FUEHRER LAUDS FARM WORKERS

MUNICH, Sept. 7 (AP).—Fuehrer Adolf Hitler hailed German farm workers today as an integral part of the defense of the Reich, standing behind the army for security.

Hitler addressed 30,000 men and 2,000 women of the labor corps who gathered before him on the Zeppelinfeld.

"You are fighting for the rebuilding of Germany but you also are fighting for the defense of the Reich," he said. "The people create new ground and make new life out of the Reich. You are the old and the new, the east and the west, for the security of the Reich."

"Turning to the contingent from Austria, Hitler said: "I greet the men of work from my own homeland. You not only symbolically, but in reality have come to the heart of the German community. For this community has no more beautiful symbol than the spade."

Supreme Court Pondering La Vonde's Freedom Plea

Evidence is Insufficient, Dunn Claims

POCATELLO, Sept. 7 (AP).—The state supreme court today took under advisement a writ of habeas corpus petition for the release of William La Vonde, Twin Falls man accused of participating in the slaying of a jewelry salesman.

William Dunn, La Vonde's attorney, told the court that the evidence on which La Vonde was being held for trial was insufficient in fact, circumstantial, and did not link La Vonde with the slaying.

La Vonde and Duncan McD. Johnson—the latter former operator of a jewelry store and La Vonde's employer—are charged with killing George L. Olson, a Salt Lake City jeweler.

Olson was last seen alive in Twin Falls on May 21, 1938. Three days later, his body was found stuffed in the rear seat of his automobile. The car was parked near Twin Falls hotel. Olson had been shot.

Following discovery of jewels belonging to Olson in the basement of Johnson's store, police arrested Johnson and La Vonde and accused them of the slaying.

Representing Attorney Edward Babcock, appearing for Sheriff E. P. Prater to contest the petition for writ, said that all the evidence available pointed to La Vonde as the perpetrator of the slaying.

WIN BOARD JOBS
(Other south Idaho results on page 6)

Ernest P. Stettler, incumbent clerk of the Twin Falls school trustees, and John Soden, prominent among the city's younger businessmen, had been elected to the two expiring posts on the board.

Mr. Stettler topped the slate of four official candidates and one write-in candidate. He received a total of 285 votes. Mr. Soden, the other winner, rolled up 228 for a substantial margin over the three losing candidates.

Write-in candidate was P. C. Thompson, who was given one vote in the Nickel precinct.

The newly elected trustees will take office next Monday, Sept. 12, when the school board convenes for its regular September meeting.

At that time the present board will complete its business for the year and will then adjourn. The new board will immediately convene.

Advocates of Peace Consider Plebiscite

By JOE ALEX MORRIS
United Press Staff Correspondent

Advocates of peace at any price put up a trial balloon today to test the cost—(Czechoslovakia to pay the bill)—of avoiding war in central Europe.

In London, speculation centered on solution of the Nazi quarrel with the Czechs by means of a plebiscite to determine whether the Sudeten (pronounced soo-deh-ten with accent on second syllable) area should be annexed to Germany.

Such a suggestion, discussed in the London Times as a possible last resort, created excitement in diplomatic circles because of the possibility that it represented influential official support. Official sources in London denied that the suggestion was more than a private one.

In Paris surprise was expressed that any such proposal should be seriously advanced, but it was understood that informal inquiries would be made in regard to the article.

Pressure Turns
In any event, the pressure of the great powers and particularly of Great Britain has been turned on Czechoslovakia now and the Prague government already is certain to pay a stiff price for post failure to courage improvement of minority areas.

Whether that price will be a real danger to future independence of the Republic depends on the kind of bargain Britain and France can strike with Hitler.

On Monday, Hitler is expected to deliver his climactic appeal to the Nazi party rally at Nuremberg. He will be continually in the spotlight this week as he was this morning.

When 20,000 German workmen and 2,000 women goose-stepped past the reviewing stand—carrying spears and pickaxes—to demonstrate the reserve power of the third Reich, the Fuehrer's real declaration of world importance, if he is to make any now probable, is on the Monday.

SIGNS POINT TO BREAK IN SPAIN 2-YEAR-OLD WAR

LONDON, Sept. 7 (AP).—Indirect reports filtering out of Spain hinted today at mounting signs of a break in the two-year-old civil war and revived speculation on re-establishment of the monarchy under Prince Juan de Bourbon-Battenberg, son of the exiled King Alfonso.

Authoritative British sources in close touch with Spain disclosed that advice, received via Portugal, reported differences of opinion developing as to leadership in insurgent territory and told of waning hope for an early or decisive triumph by the armies of Generalissimo Francisco Franco.

Confirmation impossible
Confirmation of the advice was impossible, but it was said that the differences in regard to leadership did not necessarily mean that the frequently reported opposition to Franco had become serious.

At the same time, and probably most significant in the long run, the advice indicated that enthusiasm among the people for continuation of the war was waning. Indications were not lacking, it was asserted, that there was frustration between nationalist and loyalist troops in certain front line sectors.

The conclusion which well-informed circles here sought to draw was that the desire for an end of the conflict was growing. It might soon offer some hope of mediation. Franco, who now is in the strongest position, has been known to look favorably on re-establishment of the monarchy if peace can be restored.

IRON AND STEEL WAGE PACT SET

WASHINGTON, Sept. 7 (AP).—Charles Thomas Holland, assistant public contract board said today that "general agreement" had been reached on minimum wage recommendations for the iron and steel industry.

Holland and his colleagues—Oscar R. Induck and Major Robert M. Adams—probably will present their recommendations to Secretary of Labor Frances Perkins within two weeks. Mrs. Perkins would make final determination of minimum wages which must be paid by government suppliers holding contracts in excess of \$10,000.

There was no indication of what minimum or minima would be recommended by the board, but it was believed likely that there would be several different wages for varying regions.

CIO Vice-Chairman Philip Murray, who requested the wage determination on behalf of the steel workers' organizing committee, said the board to fix 67¢-cent minimum for the eastern district, 60 cents for the western, and 45 cents for the southern.

The board now has 35 industry hearings, and the secretary of labor has fixed wage minima for 17 industries.

Governor Revives Ohio Controversy On Dirty Politics

WASHINGTON, Sept. 7 (AP).—The Ohio controversy over the Ohio Democratic primary, Gov. M. L. Davey today accused national security board chairman Arthur J. Altmeyer of "dirty politics" and the works progress administration of working "against us" in last month's polling.

Denying charges made by the board of maladministration in the old age pension set-up, Davey "dared" Altmeyer to stop assistance for the aged to help clean up the "dirty politics" of the board.

McCarran Easily Wins Nomination in Nevada

By ERNEST A. FOSTER
RENO, Nev., Sept. 7 (AP).—Sen. Pat McCarran, opponent of President Roosevelt's governmental and supreme court reorganization proposals, was renominated today on the basis of returns from yesterday's Democratic primary.

With less than 50 of the state's 262 precincts missing, McCarran had a lead of more than three to one over Albert Hilliard, who campaigned on a platform of 100 per cent support for the President. Dr. John E. Worden, third Democratic candidate who also said he would be a solid supporter of the New Deal, was out of the race almost from the start.

McCarran led 13,485 to Hilliard 4,278. Worden 732.
Lands All 17 Counties
McCarran led in all of the state's 17 counties. The trend of voting was much as had been predicted. Betting commissions had offered even money that Hilliard would not carry more than two counties and that McCarran's total vote would exceed Hilliard's by four to one.

Former Sen. Tasker L. Odell was unsupported for the Republican senatorial nomination. Rep. J. O. Scruggs had no opposition for re-nomination on the Democratic ticket and Harry Stewart was unsupported for the congressional nomination on the Republican ticket.

Bitterly Contested Race
The most bitterly contested race was that in which three candidates vied for the Democratic nomination for governor. Harley A. Harmon and E. P. Carville were separated by only a few votes after almost half of the precincts had reported, indicating that the outcome probably would be determined only after the entire vote had been tabulated. The third Democratic gubernatorial candidate, Charles L. Richards, was far behind.

In 215 precincts Carville had 10,237 votes, Harmon 8,278 and Richards 2,008.

John M. Fulton led Sam Durkin for the Republican nomination for state auditor. The race was close, however, in first returns.

In 108 precincts Fulton had 9,190 votes, Durkin 2,813.

35 DEPARTMENT STORES ARE HIT IN BAY DISTRICT

By MILLER HOLLAND
SAN FRANCISCO, Sept. 7 (AP).—Several thousand salesgirls and clerks went on strike in 35 of San Francisco's biggest department stores today, practically paralyzing the city's famous shopping district.

The stores opened for "business as usual," but hundreds of pickets, mostly women, made shopping difficult as they boomed and jeered persons who attempted to enter. Scores of police patrolled the district.

The A. F. of L. retail clerks' union called the strike in a dispute over preferential hiring. Store executives said the union's demand was tantamount to the hiring hall. Union leaders said the stores refused to arbitrate.

The union claimed 7,000 of its members were out and that 34 other unionized stores, including operators and janitors, agreed to observe picket lines.

Store executives said the union's demand was "far below" the union's estimate.

Half of Force at Work
The Emporium, one of the big downtown stores in the west, announced that 50 per cent of its employees were on the job. The management said non-selling employees, such as advertising men, were pressed into service behind the counters to handle shoppers.

More than 300 police were assigned on call for strike duty. Acting Chief Charles Kelly said he had his men to "see that no violations of law be permitted, to prevent any outbreak of the streets and sidewalks."

Pickets paraded in double lines in front of most of the stores. They let out loud booms and shouted the "bird" whenever anyone—worker or shopper—passed their lines.

INSIDERS' PREDICT TYDINGS VICTORY IN MARYLAND RACE

LITTLE CHANGE SEEN FOR LEWIS TO WIN CONTEST

By Lyle C. Wilson

WASHINGTON, Sept. 7 (UP)—The inside story in the capital today is that Maryland Democrats probably will renominate Sen. Millard E. Tydings, anti-New Dealer, elected by President Roosevelt among the "conservative reactionaries," Democrats.

Prospects for the nomination of the New Deal candidate, Rep. David J. Lewis, lie principally upon a possible ground swell of reaction to Mr. Roosevelt's Labor day speech at Dayton, Md., in which he endorsed his man, or upon last-minute organizational miracles by Postmaster General James H. Farley.

Supporters Confident
Lewis supporters, however, are moderately confident and there is a tendency among the more interested observers to forecast a close race. The intimation that strategists are about reconciled to Lewis' defeat comes from a qualified and reliable source. There was no suggestion that the President, himself, had given up the battle.

Mr. Roosevelt did deliberately undertake a losing fight in South Carolina against Sen. Ellison D. (Colton) Ed Smith. He was attempting to elect a New Dealer to the Senate in Maryland—where the conservative element is strong.

Presidential Campaign
Altho South Carolina damaged Roosevelt's political prestige and a reverse in Maryland would do further damage, there are many who believe that Lewis' defeat has adopted sound strategy in taking the offensive on a showdown with conservative Democrats. It would have come soon in any event.

The forecast of Tydings' renomination is based primarily on two factors of weakness in Lewis' campaign.

1. The enthusiasm and individual brilliance of many of his addresses have not yet been a hard-hitting, statewide campaign.

2. Rural Marylanders, according to the committee for industrial organization, "reminiscent of Tydings' own triumphs of those Democratic senators who opposed judicial reorganization last year. Terms of nine of those men ended today. Five of them, so far, have come up for renomination and each has won easily. The latest recruit to the party is Senator Charles McNamara, who was re-elected yesterday over two opposed New Dealers."

Walter Peterson was fined \$25 and costs for intoxication and resisting the officer; Claus Evans received the same penalty for reckless driving; M. R. aligned with a program of military preparation which carries the nation to the verge of mobilization. Following reinforcement of the Maginot line on the German frontier to full defense strength, the government acted to strengthen the interior military organization to put the country on a defensive basis on an emergency basis.

At Marseilles, where labor troubles have tied up the port at intervals, the mayor directed troops to be authorized to use troops if necessary to keep open that vital link in France's line of communications with other parts of the world.

Insurgents Gain
SPAIN—Insurgent armies continued to push north, and the forces of the republic in the interior lines along the Ebro river, seeking to regain the ground lost more than a month ago when the government troops suddenly struck at their flank. Reports, shifting across the frontier from rebel Spain reported that the desire for peace was growing among the population on both sides but that there was little immediate prospect of a break.

IDAHO'S MEDICAL MEN AT 'SCHOOL'
SUN VALLEY, Sept. 7 (Special).—Idaho doctors today finished their first day of "school" at the annual meeting of the Idaho State Medical association.

The "school" was conducted by five midwestern medical school men and was part of a five-day "post-graduate" course, sponsored by the state association.

Serving on the faculty are Dr. Albert C. Furstenberg, Dr. Frederick A. Collier, Dr. Cyrus Sturges, Dr. Norman F. Miller and Dr. Howard J. Lewis, all of the University of Michigan medical school faculty.

This was the fourth consecutive year that the state medical association had sponsored the "post-graduate" course, according to Dr. Arthur G. Jones, Boise, president of the group.

Today the association was to elect new officers. Dr. P. C. Gilman, Potlatch, president-elect, will assume the presidency at the close of the convention. A new president-elect will be named.

Tonight's speaker will be Dr. William H. Lanning, Mich., the full-time executive secretary of the Michigan State Medical society. He will speak at the annual banquet.

In California there is a man who has wrecked airplanes and resells the best pieces. He has more than 1200 wrecked planes scattered over his acre of ground.

Mayor Urges More Caution By Motorists

Carelessness and thoughtlessness are basic causes of the majority of accidents, Mayor Lem A. Chapin said this afternoon in endorsing the traffic safety campaign sponsored by 50 cooperating Twin Falls merchants and the Times and News.

The Twin Falls chief executive said that slower driving and the use of caution would materially reduce Idaho's accident rate.

Children's Safety
"As I note the hundreds of children of our community on their way to and from school today, I am sure that drivers of all motor vehicles must feel that no little responsibility rests with them as they drive upon our streets and highways," Mayor Chapin said.

"It is not possible to estimate the value of a life, not to mention the sorrow and suffering, that may come from the act of a careless driver. If we would all slow up a little and take more time and exercise more caution in our driving, I am positive that the death rate from auto accidents in our community, as well as our state and nation, would be materially lowered," he said.

"Most of our accidents can be charged directly to carelessness, too much haste, or lack of consideration of the rights of others."

The mayor urged Twin Falls drivers to join the "drive safely" campaign, and observe the slogan, "Safety First," at all times.

Honor Stickers Given
Safety "Legion of Honor" stickers were being given out today by the 50 business and professional men who signed the simple pledge, to observe safety rules, especially in relation to school children.

Motorists from outside Twin Falls may secure the stickers by mailing their pledges to Times or News. Scores of the "Legion of Honor" stickers have already been sent out to motorists in Jerome, Wendell, Kimberly, Buhl, Piler, Hansen, Rupert and other communities.

FRISCO'S SALES GIRLS ON STRIKE

(From Page One)
line into three sections to leave clearance for the store's entrance.

The union's decision to strike was taken at a mass meeting in Civic auditorium in face of urgent pleas from Mayor Angelo and the city fathers.

Picketed stores included such widely known establishments as the City of Paris, the White House, the Emporium, Hale Brothers, Nathan Dohmann, O'Connor Moffat and Co., Livingston Brothers, Ross and Co., I. Magnin and Co., Joseph Magnin and Co., H. L. Giesler, Gartner and Mattern, Sherman Clay and Co., and others.

Larry Wall, union secretary, said 24 unions connected with the retail trade had pledged moral and financial support to the striking clerks.

Action Sanctioned
Strike action was sanctioned by the San Francisco labor council last week and had been authorized by a nine-to-one vote of the union. Union leaders were instructed to go on strike at any time after Sept. 1, that negotiations were broken off without a successful conclusion.

Earlier the union had asked a 35-hour, five-day week, and a storewide seniority. It had acceded to employer requests to drop those demands, but the union refused to drop its demand for preferential employment.

Retail clerks called their strike while San Francisco already was harassed with a dispute which had resulted in the closing of 121 warehouses.

Retailers reported shortages of groceries, liquor and other supplies. The dispute was between the committee for industrial organization longshoremen and warehousemen's union and the Association of San Francisco Distributors.

Employers proposed a master contract, covering all of the 180 warehouses in the city area. The union rejected the proposal. The controversy was inspired by requests for wage adjustments, the shifting of a "hot cargo" car from one warehouse to another and strikes at the F. W. Woolworth company and Hiram Walker plants.

Antique Guns Are Shown in Fair's Display

Carrying lots of history with them, antique pistols went to the Twin Falls county fair today.

They were taken to the antique display at the fair by Chairman James L. Barnes of the board of county commissioners. One belongs to Harry Dietrich, local dairyman.

One of the guns is a four-barrel "pepper box" pistol, purchased in the early 1800s by John T. Barnes, the commissioner's father.

The other is an old rusty cap and ball pistol, picked up by E. O. Myers after an outlaw raid on the Idaho City gold rush camp in 1861.

Third historic item taken to the antique display is the front page of the July 4, 1863 issue of the Vicksburg, Miss., Daily Citizen, published just after the Yankees bluecoats captured Vicksburg. Just one small item in one corner was inserted after the capture; other portions of the front page point to the capture of the city. The paper was sent to W. O. Barnes, the commissioner's uncle who was with the Ohio Zouave regiment at the siege of Vicksburg.

EX-IDAHOAN KILLS WIFE, SON, SELF

PORTLAND, Ore., Sept. 7 (AP)—Raymond J. Becraft, 37, died at a hospital here last night of bullet wounds inflicted by his father, who also had shot the boy's mother to death and then killed himself.

The elder Becraft, about 50, a former professor at the University of Idaho, suddenly became mentally unbalanced, grabbed a 22-caliber rifle, and wounded his wife and son. He then locked himself in a bedroom and turned the gun on himself. Becraft and his wife died shortly after being taken to a hospital.

Neighbors said Becraft had been injured in an accident about a week ago, suffering severe back injuries. They also said he was worried about reorganization in the forest service here, where he had been employed for the last year.

Before coming here, Becraft was a professor in forestry management at the University of Idaho. He was graduated from Utah State agricultural college at Logan.

WATERMELON

The biggest ones got away . . . No, not fish, the other nine watermelons . . . And left this prize pretty on exhibition all alone. And don't look for it at the Twin Falls county fair, because it isn't there. It's at Trollinger's pharmacy, much as it deserves a prize at the fair.

As a souvenir from Missouri, J. R. Trollinger brought it back from a family reunion.

IT—and nine others when weighed—tipped the scale at 526 pounds. By the law of averages that makes the zepplin one of the fruit kingdom weigh something like 50 pounds.

Just when he's going to slice it, he doesn't say—but anyone who's around at the time, gets a hunk. How many will it serve? He doesn't say.

Guessing the number of seeds it contains, won't "count you in." It seems, you have to be a friend.

'Free' Reading For Junior Hi

One hour of "free" reading each week for all junior high pupils is the goal for this year, Principal Mrs. Vera C. O'Leary said today as she exhibited new books stacked on office tables.

Room 108, next to the high school library, will be utilized as a library for junior high school pupils and will house the books previously kept in the junior high office and the new ones purchased to augment the reading material.

Pupils free to select the book of their choice will be the pupils with the reading taste of all catered to by the varied types of books to be chosen from.

From religious stories to the latest in airplanes and stories of Japan and China the books embrace many, many subjects. A few examples from the various divisions are:

"Life of Our Lord," Charles Dickens; "North of the Orient," Anne Morrow Lindbergh; "Peggy Covers the News," Buglike; "Exploring with Beebe," William Beebe; "Dewey," Charles Wright; Gray; "Ho-Ming, Girl of New China," Elizabeth Foreman Lewis; "Collecting Slugs," "Our Alms," Irving Grump and John W. Newton.

Many other volumes of the same type and others run the gamut of the reading experience available for junior high pupils.

You cannot cut your heirs out of your will in Turkey, according to law. Mustapha Kemal is the only exception to this law.

ENROLLMENT AT SCHOOLS 2,941

Enrollment in Twin Falls city schools reached 2,941 students on the first day with first graders to sign up today. Many students on vacation are also expected to register and boost the total before the end of the week. The figure thus far, however, is somewhat below expectations.

Figures for the grade schools as released by Supt. Homer M. Davis show 1,317 pupils at the Bickel, Lincoln and Washington schools in grades from the second through the sixth. Bickel attendance reached 467, Lincoln, 478, and Washington had 372, an increase of 15 over last term.

Mrs. Vera C. O'Leary noted 874 pupils on the enrollment lists at the junior high school. About 60 new pupils were registered at the high school yesterday bringing the total enrolled to 728. There is not taken care of the first day as far as class assignments are concerned because the high school attendance is about 750 the principal, Edward Rogel, stated.

Mr. Rogel also urged that all students planning to attend high school and not at present registered, do so as soon as possible as classes are rapidly being filled. All those wishing a choice in the course to be pursued are urged to enroll immediately.

Tomlin Directing Visual Education At High School

James E. Tomlin, science instructor at the high school, this year will supervise extra-curricular work in visual education. Mr. Tomlin spent the summer taking special courses in the work at the University of Oregon.

Visual education is the plan of teaching by means of pictures, flat pictures, slides, still films and like media.

Work in the high school this year probably will consist only of caring for the present equipment of a slide and sound film projector now on hand and keeping catalogues of films and slides available for use in the school.

Mr. Tomlin listed as being needed in the high school at the present time a stereoscope and an opaque projector.

QUESTED ACCOUNTANT CLAIMS 'OTHER' IRREGULARITIES

SMITH BLAMES POLITICIANS FOR LOSING HIS JOB

BOISE, Ida., Sept. 7 (UPI)—Bert H. Smith, discharged last week from his position in the state bureau of public accounts, said today in a written statement that irregularities existed in "many" departments of the state and many legislative appropriations.

Smith said that although he had been discharged for alleged inefficiency, the purpose of his release was the administration's effort to "shift the responsibilities for its own inefficiencies to someone else."

The auditor, a candidate in the primary election for nomination as state auditor, was released following a conference between Gov. Barstow, Clark and Truman Joiner, head of the bureau of public accounts.

Cleaned Out "Deadwood"

Following the action, Governor Clark said he was giving each department head the opportunity to clean out the "deadwood" and dispel the "abuses of political appointments."

Smith defended his work as an auditor, said the governor had never examined his work, but had "listened glibly to politicians."

Smith, accused of overlooking some shortages, said that he had reported all shortages and had investigated those "except which he was forbidden to investigate."

He charged that when he discovered shortages in prison finances he "immediately reported it" and "next morning was told not to mention it."

Other Conditions Similar

He said the prison clerk (Tony Pichan, convicted of embezzlement as a result of a grand jury investigation) was left in office for at least two weeks before the office cash was counted "during which time, there were further defalcations."

"Many departments of the state and many legislative appropriations have never been audited and examined by the bureau of public accounts and if audited and examined will disclose conditions similar to the newspaper reports of the last few days," he said, referring to recent discovery of a \$150,000 shortage in the department of agriculture.

Y. W. C. A. COUNCIL ARRANGES PLANS

Members of the Y. W. C. A. met in the "Y" office yesterday to make plans for the coming year's work with the new secretary, Mrs. Helen Henderson.

No definite organization of Girl Reserve work in high schools will be carried out until next week in any of the schools in Magic Valley district, Mrs. Henderson stated. This will allow all students to become adjusted to the school routine before being confronted with social organizations and club work.

For Working Girls

The group went on record as wishing to emphasize to the working girls of Twin Falls and vicinity that the Y. W. C. A. rooms, located in the Orpheum theater building, are for their use. Office hours are maintained from 10 a. m. until 5 p. m. each day. Members of the local council and Girl Reserves from the other towns were also invited to use the rooms freely, whenever in Twin Falls.

Mrs. B. L. Price, sponsor of the Magic Y club attended the meeting and announced that her group is considering affiliating with the Y. W. C. A. Originally organized as a "magic" club, this club continued as an independent group during the time this community was without a local secretary.

Business Session

Mrs. F. W. Slack, president, conducted the business session at which a number of business matters pertaining to the council were discussed.

Social event planned to follow the organization of the local Girl Reserve groups in the high schools is a tea and reception for mothers and girls at which time Mrs. Henderson will be introduced.

WINN ENGLISH RACE

DONCASTER, England, Sept. 7 (UPI)—James W. Hank's Scotch Union won the St. Leger stakes today, last of the season's five classic races. Sir Laurence Phillip's Challenge was second and H. E. Morris's Patch was third, nine furlongs.

Why Hungary Likes Germany

The map above shows why once-proud Hungary has reason to line up with Hitler's Germany. The visit of Regent Nicholas Horthy, left, Hungary's "uncrowned king," to Berlin has brought reports that henceforth Hitler will be allowed to use Hungary as a springboard for economic penetration in the Balkans in return for formidable military protection. The Little Entente—composed of Czechoslovakia, Yugoslavia and Rumania, all of which countries gained large chunks of Hungary after the war—opposes German-Hungarian friendship because of Hungary's key position. Hitler reportedly has guaranteed the boundaries of Hungary, and the entente fears both Germany and Hungary will benefit territorially at the entente's expense.

Welfare Council Asks Continuance 'Of Wassermanns'

BUHL, Sept. 7 (Special)—West End health and welfare council held its organization meeting for the new year recently at the city hall. Among the most important subjects discussed were glasses and dentistry for school children; city garbage containers; checking contagious diseases; status of Buhl city water; and continuance of the campaign of education.

Last year the organization had a number of local clubs and groups take the Wassermann test to locate and stamp out syphilis. This subject was taken up and fully discussed again at the recent meeting.

Mrs. Harry Wilson, health nurse, reported that many women's organizations already had taken the test, and urged that more men's groups take it during this year.

Mrs. Wilson also discussed the importance of the child-lesson "Mothers' Courses" which will be given again this year to all clubs and groups that are interested.

Legion Officers At Smith Service

RUPERT, Sept. 7 (Special)—George A. Smith, former Rupert executive man, who died in St. Louis, Mo., Saturday, Aug. 27, was buried Tuesday from the Goodman mortuary chapel with full military honors.

WENDELL VOTERS CONSIDER BONDS

WENDELL, Sept. 7 (Special)—Wendell village board agreed this week to call a special bond election to ascertain the desire of the voters on a three-fold improvement plan for the village. They are: To enlarge water mains in the business district; purchase a new fire truck; and install curb lights on Idaho street.

The size of the water mains would be increased from 24 to 30 inches. Replacing of the water mains leading to the various districts would be included, amounting to about \$3,000.

The new fire truck would replace the present truck that has been in operation for the past 10 years and would cost nearly \$3,000. The new water mains and the new fire truck would lower fire insurance in the business section.

Nineteen curb lights would be installed in the business section, replacing the four old lights.

Members of the finance committee of the village board and their attorneys are working out the details of the proposed call for the bond election.

VIGOROUS KIMBERLY RACE HIGHLIGHTS SCHOOL VOTING

OTHER SECTIONS PICK ASPIRANTS WITHOUT RIVALS

(Twin Falls results on Page 1)
Competition for school board posts in south central Idaho drew vigorous races in only a few communities along a wide voting front Tuesday, according to survey of results available so far today.

In the bulk of the trustee balloting, candidates were filed for the posts easily elected and where incumbents sought return to the boards they were generally successful. School trustees receive no monetary remuneration of any kind.

Kimberly in Spotlight
Kimberly held the spotlight for spirited campaigning, its race overshadowing all others including that in Twin Falls, where four candidates sought two seats but where the actual campaigning was slight.

At Kimberly, the plea of four holdover members of the board who backed the trustees' reelection, the election was partly successful against energetic efforts of the women's temperance organization, which also won partial victory. Each candidate elected one of its two candidates.

W. A. Colner, incumbent supported by the board, was reelected, but Ralph Metcalf won over W. B. Savage, one of the other incumbent whose term is expiring.

The vote was Kimberly's hottest trustee election in years.

At Burley, Pike and Buhl the successful candidates were unopposed

Alan Mowbray, Movie Actor, Is 'Adopted' by Nine Cities

CULVER CITY, Calif., Sept. 7 (Special)—Alan Mowbray, America's orphan, today called nine U. S. cities "home."

The British-born screen actor, who "wanted to be adopted by America" has been taken to the nation's bosom beyond his fondest expectations. How he can belong to nine cities at the same time is the only fly in his optimism—but since each of the communities met the requirements by which Mowbray agreed to become their founding he has to abide by his own terms.

Mowbray's "home" cities are Quincy, Calif., South Haven, Mich., Joplin, Mo., Lincoln, Ill., Bradenton, Fla., Demopolis, Ala., Boone, Iowa, Norwalk, Conn., and Quilman, Ga.

The actor's fantastic nativity claims are a result of a plea he penned several weeks ago to the city fathers of some 1,400 U. S. communities, explaining he was in a spot because he wasn't born in America.

100 Per Cent Backers
"It is a custom at the Hal Roach studios where I'm working," he explained, "to premiere a new picture in the home cities of its stars. I'm making 'There Goes My Heart.' The other stars, Fredric March, Virginia Bruce and Patsy Kelly were all born in America so that's all right. But I was born in London which isn't all right."

"Therefore I face the prospect of being the forgotten man of 1938 un-

KIMBERLY PICKS COINER, METCALF

KIMBERLY, Sept. 7 (Special)—W. A. Colner today had been reelected to the Kimberly school board and Ralph Metcalf, backed for election by a W. T. C. U. faction, had won over W. B. Savage who also sought reelection. Election was for three-year terms.

School board members had backed Colner and Savage for reelection, with the temperance group seeking election of Metcalf and J. W. Carrell. The four were the only contestants. Each faction succeeded in placing one of its candidates on the board, although only a seven-vote margin separated the high man from the candidate receiving the lowest number of votes.

Metcalf was elected with a high total of 143 votes, Colner receiving 142 and Savage and Carrell 138 each.

A total of 233 votes was cast in the hotly-contested election, the closest school ballot here for six years.

School Trustees Named at Jerome
JEROME, Sept. 7 (Special)—Jerome Independent school district voters Tuesday elected Dr. R. C. Matson and F. A. Burkhalter to the board of trustees for this school district.

The candidates were unopposed, only other votes being cast for Harry Garbuhn who received two write-in ballots.

Dr. Matson received 25 votes, and 20 votes were marked for Burkhalter.

Observers termed the vote small.

KLASS, WINKLE WIN AT MAROA

MAROA, Sept. 7 (Special)—Oscar Klass and J. G. Winkle were elected to the school board of Maroa Independent district here yesterday, with each man to serve a three-year term.

Klass received 33 votes to top the three candidates. Winkle polled 32 votes, and the third candidate, B. C. Huffman, received a total of 11 votes. The vote was unusually large for the Maroa district, indicating active interest in the contest.

Winkle replaces Paul Bandy, while Klass was returned to his trustees post. Bandy did not file for reelection.

Stanger Returned To Hansen Board

HANSEN, Sept. 7 (Special)—H. Stanger, superintendent of schools, today reported election of W. B. Stanger, only person who had filed, and W. E. Pennewald to the Hansen Independent district number seven school board.

Stanger received 121 votes, and Pennewald, a write-in candidate, polled 51 to win the other vacancy on the board. Balloting was the heaviest in six years.

Although he did not seek reelection, C. C. Clarke, present clerk of the board, received 35 write-in votes. M. P. Kenworthy also received 35 write-in votes.

HOLLISTER AREAS NAME FIVE MEN

HOLLISTER, Sept. 7 (Special)—Hollister voters cast 54 ballots in a school board election here yesterday to elect Martin Knudson and Virgil Jewett to posts on the board. M. Peter Corak to fill the one-year unexpired term of Joseph Stanley who has moved from the district.

Wendell E. Fohlman and J. M. Pierce, both of the Hollister rural high school district board.

Jewett polled 40 votes, Knudson, 28 votes, Oscar Peterson, 23 votes, and Jay Green, 21, in the independent district number six balloting.

Corak received a high of 33 votes in the race for the unexpired term, while Elwood Henstock polled 10 votes, and Charles Homan, seven.

In addition to Fohlman and Pierce who were unopposed for their posts, John Lansing was named to fill the one-year unexpired term of C. A. Boos of Rogerson on the rural high school district board.

Lansing polled 25 votes, Ira Bradley, 22 and Paul Schmell, 16. Fohlman received 38 votes and Pierce, 27.

Filer Re-Names School Trustees

FILER, Sept. 7 (Special)—Two members of the board of trustees for the Filer Independent high school district were Tuesday returned to the board without opposition.

Edward Reichert and Elmer E. Haug were each reelected for three-year terms, reported Earl Ramsey, superintendent of schools, today.

Polling was light in the board election, with little interest shown because of the lack of opposition for the two trustees, said the superintendent.

No write-in ballots were cast.

Burley Trustees Are Not Opposed

BURLEY, Sept. 7 (Special)—Two unopposed candidates for the Burley school board were elected here yesterday by voters who cast a comparatively large number of ballots.

L. E. Crane was re-elected for a three-year term with 334 votes. Bishop J. D. Hogan received 331 votes to replace Lorin Lewis on the board of trustees. Lewis did not file for reelection.

Dr. O. B. Parrott received two votes as a write-in candidate.

POPE RAPS AGAIN AT 'NATIONALISM'

CASTEL GANDOLFO, Sept. 7 (AP)—The Pope deplored "exaggerated nationalism" again today in a speech to 400 teachers of the Catholic Action Organization of Laymen.

He deplored international and national pride comment on the recent "Pope's Comment" is a big, grave error which reaches the first steps of hitting at Catholic doctrine," he said.

The Pope explained it is erroneous to say he recently discussed nationalism, which resulted in anti-Jewish measures.

"We spoke only about exaggerated nationalism, which does not unite people but pitches them against each other," he declared. Speaking firmly, he continued:

"We do not want to make it a question of nation or not racial." — He recently was said that the Pope had talked much of nationalism when instead he spoke only of exaggerated nationalism.

Rebekah Lodge Honors Birthday of Member

Mrs. Hattie Bessie, past noble grand and long-time member of Frimrose Rebekah lodge, whose attendance record is almost perfect, was presented with a bouquet in honor of her birthday last evening when the lodge met for the first meeting of the fall, following a summer vacation. Mrs. Bessie, whose years total more than four-score, admitted that she was "past the 80 mark," but laughingly refused to give more information.

As an auspicious opening to the seasons activities, the lodge members attended a delightfully arranged dinner preceding the lodge social and program. Mrs. Laura Whitney, Mrs. Minnie Paly, Mrs. Maude Selig, Mrs. Mary Soper and Mrs. Sigrid Smith were the committee on arrangements.

Amateur Hour Pleases
Especially enjoyable was the program, "Major Bob's Amateur Hour," presented by some of the younger talent of Twin Falls, and directed by Miss Mabel Case. Robert Nelson presided as master of ceremonies. Numbers included a soprano solo, Patricia Graves; a reading, Bruce Stansbury; a clarinet solo, Earl Dougherty; "Sun Valley Dode and Lady," Virginia McElroy; and a reggae Robertson, who played an accordion accompaniment; baritone solo, Clarence Dudley; reading, Ann Elise; "Three Mountaineers," Donald Nelson; Bill Stevens and Earl Dougherty, the latter playing a harmonica accompaniment.

Also appearing on the program was Miss Marjorie Driscoll, who sang "Sweet Songs of Long Ago" and "My Love is a Fisherman," accompanied by Mrs. Nellie T. Ostrom. The 40 members and guests present were seated at tables adorned with autumn bouquets.

In charge of last evening's program was Mrs. Grace Leibel, Mrs. Ella White and Mrs. Jessie Davis.

JAPANESE DISAPPROVE WAR, SPEAKER STATES
With the military in full power, seating the wishes of the emperor and the people of Japan to keep out of war with China, the Sino-Japanese war continues, but without the favor of the Japanese, according to Miss Florence Patton, who recently returned to the United States from Japan.

Miss Patton and her sister, Miss Annie Patton, were guest speakers at a meeting yesterday afternoon at the Baptist bungalow, attended by women of the church and others interested.

Miss Florence Patton, who spent 43 years as a missionary in Japan, and Miss Annie Patton, who was there for 28 years, were with the Presbyterian mission board, making their headquarters in Nagoya. Although retired from the active mission field, they plan to continue their work with the Japanese in Pasadena, Calif.

Stricter censorship is maintained, and protests against the military set-up frequently result in instant death, according to Miss Patton. She also told of several "dark spots" in Japan, such as the leper and tuberculosis colonies, and the copper mines.

Miss Annie Patton discussed their work with the Japanese children, and told of many Japanese customs.

Mrs. C. M. Patton, sister-in-law of the speakers, presided at the tea table during the delightful refreshment hour which followed. Mrs. Patton is their hostess during their stay in Twin Falls.

Patience and pluck comes in a light green crystal bowl, ivory tapers in holders matching the bowl, and a tablecloth made the tea table especially attractive.

Mrs. A. S. Martyn introduced the speakers. The program was sponsored by the Baptist missionary society.

"Night at Sea" Theme Featured At Dinner Party

Twinkling blue tapers in silver holders and an artificial moon contributed to the effective illumination for the "Night at Sea" theme featured by Miss Beverly Richins at a "bon voyage" party last evening at her home on Blue Lakes boulevard north. Does Your Breath Broadcast "I Wear False Teeth"?

Play Safe—Be Sure—Use Polident

Most people who wear plates of dentures suffer from a special kind of bad breath. Dentists call it "denture breath."

You won't know if you have it—until it can spoil your happiness. Friends and acquaintances avoid you. And the worst of it is that ordinary brushing cannot prevent it. Neither will mouth washes. For the odor comes from a mucous-scum that collects on plates and bridges. This scum soaks up germs and decays bacteria and causes a vile odor that you cannot detect.

One thing can stop "denture breath"—and that's Polident! This new brushless cleanser has won the approval of thousands of dentists. Users say it's a blessing.

Polident not only removes false teeth, but also removes all stain, tartar and deposits. Makes breath sweeter—plates look better and feel better. Costs only 30¢ at any drug store and lasts for many weeks. Money back if not delighted.

Cleans, Purifies Like Magic
You get a clean, fresh, healthy mouth. Add a little Polident powder—rinse—and it's sweet and purified—ready to use!

Miss Amy LaRue Becomes Bride At Garden Rites

RUPERT, Sept. 7 (Special).—In a beautiful and impressive ceremony Thursday at the Methodist Episcopal church, Miss Amy LaRue became bride of Garth Benson Peck Ogden.

To the strains of Lohengrin, the wedding march from Wagner, played on the pipe organ by Mrs. W. D. Bordston, the wedding party took its place at the altar where the couple was united in marriage by Rev. George O. Riepeberry in the presence of 200 guests.

The bride, youngest granddaughter of Mrs. Anne LaRue, was charming in a formal length gown of sheer ivory silk with a finger tip veil held in place with a coronet of roses. She carried an arm bouquet of orchids and gardenias.

Sisters Attend
Her attendants were her sisters, Mrs. George B. Ross, Chicago, and Mrs. Paul Munninghoff, Rhineclaire, Wyo., and her college friends and sorority sisters, Miss Catherine St. Clair, Idaho Falls; Miss Kathryn Cady, Pocatello; Miss Olive Lou Peck, Ogden, sister of the groom; Miss Jerry Stevenson, Ogden, niece of the bridegroom, and Miss Lois Lippo, Rupert.

All were formal length afternoon frocks in different shades of pink with short veils held in place with rosebuds. Each carried an arm bouquet of pink roses.

The bridegroom was attended by Gus Becker, Ogden, best man, and by six college friends and six fraternity brothers who served as ushers.

Following the ceremony at the church, Mr. and Mrs. Peck were honor guests at a reception given by Mrs. Anna Lettue in the spacious outdoor living room of her home. Presiding at the tea and coffee urns were Mrs. Alva Delorme, Chicago, and Mrs. A. F. Beymer, aunt of the bride. They were assisted in serving by Miss Mary Mott, Miss Barbara Kenagy, Miss Margie Burdette and Miss Betty Lee French.

Living in Ogden
Mr. and Mrs. Peck left Thursday evening for a two week honeymoon on the coast, after which they will be at home in Ogden, where Mr. Peck is engaged in the commission business with his father, and where he has a new home completed and furnished, ready for occupancy.

Mrs. Peck received her grade and high school education at Rupert. She was graduated from the Rupert high school with the class of 1935 and entered the University of Idaho at Moscow that fall, and completed her junior year there last June. Mr. Peck is a graduate of the University of Idaho.

Tramp Returns
OROVILLE, Calif., Sept. 6.—Alan M. Smith believes he is the only housewife on record to have given a tramp a meal and then have him come back and pay for it. At the time she gave the man some sandwiches and cake, he said, "I'll come back on Saturday and pay for this." On Saturday he returned and insisted she accept 35 cents which he declared the meal was worth.

GRAPE BULGE NIPS AFRICA
CAPE TOWN, S. Africa.—The suggestion that South African children be fed grapes instead of milk to save the Union's fruit growing industry from ruin has been advanced. Depression and bankruptcy are said to be facing fruit and vine growers.

The leaf-nosed bat of the West Indies gets its name from a leaf-like appendage on its nose. Its tongue is roughened like a file and is used for rasping fruit.

SARDINES TIE UP FLEET
LIBION, U.S.—Trawlers have been forced to suspend fishing operations along the coast of Portugal owing to the capture of large quantities of sardines which jam the propellers.

Mrs. J. L. Carle, Buil W.C.T.U. president, called a special executive meeting at her home Monday for the purpose of making definite plans for the booth at the county fair. Mrs. J. B. McHenry and Mrs. M. A. Drake are the Buil committee in charge and are being assisted by all the Buil ladies in the county.

Who's Afraid of October 3, 1927?

Nobody, of course. Can't even remember that day, can we? So, we must have mastered its problems in our stride—and life went smoothly on.

Yet, there was a time when some people feared October 3, 1927, because some people always fear the future.

Now—Today is here. What a thing of promise to Americans is each new day! Opportunities beyond the dreams of our forefathers. Comforts and conveniences beyond the reach of peoples of other nations. Each day providing well-earned moments of leisure to plan our personal contributions to America's tomorrow.

CELEBRATION

SALT LAKE CITY, Sept. 7 (AP)—Small Salt Lake City boys last evening celebrated the last day of their summer vacation by building a bonfire to roast potatoes for a "feed."

But the fire got out of control and spread to a nearby building housing a sheet metal works. Firemen from three stations battled the blaze for two hours before bringing it under control after it caused several thousand dollars damage to the buildings and contents.

THIS CURIOUS WORLD

By William Ferguson

SCIENTISTS SAY: FLATFISHES ORIGINATED FROM A SPECIES OF SEA-PERCH THAT "LAY DOWN ON THE JOB" WHILE AWAITING ITS PREY!

IT RECLINED SO MUCH THAT THE EYES MIGRATED TO THE TOP SIDE, AND THE BOTTOM SIDE LOST ITS COLORING.

THE PLANET PLUTO IS SO FAR AWAY THAT OUR MOST POWERFUL TELESCOPES SHOW IT ONLY AS A POINT OF LIGHT.

Answer: There is no vibrating object in a policeman's whistle. The trill is due to the fact that the whistle is a double pipe affair with one pipe producing a note of 10 to 15 vibrations more per second than the other... causing them to get out of step and in again in rapid succession.
