TAYLOR PROTESTS BRIDGE APPRAISAL DELAY

Britain to "Go Full Limit" with Aid for Czechs

PRIME MINISTER, FOREIGN LEADER GIVEN FREE HAND

By RICHARD D. McMILLAN
LONDON, Aug. 30 (UP)—The British cabinet in a momentous session today decided unanimously that Britain is ready to go "the full limit" to prevent the invasion of Czechoslovakia, highly reliable sources reported.

The cabinet was said to have given Prime Minister Neville Chamberlain and Viscount Halifax, foreign secretary, a free hand in all further moves.

"The full limit," it was explained, would be extraordinary efforts to settle the Sudeten German problem amicably, with a warning to Hitler that invasion would mean war which Britain scarcely could avoid being involved along with France and other European democracies.

Work in harmony

The British cabinet meeting was held simultaneously with that of the French, and it was obvious that two powers were working in close harmony along parallel lines. The French cabinet approved of the policy laid down by Foreign Minister Georges Bonnet, in effect, also giving him a free hand.

The debate here showed no member of the government wavering and the main question at issue was the technique of approaching Hitler.

One highly-informed source told the United Press: "I believe the cabinet showed that if necessary, Britain is ready to fight."

North Sea Maneuvers

A usually trustworthy source said the cabinet also decided to make like naval preparations, culminated in the destroyer maneuvers in the North sea.

Joseph P. Kennedy, United States ambassador, visited Chamberlain in mid-afternoon.

Informed diplomatic quarters it was taken for granted that Chamberlain intended to discuss with the cabinet's decisions and gave him the latest information on the European situation.

It was believed Chamberlain also questioned Kennedy about the attitude of the United States in various contingencies.

MAN, 30, KILLED BY POWER LINE

RUPERT, Aug. 30 (Special)—John Wendt, 30, Murlough, came into contact with a high-voltage power wire carrying 2,200 volts late yesterday at Rupert, and was instantly electrocuted.

In attempting to clear the chimney of a house he was working in moving, he touched the high-voltage wire. The Murlough county coroner who investigated the accident said that Wendt had been pushed forward, but that he did not fall from the roof.

Body in Nebraska

The body was taken to a funeral home at Crawford, Neb., for funeral services and interment. No inquest was deemed necessary, following the coroner's investigation.

Mr. Wendt, employee of C. E. Buhl, Murlough, met death when the building was being taken through a street intersection in the residential district of Rupert.

He is survived by his wife, Mrs. Lois Wendt, with whom he resides on the Buhl ranch near Murlough; his father and a brother and two sisters living in Nebraska, and one brother in Albuquerque, N. M.

South Carolina Voters Test New Deal Today

By JOSEPH S. WAGNER
COLUMBIA, S. C., Aug. 30 (UP)—South Carolina Democrats decide in the party primary today whether to follow President Roosevelt's wishes and retire Sen. Ellison (Cotton Ed) Smith who has served in the senate since 1908. Seeking re-nomination, he was opposed by Gov. Olin D. Johnston, an ardent New Dealer.

Approximately 340,000 voters were expected to pass on the issue, described as "the New Deal versus Sen. Smith."

It was not the first test of the New Deal in the south this year, but it was the first since President Roosevelt announced his intention of intervening in state primaries against Democratic candidates who had opposed his New Deal program.

Old vs. New

President Roosevelt had not committed himself as strongly against Smith as he had against Sen. Walter F. George of Georgia, whom he denounced by name and to his face, but he left no doubt of how he stood and how he considered Sen. Smith. First, from the rear platform of his special train, he had reminded South Carolina voters that Smith had once remarked in the senate that a man or a family could live on 50 cents a day; then, later, in a summer White House statement, he had said that the South Carolina issue had been clearly drawn—the

FDR Personal Prestige At Stake in Coast Race

By MILLER HOLLAND
SAN FRANCISCO, Aug. 30 (UP)—President Roosevelt's personal prestige was at stake in California today as voters went to the polls to climax the state's most savage primary fight in 60 years.

Polls opened at 6 a. m. Some close at 7 p. m. Most, however, were to keep open until 8 p. m. The weather was ideal, presaging a record turnout.

The President's prestige hinged on 74-year-old U. S. Sen. William Gibbs McAdoo, running for renomination on the Democratic ticket in the bitterest of a dozen contests. Betting commissions in San Francisco and Los Angeles reported odds of 2 to 1 that McAdoo would win. The aged senator himself predicted victory by a 300,000 majority.

Many Issues

In all, 532 candidates sought public office throughout the state for major offices that ranged from U. S. senator, governor and congressman to included old-age pensions, relief, the committee for industrial organization.

The presidential committee recommended that federal and state governments \$450,000,000 a year.

The anti-trust action resulted from opposition to the A. M. A. and the District of Columbia Medical society to the Group Health Association at Washington or organization giving medical care to government employees.

Dies Asks Immediate Bridges Deportation

By FRANK McNAUGHTON
WASHINGTON, Aug. 30 (UP)—Chairman Martin Dies, D. Tex., of the house committee investigating un-American activities, demanded today that Secretary of Labor Frances Perkins take immediate action to deport Harry Bridges, Pacific coast director of the committee for industrial organization.

In a letter to Miss Perkins, Dies said that the majority of his committee had authorized him to ask such action. Dies wrote that the committee was "not only because the statute and decisions require such proceedings, but because delay may, if it has not already done so, do violence beyond the reach of the government and make it impossible to make out a case."

During the labor department's hearings, Dies' letter revealed, witnesses testified that Bridges on one occasion said of the United States: "It is a hell of a place. We will see a day when we can sink those damn things because they are the enemy of the workers."

The hitherto private files in the Dies committee as part of its current investigation.

"Deportation proceedings against Harry Bridges should be commenced without any further delay," Dies wrote, "and such action as the government may deem fit to take to prevent the spread of the works."

Nationalists Rush Help to Troopers

HENDAYE, French-Spanish Frontier, Aug. 30 (UP)—Nationalist reinforcements were reported rushing today to the relief of three divisions isolated in the rocky valley of the Zujar river, 140 miles southwest of Madrid on the Extremadura front.

The Nationalists, who are offensive in the southwest which has turned an insurgent drive on the Almaden mercury mines into a rout, asserted that the divisions were being pressed.

MEDICAL GROUP CALLS MEETING

CHICAGO, Aug. 30 (UP)—The American Medical Association today summoned its house of delegates to special session for the second time in the association's history to consider the national health program outlined recently by a presidential committee.

The delegates will meet Sept. 16. The U. S. department of justice has charged the A. M. A. with violation of the anti-trust laws in allegedly obstructing efforts toward socialized medicine.

Dr. Morris Fishbein, editor of the association's Journal, said the call listed only the federal health program but other subjects may be placed on the agenda.

The presidential committee recommended that federal and state governments \$450,000,000 a year.

The anti-trust action resulted from opposition to the A. M. A. and the District of Columbia Medical society to the Group Health Association at Washington or organization giving medical care to government employees.

PARK EXPANSION PLANS RECEIVED

Blueprints of the long-time development of Harrison park received today by John B. Robertson, president of the Junior Chamber of Commerce, from the National Recreation Association at New York, which placed emphasis on a huge amphitheater.

In addition to the amphitheater, the blueprint also plotted a baseball diamond, football field, municipal gymnasium, bath houses, eight tennis courts, a swimming pool, bowling greens, handball and volleyball courts, a quarter mile race track, walking pool and two softball fields.

Omitted Zoo

Features omitted by the Jaycees which were omitted in the plans drawn up by the recreation association included a small zoo and a greenhouse.

The amphitheater, laid out in the northeast corner of the area, would have a large seating capacity and could be used for pageants, concerts and other public events as well as public programs and public addresses.

However, plans for the baseball field have been submitted to the WPA for approval since the field in the same corner of the area in which the amphitheater is laid out is the site of the new plan plot the ball park in the northeast corner of the addition, bordering on Locust street.

May Eliminate Football

The recreation plans possible for the baseball field to utilize much of the football field. It is believed that the gridiron will be eliminated from plans for the area, assuming the plan is approved.

Emergency Rate Stays on Fruits

BOISE, Ida., Aug. 30 (UP)—Emergency rates on fruits were voluntarily extended today by the nation's raisin and nut growers, the state public utilities commission announced.

The action will bring about a \$210,000 saving to Idaho shippers, the commission said.

Attorney General Demands To Know Reason for State Failure to Submit Prices

WANTS REASON SAYS NO INFORMATION ON COST OF SPAN RECEIVED

BOISE, Aug. 30 (UP)—Attorney-General J. W. Taylor today demanded to know the "reason" for delay in making public an appraisal of the Twin Falls-Jerome inter-county toll bridge which the state has been requested to purchase and make free.

In a letter to Governor Barzilla Clark, the attorney-general remarked that "it is now a rather long time since an appraisal was requested but I have as yet been unable to learn much about it."

The appraisal, which reportedly will guide the state in determining the purchase price for the structure, was to have been prepared by the U. S. bureau of public roads in Ogden, Utah.

Taylor wrote the governor: "Some time before the primary election you announced through the press that the structure was being held up until after Aug. 5. Since that time I have made several inquiries here through the state highway department to either paper or willing to supply any information. Do you know who is holding it up and for what reason? Is it being delayed by the officials?"

"There has been a criticism of minor and mendacious criticism regarding this matter and I desire to set it down."

The long-overdue appraisal has been delayed by the officials.

Autoists Put Safety Drive Tags on Cars

Safely stickers for Twin Falls and central Idaho motorists went on scores of automobiles here this afternoon.

The stickers were made available for local drivers at headquarters of the 50 cooperating merchants. Stickers for out-of-town motorists may be secured by signing the safety pledge carried in the Idaho Evening Times and the Twin Falls News, and forwarding the pledge to either paper. Motorists in the city may sign the pledge and present it at the operating establishment.

Among the first to sign the pledge today and to mount the blue and white safety sticker on his machine was F. A. McEachern, "Goodyear Tire and Rubber company representative, Salt Lake City. He will conduct the spectacular "blowout" test on the truck lane Wednesday at 5:30 p. m., as a safety demonstration.

Stickers may be obtained from front or rear windows of cars.

The 50 business firms and the Times and News are sponsoring the extensive safety campaign. Special emphasis is being laid on traffic safety as it relates to school children. Thousands of whom will be making work are known throughout the area by the time of the next Tuesday.

Educational leaders and law enforcement agencies throughout the area have indicated high approval today for the plea to drive safely and sanely.

FAMED MAKE-UP MAN SUCCUMBS

HOLLYWOOD, Aug. 30 (UP)—Max Factor, famous make-up expert who has been glamorizing film actors and actresses since Hollywood became the center of the film industry, died at his home here today of a kidney ailment. He was 61.

Factor was injured seriously in an automobile accident three years ago and his illness was attributed to injuries suffered at that time. He had been confined to his home for the past eight weeks but his condition did not become serious until yesterday.

At his bedside were his wife, Jennie Factor; his daughters, Mrs. Freda Stone and Mrs. Cecilia Ziegler; and four sons, Davis, Max, Jr., Louis and Sidney Factor.

Factor, whose cosmetics and make-up work are known throughout the world, was born in Lodz, Russia, in 1877, and came to Hollywood in 1908.

In 1929 he won the motion picture academy award for inventing panchromatic makeup.

Sudeten Demand Self Government

PRAGUE, CZECHOSLOVAKIA, Aug. 30 (UP)—Demands for self-government similar to the independence which Great Britain granted Ireland were made today by leaders of 3,500,000 Sudeten Germans in Czechoslovakia.

Vicount Runciman, the British "advisor" in the minorities dispute, continued efforts to bring pressure on the Sudeten Germans to modify their demands, but to no apparent avail.

Hankow Bombed In Attempt to Kill Gen. Chiang

By ROBERT BELLAIRE
SHANGHAI, Aug. 30 (UP)—Japanese military forces, apparently hoping to kill Chinese Generalissimo Chiang Kai-Shek, bombed Hankow defense centers from the air today, but met with unexpected Chinese aerial opposition.

The Japanese put their full power into an offensive which they said was threatening to break the defense of Hankow. Their air forces opened up on Chinese centers in Kwangtung province to the south and at Kingshan, 78 miles north of Hankow, where they had been informed Chiang was attending a military conference.

Fifteen planes devastated the town, killing probably 1,000 civilians, but it was not known whether the Chinese generalissimo was endangered or injured.

A Japanese raiding party of 12 planes was surprised by 10 Chinese craft near Hanyang and Chinese reported the crash of eight Japanese planes.

Later another squadron of 30 Japanese planes bombed the Canton-Kowloon railroad station at Shikwan, resulting in heavy casualties.

Appearance of Chinese defense planes in the south strengthened reports that the Chinese air force had been bolstered by new craft from Russia.

Lately, Japanese troops advanced 50 miles beyond Hwoanien and Anhwei, Chinese points occupied yesterday. Severe fighting was reported from the sector northwest of Shichang.

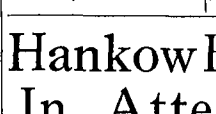

QUARANTINE REPORTED
MANTUA, Italy, Aug. 30 (UP)—A series of earthquakes were reported today to have destroyed the town, the magazine publisher reported. The earthquake destroyed the town of Mantua in Mantua, Italy.

WHEAT EXPORT SUBSIDY PLAN WILL COST U. S. \$12,500,000

HUNDRED MILLION BUSHELS WILL BE SOLD FOREIGNERS

WASHINGTON, Aug. 30 (AP)—Agriculture department officials estimated today that the government would lose up to \$12,500,000 through the new wheat export subsidy plan. This was revealed as the department initiated the broadest subsidy program ever undertaken by offering exporters a 30-cent subsidy on wheat for sale abroad at competitive world prices. The department will absorb all losses on the transaction.

News in Brief

Relatives Visit. Miss Edna Simpson, Boise, is the house guest of his sister, Mrs. Alice Ast. Transients Business. B. W. Donnelly, Twin Falls, was a business visitor in Boise yesterday. Joins Local Staff. Miss Edna Simpson, Boise, has joined the local branch of the O. I. T. corporation. Visits in Boise. Mrs. J. L. Hobson has returned from Boise where she spent the week-end with her son and family and attended the state fair.

CAROLINA VOTERS TEST NEW DEAL

(From Page One) weeks for the nomination as a New Dealer as "100 per cent as Johnson," and who withdrew on Saturday. sent a telegram to Johnston denouncing him as an enemy of President Roosevelt who had become his friend as a political expediency. He did not say so but he indicated that he would vote for Smith rather than for Johnston. Good as Election. The polls opened at 8 a. m. (EDT) and will close in the country at 4 p. m. and in the cities at 7 p. m. Because of the large number of candidates seeking nomination to state offices, the final results probably will not be known until Wednesday. In South Carolina, the Democratic nomination is a good as election. Smith is 70 years old, one of the most colorful of the old-time southern politicians who found national fame in the senate. His willingness to discuss cotton at any time and anywhere gave him the name of "Cotton Ed" during the first term and it has stuck to him since. Dean of senate Democrats, he is chairman of the agriculture committee and secretary of the interstate commerce and manufacturers and patents committee. South Carolina also was nominating for governor, lieutenant-governor, state treasurer, and six seats in the state. There was only one candidate for each of other state offices to be filled.

SAFETY FIRST PLEDGE

I believe in following the principles of safety first. I pledge myself with my signature to respect the laws of safe driving with particular attention to our school children. Name _____ Address _____ (Sign and present to any of the Twin Falls merchants sponsoring the campaign. If you live outside Twin Falls, mail to Idaho Evening Times of Twin Falls.)

PARK EXPANSION PLANS RECEIVED

(From Page One) As one football field is already available in Twin Falls. An improvement program is slated for the present field by the school district. It is possible that the boys will keep virtually the same plan as outlined by the National Recreation Association, with the exception of transposing the locations of the ball park and the amphitheater. It has been pointed out that the ball diamond would be easier to construct in the location designated in the plans received here today, as the ground is more level. The plans are of a general nature, and leave details to be worked out by the Junior Chamber, said Robertson.

HERO

Area scout headquarters in Twin Falls today had received the application of Jay Gibson, Troop 12 Burley, for an honor medal for the rescue of Garth Olson, Dunlap, 13, Burley, on May 28. Jay is reported to have taken the other boy from a swimming pool after the latter, a non-swimmer, had lost consciousness in eight feet of water. Jay applied artificial respiration until the victim had recovered consciousness.

FDR PRESTIGE AT STAKE ON COAST

(From Page One) organization of the state's migratory labor problem. Two of McCado's opponents—Eberhard Downey, executive of the Chamber of Commerce, and John W. Preston, former justice of the California supreme court—were opposing him hard. The other two, James W. Malloy, Los Angeles salesman, and Ray M. Riley, Republican who is also making the Democratic nomination, were considered nominal contestants. Riley, railroad commissioner and former state controller, was regarded as the leading contender for the Republican senatorial nomination. Preston advocates McCado's opponent, both two—Downey and Preston—who have been active in behalf of the conservative 30-every-Thursday pension plan. All of the senator's opponents believe he requested President Roosevelt's designation last week against the plan. Gov. Frank P. Merriam was favored to win the Republican gubernatorial nomination over his closest opponent, Lieut. Gov. George Chas. Hatfield. Merriam campaigned on his record of balancing the state budget and as a foe of the OIO.

Back from Fayette

Mr. and Mrs. E. O. Spelberg have returned from Fayette where they spent the past two weeks visiting their son-in-law and daughter, Mr. and Mrs. Wilbur Rowberry.

From Conference

Mr. and Mrs. Fred farm debt adjustment clerk for Idaho, has returned from a regional conference of the Farm Security administration at Portland.

Refused Refused

The city council last night declined to return \$26,872 for money. Ivan L. Garnaud which he said he had paid after the taxes had been cancelled in a county property sale.

Street Lights

Street lights at the corners of Third and main, and Second and Monroe and Shoup avenue were approved for installation last night by the city council.

Joins Army

August M. Reyster, Paul, has been accepted for service in the 9th regular army, and is en route to the 28th infantry at Fort Douglas, Utah, according to Frank Morris, recruiting sergeant at Twin Falls.

Miss Call Returns

Miss Dorothy Call has returned to resume her duties as principal of the local high school. Her parents, Mr. and Mrs. O. L. Call, Springfield, Mo., who accompanied her, returned to their home today following a visit at the home of Mr. and Mrs. Moses Stearns.

File Mining Claim

W. E. Sackman and John W. Sackman, Gooding, filed placer mining claim today at office of the county recorder here. The claim is located along Snake river in this county, adjoining the Burkhart claim.

Return to Coast

Mrs. Louise Zehring and son, Waldon, and daughter, Mrs. Joe Miller and children, Joeli, Joyce and Jimmie, returned this morning to Turlock, Calif., after visiting F. W. Bertach and family. Mrs. Zehring is Mr. Bertach's sister.

To Study Nursing

Miss Ethel Anlauf, daughter of Mr. and Mrs. M. T. Anlauf, has gone to Spokane to enter nursing training at St. Luke's hospital. She was accompanied by her sister, who accompanied her to the home where she will visit in Moscow for several days prior to enrolling for her course of training.

At the Hospital

William Rappaport, Mrs. M. L. Blake, Mrs. J. J. Taylor and George Wallace, Jr., Twin Falls, and Mrs. Slevors, Buhl; Ben Zamalola, Castleford, and Russell Pennington, Kimbrough, have been admitted to the Twin Falls county general hospital. Patients discharged include Mrs. Della Aragon, Oscar Snow, Mrs. Tom White, Edin, and Mrs. Sutherland and M. D. Row, Twin Falls; Mark Leon Carter, Buhl; and Mrs. C. G. Bush, Mrs. Fred Oppling, Mrs. E. W. Butler, and daughter, Matt Pratt, J. D. Smith and Floyd Hardwick, Buhl, and baby Jo Ann, Kimbrough.

Graveside Rites Held for Infant

Graveside rites were held at 3 p. m. today at the Twin Falls cemetery for the infant son of Mr. and Mrs. Eugene Hobbs, Hansen, who died at birth last night at the Suburban maternity home. Interment was in charge of the Twin Falls mortuary.

Miss Ruth Harrell Honored at Party

Miss Ruth Harrell was guest of honor at a birthday surprise party given for her by her friends on Fourth avenue north. The event was arranged by her mother, Mrs. Jennie Harrell, and Mrs. Elizabeth Adkinson. Twenty-six guests, members of the Supreme Forek Woodman circle and the drill team, of which the honoree is a member, were present. Pinchots and other games were the diversions of the evening, and refreshments were served. The honoree received many attractive gifts. Refreshments were served by the hostesses.

Concludes Vacation

Miss Margaret Kennedy has returned from a vacation trip to Portland, Spokane and Boise.

Car on Fire

The fire department was called to the Seventh street east at 8 a. m. today when the car of M. M. Yarborough had caught fire from a wiring short. The blaze had been extinguished before the department arrived. Damage was slight.

Foe Demolished

The best truck of F. H. Geisler struck a utility pole at Washington street and Second avenue west late Monday, badly damaging the pole, according to a police report. The report stated a new pole would have to be installed.

AWARD PROGRAM SET WEDNESDAY

The award program of the city recreation department will be held at the city work hall at 7:30 p. m. Wednesday. It was announced today by Miss Vernis Richards, director. Awards will be presented to 23 youngsters who participated in the recreational department's summer program, and the presentations will be made on the basis of work in handicraft, sportsmanship, hikes, games, attendance and special event programs. Accompanying the award program will be a nation-wide program featuring the show "Snow White and the Seven Dwarfs." The public is invited to attend, according to Miss Richards. The regular steeplechase meetings will be held tonight and Thursday at Harmon park at 6:30 p. m.

SIGNS

Twin Falls motorists willing to help boost the county fair can have their machines stenciled with booster signs here Thursday, according to a police report. The secretary said he will have several workers in Twin Falls Thursday with the stencil machine used for imprinting the signs. The signs, individually, wash off easily but will not be removed until a calcium solution is used. Motorists may contact the Chamber of Commerce to arrange for the sign stenciling on cars. There will be no charge. The signs will be on cars by the evening, show the results of the contest, Sept. 7-10. Several hundred fire machines and many Buils already have been marked.

Seen Today

Red-headed girl bemoaning the loss of her tennis ball, but talking louder than a whisper. Job applicants walking around to the rear door of the Idaho employment service office as workers said floors. Small boy carrying couple of old cartons out of alley and rejoicing because he'd found several empty beer "stained" cans which he thought he could sell. Restaurant patron irked because new seat covers for counter chairs are tough on trousers because they don't permit much sliding. Three ragged youths looking into department store window at sign saying "appears for boys," and wondering just what that kind of stuff would be. Girl at Main avenue fruit stand looking at sign saying "appears for sidewalk." And office worker giving phone girl a wrong number, then shouting into receiver: "No—hey—hello!"

EDUCATION UNIT PRAISES MERCER

High tribute was paid today by the South Central Idaho Education association to its late president, Fred Alma Mercer, Oakley superintendent of schools, who died Monday morning. The association's board of directors, through Supt. Ralph W. Nyblad of Wendell, first vice-president, issued a resolution saying it "feels keenly" the loss of the veteran educator. The board now includes Mr. Nyblad; Supt. O. J. Merrill, Fairfield, second vice-president, and Miss Dorothy Call, Twin Falls, secretary-treasurer. The resolution said: "Highest Tribute. "Whereas the South Central Idaho Education association feels keenly the loss of Fred Alma Mercer, its president, be it resolved that the directors of this association pay highest tribute to Mr. Mercer's deep interest in all educational matters, his extreme personal solicitude for the welfare of southern Idaho's boys and girls, and his very fine influence on those boys and girls both because of his ranking as educator and as devoted churchman. "The South Central Idaho Education association furthermore extends to Mr. Mercer's family its deepest sympathy and offers to the village of Oakley its condolences on the loss of an educator of such high qualifications." Await Hillman Word. Mr. Nyblad, as first vice-president, was apparently scheduled to move up to the presidency as a result of Mr. Mercer's death. The Wendell educator said, however, that the board will await word from John Hillman, Boise, executive secretary of the Idaho Education association.

STORES SHUT ON TWIN FALLS DAY

Twin Falls stores will close at noon on Thursday, Sept. 3, in honor of "Twin Falls Day" at the county fair in Piler, it was decided today by the merchants' bureau of the Chamber of Commerce. The holiday closing is expected to include all stores and shoppers were advised by Charles Shirley, bureau chairman, to do their buying early on Sept. 3. Noon closing instead of the 1 p. m. hour usually adopted was voted in order to permit store workers to have luncheon and reach the fair for the grand entry starting the afternoon program at 1:30 p. m. Mr. Shirley said.

CONFESSES ROBBERIES

BOONTON, N. J., Aug. 30 (AP)—Raymond L. Conklin, 38, confessed today that he had stolen \$100,000 worth of cash, jewelry, clothing, trinkets and automobiles since he began devoting himself to crime two months ago.

FRENCH CONSIDER MANEUVERS TO IMPRESS GERMANY

ENGLAND'S NAVY MAY BE USED IN SILENT WARNING

By Harold Etlinger
PARIS, Aug. 30 (Special)—The cabinet considering the advisability of a display of strength by the British navy or the French army as an answer to the German army maneuvers and as a silent warning of the danger of an attack on Czechoslovakia, it was reported today.

Under any such plan, the display—either that Britain and France were ready—would be accompanied by a strong and possibly a final cautionary note to Germany.

It was understood that the cabinet considered also a new public declaration of its intention to fight for Czechoslovakia if she were attacked.

Exact Vind Drama
 As the cabinet met, in a solemn copy of minutes under President Albert Lebrun at the Elysee palace, French troops enacted a vivid drama on the eastern frontier.

The five-mile line, from the nearest point, from the junction of the French-Swiss-German frontier, the troops simulated an attack by a German army, which had marched through Switzerland to strike at the blue industrial region of east France.

At dawn, the blue army, deployed in the Valdahon region, moved northwestward in the plateau country near Besancon.

Awaiting them was a red army made up in part of the famous Blue Devils, the Alpine chamois of World war fame.

Motor Buses Carry Reserves
 And, burning up the road from Paris, rushed reserves in 100 motor buses, testing emergency transport for the next war in nostalgic memory of the military Paris taxis with which, in 1914, Gen. Joseph Simon Gallieni sent his reserves to save Paris at the first Battle of the Marne.

The entire games were a test of the defenses of the frontier region against an invasion through Switzerland by a German army.

There were only 20,000 troops in all in the maneuvers, it was asserted, and more than 1,000,000 German troops are maneuvering across the Rhine.

CASSIA EXHIBITS MAY SET RECORD

BURLEY, Aug. 30 (Special)—From present indications, exhibits at the Cassia county fair, which if not surpassed, any exhibits in past years, Secretary B. F. Mahoney estimated today, as the details were made ship-shape for the opening on Thursday, Sept. 1.

Held coincidentally with the fair will be the Old Oregon Trail Stampede offering one of the finest rodeos in Idaho.

Many Livestock Entries
 For the agricultural fair, livestock entries received to date are greater in number than those of last year the week previous to the fair. Many county dairy herds have been entered to date, and the beef department entries now exceed last year's entire beef exhibit. Holdings are ready to receive exhibitors at present and the various organizations have completed their booth construction.

Every booth space in the Agricultural building has been taken. Booths that will be on display in this building will be the following: Grange booths: Nat. Grange, West End, Claremont, Paul, Albion, Burley and Rupert, Burley high school 4-H club booth, various seed booth and a booth displaying seeds. In addition to this the sugar factory will have an attractive sugar beet booth.

Forestry Exhibit
 The forestry department has started work on its display and from all indications it will be the best ever shown at a Cassia county fair. The national soil conservation committee will also have an attractive display.

The Burley Rod and Gun club is working hard on their Wild Life exhibit at present. Fish, birds, beaver, bear, and many other forms of wild life, along with an attractive wild life picture, will make up this interesting exhibit.

Household Exhibit
 The household exhibit which will again be housed in the Commercial building promises to be the best of its kind in southern Idaho this year. Don't fail to see this attractive exhibit, an entire building filled with fancy work, canned fruit and vegetables, cooked foods, art work, beautiful flowers, etc.

Judging of exhibits will begin Thursday morning, Sept. 1, and continue until finished the afternoon of Sept. 2. Livestock will be judged inside a bleacher arena.

"Boys Have Good Reasons for Slayings," Says Police Head

By Boyd Lewis
CHICAGO, Aug. 30 (Special)—"The boys always have a very good reason for what they do."
 That is John L. Sullivan, chief of Chicago detectives speaking of the underworld "purgings" in which 10 men have been mowed down in 10 weeks.

What gives them a little extra authority is that the chief is quoting an expert.

After the St. Valentine's Day massacre (when seven gangsters were machine gunned in 1929), Sullivan related at the detective bureau "we talked to George (Bugs) Moran. He told us the boys always have a good reason for what they do."

"I'll borrow his words to explain this present series of killings. It looks like a hoodlum purge of the Chicago underworld and what are the boys' very good reasons?"

Four Possibilities
 Sullivan suggests four possibilities:

"Maybe they (the victims) are squealers. Maybe they are finger men."

Mackinaw Trout Set for Fishing At Yellowstone

YELLOWSTONE PARK, Wyo., Aug. 30 (Special)—Giant Mackinaw trout will soon begin to bite in Heart and Lewis lakes in Yellowstone national park, superintendent Edmund B. Rogers said recently.

Some Mackinaw catches have been recorded during the season, the superintendent said, but the big fellows are expected to begin to go after hoppers in great numbers shortly after Sept. 1. Fish weighing as much as 25 or 30 pounds have been caught in previous seasons and the general average runs between three and five pounds.

Also due to improve with the advent of cooler weather is the Madison river where rainbow constitute the bulk of the fish population.

Best fishing in the park during early September, in addition to the above, will be in the lower Yellowstone river below the canyon, Slough creek, Lamar river, Grebe lake, Cascade lake, and Wolf lake. Grayling are particularly numerous in Grebe, authorities report. Yellowstone lake is holding up unusually well, also.

Rangers on duty at checking stations report that the per capita catch is as high as it was at the peak of the travel season and that anglers are having little difficulty filling their creels with the prescribed limit.

Defenbach Speaker At Townsend Club

CASTLEFORD, Aug. 29 (Special)—Byron Defenbach, Boise gave a short address and Rev. Reynolds, Gooding presented the feature talk at the meeting of the Townsend club held Thursday evening.

Other numbers on the program were musical selections with Janet Abshire singing a solo and trio number was sung by the Blaby sisters and Lenore Wheeler. Mrs. Lawrence Winn played a piano solo and refreshments were served by the committee in charge.

WHEAT STORAGE TERMED READY

MOSCOW, Aug. 30 (Special)—Farmers who wish to avail themselves of farm storage for 1938 wheat loans can do so and collect 7 cents per bushel, according to Phil M. Bishop, loan supervisor with the state AAA office.

The commodity credit corporation will pay 7 cents per bushel for storing the wheat for the period ending May 31, 1939, or the date of delivery of such wheat to the corporation, whichever is later, provided such payment will be conditioned upon delivery of the mortgaged wheat of quality, grade and subclass described in the chattel mortgage.

Mr. Bishop points out that this means that if a farmer has several thousand bushels of farm-stored wheat on which a loan has been granted, it is possible for him to collect 7 cents per bushel after May 31, sufficient revenue to pay for providing the storage and not only have the storage facilities paid for but have money left.

The supervisor said "farm storage should be seriously considered especially in sections where warehouse facilities are inadequate."

Filer H. S. Judging Teams Rate High

FILER, Aug. 30 (Special)—Junior Thomas, Howard Kaster, Ed Shaif, Dick Lancaster and Harry Wilson, Judging team of Filer rural high school, took second place in the county judging contest at the state fair last week in Boise.

The dairy team, represented by Junior Thomas, Harry Wilson and Ed Shaif, took third place. Howard Kaster had a perfect score card, rating 200 per cent.

The student judges were accompanied by Henry Schoode, agricultural instructor.

After the judging an all-state meeting was held, and Junior Thomas was one of the few in the state who received the State Farmer degree for scholastic standing, activities and project work.

Filer Kiwanis Fete County Fair Board

FILER, Aug. 30 (Special)—The Filer Kiwanis club will entertain the members of the county fair board and county commissioners this evening at a good-will banquet and social evening.

A brief entertainment program is planned.

CROP INSURANCE TIME EXTENDED

MOSCOW, Aug. 30 (Special)—Farmers in Idaho have until Nov. 30 to apply for wheat crop insurance policies which will assure them of having at least 50 or 75 per cent of an average crop to sell in 1939, according to John P. Mize, Moscow, state crop insurance supervisor, who this week announced the new dead line for receipt of crop-insurance applications in the county AAA offices.

The previous date for receipt of applications in Idaho was August 30, but because of generally late harvest, the closing date has been extended in order that farmers may have every opportunity to fill out applications. The application forms can be obtained from county crop insurance representatives, or county AAA committees.

A grower can determine the approximate cost of wheat crop insurance for his particular farm at the time his application is filled out. After the application has been checked in branch offices of Federal Crop Insurance corporation, the farmer will receive a notice of the exact premium due. After the premium is paid the policy will be issued.

Filer H. S. Judging Teams Rate High

FILER, Aug. 30 (Special)—Junior Thomas, Howard Kaster, Ed Shaif, Dick Lancaster and Harry Wilson, Judging team of Filer rural high school, took second place in the county judging contest at the state fair last week in Boise.

The dairy team, represented by Junior Thomas, Harry Wilson and Ed Shaif, took third place. Howard Kaster had a perfect score card, rating 200 per cent.

The student judges were accompanied by Henry Schoode, agricultural instructor.

After the judging an all-state meeting was held, and Junior Thomas was one of the few in the state who received the State Farmer degree for scholastic standing, activities and project work.

Filer Kiwanis Fete County Fair Board

FILER, Aug. 30 (Special)—The Filer Kiwanis club will entertain the members of the county fair board and county commissioners this evening at a good-will banquet and social evening.

A brief entertainment program is planned.

Diploma

FILER, Aug. 30 (Special)—If all the diplomas which the I. R. Musser family have received this year, were framed and hung upon the living room wall, there wouldn't be much room for any other pictures or wall hangings.

Van Dean Musser, 22, who received his life certificate last Friday at Albion State Normal, was the 11th diploma-winner in the family this season.

Don Musser, 21, was graduated from Albion State Normal this spring, and received his teacher's certificate.

Dick and Marjorie Nan Musser received diplomas from Filer Rural high school with members of the senior class of 1938.

And Helen Musser, not to be outdone by other members of her family, graduated from the eighth grade in May.

Fewer Onions

BOISE, Aug. 30 (Special)—The 1938 crop of Idaho onions, based on condition of the crop about Aug. 1, is forecast at 782,000 sacks. If realized, this crop would be 11 per cent smaller than the 1937 crop but about 54 per cent larger than the average production for the 10 years 1927-36.

Acres for harvest is indicated to be about 8 per cent smaller than last year, or 2,300 acres. Smaller are spotted and there has been thrip damage in some areas, but in the general the crop is looking good. Yields by varieties will average lower than last year, but the bulk of the acreage is planted to the high-yielding yellows.

THIS CURIOUS WORLD By William Ferguson

UNDER THE CITY OF NEW YORK LIES ONE OF THE RICHEST COPPER DEPOSITS... BUT THE COPPER WAS PLACED THERE BY MAN, IN THE FORM OF CABLES AND WIRES.

Answer: "Twin" is a singular noun, means "one of two brought forth at birth." "Twins" is defined as "two young brought forth at one birth." Then a pair of twins should mean four offspring but it does not. By popular usage, twins and a pair of twins mean the same... merely two individuals.

DE SEVERSKY MAKES EAST-WEST FLIGHT IN 10 HOURS

'FLYING GASOLINE TANK' COMPLETES RECORD JOURNEY

LOS ANGELES, Aug. 30 (UP)—A little "flying gasoline tank" which streaked here from New York in the record time of 10 hours and 55 minutes, took off today as the main thrust of next Saturday's transcontinental Bendix race.

The airplane is a "civilianized" model of the Alexander P. de Seversky's latest creation—a military attack ship that not only can fly circles around the bombers, but can fly right along with them for 3,000 miles without refueling as well.

At the controls inside the glass-enclosed cockpit will be Jacques Cochrane, beautiful aviator, who obtained de Seversky's ship in the hopes of making a large part of the Bendix prize money away from a dozen men pilots who are entered.

282 Miles Per Hour

Ma. de Seversky delivered the ship from his Long Island factory at an average of 282 miles an hour for the trip across the country yesterday. He clipped 1 hour, 27 minutes from the old east-west record of 11 hours, 30 minutes set by Col. Roscoe Turner in 1933.

Ma. de Seversky said he could have made the flight much faster if he could have come non-stop, and he did not push the plane to its greatest speed.

Ma. de Seversky's plane is a gasoline tank, making it the only military ship of its type that carries enough fuel for a 3,000-mile non-stop flight. He designed it to accompany the army's giant "flying fortress" and ward off enemy attack planes on long bombing forays.

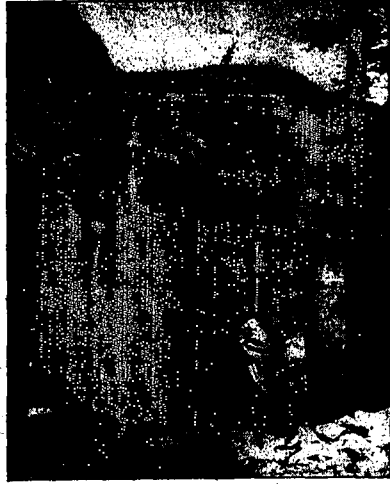

Patrol Model D's

"We have learned that bombers are vulnerable to attack from the air unless properly convoyed," he explained. "I think this is the answer."

An even faster model, flying 400 miles an hour will be ready by October at his Farmingdale, L. I., plant.

When Miss Cochrane takes off for Cleveland and New York in the speedy Seversky (Saturday) and it is doubtful that she will have a chance to set a west-east record. The present one of 7 hours, 28 minutes was set by Howard Hughes in a special racing plane.

South Idaho Lures on Holiday

Labor day and the two-day holiday it brings this year offer south central Idahoans a chance to get away to beauty spots like this in the Sawtooth mountains. You needn't look further than a few hours from your own door for the finest in outdoor beauty.

Here's Auto 'Bug' Containing Parts of Nearly Everything

By LOWELL DICK

It doesn't look like much, but its ancestors range all the way from a Model 'T' of '24 vintage up to and including an airplane.

Eight years to Build

"It is a homemade racing bug, completed last winter in Imperial valley in the Sunny state after construction over a period of eight years, according to Ragsdale, owner and builder.

The two men started out with the racer and a coupe, but the coupe "burned out" at Toulaine, Calif., and since then the two tourists have been traveling in the racer which has a one person capacity. The driver is seated, but the other person sits wherever he can hold on.

"When we get stepping along, the fellow riding the body has to steamline himself a blow off," said Ragsdale. He said he wanted to reach the New York city, "maybe not in this car." Both men were employed by the Wilky Machine company in Brawley before starting their trip.

old Franklin; the wheel rims are from airplane wheels; tires are of the regular midget racing car variety; the gas tank is an acetylene tank with the acetone removed; the hood is sheet metal; the rear axle springs are from an old Dodge; the windshield is a Model 'A' Ford windshield cut in half and welded together; the seat is one of the folding seats from an old seven-passenger Cadillac; and the rear part of the body is made from two Model 'A' Ford fenders welded together," said Ragsdale proudly expounding the origin of each part of the car.

Kilometers? Phooey!

"We did have a speedometer from an English car, but we threw it away. It was graduated in kilometers, and we couldn't tell how fast we were going anyway. When we wanted to know what speed our gadget registered, we had to stop and ask someone," he said.

The owner said he had several opportunities to trade the racer in on another car, but "somehow when it came time to do it, I didn't have the heart."

"Six Speeds

Ragsdale gets 23 miles per gallon with his car. It has two speeds in reverse and four forward. The clutch is a hand clutch, and there is no emergency brake. Only instrument is an ammeter which serves as "the alarm." It was a short-hauler in the extensive wiring in the car.

CATTLE SHIPPING DROP PREDICTED

BOISE, Aug. 30 (Special)—Shipments of cattle and calves from the 17 states in the western cattle area, extending from North Dakota to Texas and westward during the five months of the year ending August, 1938, will be about nine per cent smaller than shipments during the corresponding period of 1937, according to the estimate of the bureau of agricultural economics.

All of the reduction from last year will be in the shipments from the largest producing states, with little change in the total from the states west of the continental divide. The decreases will be relatively the largest in those states where cattle numbers were sharply reduced as a result of the 1934 and 1936 droughts and where feed supplies are more nearly normal.

With abundant supplies of feed grains and hay, and more favorable conditions over nearly all of the western cattle region, fall shipments this year will be influenced to a considerable extent by the wholesale prices during the next few months. A sharp drop in prices from early August levels similar to that which occurred in early September, 1937, would cause a good many cattle to be held over, that will be marketed if prices remain near the level prevailing about the middle of August.

TROTSKY AIDE'S BODY RECOVERED

PARIS, Aug. 30 (UP)—A headless body, found in the Seine near Paris, was identified tentatively today as that of Rudolf Klement, former secretary to Leon Trotsky, exiled Russian war lord.

Klement, disappeared July 13, Trotsky, announcing at Mexico City July 18 that he was missing, expressed belief that he had been kidnapped or murdered. Erwin Wolf, brother of Trotsky's former secretary, was assassinated at Barcelona, in loyalist Spain, several months ago.

Inherent Letter

Trotsky's fear was that Klement might have been smuggled into Spain, to be tried along with other leaders of the pro-Trotsky workers' party of Marxist unification, who were condemned as traitors.

Pastor Gives Final Sermon

RUPERT, Aug. 30 (Special)—George G. Roseberry, who has been pastor of the local Methodist Episcopal church for the past four years, preached his farewell sermon Sunday morning to a house packed with members of his own congregation and friends from other churches of the town.

Special music for the occasion was provided by Howard Corless of Emerson who sang "The Holy City," and by a quartet composed of John Mitchell, Donald Smith, John Willis Young and Glenn Turner, who sang a special arrangement of "Abide With Me." Mrs. W. D. Boydson accompanied both numbers on the pipe organ.

League Entertains

In the evening Mr. and Mrs. Roseberry were honor guests at a farewell reception given by the Epworth League of the church. Following the regular devotional service, a short musical program was given by Miss Pauline Bayler, soloist, and the male quartet which sang at the morning service. Each was accompanied by Miss Margaret Moser.

A farewell address including a tribute of appreciation to Mr. and Mrs. Roseberry was given by Donald Smith in behalf of the entire society. Miss Margaret Moser, president of the League, presented the honorees with a two year subscription to the Readers' Digest beginning with the September issue in which, on a special page for that purpose, was the autographs of each of the 60 members.

New Members

Fourteen new members took the League pledge at the Sunday meeting. A social hour of games and community singing followed the formal program and the evening closed with refreshments served by a committee of young people assisted by Mrs. George Moser and Mrs. Warren Hollenbeck.

Mr. Roseberry is closing his work here and with his family will leave the last of the week for Caldwell where he will begin his new pastorate the first Sunday in September. The Rev. A. B. Barrett, formerly pastor of the Methodist Episcopal church of Caldwell, will arrive in Rupert this week and take charge of the field here.

During the reign of George IV, a man was required to contribute to poor relief before being allowed a license to sell cider in England

FLOWERS JUDGED AT CAREY SHOW

CAREY, Aug. 30 (Special)—Annual flower show of the Progressive club was held Thursday at the I.D.S. chapel. Judging was conducted on quality of flowers and attractive arrangement with blue ribbons being awarded for quality and white for arrangement.

Program preceding the judging was presented under the direction of Mrs. Pauline Stanford. Numbers were: duet, Misses Dona Patterson and Beth Barton accompanied by Miss Margaret Barton; talk on flower appreciation and poem, Mrs. Maud Ivie; accordion solo, Margaret Barton; vocal, Mrs. Stanford; piano solo, Verlis Howard; accordion, Miss Barton.

Judges Named

During the awarding of the ribbons refreshments were served. Those receiving awards from the judges, Mrs. Alice York, Mrs. Ruth Baird and Mrs. Lilly Condie were:

Prize bouquets—Dahlias, Mrs. Neva Albrecht; gladioli, Mrs. Albrecht; Mrs. Mary McCarter; scotch balls, white ribbon, hollyhocks, blue and white, gladioli, white and bachelor buttons, blue ribbons went to Mrs. Mary McCarter; delphinium, blue ribbon, Mrs. Beth Patterson; sweetpea, blue ribbon, Mrs. Oscar Olsen and white ribbon, Mrs. Nora Baird; marigolds, blue and white ribbon, Mrs. Albrecht.

French marigold, blue and white ribbons, Maud Ivie; golden glow and phlox, blue and white, Pauline Stanford; pansy, blue and white, Maud Ivie; cosmos, blue, Mrs. J. W. Patterson and white, Mrs. Nora Baird; petunia, white and blue awards, Thelma Kizland; snapdragons, blue and white ribbons, Mrs. Albrecht; painted daisy, blue and white ribbons, scabiosa and scabiosa and mixed bouquet, Miriam Dilworth.

ARMY IS TERMED BEST 'INSURANCE'

BOISE, Ida., Aug. 30 (UP)—Sen. Key Pittman of Nevada, here for a brief visit, said today that the United States' armed forces were the "best possible" insurance against foreign aggression.

Sen. Pittman, chairman of the senate's foreign affairs committee, said that additional protection against the United States' becoming involved in European "troubles" was the attitude of the state department.

"Secretary of State Hull has been maintaining an excellent foreign policy," he said. "Our policy of non-intervention and non-alliance is to be envied."

President Roosevelt's recent speech at dedication of a bridge across the St. Lawrence river connecting the United States and Canada, was a "statement of fact," Pittman believed.

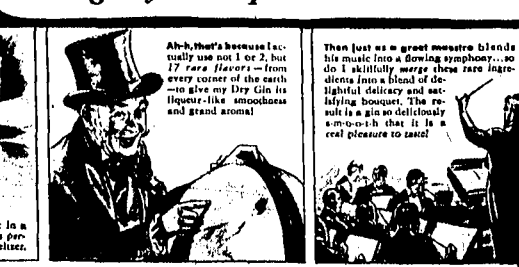

"Any efforts to invade Canada would bring about immediate action from us and our armed forces," he said.

The senator will leave Wednesday for Mountain City, Nev., where he will inspect mining properties.

An ardent campaigner for the stabilizing of silver, Pittman said he expected to see the market "settled" within three years.
