MILLER LEADS MASTERS IN CONGRESS RACE

Great German Monoplane Completes Atlantic Flight

Four-Engineed Craft Lands in New York. FLOYD BENNETT AIRPORT, New York, Aug. 11 (UP)—The German monoplane Brantenburg arrived here at 3:50 p. m. (12:50 MST) today, completing the first westward non-stop flight over the 3,900-mile course from Berlin to New York in 24 hours and 57 minutes.

The four engineed all metal Condor type plane, designed to carry 26 passengers, took off secretly from the Staaken airbase near Berlin at 2:53 p. m. (EDT) yesterday, advancing its scheduled departure 24 hours to take advantage of favorable weather over the north Atlantic.

It was 5:55 a. m. (MST), (105 p. m. Berlin time) when the German News agency announced that the plane had left Staaken airport at 11:33 a. m. (MST) yesterday—7:53 p. m. Berlin time.

It was 5:55 a. m. (MST), (105 p. m. Berlin time) when the German News agency announced that the plane had left Staaken airport at 11:33 a. m. (MST) yesterday—7:53 p. m. Berlin time.

German officials at Washington said the flight was sponsored by Lufthansa and would replace one of the 10 catapult plane flights scheduled between the Azores and Port Washington, N. Y.

It has four Hornet motors made at the Bavarian motor works in Germany. They are capable of developing 720 horsepower each. The plane is 78 feet long, has a wing span of 100 feet, is 20 feet high and has retractable landing gear. It is named the Brantenburg.

This four flying ship today completed a trans-Atlantic flight from Germany—a surprise hop as far as Americans were concerned.

DEFEAT OF POPE FIRST LOSS FOR NEW DEAL HEAD

By JOHN R. BEAL WASHINGTON, Aug. 11 (UP)—The Democratic primary today produced the first reversal in the New Deal's senate strength.

President Roosevelt lost a 100 per cent supporter in Sen. James P. Pope, D. Ida., who was unseated by Rep. D. Worth Clark, a self-styled conservative who courted—and apparently received—Republican support.

Of the three senatorial contests in Tuesday's primaries, however, the New Deal won two—in Ohio and Texas, in both the President had indicated his desire to have the incumbents, Sens. Robert J. Buckley, D. O., and Hattie W. Caraway, D. Ark., renominated.

Buckley was renominated by a two to one margin. Mrs. Caraway, however, was defeated by her opponent, Rep. John L. McClellan. On the basis of almost complete returns she held a small but comfortable margin.

Mr. Roosevelt, on his way back to Washington after nearly a month's absence on a fishing vacation, made no comment on the results. But he apparently had no effect upon his determination to urge the primary nomination of outright New Dealers, opposed by candidates he has described as "yes, but" supporters.

Although Mr. Roosevelt had said nothing in behalf of Pope, the New Dealists charged that issue in the Idaho primary. National Democratic Committee Chairman James A. Farley had spoken in his behalf. But Secretary of State Cordell Hull had praised his position on the administration's reciprocal trade treaty program.

Wealthy Montana Pair Has Adopted White Slave Girl

GREAT FALLS, Mont., Aug. 11 (UP)—Touched by the plight of Jean Walters, 19-year-old Great Falls girl, who was sold to a white slave by a California ranch, a wealthy family adopted her today and planned to send her to college.

If the fate of the family is revealed and given publicity, they will withdraw the offer, the girl said. She pleaded that no further publicity be given her and that she be given "freedom to rebuild her life."

The family is reported to own homes in three states.

WOMAN ORDERED TO STAND TRIAL

Accused of assault with a deadly weapon, Miss Gladys Caudle, Twin Falls ranch owner, was ordered to stand trial today by Probate Judge Guy L. Kinney to face trial at the next term.

Judge Kinney ordered Miss Caudle bound over to conclusion of preliminary hearing today. She was accused of shooting and wounding Earl C. Smith, her son, on her ranch near Kimberly and owned by Miss Caudle and her sister. Both are daughters of a pioneer Twin Falls county family.

The state, represented by Prosecutor Edward Babcock and the firm of Chapman and Chapman as associate counsel, called four witnesses at today's hearing. The defense called two witnesses, the doctor who treated the wound and the ranch owner's brother, Rayburn and Smith are defense counsel.

SOVIET-JAPANESE TRUCE PUTS END TO WAR THREATS

By JOE ALEX MORRIS United Press Staff Correspondent Japan and Soviet Russia ceased firing today in their Siberian frontier conflict and ended the expected immediate threat of a new World War.

The truce ended a month of increasingly serious fighting and left the opposing armies holding front line trenches within a few hundred feet of each other; some Russians on Manchukuo territory and some Japanese screened by dirt thrown up by the wind.

Both sides made concessions during final diplomatic negotiations at Moscow where it was decided that Russia should have equal representation in the Russo-Japanese combination on a commission which will attempt to define the frontier and thus end years of dispute between the two powers.

Acute Danger There remained acute danger of new clashes on the disputed frontier adjacent to Siberia, Manchukuo and Korea because of intense feeling between the opposing troops after several major battles in their undeclared war. But commanders on both sides took extensive precautions against irresponsible acts by individual soldiers who have seen hundreds of their comrades killed or wounded.

Although directly involving ownership of only a small hillside and a Japanese pocket of land, the fighting on the far eastern frontier was of signal importance in a dozen world capitals. Few had believed that the real war between Japan and Russia could long be confined to those powers alone.

Most directly involved was China which had stiffened resistance to the Japanese in ratio to the spread of fighting between Russians and Japanese in the north. Russia, which has added the Chinese in many ways, was believed in many quarters to be taking a vigorous stand in the Changkai border fighting to check the Japanese offensive up the Yangtze river toward Hankow.

Chinese communists had been charged from the government's policy of avoiding risk of annihilation of its army they have urged a standstill before Hankow, which was voted by Generalissimo Chiang Kai-Shek. Then, coincident with the outbreak of major fighting in Changkai, the Japanese Yangtze offensive stalled and Chinese successfully counter-attacked.

The Japanese have said the work in their hands will be completed by the end of the month. The truce carried Chinese and Japanese civilians and an undetermined number of Japanese troops.

Southern Idaho Margin Results Boost Attorney

BOISE, Ida., Aug. 11 (UP)—Former Attorney-General Bert H. Miller led Secretary of State Ira H. Masters by 425 votes for the nomination as Democratic second district congressman today with 379 out of 450 precincts in the second district reported.

The count was: Miller 10,386 Masters 9,961

The race which drew the two to the top of a group of nine contestants for the nomination was one of the closest recorded in the state's congressional battle.

For a time, returns gave Masters a lead which varied from 100 to 300 votes, but as other precincts began to turn in their results, Miller went ahead, first leading by a slim margin and then increasing his lead last night until it passed the 400 mark.

The secretary of state lost his fight especially in south central Idaho, where the dispute over his refusal to permit the board of examiners to purchase the Twin Falls-Idaho Intercollegiate bridge may have resulted in the defeat.

Miller Head Here Returns from 87 precincts in seven counties in that region showed Miller with 2,587 and Masters with 2,081.

Masters refused to concede the election and said he would wait until the final returns came in.

For secretary of state, George Curtis was ahead of Lewis Williams for the final returns came in. For the Democratic nomination as state auditor, Calvin Wright led Karl Evans 10,621 to 15,996.

For the Republican nomination as governor, C. A. Doolittle led R. H. Young, Parma farmer, 16,292 to 15,996.

Other elected contestants: Senator, Democrat, D. Worth Clark; Republican, Don Callahan; State Auditor, Democrat, Arthur Campbell; Republican, J. E. Hobbs; Attorney-General, Democrat, J. W. Taylor; Incumbent; Republican, Hoyt Ray.

State Superintendent of Schools, Democrat, J. W. Condit; Republican, none.

EXECUTIVE DIES EVANSTON, Ill., Aug. 11 (UP)—Harry Guy Taylor, 58, chairman of the western association of railway executives, died today at his home.

Declaring that straight-line distribution must be the answer to the future prosperity of farmers, orchardists and other producers of agricultural products of any classification, Riley W. Doe, vice president of Highway Sales, Inc., last night was principal speaker at the banquet which marked the completion of the 17th annual farm sale sponsored by the Idaho Wood Growers association and completed earlier at Piler.

BOARD WINDS UP VOTING CANVASS

Official canvass of the Twin Falls county primary vote for both tickets was completed today by the board of county commissioners reached final precinct books.

Two of the commissioners who are doing the canvassing are passing in review that marked the end of their official tenure. They are James J. Barnes, Hansen, chairman, and Robert H. Hays, secretary, but in renomination efforts and will leave office in January.

Minor Changes The canvass is expected to make only minor changes from the official count. Sheriff's officers today brought in Marion's books, had the precinct books which had not been submitted.

The board had three more precinct books to check over at about 2:30 p. m. Committees Precinct committees members announced before final completion of the check-up on all precinct books. Final committees lineup for both parties will be announced Friday.

Girdler Defends Steel Firm's Labor Practice

WASHINGTON, Aug. 11 (UP)—Tom Girdler, chairman of the board of Republic Steel, defended his company's labor practices before the senate civil liberties committee today, demanded amendment of the Wagner act and charged New Deal policies are causing industrial turmoil.

Girdler appeared before the committee for a dramatic defense of his policies during the period when executives of little steel rallied to his leadership in resisting last year's organization drives of the committee for industrial organization.

He presented his version of the struggle in little steel in a lengthy statement offered to Chairman Robert M. La Follette, R. Wis. La Follette, who is in direct control of the committee, recently closed testimony, made the announcement after conferring with W. W. Pabon, N.Y.A. chief representative for this section of Idaho.

Roseberry explained that the board of trustees of the school had a written contract with the school during the annual conference of the Methodist church and that action to apply to the N.Y.A. office would be made at that time. The conference starts Aug. 10 and continues through Aug. 22.

NEW A Sought For GOODING COLLEGE

Members of the board of trustees of Gooding college met today in a session here to discuss the plan to take over the school for at least one year and operate it as a federal resident unit. It is sponsored here in connection with George G. Roseberry, Rupert, acting as agent for the board.

Roseberry, who is in direct control of the N.Y.A. office, recently closed testimony, made the announcement after conferring with W. W. Pabon, N.Y.A. chief representative for this section of Idaho.

Roseberry explained that the board of trustees of the school had a written contract with the school during the annual conference of the Methodist church and that action to apply to the N.Y.A. office would be made at that time. The conference starts Aug. 10 and continues through Aug. 22.

If the N.Y.A. chooses to operate the school as a resident unit either boys or girls or both from low income families would be accepted for special control of study. The students would be between the ages of 18 and 24 years.

NAMES IN TODAY'S NEWS

By United Press Douglas Corrigan can regain his plane permit by removing one of the gas tanks which barred forward visibility, he was informed today by Director Douglas McMillan of the bureau of air commerce.

Corrigan agreed to make the change. A police guard was watching the Detroit home of Richard Frankenstein, department official of the United States military aviation, after his garage was bombed.

JAPANESE BOMBS HIT U.S. BUILDING

HANCOCK, Aug. 11 (UP)—Bombs struck the bank and one of the buildings of Boone college, American-ized institution, during a Japanese raid on Hancock today. Several refugees were killed. No Americans were hurt.

Bishop Alfred A. Gilman, John Campbell of Toronto and his sister, Irina Campbell of Boston, all members of the faculty, were on the campus when the raiders began dropping bombs.

Three bombs fell inside the college building. One hit on the corner building in which the refugees had taken shelter. Six of those in the building were killed and a number wounded. The other two bombs hit a road, killing seven refugees. Seven other bombs landed on American property outside the college.

LOYAL OFFENSES IN COLLAGES IN NORTHEASTERN SPAIN

FEDERAL TROOPS WITHDRAW FROM ACROSS STREAM

HENDAYE, French-Spanish Frontier, Aug. 11 (UP)—The loyalist offensive in northeastern Spain ended today when the United States troops received at the border ahead today.

Under cover of darkness, the loyalists crossed the river which flows along the border between Balaguer and Leiria.

Moroccan and Foreign Legion troops of Generalissimo Franco's army again held the right bank of the river in the morning.

The line had been recently established as it was in May.

Generalissimo Franco's effort to drive across the river which would menace the Balaguer bridgehead failed. Franco was not forced to withdraw troops from either the Ebro or Sagunto fronts.

BRITAIN WARMS ITALY TO HALT SPAIN INTERVENTION

LEADER ASSERTS TROUBLE MAY BE CAUSED BY HELP

By FREDERICK KUIH

LONDON, Aug. 11 (AP)—Great Britain warned Italy today that continued Italian intervention in Spain would prejudice the friendly relations of the two countries.

Britain's position was expressed in a strong reminder, which was conveyed to the Italian foreign office in Rome and simultaneously to the Italian embassy in London, that operation of the Anglo-Italian pact was predicated upon withdrawal of Italian aid to nationalist Spain.

May Affect Relations
Sir Noel Charles, British charge d'affaires at Rome, informed Count Galeazzo Ciano, Italian foreign minister, that if allegations of continued Italian intervention were true, it would affect not only non-intervention arrangements, but Anglo-Italian relations generally.

Britain also called Italy's attention to the difficult position in which the French government was placed by Italy's alleged help to Generalissimo Francisco Franco.

According to British official information France has kept her eyes fixed on the non-intervention pact and other traffic to loyalist Spain as a contribution to the non-intervention plan.

Ask Border Reopening
Opposition elements in France have been clamoring for reopening of the frontier because of the alleged failure of Italy to comply with the agreement and cease all aid to Spain.

Italy was further told that operation of the non-intervention project was the "sine qua non" of the Anglo-Italian agreement.

Britain pointed out that both nations desire the operation of the pact and expressed the hope that this could be accomplished after Count Ciano's "promised investigation."

Dispelling the Fog

By CHARLES MICHELESON
Director of Publicity, Democratic National Committee

Senator Vandenberg is distressed at the thought that President Roosevelt is cherishing third-term ideas.

The senator views the prospect with alarm, indicated by the fact that he feels at having detected the manning of the President's concern for a congress elected that will join with him in the liberal measures he conceives as requisite, rather than one that would oppose anything advocated by the administration.

I do not pretend to know where the senator gets his hope, but I suspect that it is an inspiration begotten of Mr. Vandenberg's dearth of an issue to present to the people. At the same time he feels an obligation to himself, to keep in the political picture, with a view to the Republican national convention in 1940.

No Policy
He is as destitute of a policy, a plan or even a theory for a Republican platform as Chairman John Hamilton is of a platform. Frank with his committee of 100 that was conceived as the body that would furnish the G. O. P. with a tenable program.

Frank was appointed to his imposing post a year ago; he announced the personal nature of his program.

So far as the people have been able to ascertain, to take a three-dimensional view, the Republican objective is to abolish everything instituted by the President—that is approximately the Gannett idea—to approve pretty much every party policy, but to moon about the way he is doing the job and tell how much better the Republicans would do it—that is the Glenn Frank principle.

The third man, described as the Chairman Hamilton program, which appears to be reactionary in New York, radical in Kansas, and all-over-the-plot in Illinois.

Let me confess that the director of publicity for the Democratic national committee is far behind Senator Vandenberg in information as to the third term possibilities or possibilities to the best of my knowledge, and I have some basis for the statement, the President has never discussed the subject with any human being.

When I seem to recollect Governor Martin of Oregon, who was the Pacific coast champion, went down in defeat before a New Dealer.

Then I seem to recollect Congressman Wilcox of Florida who tried to beat Senator Pepper for nomination was the very spearhead of the anti-New Deal campaign, as much as he was chosen to make the first big primary fight on that issue.

Now I had thought that Congressman Wilcox of Florida who tried to beat Senator Pepper for nomination was the very spearhead of the anti-New Deal campaign, as much as he was chosen to make the first big primary fight on that issue.

POT SHOTS WITH The Gentleman in the Third Row

PECULIAR PONES, No. 5 (Post-Primary Puzzle) One thing that always impresses my weak brain is the way a losing candidate...

EVERYBODY ELSE WAS OUT OF STEP! The Old Grouch was feeling fine. "Well," says I, "How did the primary vote turn out?"

THERE'S A REASON! After all the smoke dies away, you find that Senator Bill Borah is still the only Idaho guest who can get mentioned as elected every time he tries it.

STILL CONCEDES NOTHING! The old grouch says he is in the best thing in the official records are announced, my friends...

WAIT-YOUVE GOT US DIZZY! An old maid is a lady who hated first to give up a good job just for a man, who later later learned that she was better off without him...

OUR HEAPLES-BOREN DEFT. "Simons Simon, walk on the mainline for Paris, declaring she may never return to America..."

IT WOULD SMOOTH THE MATRIMONIAL SEA! What this country needs is another marriage law to require young bachelors, before leaving to get their licenses...

FAMOUS LAST LINE: "... They always consider..." what else can they do?"

THE GENTLEMAN IN THE THIRD ROW The beggars were introduced in the British Isles by the Romans.

SERIAL STORY MYSTERY AT THE LAZY R BY CLARKE NEWLON

CAPT OF CHARACTER... Rance was watching her admiringly. "Where did you learn all this?" he asked.

"I don't blame you for being very excited, perhaps I haven't acted very well, but I know you know what I mean..."

"The other day a notorious Ohio gangster was finally given a life sentence for murder. He was one of those typical crooks who have a 'record as long as your arm'..."

In 1924 he was arrested for violating the auto law, fined \$50 and sentenced to three months in jail. The jail sentence and \$25 of the fine were immediately suspended.

The next year he was twice arrested for carrying concealed weapons. Each time the jury refused to vote an indictment.

In the following year he was again arrested for carrying concealed weapons, and once more the grand jury refused to indict him.

A little more than a year later he was arrested on a charge of robbery. The case "fell through" in police court and he was freed. Later that year he was fined \$50 and given three months as a suspicious person.

The case was appealed, and the records fall to show that any further disposition was ever made of it.

The following year he was brought in on the same two charges. Once again the robbery charge collapsed in police court, and the police prosecutor threw out the suspicious person charge.

Six months later he was again arraigned as a suspicious person, and again the police prosecutor no-appeared the case.

After another year, this city put another prosecuting attorney into office. This official dug up those old concealed weapons charges, brought the man to trial, and sent him to prison.

That record draws its own moral. Here was a man who for 14 years was obviously a dangerous criminal. In one way or another, the law was too lax to do more than make a formal notation of the fact.

It is any wonder that a country which commonly treats its professional thugs that way has a lot of them?

What Makes News Sometimes it takes a peculiar sort of phenomenon to on a man recognize exactly how many vital issues confront the world these days.

You may have missed that one. That wasn't one of the big things that happened in 1938. It was just one of the things that happened.

Brain-Work on Brain-Work The problems of education are getting heavy attacks from every direction on the compass these days.

A novelty in the way of courses that arouses the "Why-didn't-somebody-think-of-that-before" reaction appears on the program of the coming year at Dickinson college.

News also comes of the work of J. I. King, director of schools for the state of Washington, who believes that text-books are always getting out of date and students need to stay ahead of them.

It is not surprising that the students get disillusioned, as King says, but it is surprising that they still want to grow up.

WHAT TREATY? Mention of the alleged treaty with China on which Russia has claim to the disputed territory brings skeptical grins from state department officials, who never heard of such a treaty.

While renewed Berlin verbal blasts against the Czechs which back up this theory, Czech diplomats here are equally wary.

Several bizarre theories as to the real reason behind the present have gained wide credence in Washington.

That Russia desired to test Japanese reaction and find out how the theory that Japan wants no war because of her Chinese involvement and that Russia has too much to worry about in Europe. This is more deduction.

That Russia, believing the point of maximum Japanese weakness is reached, is desirous of striking before Japan can consolidate her position in China.

At any rate, Russian troops moved are previously unoccupied territory of great strategic value and Japanese fought to drive them out.

PRESIDENT OPENS CAMPAIGN TO PURGE 'YES, BUT' SOLONS

URGES SUPPORT OF CAMP, DEFEAT OF SEN. GEORGE

By Frederick A. Storm
Athens, Ga., Aug. 11 (AP)—President Roosevelt began his campaign in behalf of the senatorial ambitions of Lawrence Camp today with a speech at the campus of the University of Georgia.

The occasion was not appropriate for a direct attack on Sen. Walter F. George, conservative anti-New Deal Democrat, Camp's opponent in the party primary Sept. 6, whom Mr. Roosevelt seeks to "purge," but there was one reference in his appeal for a reformation of the south's economic structure, which was underlined by the audience as a back-handed slap at George and former Governor Eugene Talmadge, who also seeks George's seat and who has much more bitter, anti-New Dealer than he.

After receiving the honorary degree of doctor of laws in a campus ceremony in which Gov. E. D. Rivers presented the parchment, Mr. Roosevelt completed his address with the remarks:

Devotion to Democracy
"Constant progressive action is better than following either those who want to slow up or those who promise they will hand you the moon on a silver platter a week after they are elected."
"At heart, Georgia shows devotion to the principles of democracy. It has occasional lapses, but it really does not believe either in demagoguery or feudalism dressed up in Democratic clothes. You of the university are greatly responsible for the present and the future. Well are you doing your part. From today onward I share proudly and more fully in that part."

Since Mr. Roosevelt announced in a fireside speech that he intended to take part in various primaries to eliminate "yes, but" men from congress, George had been reported a candidate for the purge. Mr. Roosevelt confirmed this yesterday by stating flatly that he hoped Camp would be the next senator from Georgia. Therefore his audience this morning was keyed to interpret his remarks. Some of his auditors felt that his reference to those "who want to slow up" and to feudalism, was intended for George, and his reference to "the moon on a silver platter" and to demagoguery was intended for Talmadge.

Real Fireworks
However, the real fireworks of this climactic day in the torrid Georgia primary campaign was scheduled for Barnesville later this afternoon when Mr. Roosevelt speaks at a celebration commemorating a rural electrification project he was expected then to speak out directly for Camp and against George. And George was expected to be on the platform to meet personally what the President says about him. Characterizing Mr. Roosevelt "that great and good man," the senator had accepted an invitation to be a member of the local welcoming committee.

Talmadge, not George, is the outspoken, unequivocal anti-New Deal candidate in the campaign. George professes an admiration for President Roosevelt and his policies, but maintains his right to cast independent votes in the senate. Camp, United States district attorney for the middle Georgia district, is a 100 per cent New Dealer and is understood to have consented to run only after administration urging.

Good American Health
"If any part be polluted, but it is good American blood to recognize, to state boldly, that in 1932, the conditions of human life in Georgia and in other states of the lower south were as a whole at the bottom of the national scale."

"He said that in the last six years the south had made great economic and social strides and it was its objective to maintain gains and accelerate the advance. Social conditions, he continued, were dependent on economic conditions, on higher wages, higher farm income, and more profit for small businesses."

Don't Carry Load Alone
Pointing out that the federal government could not carry the load of improvement alone, he said that the best way the national government could assist the process was "to tackle national aspects of economic problems to eliminate discriminations between one part of the country and another—to raise purchasing power and thereby create wealth in those sections where it is far too low—to save the waste and drain of our national resources, to encourage each section to become financially independent, to take the lead in establishing social security—and at the same time to explain to the people in every part that constant progressive action is better than following either those who want to slow up or those who promise they will hand you the moon on a silver platter a week after they are elected."

Here's Chance For Old-Time Idaho Printer

Are there any real old-time printers left in Idaho? That's the query addressed to the Chamber of Commerce today by officials of the Sacramento (Calif.) Golden Empire centennial exposition.

\$1,000 Cash
A reward of \$1,000 and a free trip to Sacramento and return awaits the nation's oldest old-time printer, one who's still able to "stick type"

and do a good job of it, the announcement said. The call for the old-timers was sounded when the Sacramento committee decided to issue an old-time newspaper during the 1938 celebration. Here's the story, as the C. of C. got it: The nation will be combed first by sections in qualifying tournaments—New England states, southern states, central states, western states and Pacific slope states. The five regional champions will be taken to Sacramento, expenses paid, for the final contest. The winner will be determined on the basis of age plus speed and accuracy in setting one "block" of type. He'll supervise the grand champion will be given \$1,000 for supervising production of the "Daily Transcript," to be printed during the centennial on an old hand press used at the time of the gold rush at Sutter's fort, birthplace of Sacramento.

Old-time printers desiring to take a whirl at it should communicate with the Sacramento-Golden Empire centennial and they will be notified when and where to appear for their qualifying round.

WOOL CLIP SEEN AT LOWER TOTAL

BOISE, Aug. 10 (Special)—The preliminary estimate of Idaho wool shorn in 1938 is 17,463,000 pounds. This estimate compares with the 1937 clip of 18,628,000 pounds. Average weights of fleeces were lighter than last year, being estimated at 9.1 pounds this year in comparison with 9.4 pounds last year. This year the number of sheep shorn was 1,919,000 compared with 2,010,000 head shorn in 1937.

U. S. Figures

The quantity of wool shorn or to be shorn in the United States in 1938 is 288,230,000 pounds, according to the preliminary estimate made by the bureau of agricultural economics. This is about two million pounds more than in 1937 and about the same increase over the five-year average.

The estimated number of sheep shorn or to be shorn in 1938 is 46,532,000 head, which is 900,000 head or about 1.3 per cent more than the number shorn in 1937. The average weight per fleece this year is estimated at 7.90 pounds compared with 7.97 last year.

Lower Total

The quantity of wool shorn in the native sheep states in 1938 is estimated at 99,500,000 pounds with an average fleece weight of 7.60 pounds. This compares with 100,680,000 pounds shorn last year, with an average fleece weight of 7.20 pounds. Fleeces were lighter this year than last in nearly all of the native sheep states with the largest decreases in the six north central and north Atlantic states.

Shorn wool production in 1938 for the western sheep states is estimated at 208,100,000 pounds with an average weight of wool per sheep shorn of 8.29 compared with a production of 206,098,000 pounds in 1937 and an average of 8.20 pounds. Production in Texas this year is estimated at 76,803,000 pounds, which is about one million pounds more than in 1937. Smaller average weight per fleece than this year about offset the increase in the number of sheep shorn. The estimate of 1938 production of shorn wool includes an allowance for fall wool to be shorn in Texas and California and for wool to be shorn in the rest of the western commercial feeding stations. The allowance for fall wool in Texas this year is 2,700,000 pounds, compared with 2,250,000 in 1937. In California it is 3,436,000 pounds this year and 3,702,000 pounds last year.

When Palefaces Bite the Dust

Building will be taught at the Sun Valley rodeo, Aug. 12, 13 and 14. The world champion cowboys who compete during these three days for the highest prize money in the west will be put to their hardest tests... for all stock was allowed to range and rest for two weeks before the lightning fast arena and track action... and every horse, steer and calf will be "fat andassy!"

Old West on Parade In Sun Valley Rodeo

SUN VALLEY, Ida., Aug. 11 (Special)—Embroidered boots and braided spurs... creaking saddles and hard worn lariats... horses, horses, longhorn "doggin'" steers and chunky, humped-backed Brahmas buzz 'n' Concord stage coaches and high-wheeling 15 feet high cavalry troops and Canadian mounties in flaming coats... brass bands and flags... Sun Valley, the highest prize money in the world's capital of the great and gaudy spectacle known as the rodeo! Here is color and drama not exceeded by any other rodeo in Idaho. The old Madrid! Here is the old west, and the new dressed in the flaming array it has always loved so well. Here is where the world's earliest outlaw "broom tails" meet the only guys in the world who have a 50-minute chance of being "on" Three days of hell-for-leather riding, ropin' and "raspin'" and the devil with the consequences!

Boise, 11,000

The Sun Valley rodeo stadium, seating an even 11,000, officially opens at noon Friday, Aug. 12, with the rodeo performance getting underway at exactly 2 p. m. with the grand entry parade a mile long. But an exciting preliminary to all this will be the six-shooter team match between the national champion Los Angeles police sextet and a rough-and-ready half dozen "knobby-guns" from the slopes of Penny mountain diagonally across the Sun Valley road from the rodeo stadium. The match will fire their level best, from sighting position and from the hip, at six of spaced flying cards in a "sure knock" shoot.

Gliding Cavalry Leads

The parade parade will enter the rodeo grounds, led by the Gooding Troop A, mounted police and world championship caliber... In all likelihood, the greatest array of "big names" of the rodeo realm that has ever been gathered in one show.

Following the cavalry and queen will come the 50-piece Union Pacific parade band, venerable and historic lancers, victors and dubious in which will lead guests celebrities of the rodeo; a troop of Canadian mounted police in red-coats; the Idaho City Middle club from Salmon, Ida.; a troop of 200 expert horsemen on white horses; and the "Hoop, Hoop" Boys' drum and bugle corps.

Second Section

The second section of the big parade will depict the old west. A band of Cheyenne-Bannock Indian chiefs and warriors in full ceremonial headdresses and beards, followed by their squaws who draw tomahawks behind their backs, will cavort to the accompaniment of a "Wah-Hah-Dixie" of Putt Bull leader and the redmen, has promised that his warriors will round an out and named war songs as they proceed in the parade. It probably the first time that Putt Bull Indians have done so for public gaze.

Next will come eight of the pandora Heard brothers' oxen from Teton, Ida., the largest oxen yet in the world, which will be yoked to ancient Oregon rail covered wagons. Behind the ox team will be an early day mining camp packed with results of the Klamath road, Custer cavalrymen and prospectors with horses.

Highlight of the parade is the dramatization of the "Hot Licks" fight between the "Big Four" team, "Hot Licks" and the four treacherous "Hot Licks" wagon, which were used in the early days in Ketchikan and the Sawtooth area. They have been furnished by the widow of the original operator of

LAMB RECEIPTS AT WEAK LEVEL

Keeping pace with expectations of the shippers who participated, the final "clean-up" lamb pool shipped by the Twin Falls County Livestock Marketing Association did not approach previous pools in net prices received. County agent Harvey B. Hale said announced today.

A big percentage of the lambs sold at 47 1/2 with some at 47 and some at 47 1/4. Feeder lambs sold along with the fat. Live shipping cost \$1.24 per 100 pounds and shrink is 6.2 per cent, net on full weight and \$2.00 on full weight.

The pool, which went from Bull and Twin Falls, did not find satisfactory prices either in Orogen, or in the market. William B. Smith and Son, the commission house, divided the lambs and sold them at several different prices.

The poor weather, Mr. Hale said, caused heavier than usual shrink. It also hurt the dressed meat trade and as a result, the Idaho sheep drop between the time the pool was shipped and the time the lambs were sold at Omaha. In addition, Mr. Hale pointed out that the lambs did not compare with range lambs. The association will not assemble another pool until autumn.

Blaine M. I. A. Gives Pageant

Jerome, Aug. 11 (Special)—An impressive outdoor spectacle was presented on the fourth lawn of the D. S. church Sunday evening. When the M. I. A. of the Blaine State held its second annual pageant. The event was effectively presented under floodlight and spotlight and was amplified to an audience of 300.

The program, given in four parts, consisted of the building of the flag presented by the Wood and Gooding wards, followed by a presentation of "Abraham Lincoln Speaks," by the Dietrich and Reichold wards, and the "Old Flag Never Touched the Ground," given by the Fair-Field ward.

Organ music, quartet numbers and readings were given during the entire program. Dialogue was read by Richard Horston, and invocation was offered by W. Pond. The final presentation given by the Jerome ward and Butler branch, entitled "Daring Youth," as an answer of youth to the heritage of the past. Later the M. I. A. theme, written for a 24 foot archway was shown and remained illuminated all the night.

The pageant arranged by the state community activity committee with John Stanton as chairman, Thelma Prescott, Lucie Johnson, Mary Thompson, Ross Lee and Mary Hanson, committee members.

Brain Fever Takes 7 Valuable Horses

DECLO, Aug. 11 (Special)—Brain fever caused the deaths of seven head of valuable horses being pastured in a community herd by Bill Anderson at his ranch east of Declo.

This report was made to Sheriff P. B. Pace, after investigation of the death by the state veterinarian. Vaccinations have been made with the Pasteur Institute vaccine to prevent recurrence of the disease, one that strikes quickly among horses.

America alone has more than one-fourth of the 9,300,000 miles of highway in the world.

Idaho Evening Times

Meet the dizziest parade of tenants ever gathered under one roof in the hilarious new serial by Edwin Rutt, a superb summer story commencing soon in this newspaper.

Society

Wives of Physicians Plan for Convention

Extensive arrangements are being made by committees throughout the state for the entertainment of doctors' wives and women guests who will attend the convention of the Idaho State Medical association and auxiliary at Sun Valley Sept. 6 to 10. Mrs. A. C. Jones, Boise, is general chairman of women's activities.

Designated as "A Day Out-of-Doors" the events of Wednesday, Sept. 7, will be directed by the Women's Auxiliary of the South Side Medical association, with a committee of Twin Falls women in charge of the arrangements.

Mrs. J. N. Davis, hospitality chairman for the auxiliary convention, is in charge of the arrangements. She will be assisted by Mrs. C. Russell Weaver, Mrs. C. R. Scott, Mrs. D. E. Beymer and Mrs. D. H. Affleck.

The highlight of the day will be the 1 o'clock luncheon at Longhorn lodge, one of the most picturesque spots in the Sawtooth mountain region.

"Assistively opening the activities for the auxiliary will be the annual convention luncheon Tuesday, Sept. 6, at Challenger Inn.

Also anticipated with interest by the women guests at the convention will be the "Swimmer-Tea," which will probably be held Thursday, Sept. 7, at one of the popular plunges of the vicinity, either the circular turquoise-lined pool at Sun Valley lodge, or the plunge at Challenger Inn.

Western Fiesta Attracts Scores

Twin Falls and southern Idaho residents by the scores will motor to Sun Valley Friday, Saturday and Sunday of this week to witness the thrilling demonstrations of bronco riding, bulldozing and other feats of the range which make the Sun Valley rodeo one of the most distinguished of its kind in the United States.

Leaving Friday morning for the Sun Valley rodeo will be Mrs. C. M. Smith and Mrs. Kenneth Keever, the latter of Carlsbad, Calif.

Dr. and Mrs. F. P. McAtee and son, Dr. Frank J. McAtee, will leave Saturday morning for the rodeo, remaining Sun-night and returning to Twin Falls Sunday.

Probably accompanying them will be Mr. and Mrs. Harry Bennett, Santa Cruz, Calif. If they can be persuaded to remain over the weekend—and there shouldn't be much difficulty with the colorful rodeo as the special inducement, Mr. and Mrs. Bennett will arrive tomorrow for a brief visit with Dr. and Mrs. McAtee.

Mr. and Mrs. J. W. Newman will be among the Twin Falls representatives Sunday at the show.

Mr. and Mrs. A. S. Gilbert and their house guest, Miss Dorothy Simpson, Salt Lake City, will motor up for the rodeo one day this week.

Miss Simpson is the sister of Mrs. Gilbert.

Planned as a special treat for their guests, Mr. and Mrs. Walter Schrader and Dan Lyle, Blaine, Wash., will be the trip to Sun Valley and the rodeo which Mr. and Mrs. C. W. Witham will take. Mrs. Schrader and Mrs. Witham were former school mates in Adair county, Iowa, several years ago.

Mr. and Mrs. A. S. Gilbert, Misses Peggy and Barbara Cavanaugh, and their house guest, Miss Mary Margaret Malmsten, Salt Lake City, will motor up Friday.

Mr. and Mrs. G. R. Wallace and family, Betty and Billy, Golconda, Ill., will be entertained by Mr. and Mrs. Harry W. Wallace and sons, Gerald and Austin, at the rodeo en route to Longhorn lodge for a week's outing.

Miss Irene Warner, here from Los Angeles, will accompany her parents, Mr. and Mrs. T. M. Warner, to the show, which is typical of the west.

Also attending the rodeo will be Mr. and Mrs. Charles E. Bruggeman and daughter, Miss Grace Bruggeman and their guests, Mr. and Mrs. Henry C. Bruggeman, who will motor up for the rodeo in their car to see the thrilling demonstrations of horsemanship, and other feats.

CALIFORNIA GARDENS DESCRIBED BY ARTIST

With the community more garden-conscious than ever because of the approaching Twin Falls Orange flower show here Aug. 24, Miss Agnes Schubert's talk at the M. S. and C. club meeting yesterday was especially apropos.

Miss Schubert, an artist, described some of California's most beautiful gardens, which she has been privileged to visit during her several years' residence in that state.

Mrs. Ruth Regan, program chairman, presented the guest speaker, Mrs. C. H. Edred, who is hostess of a group. Roll call responses were canning hints. Jars were distributed to be filled with fruit for the Children's Home in Boise.

Guests were Miss Schubert, Mrs. Andrew Joan and Miss Volv Davis. Refreshments were served by Mrs. Frank Schubert, Mrs. Wilda Hansen and Mrs. Sarah James.

Hot Muffins Make Any Plain Meal a Success

By the middle of summer the novelty of cold meats has worn off. Sandwiches and salads, beef drinks and chilled desserts have lost their charm, and there is a tendency especially on the part of the men folk, to demand "regular" meals.

One way for the homemaker to out-distance the heat is to prepare as much food as possible in the early part of the day. Vegetables can be cleaned and placed in the refrigerator, casserole dishes can be ready all except a last minute of heating and desert can consist of fruit, crackers and cheese or some other effortless combination.

Their Mean Success

Hot muffins will often make a very plain meal a success. There is a serving oven available now which is in use either hot or cold weather. Muffins may be baked in the morning. Five minutes before dinner, put them into the serving oven, placed on a top burner of the stove, and heat thoroughly. The oven is so good looking that it is brought to the table and the muffins kept hot to the last one.

Hot muffins are always popular, so it is well to include them in the menu once or twice a week. There are several ways to vary the recipe. Plain bran muffins are best with a meat and potato meal; fruit or nuts can be added if the muffins are to be served with salad or for breakfast. The bran adds flavor and helps to make a meal "regular" by contributing some

Owner Scores Third Win in Hambletonian

By LESLIE AVERY GOSHEN, N. Y., Aug. 11 (UP)—Lawrence B. Sheppard, who knows his trotting horses and his arithmetic, put pencil to paper today and calculated that Melin, winner of the Hambletonian stake, had cost him \$57,700 net.

It was the first time in the "corn" track's history that any owner had sent three winners—two of Sheppard's were in succession—the post. It also was the first time a winner had had the reins on two winners in a row.

The veteran Henry Thomas, who piloted Sheppard's Shirley Hanover and the colt paid him \$100,000 in the lead at the start of each heat and kept him there with never a challenge from the even-money favorite, Long Key, owned by E. J. Merkle of Columbus, O., Sheppard's other Hambletonian winner was Hanover's betina in 1937.

Best Talent in Loop Will be on Display In Benefit Contest

The largest softball crowd of the season is expected to flock to Lincoln field tonight to see the Twin Falls "dream" game—a contest that will put on display the pick of softball talent in the city.

Number one team on the diamond will be the All-Stars, a group of 13 players chosen by managers and officials of the league, through a poll by the Idaho Evening Times.

Starting hurler for the All-Stars will be Walt Riggert, no-hit specialist of the Utah Chiefs, according to Manager Mike Routh. His opposing twirler will probably be "Pat" Patrick, who compiled a fine record while pitching for the Texaco team this year.

Third set of hurlers will see Dr. C. Westral, another Texaco pitcher, change of pace artist, on the mound for the All-Stars, and Pres Durbin, who pitched well, but was few games for the Jerome Co-op club, who will throw for the seconds.

In the outfield will be Johnny Wells, Addy Adkins, Al Westergren and head of the Softball association official staff, will be behind the plate.
