# HANK GREENBERG SETS FAST HOME RUN PACE

## Detroit's Slugger Hits Nos. 34, 35; Yanks Hold Lead

CHICAGO, July 30 (AP)—Hank Greenberg, the Detroit Tiger's first baseman, today appeared to be definitely on the trail of Babe Ruth's home run record. With 35 homers to his credit, Greenberg was ahead of Ruth's 1927 pace in which he hit 60 homers.

Hank hit two homers, Nos. 34 and 35, as Detroit triumphed over the Athletics, 9-2, yesterday. The first came with the bases empty, the second with two men on. If he keeps up his pace for the rest of the season, he will shatter what many critics have said was baseball's hardest record to break.

The New York Yankees held on to its one game lead over the Cleveland Indians by knocking out the Reds, 4-1, today. The Yankees put on a two-run rally in the ninth to break a 2-2 deadlock.

Allan Leeds Indians Johnny Allen led Cleveland to a victory over the Athletics, 10-1, today. He topped it off with a homer and a double. It was his 13th victory this season.

# IL DUCE THREATENS CLASH WITH POPE ON RACIAL PROGRAM

## MUSSOLINI GIVES FASCISM SIGNAL FOR 'GO AHEAD'

By JOE ALEX MORRIS  
United Press Staff Correspondent

Premier Benito Mussolini threatened a new clash with the Catholic Church today when for the first time he gave Fascism an official signal to "go ahead" with an Italian racial program.

"No 'Mussolini Dittio'—the Fascist motto—were the words chosen by the premier in a speech to young Fascists to declare that "we intend to go straight ahead."

Mussolini's brief statement intensified prospects of a new and serious controversy between Italy and the Vatican. Only yesterday Pope Pius warned Fascism against striking at any church group, particularly the lay organization, Catholic Action; deplored excessive nationalism and asked why Italy "with its unparallelled Italy felt the necessity of copying Germany."

"Simply Absurd!"

The charge of aping Nazism's campaign of discrimination against Jews appeared to have stung the Italian premier, who asserted that "to say Fascism has imitated someone or something is simply absurd."

Fascism's new racial program has come into being within the last month on the basis of a report by a group of professors, that the Italian people are of "Aryan" origin and that Jews do not belong to the Italian race. There had been no question that the program was official but Mussolini had not previously blessed it in public.

Objectives Obscure

The exact objectives of the Fascist program have been obscure. One explanation was that it would lead the attention of the people at a time when Mussolini has considered it wise to refrain from sword-rattling on the international stage.

Chief danger of a clash with the Catholic church lies in an old controversy over the Catholic Action party. For years, some of the most prominent Fascist leaders have been seeking a means of reaching the Catholic Action which is the only organized group in Italy not created by Fascism. The Pope, however, has vigorously defended Catholic Action, and Mussolini can afford to go only so far in conflict with the Vatican.

## TEST PLOT OF NEW WHEAT IS CUT HERE; MAY OUST OTHERS

Farmers of Idaho, and especially those residing in this section, will soon know whether or not a new type of wheat will supplant the Dicklow and Federation brands which are now used extensively in this section.

The test plot of the new wheat, a cross between the two popular brands, was cut this week on the farm of Carl D. Irwin, located three and one-half miles from the Washington school on Addison avenue.

The test area was planted by heads of the Aberdeen experiment station and includes a little over two acres of ground. A similar plot is being watched with interest at Aberdeen while still another is found at Gooding. But it is the plot on Irwin's farm which is attracting attention locally.

The new-wheat, Irwin explained to an Evening Times reporter, apparently has the Dicklow head and the Federation stalk. In about 10 days the experimental plot, cut this week, will be harvested and sacked. Tests will then be made with the wheat.

Irwin explained that Federation wheat has a shorter stalk and less foliage, is earlier maturing and more popular with farmers for a nurse crop. Dicklow has a better milling quality in that it produces a white flour much in demand for southern biscuit trade.

Combines the Best

If the new wheat proves successful, Irwin predicts out it will combine the best features of the two wheats and thus would please both the miller and the farmer.

Estimates on the yield of the slightly more than two acres on the Irwin place run from 50 to 60 bushels to the acre, but this, of course, will not be known until later.

The new type wheat as yet has not been named.

## \$10,000,000 in Movie Talent Plays in Hollywood Ball Game

By JACK GUENTHER  
HOLLYWOOD, July 29 (UP)—The tourists turned out today to watch \$10,000,000 worth of Hollywood's prominent citizens play what is advertised as the "world's greatest baseball game."

The contest, which usually is called a draw after four innings and as many hours, for the third year pits the studio's leading men against the comedians. As usual, both will be armed with an assortment of rubber bats, explosive balls, and numerous six-shooters.

The leading men will be led by their star athlete, Dick Powell, and Coach George Raft. The Comedians are captained by Joe E. Brown. Brown's stooge is Jack Benny, who said he would insist on playing second with his clear in his mouth and his fiddle tucked under his arm.

The leading men go into the game under a handicap, despite the presence of the "Dead End" kids—all of them—at second base. The "kids" will be equipped with waste baskets. The leading men have too many

## ALLIANCE ISSUES PROBE BULLETIN

Mimeographed bulletin giving partial results of findings of a Workers Alliance investigating committee was being distributed on the streets today by Alliance committeemen.

The circular says that the Alliance was "disappointed" when county government "irregularities" claimed by the Pomona Grange "were not made public and the investigation never materialized."

First bulletin concerning the Alliance's own inquiry questions tax exemptions on property described in the circular.

Authors of the circular promised early publishing of what they term as other "irregularities."

Charles Farrell, infield; and Keye Luke, catcher.

In all there are about 200 replacements for each team, and most of them will be used—either alternately or all at once.

## Throng Hisses, Boos Heckler at Meeting

BOISE, Ida., July 30 (UP)—A WPA worker was hissed, booed and told to "shut up and go home" here last night when he asked J. Leo Hood, former WPA state administrator speaking at a political rally, a question about alleged irregularities within the organization's ranks.

Hood, a candidate for the Democratic nomination as congressman from the second district, had finished addressing a rally of WPA employees and county workmen when he sat down, a man arose from the audience—seated in a grandstand at the state fair grounds—and said, "Hood answer a question?"

"Hood Ready"

Hood arose, took a microphone and said he was ready.

The man then asked Hood what he knew about a case where a WPA employee had reported the "ill handling" of some supplies to the central office and as a result "had his pay cut from \$63 to \$44 per month."

Hood said he knew nothing about it and told the man to send his information to the department's investigation bureau in Salt Lake City.

The man persisted and the audience boomed lustily. "Sit down, shut up or go home," a leather-junged worker roared. "We know who you are."

"Free Country"

The questioner replied, "this is a free country."

Reminders of his retort was lost in a resounding chorus of jeers.

Then, as the master of ceremonies began to introduce the next speaker, the man to speak, the questioner arose once more.

"I went direct to Mr. Hood's office and," he said, "men and women crowded around him, shook fists at him and drowned out his words by yelling. He stood and argued with them but finally gave up and relaxed glumly into his seat."

Speakers chosen

Speakers at the rally were W. P. Whitaker of Pocatello, Democratic candidate for the gubernatorial nomination; Hood, and Sen. James P. Pope who seeks reelection as Democratic senator.

Although classified as a rally to which all candidates were invited, Whitaker, Hood and Pope were the only ones favored with an invitation to speak.
