

WITNESS TESTIFIES BRIDGES IS COMMUNIST

HULL CAN SEE NO CHANCE FOR NAZI TRADING TREATY

WASHINGTON, Aug. 18 (UP)—Secretary of State Cordell Hull indicated today that a reciprocal trade agreement with Germany is out of the question unless the Nazi government abandons its present trade policies.

Hull commented on the assertion of Dr. Rudolf Brickman, German minister for economics, that the Reich is anxious to find an arrangement whereby Germany could purchase huge quantities of U. S. tobacco and commodities while increasing sale of German goods to the United States.

He said this government would be glad to find a basis for increasing our trade with Germany. But he added immediately that the system upon which German foreign trade operates is based upon bilateralism and barter, seeking an exact or comparative balance of trade between Germany and any other country.

Hull said this system runs diametrically contrary to the principles upon which the United States bases its trade agreements. The keystone of the U. S. program is the principle of unconditional free trade relations treatment by all nations for the goods of all other nations. This is the principal of equal treatment by all for the goods of all countries.

ROAD MEET HERE LURES MEXICANS

A Mexican delegation, probably a delegation from Canada, Gov. Barzila W. Clark and mayors of many cities in U. S. will attend the Twin Falls convention of the International Four-States highway association Sept. 25-26 at Twin Falls.

The Mexican delegation will come from the U. S. at Mexicali, Baja California.

Invitations have gone out to all mayors along the route and to governors of Idaho, California, Nevada and Montana, according to F. G. Thompson, chamber secretary. The California and Nevada delegations, however, had replied today that official business will probably prevent them from coming. Mayor J. H. Galt of U. S. will attend the 1937 convention, replied that he and an El delegation will be on hand.

Details for the business sessions of the four-state highway party are still in process of formation, Thompson said. A scenic tour of the northern Idaho area is on the program for Sept. 25, concluding day of the meet.

BUDGE ADVANCES TO SEMI-FINALS

NEWPORT, R. I., Aug. 18 (UP)—Donald Budge, international amateur tennis champion, today advanced to the semi-finals of the Newport tennis tournament.

Budge, top-seeded, was extended to four sets by former National Champion Wilmer Alcock of Australia, who was defeated four, 7-5, 6-4, 9-7.

Joseph Hunt, a 2nd seeded player of Los Angeles, scored a straight set victory over the young French ace, Victor Pietrangeli, 6-0, 6-0, 6-0.

Wendell Wood, Jr., of New York, who defeated Woodcock of Portland, Ore., today.

Wendell Wood, international champion and former Wimbledon champion, was seeded eighth, and he topped the fifth seeded Oregonian 4-6, 7-5, 6-3, 6-4.

Wrestler Plunges Through Crowd to Catch Falling Baby

BALTIMORE, Aug. 18 (UP)—A crowd of 100 people gathered around a crowd today when a five-year-old boy fell from a third story window.

The crowd caught the little girl in its arms like a football. She was unhurt.

The 20th-anniversary celebration was attended to the scene by several police officers who held the crowd back. The girl, who was about 10 months old, was held by the arms of a woman who was standing near the window.

As the child dropped, the crowd, scattering men and women by the force of its low, the girl dropped nearly to his arms as he snatched her from the window.

POLICE RAIDING SQUADS IN ACTION—Cleveland Hunts "Mad Butcher of Kingsbury Run"

By HENRY R. HENSON
CLEVELAND, Aug. 18 (UP)—Police raiding squads went into action today against the "mad butcher of Kingsbury Run," confident that although he had eluded them for four years and committed 13 murders, they were on the trail he has made within the past week.

Led by Elliott Ness, city safety director, the raiders made a sortie into the Cuyahoga mud flats early today and rounded up 38 squatters from dilapidated shacks and hovels. The flats are near the waterfront dump where two disassembled and decomposed bodies, wrapped in packages, were found Monday evening—victims No. 12 and No. 13.

LOCAL REFINERY WORK UNDERWAY

Work in connection with construction of a local refining plant had started today and officials of the new company expressed the hope that the plant, only one of its type in Twin Falls, would be in full operation by Oct. 1.

Announcement that the work, pointing toward completion of the project, had started was made here this afternoon by Fred Jacobson, foreman, who said the new company, which will be in all probability known as the Twin Falls Refining Company, an independent concern, will market products in this and other sections of the state.

Construction of the former circus grounds, will have rail service from the nearby tracks of the Union Pacific direct to its door.

Capacity of the plant, in full operation, will be 400 barrels of crude oil a day. Manufactured materials of the new plant, which will cost an estimated \$2,000,000 to build, will include gasoline, distillate (tractor fuel), furnace oil and diesel fuel.

At least seven storage tanks, four holding 750 barrels of liquid and the other three, 500 barrels each, will be in place when operations start, Jacobson said. It is probable that more will be added before the operation date falls due.

Soil Chiefs Warn Spud Men of Invalid Voting

Referendum ballots on the potato marketing agreement must be cast at the polling places designated by the county committee of the Twin Falls County Agricultural Conservation association, or the ballots will be invalid, according to a statement issued today by executive committee members of the association.

The statement was issued today by executive committee members of the association, which is headed by Harry H. Hale, president.

The committee members said that the association had called a series of explanatory meetings and issued written notices to the voters, warning them of the consequences of voting in violation of the instructions.

The association, which is a non-profit organization, had called a series of explanatory meetings and issued written notices to the voters, warning them of the consequences of voting in violation of the instructions.

Ballot Conflict Brings Committee Statement

Directs Probe

His key witness in the house investigation of the American Activists today took the stand. He is Margaret A. Kerr, executive secretary of the Los Angeles branch of Better American Federation.

The witness, who is a well-known actress, testified that she had seen Harry Bridges in the company of several other men in a rooming house in Los Angeles.

Her testimony is being used by the committee to support its charges that Bridges is a Communist.

'Little Old Lady' Baby Champion

When a "little old lady" like this one wins a baby parade prize, that's the little Lena's Home took 10,000 onlookers by storm and landed first prize in the annual Ocean City, N. J., baby parade.

HENLEIN CONFERS WITH RUNCIMAN

BRNO, Czechoslovakia, Aug. 18 (UP)—Runciman, British mediator, met Konrad Henlein, leader of the Sudeten German party, today in an effort to prevent a breakdown of the latter's negotiations with the Czech government.

Runciman motored to Reichenau, where he met Henlein at the estate of Prince Max Eggen von Oettingen, who is a member of the Sudeten German party.

Runciman indicated that he expected Henlein to "take immediate action" to prevent a breakdown of the negotiations, and warned that Sudeten German patience was rapidly being exhausted.

NEW WPA HEAD SETS UP OFFICE

BALT LAKE CITY, Aug. 18 (UP)—H. E. Smith, new acting western regional director, today set up headquarters in Salt Lake City today by forwarding the educational and vocational work program administration WPA are adding in the absorption of former relief workers in private industry.

Smith was named WPA director for the western states after the resignation of Robert H. Hinckley of Idaho, who was appointed a member of the new civil aeronautics authority. Smith had been acting as assistant director to Hinckley and had maintained his main office in San Francisco.

Sheep Valuation Slash Rejected

BOISE, Ida., Aug. 18 (UP)—The state board of equalization voted today to continue the \$4 per head increase in sheep valuation.

Growers had asked for a 10 percent reduction from the \$2 valuation level which has held for two years.

Legion Convention Opens at Pontello

PONTELLO, Ida., Aug. 18 (UP)—Annual state convention of the Idaho American Legion will begin here tonight for a four-day session.

The convention, which is being held at the Pontello Hotel, will include a dinner, a dance, and a variety of other entertainment.

Schultz Gang Members Tell 'Inside' Workings

NEW YORK, Aug. 18 (UP)—Two minor members of the Dutch Schultz policy gang, both Negroes, revealed at the James J. Hines lottery trial today the inside story of how the gang was able to circumvent the law and pile up millions in profits.

One of the state's witnesses, George Weinberg, yesterday had directly accused Hines, 61-year-old Tammany district leader, as the court "fixer" who supplied the gang with political protection for a fee of \$500 to \$1,000 a week. On cross-examination he admitted he was a perjurer.

Propeller Trouble Causes French Air Craft to Turn Back

BISCAHOE, France, Aug. 18 (UP)—The 37-ton seaplane bomber, which was scheduled to leave here today because of propeller trouble after taking off on a flight to New York by way of Lisbon and Azores, today turned back.

The flight, expected to be the first of a series of flights to New York, was delayed because of propeller trouble after taking off on a flight to New York by way of Lisbon and Azores, today turned back.

Armstrong Wins Third Fight Title but Badly Cut Face Will Keep Him Out of Ring for Four Months

NEW YORK, Aug. 18 (UP)—Henry Armstrong, who added 100 pounds to his weight, today won his third world title by knocking out the champion, but his face was badly cut and he will be out of the ring for four months.

House Set on Fire; All Doors Wired

YANOVER, B. O., Aug. 18 (UP)—Police today sought to determine the identity of the person or persons who attempted to burn a family of four.

The fire, which broke out in the living room of a house on the corner of 1st and 2nd streets, today destroyed the house and the lives of the family.

Oddities

CHICAGO, Aug. 18 (UP)—Women swimmers don't have to wear bloomers in Chicago anymore. The city council made it official last night in revising several obsolete sections of the city ordinance.

Other revisions permit persons in a parade to keep in step when crossing a bridge and showing off motion pictures in private homes without a license.

COASTAL WOMAN CLAIMS SHE SAW CIO MAN'S CARD

WASHINGTON, Aug. 18 (UP)—Margaret A. Kerr of the Los Angeles Better America Federation testified today that she has seen a Communist Party membership card which she understood alleged party membership of Harry Bridges.

Miss Kerr charged that contents of affidavits purportedly linking Bridges with the Communist Party "leaked" to the west coast CIO leader within a few days after they were forwarded to Washington.

On the day a copy was given to the labor department, Miss Kerr charged, west coast newspapers reported that she had seen the card for Washington. A few days later, she charged, Irvin A. Markheim was threatened because he had signed the affidavits—affidavits whose existence she had believed a complete secret.

UPREND IN STEEL EMPLOYMENT POINTS WAY TO RECOVERY

OHIO LEADS WAY AS REQUEST FOR WPA JOBS FALLS

By HENRY E. KENNISON
CLEVELAND, Aug. 18 (AP) — Vis-
ible business straws-in-the-wind in
Ohio are pointing the way to recovery,
observers hope, to a national
recovery.

Many business leaders in this
state which has eight cities of
more than 100,000 population
feel that the prophecy of the stock
market is borne out in business
upturns and that a measure of
prosperity lies ahead.

In Ohio, signs of encouragement
are seen in:
The rapid rise of steel opera-
tions.
Improvement in retail trade.
Five weeks of consecutive in-
crease in the federal reserve
district.

A decline in unemployment.
More jobs in Toledo.

In Toledo, a city of 300,000 and
Ohio's third in population, the
Libby-Owens-Ford Glass com-
pany has added back more than
1,000 men in its plant at subur-
ban Rossford.

Machine-tool makers in Toledo
are increasingly active with orders
for 1939 automobiles, due for a
showing and sale in early Novem-
ber.

At downtown Massillon, almost
a part of generally bustling Can-
ton Republic Steel corporation has
called 500 men back to work.

More than 100 men in WPA
shops.

Here in Cleveland, the White
Motor company plans to go on a
five-day week.

The Sewing Machine
company, also with headquarters
in this city of a million, reports a
definite business pickup since
mid-June.

At Painesville, 30 miles east of
Cleveland, the Industrial Rayon
corporation, one of Cleveland's
largest employers through the de-
pression and recession, is prepar-
ing to open a large branch this
month.

The number of applicants for
WPA employment in Cleveland
has remained quiet, recently
at the level of a few months ago.
Observers regard it as a sign of
industrial upturn.

More Jobs Seen

Optimism of business experts is
bolstered by the pickup in steel,
in the northern Ohio sector.

An upturn in steel means more
jobs in the machine tool industry.
Youngstown — capital of Ohio's
"Little Ruhr," in the Mahoning
valley — Warren, Niles, Massillon
and smaller places.

Construction awards in Greater
Cleveland have advanced in the
last month sufficiently to war-
rant a steady increase in build-
ing more than in any previous
month.

Retail automobile sales also
are running ahead of both the
general economy and recession
trends, a more casual barom-
eter, prognosticators feel.

"My Trouble Seems to Be—"

Answering published stories of excessive income and insinuations
that he used his father's position to further his insurance business,
James Roosevelt, son of the President, denied soliciting or accepting
"a single dollar" of insurance money since he has been his father's secretary
in Washington. "My trouble seems to be a mixture of being the
son of the President and not falling in business," he stated in an article
in Collier's magazine. He is pictured above going over his statements,
which include income tax figures of his income for the last five years.
The largest was \$48,167.37, for 1934, in contrast to the rumored hun-
dreds of thousands.

**CHICKEN HOUSE
SUIT IN COURT**
A chicken house and a milk house
on west end ranch formed basis of
legal dispute today in two cases
which had been filed in district
court.

The suits were begun by the Bolo-
payite Lumber company against E.
O. Denny and Raymond Rugg, Buhl,
and involved lumber assertedly log-
ged by the building of the small
buildings. The suit against Denny
saka \$11,425, interest and \$1000 in
lumber in lieu of money. The suit
against Rugg saka \$18,500, interest
and \$100 attorney fees for lumber for
the mill house.

J. H. Sherry, Buhl, is counsel for
the claimants in both cases. Sale
of premises is asked to satisfy the
judgments.

WITNESS CLAIMS BRIDGES IS 'RED'

(From Page One)
fore the committee here or on the
west coast.

Miss Kerr said Marchbank showed
her copies of his membership in
both the Communist party and the
International Labor Defense, al-
legedly Communist party affiliate.

But she said she was not a mem-
ber of the CIO on the west coast, has
denied the Communist charges and
the labor department has not
accepted her statements and is pending
pending court determination of
issues involved.

At Dies Request
The Bridges file was surrendered
to the committee, at Dies' re-
quest by Thomas B. Shoemaker, deputy
commissioner of the labor depart-
ment's immigration and naturaliza-
tion service.

"We ask," Shoemaker said, "that
the committee keep confidential the
names of the persons whose state-
ments are in the record and others
named in the record because many
of these people fear the results of
their statements and do not wish
to break faith with them."

Dies said the committee would
comply with the request as far as
possible. He added that persons
scheduled to appear before the com-
mittee as witnesses in the Bridges
investigation have been threatened.
"One particularly witness has been
subjected to dire threats," Dies said.
"I personally feel that publicly
would be his best protection."

Shoemaker said he believed he
had given the committee every docu-
ment in the department's possession
relating to Bridges. He conceded
he might have overlooked some docu-
ments or that it was possible he
might have overlooked some docu-
ments. He said he had given the
committee all the records which
he had in his possession.

Shoemaker said the records showed
that Bridges is an alien, and that
his knowledge of his real name is Bridges.
He added, however, that evidence
had been submitted to the depart-
ment purporting to show that
Bridges had used aliases, including
the name of Harry Dorfman.

Opening of the committee's
witness list invited further
action on the investigation of the
American League for peace and
democracy. Witnesses yesterday,
charging it with eight federal
officials are members of the organ-
ization, asserted it is an arm of
the Communist "popular front."

LOCAL PILOTS TO ATTEND AIRMEET

Three local airplanes and at least
nine Twin Falls persons including
four pilots, will leave here Friday
afternoon for Pocatello to partici-
pate in and attend the airmeet
scheduled there Saturday and Sun-
day in connection with the state
American Legion convention.

The meeting will be held at Mc-
Dougal field in Pocatello and will
feature the stunting of
chambers, the Ransom of Portland.
The show each day will get under-
way at 2 p. m.

Major of flying the fastest plane
on the field will go to Lamona
Stevens, local pilot, who yesterday
flew his Waco "C" cabin bi-plane
to the State City for annual in-
spection. Stevens made the trip
from here to Pocatello in exactly
30 minutes. Stevens will use the
plane at Pocatello during the meet
for passenger hauling over the city.
On his return to Twin Falls the
ship will be available for charter
and short flights.

Other local pilots and persons
going to the meet will include
Lloyd A. Dean, transport pilot, and
Bill Dean, who will fly to Pocatello
in Dean's Eagle airplane; Grant
Kilbourne, private pilot, and Mrs.
Kilbourne; Bob Olin, student pilot,
who will take his Kingman plane
along with Stevens accompanying him;
Homer Kibby, Mr. and Mrs.
Tony Cagle and Mrs. Stevens.

STORAGE WATERS SHOW DECREASE

Continued decreases in the
amount of irrigation water stored
in the three principal reservoirs
serving this section of Idaho were
noted today although the amount
remaining is entirely adequate, ac-
cording to a report from Lynn Cran-
dall, Snake river watermaster.

The drop in irrigation water dur-
ing the last 10 days at Jackson lake
amounted to 83,890 acre feet while

that at American falls reservoir
amounted to 194,870 acre feet. The
loss at Lake Walcott amounted to a
little over 1,000 acre feet.

More bricks are contained in the
Great Wall of China than in all
the buildings in Great Britain.

K. OF C. PICNIC SET FOR SUNDAY

Plans for the annual picnic of the
Twin Falls Knights of Columbus,
set for Dierke's lake next Sunday
starting at 7 p. m., were completed
today. It was announced this after-
noon by Andy Carter, general chair-
man in charge of arrangements.

Mr. Carter announced that a va-
riety of entertainments for the
night, and families and friends has been
arranged. Special events including
free boat rides on the lake, competi-
tive games and races as well as
swimming are scheduled for chil-
dren. Ice cream cones and soda pop
will be furnished the children.

Those persons who wish to attend
the picnic, but who are without
transportation, were urged to con-
tact any member of the committee
for assistance. Free transportation
will be provided. All Knights are
to bring a picnic lunch.

Aside from Mr. Carter, those on
the committee in charge include
Lud Drexler, boat ride; John
Keenan, youngsters' games and en-
tertainment; Harvey Quisenberry,
Loyola Smith and Harry O'Halloran.
Dierke's lake is reached by taking
the road to Shoshone falls and then
taking the right road branching off
to the right after the descent down
the grade is started.

Seen Today

Man buying his small daughter
a second ice cream cone after she
had dropped the first one into the
gutter. Masculine shop-
per pushing his thumb through a
cantaloupe when testing it for
softness. Fishing crew busy
on various ranches along highway.
Water coolers at court house
finally fixed so thirsty patron
doesn't have to put in half a day
waiting for cup to fill. Busi-
nessman who bought twin baby
buggy at auction figuring out just
what to do with it.
Two young men walking
down street and examining each
other's hats. One young man
obviously not finding any.
Workmen busy constructing Twin
Falls oil refining plant. Dog
at health unit, who doesn't like
a particular reporter, springing to
action as the reporter comes
through the door. And Clyde
Johnson, Hansen, bringing in a
fresh potato almost exactly in the
shape of the face on one of Walt
Disney's three little pigs.

IMPRESSIVE RITES DEDICATE "NOOK"

Officers of the Utah-Idaho dis-
trict of city parks officials joined
members of the Twin Falls Kiwanis
club in impressive ceremonies this
morning, when the eighth federal
dedicated at Shoshone falls park. Practi-
cally the entire local membership
was present for the dedication and
outdoor luncheon served in the pic-
nic pavilion.

How the Shoshone falls site was
acquired as a park for southern
Idaho residents, and how it came
since that time been developed, was
vividly recounted by M. J. Sweeley,
past district governor.

Mr. Sweeley was senator from
Twin Falls county at the time of the
park acquisition.

O. P. Duvall, present district gov-
ernor, was in charge of the dedica-
tion. Distinguished guests included
Olin Smith, Buhl, lieutenant-gov-
ernor of the district; Mayor Lem A.
Chapin, a member of the local club;
John Taylor, city parks com-
missioner; and C. Claud Stewart,
city parks superintendent.

H. H. Hedstrom, president of the
local Kiwanis club, directed the ar-
rangements for the event. He head-
ed the motorcade of Kiwanians and
guests, which assembled at the City
park at noon and went immediately
to the picnic ravine.

Luncheon was served at Kiwanis
nook, under the direction of Gena
Hedstrom. For the pleasure of the
public, the nook has been equipped
with tables and benches and two
camp stoves.

Asks Foreclosure

Asking judgment for \$2,400 plus
interest and \$1,056.29 for taxes paid
on mortgaged property, A. B. Nor-
ton of Twin Falls filed district court
suit today against D. W. Hunter, B.
Allen and others.

The action was based on a prom-
issory note for \$2,400 by Mr. Hunter
on Nov. 25, 1925. The note was guar-
anteed by a mortgage on ranch
property. Today's suit asks fore-
closure and sale to satisfy the judg-
ment requested.

Attorneys for Mr. Norton are
Walters, Parry and Thoman and J.
R. Keenan.

MAGAZINE SALES WARNING ISSUED

Magazine subscription salesman
claiming to be local persons and so-
liciting on that basis, have invaded
Twin Falls, residents of the city
were warned today by the Chamber
of Commerce.

"Prices fully as economical as
those offered by transient salesmen
— and often better — can be secured
at any time through local dealers,"
Secretary F. C. Thompson said.

He said the outside solicitors who
claim to be local residents are in
violation of the city ordinance of
the C. of C. official pointed out.

HUSBAND FILES WILL BY WIFE

Probate of the will left by the
late Mrs. Marion Hammon, who died
in December of 1935, had been asked
here today by Marion Hammon,
surviving husband.

The will was dated Dec. 5, 1935
and named Mr. Hammon's executor
and sole legatee. The estate is val-
ued at \$1,500 and includes residence
property.

Whitham and Walker are attorneys
for the petitioner.

WEATHER

Typical fall weather prevailed
in Twin Falls early this afternoon.
The sun broke through the clouds
and the mercury was in the
country to the bureau of ento-
mology, stood at 73 above at
1:30 p. m.

Yesterday, after a slow start,
the temperature rose rapidly,
reaching 87 above before the day
was over. The mercury this
morning was 84 above against
only 30 above, seven degrees over
dressing, for last yesterday
morning.

The official forecast for tonight
calls for cooler weather while it
will be generally fair tonight and
Friday.

EUROPEAN OUTLOOK FOR PEACE INCREASINGLY GLOOMY

FRANCO REJECTS NON-INTERVENING COMMITTEE PLAN

By JOE ALEX MORRIS (United Press Staff Correspondent)

Europe's diplomatic outlook for peace today became as gloomy as a London fog.

For the moment, almost every phase of Great Britain's campaign for improvement of international relations was up against serious difficulties. There was fear—against a persistent background of war talk—that the long struggle for an accord between the democratic and clerical governments had lost ground.

In Czechoslovakia, a period of grave uncertainty was intensified by action of the Sudeten Germans in rejecting the government's program for solution of the minority problem. Viscount Runciman, British mediator, was believed to be meeting with Konrad Henlein, Nazi leader, in an effort to agree upon a basis for further negotiation but there was still no indication of progress toward breaking the deadlock.

Possible October Threat

A new threat of German intervention against the Czechs was considered possible in October, after Runciman has returned to London.

In Spain, Rebel Generalissimo Francisco Franco was reported to have rejected the British-sponsored proposal of an international non-intervention committee for withdrawal of foreign volunteers from the civil war. The loyalist government at Barcelona had accepted the plan.

In many ways, the Spanish conflict remains a more serious threat to general European peace than the Czech crisis. Italy and Germany have virtually committed themselves to a Franco victory; France has been sympathetic toward the government and Britain's hope has been for a settlement from which neither side could emerge as a clear-cut victor.

New Obstacles

France's refusal—if it is a refusal—to accept the plan for withdrawal of foreign troops would put new obstacles in the way of improvement of Italy's relations with France; might eventually wreck the Anglo-Italian friendship treaty which is the basis of British Prime Minister Neville Chamberlain's peace plan.

In Italy, there were mounting indications of resentment toward France and rumblings against Britain which hinted at impatience with Chamberlain's refusal to put the friendship treaty into effect until Fascist volunteers leave Spain.

Sees Future Clashes

It was symptomatic of the current trend that the Fascist newspaper spokesman, Virginio Gayda, discussed at Rome in vigorous lan-

gauge the possibility of some future clash between France and Italy and added: "Increasingly, the war of political ideologies, which Italy does not provoke and in which she never participated, is sliding rapidly toward real war."

In London, rumors of differences between Chamberlain and Foreign Secretary Lord Halifax were officially denied as preposterous.

3 DAIRYMEN TOP MONTH'S TESTING

Again topping the Twin Falls-Mini-Cassia Testing association, L. J. Tencknick, Twin Falls; Harry McCauley, Buhl, and Thomas Mabery, Rupert, led in dairy ratings for July, according to Bernard Law, Burley, official tester.

Mr. Tencknick, besides leading in the classification of herds averaging 20 cows or more, also had the high cow of the month. This was "Luzita," one of his purchased Holsteins. She produced 83.4 pounds of butterfat. The Tencknick herd average was 1,058 pounds of milk and 25.8 of butterfat from 21 milking and five dry Holsteins.

Mr. McCauley's herd at Buhl, totaling 12 milking Jerseys, had 840 pounds of milk average and 40 pounds of butterfat to lead the 10 to 20 cow classification. Mr. Mabery's two Holsteins at Rupert led the herds under 10 cows with 1,859 pounds of milk average and 59.7 pounds of butterfat.

The month's testing received 28 herds with 416 cows. Total milk for those herds was 278,991 pounds and butterfat 11,823.9 pounds. Pounds per cow—including dry animals—was 671 pounds. Similarly, the butterfat average per cow was 27.9 pounds.

Idaho 'Perpetual' Candidate Plans To Run in 1940

BOISE, Aug. 13 (UP)—Idaho's perpetual candidate for something, Lew Williams, director of the state's charitable institutions, left on official business for Kansas today but before leaving said he would run "for office" again in the primary two years hence.

He chuckled and explained that for 40 years he had been running for office in the hopes of winning an

election and hadn't given up yet. He was defeated for Democratic nomination as secretary of state in the August 9 primary.

People tell how, when they were small children, they heard Williams addressing political rallies. He would call on them to come to the front to hear what he had to say, because he had run for office a good many times and they might be old enough to vote before he won an election.

Law Enforcement Leader Maps New Type Punishment

BOISE, Ida., Aug. 13 (UP)—Something new in the way of punishment for traffic law violators was considered today by J. L. Balderston, commissioner of the department of law enforcement.

In addition to paying a fine, the violator should be compelled to listen to a department-sponsored radio program, which depicts in

vivid detail various types of traffic accidents.

The proposal is no reflection on the radio program, Balderston said, although such a thought might apply to other programs and even serve as a crime deterrent.

FRANK SAAYS U.S. WILL PROTECT CANADA IF THREATENED

ROOSEVELT RAISES 'GOOD NEIGHBORS' AS TALK THEME

By FREDERICK A. STORM
KINGSTON, Ont., Aug. 13 (UP)—President Roosevelt told an audience at Queen's university today that "the people of the United States will not stand idly by if Canada is threatened by a foreign power."

In an address pitched on the theme of good neighborliness among the nations of the American continent, Mr. Roosevelt spoke emphatically of "wanton brutality" and "undemocratic regimentation" in other nations.

"We in the Americas are no longer content to be a passive audience to the eddies of controversies beyond the seas which could bring no interest and no harm," he said. "Instead, we in the Americas have become a consideration to every propaganda office and to every general staff beyond the seas. The vast amount of our resources, the vigor of our commerce and the strength of our men have made us vital factors in world peace whether we choose or not."

"Happily you and we in friendship and in entire understanding, can look clear-eyed at these possibilities, resolving to leave no path-way unexplored and no technique undeveloped which may, if our hopes are realized, contribute to the peace of the world. Even if those hopes are disappointed, we are assured that other than this hemisphere at least shall remain a strong citadel where in civilization can flourish unimpeded."

The Dominion of Canada is part of the sisterhood of the British nation. I give to you assurance that the people of the United States will not stand idly by if domination of Canadian soil is threatened by any other empire."

Accompanied by Premier Mr. Roosevelt, traveling in a special train from Washington, had earlier in Canada, leaving Buffalo early today and was welcomed in the station of this Ontario university town by Prime Minister Mackenzie King and other Canadian dignitaries. He was ceremoniously escorted to Queen's university stadium where he was presented an honorary degree of doctor of laws. After a luncheon with government and university officials, he drives to the new international bridge through the Thousand Islands, for another speech this afternoon.

"This morning at the university he used as his theme the promise that 'Civilization is Not National—it is International.' This truth, he said, is being challenged 'in some parts of the world.' One of the speakers in America, he continued, were 'in a large sense' responsible for maintaining that tradition."

Maintaining the Rights The peoples of the United States and Canada are friends "because we maintain our own rights with frankness, because we refuse to accept the twists of secret diplomacy, because we settle our disputes by consultation and because we discuss our common problems in the spirit of the common good. We seek to be scrupulously fair and helpful not only in our relations with each other but each of us at home in our relations with our own people," Mr. Roosevelt said.

"That there is one process," he continued, "which we certainly cannot change and probably ought not to change, is the feeling which ordinary men and women have about events which they can understand. We cannot prevent our people from having an opinion in regard to wanton brutality, in regard to undemocratic regimentation, in regard to misery inflicted on helpless peoples, or in regard to violations of accepted international rights."

"That is what we mean when we say that public opinion ultimately governs policy. It is right and just that this should be the case."

Ducks, Banded Here in Test, Wing Their Way North and Then Return

Various types of ducks, banded in the vicinity of Twin Falls, are reported. Reason for this, he said, is either because the hunter doesn't take the time to add in this bird study or, noticing the band, believes he has shot "a-bitten fruit" and says nothing about it.

Varied Flyways
From the reports received to date, it is shown that those birds returning to Idaho, California and Oregon after winging their way north, came by way of the Snake river flyway. Those going into Nevada took the Bear river flyway.

The bird was killed, Priebe estimates that approximately 50 per cent of the banded birds killed are reported. Reason for this, he said, is either because the hunter doesn't take the time to add in this bird study or, noticing the band, believes he has shot "a-bitten fruit" and says nothing about it.

The banding operations, one of the more important works of the biological survey, presents the only method which permits study of the habits of the birds, their flight courses and where they nest. Both the government and Mr. Priebe maintain complete records of all banding operations including date banded, type of duck, and where captured.

INTERNATIONAL SETTLEMENT SUPERINTENDENT IS KILLED

SHANGHAI, Aug. 13 (UP)—Loh Lien-Kwa, Chinese superintendent of the international settlement police, was assassinated today. The assassin was not identified. They fired 20 shots at Loh, whose duties as police superintendent included aiding United States marines and other foreign troops in round-up of Chinese and Japanese terrorists.

Shortly before he was killed, Col. Genroku Kusumoto, chief of the Japanese army's special service branch, called at marine headquarters and apologized for an incident in which some of his men tangled with the American troops.

The incident took place last Saturday. It involved the arrest by the marines of three special service agents for the alleged irregular activities in the American defense sector of the international settlement. The Japanese were accused while threatening to shoot a group of Chinese who were flying their national flag.

SPUD PREDICTION UNDER '37 CROP

BOISE, Aug. 13 (Special)—The Idaho potato crop on Aug. 1 was forecast at 28,200,000 bushels, the same as was indicated a month ago. If a crop of that size is harvested it would be about four per cent less than last year's crop but about 25 per cent larger than the 1927-28 average production, according to the USDA bureau of agricultural economics.

The early crop which usually amounts to around five to 10 per cent of Idaho's total potato crop was larger than usual this year. The quality, however, was not unusually good with considerable damage from black-rot reported. The late crop, as a whole, developed well during the month but except for a few scattered areas was in very good condition on Aug. 1 with good yields expected.

Comments by States
New England: Weather conditions during July were very unfavorable to the development of the New England potato crop. Rainfall has been heavy to extremely excessive in most parts of New England during July. Limited areas of potatoes and other crops in southern New England have an epidemic blight. In Massachusetts county rainfall was not as burdensome as in southern New England but was far too heavy to be favorable for potato production. Late blight infection is evident in practically all fields with weather conditions favorable for its development on an epidemic basis.

Good in Michigan
Michigan: Conditions generally good except in local areas of heavy soils where there was too much rain during and subsequent to planting. Such areas, of course, are generally outside of the commercial sections. Moisture conditions have been mostly favorable and plants have made a relatively large and sturdy growth.

Wisconsin: The Wisconsin potato crop declined a little in condition during the past month but generally the fields look good. Vine growth is heavy and except in some of the northwestern areas where it was too wet at planting time the stands seem to be good.

FISH CATCHES AT PARK SHOW GAIN

YELLOWSTONE PARK, Wyo., Aug. 13 (Special)—Travel authorities may be aware of a slight slump in the number of people taking to the highways this summer but anglers in Yellowstone national park can guffaw in their faces.

While travel in the park was declining from last year's high, the red widlers were hauling in a record catch, superintendent Edmund B. Rogers said.

On August 6 the 283,000 persons who had visited the area had reported catching 110,150 trout of assorted species. Last year on the same date 300,000 persons had only reported 92,512 fish, an increase of 16 per cent in the catch while travel had fallen off 5.7 per cent. And every day, the superintendent said, shows 100 fishermen increasing their advantage.

Officials have no fear of depletion of the supply as long as laws are observed and conditions remain favorable. In July the fish plant totaled 2,100,000 graylings, 447,000 rainbow, and 1,000,000 black-spotters of the same, and the Rainbow trout slightly below. In addition officials estimate that the egg take from Yellowstone lake this summer will total about 20,000,000.

Meanwhile the ranger force are severe with fish who are exceeding park quotas. Their aim, they say, is to provide plenty of good fishing for everyone but not to let any lakebreakers fish out lakes and streams.

Guard Held for Convict Killing After Break

SHERIFF CLAIMS MAN SHOT DOWN 'IN COLD BLOOD'

CROCKETT, Tex., Aug. 18 (AP)—John H. Frazier, 21-year-old convict, one of six convicts who were killed after they escaped from the Eastham prison farm Monday, was shot down while he stood with his hands raised, pleading for his life, Sheriff Archie Maples told a grand jury today.

Maples late yesterday filed a murder charge against Rob Parker, the Eastham prison sergeant in charge of the bloodhounds used to track prisoners in the frequent farm escapes. County Attorney Leon Lusk says Dr. G. W. Butler, Texas prison board member, said Maples told him he witnessed the shooting and that it was a cold-blooded killing.

Lusk turned the information over to the grand jury and Maples went before it today. The hearing was closed.

Had Hands in Air

Dr. Butler said that Maples told him that Frazier stepped from behind a tree at dawn yesterday with his hands in the air. He was about 10 feet from Parker, who had been trailing his dogs through the Trinity river bottoms where the eight prisoners fled when they stabbed a guard, took his shotgun and ran from the farm property.

"Maples said Frazier was begging and praying to Parker not to shoot—to spare his life—but that Parker shot anyhow," Dr. Butler said. "I can assure you that Frazier was not armed."

Held Without Bond

Parker was held without bond today. He was suspended from the prison system. He is about 40 and has been employed in the prison system 15 years. He had been at the Eastham farm only a month. He denied Maples' story that Frazier and Raymond Harrison, 24, another fugitive, had surrendered peacefully when he met them eight miles from here. He said he shot Frazier and Harrison because they had stabbed a guard. The bodies of Frank Johnson and Leonard Smith were found in the Trinity river. They had been wounded while trying to swim the river. Officers thought Roy King, the one fugitive unaccounted for, also might have drowned. The eighth prisoner, W. G. Garner, serving a 100-year sentence, surrendered when Kinley and Aaron were killed. The guard, who was stabbed so severely that doctors doubted he would recover.

RUPERT

Lowell French returned Sunday from Soda Springs where his wife underwent a major operation last Thursday.

Persons who left from here for the vacation camp at Easley Hot Springs include Mrs. W. L. Reed, Mrs. Robert Lee Gully and daughter Roberta, and Mrs. Charles Goff and granddaughters, Dorothy Louise and Marion Roe, who arrived Saturday from Pocatello.

O. N. Lowrey, Ray Bowman and Charles Goff are on a fishing trip to Copper Basin.

Miss Elizabeth Billards of Harper, Ore., former Rupert girl, is house guest of Miss Margaret Moser.

Mr. and Mrs. E. J. Shy and daughter, Mary Jo, of Carls, Ark., left Tuesday for their home. They have been visiting Mr. Shy's brother, Frank Shy.

Mr. and Mrs. Thomas Onstot and daughter, Sandra, who are guests of Mrs. Onstot's parents, Mr. and Mrs. Onstot, left Tuesday.

Mrs. Nowell Fisher and infant son, Nowell William, born last Tuesday, are at the home of Mr. and Mrs. Ira H. Kelly, parents of Mrs. Fisher, where they will stay for a week or less.

The Rev. Albert Parrott and Mrs. Parrot of Caldwell, and the Rev. Merri Burris and Mrs. Burris, Wilder, visited Mr. and Mrs. George O. Roseberry Monday and Tuesday.

Mrs. Arthur T. Smith is attending the Methodist church general conference at Idaho Falls as the lay delegate from the local church. The meeting ends Sunday. The Rev. George G. Roseberry, pastor of the local church, is also attending the conference.

Mrs. Essie Johnson entertained her sister and brothers-in-law, Mr. and Mrs. H. E. Nellis of Arkansas City, Kan., and her brothers, Lester and J. M. Weaver and families with an outing at Lake Owaheea Sunday. Mr. and Mrs. Nellis left Tuesday for Klamath Falls, Ore., and will stop here again en route back to Arkansas City.

Tortured by pain from a dynamite explosion which injured him, his bride of two weeks and two employes, Dodge stumbled from a motorboat in Georgian bay, near his summer estate at Little Current, Ont., and was drowned. The boat, with the explosion victims aboard and steered by Mrs. Dodge, was speeding to the Red Cross hospital at Windsor, Ont. The late heir to a \$2,000,000 automobile fortune is pictured above with his bride, a former telephone operator, as they left for their tragic honeymoon after their marriage on August 2.

REGISTRATION OF WORKERS STARTS

All local workers engaged in covered employment, who have been or will be laid off prior to Sept. 1, should register immediately with officials of the Idaho state employment service in order to become eligible for unemployment compensation benefits.

Announcement that the registration should be made at once was made by W. Clyde Williams, local supervisor. Williams explained that "covered employment" included nearly all industries excepting domestic labor, federal, state, municipal or school district employment or agricultural labor. Covered industries are those occupations in which the worker and the employer have both been paying periodical sums to the federal social security administration.

Individuals must be unemployed to apply for benefits or to receive them, Williams said. WPA workers are considered employed.

Persons planning to apply for the benefits should bring with them for registration for social security numbers or who may have lost their cards, should report to the employment office immediately in order that the matter can be cared for at the earliest possible time.

Party Hunts for Long Lost Plane

POINT BARROW, Alaska, Aug. 18 (AP)—A searching party was en route to Oulituk today to drag the mouth of the Colville river where a native reported a plane crashed about a year ago.

Sgt. Stanley Morgan of the U. S. army signal corps said it was possible the plane was that of big-nosed Levanyev and five other Russians who disappeared Aug. 13, 1937, on a trans-Polar flight from Moscow to the United States.

The river mouth is on the 150th meridian. Levanyev's course lay along the 148th meridian.

An extensive search has failed to reveal a trace of the Russians.

LIBRARY BACKERS START CAMPAIGN

Formation of a library campaign committee, sponsored by local citizens in favor of construction of a library here, had been completed today following a meeting with the library board in regular session last night.

Members of the committee will lead the campaign which it is hoped will lead to approval at the bond election set for Sept. 20, at which time bonds in the amount of \$27,500 will be asked to be added to federal funds in the amount of \$22,500 for construction of the new building.

The \$27,500 furnished by the government would be an outright grant in full over a period of seven years. The new building would be located at Fifth avenue east and Second street east.

Emmett Hood was named chairman of the committee. Assisting Mr. Hood will be C. R. Nelson, taxpayers' committee; Mrs. Sturgeon McCoy, canvass committee; Mrs. J. W. Newman, transportation committee; J. H. Blandford, speakers' committee; John C. Harvey, publicity; Robert H. Warner, advertising.

Members of other organizations which will aid in the campaign to secure the new building include Mrs. Ronald Graves, Barometer Association; George Detweiler, Junior Chamber of Commerce; Harry A. Elock, Kiwanis club; Mrs. Ellarath Smith, Business and Professional Women. The Lions and Rotary club are represented by Blandford and Nelson, respectively.

TWO SISTERS DIE IN SUICIDE PACT

BOISE, Ida., Aug. 18 (AP)—The bodies of two middle-aged sisters who joined in a suicide pact were found hanging today from a raft in the attic of a small apartment house in an exclusive residential district here.

The women, Katherine and Margaret Herrich, had hanged themselves yesterday afternoon or last night, police said. They left a note, each with a shining hand on the back of an envelope, saying they could stand "no more trouble."

They had looped electric light cord over their heads, snooded it about their necks, climbed on chairs and kicked the chairs away.

The bodies were discovered this morning by Myrtle Lawrence and Ellen McElfin, stenographers who occupied the downstairs apartment. The elderly ladies had not appeared in the attic of a small apartment house in an exclusive residential district here.

"I'm disgusted with night life," Miss Mahan shouted back. "I'm going to drown myself."

Miss Mahan paddled back and forth offering rebuttal to the policeman's earnest argument on the joy of living.

"I help you get a new start," he offered.

"Too late," the swimmer retorted.

Boland ran out of arguments. "Come out of that lake," he snapped.

Miss Mahan obediently swam ashore.

ARGUMENT

CHICAGO, Aug. 18 (AP)—It was a beautiful morning on the shore of Lake Michigan—as Policeman Matthew Boland was striving to point out to the red-haired young woman who had pulled her clothing on the beach and swam out to end it all.

"See what a fine day it is," the officer shouted to Miss Verna Mahan, 24. "It's much too nice a day to commit suicide."

"I'm disgusted with night life," Miss Mahan shouted back. "I'm going to drown myself."

Miss Mahan paddled back and forth offering rebuttal to the policeman's earnest argument on the joy of living.

"I help you get a new start," he offered.

ROGERSON

Gerrit Peters, Beryl Kunkel and R. E. Davis recently spent a day in East Gate, placing seats for the annual "Meeting in the Pines," Sunday, Aug. 21.

Peggy Jean Dawley, who has been visiting in Pocatello, came home Friday.

Thirty-four pupils, including many Rogerson children, are attending camp at the vacation school at Hollister. The closing day, Friday, Aug. 19, the entire school will attend a picnic at the home of Beryl Kunkel.

The August meeting of the Ladies Aid society was held at the home of Mrs. Goodyear. At the business session, it was voted to paint the manse.

James Coburn is visiting his grandparents in Hollister.

The R. E. Social will be held Aug. 19, and will be a lawn party at the church.

Toledo, O., is the leading clover and timothy market in the United States.

DAUGHTER HURT; PARENTS APPEAR

GOODING, Aug. 18 (Special)—A critically injured Gooding girl, killed by a horse, had been reunited with her parents today after officers of this and other areas put wide machinery into motion to contact the father and mother.

The girl is Colleen Bodenhorn. The parents are Mr. and Mrs. Fred A. Bodenhorn.

Colleen is in Gooding hospital in "fair" condition. She was killed by the horse when she ran out to ask a cousin for a ride. The accident occurred at the family ranch home on route 1, Gooding, and Colleen was rushed to the hospital Tuesday.

Officers said the parents had left that morning to look for work in other south central regions. Sheriff Wayne Black contacted Sheriff E. P. Prater at Twin Falls and asked assistance of sheriffs and city officers in other directions. Late that night the parents came to the hospital, although attaches did not know how they were contacted.

Lightning Hits Fence; 'Kayoes' Sugar Official

Reed Lewis, official of the Amalgamated Sugar company, knows just what it feels like to be "shocked."

Lewis, with Harry Elock, also a company official, was recently inspecting a sugar beet field during a minor thunder-lightning-rain storm. It was learned this afternoon from friends.

Lewis was leaning on a barbed wire fence, prior to crawling over it, when lightning struck the wire. The shock threw him to the ground unconscious and it was necessary to resort to artificial respiration to restore his breathing after which he was brought to Twin Falls and put to bed. A physician was called but found that the man suffered no ill effects other than shock.

Contrary to belief, Lewis said to friends that he feels a little "run down" despite the fact he was "charged" with that amount of electricity.

2 MOTHERS WIN DIVORCE ORDERS

Two mothers had won divorce decrees today after uncontested hearings in Pocatello.

Mrs. Senna Hamrick charged desertion in earning freedom from Clyde Hamrick, whom she married in October of 1934 at Casco, Ore. She now has custody of their daughter, 1, and son, 5.

Mrs. Faye Smith won a decree from Mason Smith on claims of non-support and misconduct. They were married Nov. 9, 1935 in Twin Falls. Mrs. Smith has custody of their son, nine months old.

Nazis Ordered to Quit Social Club With Jewish List

MANILA, P. I., Aug. 18 (AP)—German Consul G. A. Sakowsky tonight ordered that all Reich nationals immediately resign from membership in the German club here because of the club's failure to expel three members of German-Jewish descent. The ultimatum threw the small German colony into an uproar.

Consul Sakowsky had previously indicated he favored such action but had not demanded it and his wishes had not been carried out by members.

A minority of the club's members are of Jewish descent. Several pointed out that Sakowsky was in a position to dominate the colony through his control of passports and visas.

The club is known as a social organization. It is incorporated under the laws of the Philippines and members declared Sakowsky was acting improperly in attempting to turn the club into a Nazi center.

50,000 GROCERS SAY:

WE BUY DWIN FOR OUR OWN USE

DWIN is entirely different from old time kerosene sprays to which you have been accustomed in the past. That's why grocers and other food handlers who know the value of their business select DWIN for their own use. They know it will not injure or contaminate food—or ruin labels.

Over the grocery does—use DWIN. It is unusually effective.

Get "an program on flowers in DWIN" —shareware, pleasant to use. DWIN kills flies, bees, ants, caterpillars, roaches, bed bugs, mosquitoes, etc. in your home and many other insects in your garden. Obtain DWIN in the green can—grocer, drug, hardware or department store. In your garden there is not a drop of kerosene in DWIN.
