OFFICIAL COUNTY NEWSPAPER

Court Listens To Johnston's Plea to Quash Move Also Seeks Ban on Exhibit of Rings, Slugs

Duncan McD. Johnston, ex-mayor of Twin Falls accused of the murder last May of a Salt Lake City jewelry salesman, this afternoon appeared in district court in an effort to quash the prosecution's information, filed yesterday, and also to suppress as evidence state's exhibit A consisting of 537 rings and 18 slugs wrapped in a towel and identified at the preliminary hearing as the property of the murdered salesman's employers.

The hearing on the two motions was scheduled before District Judge J. W. Porter this morning at 10 a. m. but a last minute postponement caused it to be shifted to 2 p. m. this afternoon at request of the prosecution.

Filed Late Yesterday
The motions were filed with the court yesterday shortly before 5 p. m. records show, and the time for hearing was immediately set. In support of the motion to quash the prosecution's information, Johnston's attorneys, E. L. Rayburn and E. V. Larson, claimed:

- 1-That the defendant has at no time had a preliminary hearing on the charge of murder or any other charge.
- 2-That the defendant has at no time waived such preliminary hearing.
- 3-That the defendant has at no time been a fugitive from justice.

On the motion to suppress as evidence the rings which the prosecution claims were found in the basement under an adjoining store, into which steps from Johnston's jewelry shop gave access, the defense based its claims on assertion that the search was without proper warrant and illegal.

It was known that at least one witness, Howard Gillette, chief of police, would be called for questioning at the defense this afternoon. Judge Porter set Wednesday morning at 10 a. m. as the time for the trial of the case. The delay is not, Judge Porter will probably set trial date at that time.

Because of the number of witnesses known for the prosecution and the number expected to appear for the defense it is believed the trial would take nearly a month to complete.

FIVE INDICTED IN JAIL 'ROASTINGS'

PHILADELPHIA, Sept. 20 (U.P.)—The superintendent, deputy warden, a guard captain and two guards were indicted today by the grand jury on murder and manslaughter charges growing out of the "roastings" of four inmates of Philadelphia county prison.

Five other guards were indicted on manslaughter charges only. Superintendent William B. Mills, Deputy Warden Frank A. Craven, Guard Captain James McCreary and Guards Alfred Brough and Francis Smith were indicted on four counts of murder and four counts of manslaughter.

Smith and Brough previously had been arrested for alleged homicide and a surprise arrest by Mayor H. Davis Wilson at the Mayor's investigation of the deaths in the radiator-blast "kitchen" punishment cell block during the week-end of Aug. 19-22.

The five guards against each of whom four counts of manslaughter were charged, were William B. Mills, William B. Mills, Thomas Cavanaugh, John Mulhern and Sylvester Weaver. All previously had been relieved of their duties at the prison.

The grand jury exonerated two prison physicians and two guards who were indicted by the grand jury. The George P. Enoch and John Abraham, and guards Samuel James and Edward Coker. They had been ordered held by a "blue-bird" doctor's jury in connection with the case.

NEW SHORTAGES FOUND IN BOOKS

BOISE, Ida., Sept. 20 (U.P.)—Treasury officials, directed by the bureau of public accounts, said today that further shortages in department of agriculture accounts had been discovered.

He could not estimate the full amount, he said, until his staff had completed checking hundreds of receipts by the in the department. Recent discovery of a \$27,000 shortage led to the discharge of a member of the bureau of accounts and suspension of the agricultural department clerk in charge of finances.

The matter has been turned over to Attorney General J. W. Taylor for any action he deems necessary.

CZECHOSLOVAKIA OPENS DOOR FOR ADDED PARLEYS

PRAGUE, Sept. 20 (U.P.)—The Czech government met Adolf Hitler's demand for an immediate reply to the proposed partition of Czechoslovakia tonight without saying "yes" or "no" but suggesting further talks. The reply was delivered to the British and French governments through their legations here.

Despite Hitler's insistence on prompt compliance or refusal, the Czech note, according to an official communiqué, "makes possible further conversations in the spirit of good will."

Foreign observers here doubted that Hitler would be satisfied with the reply. They were inclined to believe, however, that he would not take direct action, such as issuing an ultimatum, until he meets Prime Minister Neville Chamberlain in Godesberg tomorrow.

Warms Against Minimizing
In Paris, an official foreign-office spokesman said Chamberlain would not even go to Godesberg if the reply was negative. It was assumed, however, that the intricately alive nature of the reply would prevent the Godesberg meeting.

(The French spokesman warned against minimizing reports of German army strength massed on the Czech frontier as well as the Sudeten "free corps." He said Czech and British information confirmed the seriousness of the threat.)

Authoritative Prague sources revealed that the reply made a detailed exposition of the Czech viewpoint.

It was believed here that the reply dealt broadly with the Polish and British information regarding the territory if Germany gets the Sudeten areas.

Entire Crisis
An official communiqué said the cabinet's final decision on Hitler's demands will be based on the result of diplomatic negotiations now under way, particularly with the British and French.

The communiqué said the diplomatic exchanges deal not only with the Czech minorities problem but also with clearing the state of the entire European crisis.

Prague, the communiqué said, is negotiating "with all friendly states," according to Ray Lincoln, secretary of the County Agricultural Conservation Association.

The 1938 wheat harvest, estimated at 97 per cent of all in the country, is being sold under the soil program, Lincoln said. In order to get full payment for 1938, the wheat harvest, estimated at 97 per cent of all in the country, is being sold under the soil program, Lincoln said.

County Signed Allotments
The county agricultural today had also sent out notices of other important soil matters. These included:

1. Modification of acreage allotment. Growers cannot exceed this figure in potatoes in order to get full payment.
2. Notices of the 1939 wheat allotment set up for the purpose of payment. There is no penalty for exceeding this particular figure. The 1939 wheat allotment for the county is 27,494 acres. This is a reduction of 15-37 per cent from the growers' 1937 crop.

Temporary 1939 Wheat
3. Notices of the 1939 tentative wheat allotment. That represents the maximum amount of wheat a farmer can plant in wheat for 1939 (continued on Page 2, Column 8)

PARADE FEATURE OF LEGION MEET

LOS ANGELES, Sept. 20 (U.P.)—Proudly bearing the colors they defended overseas 20 years ago, approximately 50,000 members of the American Legion and the women's auxiliary, marched in parade today before the 20th annual convention of the Legion.

The parade featured the Legion's uniforms in sharp contrast to the olive drab of the A. E. F. wound up their march in an enthusiastic display before National Commander Daniel J. Doherty, of Boston, Mass., in 1918, the Los Angeles collector, when he led the youth of a nation met for the Olympic games.

It was a perfect day for the parade. The sun shined brightly and the parade formed and started moving at 9 a. m. For two hours a steady stream of humanity was pouring into the city to watch the parade.

Approximately 500 army and navy airplanes roared overhead as the parade moved on. All civilian aircraft were ordered out of the zone of march to make way for the fighting arm of Uncle Sam.

Services Set For Old-Time Film Actress
HOLLYWOOD, Sept. 20 (U.P.)—A private funeral in accordance with her wishes was arranged today for Marie Frederick, old-time Broadway and movie star.

Mrs. Frederick died at her home in Beverly Hills late yesterday of an aneurism attack. She was 52.

For the past two years the actress had been in poor health. She was usually playing the part of a mother. Last Friday she was in a hospital. She died at 10:30 p. m. after a long illness.

The last years of her life, rich with happiness, she spent with her husband and to whom she was devoted. She was a devoted mother and a devoted wife.

The funeral will be held at 10:30 a. m. at the Hollywood Memorial Park. The burial will be in the Hollywood Memorial Park.

SOVIET WILL FIGHT ONLY IF FRANCE JOINS CZECHS

Czechs Prepare to Defend "Every Inch" Russia Ready to Keep Obligations in War's Crisis

When Czech foreign office spokesman pronounced these words: "We will defend every inch of territory that belongs to Czechoslovakia. We will fight if necessary," he was backed up by the action of his government in moving large forces of troops and artillery into the troubled Sudeten area where German invasion threatens. The radiophoto above shows Czech soldiers wheeling a field piece into position at Mielow, south of Prague, for defense of the capital.

By WALLACE CARROLL

GENEVA, Sept. 20 (U.P.)—Soviet sources told the United Press flatly today that Russia would stand by her treaty obligations to Czechoslovakia under any circumstances—apparently blasting any possibility that the Moscow government would aid Prague unless France went to war first.

The Soviet treaty obligation specifically provides that Russia is bound to aid Czechoslovakia against an aggressor only after France has first gone to the aid of Prague. Thus the Soviet attitude was interpreted to mean that they would fight if France fights, but would not aid the Czechs if France does not intervene first.

There were suggestions in well-informed sources that in event Czechoslovakia made a lone stand against turning the Sudetenland over to Germany the Soviets might lend indirect aid such as has been given the loyalist government in Spain. That would mean Soviet war materials and technical advisers.

The Soviet sources said that there had been no discussion between Czechoslovakia and the Soviet government regarding the possibility of Czechoslovakia's joining the league of nations corridor.

They added that the Soviets had not given the Czechs any pledges at Geneva because "the Czechs already know perfectly well what the Soviet position is."

WARSAW, Sept. 20 (U.P.)—Poland announced today that the Polish army would not recognize any "Czech solution which does not give Techen to Poland," an official spokesman of the foreign office declared.

Poland, numbering 200,000 according to Polish count, and 100,000 according to Czechoslovak count, are crowded into the comparatively small area of the Sudetenland mining region around the towns of Teschen and Gieselsdorf-Ostrau.

Richest Coal Area
The area is the richest coal area in Czechoslovakia with a yield of 12,000,000 tons a year. The cost to used in making the highest grade coke and thus is especially valuable because of the scarcity of coke in Europe generally.

Poland, repeat, all national or autonomy, the spokesman said in revealing that Warsaw would not give up the area without a fight.

Urges Settlement
Demonstrations were held in south Poland. Several districts demanded that the government formally set the area across the border in Czechoslovakia where Poles live. If no other means can be found, the Poles threatened to move into the area.

Along the Czech border. It was indicated Poland is ready for quick military action in case of trouble. A press campaign in the last few days has aroused the population to high excitement.

The government has notified the major powers that Poland must be kept informed of any plan involving the membership of Czechoslovakia.

Train Wreck Kills Ten In Southern California

STATES CAST BALLOTS IN PRIMARIES TODAY

By United Press
Four states—New York, New Jersey, Massachusetts, and Wisconsin—held primaries today, but in only one was there a race attracting national interest.

That one was in New York City's 16th congressional district, where Rep. John J. O'Connor, chairman of the house rules committee, defeated Mr. Roosevelt, sought re-election. He also sought the Republican nomination.

O'Connor was the fourth of the four Democratic conservatives whom Mr. Roosevelt tried to defeat in primaries, to face his constituents. The others—Sen. Millard Tydings of Maryland, Sen. Ellison D. White of South Carolina, and Sen. Walter P. George of Georgia—all were renominated by congressional offices, as they were in New Jersey.

Two of Crack Rail Carriers
LOS ANGELES, Sept. 20 (U.P.)—Ten persons were killed today and 101 persons injured, some so seriously they may die, when the Southern Pacific's Argonaut crashed through a switch and plunged into the Californian, which was waiting with its sleeping passengers on a siding on the Mojave desert near the little town of Niland.

The Southern Pacific said a preliminary investigation indicated that Eric L. Jacobson, head-end brakeman of the Californian, an eastbound train, was responsible for the wreck. The Argonaut was westbound from New Orleans.

The dead: Mrs. Florence Tait, Elmhurst, N. Y.; Miss Evelyn Easler, Los Angeles, died in hospital; Mrs. Norrell, Tucson, Ariz., who was killed while sleeping with her two-month-old son; Mrs. Emma Hall, Loma Linda, Calif.; Mrs. G. A. Hall, Loma Linda, Calif.; C. M. Morion, firmman of the Californian; Robert R. Richardson, engineer of the Argonaut; H. H. Parsons, fireman of the Argonaut.

Twenty-five of the injured were taken to the Coachella valley hospital at Indio. Helio trains took 60 other injured passengers to the (continued on Page 2, Column 6)

County Tax Levy Shows Decrease

Substantial decrease in the Twin Falls county tax rate and the levy required in the county to raise the state's charge was shown today after the board of county commissioners placed final approval on all taxing units.

Twin Falls city levy showed an increase. All other municipalities except Hansen and Murtough have a lower municipal levy than last year. Hansen's remains the same, and Murtough's levy is the first in history of that village, which is now less than two years old.

The county tax reduction comes entirely of decrease in the county general school fund levy, which is based on total cash requirements stipulated by the state law and not on the actual levy.

The levies were given approval Monday afternoon after final deliberation by the board. The approval was a formal one on rates authorized by the various taxing units.

County Levy \$1.36
The county's total levy this year is at 1.36 per \$100 assessed valuation. Last year it was \$1.454.

HITLER TO ASK IMMEDIATE ACCEPTANCE OF DEMANDS

WILL TOLERATE NO HAGGLING ON SUDETEN PLANS

By WEBB MILLER
Copyright, 1938, United Press
BERLIN, Sept. 20 (U.P.)—Adolf Hitler intends to insist on immediate and unconditional acceptance of his full demands at a conference with Prime Minister Neville Chamberlain of Great Britain, probably tomorrow, at Godesberg on the Rhine, it was understood today.

Hitler, triumphant, does not intend to tolerate any haggling by Czechoslovakia or any effort to delay or attenuate its capitulation by diplomatic negotiations.

He intends to insist that his demands upon the Czechs be met within a brief time limit, probably before the end of September.

May Meet Tomorrow
Barring a sudden change in the situation—such as might be caused by today's allegation of a Czech raid on the German frontier at Siedlitz—it was understood that Hitler would meet Chamberlain today, inviting him to a conference probably tomorrow at Godesberg.

There, by the "bill of the Gods," which was a Germanic place of sacrifice in the days before the Romans came 2,000 years ago, Hitler intends to receive from Chamberlain and to insist on it—the sacrificial offering of the Sudeten area of Czechoslovakia.

Hitler had the whip hand over Europe. It was the triumph of a career marked by the denunciation of the military and naval and air clauses of the Versailles treaty, by the renunciation of the Rhine land, by the absorption of his native Austria. There was no man and no country which had dared to say no to him.

With more than 1,000,000 men on a war footing, ready for what he termed "a lightning stroke in the east," Hitler intends to reject attempts to water, by the Czechs or others, his minimum demands.

Hitler now contemplates only the possibility of a brief stand by Czechoslovakia against his war machine should the Czechs refuse to give up the Sudeten area or precipitate a war. He does not figure on any aid by any nation to Czechoslovakia.

Buhl Kiwanians Give Report on Sun Valley Meet
BUHL, Sept. 20 (Special)—A report of the Utah Idaho District Kiwanis convention held last week at Sun Valley was given at the luncheon of the club Wednesday. Convention reports were given by Olin Smith, Harold Packer, B. T. Albertson and Joe Boyd.

According to the reports, more than 300 delegates were registered at the convention held at the Cliff Hotel in Sun Valley. The convention was a success with a total attendance estimated at 600. Members from the Buhl club were Mr. and Mrs. Frank Squitres, Mr. and Mrs. A. J. Pink, Mr. and Mrs. Olin Smith, Mr. and Mrs. Harold Packer, Roy Palt, Joe Boyd, H. T. Albertson, Dr. F. A. Kalkusky, Captain Edgar Jones, James Wright and Miss Vivian Swiger.

The Buhl Kiwanis quartet composed of Albertson, Packer, Kalkusky and Jones, sang during the Idaho luncheon Tuesday. James Wright was on the program Monday night, singing two numbers.

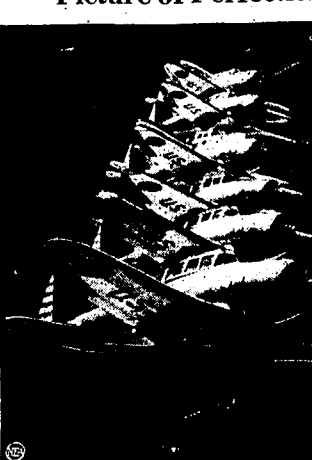

Mrs. Frank Squitres and Mrs. Olin Smith were on the reception committee for the women's reception and held in the Duphin room at the Sun Valley hotel Monday.

At the luncheon Wednesday Leonard Howard played two violin selections, accompanied at the piano by Meritt Metzger.

Ray Weaver was introduced as a new member of the club.

Dispelling the Fog

By CHARLES MICHELSON
Director of Publicity, Democratic National Committee

It is not only the Republican program committee—Glenn Frank's outfit—and the differing elements typified by Ex-President Hoover, House Minority Leader Snell, and a dozen other important factors, that need coordinating. Their newspaper propagandists are equally at cross purposes. I wonder if it would be out of order to suggest a corn-field conference or something of the sort for these industrious purveyors of inspired opinion, as which some sort of general understanding of what they are driving at could be reached.

Perhaps in this way somebody might get some idea of what the Republican party is standing for or aiming at, to the great relief of its confused readers.

I am not including the official press agent of the minority party and its forlorn Porten League of disgruntled Democrats. He has a definite job that is not concerned with his individual views, and there is no dispute of the sponsorship of his output. I refer to the newspaper columnists who are ostensibly free agents and who are perfectly impartial in their judgment of New Deal activities—that is, they agree that everything the President does must be wrong, and everybody he opposes must be right.

Kent "Horrid"
For example, Mr. Frank Kent was recently horrified because the President described Sheridan Dowsing of the California nominee for the U. S. senatorship, as a liberal and refused to be alarmed because that candidate in his campaign conveyed a hair-raising scheme of destroying on unemployed people over 50 the sum of \$30 a week, to be financed by his state's treasury with some stamp-tax trimmings. The commentator infers that this marks the degradation of the whole New Deal principle.

On the other hand Mr. Mark Sullivan hails the defeat of Senator McAdoo by Dowsing as a crushing defeat for the New Deal and an evidence that the President is in revolt against it.

Propagandists Can't Agree
Actually, the McAdoo-Dowsing conflict had no New Deal angle to it. The President supported McAdoo, who had been loyal to his policies, but the 600,000 Californians who thought they saw \$30 a week in prospect among the election to the other fellow.

Mr. David Lawrence saw in the President's indicated support of the Democratic candidate against a Republican in the coming election a terrible sacrifice of principle in view of the \$30 a week business.

Now, all these views have been discussing politics for many years. They know that the archives of congress are jammed with bills providing for the future which these latter-day dreamers are conservative, to put it mildly. Nearly all these that-covered papers represent nothing more than a counterpoint's effort to square himself with his constituents. None ever had the slightest chance of enactment, or even of coming to a vote. Whether the congressman was sincere, or indulged the plans with his tongue in his cheek for campaign purposes, makes little difference.

Prohibitionists
We all remember when some of the most sincere thinkers in the national legislature came to Washington as Prohibitionists. When the Anti-Balloon League was functioning as a political terrorist.

I do not know how many men in both houses indulged the Townsend plan simply because there was a frenzy for it at home and they were afraid in outsize to many voters. And yet among the musty documents referred to are numerous Townsend bills that were introduced and promptly forgotten. Today, for instance, the Republican candidates for congress in Maine are Townsend planners. Clyde Smith in the second district made it practically his whole issue. Would

Functioning of school organizations and selling of student body tickets were discussed. Tickets will go on sale immediately with the council setting the price of \$1.50 on high school season tickets and \$1.35 for junior high school pupils.

Nominations for other posts on the council were conducted with the student body scheduled to make the final selection this afternoon.

Representatives nominated for the activities were: Boys' sports, Ira Nami Barnes and Dudley Driscoll; girls' sports, Betty Bringer and Barbara Sutcliffe; school pep, Bill Peters and Dean Brown; eligibility, Virginia Taber and Jeanne Schwendman; school welfare, Faye Shiner and Val Toolson.

A committee of three, Dorothy Margaret Smith, Mac Johnston and Bert Sweet, was named to work out a new constitution to be submitted to the next council meeting.

NEW CANADIAN AIRPORT

DEBERT, N. S. (U.P.)—Workmen have started work on a new Royal Canadian Air Force airport here. It is expected that it will take about three months to clear about 200 acres of land where the airport will be set up.

Bans were placed on lac-weighing in England during the reign of Queen Mary Tudor, 1553-1558.

CHORAL READING TOPS ASSEMBLY

Presentation of choral reading featured the assembly program at Twin Falls high school this afternoon. The new work in the speech department was presented by the play production class under the direction of Miss Florence M. Reed.

In addition to the verse choir members of the newly elected student council were introduced to the assembly students.

Those participating in the verse work were: Paul Henson, Warren Empey, Albert Brown, Francis Schweickert, art, Mary Strain, Jack Tyler, Jo-Billy Morehouse, Beth Shively, Helen Pettigrove, Alice Mae Murray, Ladette Stokes, Betty Reynolds, Lillian Laubenstein, Helen Gee, Virgil Telford, Jim Lundy, Wayne Wirsching, Joseph Wirsching, Dick Shinn, Larry Arns, John Day, Lee O'Malley, Gladys McKee, Phil Thornburg and Bernadine Lancaster.

Burley Merchants Plan Fall Opening

BUURLEY, Sept. 20 (Special)—Burley merchants are making plans for a fall festival and showing of new merchandise together with free entertainment, presentation of styles on living models, and an open-house night in all stores when no merchandise will be sold.

Date of the event is not yet definitely set, but it will be about two weeks according to tentative plans. J. P. Hackney is president of the Merchants' association.

Buhl Plans Series Of Bargain Events

BUHL, Sept. 20 (Special)—The Buhl senior Chamber of Commerce merchants committee has arranged for a series of business promotion days, with virtually all of the downtown stores cooperating. They have arranged for a series of three monthly bargain days, the first to be on Oct. 1.

Chairman Joe Edgett is in charge of the arrangements.

Doc, I bought these teeth at a bargain but I want you to put them in!

IMAGINE the amazement of your dentist if you went to him with a set of "store teeth" you purchased at a bargain and asked him to fit them in your mouth.

Your dentist knows that your health, comfort and well-being depend upon his ability to select teeth which will exactly meet your individual requirements—perfect matching of the teeth to assure a natural appearance and expert fitting to afford satisfactory service for many years.

Neither good teeth nor good plumbing can be purchased economically "over the counter." Plumbing fixtures too, must be of assured quality, carefully selected to meet your requirements, harmoniously matched to enhance the appearance of your home and installed by experienced hands to assure health protection, satisfactory service and real economy.

Good plumbing is vital to the health of your family for it means the delivery of pure water and the safe removal of dangerous waste matter. It can mean much more than the good health of your family alone, because water contamination can endanger the health of an entire community. Good plumbing is so vital that you should be sure that your present plumbing is good.

Entrust your plumbing only to Master Plumbers. They have the knowledge, skill and experience necessary to assure safe, healthful, economical plumbing. Buy your fixtures from them. Place upon them the entire responsibility, as you would upon your dentist.

Your Master Plumber can recommend the "Standard" Plumbing Fixtures best suited for your requirements, help you plan a new bathroom, powder room or kitchen, and arrange the financing on low P.I.A. terms. And remember, "Standard" Plumbing Fixtures, sold through Master Plumbers, cost no more than others.

Wounded Pride and Censorship

If there is anything to the psychologists' claim that the touchy, easily-offended person is really suffering from a deep sense of his own inferiority, then the dictator-nations must be afflicted with the most complete inferiority complexes ever seen.

The Italian government is providing the most recent illustration.

This time it is marching to war against two American moving pictures "Marie Antoinette," recently produced, and "Farewell to Arms," filmed some years ago and currently having a revival.

The first one, it seems, offended because it displays "all the ferocious bloodiness, malice, and barbarian qualities of the people of the French revolution, from which after 104 years the People's Front has been born."

And the second is "an insult to the Italian soldier, who has won three wars." A revival of the film will not be looked upon lightly by Rome, even if no Italian ever sees it; for, says Fascist Bigwig Robert Farinacci, "defamation, calumny and insult would remain even if the film were shown in the smallest Broadway house."

Now it takes a pretty touchy people to get so stirred up by a couple of movies. There is, indeed, something rather ridiculous about a nation which insists that it is the reincarnation of Caesar's Rome being so mortally offended at the thought that someone, in some suburban movie house in America, may see a moving picture which shows the Italian army in the process of retreat. A nation which really felt that it was great, mighty, and all-powerful would hardly worry so much about so insignificant a slight.

Which indicates, perhaps, that the dictator-states—and they all seem to be just as touchy on these matters as Italy is—don't believe in their own boasts. They bruise too easily.

But there is another side to it which isn't quite so funny.

It is quite possible that this counter-offensive from the land of Fascism may have some effect on the kind of dramas American movie-goers may see in their own theaters.

Moving picture companies do a big export business; they can't always afford to get in wrong with a European government, for fear of reprisals. It has happened before that Hollywood has laid off of certain subjects, certain stories, and certain methods of treatment, in order to avoid the ill-will of one or another of the dictators.

And that is carrying things a bit too far. As long as the uniformed braggarts of Europe confine their war on freedom and truth to their own lands, we can't complain much. But when they exert a censorship—and that is what it amounts to—over the channels of artistic expression in our own country, we have a right to object.

Objection Overruled

Comes news from Spain which should make a lot of people feel a lot more comfortable and happy.

An American correspondent has been talking with an American plastic surgeon working at the front, and has seen some of the surgeon's best handiwork. The correspondent reports that the tidying up of blasted faces is now a really remarkable success. He sends along this encouraging sidelight on the surgeon: "His theory is that many soldiers may be more afraid of disfigurement than they are of death, and they might go to war with a great deal more courage if they knew modern surgery could give them a fairly good new face."

Why, of course! You see, boys, it's really just a matter of a temporary inconvenience, and possibly just a wee bit of lop-sidedness above the collar. And all the time you thought it might be something serious! You see now that your elders are taking care of everything for you, making the world a better place to live in, and all you've got to do is trust them and get out there and blast away when they tell you.

What! You don't see? What have you been doing—reading books and newspapers again?

Comes an announcement of the discovery of a process for making champagne in 60 days flat. Now what's the point of making it flat?

A psychologist declares that most people are habitually poor guessers. To which any race track man might have added: Most habitual guessers are poor people.

It has just been demonstrated that a stretched rubber band snaps at a speed of only 204 miles an hour, thus proving conclusively that that British racing car went to beat the band.

UNFAIR TO ORGANIZED CANDIDATES!

Citizen Pot Shots:
This No. 1 citizen of Germany, a Joe which calls himself Der Fuehrer, is indeed not the kind of a person which the Idaho political candidate thinks is a nice guy.

What does this citizen do but go out and cause a big noise over a place which is spelled Czecho-slovakia and isn't pronounced that way at all. This big noise causes England and France to get very worried and the newspapers to talk about war.

And so because of what this citizen has done, all the front page headlines forget to mention the Joe and that Joe which is running for office in Idaho. On account of this unpardonable goings-on, Citizen Ross, Citizen Bolshoi, Citizen Worth, Citizen Callahan and the various other citizens are buried back in the classified advertising.

What's this business in the Eve-times about a young mother making the first woman's solo out at your Twin Falls?

CHAPTER XV
THEY were sitting at a table in the clubhouse when Monte Hill exploded his bombshell. "Linda, want to pick up \$10,000?" He asked the question casually, but she saw a tense look in his eyes.

She was silent for a long while. Just looked at him. "Monte, just went out a little way—they come in home in the middle of the track."

He dropped his voice almost to a whisper: "I don't want you to start Golden Toy in the Stakes." She felt herself stiffen. "Why not?"

He glanced away an instant. Then he said: "Three months ago I got odds of 12 to 1 against the Maid in the Stakes. I put up \$4000. I win \$48,000 if she comes in; plus the purse. I can win if your colts stay in his barn; the filly is at top. I'll give you \$10,000 cash—tomorrow—to keep him from running \$100,000 home when Merry Maid wins. Fair?"

Linda looked steadily at him; slowly she gathered gloves and bag, pushed her chair back, and an ex-faded horseman. With faint, he plays a different game. He'd punch you in the nose if you made such an offer to him. Monte, Monte!

"Listen, Linda, we're friends," he began, but she cut him short: "We were, Monte—we were." She smiled wily. "I guess you're right: women and racing—they don't mix. She left at the end of his table; tugging at his coat, a confused look on his face.

Race-mad folk crammed the Downs' raccoons stands when the bugles sounded Boots and Saddles; and Golden Toy, in the Gordon silks of scarlet and purple, led the field out to the strains of "My Old Kentucky Home."

Uncle Sandy took Linda, as they stood in the infield. "If Toy don't run out—" "They're off!"

Starting from an extension of the infield, the gelding spurred down the mile sprint.

"Yes, sir—it's Toy and the Maid!" Uncle Sandy exclaimed, as the golden chestnut and the dark filly shot out from the pack. "Horsemen are already ahead of the field. The first quarter—the watch clicked in his hand—"It's in 22 flat—that's sizzling!"

Down the long backstretch those two horses fought eye to eye—the field far behind. Now they were going into the far turn. "Horsemen are already ahead of the field. The first quarter—the watch clicked in his hand—"It's in 22 flat—that's sizzling!"

HISTORY Of Twin Falls City & County
As Gleaned from Files of The Times

15 YEARS AGO
SEPT. 20, 1923
Prof. Augustin Levantine of the Island of Malta, Mediterranean, was guest of honor Wednesday evening when some of the members of the Southside Medical association entertained at dinner at the Perrine hotel.

Prof. Levantine is a former professor of the Medical School of Harvard university. He is a lecturer of note, and is now preparing material for a series of lectures to be given at the Empire exposition to be held next year in London.

He is studying all the outstanding points of this district for use in these lectures, the irrigation system here particularly interesting him. Prof. Levantine has been around the world in his travels and has been having conducted experiments of great value to the medical profession. He is greatly pleased with the scenic beauty of Twin Falls, and is very appreciative of the hospitality of the people.

27 YEARS AGO
SEPT. 20, 1911
Fire was discovered in the post-office by the fire chief, Sunday morning by a passerby who turned in the alarm and the fire department was quickly on the scene. It was discovered that the blaze had started in a small box filled with sawdust which was used as a cushion for a series of letters. The box into the floor and started to make its way through the partition. A few buckets of water extinguished the flames, but it is more than likely that some careless person had thrown a box of a cigar or cigarette into the box and it had smoldered there all night with the above result.

J. M. Maxwell, E. M. Sweeney, L. O. Wright, E. White and one or two others, spent Sunday in the Mule-trough neighborhood duck hunting and report very good luck.

You May Not Know That—

There are eight different varieties of choke cherries in Idaho. All of these varieties grow in the gulches north of the Canaan prairie.

The Thousand Islands Bridge Authority has announced at Alexandria, N. Y., that it desires \$8,000 extra passed over the regular schedule for the first four days of its operation. Tolls totaled about \$10,000.

Behind the Scenes In Washington

By RODNEY DUTCHER
Evening Times Washington Correspondent
WASHINGTON, Sept. 20.—The federal trade commission is acting in restraint of love's sweet dreams. Matrimonial agencies and books purporting to tell you how to land the lady or get your dreams have caused T. O. to raise its eyebrows and move to tone down extraneous promises.

A man in Princeton, Ill., has agreed to stop advertising that "Joining our club means the realization of your sweetest dream of love and home" and to stop guaranteeing happiness or wealth within three months. No more will impetuous elderly men thrust to you assurances that "I have a large number of very desirable ladies who have trusted me to find them suitable husbands. Some of them inform me their financial standings are as follows: A brunt, 30, with an income of \$8,000; business woman, age 30, worth \$300,000."

Furthermore, the commission alleges, it's violation of the FTC act when a booklet called "How to Win a Husband" says:

"How much would you pay for the love of the man you want? Then don't ask back and let the other fellow know you're in it for the day and the incident. The simple, clear directions in this book tell you how."

WHAT'S IN A NAME?
New Englanders can't help noticing some of the aristocratic old Bostonians of olden tradition associated with conservatism, which appear among leading opponents of the American Medical association in its fight against "socialized medicine."

For instance, Dr. Hugh Cabot, Harvard over-seer and Mayo clinic consulting surgeon, who jumped on the A. M. A.'s National Health conference here.

Dr. Channing Frothingham, president of the Massachusetts medical society, who says the A. M. A. makes "a terrible mistake by not following the trend of public opinion in medical and hospital insurance plans."

Dr. Charles-Edward Amory Winslow, professor of public health at Yale school of medicine, witty and sarcastic in his defense of government health programs.

SECRETS OF THE BANKERS
Some of the "big boys" white marble buildings on Constitution avenue is the Federal Reserve building, not actually a government building because it is owned co-operatively by the Federal Reserve banks. This one even has a beauty parlor in the basement and its doors are closed from 12:15 to 1:15 p. m. each day to keep government workers and general public out of its attractive cafeteria.

Bankers often come to the beauty parlor to have their nails done and one of the manicurists says most of the bankers are quite modern now, in that they use liquid polish on their nails.

Foreign service men in the state department who served in Russia and became used to being followed wherever they went in Moscow read recently that Russia's angry protest to Poland against police surveillance of its diplomats at Warsaw.

"Fuh!" was all they said. (Copyright, 1938, NEA Service, Inc.)

KETCHUM
A group of women associated with the Episcopal church were awarded a pleasant party Thursday by the management of Sun Valley lodge, and were given a ride in the old fire engine to the summit of Ketchum. The day and the incident the ladies were extended a luncheon and other were were given a picture show and were unanimous in acclaiming the outing a perfect afternoon.

Mr. and Mrs. R. L. Cummins spent last week in Shoshone, having come down from Ketchum after matters of personal business. They went to Twin Falls during the time and were accompanied by Dick Miskimmon, who will shortly open a warehouse and auto repair business in Shoshone.

During the early fall months several outfits having been doing considerable prospecting in the upper Warm springs canyon, near Ketchum, one of the placer operators having been busy working the gravel throughout the past summer. On the ledge propositions, various methods have been used in testing out, the formations, and heavy dynamite shots have afforded ample evidence of an effort at development. In one place claims have been active during the winter season, and one of the claims having proved productive in past times, it will be worked by Tim Warfield and partners during the next few months.

BURLEY
Mrs. Raymond H. Snyder was elected president and Mrs. C. A. Bauer secretary-treasurer of the Pauk Keweenaw club at a short business meeting Thursday afternoon at the home of Mrs. L. M. Kelly, Burley.

G. Espe, a former member of the club, was voted back into the club after a year's absence. The next meeting was set for Oct. 1, when 11 members who attended.

Joe Weidner, who recently underwent a surgical operation at the Veterans' hospital in Boise has returned.

Elwood Rich, son of Mr. and Mrs. R. C. Rich, left Thursday morning for Claremont, Calif., where he will enroll as a freshman in Pomona college. He plans to study business administration while at school.

Floyd Larsen and C. A. Hervert were initiated into the Elks Wednesday.

Courthouse Grant Gets Final Okay
BURLEY, Sept. 20 (Special).—Final official confirmation of the grant from the government for a PWA allotment of the increased amount for the courthouse, \$35,152, was received last week by Auditor George Booth, Jr., and the work can now go ahead without further delay.

Mr. Booth states that the architect will now complete plans for the enlarged building and that advertising for bids will soon take place. The necessary bonds for Cassia county's share of the amount, \$85,000, have been approved and sold and are now in process of being printed.

RAIN BRINGS PIRATES NEARER TWO PENNANT

Pittsburgh Club Closes In on Flag as Wet Weather Halts Games

NEW YORK, Sept. 20 (U.P.)—Every little rain drop has a meaning all its own. Pie Traynor and his Pittsburgh Pirates these days. When clouds gather overhead and it starts to pour, it's like manna from heaven to Pie and his Buccaneers who are likely to ride the "no-game-today-rain" storms right into the National League pennant.

Games that can't be played can't be lost by the Pirates. And the Cubs can't catch the Pirates if they can't play.

Yesterday's rainstorm along the eastern seaboard made the Pirates 2 1/2 game lock in the lead. The Cubs had two games washed out with Brooklyn that they badly needed to win. There is a slight possibility that they may be played off on Friday, an open date for both clubs.

President Ford Price of the National League has a redistribution plan for the Cubs to return to Brooklyn and play the games. Manager Gabby Hartnett has until 6 o'clock tonight to give his answer. But to get the chance to play those two games the weather must permit Brooklyn and Pittsburgh to play tomorrow and tomorrow.

The Cubs situation is desperate because of the shortage of pitchers. Two rookies, Hibbes and Epperly, have been nominated to pitch today against the Cubs. They have had no experience in the big leagues.

The St. Louis Browns, fresh out of the cellar, inflicted the worst defeat of the year on the New York Yankees yesterday, 19-1. It marked the Yankees' fourth straight loss for the first time this season.

Eyston Makes Attempt to Crack Record Wednesday

A Wrestling Nut Sundae

All Joe Reno, left, and Roughhouse Ross needed was chocolate sauce and almonds to top off the evening in good humor when they put on their wrestling match in 315 gallons of ice cream in Minneapolis. Referee Bobby Byrland finds the going slippery and takes a dip in chocolate, strawberry, and vanilla. As far as anyone was able to tell, Reno won.

THIS CURIOUS WORLD

By William Ferguson

RAIN
IS FAR FROM
PURE
WHEN IT
REACHES THE
EARTH.
IT GATHERS
MICROBES FROM
THE DUST-FILLED
AIR.

SOME SPECIES OF
FISH
NEVER LIVE
LONGER

**WHAT IS A
COMPOUND
FRACTURE?**

ANSWER: A broken bone that produces an open wound by protruding through the skin.

After the first few hours of a rainstorm, the descending drops are much more pure than those that fell at the beginning. Snow and hail bring down an even larger percentage of microbes than does rain.

FRECKLES AND HIS FRIENDS

THAT'S MY BROTHER'S NAME ON THAT—THAT—THAT—

THAT GRID THERMOMETER! THAT'S TO KEEP TRACK OF THE YARDAGE MADE BY FRECKLES AND DUO WANGLE! AFTER EVERY GAME, I'M GOING TO PAINT A RED LINE INDICATING HOW FAR EACH OF THE BOYS CARRIED THE BALL! I BET MY BROTHER'LL WIN!

OUT OUR WAY

By Williams

WE'RE GOING TO SELL THESE COLTS FOR POLO PONES, SURELY, SO THE MAIN THING IS TO TEACH THEM TO FOLLOW THE BALL—JUST AS YOU TEACH A COW TO FOLLOW A COW

YEE, MA'AM—BUT A COW HAS GOT LAIRS!

RIDER'S CRAMP

GEE, I'M GLAD TO SEE YOU! I WISH OLD BASHY COULD BE HERE, TOO. SAY, WHAT'S HAPPENED TO THE CRATZ BALLOTT? I RUN ACROSS HIM YESTERDAY IN PINE CITY.

BUT HE'S CHANGED, HE ANY MORE LIKE HE USED TO BE. NO MORE BASHY! I'VE FORGOT I EVER KNOWN HIM!

By Martin

HE HAS BEEN EVER SINCE WE FIRST SAW YOU, WELL, THAT'S HOW IT IS! I HE ASKED ME TO EVERYTHING POSSIBLY COULD TO PERSUADE YOU TO STAY— WILL IT BE NICE TO BE NEAR YOU, BOOTS?

IT'S NICE OF YOU TO SAY THAT, HANDY—BUT LET'S GO OUT TO THE CAMPUS AND YOU CAN SORT OF LOOK THINGS OVER FOR YOURSELF WILL YOU GO WITH ME, I-OR COURSE, I-OR HAVE TO SEE IF THEY HAVE THE COURSE? I WANT AND, SHUCKS—MAYBE THEY WON'T WANT ME

By Hamlin

HE'S SO MASTERFUL—THERE Y'GO!! JUST THINK—THE JUDGIN' A MAN NOT FOR WHAT HE IS, BUT FOR WHAT HE'S GOT!

JUST BECAUSE HE'S GOT A DINOSAUR, HE'S SWELL! SHUX, HECK AN STUFF—ALL YOU WOMEN ARE JUST ALIKE!

By Thompson and Coll

GOOD WORK, BENSON—YOU BEEN DOIN' A MAN NOT ME BACK EAST... BUT THAT YELLOW PEEG, SPARROW—PAH!

IT'S JUST AS WELL YOU PLUGGED HIM, BOSS—THE LINE WAS GETTING WISE TO HIS TIPS... GOT TWO THE SMARTIES PENNED UP IN THE SHIP NOW! THIS IS AN OUTRAGE

By Blosser

I SURE HOPE HE DOES!

ALL YOU'VE GOT TO WORRY ABOUT IS WHETHER YOU HAVE ENOUGH PAINT, AND IF THE FIREMEN WILL LEND YOU A LADDER!
