OFFICIAL COUNTY NEWSPAPER

PROBE ASKED ON WAR RECRUITING IN U. S.

Democrats Pick Lawrence After Spirited Battle

After a spirited battle that required five ballots for settlement, Twin Falls county Democratic precinct committee...

The battle fought over state committee followed re-election of R. G. Wilson, Kimberly, as county chairman.

Will Hawkins, Buhl, was the candidate opposing Lawrence for the state post. Because neither of the two secured a majority of the vote cast on the first four ballots, a fifth vote was called by Chairman Wilson.

On that ballot, Lawrence won with 12 votes to 11 for Hawkins. One precinct committee member refrained from voting and swung the election.

On previous ballots, Dan J. Cavanaugh had been listed with two votes the first time and one each on succeeding efforts.

The Democrats elected L. A. Cavanaugh, Piler, as vice chairman and by special resolution authorized Chairman Wilson to appoint as vice-chairman the person recommended by the county Democratic women's organization.

Plans for the November campaign and for a Democratic headquarters were to be taken up later today.

At the same time, Taylor said he had decided definitely not to run for reelection as chairman of the Democratic party.

It was decided that the election would be between Ben Davis, city attorney for Pocatello, and C. Ben Ross, term as mayor there, or Ben Dunlap, county Democratic chairman for Canyon county.

These men, it was stated, are the most frequently mentioned candidates for the position.

Count Leaves Venice After Barbara Visit

VENICE, Aug. 19 (UP)—Count Count Hugwitt-Reventlow, will leave tomorrow for Budapest, apparently without receiving the check with his estranged wife, the former Barbara Hulton, Woolworth heiress.

2 CONTRACTORS ARE ATTACKED IN ADA JURY REPORT

BOISE, Ida., Aug. 19 (UP)—Two contractors who held state legislative positions were accused today by the Ada county grand jury of being involved in an allegedly illegal transaction with the state highway department.

In an interim report, the jury named Dan J. Cavanaugh, Twin Falls contractor and legislator, and Jack Sharp, Ada county contractor and former member of the legislature.

The jury said that Cavanaugh had received stipulated contracts in excess of the \$5,000 limit beyond which no contract may be let without public bid during his tenure as state legislator.

Violated Specifications

The jury charged that Sharp had received contracts in which he "flagrantly violated" specifications regarding materials and labor for the work he was paid. During this time, the jury said, he was a member of the legislature and active in highway committees.

In both instances, the jury cited as background the recently completed audit of the highway department's valuable contracts covering the period from 1933 to 1936.

The report alleged that Sharp, during voting in the highway department on the now-defunct Idaho sales tax, had changed his vote of "no" to "yes" in order to pass the measure, explaining that if he had not done so, he might as well have taken his road equipment and dumped it in the Boise river.

The report said that following his vote on the measure—which was forced on the state by the then chief executive—Sharp "received several valuable contracts."

Contracts Let Without Bid

Speaking generally, the report said that over the period covered by the audit, 117 stipulated contracts had been let without bid.

Members Picket Michigan Church

VULCAN, Mich., Aug. 19 (UP)—Two hundred parishioners of St. Barbara's Catholic church cautiously picketed the Michigan Synod today to prevent their pastor, the Rev. Simon Borkowski, from leaving to take an assignment in another parish.

Wife Stands by Hines at Trial

Although he is the defendant in a Dewey racket-busting trial that may send him to prison, James J. Hines appears completely unworried in this picture, taken in his New York home. Relaxed in a green and black striped dressing gown he appears untroubled, confident, with his cheerfulness reflected on the face of his wife. The silver-haired Mrs. Hines, whom her husband for 35 years calls "the prettiest bride in New York," declared her intention of attending the hearings.

Negro Tells of Weekly Levy for "Protection"

By HARRY FERGUSON, ST. LOUIS, Mo., Aug. 19 (UP)—McIntyre and Heath are together again today in the happy land where every job is a bid, where every song is a hit and where the audiences applaud forever and a day.

Thomas K. Heath died last night, one year to the day and almost to the hour from the time that James McIntyre, weary from 30,000 performances, passed on, and today, somewhere beyond the rim of space and time, McIntyre can explain to Heath why he failed to send him a birthday card last Thursday.

Heath was 85 and had been ill for more than a year. The marvel was that he and his partner lived as long as they did, for they spent their strength recklessly on hard one-night stands, on quick jumps from town to town along the stockroom routes, on endless trips on the river packets.

What Hines and Allen are to do, McIntyre and Heath were to do.

Teachers' List Gains Five for 113 Total

Because of rapid increase in enrollment, the Twin Falls school system has employed five additional teachers for the coming year, Supt. Homer M. Davis announced this afternoon in issuing the list of instructional workers in the system. The total for 1938-39 is 113, including principals, supervisors and teachers.

Oddities

COLUMBUS, O., Aug. 19 (UP)—Some of the nation's outstanding criminologists were in session at the annual convention of the International Association for Identification when a thief stole a pair of a crime prevention display. The exhibit was reported to be a diamond ring, a pair of diamond earrings and three devices for identifying cloth. Value of the loot: \$23.

New Charges of Communism Rap Theater Project

WASHINGTON, Aug. 19 (UP)—The house committee investigating un-American activities today called on Attorney General Homer S. Cummings to investigate recruiting of Americans to fight in the Spanish war.

The committee unanimously approved a motion by Rep. Harold G. Mosier, D., Ohio, calling for the investigation.

The committee also broadened its inquiry to include charges that the federal theater project is being used to disseminate Communist doctrines.

Miss Hazel Huffman, attractive secretary of a New York organization of actors on relief, accused Hallic Flanagan of using her position as director of WPA federal theaters to further Communist cause.

The committee clerk was directed to send Cummings copies of testimony of Abraham Lincoln Scales, Alvin Halpern, Boston youths who enlisted in the Spanish army, and Harold G. Mosier, who directed that the testimony be forwarded to the attorney general.

TYDINGS SET TO MAKE ATTACK ON POLICY OF FDR

WASHINGTON, Aug. 19 (UP)—Sen. William W. Tydings, Md., read out of the Democratic party by President Roosevelt for "betraying the New Deal," was reported ready today to make a counterattack.

At Salisbury, Md., last night, in his first address since Mr. Roosevelt asked Maryland voters to re-elect him, Tydings did not mention the White House action. But in an address at Baltimore tonight or in a radio address Sunday he is expected to join two other objects of the President's party purge—Sen. Walter F. George, D., Ga., and Chairman John O'Connor, R., N. Y., of the house rules committee—and scold the President's challenge.

Foreign Tactics

O'Connor, in a radio address last night from New York, accused the President of using "foreign" tactics which, he said, provide an "escalator to dictatorship" and issued a "call to arms" against "Communist government" that had been made earlier this week by George.

Asked by Mosier, Halpern referred to speeches he heard made by the Communist agent in a hospital in Spain last year.

He testified that the congressmen—Rep. Jerry O'Connor, D., Mont., and John W. Rankin, R., Minn.—congratulated Americans in the Spanish army and they were "fighting for a great cause."

They gave us the regulation Soviet salute—the raised clenched fist," Halpern added.

W. W. Tydings, Jr., of the Los Angeles Better American federation, was recalled to the witness stand to identify documents allegedly connected with Bridges with the Communist party.

Miss Kerr's assertion that a "great many people attend meetings of the Communist party and the American League for Peace and Democracy" was also denied.

Ira Masters Lauds Miller on Victory

(See vote by counties on page 10)

BOISE, Ida., Aug. 19 (UP)—Secretary of State Ira H. Masters today sent his congratulations to former Attorney General Charles C. Miller in the close race between the two for nomination as Democratic candidate for second district congressman.

"I am happy," Masters wrote, "to get back in your candidacy and I hope if you can use my services you will call on me."

Masters congratulated Miller on his "splendid campaign" and the "large amount of money" he spent.

Car Loadings for 1937 Show Gain

BOISE, Ida., Aug. 19 (UP)—The state public utilities commission reported today that the number of car loadings in Idaho had shown a 10.74 per cent increase over 1936 loadings. The commission reported that 18,665 cars were loaded in 1937 as compared to 17,656 in 1936.

Agricultural products showed an increase of 3,012 loadings over 1936 figures.

U. S. Suffers Most From Labor Strikes

GENEVA, Aug. 19 (UP)—Labor statistics published today by the International Labor office said that in 10 countries there were 2,600 strikes involving 4,385,000 workers. The United States and Great Britain were the two countries with the most strikes.

Four hundred, seven hundred and forty chapters in the United States are involved in strikes with a loss of 26,648,700 working days—more than half the total for 19 countries.

Arrest of Briton Draws Protest to German Officers

LONDON, Aug. 19 (UP)—Great Britain has protested to Germany against the arrest of Capt. Thomas J. Kendrick, British passport officer at Vienna, and his asked a full and speedy explanation. It was announced today.

Germany, it was said, promised a full inquiry. It was suggested that Kendrick's arrest might be in reprisal for his activities in behalf of refugees.

8 DEAD AFTER MADRID BOMBING

BARCELONA, Aug. 19 (UP)—Eighteen persons were killed and scores wounded today by nationalist air raiders who bombed the city three times in the most damaging attack in two months.

The population fled to the vast network of tunnels under the city. The first time since the war started the raiders descended through anti-aircraft fire and dropped their bombs from a low altitude. The raiders also attacked the port of Vallcarlos, south of Barcelona, hitting and damaging the British ship Humberbank.

Five German bombers dropped 20 bombs on the port. One hit the hull of the Humberbank on the port side. Another fell near the pier. Earlier three bombers dropped 30 bombs around the port.

(The Spanish (official) press reported the attack on the Humberbank in the harbor after unsuccessful attempts to beach her. No casualties were reported.)

Junior High Largest

Because the ninth grade freshmen year of this school has been the largest in the history of the school, the staff in junior high tops the city list. There are 31 in that group.

The actual instructional staff by schools in 11th, Supt. Davis and Miss Egan, who as supervisor serves both in grade and high schools, and the instructional and administrative staff to 113.

All teachers in the high school for 1938 were in the system last year except one, Supt. Davis said. The one in Miss Egan Egan, who formerly taught in Twin Falls and who returned this year from the Boise system. She will have charge of music in the elementary schools and also will handle all of the boys and girls' sports classes in the high school.

Four new instructors were hired for the Junior High school and they will handle special subjects. They are Miss Sue Evans, music and art; Miss Winifred Eyer, speech, drama and Latin; G. J. Jackson, health and physical education, and...

Australia Earns Right to Play in Davis Cup Finals

CHRISTIAN HILL, Mass., Aug. 19 (UP)—Australia's two-man tennis team of Alan Quint and Jack Bromberg today gained the right to challenge the United States for the Davis cup with a victory in a doubles match over Germany in the interstate final round.

Nothing but one point after their close singles sweep of yesterday, Quint and Bromberg's steady play in the doubles match of 6-2, 6-1, 6-4.

Pistol Champion

CINCINNATI, O., Aug. 19 (UP)—A. W. Henning, Detroit, today won the 200-yd. pistol championship at the American National Rifle association's aggregate score of 2,002 out of a possible 2,100 points at the national championship matches. Henning also tied the world record of 108 points at timed fire with a 38 pistol.

JAPANESE CABINET INVOKES NEW MOBILIZATION LAW

PHYSICIANS AND STUDENTS TO BE CALLED BY ACT

TOKYO, Aug. 19 (AP)—The cabinet decided today to invoke the sections of the mobilization law requiring that physicians, pharmacists and technical school graduates to register for emergency service.

It was planned to ask the imperial consent of Emperor Hirohito to the new regulation at once. As soon as he approves it, ordinances will be promulgated and men who register under them will be subject to conscription for service as they are needed.

This was only one evidence today of the enlarged demands for man power due to the Chinese.

For Instant Call

The commercial newspaper Chugai reported that the war office had decided to notify second class reservists to be ready for instant call. These reservists were instructed to register after new additions with the war office and to keep themselves available for call at all times.

The Domei News agency reported that the war office was considering a two-year reduction in the present system under which students are exempted from conscription examinations until they reach 27. Students would be exempted only up to their 25th year.

Thousands of Men

A call to second class reserves in Japan would bring up ready for service many thousands of men. Young men subject to conscription take examinations.

Those who pass as class 1 are enrolled by lottery for two years' active service. At the end of active service, they go into the first reserve for five years and four months. Then they go on the second reserve list for 10 years.

Ad Man Kills Girl Refusing To Marry Him

NEW YORK, Aug. 19 (AP)—John Bellinger, an advertising man, went on a date with his girl friend with a sawed-off rifle concealed in his brief case prepared to kill her if she refused to marry him.

He turned him down as they reached her apartment early today and he shot her through the back of the head.

Then, leaving the body lying in the hallway, Bellinger went to the home of Father John Sheehan of the Church of St. John the Evangelist. He roused the priest from bed and confessed the slaying.

Together they went to a police station where Bellinger repeated to a detective that he had killed Marie Joyce, 25-year-old brunette secretary. The body still is in the hallway when detectives took Bellinger there.

"She never knew I had the gun or I intended to shoot her," Bellinger said. "I desire to die for her and I hope they put me in the electric chair soon."

Here's Hobo Card Signed By King Jeff

There may be more of them in southern Idaho — but the first acknowledged "hobo union card" came to light here today.

It's signed by Jeff Davis, king of hobos. The "king" issued it to a local man who opined today that he'd just as soon keep his name on the "Q. T."

Jeff, incidentally, has stepped into the movie business for the moment. He's guiding hobo sequences in a new Hollywood picture.

If you haven't seen a hobo card, its contents may surprise you. For instance, on the reverse side is the hobo's oath to which the card holder signs his name.

Any man or woman alive could take that oath and be a better citizen for it. It says: "I solemnly swear to do all in my power to aid and assist all those willing to aid and assist themselves. I pledge myself to assist all runaway boys, and induce them to return to their homes and pursue a solemnly sworn never to take advantage of my fellow men, or be unjust to others, and do all in my power for the betterment of myself, my organization, and America—so help me God."

Formal name of the union, the card shows, is "International Itinerant Workers Union, Hobos of America."

Davis' signature is modestly signed thus: "King Jeff" Davis.

SWIM CAMPAIGN TESTS UNDERWAY

Swimmers and life-savers had started on final examinations today in the Red Cross annual campaign here.

Thomas Gill, Red Cross expert supervising the classes, is in charge of the examinations. At 1:30 p. m. today the initial portion of the life-saving tests started for seven senior and 14 junior students. Drowning in the water, swimming ashore, demonstration of how to break holds by drowning persons, how to tread water, how to "surface dive" and how to float were all included.

Life-savers will conclude the exam Saturday at the same time with first on artificial respiration, apron, "carries" and then a written test.

The swimming examination will be held Saturday with beginners and non-swimmers from 9 to 11 a. m. advanced swimmers, 11 a. m. to noon, and ladies' final tests at 1:30 p. m.

Emblems Planned

Life-saving emblems and swimming pins will be presented by the Twin Falls chapter to those passing successfully, according to Mrs. D. L. Alexander, chairman.

Enrollment this year under Gill and Frank Carpenter, his local assistant, was 225. Usually mornings and late date of the campaign reduced the number from last year's 627, Mr. Gill said.

The quantity of water beneath the crust of the earth's surface is nearly one-third the total volume of the oceanic waters.

Behind the Scenes In Washington

By RODNEY DUTCHER (Evening Times Washington) WASHINGTON, Aug. 19—A fine word—"boondoggling"—seems to have been unnoticed from the campaign vocabulary.

One day a New York alderman, during a speech, asked a WPA recreation instructor what he thought and the reply was "boondoggling." The word swept the country.

Many more descriptions of projects sounded equally silly. Mostly in research projects, WPA gradually refined its types of work and censured funny-sounding titles.

Most projects proved useful, at least in the eyes of local sponsors many of whom are not concerned as to whether the results are worth the expenditure.

The \$19,000 Memphis dog pound project, which fastened its name elsewhere in 1936 because of reported luxurious appointments for dogs, has lessened the number of dog-bites in the city.

HAYWIRE HOUSE BY EDWIN RUTT

ON the kitchen table a queer kind of thingumbob was rattling away inside a china bowl. Mrs. Clipstock stood with arms folded, regarding it sourly.

Sally shrugged. "Another of his gadgets. He calls it an electric egg-beater. And he insists that we use it!"

"All this leads me to suppose," said Kinks, "that Mr. Harkness has been puttering."

"Sally nodded. "The entire morning and half the afternoon. And the worst of it is, he's not through yet. He swears he's going to put batteries in those dead animal heads so they'll light up at night."

"But that's a swell idea," said Kinks. "We ought to get some good out of the fauna around here."

"Oh, you think it's swell, do you? Well, Mr. Parker, it falls to your unhappy lot to prevent Mr. Harkness from executing just as many of his swell ideas as possible. If you don't, he'll have us all wired for sound inside of a week now."

"Now, just calm down and bake your cake. And after dinner tonight, we'll climb in your car and dig up some place to dance. For a fraction of a second a wistful look came into Sally's blue eyes. Then it vanished and she shook her head.

"We can't," she said. "Can't? Why not? We're free, white and 21."

"Because," said Sally, "Wilton Ames rang me last afternoon."

"What?" asked Kinks. "What?" asked Sally. "I've been working while you were off gallivanting."

"Mr. Harkness tells me he has, she said, stepping inside. "She shot him a pointed look. 'I'll say he has. Did you ever hear such a terrible racket as that bell chime now? At least there are you inside the kitchen and see for yourself!'"

"Nothing to marvel at, young man," he replied. "But an improvement upon ancient methods. The world must progress."

A small but extremely alluring portrait of it was Sally's head as she came flying through the hallway inside and jerked the door open. Her hands were covered with flour and there was a tiny dust cloud in the air.

"Oh, it's you," she said. "Did you really have to ring that bell?"

"Hello," Kinks said. "What are you doing? Playing 'What are the Great White Chiffons?'"

"I'm making a cake," she said. "Yes," said Wilton, and he meant it two ways.

AFTER finishing his sign and setting it up out of town, Kinks arrived to find a great peace brooding over the abode of the Aunt. He had the birds chirped in the trees. The sun was warm on the green lawn. In the back the river lapped peace.

MORAL—HAVE MANY KIDS JUST TO SPITE FOLKS!

Dear Pops: I've seen the Old Grouch in better voice, but even so he was right in these pictures.

"Vacations are the weeds," he rumbled. "Vacations are the weeds," he rumbled. "They refresh one mentally and physically for the year's work."

"A lot of rot," said the Old Grouch. "Vacation time is the time when millions of people pile into cars and go visiting millions of other people."

"I clicked a sympathetic cluck. He growled at me. 'For instance,' said he. 'You take me. Or rather, my relatives took me to a cleaning. First it was Uncle Zeb and his family from Indiana. Then it was Aunt Matilda and her fat little daughter from Casper, Wyo. Then it was Cousin Joe and Josephine from San Diego. Then it was Brother Willyboy from Cincinnati!'"

"You've got relatives," I observed sagely. "Don't blame me," snapped the Old Grouch. "I didn't have them on purpose."

"But you took a vacation and visited folks, didn't you?" I shot at him. "Sure," he shouted back. "But I'm a damned fool. I should have had 15 children so when I visit people I look like the bum. I mean, what can you do with only three kids?"

"Noah's Ark DO YOU WANT TO CATCH TROUT OR KILL EM?"

While we're on the subject of limburger cheese, we might as well pass this information on to the fishermen.

This ought to be welcome information to the feminine fishers who despise the thought of handling worms. The limburger cheese on the tricky trout next time you go fishing. Be sure it's good and rotten and has a pleasing aroma."

A BIT OF FURGING A LA MR. ROOSEVELT: Dear Pops: Mr. Roosevelt can go around the country "purging" folks, I'd rather like to climb on the bandwagon.

I would like to—Purge the guy who sends me my rent. Purge the guy who sold me my Sunday suit as all-wool (I've been out in the rain with it since then). Purge your front door salesman. Purge the guy who always has a better hand than I do in poker. Purge the Saturday night party-givers. Purge the purgers. Purge Pot Shots for printing this purging.

SOLUTION FOR CHINA: "Japanese Drive May Be Halted by Mosquitoes," screams headline. And if the measly little native stingers can halt the Japanese, China could win the war if she'd catch her here and set up a few million Sawtooth mosquitoes.

HERE'S A REAL MATTER FOR THE GRAND JURY: Dear Pops: Since you seem to be the only one with much "influence" and "independence," why cannot you help the American Public? You can't have the Ada county grand jury determine, "if or why did Corrie die?" or "why was he shot?" or "why was Lee Miller—? you guessed it, see."

Fundamental Changes: The old order changes constantly, as Tennyson's King Arthur remarked; and the interesting thing about it is that it changes in spite of us, and brings us up against problems that we would dodge if it were humanly possible. A symptom of the universal change is now making another of its perennial appearances in the Mississippi delta region, in the shape of a mechanical cotton picker.

Society

Social Events Mark Kiwanis Convention

Elaborate plans for the entertainment of Kiwanians and their wives at the Utah-Idaho district convention at Sun Valley Sept. 11-13 are being made by women's committees of three southern Idaho cities, under the general chairmanship of Mrs. Miles Browning, Twin Falls. The schedule of social activities makes the three-day calendar an exciting contemplation.

Initial event of the convention will be the reception in the gardens at Challenger Inn Sunday afternoon, Sept. 11 at 4 o'clock, honoring the international and district officers and their wives.

A religious musical will be presented Sunday evening.

Varied Calendar

Women guests will be entertained at various social parties Monday morning, Sept. 12. Depending on the sports of their choice they will swim, cycle, ride horseback, play tennis, golf, or play bridge.

The Duchin room in Sun Valley lodge will be the locale for the Monday afternoon tea. Mrs. Franklin Squibb, wife of the president of the Buhl club, and a committee of Buhl women will be in charge of the event.

Continuing the events of Monday will be the brilliant banquet and ball at Challenger Inn, at which O. P. Duval, Twin Falls, district governor, and Mrs. Duval will be the honor guests.

Tuesday morning's card party in the Duchin room will be arranged by Mrs. E. A. Beem and her committee of Piler women whose husbands are Kiwanians.

Assisting Chairman

Mrs. Browning is being assisted by numerous committees who are arranging the various entertainments with the dispatch of experts.

Mrs. A. G. Gilbert, Twin Falls, is chairman of the reception committee. Mrs. R. J. Schwendiman, Twin Falls, chairman of the sports committee; Mrs. Grant Padgett, Twin Falls, chairman of golf; Mrs. Lillian Buhl, chairman of the Monday reception and tea; Mrs. U. N. Terry, Twin Falls, chairman of music committee; and Mrs. Beem, Piler, chairman of the card party committee.

PINOCHLE PARTY FOR MISSOURI GUESTS

Mr. and Mrs. Thomas Hodder, Twin Falls, and Mr. and Mrs. Sol Galt, Buhl, entertained at the home of the latter last evening at a pinochle party.

The event was in honor of Mr. and Mrs. Homer Jenkins, who are visiting from Missouri for a vacation with their daughter and son, Miss Wilma Jenkins and Edgar Jenkins.

Honors at card went to Mrs. Walters. Mrs. Moore received the traveling prize and Mrs. Jenkins all presented with a guest favor.

Present in addition to the honorees and the hosts were Mr. and Mrs. Walters, Mrs. Amelia Prothro, Miss Jenkins and Kenneth Hodder.

Refreshments were served following the games.

SIXTH ANNUAL PICNIC SCHEDULED

Former residents of Jewell county, Kansas, now living in this section of Idaho, will attend the annual picnic Sunday at Banbury farm. This will be the sixth consecutive year the event has been held.

Mrs. E. R. Darling and Mrs. Lee Moore are the committee on arrangements for the outing, which will start at noon at the popular resort.

Aquatic sports and an informal program will be features of the day, as will the picnic dinner served in the grove.

TOWNSHIP CLUB PLANS SUNDAY PICNIC

Township club No. 1, Twin Falls, will sponsor a picnic at the City park Sunday, Aug. 21. All persons interested in the Township movement are invited, whether or not they are affiliated with the club, officers announced.

A picnic lunch will be served at noon and coffee will be furnished by all attending. All attendees are asked to bring basket lunches and table service for their families. The afternoon will be spent with various entertainments, including addresses by Township speakers.

Those desiring further information are asked to phone 1294-R or 497-W.

VARIETY PROGRAM PRESENTED AT CLUB

Mrs. Cecil Brown read a short story, "The Bell," by Dorothy Canfield. Mrs. Charles Terrell conducted a contest, "Blends and Blending Facts," and Mrs. C. Kincaid sang at a meeting of the Women's club yesterday afternoon.

Mrs. Clark Blue and Mrs. Alice Blanks were hostesses in the group. Hot air balloons were a favorite company. Mrs. A. Ziska was a guest. Refreshments were served in style at the close of the meeting.

Mrs. B. T. Dietl and Mrs. Harold Hainline will entertain the club Sept. 1 at the Dietl home.

Vacation Guests Inspire Reunion

The return of former residents for vacation visits has occasioned many delightful friendship reunions this summer. One of the latest evening at the Freese M. Williams home, 1440 Ely street, had not met since high school and college days.

Present were Miss Sunshine Williams, Lindsay, Calif.; Mrs. C. C. Coleman (Una Stearns), Hollister, Calif.; Miss Irene Warner, Los Angeles; Mrs. Walter Gorrie (Miss Howard), Deary; and Mrs. Alice Baker (Charlin), Los John Leiser, Mrs. Zuma Schenberger, Hale, Miss Georgia McMaster, Miss Gertrude Beal and Miss Jean Dinkelacker.

Guest of honor was Mrs. L. Billington, who as Miss Geneva Staff organized the first Camp Fire group in Twin Falls. Several of the guests present last evening were members of this group.

The buffet table was colorful with a hand-woven linen cloth which Miss Williams brought back from Mexico last summer, and a jolly crystal bowl of coral and yellow coral geraniums, marigolds and purple petunias.

Guests were seated at quarter tables illuminated with tapers in brass holders.

ORCHALARA PLANS ACHIEVEMENT DAY EVENT

Orchalara Home Demonstration club members will exhibit specimens of their work at Achievement Day in Piler Sept. 22. It was decided Thursday when the group met at the home of Mrs. Frank Schubert northwest of Twin Falls.

Miss Agnes Schubert assisted her mother in serving refreshments.

Final plans for the display at Piler will be made at the next meeting of the club on Sept. 12. Mrs. William Hulbert will be hostess.

BOOK REVIEW ENTERTAINS CLUB

Mrs. Bertha Irwin was hostess Wednesday afternoon to members of the B and T club at her country home.

The book, "Ood and My Father," by Clarence Day, was reviewed during the study period, and the remainder of the afternoon was spent socially.

Refreshments were served tray style by the hostess.

BOISE GUEST HONORED AT SHOWER

Mrs. Rex Rogers, Boise, was the honoree at a shower yesterday at the home of her mother, Mrs. June Kirkman. Mrs. Don Kirkman was assisting hostess.

Pinochle and bridge entertained the 25 guests. Following presentation of the gifts, the hostesses served refreshments. Garden bouquets decorated the rooms.

Mrs. Rogers left last evening for her home in the capital city.

Calendar

Former residents of Jewell county, Kansas, will hold the annual picnic Sunday at Banbury's maturation at noon. Those wishing to attend may call 9483-R for further particulars.

TRIO COMPLIMENTED AT INFORMAL DINNER

Sharing honors at a dinner party last evening at the R. A. Waters home, 250 Seventh, were Mrs. Waters, whose birthday was being celebrated, and Miss Edith Horman, Vicksburg, Miss., and Miss Lillian Watson, Chicago, nieces of Mrs. Waters.

Zinnias in varied autumn shades were the table and room trims. The evening picnic of Monday, was spent socially.

The group included, in addition to the honorees, Mrs. Julien Roy, Mrs. Leo Striffler, Mrs. Donald Bacon, Cape Horn; Miss Margaret Hof, Miss Mary Hof, Miss Margaret Deven, Miss Mary Deven, Miss Carroll Freese, Miss Duran and Miss Susan Waters.

TRAVEL FILMS SHOWN AT PICNIC

Mrs. Forest G. Saltbury was elected vice president of the Baptist church Missionary society at the annual picnic Sunday at Banbury farm. Husbands were guests at the picnic held at the country home of Mrs. Leo Striffler and participated in an alfresco dinner, served buffet style.

Entertainment of the evening was a travel show by Miss Laura Belleville, art teacher at Gimhardt, who is spending the summer here. The movie featured western scenic views for their families. The afternoon will be spent with various entertainments, including addresses by Township speakers.

Those desiring further information are asked to phone 1294-R or 497-W.

PHONIC PLANNED BY MAMONS, EASTERN NEARS

Order of the Eastern Star group will be held Thursday, Aug. 20, at 12:30 p. m., at the Twin Falls country club grounds at Piler, officers announced.

All members of the two organizations and their families from Twin Falls, Piler, Hamlet and Buhl are invited to attend the event.

Highlights on the program include softball, horseshoe pitching and an all fresco dinner. Lemonade and ice cream will be provided.

The committee in charge includes George Warner, Twin Falls; Harold L. Cedarholm, Piler; James B. Colson, Hollister; and Freddie Haevel, Buhl.

Vows Exchanged At Home Wedding

OLENNIS FERRY, Aug. 10 (Special)—Before an improvised altar banked with white and salmon gladioli and greenery, Miss Dorothy Irons, Glennis Ferry, and Roy W. Murphy, Casco, exchanged marriage vows Saturday morning at 9 o'clock. Rev. James Opie read the marriage service.

Miss Margaret Taylor played the wedding march. The bride was given in marriage by her father.

The bride's groom, sister of the bride, was maid of honor, and Walter F. Tanner was best man.

The bride was gown in a sheer white chiffon model with a full skirt and shirred bodice. She wore a single orchid and carried rosebuds and lilies of the valley.

The groom was frocked in blue and white marquette and wore an old-fashioned nosegay at her waist.

The bride's mother was attired in black and white crepe, and the bridegroom's mother wore blue chiffon.

Following the ceremony, a wedding breakfast was served. The table was decorated with white and salmon gladioli and greenery and a three-tiered pink and white wedding cake.

After a brief wedding trip, Mr. and Mrs. Murphy will be at home in Casco.

The bride is the daughter of Mr. and Mrs. Van Irons. She received her education here, and has been employed by the Idaho Power company.

Mr. Murphy is the son of Dr. and Mrs. J. H. Murphy of Twin Falls. He has been working with the C. C. Anderson company for some time, and is at present manager of their store at Casco.

ALL-IDAHO SWIM MEET OPENS SATURDAY

90 Athletes from Five of Largest Cities Participate

With last minute details ironed out, and entry lists complete, everything was in readiness this afternoon for the opening tomorrow of the all-Idaho amateur swimming meet which will see the best swimmers of the state matched against each other in their quest for state championships.

The meet, which officially gets underway Saturday at 3 p. m., with preliminary heats in the junior division, will be held at the Harmon park pool in Twin Falls under sponsorship of the Twin Falls Junior Chamber of Commerce. Junior finals will start Saturday evening at 7 p. m. while senior preliminary heats will be run off Sunday afternoon starting at 1:30 p. m. with finals in that division set to get underway at 6:30 p. m. Sunday.

All records set at the meet will be recognized as official records for the state inasmuch as the meet here will be the first ever to be staged in a pool affording a 50-yard straight-away course.

A registration closed at 6 p. m. last night. L. W. Folsom, local team coach and registrar for the meet said that about 90 swimmers, including both boys and girls, were entered. Teams will be here from Boise, Nampa, Caldwell, Pocatello, Idaho Falls and Twin Falls. In each case the swimmers represent the tops in their respective communities, some cities staging elimination meets before announcing team selections.

Because of the number entered it will be necessary to withhold all final events until the evening of both days, running preliminary heats the afternoon Folsom said.

In junior events preliminary heats will be necessary in boys and girls 50-yard free style, boys 100-yard breaststroke, boys 100-yard free style, girls 150-yard free style, boys and girls 150-yard back stroke, and girls 100-yard free style.

Preliminary heats in the senior division, starting Sunday afternoon, will include boys and girls 50-yard free style, boys 100-yard breaststroke, boys 100-yard free style, boys and girls 150-yard back stroke, boys and girls 100-yard free style, boys 50-yard free style.

Visiting swimmers will either stay with private families or at the Harmon hotel, designated as meet headquarters.

Complete order of events in both divisions was announced this afternoon by Ronald Graves, chairman of the junior Chamber committee in charge after a conference with Mr. Folsom. The events follow:

Fighting Reds Hope to Overcome Pirate Lead

Armstrong Winning His Third Championship

In a battle packed with 15 rounds of thrills for the 18,000 fight fans who jammed New York's Madison Square Garden, Henry Armstrong, already holder of the feather and welterweight championships, added the lightweight crown to his collection when he won the decision from the titleholder, Lou Ambers of Hazelton, N. Y. Pictured above is a bit of fast action from the fight, with the Los Angeles Negro swinging a left hook at Ambers dodging jaw.

Team Only 1st Division Club Able to Win

By GEORGE KIRKSEY
 CHICAGO, Aug. 19 (AP)—The ball club to watch from now on in the National League pennant race is the Cincinnati Reds.

With the other first division clubs, the Pirates, Giants and Cubs, all traveling in reverse the Reds are crowding their way back into the thick of the fight.

Moving the Cubs off for the second straight yesterday, Cincinnati knocked within six and one-half games of the league-leading Pirates. Paul Derringer handcuffed the Cubs with seven hits to win 5-1, and further distinguished himself by hitting one of the longest homers seen at Wrigley field this season. It was his 16th homer.

The Reds combed Rott, French and Russell for 18 hits with Frank McCormick leading the attack with four singles. McCormick has now made 150 hits in 108 games and has a chance to become the first Cincinnati player to hit 200 hits in one season since Jake Daubert accomplished the feat in 1927.

Still Have Chance
 The revived spirit of the Reds has even been admitted by Lou McCormick admitting that Cincinnati has a pennant chance.

"We haven't quit at all in this pennant race," McCormick said. "We had our slump when our boys tightened up but we've passed through that and have now settled down to play our game. We aim to catch somebody in this race and that somebody is Pittsburgh."

The two National League leaders with the bases loaded in the fourth drove in two runs. Johnny Mize hit a homer with two on in the next frame. The first run off Willard was Lee Handley's homer in the first.

Dodgers Trim Giants
 Brooklyn trimmed the Giants, 5-3, although New York made 11 hits to the Dodgers' six. Vito Tamulis was invincible in the ninth. The Stacks' triple with the bases loaded featured a four-run Dodger rally in the fifth which enabled the Dodgers to defeat Carl Hubbell.

Although they split a twin bill the New York Yankees kept up their pennant drive as Cleveland lost and the world champions extended their lead to five full games. Joe Dimaggio's triple and Lou Gehrig's double gave the Yankees a 6-5 victory over Washington in the 11-inning opener. Wes Ferrell, pitching his first game in a Yankee uniform, outlasted Duane Laidner to beat his ex-astute. Harry Kelley pitched a six-hit game to beat the Yankees, 6-3, in the nightcap. George Case, Senators' rookie outfielder, made three hits in each game.

Brown Beat Indians
 The St. Louis Browns scored a 3-1 triumph over Cleveland when Stuck Newsum's five-hit pitching, Newsum fanned eight men in scoring his 14th victory. Bob Feller was driven in cover by the Browns with a three-run attack in the fifth.

In the other two American League games Jim Bagby pitched the Boston Red Sox to a 2-0 triumph over the Athletics, and Detroit, capitalizing on Johnny Whitehead's wildness, beat the Chicago White Sox.

Ailing Arm May Keep Hubbell from Box

By HENRY SUPER
 NEW YORK, Aug. 19 (AP)—"King" Carl Hubbell, one of the greatest pitchers baseball has known, was on the sidelines today with an arm ailment which may put him out for the rest of the season and wreck the New York Giants' National League pennant hopes.

Hubbell and his teammates, struggling to win their third straight league championship, probably will get definite news next Tuesday when a specialist examines Carl's arm in Chicago.

Winner of more than 200 ball games and called Manager Bill Terry's "meal ticket," the 35-year-old left-hander was driven from the box in the fifth inning of yesterday's game by the Brooklyn Dodgers who went on to beat the Giants 5-3.

Free from Aliments
 Never a complaining pitcher and remarkably free from the ordinary run of arm ailments, Hubbell admitted to Terry yesterday that his elbow had been troubling him for some time. But he added, "It always worked itself loose after a while and I didn't consider it serious."

Recently Hubbell said, the pains became more severe and as yesterday's game "the elbow felt as though knives were cutting through it every time I tried to put anything on the ball."

Pennant Chances Lessened
 Terry said he had no idea Hubbell's arm was such a serious problem until after yesterday's game. With Hubbell out the Giants' pennant chances are considerably lessened. He was a potent factor in the Giants' 1933, 1935 and 1937 drives to the top.

The Giants are five games behind the league-leading Pittsburgh Pirates and only a game and a half ahead of the third-place Cincinnati Reds.

Yesterday's Scores
AMERICAN LEAGUE
 New York 6-3, Washington 8-6, Boston 2, Philadelphia 0, Detroit 5, Chicago 1, St. Louis 3, Cleveland 1.

Jerome Jaycees Trim Elders In Ball Game

JEROME, Aug. 19 (Special)—The Junior Chamber of Commerce had too much youthful ambition for the Senior Chamber Wednesday night and the Jaycees won a 3-2 softball game.

Some 300 persons watched the tilt, and had a merry time watching the businesslike contest on the baseballs.

The Jaycees pounded the ball lustily in every inning. Feature hit for the older players was made by W. Trivall, C. C. C. prey, when he smacked a three-bagger with the bases loaded.

Only one unassisted double play was made by Dr. D. E. Zeller of the losers, who pulled his "gem" at second base.

Mac Lists George Lott as Traitor; Coaches Aussies

By HENRY McLEMORE
 BOSTON, Mass., Aug. 19 (AP)—Here in this cradle of American liberty, where the hoof beats of Paul Revere's horse still echo on quiet night, I have found a traitor.

Here in the shadow of Bunker Hill, at a spot hard by the harbor where the water still splashes from the tea thrown overboard, lives a man who is conspiring to deliver us once again into the hands of the British.

In order that you may know him, I will give you his name. It is George Martin Lott.

New Name for Lott
 "Mata Hari" is what we will call Lott from this point on, played on six American Davis cup teams, and knows all the secrets of the world's most full-playing sport. He can speak with non-playing American captives in the magic brittle that non-playing captives speak. He knows the vulnerable spot in the armor of each American Davis cup player because he coached them last year and enabled them to win back the Davis cup.

"DX" as Lott will now be called, sold his services to the Australians last year. For a sum, Lott agreed to teach the Australians how to beat (1) the Germans in the inter-zone finals and (2) the Americans in the challenge round for the cup.

All the Dope
 He is understood when the fatal bargain was sealed, to have departed from his black belt base to the two-lined zipper-equipped kangaroo pouch employed by the six Americans for important documents, a complete dossier of American Davis cup trade secrets, including the name of the pitcher-thrower of the convertible couple which greeted J. Donald Budge when he stepped off the gangplank from Europe a few weeks ago.

Lott sincerely believes—or at least he told me yesterday while recreating his room with union Jacks—that the Australian team which he has so carefully coached has more than a fighting chance to win the cup for the first time since 1919.

Making Sense
 "Nelson was a bit of 3 underdog at Trafalgar," Lott said in his clipped British accent, he fiddled with his old school tie (p. 5, 14, Springfield, Ill.) "Jack Doyle would have let you write your own ticket on Wellington at Waterloo, but we bloody British blokes have a way of muddling through—be it Germantown or Ypres."

Unexpectedly Lott began to make sense. He said "Bromwich, given a fast court such as Germantown (where the American team will have to defend the cup against Mr. Lott's Australian team) might well beat Budge. He's young and he's awkward, but he's tremendously effective. He beat Budge twice last winter in Australia and it wouldn't surprise me too much if he repeated in this country. I'd be even less surprised if he beat Bob Riggs."

Clutch to Beat Riggs
 George Lott, as we sometimes call him, thinks Quigg is a clutch to beat Riggs and gives him more than a hare chance to beat Budge. If Lott is correct in his reasoning, and there is no reason to believe that he is inasmuch as he understood the mental duels of 19 years of amateur tennis, America is more sure of retaining the cup won last year by beating England.

For fear that some of my less understanding readers will interrupt this story as unkind to Mr. Lott, let me say that he first offered his services to the American team which he last year coached to victory. He was surprised

Tourney Set For Girl Softball Clubs

JEROME, Aug. 19 (Special)—Jerome was busy laying plans today for the first annual girls' out-of-town softball tournament, set to be played on Sunday under the sponsorship of the Jerome Softball association.

Eight south central Idaho female clubs will participate and the games will get under way at 9:30 a. m. when Shoshone and Jerome clubs in the opener. At 11 a. m. Hazelton and Twin Falls will meet.

In the afternoon Burley tangles with Coaley at 1 p. m. and at 2:30 Oakley meets Rupert. Other elimination games will follow, with the championship tilt set for 8 p. m. under the floodlights.

The Jerome softball association is purchasing appropriate trophies for the championship club and the runner-up, with individual awards being set for the members of the winning club. Frank Reitz, president of the softball association, and also president of the Idaho State Junior Chamber of Commerce, will present the awards.

Officials will be Ben Cohen, umpire-in-chief, and M. C. F. O'Rourke, tournament manager.

5 Teams Left In Semi-Pro Baseball Meet

WICHITA, Kan., Aug. 19 (AP)—Five remained in the national semi-pro tournament today after the end of the first week of play. Two of those are destined to play their next games on Tuesday night in a double-header which matches four of the unbeaten clubs.

Buford, Ga., last year's runner-up, plays Alamo, Ia., at 8:15 p. m. and Lynchburg, Va., meets Harrison, N. C., at 9:15 p. m. The fifth undefeated club, Mt. Pleasant, Tex., has an off night. In the Friday night opener, Silverton, Ore., plays Kearney, Neb., with the loser facing elimination.

Five teams went out yesterday after losing their second tournament game.

Encid, Okla., defending champion, recovered from a surprise beating at the hands of the Rapids of Ft. O., and turned back Pueblo, Colo., 6 to 2.

The outstanding contest of the night brought Mt. Pleasant, Tex., into the picture as the strongest challenger for the championship. The Texans scored all of their runs in the eighth inning to defeat Reno, 9 to 5. It was a new record for runs tallied in one inning at the meet.

The victory, the third for Tim, Pleasant, assured the team of finishing among the 10 highest which will share in the money. Reno, which was not eliminated.

Buffalo, N. Y., won a pitcher's battle from Lewiston, Ida., 3 to 2. Buffalo scored the winning run in the fifth inning.

30 ARABS KILLED, MANY WOUNDED IN PALESTINE CLASH

BRITISH LEADERS MAP NEW PLANS TO HALT STRIFE

JERUSALEM, Aug. 19 (UP)—At least 30 Arabs were killed and many wounded in clashes with British troops during the last 48 hours, it was announced today. British authorities said the military operations were the largest since the recent series of disorders began.

Several thousand troops were engaged in running down terrorists in scattered sections. They were aided by airplanes which bombed and machine-gunned resisting rebel bands.

Outlets with reports of a new British plan for dealing with terrorists, probably to be put into effect immediately.

Search for Munitions

The plan was completed while Melcolm MacDonald, British secretary of colonies, visited Jerusalem. He was understood to include the most intensive search yet made for the sources of supplies of bombs and other munitions now in Palestine. The authorities were confident that these sources could be eliminated shortly. At the same time a strict patrol of Palestinian roads was to be put into effect to halt the smuggling of munitions.

The latest clashes took place near Acre and Nablus. At the latter place, a large band of Arabs fired on a British patrol from ambush. It was estimated that the rebels suffered 100 casualties, including 13 killed. A British officer and soldier were killed and seven soldiers wounded.

Hunt Terrorists

The troops were searching for terrorists in the village of Shabb. They destroyed a number of homes in which they suspected that arms and munitions were being stored. In addition, many villagers joined the rebels.

Airplanes and reinforcements were sent to the area and the rebels were dispersed after a brisk fight. Officers said the engagement was one of the largest since British troops took over control of the Holy Land.

At least 14 Arab rebels were killed. One British soldier was killed and four were wounded when troops surprised Arab rebel leaders in a conference at Kathriss village, near Nablus last night.

G-MEN CONFIRM MAN'S IDENTITY

BROOKLYN, Aug. 19 (Special)—Although preliminary identifications had already been made by Jerome and Twin Falls authorities, Sheriff James Davis last night received a telegram from J. Edgar Hoover, F. B. I. chief at Washington, confirming the fact that fingerprints of Robert Wilson, 23, tally perfectly with those of Marvin Clark, escaped Iowa convict.

The youth died after being shot by Night Policeman Howard Davis when he attempted to escape. A coroner's jury cleared the policeman as having acted in line of duty.

The F. B. I. telegram said that the fingerprints tallied with those of a youth answering the exact description of a Marvin Clark who had escaped from the Anamosa, Ia., state reformatory on May 21, 1933. The charge on which Clark had entered Anamosa was robbery and he was to be held for a term of 10 years. He had been entered on March 19, 1935.

Birthplace and residence were given as Etherville, Ia. It was further stated he is survived by a father, E. A. Clark, Miami, Fla. The Wiley funeral home here received a telegram from the father who had inquired concerning the cost of shipment of the body to Miami. No answer from the father had as yet been returned. After the funeral home answered the first inquiry, Clark had been employed here with a local threshing crew and when he was arrested Saturday night with Glen Johnson, of Eden, he was taken to the county jail.

As the officer, Howard Davis, unlocked the door to the vault in part of the jail Clark is alleged to have run down an adjoining alley. He was stopped by a bullet from Davis' gun and succumbed after he had been entered for an operation at the Wendell hospital on Monday morning at 8:15.

Extensive School Plant Offers Changed Picture

With values boosted by the \$350,000 building program to an aggregate of \$1,116,012.26, the public school system of Twin Falls independent district changed picture from that of little more than a year ago.

That's the conclusion any resident of the district reaches after a look at the new school plant. Supt. Homer M. Davis, who has guided the building and modernization program to near-completion, conducted press representatives on such a tour Thursday afternoon.

Most obvious change in the picture is the two completely new buildings, Bickel and Lincoln, focal points in the \$350,000 bond program. The old Bickel has disappeared and the new Lincoln, now joined to the new unit, has been thoroughly renovated inside. Washington, with the new four-room addition completed, is now a completely modern and efficient building which has seen the older portion rejuvenated throughout.

Extensive remodeling of the junior-senior high school building—a giant structure with only an imaginary dividing line between the two completely new sections—is now nearing the end of an extensive remodeling program.

New shower rooms, "bake" rooms for physical education, new classrooms, teachers' lounge, dean of girls room and installation of one of the most modern home economics kitchens in the intermountain west—these are highlights of the junior-senior high school change but are far from the entire story.

Inspection Sept. 2. Public inspection of the new Bickel and Lincoln structures will be held from 7:30 a. m. to 9:30 p. m. on Sept. 2, the Friday before school reopens.

Inspection of the modernized high school building will come later, during American Education week, Sept. 24-26.

Although the new buildings were erected under contract, all remodeling and modernization in the old buildings was done by the school district's own staff. Furnishings and other physical education equipment were furnished and repaired by this staff from the equipment of old Bickel and old Lincoln, saving thousands of dollars.

New primary chairs were practically the only major item of furniture that had to be purchased. Here's a panorama of the new buildings and renovation work in the old:

NEW BICKEL. A \$149,782.77 structure termed by outside school specialists "the finest elementary building in the intermountain country."

It contains 18 classrooms, a library-reading room, play room, an auditorium, two restrooms and lounges for teachers, principal's office, clinic, kitchen, two book storage rooms.

Supt. Davis estimates 720 pupils will be housed in the Bickel this fall.

Landscapeing Later. Landscapeing will be carried out later. The two old portables are to be moved immediately. A \$25,000 grant made to the nursery school.

Large play room. Supervised play will be part of the winter health program; in bad weather, recess periods will be spent there.

Classrooms all arranged to provide for 40 pupils. New bookshelves in old Bickel (now just a memory) have all been refinished by the school district's own workmen.

New modern modern bookshelves at rear of each room, ventilated through the bottom and containing three "staggered" rows of hooks providing large capacity in small space.

Entirely refinished slate blackboards, taken from old Bickel. Reconditioning of these slate boards from the demolished building, and from high school rooms where taken, cost \$2,500 and furnished the Bickel, the new Washington addition and all but four rooms of new Lincoln.

Wide corridors well lighted naturally.

408 in Auditorium. Auditorium seating 400. Roomy stage with red velvet curtain. Folding chairs slide into compartments under stage.

Kitchen adjoining auditorium with "pull-up" door between. Auditorium, by use of folding tables, will be used as dining room for lunches served through the P. A.

Excellent lavatory facilities. Clinic and waiting room off one side of main entrance. Shower bath for youngsters from lunches with sufficient bathing facilities.

Wide, open stairways at each end; two others at each side of auditorium—seven exits, five major and two minor.

"Dual roll" slides in all rooms. Large library and reading room,

and interior wardrobes on which one handle opens all doors.

Twelve classrooms (two per grade) will be in use this fall.

SENIOR-JUNIOR HIGH. Complete renovation is now nearing completion.

New flooring in auditorium, sloping 18 inches.

New proscenium opening; new cyclorama; stage curtain cleaned; new spotlights to be installed. Auditorium redecorated.

Office installed for dean of girls. Teachers' restroom and lounge installed for women instructors.

Drinking fountains placed in gymnasium.

New shower rooms for boys and girls.

Basket rooms for boys and girls; physical education classes to place gym clothing in these.

Basketball room, with separate shower.

Extensive quarters for domestic science, with "family units" at each of which four girls can work at stove, sink, shelves, etc. The room handles 32 girls at one time and will be used by both junior and senior high all day.

Classrooms thoroughly renovated. Floor and walls repaired. Some lighting improvements made.

New junior high shop. New art tables, made here.

Partitions in large third floor rooms to make two new classrooms. Special music room with elevated seats to accommodate 80.

New art room. Junior high reading room for recreational reading, adjoining main library.

LINCOLN FIELD-HOUSE. Two former Lincoln school portables, now one building, have been transformed into locker, shower and dressing rooms for Twin Falls and visiting athletic teams. Hooks arranged for football uniforms; ventilated because behind wire screens.

Four showers. Hot water provided by same heater that warms the building.

Tables and chairs installed in primary rooms, which formerly had only desks.

Stairways painted. Lavatories spray-painted, and basement undergoing same process.

Eight classrooms will be used in this building.

WASHINGTON. Every room thoroughly cleaned. New library and reading room installed.

All desks refinished. All rooms caulked twice. Halls sanded and redecorated. Offices and lavatories cleaned. All wood work varnished.

The new addition, which has now been in use for one year, will also be sanded and span for school opening. That addition has a large playroom

F.D.R. Has No Intention of Extending Monroe Doctrine

HYDE PARK, N. Y., Aug. 19 (UP)—President Roosevelt today indicated that he did not have in mind extension of the Monroe Doctrine to Canada in his Kingston, Ont., speech in which he pledged United States aid to the Dominion in event of a day's decline to discuss dominion's distress by a power other than Great Britain.

The chief executive's clarification of this point came when he was reminded at a press conference at the summer White House that Washington was interpreting the address as an application of the doctrine to America's northern neighbor. The president arrived here earlier from a one-day trip to Canada.

He suggested that his questions read the Monroe Doctrine for a direct reply and then added that he had made no mention of Latin America in his Kingston utterances yesterday.

Mr. Roosevelt, who will be at the summer White House for the next 10 days declined to discuss dominion's distress by a power other than Great Britain.

He remarked that a look from the front lawn of the summer White House was sufficient proof that the "heaven" was not next door, and for that matter not even in English county. As a matter of fact, he said, it was a mile and a quarter away as the crow flies.

Tomorrow Mr. Roosevelt plans to confer with Secretary of Agriculture Henry Wallace. It was expected Wallace would come here for a further discussion of a subsidy program looking to disposal in the world market of 100,000 bushels of surplus wheat.

NOMINATION GOES TO BERT MILLER

BOISE, Ida., Aug. 19 (UP)—Former Attorney-General Bert H. Miller's nomination as second district congressman on the Democratic ticket was assured today when official tabulations from 414 precincts in the district's 25 counties showed him leading Secretary of State Ira H. Masters by 207 votes.

The count:

Miller 9981

INERTIA

PORTLAND, Aug. 19 (Special)—Communities in the northwest were warned today by C. C. Hockley, regional director for the public works administration, that they may lose out in participation in the new public works program because of their own inertia.

With Sept. 30 set as the deadline for filing applications for PWA grants and loans, it is imperative for communities to act promptly in presenting their construction needs to the public works administration, Director Hockley stated.

Conclude Visit
Adolph S. Merr, Madison, Wis., and Russell Pike, Portage, Wis., have gone to San Francisco, following a visit with Mr. Pike's sister, Mrs. Joseph Pix.

What! Romance in a GROCERY STORE ?

Certainly there's romance in our business . . . maybe not of the "Hearts and Flowers" type . . . but when you consider the distant ports, the far-away lands from which some of the daintier dainties come, you'll admit we fairly bristle with it! We like to pride ourselves on the fact that we are prepared to bring you the more seldom tasted foods . . . the delicacies which lift your luncheon or tea from the commonplace. Green ripe olives . . . caviar . . . delicious tropical fruits . . . fancy pack shrimps . . . everything to lend distinction . . . an air to your turn at entertaining.

We suggest you try our food market first for these extraordinary foods . . . with the surety that we will be able to serve you best.
