RUSSIAN PLANES OVER KOBE

Sugar Officials From Five States At Meeting Here

Sugar beet officials from five western states this morning heard government experts discuss development of the new curly top resistant beet seed and outline plans for its future use during initial sessions of a conference at which members of the resistant breeding committee were present.

NAMES IN TODAY'S NEWS

Attending Conference Senator William H. Smathers of New Jersey became the first senator to recommend this term for President Roosevelt today, declaring "there is no one big enough and strong enough to carry on for him should he step aside."

Joan Crawford and Franchot Tone, who recently announced their separation, dined together at a Hollywood night club, starting talk of reconciliation.

Howard Hughes said today he expected his globe-trotting mark of 91 hours to be bettered in the near future ... Shirley Temple, who is recovering from an attack of grippe in Boston, probably will be able to leave her hotel tomorrow.

Three French cabinet members decided today to emulate Premier Mussolini's recent demonstration of the fitness of Italian cabinet members.

New Strains Disclosed Certain new strains of the seed, soon to be released, were also disclosed.

After the business session this morning the group visited the exhibit "China Fieldhens" where experimental plois have been planted. Here the officials made a study of early top reactions of the certain new strains which are soon to be released.

NO CLUES FOUND TO MISSING SHIP

MANILA, P. I., Aug. 2 (UP)—Military officials said today that United States bombing planes would continue to search for the missing Hawaii clipper, which vanished early last Friday between Guam and Manila with 16 persons aboard, after the hunt by sea had been halted.

Afterward, from Camp Nicholas and Camp Clark will continue to fly over the area in which the clipper was last reported as long as Pan American Airlines consider it "advisable," the officials said.

Fourteen cesses and seven airplanes closed the fourth day of searching feverishly, but prepared to resume their combing of the south Pacific area at dawn. Meanwhile the airline studied samples of oil found by the PFI at army transport Melas near the last known position of the big flying boat. The samples contained intriguing oil and the airline hoped to determine by tests whether the oil and gas were types used by the clipper.

ATTORNEY SEEKS NEW EVIDENCE IN HARLAN'S TRIAL

LONDON, Ky., Aug. 2 (UP)—Helen McMahon, chief government prosecutor in the Harlan coal conspiracy trial, said today he would ask J. Edgar Hoover, head of the federal bureau of investigation, to send more G-men into "blatant Harlan" county immediately to gather additional evidence for a retrial.

The original trial, which covered 11 weeks of testimony, ended in a mistrial yesterday when a federal court jury that had deliberated scarcely 10 hours was dismissed at 11 o'clock.

Change of Minds John Hibbard, 59, oldest member of the jury, said his colleagues had been divided 11 to one for conviction of all defendants until less than two weeks ago.

"Four of the jurors suddenly changed their minds," he said, "and took a stand for acquittal."

Talk Over Case Hibbard said all of the jurors had spent most of their life hours in talking over the case, despite strict orders from the federal judge that the jurors should not discuss it until testimony and arguments had been completed.

The mistrial ended temporarily the government's first attempt to enforce the national labor relations act by criminal prosecution. The act, passed in 1932, directed the companies, 18 company officials and 21 former Harlan county deputy sheriffs, were accused of having conspired to prevent unionization of miners by intimidation and coercion in violation of an 1875 statute.

GOV. BROWNING

PRENTICE COOPER

Both seek nomination on the Democratic ticket for governorship of Tennessee as Browning defies the powerful Crump political machine in Memphis.

Oddities

WILD LOS ANGELES, Aug. 2 (UP)—The city may hire a rifleman on horseback to hunt down a pack of 30 wild dogs living in caves of the Palms Verde hills on the western outskirts. The fast-growing pack has killed so many dairy cows that the city council is considering appropriation of \$50 to hire an experienced coyote hunter.

RIDE SAN FRANCISCO, Aug. 2 (UP)—Directors of the 1938 Golden Gate International Exposition will conclude today over the proposal of an unidentified Hamden, Conn., inventor who suggested that the towers of the Golden Gate suspension bridge in San Francisco be used for roller coaster rides for fair visitors.

It was estimated that on the bay bridge, stretching between San Francisco and Oakland, coaster cars would attain a speed of 220 m.p.h. on the high bridge, where drops are from 750 to 1,000 feet, the coaster would reach a speed of 220 m.p.h. on such a ride.

Reed Leads in Kansas Primary TOPICKA, Kan., Aug. 2 (UP)—Clyde M. Reed, former governor of Kansas, today gained an initial lead in the contest for the nomination for U. S. senator in the first unofficial and incomplete reports from the Kansas primary.

The first two counties to report gave Reed an almost two to one ratio over the Rev. Gerald H. Winford, whose campaign is being led by a Republican organization because of his alleged racial and religious intolerance.

TENNESSEE HEAD SEES PLANS FOR ELECTION 'STEAL'

MEMPHIS, Tenn., Aug. 2 (UP)—Federal Judge John D. Martin today ordered that the U. S. marshal shall "use force, if necessary," to prevent national guardsmen entering Shelby county before or during next Tuesday's primary election.

Gov. Gordon Browning, charging that the Eli Crump machine here planned to steal the election, said he "might or might not" decide to have troops come in and take over the polls. "But a federal injunction will not stop me if I decide to do so."

Has Jurisdiction Judge Martin enjoined the use of military on petition of Crump's followers. A nomination to the U. S. senate is at stake and hence, Martin ruled, the federal government has jurisdiction to bring on Browning. Browning came here late yesterday in a sound truck that once belonged to Huey Long in Louisiana, and in a speech to the crowd, he said: "The idea that a federal judge can interfere with my right to go to the polls is absurd."

Crump's machine is the dominating force of Shelby county. When Crump supported Browning for governor four years ago, 50,000 of the 61,000 Shelby votes went to Browning. Now Crump is supporting Prentice Cooper for the Democratic nomination for governor and Browning is up for renomination.

SON OF PIONEERS TAKEN BY DEATH Roy Ambrose ("Gammy") Evans, 20, student last year at the University of Idaho, and student body president during his senior year in Twin Falls, died today at 2:55 a. m. today at the Twin Falls county general hospital.

Stricken in Mountains He became ill while engaged in forestry work in the Sawtooth mountains and was brought home last Friday. When his condition became serious, he was taken last Sunday afternoon to the county general hospital.

WAR THREATS VOICED AS RUSSIAN WORKERS DEMONSTRATE

MOSCOW REPORT SAYS SOVIETS IN OWN TERRITORY

MOSCOW, Aug. 2 (AP)—Warlike threats were voiced today at a new session by Russian workers, protesting the new Japanese-Soviet treaty, and Japanese-Manchurian forces within frontier.

Workers gathered in the meeting halls of various factories to express their disapproval of the new treaty. The demonstrators expressed their disapproval by shouting "Down with the treaty!" and "Down with the Japanese-Manchurian troops!"

The official attitude, however, was described as "calm and collected."

The Russian News Agency distributed a communique which said that Russian troops had stormed and recaptured a hill from which they had been driven by superior Japanese forces along the Siberia-Manchuria korea-Korea border.

Frontier guards at Karata adopted this resolution:

"The Red army will give such a lesson to the Japanese bandits, who have gone so far, that they will not be able to come to their senses for a long time. We always are in a state of mobilization and will carry out any order of our government and destroy the enemy."

Workers in the Red Triangle factory at Leninsk expressed their disapproval by shouting "Down with the treaty!" and "Down with the Japanese-Manchurian troops!"

"We have no doubt that our glorious frontier guards will be able to render crushing resistance to the Japanese mobilization which is so far and so close, and will throw them off sacred Soviet land."

"Let all big or small Fascist birds, who are trying to exploit the Soviet Union, at the first summons of the party, the government and the great Stalin war slogan, take to one man for their free motherland!"

Recapture Hill

The Russian news agency reported that Russian troops had recaptured a hill near Changkeng from which they had been driven, asserted that, in the engagement, the Japanese suffered 400 casualties, killed 300 wounded and 13 killed and 55 wounded on the Russian side. Further, it was asserted, the Russians captured 50 machine guns, 14 machine pistols, 50 rifles, and a supply of cartridges.

It was admitted that one Russian aviator had descended by parachute and was apparently wrecked—and it was assumed that he had been made prisoner by the Japanese.

RUSSIAN PLANES FLY OVER KOREA

(From Page One)

session to study reports from the front and counter action.

Foreign observers regarded the situation as one of great gravity. They expressed the opinion that it might be possible to localize the frontier fighting. The alternative to localization would be formal war.

Dispatches from the frontier were scarce. But they indicated that not only airplanes but Japanese and Russian tanks—which meant infantry as well—were in action.

More Than 70 Russian Dead

A Dornel News agency dispatch from headquarters of the Japanese army in Korea stated that a force of 20 additional Russian soldiers had been picked up in the Changkeng district after week-end clashes, and that the total of Russian dead in these fights now was more than 70.

The plainest symptoms of crisis was the change of atmosphere here. There was no more talk of use of force. Instead it was emphasized that all Japanese leaders would remain calm and that any aggravation of the frontier situation would be on Russia's responsibility. Several Japanese spokesmen seemed to indicate plainly that now the question really was one of peace or war.

Light all over Pukukko prefecture in southwestern Japan went out at 11 o'clock last night under a new emergency light control plan—because of the possibility of foreign airplane raiders. It was expected that the control, which is operative until further notice, would be extended.

"Non-Aggravation" Policy

The government adopted its ominous "non-aggravation" policy—the policy which was adopted July 2.

"This meant that for the duration of the emergency every Japanese soldier was considered carefully an effort to localize the fighting on the frontier."

TOWN HALL CLUB MAPS DRIVE END

Plans looking toward early completion of the Twin Falls town hall program were mapped today at a complimentary breakfast at 8 a. m. in the Park Hotel.

Seven speakers will appear on the Town Hall program, it was decided, although the full number of noted persons on the list will not be complete until the day of the local organization's membership has been determined. The membership size governs the "outing" program. Secretary D. Butler will be first speaker.

Cedequal Presides

President of the Cedequal of the Chamber of Commerce, head of the Town Hall group, presided at the conference following the breakfast.

Points emphasized at the gathering included:

1. The Town Hall club will have a limited membership and when the list is closed it will not again be open to new members until next year.

2. Invitations should be accepted promptly. This can be done by mailing the acceptance card enclosing a positive photograph and a card and brochure may be had on request. Members are privileged to suggest names of friends who should be invited.

3. Speakers are selected by a local committee from among all those available in this section of the program and their names are announced as soon as contracted for. That will be far in advance of the time of their appearance, and will avoid conflicts with other activities of general community interest.

These Attended

At today's meeting were Mrs. William Baker, Mrs. Marie Ackerman, Mrs. and Mrs. Marshall Chapman, Mrs. Vivian Anderson, Rev. and Mrs. J. D. C. Jones, Mrs. L. G. Dunn, Mr. and Mrs. J. B. Jolly, Mr. and Mrs. J. S. Kimes, C. C. Kingway, Dr. and Mrs. L. J. Swenker, Mr. and Mrs. Edgar Moore, Mr. Miller, Mrs. Roy Painter, Mrs. Lora Roberts, R. P. Robin, Mrs. Cora E. Stevens, Mrs. Doris Stradley and Mr. Cedequal.

There, with other organization members, will accept memberships, give information on program, and in other ways assist in bringing the organization work to a speedy close, Mr. Cedequal said.

CHECK

Twin Falls Elks club got a check for \$50 today.

The check was second place award won by the club's float in the state Elks convention parade at Idaho Falls last week, when the Twin Falls entry was noted out by West Yellowstone, Mont., and by Jerome, Idaho. The Yellowstone float was prepared and entered by a group of Idaho Falls Elks.

Miss Lauder Hoteliers

Miss Lauder Hoteliers rode the Twin Falls float, which had been considerably improved since it appeared in the Idaho on Parade match here, Secretary Herman F. Delis said. Miss Feitner was the local judge's bathing beauty winner.

Back from Coast

Kyle Blainville, son of Mr. and Mrs. V. C. Blainville, has returned from a vacation visit in Monterey and San Francisco.

LICENSE INCOME NEAR '37 TOTAL

Motor license fees collected in Twin Falls county for the first half of the month of 1938 were the heaviest of the year, it was revealed today in the July report issued by J. D. Barnhart, county accessor.

Seven-month receipts for this year were \$170,033.49, Mr. Barnhart said. For the same period in 1937 the total was \$172,325.00.

Month's Receipts

License income for July was \$4,103.85 as compared with \$4,837.23 in July of 1937, the report shows.

In total passenger cars, the 1938 figure to date is slightly more than 300 behind last year. The 1938 account is 8,328 machines and the 1937 figure was 8,697 for the initial seven months.

Trucks and commercial

Trucks were the two classifications showing increases last month over the same period a year ago. The various brackets: pleasure cars 171 in July of 1938 and 204 last year; trucks 23 and 25; farm trucks 30 and 20; commercial trucks 15 and 12; motorcycles 2 and 7; commercial trailers 2 and 3; trailers 89 and 110.

Trailer Cars: More Cash

In the six-month (January through June) report submitted to Mr. Barnhart today by the department of law enforcement, the figures show that fewer passenger cars were licensed in the first half of 1938 but that the total fees for these cars were more than in the same period of 1937. Cars numbered 65,880 in 1938 with \$1,422,964.53 receipts; for the first six months of 1937 these were 67,330 and \$1,478,637.77.

Although that would tend to indicate that Idahoans as a whole are driving more year cars (since cars three years old or more receive a reduction), Mr. Barnhart said that it is partly explained by the fact that a great many Idahoans purchased new machines during the last half of 1937, and the full license income from that source is reflected on the first six months of this year.

PAINTERS ASKED TO FORM UNION

Formation of a local union of painters and decorators, which in the last few years has been tried unsuccessfully, will again come up for consideration at a special meeting set for union hall, 3141; Second avenue east, it was announced this afternoon by H. Fiedelmeier, organizer for the American Federation of Labor.

Fiedelmeier, who said the meeting would be held at 7:30 p. m., urged all workers engaged on the two trades to be present.

Girl Cries as Flames Burn Toy's Handle

Little Viienne Stevens, 5, daughter of Mr. and Mrs. Lauder Stevens, didn't seem to be at all interested in what happened to her home but cried heartily when she discovered that a fire at the Stevens home this morning had burned up the handle on her pop gun.

The fire, evidently caused by small children playing with matches, did little damage to the Stevens home at 130 Sidney street, according to local firemen who answered the call this morning.

But when one of the firemen pulled the pop gun from the blaze, little Viienne burst into tears. "Now I can't shoot it anymore," she said between sobs.

She smiled again, however, when neighbors assured her that her father, a local transport pilot who was absent at the time of the fire, would buy a new one.

Varied Program Leads Interest To DAV Outing

Marked by sincere hospitality, patriotic significance, the picnic Sunday at the home of Mr. and Mrs. Jack Davidson, Burley, was a memorable occasion for members of Stradley chapter No. 4, Disabled American Veterans of the World war, the Auxiliaries and their families.

The local delegation met at the home of Mr. and Mrs. William Wolters and formed a motorcade to Burley. The host and Mrs. Davidson met the group at the gate and ushered them in to the spacious garden where garden lounges and rustic furniture shaded by huge beech umbrellas, were grouped on the lawn for the comfort of the guests.

Basket luncheon was served at 1:30 o'clock, and huge containers of iced tea, fruit- and soda pop were available to the guests. Later in the afternoon ice cream and cake were served.

Flag Ceremonial
The large American flag, which had floated above the garden throughout the day, was lowered at sunset, while the guests stood at attention. At 9 o'clock the group faced east in silent tribute to departed comrades, while a Burley Boy Scout sounded taps.

Late in the evening by the light of the outdoor fireplace, an old-fashioned wicker roast and hamburger fry was enjoyed, followed by a short program, Comrade W. C. Stone, a reading; Mrs. Jack Yetter, Buhl, two readings; and Jack Davidson, a reading.

Listing of Guests
Attending the gala occasion from Twin Falls were Mr. and Mrs. Paul Blaine, Mrs. Doris Stradley, Mrs. Elaine Van Ausden and son, David; Mr. and Mrs. E. Rayburn, Mr. and Mrs. F. M. Knight and daughters, Mr. and Mrs. William Wolter, Mr. and Mrs. Jack Graybill and sons, Mr. and Mrs. W. A. Stone.

Others present were Mrs. Evelyn Montague, Albama, Calif.; Howard Van Ausden, Portland, Mr. and Mrs. Roy Pile, Mr. and Mrs. Frank Keggio and the host and hostess, all of Burley.

ILLINOIS GUESTS SHARE PARTY HONORS
Friends from Twin Falls and vicinity recently arranged a surprise party for Mrs. E. M. Suter and Mrs. H. L. Suter, Jerome. The occasion was also in honor of Mr. Suter's mother, Mrs. Suter and Mrs. Wood, Peoria, Ill., who are visiting at the Suter home.

Guests present were Mr. and Mrs. John Harney, Mr. and Mrs. F. Zilkay, D. Patterson, Mr. and Mrs. Joe Patterson, Miss Lew, Mrs. Virginia Benson, Miss Eleanor Niel Parks and Charles Patterson.

A basket dinner, provided by the local group, was served.

VISITS CLASSMATES IN SEVENTH
Miss Peggy Cavanaugh, daughter of Mr. and Mrs. Dan J. Cavanaugh, is spending the week in Utah visiting classmates at Mary's of the Wasatch. She is being-entertained by friends in Salt Lake City and other Utah cities.

ENTERTAINMENT FOR MISS MALMSTEN
Entertainment for Miss Malmsten during her visit here will include a trip to Sun Valley for attendance at the rodeo, which will attract visitors from all over the United States.

HAIR STYLING CHAIR LINKED BY ADDRESS
Mrs. Margarte Wiley, guest speaker, discussed "Charm" at the Four's club's educational meeting of the month last evening at the Y. W. O. A. club rooms.

Brief business sessions was conducted, and Miss Lillian Johnson and Miss Ann Jo Johnson served refreshments during the social hour.

Other members present were Miss Dorothy Hopkins, Miss Charlotte Henthorn, Miss Marie Bush, Miss Evelyn Guest, Mrs. Margaret Jones and Miss Willida Small.

HUSBANDS HONORED AT BIRTHDAY PARTY
Wayne Wely was the inspiration for an attractively planned birthday party last week-end, presided over by his wife at their home, 200 fifth avenue north. The affair was a surprise to the honoree.

Mrs. Albert Peltzer, 260 fourth avenue east, served the refreshments, which were served at the long table, dived over by his wife at their home, 200 fifth avenue north. The affair was a surprise to the honoree.

PHYTHAN MEET TO ENTERTAIN HUSBANDS
All members of the Pythian Sisters League and their husbands will be guests at the Pythian Sisters social club at a delightful garden supper Thursday evening, at the home of Mrs. Albert Peltzer, 260 fourth avenue east.

Cards will follow the picnic supper, which will be served at 6:30 o'clock. Mrs. Anna Wynant, president, is general chairman of arrangements. Those attending are requested to bring table service and bread and butter sandwiches. Those not solicited are asked to bring covered dishes.

To Los Angeles
Mrs. Belle Hite, Mrs. Vera Lorah and Harold Massey are leaving this evening for Los Angeles.

Flower Pictures Figure In "Streamlining" Show

Playing a significant role in the "streamlining" of the Twin Falls Grange flower show here Aug. 21, at the Odd Fellows hall, will be the "still life" or "flower pictures." Probably there is no more gratifying application of the art of floral arrangement than in these types of exhibits, which are the fact that practically all up-to-date flower shows include them, Grange leaders said.

Many worthwhile premiums will be awarded to local exhibitors, and it is anticipated that the floral arrangements will reach their highest perfection in these exhibits. To assist quaint prospective exhibitors with this form of flower design, a number of "flower pictures" are placed on display this morning at the following local business houses:

Idaho Department Store, Cigs Book store and the Idaho Power company. "Flower pictures" will be placed in other stores later in the week.

Picture Requirements
In response to many questions about the "flower pictures" Mrs. John S. Feldhusen, chairman of the Grange flower show, has compiled the essentials to be observed. She also calls attention to the limitations, possibilities of such displays.

The first requirement is a cardboard box or carton about 24 inches by 30 inches by 18 inches deep. This may seem quite large, but if a smaller box is used, the display will consequently have to be in miniature. The box may be set upright or on its side.

Next essential is to provide the box with a frame. If you are fortunate enough to have a picture frame about the size of the box, cut it to fit the box, or vice versa. If you have a carpenter in the family, he can make a frame out of inexpensive molding, or if this is not practical, you may cover the box neatly and bind the edges with some contrasting or complementary color to give the impression of a frame.

When planning the floral arrangements, your available materials must first be considered. You may have a choice vase that you wish to utilize, or a lovely plant or flower that only needs a background to make it a complete and beautiful picture. These flower arrangements need not be elaborate; in fact, the simple are frequently much more effective.

Three Ingredients
Flower pictures contain not more than three objects, the flower arrangement and one or two accessories. Great care should be used in selecting containers with good lines and harmonizing colors. The accessories should have something in common with the flower arrangement.

After the flowers, the container and the accessories have been chosen, try them in different positions, until you are completely satisfied with the complete arrangement. Then mark on the box where each article is to be placed.

The background for the picture depends on the color and design of flower arrangements. The selection of materials for the background is important.

Women Review Social Concepts At World Meet

Illustrative of the confidence and solidarity of business and professional women of the world, in spite of the crises and economic overturns in Europe, were the opening sessions yesterday of the congress of the International Federation of Business and Professional Women in Budapest, Hungary.

Exes of the women of Twin Falls, as well as those the world over, will be on the international conference this week, for a reassurance that women of every nation (with the exception of the one figuring so prominently in political overturn and fear) will not be shaken away from these fundamental ideas of brotherhood, equality and world peace which are the credo of the federation.

Odds Tighten on Armstrong-Ambers Fight as Negro Gets Facial Cuts

New Yorkers Will Meet Cubs in 'Crucial' Series

CHICAGO, Aug. 2 (UP)—One thing about the New York Giants is that they never give up. They keep trying not only on the field but in the front offices.

When Bill Terry (and Terry is the Giants' front office) needs a player he goes out and gets him. Cash is no object in getting the best man available.

That's why they bought Chalmers from the Cleveland Indians who might have enough baseball left in his system for the next two months to stand up in the infield for a serious attempt to overhaul the Pittsburgh Pirates.

Played Great Ball. Chalmers who played some great baseball in his day with the White Sox and Indians in the American league, is the second baseman on the New York team.

Another example of the Terry policy is the purchase of Outfielder Bob Seeds from Newark for \$25,000. Terry came out with the deal badly after Joe Moore was injured so he bought Seeds, even though the odds against him were high.

Open Vital Series. A year ago the Giants were in second place six games behind the Cleveland Indians in the pennant.

Cleveland faltered yesterday in an attempt to shave half a game off the New York Yankees.

Burley Legion Ready for Play-off Tilts

BURLEY, Aug. 2 (Special)—Confident of annexing their second straight state American Legion Junior baseball title, Burley players today were going through routine workouts in preparation for play-off games here against Parma on Aug. 7, 8 and 9.

The Parma club, winner of the northern western division title, comes here with a high reputation that is expected to test the capabilities of the club which is the southern and eastern title to the limit.

First game of the series will be played on Sunday, Aug. 7, at 2 p. m., according to Dr. George Toole, Burley club manager. By mutual consent, it is possible that a double-header will be played on Monday.

If three games are necessary, instead of continuing the game until Wednesday, permission to play the second game at the late date came from Loren H. Basler, Weiser, state American Legion officer. Question as to whether the series could be played on the dates set arose when it was learned that the state champion must be decided and reported to the national league by not later than Aug. 10.

All business houses in Burley will be closed during the hours of the game, according to Mr. Toole, who feels "confident that we will sweep the series in two straight games."

The regional tournament this year, for Washington, Montana, Oregon and Idaho, will be held at Silverton, Ore.

Jolley Heads For Coast Batting Crown

By United Press. Los Angeles sat on top of the Pacific Coast league by two full games today, with the pleasant prospect of seeing second-place Sacramento and third-place San Diego kick each other off this week.

San Francisco to take on the fourth-place Seals in the week's series. Sacramento played host to San Diego, Oakland, Los Angeles and Portland to Seattle.

Gene Jolley, Oakland's big slugger, outfielder who topped the league batting averages in 1928, appeared likely to repeat this year, according to statistics compiled by William MacFarlane, chairman of Jolley has been batting .398 in 218 trips at the plate while Harry Rosenberg, Portland, and Bernie Holt, Boise and Dick Manning, San Francisco, tied at .341.

Freddie Hutchinson, the 18-year-old Seattle rookie, was head hitter in the league's first game, beating the Los Angeles Angels, 10 to 1, at the home of the Los Angeles Angels.

Jocell, known over the world as one of the greatest clowns to perform with animals, will entertain the audience at the rodeo.

A special feature will be the giving away of a \$215 range on the opening night of the rodeo by the Gooding Cattle Co.

Mac Expects Somebody to Interview Greenberg

By HENRY McLEMORE. NEW YORK, Aug. 2 (UP)—Any moment now some enterprising reporter is going to get hold of Babe Ruth's manager, the manager of the Detroit Tigers, and get an exclusive interview concerning his chances of leading Babe Ruth's team to 60 home runs in one season.

In a burst of confidence, and with a warning not to repeat it, that reporter is going to get hold of the Detroit Tigers, and get an exclusive interview concerning his chances of leading Babe Ruth's team to 60 home runs in one season.

Robert Anson, driver, manager of the U. S. athletes, was delighted with their showing against teams from 21 states in the 12th annual international games at World City yesterday.

The best performance was Perry Walker's victory in the 100 and 220 yard dashes. Alan Tschudi, Wayne University, scored an upset in the 100-yard dash.

When I read this interview, I was a little bit surprised to find that it is a good one.

It is a good one, and I am sure that it will be a great one.

WHEN DO HOUSE FLIES BITE MOST SEVERELY?

Answer: House flies cannot bite at all. We frequently confuse them with the stable fly, which has a proboscis made for piercing and blood-sucking.

50 HURT IN ATTEMPT TO HALT HAWAII SHIP UNLOADING

27 ARE SENT TO HOSPITAL AFTER CLASH ON ISLAND

HILO, T. H., Aug. 2 (AP)—Twenty-seven persons of the 50 injured in rioting on the docks of the Inter-Island Navigation company were confined in hospitals here today, as an official investigation under the direction of Territorial Attorney General Joseph Hodgson was ordered.

Among the hospitalized victims were three women. They were Mrs. Ana Kamahale and Mrs. Helen Mabel, both shot in the legs and body, and Mrs. Helen Matalah, severely cut and bruised.

In the fighting, which occurred late yesterday when a non-union crew began to unload the company's steamer, police fired tear gas, birdshot and tear gas to drive back 500 demonstrators.

Seamen and dock workers of the company are strikes in a dispute over wages and hours.

The riot was the second on the docks since the inland boatmen's union and the strikers, members of the International Longshoremen's and Warehousemen's union have refused to handle cargo from the company ships.

Seriously Wounded
Among the most seriously wounded was Bert Hideo Nakan, secretary of the I.L.W.U., who was bayoneted and shot.

When the non-union workers began unloading the steamer the demonstrators broke through lines established by 50 officers. The police fired tear gas, but when this failed to stop the union workers and sympathizers, birdshot was fired into the ground. In fierce fighting which followed demonstrators suffered gunshot, knife, bayonet and club wounds.

Public Forum

REPLY TO ORR CHAPMAN
Editor, Evening Times:
Mr. Orr Chapman's speech over KRFT last Friday night was a disappointment to many people who believe in a sound and intelligent approach to matters of political controversy. The remarks of Mr. Chapman are the inconsistency of his national government would stop all migration in Idaho. And let the Snake river flow unimpeded to Bonanza dam, and how the whole state of Idaho is about to be turned into a national park, were at best a poor attempt at the use of "fear psychology."

The absurdity of these remarks may be brought out by letting the imagination rest on them until we can see in those dark days to come, Mr. Chapman himself in war paint and iron cloth stalking a national park ranger who orders him to halt. Worth Clark performs an aborigine dance ritual around the last remaining transmission pole of his beloved Idaho Power company.

Two other points of departure which I would take with Mr. Chapman are the inconsistency of his remarks regarding Senator Borah and President Roosevelt. As to Mr. Borah, that gentleman received in 1936 the Republican vote in Idaho. Also many Democrats voted for him, particularly those who were formerly Progressive Republicans and who were more liberal Democratic ticket. These Democratic votes went to Senator Borah because it was popularly known that Mr. Borah was equally as liberal as President Roosevelt. The voters of Idaho hold no such delusion about Dr. Worth Clark.

As to President Roosevelt, it is no secret among Democrats that the great hold which our party has on the country is based on the appeal which the New Deal philosophy has on the imagination of the American people. Senator James P. Pope of Idaho's contribution to the New Deal. In temperament and ability Senator Pope has proved himself well qualified to sit in Washington with that group of men, who out of the integrity of their intellects and with high moral purpose have sought to best the best of the people. By breaking down present accumulations of wealth and by developing latent resources in the nation, the New Dealers are beginning to restore the opportunity in America to the small man who constitutes over 90 per cent of its population.

In view of Senator Pope's role of an administration leader, it is small wonder that in Washington he has asked that he be returned to their councils. It will be an honor for Idaho to reflect him. The only thing which is not understanding is why Mr. Chapman, who magnanimously endorses President Roosevelt, should oppose Senator Pope.

REP. CLARK HITS AT TRADE PACTS

WENDELL, Aug. 2 (Special)—Approximately 93 persons attended the Sunday afternoon sessions here for the Turkey day celebration, sponsored by the local Chamber of Commerce. A tour to the Melvin Gibson turkey range was made during the morning followed by a picnic lunch at the local park at noon.

Dr. Worth Clark, congressman from the second district, was the high-light of the afternoon program speaking on "Reciprocity: Agreements with Relation to the Turkey Industry." He compared the industry in the United States with that of Canada, stressing that the treaty of commerce is a benefit to Canada and not the United States. Mr. Clark was well received by the audience.

During the program a prepared statement was read by E. G. Commons, local turkey king, on "Advancing the Turkey Industry," as compiled by Ray Tuttle, Salt Lake City, who was unable to attend the program. The statement brought out the advantages of other advertised products other than in the turkey industry.

Other important items on the program were: "Disease Control," Fern Moore, Moscow, manager of the county fair; "Woolmen's meeting read on "Turkey Volume Consumption and Market Problems," by Herbert Byers, Salt Lake City, who was unable to attend.

JULY WATER USE HITS 95 MILLION

During the month of July, the warmest of the year to date, a total of 95,400,000 gallons of filtered water was used for domestic purposes in the city of Twin Falls, a report for that period compiled by L. G. Satterlie, superintendent of the filter plant, showed this afternoon.

The program will be recreational and inspirational, with talks including President Harrison C. Dale and Dean E. J. Iddings, University of Idaho, and other prominent leaders.

Husbands, too
Husbands of the women may also attend, Miss Hill said.
Fees are \$1.50 for all persons over 18 for full time attendance; for those between 11 and 17 years, 75 cents, or a family fee of \$5. Charge for women who do not bring food with them will be an additional \$1.50. Men, who bring food to eat, will pay approximately that amount. Occasional meals will be furnished at a moderate price.

CANDIDATES LIST CAMPAIGN COSTS

WASHINGTON, Aug. 2 (AP)—Sen. George L. Berry, D. Tenn., millionaire senator fighting for re-nomination in the bitter Tennessee primary, today denied charges of voter coercion and reported total campaign expenditures of only \$61.92 to the senate campaign expenditures investigating committee.

In a statement accompanying his financial report, Berry said he knew of no instances of voter coercion or intimidation in his state.

His financial report was duplicative in comparison with that of Sen. Robert J. Bulkeley, D. O., who informed the committee his expenditures total \$18,083, largely to pay per diem for the largest of the investigating group.

Financial reports, rushed to the committee under investigation, included a report from Chairman Morris Sheppard, D. Tex., to file them before this week's primaries, also disclosed.

A Senate Majority Leader Alben W. Barkley, D. Ky., reported contributions of \$1,915 and travel expenses of \$2,160.

Sen. William G. McAdoo, D. Calif., reported that Bernard Baruch, New York international financial consultant, contributed \$2,500 to his campaign funds.
