### BLOWOUT TESTS SCHEDULED HERE

Twin Falls residents, next Wednesday at 5:30 p. m. on the truck lane near the Continental Oil plant, will have the opportunity of witnessing blowouts of tires mounted on a car which will be traveling at more than 60 miles an hour. It was announced here this afternoon by officials of the Magel Automobile company, which firm is sponsoring the demonstration.

Arrangements for the unique demonstration, featuring a car equipped with LifeGuard tubes, were completed here today and police cooperation has been secured to handle the traffic and crowd. It is possible that several city officials and others will be riding in the machine as it roars down the truck lane on that date.

The purpose of this apparently dangerous but actually routine performance is to prove that in a car equipped with LifeGuard, tire failure at any speed is no more dangerous than a slow leak. The blowout is induced either by means of railroad spikes firmly fixed in heavy steel plates or by dynamic tests detonated from within the car. The casing is ripped to shreds, but the car remains in control of the driver and is brought to a smooth safe stop without weaving or leaving the road. The explanation is that the LifeGuard, a reserve tire within the tire, is not affected by the function of casing or tube but holds air long enough to enable the car to be stopped.

The public is invited to attend the demonstration, according to B. F. Magel.

### CHANGE SEEN IN POSTAL POSITION

A contemplated vacancy in the office of postmaster at Rogerson today was the signal for a fourth class postmaster examination which will be held in Twin Falls, according to word received from the United States Civil Service Commission.

Applications for the position, examination date for which will be stated in admission cards to be mailed all applicants after Sept. 2, must be received by the territory supplied by the postoffice and must have reached their 21st birthday and not be over 65 years old.

Application blanks, form 9, and full information concerning the requirements of the examination can be secured from the postmaster at Rogerson. Compensation for the office during the last year amounted to \$551.

### Elderly Wendell Resident Honored At Final Tribute

WENDELL, Aug. 26 (Special).—Funeral services were held Sunday for Peter Olof Peterson, 75, who died at the St. Valentine's hospital last Thursday after an illness of several years. The rites were held at the L. D. S. ward house under the direction of Bishop John P. Dixon. Mr. Peterson was a member of the Swedish Lutheran church, having joined when a young man.

He was born in Stockholm and came to the United States about 1903, locating at the then newly-opened tract at Piler. He lived at Buhl for several years, where he married Mrs. Edna Leasure. In 1928 he came to the Wendell country where he had since made his home. He was forced to give up farming four years ago on account of ill health.

Palbearers were Glenn Jenkins, J. P. Simpson, G. D. MacQuibby, Charles McClure, Le Roy Fowler and Harry Hosman. Interment was in Wendell cemetery.

### More Freckles

David David—no relation to Simon—has more freckles than the hero of the comic strip 'Freckles and His Friends.' Young David has entered the Freckle contest in the Canadian exhibition at Toronto, Ont., and looks like a good bet to cop honors in his hometown's show.

### Wins "Sit-Down"

### Impressive Rites For Mrs. Candaux

RUPERT, Aug. 26 (Special).—Funeral services for Mrs. L. F. Candaux, who died at the Rupert general hospital last Saturday, were held in the Christian church Wednesday, Rev. Sanford St. John officiated.

Music was furnished by Mrs. Floyd Britt who presided at the piano and played a soft prelude and accompanied the singers. Mrs. Wayne Newcomb who sang, "Beautiful Isle of Somewhere"; Mrs. Fred Schuepbach, who sang, "Lead Kindly Light" and a male quartet, composed of D. L. Carlson, L. V. Carpenter, A. E. Johnson and L. A. French, who sang "Abide With Me."

Scores of beautiful floral offerings were expressions of sympathy to the bereaved family and bore testimony of the love and esteem in which Mrs. Candaux was held by her many friends.

Coming here as a child when the Minidoka project was in its infancy, Mrs. Candaux grew up with it and in the day of her death took a vital interest in everything that benefited the community. She was active in church, grange and club work and held various offices in the organizations to which she belonged.

Flower bearers were Mrs. F. W. Ender, Mrs. Charles Goff, Mrs. R. B. Spidell, Mrs. Charles Collin, Mrs. Ida Carlson, Mrs. Charles Burgher,

Mrs. Paul Rogers, Mrs. Clay Rogers, Mrs. I. L. Farrabee, Mrs. G. W. Doyle and Mrs. Grace Troeger, members of the Woman's Benefit association to which Mrs. Candaux belonged.

Palbearers were Paul A. French, Frank Gulley, Frank Saylor, Peter Boyd, William McNeil, Earl Kearns, Frank Markle and Walter French. Interment, under the direction of the Goodman mortuary, was in the Rupert cemetery with a brief committal service conducted by Rev. St. John.

### KIMBERLY HIRES 5 NEW TEACHERS

**KIMBERLY, Aug. 26 (Special)**—Five new teachers to the grade and high schools will greet students when school opens September 6, reports L. A. Thomas, superintendent.

Rupert Miller, Jerome, new agricultural teacher in the high school was employed last June 1. Before coming here, he had taught at Rexburg.

New instructors in grammar school include Miss Cecille Cook, Payson, R. D., first grade; Miss Jean Wimmer, Shoshone, first grade; Cheryl Yaw, Twin Falls, third grade; and Carl Albertson, Abbot, fifth grade. Two teachers are necessary for the first grade because of the large number of beginning pupils, reported Superintendent Thomas.

At a meeting of the school board Tuesday, it was decided that children under six years old would be allowed to enter the first grade on probation, the school reserving the right to decide if the younger pupils are sufficiently developed to continue with the school work. Children over six years old enter without restriction.

Because of "financial stress," the school board decided Tuesday to lower student body fees from \$250 to \$2 for this school year. The reduction is temporary.

First faculty meeting will be held Saturday at 9 a. m., the board decided. Text books will be the same as in previous years, reported Thomas, with the exception that cash will be demanded in payment for them. Book orders will be held from 8 to 8 p. m. on the Friday and Saturday immediately preceding the opening of school.

The board also decided Tuesday to install a gasoline tank at the high school garage. C. M. Fisher and Otis Whitney, members of the transportation committee, authorized the purchase and installation of the tank before the opening of school. Herrick gasoline will be purchased wholesale instead of from a retail firm, said Superintendent Thomas.

### 4-H Prepare for Achievement Day

**GOODING, Aug. 26 (Special)**—Gooding county 4-H girls were making final preparations today for their "Achievement day" program to be held next Monday and Tuesday at the Legion hall in Tugerman.

Clothing, canning, nutrition and room improvement projects will constitute the exhibits, and an interesting program to include judging, demonstrations and a style revue will further carry out the achievement plan.

Exhibits will be displayed Monday and the contests will be held Tuesday, according to the complete schedule. Home economics judging will begin at 10 a. m. Tuesday morning; team demonstrations will be held at 11 a. m. and a special 4-H program will be given at 1 p. m. to be followed by the style revue at 2 p. m.

### RUSSELL LANE

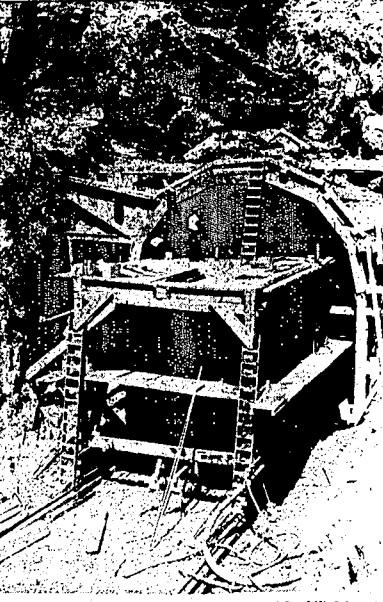

Misses June Paul, Irene Bremers, Ruth Teater and Marjorie Balls entered 20 friends at a buffet supper at the H. F. Paul home Tuesday. Later the party moved to Hatfield for dancing.

Mr. and Mrs. Albert Hughes and Mr. and Mrs. Lawrence Jensen have returned from a fishing trip to the north mountains.

Harmony club will meet Aug. 31, the date having been changed owing to the Twin Falls county fair. The members will meet at the school house at 2 a. m. and go in a body to the scene of the picnic, which has been chosen by the hostesses, Mrs. Charles Teater and Mrs. Paul Day.

Mr. and Mrs. Charles Hawley returned from Greeley, Colo., where Mr. Hawley attended summer school. He will teach again at Russell Lane. Miss Florence Herkell will also return and Miss Coxwell will be the new art and music teacher. School will open Sept. 6.

### Railway Detours for Dam Building

The tracks of the Southern Pacific railway must be shifted from the Sacramento river canyon to make way for the gigantic Shasta dam, which will be the key feature of the government's central California project. Here is the start of the job of providing a by-pass tunnel through which the trains will operate during early construction work.

### Aviator Tells of Hawaiian Islands

**RUPERT, Aug. 26**—Carl Burton of Honolulu, who, with Mrs. Burton, is a guest in the H. B. Blaney home, was special guest speaker at the meeting of the Hopewell Orange Tuesday in Hopewell school house.

Mrs. Burton, a government airplane mechanic in Honolulu, told many interesting facts concerning the islands where he and Mrs. Burton have lived many years. He also showed pictures of the great pineapple and cane plantations and pleasure beaches.

Mrs. Burton will be remembered as Miss Ethel Leveridge, who taught in the Rupert and Twin Falls schools nearly 20 years ago. She and her husband have spent the last five months touring the United States and expect to return to the islands some time in September.

### Gooding Residents Get Teaching Posts

**GOODING, Aug. 26 (Special)**—Three Goodingites were named on the public school faculty at Fairfield the past week, it was learned here this week.

Miss Ruth Street, Miss Orla Hudson and Clifford Bevington were placed on the high school teaching staff.

For the past several years Miss Street has been librarian and a teacher at Gooding college. She has been employed to instruct English and public speaking.

Miss Hudson graduated from the University of Idaho at Moscow this spring with a major in music. She will teach music, biology and a class of English in the high school.

Clifford Bevington taught in the Gooding Junior high for several years. He will be instructor in typing, agriculture and general science.

### TASTER OF SOAP LIKES HIS WORK

**MILWAUKEE, Wis.**—John Hanser has had his mouth washed with soap daily for 40 years, and he has grown to like it.

Unlike youngsters who have their mouths washed when they say naughty words, Hanser puts the soap into his mouth himself and gets paid for it.

Hanser is a soap taster by profession. He tastes it to determine its alkali and fat content. Along with three other men who work at "treak" jobs, he told of his work at a Kiwanis club meeting.

**Fun to Blow Bubbles**  
"You can get a taste for soap just as you can for spinach or anything else," Hanser said. "It's always fun to blow bubbles."

John Gear showed the Kiwanians how to be a human worm. With a special "gun," he explained, he makes worm holes in manufactured "antiques."

Lonel Sorrell, 21, years roller skating for a living. Each work day from May to early November he dons skates about once an hour for a short "spin."

**Tests Roller Skates**  
His job is testing roller skates for a firm which manufactures them here. He says he averages about 1,000 miles of skating each season.

The job makes him a little "sea-sick" and jittery from dodging automobiles, he admitted.

Joseph Egerer said he had biased the old theory of success. He told the Kiwanians he had begun at the top about 21 years ago and has been working downward ever since. He is a well digger.

### Fairview School Exchange to Open

**FAIRVIEW, Aug. 26 (Special)**—Fairview school's book exchange will be open Friday, Sept. 2.

Pupils are requested to bring their second-hand books to school on that date.

School will begin Monday, Sept. 5, with Mr. and Mrs. Lewis Billington as teachers.

### Stamp Must Wait

**PASADENA, Calif., Aug. 26**—The application of Pasadena's Postmaster General James A. Farley for a postal stamp to commemorate the Golden Jubilee Tournament of Roses has been rejected on the grounds that all the government engravers are so busy on the new Presidential series of 22 different stamps that additional work cannot be undertaken before the end of the year.

### "Boys in Blue"

The U. S. army's khaki-clad doughboys may once more become the boys in blue, at least during the winter. If the new uniform pictured above proves satisfactory, the War department is testing it because its slate blue color has a lower visibility than the present olive drab. Tests are being made under varying conditions at different army posts.

### Map on Calfskin

**RAVENNA, O., Aug. 26**—A Jersey cow born near here had on its forehead a white patch closely resembling a map of the state of Ohio. Valentine Uhrig, on whose farm the animal was born, has named it the "Ohio calf."

### OFFICER DENIES REVENGE PLANS

**LOS ANGELES, Aug. 26 (UP)**—Discovery of a partially dug tunnel from policeman John Adams' cellar to the next-door home of a detective who incurred his enmity, resulted in the jailing today of Adams and two other men on suspicion of conspiracy to commit murder.

The tunnel was discovered by the neighbor Detective Lieut. W. J. Clark, before it quite reached his house. Clark last month caused officer Adams' arrest on morals charges involving the detective's 5-year-old daughter.

Homicide Detective L. E. Sanderson said the suspicion of conspiracy to murder resulted from the discovery of pieces of gas pipe in the basement, and the close proximity of the tunnelhead to officer Adams gas meter. He said the policeman repeatedly denied plotting to blow up his neighbor's home with gas or otherwise injure Clark's household.

### Eden High School Has Early Opening

**EDEN, Aug. 26 (Special)**—Eden high school opens Monday morning, Aug. 29. A new bus has been ordered but as yet has not arrived, therefore it may be necessary for students to furnish their own transportation for a few days.

The bus is expected in a short time and the bus route will start on the old schedule of picking up pupils from Perrine and Russel Lane districts first.

Eden grade school will begin Sept. 5, one week later than high school, with Willard Lattimer, principal and teacher of the eighth grade; Leo Wright, sixth and seventh; Miss Joy Ruth, fifth; Miss Mary Bradley, third and fourth; Miss Leona Thorsted, second and third, and Miss Dorothy Sealey, first grade. Julius Swenson will be the school custodian.

### Springdale Term Resumes Aug. 29

**SPRINGDALE, Aug. 26 (Special)**—School will commence at Springdale Monday, Aug. 29, according to school officials.

Harvey Steel will be the principal. Faculty members will include: Fifth and sixth grades, Mrs. Otis Williams; third and fourth, Miss Annis Nesbit, and first and second, Miss Nellie Johnson.

### May Make Survey

Believed slated for the important chairmanship of the 15-man committee that will survey wage and hour conditions in the textile industry, is Donald M. Nelson, above, vice president of Sears, Roebuck Co. The textile industry will be the first proving ground for the new wage-hour law.

### Pants Theft Puts Man in Jail 60 Days

"Shoplifting" of 18 pairs of trousers at a Buhl store had brought a 60-day county jail sentence today to Clarence Clifford Mangum, 38, transient from Salt Lake City.

Conviction was imposed Thursday afternoon by Justice J. M. Holler. Mangum had previously entered a plea of guilty. He was arrested by local police when he is alleged to have attempted to sell 18 pairs of workman's type trousers at a local firm last Monday. While he was held, Harry Grimes, Buhl merchant, identified the trousers as those taken from his store Saturday night when the lights in Buhl went out for a five-minute period. The loss was not discovered until Monday but the store owner said that Mangum had evidently picked up an entire stack of the trousers during that time and walked out through a back door.

# HULL WARNS MEXICO ON EXPROPRIATION OF LANDS

## SAYS RELATIONS ARE STRAINED BY NATION'S POLICY

By ROBERT C. MONTGOMERY  
WASHINGTON, Aug. 25 (AP)—Secretary of State Cordell Hull warned the Mexican government today that diplomatic relations between the two governments were strained because of Mexico's expropriation of American-owned property.

"The note was one of the longest, and it was a warning," Hull said. "It was the most bluntly worded diplomatic communication delivered to any foreign government since the World War. It was handed to the Mexican ambassador, Dr. Francisco Castillo Najera last Monday, but it was not made public because of the time required for the document to reach Mexico City by mail."

Hull reiterated previous proposals to grant the United States for American-owned agrarian land expropriated by Mexico, but added:

"It is our emphatic policy to state that, after many years of patient endeavor on the part of this government to obtain just satisfaction for the claims without excess, the government of the United States has regretfully reached the conclusion that it is impossible to advise them by diplomacy."

Hull called upon Mexico to desist from further seizures of American-owned property, and to return to the status quo ante bellum. He suggested two previously offered methods of arbitration:

1. That suggested in his note of July 21, whereby the arbitrators are selected by each country, arbitrate the claims.

2. That provided by the so-called Gonsky treaty of 1923, whereby the country's permanent commission at Washington would select one arbitrator to decide the disputed questions.

Tone of Note Negative  
The tone of the note was negative, Hull said. The United States had received "not only with surprise, but with profound regret, the note from Mexico on August 25, but that there is no rule under international law which makes obligatory the payment of compensation for expropriation."

He replied that such expropriation was held confiscation, and in no way under international law, but of the guarantee contained in the constitution of every American republic.

"In regard to the essential terms," he said, "the contention asserted by the Mexican government... is that any government may, on the ground of national interest, legislate so, permit, or on the basis of the financial situation of the country, to expropriate or otherwise dispose of the property of any foreigner."

Hull reiterated the essential terms of the United States cannot admit that a foreign government may take the property of American nationals in disregard of the universally recognized rule of compensation under international law.

As in the note of July 21, he did not mention Mexico's seizure last spring of oil properties valued at approximately \$200,000,000. The note concerned solely the expropriation of agrarian lands, the victims of which, he said, were "chiefly the owners of large modern estates with a claimed value of \$10,132,388."

## Calls Peace League Red-Dominated

J. B. Matthews, writer and ex-college professor, is pictured above in Washington as he told the Dies committee which is investigating "un-American activities," that the American League for Peace and Democracy is Communist-inspired and is designed to serve as a "Red Front" organization for the Communist party in America. Matthews, who described himself as a former "yellow traveler" of Communists here was once the head of the league.

## Alertness to Public Demand Key to Rail Gains—Jeffers

By W. M. JEFFERS  
President, Union Pacific (Courtesy, International News Service)

Since the low spot of the depression in 1933 no industry has made such a rapid advance in equipment and service as have the American railroads, and paradoxical as it may seem, no industry has been driven so near to financial collapse in that same period as the railroad industry.

Since the railroads are indispensable to the nation it is still a basic fact. They were a vital factor in making the country. They are a vital factor in sustaining it.

Not so long ago there was an apparent crystallization of methods, practices and equipment used by the railroads, and beloved Will Rogers commented that the only improvement in sleeping cars in a generation was the provision of a slot for disposal of used safety razor blades.

Progress had been made for years by the railroads in improving both service and equipment but the railroads neglected to tell the world about it. When being asked what his state needed, replied: "What my state needs is rain." Paraphrasing him, if I were asked what the railroads need, my reply would be: "What the railroads need is more traffic."

With the restoration of the country from the habit of streamlining thinking it will recognize that good service and rates as low as expenses and fair margin justify will stimulate volume, and then if regulation is adjusted, because of the more comprehensive understanding between the railroads and the public, the railroad problem will be on the way to solution.

## JEALOUS SEAMAN KILLS WOMAN, 30

SAN FRANCISCO, Aug. 25 (AP)—Ramon Lee Hughes, 26-year-old seaman, today admitted that he mutilated and killed his sweetheart because "he wouldn't stop running around with liquor and jealousy."

Crushed by liquor and jealousy, Hughes staggered through downtown crowds for five blocks before he encountered a policeman. He told him: "I've just killed my wife."

The patrolman George Milledan was skeptical until Hughes drew from his pocket a piece of bloody flesh.

Five minutes later the homicide squad, led by Hughes to an apartment, found, almost nude, her head crushed by a rolling pin and a hand saw's nose around her neck, the body of Jean Montgomery.

Written on her body in indelible pencil was "Honey I love you."

There were other marks on the room written by Hughes after he had killed her.

Came from Ohio  
While police studied the death scene, Hughes sat dejectedly, holding his head between his hands.

"She ain't dead is she?" he said. "How I love that woman!"

John Keaton, who was found asleep in an adjoining room, said police that the slain woman came to San Francisco five years ago from Toledo, O., where her father is a policeman.

She said Hughes met her while she still was married to a Central Wash., logger, James Montgomery. Hughes supplied her with funds for a divorce, Mrs. Keith said, and had been living with her with the intention of marrying her.

"Love" Note  
One note was on a dresser. It was stained with blood and read: "Sweetheart, when I'm dying, I love you and only you. I hope to go the same way as you for I love you. I am going to give myself up right now and will see you wherever you may go. For I love you I love you. Your daddy Ray."

## Uses Psychology

OAKLAND, Cal. (AP)—Oratory is not the left of the qualifications of Policeman William S. Murphy. Sent to arrest a man who had barricaded himself and kept a rifle pointed through a crack at the policeman, Murphy painted such an eloquent word picture of the agonies of a man being gassed at San Quentin for murder that the man dropped the rifle and exclaimed: "You've convinced me. I just can't shoot."

## Luck Smiles on Idaho Attorney; Now Lawyer for Wallace Beery

By FREDERICK C. O'BRIEN  
HOLLYWOOD, Aug. 25 (AP)—Here's another one of those incredible movie stories which indicate that "luck" still starts many a Hollywood career.

Two years ago Herman Walker was a young country lawyer at a village in the heart of the big game country, 80 miles northwest of Boise, Idaho.

He Lined Wally  
Hermie—that's what his friends called him—was a movie fan. He particularly liked Wallace Beery. One night Hermie and nine of his pals were sitting around a half keg of beer cogitating their forthcoming hit-hunting trip. Somebody suggested they write the most popular picture they could think of and invite him along.

One of the boys nominated Col. Charles A. Lindbergh and somebody nominated another hero. Hermie, of course, urged Beery for the honor. The final ballot gave the head man movie star eight votes. Col. Lindbergh got two.

So Hermie sat down and wrote Wally. A twist of fate placed his letter on top of a pile of fan mail in Beery's office. Beery happened to glance down and see "Herman Walker, attorney-at-law," on the envelope.

"Who's this shyster?" grumbled Beery. "I've never been in Idaho. What's he suing me for?"

A couple of weeks later Hermie got a letter from Wally, thanking him politely and declining the invitation. Hermie was a mump of the call. Hermie was angry because "some dope" kept him hanging on the wire. Beery finally got him and said he was passing through Water and would like to meet him. They met.

Hermie wondered if maybe Wally would like to go grouse hunting. Beery said he was sorry, but he couldn't. He also gave Hermie one of those indefinite invitations to drop by the house, next time he was in Hollywood. So Hermie returned with an invitation to lunch, at his home, that same day.

"I'm very sorry, Mr. Walker," replied the embarrassed Beery, "but I'll eat at the hotel."

"Then," said Hermie, whose danger was up, "I'm very sorry, too, Mr. Beery, but if I go to Hollywood, I won't be able to visit at your home."

That got Beery on the spot. He had to change his mind and eat at Hermie's house. Hermie pulled out his prize gun and displayed it many a Hollywood career.

Somebody suggested they write the most popular picture they could think of and invite him along.

One of the boys nominated Col. Charles A. Lindbergh and somebody nominated another hero. Hermie, of course, urged Beery for the honor. The final ballot gave the head man movie star eight votes. Col. Lindbergh got two.

So Hermie sat down and wrote Wally. A twist of fate placed his letter on top of a pile of fan mail in Beery's office. Beery happened to glance down and see "Herman Walker, attorney-at-law," on the envelope.

"Who's this shyster?" grumbled Beery. "I've never been in Idaho. What's he suing me for?"

A couple of weeks later Hermie got a letter from Wally, thanking him politely and declining the invitation. Hermie was a mump of the call. Hermie was angry because "some dope" kept him hanging on the wire. Beery finally got him and said he was passing through Water and would like to meet him. They met.

Hermie wondered if maybe Wally would like to go grouse hunting. Beery said he was sorry, but he couldn't. He also gave Hermie one of those indefinite invitations to drop by the house, next time he was in Hollywood. So Hermie returned with an invitation to lunch, at his home, that same day.

"I'm very sorry, Mr. Walker," replied the embarrassed Beery, "but I'll eat at the hotel."

"Then," said Hermie, whose danger was up, "I'm very sorry, too, Mr. Beery, but if I go to Hollywood, I won't be able to visit at your home."

## SPEAKERS' LIST DRAWN BY CLUB

Preference list for remaining attractions on the Twin Falls Town Hall program, which opened Wednesday night with the lecture by Gen. Smedley D. Butler, had been drawn up today by the speakers' committee.

Actual dates for appearances of the "preferred" talkers will be announced after signing of actual contracts. It was indicated that some dates would be kept open to permit Town Hall to take advantage of any noted personages who might become available here on short notice.

The preferred list:  
Upton Close, world observer; A. K. Rowland, humorist; Captain Stanley Osborn, explorer; Dr. No Young Park, Chinese author; Major W. H. Drake Lester, FBI second-in-command and noted criminologist, and the Hanna-Lapp debaters, who present both sides of "planned economy."

## Double Loss Cuts Pirate Lead to 4 1/2 Games

### Seattle Grip On Third

Seattle had a tighter grip on third place in Pacific Coast league standings today after defeating fourth-place Francisco in both games of yesterday's double-header.

Sacramento, meanwhile, cut the lead of the Los Angeles Angels to three and a half games by winning another game from Oakland as the Angels were defeated by Holywood.

Three Run Attack Seattle scored its first win of the day with a three-run attack in the second inning and a costly error by shortstop Red Jennings.

In the night-cap, Seattle and San Francisco were tied at 4-4 in the seventh inning but the Rainiers scored across another run in the eighth, the first extra frame.

Sheehan handed his 22nd defeat of the season as the Sacramento Solons crept up on the league-leading Angels.

Hollywood bunched its hits in defeating Los Angeles 5 to 0 behind the pitching of Coleman.

### 4 Dark Horses In Semi-Finals Of Tournament

CLEVELAND, Aug. 26 (UP)—Four of the darkest of dark horses—three from the Pacific northwest and the other a home town boy, meet today to make the semi-finals of the national public links golf championship.

The match pairs Louis Cyr, 21-year-old Portland Ore. railroad car inspector who got into the match play rounds by the skin of his teeth.

They were survivors of an original field of 247—largest in history—which was chopped down to 64 by qualifying rounds and then brought to eight yesterday after four rounds of match play played by upset after upset.

The other pits Bart Turo, 16-year-old Seattle, Wash., high school student, against Al Leach, 25, a W. P. A. timekeeper in Cleveland.

Nobody was favored. All four players had the new thrill of battling for positions in the 36-hole final of the disquiet public links tournament in years.

WICHITA, Kan., Aug. 26 (UP)—The home town entry in the national semi-pro baseball tournament meets its biggest test tonight against Buford, Ga., the only unbeaten team in the ranks.

The Wichita club lost an early contest but has shown improvement in every game since Buford met every challenge successfully and because of its perfect record has been installed as the top-heavy favorite among the five clubs remaining in the meet.

Enid, Okla., played its best game of the tournament in winning 11 to 2 from Barrington, N. H., last night. The defending champions took a seven-run lead in the second inning when Barrington's defense fell apart.

### EXIT

PHILADELPHIA, Aug. 26 (UP)—Bud Hamilton was recovering today from painful burns and acute embarrassment.

Hamilton was watching the St. Louis Browns-Philadelphia Athletics ball game at Shibe park yesterday—ladies' day—when a box of matches ignited in his hip pocket.

Torn between propriety and pain—since nearly all of his neighbors were women—Hamilton decided propriety meant less to him, so he tore off his trousers and dashed up the stairs.

But the flames found new fuel in his shirt tail. A quick-witted concessionaire scooped Hamilton with orange juice and he fled pantless through an exit.

PHILADELPHIA, Aug. 26 (UP)—The lowly Philadelphia Phillies, cellar occupants, were responsible.

Max Butcher gave up only seven blows as the Phils won the opener, and "Wild Bill" Hallahan set the Pirates down with five hits in the 14-inning nightcap.

Phils picked a full game for the Cincinnati Reds and the Cardinals. The Pirates were only 4 1/2 games in front of the Giants and 4 1/2 ahead of the Cubs and Reds who were tied for third.

## Sun Valley Schedules College Grid Clash

SUN VALLEY, Aug. 26 (Special)—South central gridiron fans in general and those of this playground area in particular, today were looking forward to a collegiate football game for huge Sun Valley stadium—the first in history to be held in this area.

Present plans call for the University of Idaho Southern club to meet an as yet unnamed opponent in the great local sports arena—the largest in this section of the intermountain region—some time in mid-October.

As yet there has been no opponent named for the Bengals, but present plans call for another Idaho or Montana college to furnish the opposition. Considered in the running for the battle are the College of Idaho of Caldwell, Montana State of Bozeman, and possibly Carroll college, another Montana eleven.

There had been talk of staging a college grid game here in the past but because of schedules being already set, the plans were delayed until this season and it now appears that the set-up is definite. Executive Dean J. R. Nichols of the southern branch has already expressed his approval of the proposed contest, and has even indicated his acceptance of one of the other schools—schools that are already on the Bengal schedule for this season.

Work on the securing of the game has been under the direction of Gene Van Guilder, Steve Hannagan assistant coach, and Jerry Grant, Sun Valley coach and Coachenger Jim Tye.

It is expected that an announcement of the complete set-up for the near future.

## Eyston May Make Speed Run Saturday

BONNEVILLE SALT FLATS, Utah, Aug. 26 (UP)—Capt. George E. T. Eyston will try again, probably tomorrow, to set a new official land speed record in his huge seven-ton "Thunderbolt."

The British sportsman, earlier this week traveled approximately 350 miles per hour across the natural salt flats speedway, only to find that his effort was not official because of the failure of an electric timing device.

Cus P. Beckman, secretary of the Bonneville Speedway association, said experts were working upon a delicate photo electric speed measuring equipment, and that the work would be completed by Saturday.

Work on the securing of the game has been under the direction of Gene Van Guilder, Steve Hannagan assistant coach, and Jerry Grant, Sun Valley coach and Coachenger Jim Tye.

It is expected that an announcement of the complete set-up for the near future.

## Net Association Still Hopes to Get Mrs. Moody

NEW YORK, Aug. 26 (UP)—The United States Lawn Tennis Association figuratively bent over backwards today for Mrs. Helen Winifred Moody, hoping that she may reconsider and compete in the national singles championship starting Sept. 8.

The association announced that Mrs. Moody can send in her entry as late as Aug. 30, though the deadline for other entries was earlier this week. At that time Mrs. Moody informed the association she would not compete. She also returned a check for more than \$1,000 covering expenses advanced for her recent European invasion.

# GOP Fails to Act on Primary Set-up at Convention

## Meeting Asks Tightening in Liquor Laws

BOISE, Ida., Aug. 26 (UP)—The GOP's controversial direct primary which provided the means for starting New Deal upsets and paved the way for voting device strict party limitation went unapproved today at the 1938 Republican platform.

Recommendations concerning revision of the law were not included in the platform's 25 planks, completed last night as the GOP platform convention adjourned. Members of the sitting committee considered the primary question purely a Democratic issue.

Opinions were voiced privately, however, to the effect that the primary law had destroyed party responsibility and had turned the state's electorate into an independent group which could not be held by declarations of party principles or allegiances of candidates.

### Liquor Law Tightening

The convention pledged the party to a strengthening of liquor administration to provide greater enforcement. Another suggested plank on liquor, turned down because it was too "idealistic," would have committed Republicans to open bars where drink by the glass would be available, in addition to package sales.

The platform incorporated Young Republican league recommendations for civil service, state police and highway departments, enactment of the non-partisan fish and game commission initiative and covered a wide range of national and state issues.

### Foreign Policy, New Deal "centralization" of government and the national debt were denounced, the Democratic farm program was criticized, Idaho prison management and revision of the state highway department came in for condemnation and so-called "political management of water" was attacked.

### Health Names

The convention elected Thomas Heath of Preston state chairman and named the following officers: Vice-chairman, Mrs. O. R. Taylor, Boise; treasurer, D. Eld Smith, Boise.

Walter the convention officially endorsed last night the candidates for state office, headed by C. A. Roffman, nominee for governor, and announced a campaign strategy and considering disbursement of the party's war chest.

### Removes Clark from Board

First movement toward renomination of Rep. D. Worth Clark, Democratic candidate for U. S. senator whose nomination was aided by about \$200,000 in contributions, was made at the convention when Heath said it would be his duty to "remove Clark from Sen. William Borah's board."

Heath said Clark was "essentially a Democrat and a New Dealer at that," and while "not a New Dealer," he had voted for some of the very things which we have condemned here."

## U. S. LASHES AT AIRLINER ATTACK

WASHINGTON, Aug. 26 (UP)—Secretary of State Cordell Hull today lodged an emphatic protest with the Japanese government over the destruction of a Chinese national commercial airliner piloted by an American pilot near Hong Kong on Wednesday.

The protest was delivered to the Japanese foreign office by American Ambassador Joseph C. Grey, upon cables from Hull.

### Danger to Yankee

Hull protested against the "unwarranted attack" upon the Chinese airliner, the loss of life among the non-combatant passengers and the endangering of the life of the American pilot, as well as the destruction of property in which an American concern has "a very substantial interest."

The protest made particular point of the report of the American pilot, Hugh L. Wood, that the Japanese planes machine-gunned the stricken plane as it was forced down on the river, and machine-gunned the survivors of the plane who were attempting to swim ashore.

The note said that the attack on the plane has aroused public feeling in the United States.

"I am directed to point out to your excellency, with reference to the loss of an American national, the life of an American national directly imperiled but loss was also occasioned to American property interests as the Pan-American Airways has a very substantial interest in the China National Aviation Corp.," the note said.

## Rehearsals Begin On Baptists' Play

Rehearsals for the one-act play, "The Year Ahead," to be presented at the annual Baptist Young People's Union rally this fall, began this week under the direction of Mrs. George Warner.

The rally will be held Sept. 4 at Owyhee, and union members from all sections of southern Idaho are expected to attend.

The cast includes Halbert Miller, Rachel Ballenger, Layvin Barnett, Lois Lewis, Cecelia Prichard, Opal, Robert Schuyler, and Paul Bennett. One part has not been assigned as yet.

## Fireworks Booked at County Fair

Here's an unusual night photograph showing fireworks of the type which Shell Oil company officials said today will be shown at the Twin Falls county fair and rodeo on the final evening, Sept. 11.

## County Fair's '38 Souvenir Gives Variety

Copies of the well-illustrated souvenir program book of the annual Twin Falls county fair and rodeo to be held Sept. 7 to 10 at the county fairgrounds at Tiler are now available in Twin Falls, and are being made available at other places in the county.

"Pictures and text illustrating vividly the farming and industry of Twin Falls county and Magic Valley, the scenic marvels that lie in the Magic Valley or within easy reach, the thrills of the county fair and rodeo and the lure of the sports that are available here," are contained in the program, which also contains messages from the fair board on the first page.

### Varied Sections

Sections in the souvenir program depict the thrills and spills of the rodeo, south central Idaho's unparalleled scenic wonders, the profitable farming activities of the world's largest irrigated tract and its industry, and the wide diversity of sports available to residents of Idaho. In addition, a page each is devoted to Tiler, Kimberly, Boise and Twin Falls, with a view of the main sections of each city, and a description listing population, chief industries and other data.

### Scenic wonders

Scenic wonders pictured in the 40-page program include mighty mountains of the Sawtooth range, Shoshone falls, the striking canyon, rim-to-rim and Hansen bridge, balanced rock, Salmon dam, Red Fish lake, Alturas lake, Galena summit, and the wide diversity of scenes in the Sawtooth country, both in winter and summer, many of them snapped by Ted Cramer, Malley.

### Farming Data

Major farm crops depicted include potatoes, wheat, clover, onions, beans and wheat. Dairying and livestock raising are also included. In addition, space is devoted to Idaho's multi-million dollar mining industry.

Sports include skiing, motor boating, fishing, hunting, golfing, swimming and horseback riding. Scenes of skiing at Sun Valley feature the sports section. An unique fish picture is that of a huge sturgeon taken from Snake river and displayed at Hull.

Photos in the program were taken by Ted Cramer, Malley; Blabbe, Flower and Jacoby studios, Twin Falls; Coast studio, Hull, and the staff photographers of the Evening Times and Sun Valley. The book was printed by the Times-News commercial printing department.

The souvenir program commemorates the annual Twin Falls county fair. Accurate data on the county's

## 54 CLAIMS PAID ON OLD-AGE LIST

With 131,469 applications for federal old-age insurance account numbers on file from the state of Idaho as of July 31, Charles H. Cannon, manager of the Pocatello field office of the social security board, said today that payment had been certified during 24 working days of last month of 54 federal old-age insurance claims amounting to \$2,389.10.

In order to pass the 40,000,000 nation application mark, the board received a total of \$2,239 new requests for account card numbers during July, Idaho officials were informed. The July, 1938, national account card total is an increase of 8,238,275 applications over the 31,861,065 total as of July 31, 1937.

More than half of the claims certified nationally in July—8,893—were filed by the heirs or representatives of the estates of wage earners who have died, according to Mr. Cannon. The remainder of the claims came from wage earners who had reached the age of 65.

Single cash payments in Idaho during July averaged \$44.24, in contrast to the national average of \$32.41, Manager Cannon said. A total of 915 such claims, with a value of \$15,991.71, have been certified in Idaho since the federal old-age insurance program became effective Jan. 1, 1937.

## Church Redecorated, No Sunday Services

Because the church auditorium is being redecorated, no services will be held Sunday at the Presbyterian church, it is announced.

The walls are being painted, the organ case and the organ pipes refinished.

Other improvements include the strengthening of the glass dome, the cleaning of the gallery.

### Teacher Leaves

Miss Mildred Hartman left today for Sugar City where she will teach this year. She returned the fore part of the week from a trip to Yellowstone national park, accompanied by her mother, Mrs. E. D. Hartman, and friends from Idaho Falls and Sugar City.

## 50 ESCAPE HURTS IN OAKLAND FIRE

OAKLAND, Calif., Aug. 26 (UP)—Fire which did damage estimated at \$15,800, and at one time endangered the lives of 50 spectators destroyed the Sunset mill and lumber company last night.

Shortly after the sixth alarm had been sounded for additional fire fighting equipment, spectators were ordered back from the immediate vicinity of a boiler in the plant. A moment later it exploded, throwing a huge section of pipe 250 feet horizontally and directly on the spot where the spectators had been standing.

Pitkin said the blaze "undoubtedly was of incendiary origin."

## WPA LABOR HITS THREE-YEAR HIGH

By REED S. DUNHAM  
WASHINGTON, Aug. 26 (UP)—The works progress administration employed more men and women today than at any time in its three year history.

Administrator Harry L. Hopkins announced that 3,037,000 were on WPA rolls last week. The average relief worker has three dependents which would place the number of dependent on WPA wages close to 10,000,000.

Spending more than \$50,000,000 a week for the expanded emergency relief funds, WPA is paying "substantial wages" to 1,500,000 more relief clients than at its low point last October when only 1,470,000 had work-relief jobs.

WPA's record falls far short of the nearly 6,000,000 employed by the civil works administration early in 1934, when the New Deal began its mass relief activities. The peak expected by Hopkins under the present program is 3,100,000.

### WIN GIRLS' TITLE

SALT LAKE CITY, Aug. 26 (UP)—The Shamrocks, Salt Lake City girls' softball team, won the feminine softball championship of Utah here last night by beating Murray city park, 5 to 4, in eight innings.

Jerry Smith, Shamrock slugger, pounded out two home runs, the second providing the winning run.

There are 240 streets and avenues in Greater New York designated for the use of persons learning to drive.

## ... the SECRET of SUCCESS

To a certainly breathlessly awaiting world we are glad to go on record with the following statement: "Generally speaking, the secret of success is still a SECRET!"

But we can tell you a little about our small successes in the grocery and meat business. Our customers tell us these little things attract them to our market: Our wide stock of staple and fancy groceries; our truly fine selection of meats; our careful attention to phone orders and our prompt delivery service. Well, that's all you could ask from any food store . . . but we've tried to add a certain something to everyone of our services that really "clicks" with our customers. Maybe it's undefinable . . . and in a case like that we suggest you try us out and see for yourself!
