on the greens and the good squares of the Pocono valley at breakfast, Danny Slute, defending Ulster in this hottest of golf tournaments, led off against Clyde Stryker to start the five days of man-to-man match play.

Following the first pair, at five minute intervals, were the remaining 140 matches involving the participating players in P. G. A. play. Thirty-one of the boys broke par figures in the second qualifying round, and the medalist, Frank Moore of Mamaroneck, N. Y., fired his second 68 for a total of 136. This figure tied the qualifying record established by Fred Morrison in 1924. Forty-eight matches will be played today.

**LEVINSKY GOES UNDER**  
**DES MOINES, Ia., July 12 (AP)**—Johnny Paycheck, 187, Des Moines, won by technical knockout over Kingfish Levinsky, 215, (8); Robert E. Lee, 200, Des Moines, defeated Frank Jones, 198, Fort Dodge, Ia., (8); Henry Jones, 174, Fort Dodge, Ia., defeated Al Cjober, 196, Los Angeles, (8).

## Invalid Performers in This World of Sports Puzzle Of Mac

**By HENRY McLEMORE**  
**SHAWNEE-ON-DELAWARE, Pa., July 12 (AP)**—Harry Cooper, a key fever victim, is playing in the national P. G. A. championship here with a doctor in constant attendance.

Max Schmelzing is a patient in a Berlin infirmary. Dizzy Dean's arm is dead. Paul Dean and Schooby Rowe are convalescing in the Texas league.

Archie San Romani has growing pains. Don Hume, mightiest of stroke sufferers, has the all-round access on alternate Tuesdays.

And Seabiscuit, War Admiral, Lawrin and Dauber — our four top horses—all have the miseries.

All of which prompts me to ask: whether we are drifting in sports? What is the future of athletics if our athletes, supposedly the hardest breed of all, continue to crack and break and bend at the rate they have in the past year?

My guess is that unless something is done to toughen our sports competitors the arenas of the future—the Madison Square Gardens, the Soldier Fields, the Polo grounds, the Belmont parks, the Olympic stadia, the Wimbledon—will be gigantic hospitals.

Surgeons will replace promoters. Internets will take over the duties of graduate managers. Referees and judges will be replaced by diagnosticians and dietitians. Sanitariums will be the favorite training sites for fighters and ball clubs who do their spring exercises in the back yard of the Brothers Mayo.

Of course, the shift on locale from the arenas of today to the hospital wards will bring about a decided change in the types of competition. Instead of the 16-pound shot, field men will toss the 16-pound hot water bottle. The big dash event will be the wheel chair race from Ward "A" to the X-ray room with a free set of plates given to the winner and a set of hand carved crutches to the runner-up.

Speculators will have to wear gowns and masks to keep from contaminating the fragile athletes.

Boxing will undergo a great change. Jack Blackburn will be removed from Joe Louis' corner in favor of a Johns Hopkins M. D. The round-by-round story will be dictated by Dr. Daise and published on a fever chart. Bookmakers will set up their pitch in clinics and shift their odds to suit the latest bedside bulletins.

Golf clubs will undergo a great change. A big seller will be a machine that can readily be converted into a stomach pump or a stethoscope with one twist of the wrist, even an injured wrist. The National Open winner will get a free trip to Brunn-Baden for the baths instead of a cup and a check.

Horses will get one pound out for each fevered fetlock and when ridden by mere medical students will copy the apprentice allowance. (Copyright, 1938, United Press)

## Baer Would Like to Meet Galento

**RENO, Nev., July 12 (AP)**—Maxie Baer, the former heavyweight boxing champion, said today that he was tired of Tony Galento calling him a play-boy, and that he was ready at any time to meet the bantamweight boxer in a "warm-up bout."

Baer said that if Joe Louis refused to fight him in September, he was tired of Galento calling him a play-boy, and that he was ready at any time to meet the bantamweight boxer in a "warm-up bout."

Baer said that if Joe Louis refused to fight him in September, he was tired of Galento calling him a play-boy, and that he was ready at any time to meet the bantamweight boxer in a "warm-up bout."

"That Galento ought to get himself a reputation before he starts popping off a 'beat me' Baer said. 'At least I'm the former champion of the world and who is he? Nobody.'"

## Shoshone Gets 12-5 Victory Over Locals

**SHOSHONE, July 12 (Special)**—Shoshone's American Legion Junior baseball team "tricked" a Monday night for the inter-district game with Burley by defeating the Twin Falls Junior team 12 to 5 in a game played here.

Shoshone took an early lead and was never pressed to maintain its lead. Bolton, first sacker, doubled a homer and a double and Platinio, pitcher, fattened his batting average with a triple and double.

Davison, Twin Falls, and Jorgenson, Shoshone, each glanked a triple, and Smith, Twin Falls, came away with a double.

Platinio fanned 16 Twin Falls batters, while Moon and Tels of Twin Falls combined to strike out eight Shoshone boys.

"Twin Falls has the finest bunch of sports that I have ever had the pleasure to oppose and they have possibilities of becoming a major threat in Legion ball circuit next year," said Jan Hansen, coach of the Shoshone club.

**Anzac Tennis Stars Eye Shot at Budge**  
**LOS ANGELES, July 12 (AP)**—Australia's Davis cup players—who mapped a campaign to wrest the international tennis trophy from J. Donald Budge and his American friends.

Confident that they will defeat Mexico in their first match they conquer the winner of the Japan-Canada contest in the consolation, the Aussies admitted that defeating the United States defenders would be an exciting problem.

Harry Hopman, non-playing captain, accompanied the youths who will carry Australia's hopes into international warfare into this month. They were John Bromwich, 18, No. 1 singles player; Adrian Quist, 28, No. 2 man and a veteran internationalist; and Leonard Schwartz, 25, an alternate who never before has competed here.

"We have confidence and much hope, but we must admit that defeating Budge and the other United States players will be a tremendous task," Hopman, spokesman for the group, said.

**Eyston to Try For New Mark**  
**WENDOVER, Utah, July 12 (AP)**—Capt. George E. T. Eyston, land speed king of the world, supervised the unloading of his seven-ton Thunderbolt racing car here yesterday and said he felt encouraged over the prospects of early activity in his attempt to shatter his own record of 311.42 miles an hour.

He inspected the Bonneville salt flats and said the course is rapidly rounding into condition. The flats, covered with water when he arrived, have been drying rapidly as temperatures have hovered around 90.

Wendover, a small town on the Utah-Nevada border, is 12 miles from the flats. The Thunderbolt's tires will be changed and tuned-up here for the next two weeks.

**FANS! Vote for your favorite players in Kellogg's ALL-AMERICAN BASEBALL POLL!**

*More than \$5,000.00 IN CASH PRIZES every week for 9 weeks!*

**Voting on FIRST BASEMAN starts Sunday! Who's your favorite? Easy to answer. Easy to win! You don't have to be a baseball expert. VOTE EARLY NEXT WEEK!**

Who's your favorite First Baseman? Is he in the majors or the minors? Is he a veteran or a rookie? Is he left handed? Does he argue with the umpire? Is he handsome or homely? Is he a home-run king? Or just the kind of all-round ball player you get a kick out of watching and hearing about?

Send your entry, with the top, from two packages of Kellogg's Corn Flakes, your name and address, and the name and address of your grocer, to the Kellogg All-American Committee, Howard-Clark Building, Chicago, Ill. Further information and complete rules are contained in the official entry ballot, which your grocer will be glad to give you.

The ball player receiving the largest number of votes each week wins a brand new Buick and a position on Kellogg's All-American Team. Each week, fans and grocers share in the big cash prizes as shown at the right. And you don't have to vote for the winning player to receive any one of the awards.

But be sure to vote early next week! Vote as often as you like. Your entries must be postmarked not later than midnight, Saturday, July 23.

Plan to vote every week for the next nine weeks to help put your favorite players on the team! Remember—you have 1,004 chances to win a cash prize every week for nine weeks!

**LOOK AT THESE BIG CASH PRIZES to be given every week for 9 weeks**

- \$500.00—First Prize
- \$100.00—Second Prize
- \$50.00—Third Prize
- \$25.00—Fourth Prize
- AND 1000 \$5.00 cash prizes

**Total of 1004 AWARDS EVERY WEEK!**  
Cash Prizes for Grocers, too! Winning Ball Players get brand new Buicks!

**AVIATION!** The "Howling Wing" Program, thrilling saga of aviation for young and old, will carry up-to-the-minute news on Kellogg's All-American Baseball Poll, 5:30 to 5:45 on most stations. Four times every week. Don't miss this popular new radio feature!

# Drive Intensified to End Wars

## JAPANESE WOULD WELCOME PEACE ON THEIR TERMS

By JOE ALEX MORRIS (United Press Staff Correspondent.) Dominant military forces in Spain and China today intensified drives to end the world's two great wars, but without definite prospects of an early peace in either country.

The Japanese armies pouring up the Yantze toward Hankow and the Spanish insurgent forces hammering grimly at the defenders of Valencia were both attempting to seize enemy capitals to climax a series of important military advances.

**Quick Conclusion**

Normally success of the current offensives—in event they are successful—might open the way for a quick conclusion of fighting. But in the case of both China and Spain strongest indications were that the process of modern warfare would reverse the normal situation.

In China, the Japanese definitely would prefer to make a peaceful settlement when and if they capture Hankow. They intend eventually to dominate all China but at present their most advantageous program would be to stop fighting until they had had an opportunity to consolidate the huge area—or part of it—already claimed to be under Japanese military control.

**Terrific Cost**

The terrific economic cost of the conquest of China makes such a course inadvisable. In addition, every victory won at the battlefield increases the need for more troops from Japan to hold the army's gains. Still more important in one way is the desirability of placating British and American commercial interests in the Yangtze valley for the time being. The lack of fighting in China with one hand and keeping the other ready to guard Japan's world position—particularly on the Soviet frontier—is growing more difficult daily.

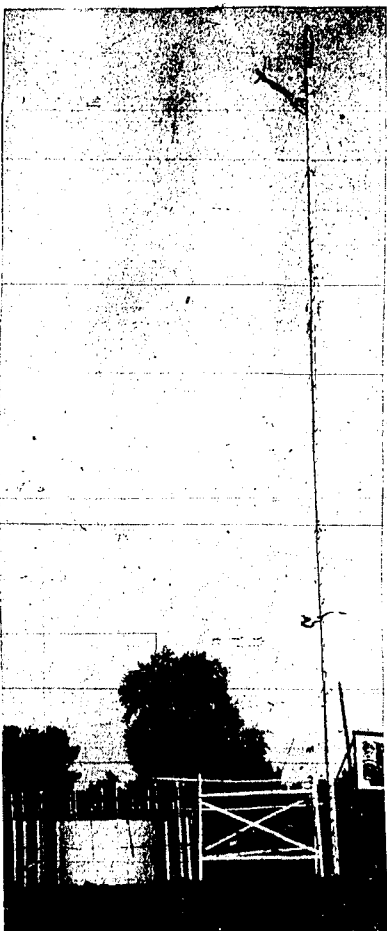

Thus the prospects for a conciliatory move by Japan, if Hankow falls, has increased. The trouble is that China apparently intends to go on fighting if she can. The nation now is more nearly united on a national basis than in many years. Time works for the Chinese, and so does the vastness of the interior country. Generalissimo Chiang Kai-shek would lose every hard-won advantage if he compromised with Japan and has declared he would never do so.

**Early Peace Remote**

In Spain, the prospects of early peace appear even more remote but many of the same factors are involved. Rebel Generalissimo Francisco Franco, dominating two-thirds of the nation, has recently battered so fiercely at loyalist resistance that it would appear that his backers, Italy and Germany—despite an early conclusion of the conflict.

Prospects for a quick rebel victory, however, are increasingly poor. Franco's army continues to edge closed and closer to Sagunto and Valencia but the insurgents have paid a terrific cost while reaching the most formidable defense lines. If Valencia falls, the loyalist military position will suffer severely if not catastrophic blow, but fighting might continue for many months.

### Woman Diver Shows Here

May Collier (shown above) will be one of the free attractions during the Mardi Gras which will be held at Harmon park July 18 to 22 as a part of the "Idaho on Parade" celebration, according to an announcement this afternoon by Herb Smith, chairman of the celebration entertainment committee. Miss Collier is said to be the only woman diving from this height, she leaps into a small tank from a height of 85 feet.

### SECOND BOATING PARTY REPORTED

LEE'S FERRY, Ariz., July 12 (AP)—A second expedition was reported on its way down the rapid-floated Colorado river today while another boating party prepared to resume its travels.

At Hite, Utah, 162 miles upstream from this outpost, three men—Dr. L. F. H. Lowe, Princeton university professor, Harold Hartshorn, Jr., Princeton student and Dave Bush, veteran river guide, were reported to have started in two small home made boats.

The men hiked to the remote river crossing, 50 miles from the nearest town and 100 miles from a telephone.

Meanwhile, the Nevills party, first of the river explorers, began loading three boats at Lee's Ferry for a plunge down the dangerous Grand Canyon to Lake-Mead at Boulder dam. The party arrived here Friday after a perilous 18-day journey from Green River, Utah.

Normal D. Nevills, leader of the group, went to Mexican Hat, Utah, to obtain more supplies and store biological specimens gathered during the trip.

The other members of the party, Dr. Elizabeth Glover, University of Michigan biologist; Louis Jetter, 25-year-old assistant to Miss Glover; and W. C. Gibson, San Francisco photographer, worked on the boats. Nevills said the trip would start today or Thursday, depending on the arrival of Del Reid of Mexican Hat, Miss Stockwell of Hutchinson, Kan., and possibly another man, all of whom will join the adventurers for the remainder of the trip.

The offer of funds was made at the regular city council meeting last night by Park Commissioner W. E. Taylor. Mrs. Syster had present during the meeting an offer of \$100 made by the city administration to aid her and her blind husband to vacate the premises.

### PARK RESIDENTS TURN DOWN \$100

With only four days left in which to move from city property at Shoshone falls park after issuance of such an order by the district court, Mrs. William O. Syster today had apparently refused an offer of \$100 made by the city administration to aid her and her blind husband to vacate the premises.

The offer of funds was made at the regular city council meeting last night by Park Commissioner W. E. Taylor. Mrs. Syster had present during the meeting an offer of \$100 made by the city administration to aid her and her blind husband to vacate the premises.

The offer of funds was made at the regular city council meeting last night by Park Commissioner W. E. Taylor. Mrs. Syster had present during the meeting an offer of \$100 made by the city administration to aid her and her blind husband to vacate the premises.

### CONTRACTS GIVEN ON SCHOOL WORK

(From Page One)

\$3.85 each. Although these were 15 cents higher per chair than the other opera seats offered, board members characterized the new seating as having best thing construction and smoothest action.

H. Albert Neal and company, Boardman, took contracts for 1,600 education baskets, plus the racks and trucks to mount them, at total price of \$1,200.10.

**Stage Drapes**

National Theater Supply company, Salt Lake City—Total job of providing drapes, curtains, cyclorama for the stages at both Bickel and Lincoln schools, \$324.50.

Opening of the bids on the building remodeling, furniture and draperies highlighted a prolonged session of the board last night. Other bids represented were:

**Building—Ernest White**, Twin Falls, basic bid \$11,020.70 and alternate \$11,240.70 if time penalty eliminated; Herb Poyner, Pocatello, builder of the new Lincoln, \$12,200 and \$11,950 if penalty removed. Bidding winning bid of \$11,016 made no distinction as to penalty.

**Draperies—The Curtain Shop**, Twin Falls, and J. K. Gill, Portland, Ore.

**Other Electric Bids**

Electrical—Seaton Electric company, Twin Falls, \$3,277 for \$4,427 with penalty clause of \$25 per day for exceeding completion limit; Vance Electric Service, Salt Lake City, \$3,700 plus distinction on time limit penalty; Kyle M. Wolfe, Twin Falls, \$3,375 (\$4,375 with penalty). The Idaho-Nevada's low bid of \$2,625 was qualified by the penalty clause. With the penalty clause, the bid was \$3,272, which was still the lowest.

Among the major improvements contemplated at the high school are a junior high building, as shown in the items included in the general contract, are:

Domestic science room, alteration to stage proscenium, sloping floor for auditorium, improvements for physical education—showers, dressing room, tiling floor, steel baskets for clothing, etc.—staged floor in music room, glassed doors and side-lights, changes to teachers' rest room and dean of girls' office, rooms 102 and 103; partitions in rooms 807 and 215; plaster repairs, all rooms.

In addition to that work, the regular summer renovation program is underway under direction of Supl. Davis and in charge of G. O. Taylor, superintendent of buildings.

## Public Forum

### MONEY, MATERIALISM AND OTHER MATTERS

Editor, Evening Times:

Well, Mr. Williams, now that you have brought "the cut out of the bag" by exposing me as an un-American-Coughlin-adherent, possibly you might try pulling a rabbit out of your hat and try giving an answer to the question asked you one Public Forum ago:

How do you stand on the President's decision to give us a dose of honest money, that is, money not raised by the misnamed "sale of bonds" for spurious Federal Reserve credit, but good honest U. S. currency to the tune of approximately five billions. And the beauty of this is—we won't have it piled onto us an interest-bearing debt. Some difference isn't it? Which do you prefer? For the sake of candor, let me say that my answer is the difference to the birth of the nation.

Very truly yours,

PATRICK FINN.

P. B.—You may still have the magazine referred to last week. Thank, July 11.

of credit is severely censured. Is this really nothing but crass materialism? Then Jesus Christ's miracle of the barley leaves and the fishes is materialism with a vengeance.

Very materialistic too, when He castigated the Pharisees, (I think they were the fellows for disposing of the "widows and orphans through their legal trickery. Then there was the matter of running the money changers, out of the temple and selling their money and tables all over. They need running out again and F.D.R. might do it yet—with a little pressure.

Believe me, Mr. Williams, I am just as sincere as you are but that you will have to get over the idea that one money is as good as another and better keep crawling, come what may, else you will be nothing but a belly thinker. Once before you differentiated very aptly on the difference of rubber stamps. "There are rubber stamps and rubber-stamps." His money too.

Very truly yours,

PATRICK FINN.

P. B.—You may still have the magazine referred to last week. Thank, July 11.
