

CROWLEY REFUSES COMMENT ON 5 CONDUCT CHARGES

BAR GROUP HITS FORMER STATE'S ASST. ATTORNEY

BOISE, Ida., July 22 (AP)—Archie L. Crowley, former assistant attorney-general, today refused comment on five charges brought by the state bar commission alleging unprofessional conduct.

Crowley said he had not been informed by the bar commission as to the action against him, did not know what further steps might be taken and said he had an "entirely clear conscience."

The allegations of unprofessional conduct brought by the commission at the conclusion of its annual conference at Coeur d'Alene last night, concerned Crowley's resignation after his resignation as assistant attorney-general.

May Go to Court

Should the matter go further than mere citation by the commission and if a complaint is issued, the case will be referred to the state supreme court.

The commission alleged that Crowley had:

1. Deprived a party in a law case of four promissory notes by "artificial and clandestine means."
2. Accused a county prosecutor of "knowingly offering perjured testimony."
3. Failed to secure annulment of a marriage on the claim his clients had not lived together, so moved the case to another county where he brought divorce proceedings on a charge of cruelty.
4. Improperly handled service papers in an automobile attachment suit.

Blocked Idaho Advertising

Made misstatement to certain officials relative to fees.

Crowley is the attorney who has been handling the court fight of a number of Canyon county farmers against the Idaho fruit and vegetable advertising act. The Canyon suit blocked nationwide advertising of Idaho farm products and is claimed by many farm leaders, including Joe McWhorter of Twin Falls, to have cost Idaho growers millions of dollars because of lower prices on Idaho goods in eastern markets.

CLARK STRESSES TOLL REMOVING

JEROME, July 21 (Special)—The question of removing the toll on the Jerome-Twin Falls rim bridge "has not only become one of state concern but has grown into an interstate problem," Gov. Barzilla Clark told more than 300 Jerome Grangers Thursday afternoon in urging that the bridge be made free.

Clark stressed the importance of Highway 83 to all of Idaho, and emphasized that removal of the toll is vital to a through traffic artery.

Interstate Problem

Explaining the interstate problem of the toll, he said: "Not only have towns in the state asked for the removal of the toll fee," he said, "but neighboring states have urged that the toll be taken off since it hampers commercial traffic and travel and is a detriment to the state's progress." Clark said that after the toll removal, it is the intention to advertise the bridge as a scenic attraction for tourists.

Prases, U. S. Aid

The governor gave credit to the federal spending program for Idaho's present financial record, citing the large increase in the number of income tax payers, the all-high amount of cash on hand in the state treasury, and the all-time low in the amount of the state indebtedness.

The endowment fund is being steadily built up and now includes more than \$100,000, he said.

Other important topics of interest which were discussed by the governor included the matters of extensive programs for burials and im-

Lead "Siege of Argonne" Troops

Three officers of Co. E. 16th Engineers, United States, national guard will lead troops participating in the "Siege of Argonne" which will be presented at Lincoln field in Twin Falls Saturday night as the climax of the "Idaho on Parade" celebration now in progress here. The officers are (left to right), Lt. William B. Mumpower, Capt. Joseph H. Seaver, Jr. and Lt. Ralph E. Leighton. Jr. Tickets for the fireworks spectacle are now on sale at celebration headquarters, 131 Second street east or from any "Miss Victory" contestant.

RETIRED FARMER CALLED BY DEATH

V. J. Stearns, 74, retired dairyman and resident of Twin Falls from 1911 to 1925, died Thursday in Santa Rosa, Calif. The body, accompanied by William Stearns, a son, will arrive Sunday at 10 a. m. and will be received by the Twin Falls mortuary.

Funeral services will be held at 2 p. m. Monday at the mortuary chapel, and interment will be in Twin Falls cemetery. He was a member of the Methodist Episcopal church.

Mr. Stearns, who was born Feb. 13, 1864, in Cleveland, Ohio, came to Twin Falls in 1911, and was engaged in dairying for a number of years. He left for Los Angeles in 1925, where he lived until 1927, moving to Santa Rosa.

His wife preceded him in death 18 years ago. He is survived by three sons, William and Winfield Stearns, both of Twin Falls, and Harry Stearns, Santa Rosa; and one sister, Mrs. Ella Sweet, Long Beach.

Improvement of our forests, light, irrigation and navigation, and fish and game preservation, now being carried on in the state. He gave an optimistic outlook for Idahoans in telling of the many improvements in roads, more parks, better schools, all of which are features of the growth and progress of the state.

Dvorzhak Talks

Henry W. Dvorzhak, Burley, was the next speaker of the afternoon and related many of the problems confronting European farmers today while Americans do not have and should feel grateful that they do not. Dvorzhak said that "agriculture is the backbone of our commonwealth and its Grangers can feel proud that they helped to contribute something to its upbuilding and security."

W. W. Dean, state Grange master, was the concluding speaker. He followed with a response to the glowing tribute paid by Dvorzhak to the Grangers. Dean pointed out the importance of conservation of soil fertility and stated that the U. S. had not properly preserved its riches. He said that this problem was the Grangers' problem and that they should feel the responsibility of conserving the soil for posterity. He named Idaho's natural asset, phosphate, as a great aid in soil preservation.

Cavanagh Has 'Grave Doubt' For Masters

(From Page One)

and I believed that in Mr. Masters' Twin Falls would have a good deal. "I participated actively in the fight to get a free bridge resulting in the execution of an agreement between the state of Idaho and the bridge company for its purchase. I am thoroughly familiar with each step leading up to the execution of this agreement and was present at the meeting held before the state board of examiners when the bid for the \$100,000 was before the board for approval.

Promised "Yes" Vote

"Prior to the meeting of this board, Mr. Masters, who was also thoroughly acquainted with the bridge transaction, had assured members of the Twin Falls delegation that he was bent on acquiescing with this agreement and would cast his vote for the approval of the claim. At this meeting of the board, notwithstanding his promise, Mr. Masters joined J. W. Taylor, attorney-general, in a resolution calling for a so-called "independent appraisal" and we were told that this would be available within a week or 10 days thereafter. Since this meeting, we have been unable to secure any information as to when this information would be produced, and by reason of the long delay I can reach no other conclusion than that the resolution calling for the so-called independent appraisal and its delay has been prompted by questionable motives. I know no other way to judge the future except by the past, and I believe it is safe to say that this community cannot expect a successful consummation of the bridge controversy prior to Aug. 9—primary day," Cavanagh said.

Fair Value

Cavanagh, who has had wide experience in bridge construction and valuation, expressed the opinion that the \$100,000 asked for the bridge is a "fair and equitable value."

William Duerer, Elmer, had previously withdrawn his support of Mr. Masters in his quest for the nomination as credit officer representative because of Masters' actions regarding the bridge situation.

MYSTERY

A giant oil painting of Shoshone falls in its early grandeur has hung in a California club for 40 years—and nobody seems to know how it got there.

That's the oddity revealed here today by Edwin B. Parker, president of the Sacramento C. of C. The picture hangs in the lobby of the Sutter club at Sacramento.

It's 12 feet by 12 feet," Pickett said, "and it's a beautiful sight. I've been looking at it myself for 30 years, but I'm not sure how and who painted it or how the club got it."

Pickett said the big painting might have come from the famous Sutter collection, but probably it didn't.

Bride-Elect Given "Shower" of Gifts

RUPERT, July 22—Miss Barbara Lipps, whose marriage to William Armstrong will take place August 21, was honor guest at breakfast and a miscellaneous shower Tuesday at the home of Mrs. Ann LaRue. The hostesses were Mrs. LaRue, Mrs. E. E. Fisher and Mrs. E. H. Finmore.

A shower of pink and white was carried out by the use of garden flowers in home decoration and sweet peas in crystal vases for tables where covers were laid for 28. Following breakfast and a session at contract bridge, in which prizes were won by Mrs. R. E. Taylor and Miss Clara Lipps, the bride-elect

was led to a seat under a huge open umbrella from which a "shower" of gifts was suspended on pink and white ribbon streamers.

DODGERS WIN EIGHT OF LAST TEN CONTESTS

Split with Chicago Gives Series To Daffiness Boys

By LESLIE AVERY
NEW YORK, July 22 (AP)—Don't say anything, because the Brooklyn Dodgers might realize they are playing the best ball in the National league today.
Down through the years the Dodgers have furnished the comic relief for the major leagues. The fact that Brooklyn has stood for their zanies so long lends substantiation to the statement that it is the best baseball city in America.
There is an old saying that "once a Dodger, always a Dodger." The manager, Branch Rickey, took over Brooklyn management at the start of the 1937 season. He said "Nuts. I was a Dodger once. I was hooked me up with all that nonsense. The daffiness boys are dead. Acrobatics, clowning, playing and losing are strictly out."
Win 8 Out of 10
Rickey's men have won eight out of their last 10 games—against first division clubs. They were twice knocked by the New York Giants out of the league lead. This victory pulled them into a tie with the veteran Los Angeles Dodgers. Cincinnati was knocked out of third place when the Dodgers won three straight from them. And, against the Chicago Cubs Brooklyn won two out of three to climb ahead of Boston in the fifth place.
The one they lost to the Cubs was a 5-2 decision in the first game of a doubleheader yesterday. They were held to five hits by Clay Bryant, but came back to score a 1-0 shut out behind the two-hit pitching of the veteran Luke Hamblin. Don Camillo's home run in the second inning was the only tally of that game.
Pirates Nose Out Phils
The Pirates needed the Philadelphia Phillies 5-4 to hold their 1 1/2 game lead over the Giants. Leo Hamley's triple that cleared the loaded bases in the ninth was the winning punch. The Giants kept pace by beating St. Louis 5-2 behind the five-hit hurling of Carl Hubbell. Cincinnati-Boston were not scheduled.

In the American league only one game was played, Washington edging Detroit 4-3. Relief pitcher Emil Stover pitched a two bagger and scored the winning run on Case's single in the ninth. Detroit's hurling catcher, Rudy York, was hit on the side of the head by a pitched ball and will be out of the game several days, although preliminary examinations disclosed no fractures. X-ray pictures were taken last night and will be studied further today.

Burley Girls Annex Win Here, 12-10

Before some 250 fans, Burley's hard-hitting girls softball team edged out a victory over the Twin Falls organization on the Jaycee park field last night by a score of 12-10. The game was part of the Twin Falls American League's "Idaho On-Parade" celebration.
After the Twin Falls team had gained a three-run lead in the first frame, the visitors came back to knot, the count in the third and to go ahead in the fifth with five counters and then coast to a win after putting down a rally in the last frame that saw three Twin Falls runs score the plate.
The Burley team collected 10 errors besides five by the Twin Falls club and made only three errors compared with five by the home club. Betty Bringer of the Twin Falls club was the only player on either side to collect more than one hit—making two catches in four trips to the plate.

Three teams were tied for second place in the Twin Falls Softball association following games last night. Idaho Power won the closest game of the season in the nightcap from the Texas crew by a score of 4-0 in an extra inning, and Wiley Drugg won a forfeit from Vogel's. The druggmen then won a 9-8 exhibition contest over a Vogel outfit bolstered by two Utah Chief performers and one Texas player.
Max Cretz and Er. Toht, West-Idaho looked up in one of the best pitching duels ever to be staged here in the Texas-Power encounter. Cretz, who has been the team's star pitcher, stung a scoreless battle for seven innings. During that time Cretz allowed three safe hits and threw four wild pitches. The doctor weakened in the eighth frame and after two were out Price singled, Davison singled and then Beck doubled, giving the Texas club went down in order in its half to end the game. The Texas crew made three errors. Idaho Power two.

All games scheduled for tonight had been postponed, according to Fred Stone, league president, who said the field is being used by the American League in preparation for its big show on Saturday night. Postponed games will be played when managers of the clubs get together on a time.

Courage Needed by New Cub Pilot, Says Mac

By HENRY McLEMORE
NEW YORK, July 22 (AP)—The man's name is Leo Hartnett and he's aptly named, because Leo means lion, and he has shown the courage of one in taking over the Chicago Cubs.
"Only a very stout fellow (and I do not refer to his waist, here) could have handled the task of 'hopping the team' from what I like to call 'the windy city.'"
When a man says he will inspire a bunch of ball players he has cut out for himself a piece of inspiring as tough as the one George Washington had that winter in Valley Forge when the Continentals were more interested in keeping their feet warm than shooting a red-coat.
What I mean to say is that it is no light task to kindle the flame in a professional baseball hand. It's a man's job and no task for a Boy Scout. And, if he is on a top club the only way to remain there is by the same process.
If there is any man in the business with the power to "hop up" the Cubs it is Leo the gabby one. He's a natural born stoker of flagging spirits. He would have to be in charge of that mammoth boiler of his at white heat so long. He's been in baseball for two decades and not for so much as a day, has he allowed himself to cool off. He's a hustler, a scrapper, a blower, a fighter, and believes there is but one place where defeat should find a man—at the guns, firing away.

Goodnight, Folsom Hold Payette Posts

Bob Goodnight and young Bill Folsom, two of Twin Falls' star aquatic performers, today were going about their chores in new jobs—Payette lakes.
The two top high school athletes have been hired as special instructors by the Boise Y. M. C. A. at the annual camp opening on the Payette lakes—a job they will begin on Aug. 14.
Folsom is special instructor in charge of swimming, boating and not for so much as a day, has he allowed himself to cool off. He's a hustler, a scrapper, a blower, a fighter, and believes there is but one place where defeat should find a man—at the guns, firing away.

Sagehens Costly To Huntsman

Sagehens—which aren't supposed to be shot in southern Idaho these days—cost Dick Dilly exactly \$25 in fine and \$15 costs... plus his gun.
Dilly pleaded guilty to shooting sagehens out of season, and the penalties were imposed by Probate Judge Guy L. Kinney yesterday afternoon. Dilly paid the sums assessed and was released minus his gun, which was confiscated. Grover C. Davis, district deputy game warden, signed the complaint, which said that Dilly shot the birds on the north fork of Salmon Falls creek.

4 Girls Set To Play Semi-Finals

All four semi-finalists in the women's city tennis tournament had been selected today, and net duels tonight and Saturday evening will decide the two girls who will battle for the 1938 crown on Sunday.
Margaret Wiley rounded out the bracket of four by winning over Florence Patton last night, 6-1, 6-3, at the Twin Falls Tennis club court. Miss Patton rallied after dropping the first set, and staged a strong comeback in the second half of the match. Mrs. Wiley, however, weathered the spurt and pulled ahead to victory by steady placements.
First of the two semi-finals encounter is booked for 8 p. m. tonight when Margaret Bacon, who slams 'em with plenty of power, will oppose Mrs. Lisa Molony, smooth-stroking stylist. The winner moves to a the championship round on Sunday.
The other semi-final is arranged for 8 p. m. Saturday between Mrs. Wiley and Aris Stretfus. Miss Stretfus, who had the toughest drawing in the tournament by reason of playing one more match than the other semi-finalists, stepped upward yesterday by winning over Barbara Sutcliffe, 6-0, 6-2.

Hartnett Takes Cub Post Without Any Contract

By GEORGE KIRKSEY
CHICAGO, July 22 (UP)—Gabby Hartnett, the red-faced, roistering catcher who took over from Griggs' post in baseball on the whipping Chicago Cubs back into a pennant three-to-day didn't even have a manager's contract when he took the job.

P. K. Wrigley, owner of the \$5,000,000 Cub baseball organization, asked Hartnett, "Can you take the job as manager of the Cubs?"

Hartnett said, "I can." "Will you do it?" asked Wrigley. "I will," Hartnett answered.

That makes a contract, as Wrigley was concerned and only the demands of baseball law that there must be a contract on file in Commissioner K. M. Landis' office will cause Wrigley to draw up a legal document.

"I don't want any contract but I wouldn't ask any of my players to sign contracts," Wrigley said. "I don't want any dissatisfied employees on my ball club and if things aren't mutually beneficial to everyone, I succeeded a contract isn't going to make them right."

That is only one of the ramifications of the hiring of Hartnett, successor to Charles J. Grimm, who today was on his Missouri farm after 5 1/2 years as Cub boss.

See Pennant Threat
Wrigley, who is different from every other magnate in baseball in that he refuses to follow the beaten path, believes Hartnett will cure the immediate ills of the Cubs.

"My guess is Hartnett will whip the Cubs in line, give them inspiration and maybe lead them to the pennant," Wrigley said.

THIS CURIOUS WORLD By William Ferguson

THE STAG, OR RED DEER, OF EUROPE IS KNOWN BY DIFFERENT NAMES DURING THE VARIOUS YEARS OF HIS GROWTH. FROM THE FIRST YEAR, UNTIL HE REACHES FULL MATURITY, HE IS KNOWN UNDER THE SUCCESSIVE TITLES OF: **KNOBBIER, ROCKET, SPAYAT, STAGGARD, AND ROYAL HART.**

Each year the male red deer grows a new set of antlers, and each succeeding set is more complete than its predecessor. The young "knobber," as his name indicates, has only a pair of knobs, but as a royal hart, he may have a magnificent three-foot spread of antlers weighing 70 pounds, decorated with a dozen or more points.
