PHEASANTS PLENTIFUL BUT RAIN SPOILS FUN

The report on the first half of the 1938 pheasant hunting season, which got under way today, read very much like the weather forecast: cold, wet, and unattractive.

Hunters returning from the fields, however, reported as a rule that there were lots of birds, but they "appeared to know enough to play out of the rain."

One feminine hunter who went out early today in the rain reported:

"There were lots of birds, but it was just a question of getting them out from under cover."

Others reported that with the exceedingly wet weather, the ducks were having little success in getting the scum and there was little or no work being done.

SALT LAKE JURY FREES EX-MAYOR

SALT LAKE CITY, Oct. 15 (AP)—Former Mayor E. B. Ewell and R. O. Pomeroy, an attorney, were free today after a grand jury charge that they had profited from the earnings of fallen women.

A third district court jury later found that Ewell and Pomeroy had not guilty after five and a half hours of deliberation.

The verdict followed weeks of legal battling by defense counsel, who attempted to void the indictment and then the trial. Judge Herbert M. Swisher yesterday ordered the jury to return a not guilty verdict.

Ewell and Pomeroy still face three indictments, two charging that they profited from the earnings of prostitutes, and that charging they had conspired to allow disorderly and gambling houses to operate.

Two police officers are also named in the third indictment.

CAMPAIGN GUNS BOOM AS IDAHO NOMINEES TALK

MERIDIAN, Ida., Oct. 15 (AP)—With only about three weeks to go in campaign gun booms in full force today along a widely scattered Idaho political front.

The Republican state campaign was to be renewed with energy here tonight when C. A. Botolfson, nominee for the state governorship, spoke before an audience of farmers and country-folk who regularly gather to attend political rallies.

Botolfson will speak on the subject of Democratic Candidate C. Ben Ross' opening talk here three weeks ago.

Ross ridiculed the audit's findings and the auditors who compiled it and defended himself against the charges made in the document against his previous administration.

Elsewhere on the political front: Democratic Representative Charles Henry Dworshak, Republican congressman, today said "there is no point in denouncing the Republican if you can't deliver."

At Boise, Democrat Compton I. Wain, candidate for reelection as first district congressman, said that final details for construction of the Twin Springs irrigation project had been completed.

At St. Maries, last night, Mrs. Myrtle P. Enking, Democratic candidate for reelection as state treasurer, said the Democratic party in "the last six years has been the first attempt to secure candidates for common people."

At a Canyon county rally at Caldwell, Idaho, last night, J. W. Harrington, a Democrat, told a Republican audience gathered to hear Botolfson that "a lot of things were done in the last six years which have not been done in the past."

At Boise, Democratic State Chairman Ben Davis said in a radio address that "the Republican party is not perfect" but that reasonable men and women would realize "that it is impossible to operate the complex affairs of government without mistakes."

TROOPERS MARCH ON ARAB REBELS

JERUSALEM, Oct. 15 (AP)—British troops were on the march throughout Palestine today, en route to strategic positions for a regular campaign against Arab rebels.

Roads out of Jerusalem were girted with army tanks, armored cars, radio cars, ordinance and machine guns and marching men. Jewish reinforcements within the past week had been ordered to the front.

It was evident that the troops were about to begin another campaign against rebel strongholds, based on the decision of the British colonial office that the "Arab rebellion must be suppressed before it becomes a serious problem of the Palestine mandate."

The British office also reported that from all parts of the country and travel had become so perilous that many British families who had been evacuated to Jordan, where the army convoys headed for their homes in the interior.

FDR Plan Will Give U. S. Mobile Defense

WASHINGTON, Oct. 15 (AP)—President Roosevelt and his military and naval aides planned a rearmament program today that will give the United States, through the latest type of equipment, the most mobile national defense in the world.

The President and his advisers are well aware of the expense of such a program, but at present little serious opposition to it in the next congress was expected.

The program, it was understood, would not add materially to the number of men in the fighting forces. Another emphasis would be placed upon the acquisition of large numbers of the latest types of war weapons.

Chairman Sheppard, D., Tex., of the senate military affairs committee, and House Majority Leader Rayburn, D., Tex., both expressed agreement with the President's plan.

Mr. Roosevelt made no secret of the fact that his decision to spend additional millions immediately for war equipment had been influenced by developments abroad, particularly by the temporary eclipse of Great Britain and France and the ascendancy of the more adequately armed Germany and Italy.

Reason for "Peace" The President has been confident that his decision to spend additional millions immediately for war equipment had been influenced by developments abroad, particularly by the temporary eclipse of Great Britain and France and the ascendancy of the more adequately armed Germany and Italy.

Budapest Orders 300,000 Reserves Called to Colors

BUDAPEST, Hungary, Oct. 15 (AP)—The government announced today that mobilization of 300,000 army reservists, ordered for Monday, was necessitated by violent treatment accorded Hungarians in Czechoslovakia.

Reports from the Czechoslovak province of Ruthenia that soldiers and gendarmes, using airplanes and armored cars, had rounded up 305 Hungarian terrorists were received here with excitement.

The Czechoslovak delegation at Geneva charged that a reign of terror was spreading through the provinces of Ruthenia and Slovakia, that it was being directed by Hungarian army leaders and that many of the agitators had been sent into the country from a Hungarian training camp for terrorists at Kisvarda.

Hungary called five classes of army reservists to the colors yesterday a few hours after the dispatch negotiating a territorial dispute with Czechoslovakia at the border town of Komornos announced that discussions were hopelessly deadlocked.

The Hungarians withdrew and the government began appearing in the big four powers signatory to the Munich agreement, asking them to settle the dispute as they had done the German-Czechoslovak territorial crisis.

Masons Revive Big-Time 'Vode' Acts for Annual Ladies' Night

Now that the fashions of the hour are concerned principally with the vogues of the turn of the century, and the Gay Nineties, the amusements of the moment are assuming a similar mein. When Twin Falls Masonic lodge, A. F. and A. M., entertains at a Ladies' Night event next Wednesday evening, guests will be treated to a revival of vaudeville acts that will be as amusing as they will be amusing, according to the committee in charge of arrangements.

All Masons, their wives and women guests, and all Eastern Stars and their escorts are invited to be present when "A Vode of Vode Beauties" attempts to steal the show from the rest of the performers.

Local versions of "top-notch" vaudeville numbers of yesterday will be presented at the Masonic temple, beginning at 8 o'clock. Orchestral selections will intersperse the numerous acts.

Dr. Orrin T. Fuller is in charge of the event. He will be assisted by Harley Smith and Ronald Grange. Entertainment numbers will include the bar-room tenor, without which no "big time" vaudeville is complete; a black-face number, and other diversities.

Sponsors of the show are not announcing the personnel of the comedy chorus, until the evening of the performance.

As a finale to the gay evening, a buffet supper will be served, according to George Warberg, master of the Twin Falls Masonic lodge.

JAPAN, CHINA TROOPS CLASH IN FEROCIOUS COMBAT

DEFENDERS HOLD EDGE IN INITIAL SOUTHERN FIGHT

By HAROLD GUARD
HONG KONG, Oct. 15 (AP)—Advancing forces of the Cantonese army clashed today with the Japanese south China army which is advancing on Canton. Ferocious fighting was reported at Tanshui, Pingshan and the key city of Watchow on the Swatow-Canton highway, the immediate Japanese objective.

Early reports told of important Canton successes and heavy Japanese losses. Canton celebrated jubilantly but some observers prematurely. The Japanese reformer after several reverses at Tanshui and Pingshan and latest reports indicated that they were advancing slowly.

The Japanese columns, which marched from the coast, joined at the town of Maansing and from there stormed Watchow, five miles away. They met 15,000 Chinese defense of the area in the suburbs of Watchow and there, in a temperature of 100 degrees, the Japanese and Chinese fought the first important battle of the southern campaign, amid smoking ruins and shattered bodies which had a grim story of yesterday's raid.

Campaign Clear
The Japanese plan of campaign became clear. The attack on Watchow indicated that, when and if they were taken, they intended to make their main drive along the Swatow highway to Canton, 80 miles to the west.

There seemed no doubt, from reports that in early clashes south of Watchow the Chinese had stopped the Japanese for a time. It was asserted that at one point, when the Chinese ambushed a big Japanese force which was marching unopposed in column formation, and killed 4,000 men.

However, the Japanese stipulations, which had no effective opposition, were blasting a path for the ground forces and it was indicated that the Japanese had been able to resume their advance.

So jubilant were people of Canton at news of Chinese successes that newspapers speculated on the possibility that the Japanese might retreat to the coast.

Refugees Jam Wharves
Refugees jammed the wharves at Canton and crowded the highways. The city's Chinese are anxiously reading the posters ordering mass evacuation of 400,000 men, women and children and aged men. It was understood that authorities at the American Legation university at Canton intend to see whether they could suspend the school year.

Major Harris is making a tour of his district, he explained, to meet all the officers with whom he is to work.

Lieut. Col. James G. Long, featured as the speaker of the evening, discussed tactical maneuvers pertaining to the first battle of the Marne.

Twelve officers attended the meeting which was conducted by Capt. J. O. Raemussen, head of the association. He announced that election of officers has been postponed until the first regular meeting of the reserve military school for the winter. This will be held during the first part of November.

DROP PREDICTED IN SPUD TOTALS
BOISE, Oct. 15 (Special)—Idaho potato crop prospects continued to decline during September and Oct. 1 production was forecast at 21,000,000 bushels, a drop of over two per cent from the Sept. 1 forecast. If the trend of this size materializes it will be about two and a half million bushels less than the total of last year, but considerably larger than the 1927-28 average.

The crop is rather spotted with areas running smaller than last year, although a higher proportion of No. 1 is expected. Blight has been reported prevalent in some sections and extensive rot damage is feared in some areas.

For the United States as a whole, Oct. 1 conditions indicate a total potato production of 375,275,000 bushels, compared with 382,240,000 bushels harvested in 1927, and the 1927-28 average of 366,043,000 bushels. The Oct. 1 estimate is a decrease of 4,000,000 bushels from the production indicated on Sept. 1. Oct. 1 production has declined somewhat since the Sept. 1 forecast because of the heavy rains in September. Prospective production in certain important central states is being held back because of the heavy rains and disease which curtailed yields in some areas.

Costumes for Drama Arrive At Local H. S.

Costumes had arrived today for use by high school students in the production of "Robin Hood," all-school play. Those having parts in the entertainment, which will be presented next Thursday and Friday, tried the dress of the Crusade periods during the rehearsal yesterday afternoon in order to be more accustomed to appearing in it.

Performances, according to those witnessing the rehearsal, will meet all expectations of the large number buying tickets.

More than 300 tickets were purchased in the first few hours of selling and many have been sold since that time. To accommodate those wishing tickets and unable to call at the high school, stock is on sale at the Majestic pharmacy.

Leonard Blandford is business manager in charge of the sale. The brilliantly colored costumes were ordered from Seattle with the exception of those made locally. The outlaws will be dressed in conventional shepherd green, while Guy of Gisbourne will wear a brilliant yellow suit indicating his station. Friar Tuck will appear in the usual robes and the sheriff in gray and red. Costumes for Sir Richard are made of yellow in simulation of chain mail, all of which are appropriate to the character portrayed.

PUPILS TO WEAR SCHOOL COLORS

"Color week" in which all Twin Falls high school pupils will wear their school colors, all of which will be observed the week of Oct. 24 to 28 under the sponsorship of the Boys' league. The group decided on the activity as they discussed problems for the remainder of the semester at the session yesterday.

All Twin Falls residents are urged to cooperate with the students in becoming "blue and white" conscious during the week, which will be celebrated by the Twin Falls Caldwell football game here, Oct. 28.

The league will sell small rooster caps and blue and white pennants. The caps are to be worn with white bill. The bill will be whipped and will be worn down if losing. If Twin Falls loses the bill will be pointed down until the next win.

Color week will be further observed at the annual state day of the classes. Following a pep assembly each class will present the annual program, the winner of which receives points toward the citizenship cup.

Bill Moon is president of the sponsoring unit and Gerald Wallace, vice principal, is faculty sponsor.

MORGUE

SAN FRANCISCO, Oct. 15 (AP)—Four men put Wendell Brabham, 40, in the morgue but Brabham, "risen from the dead," doesn't want to prosecute them. Brabham told Municipal Judge Herbert C. Kaufman that he witnessed in a fight which four were waging among themselves. "I butted in and got knocked out," he said.

While he was still unconscious an ambulance arrived. The driver pulled one of his eyes open, saw it was bloody and took him to the morgue.

Germany Asks Brazilians to Recall Envoy

BERLIN, Oct. 15 (AP)—The government has requested Brazil to recall its ambassador to Berlin, it was announced today.

It was disclosed officially that the reason for the government's request is that Brazil had refused to recall its ambassador to Berlin, it was announced today.

Activities of foreign organizations, and notably of German organizations, in Brazil have been curtailed severely.

Brazilian newspapers have charged that disquiet elements in Brazil had acquired arms made in Germany.

It was reported in Buenos Aires several days ago that President Vargas intended to recall the ambassador to Germany. Dr. Jose Joaquin de Lima e Silva Moniz de Aragao, a friend of Vargas, is expected to be recalled to Brazil, would not return to his post. He went to Germany ostensibly to attend the recent Nuremberg congress of the Nazi party and did not return.

ASKS HALLOWEEN WARNING TO CHILDREN
Editor, Evening Times:
Will you please raise in your paper warning the children to please be careful and not destroy property around Halloween? It is unnecessary for laws and flower beds to be ruined and garden hose to be stolen.

We have a new lawn just put in two months and the last few nights the protection we have placed around it has been torn down, and the pots broken.

I realize we adults have been guilty of destroying private property when we were "kids," but now that we are grown we hope to bring our children up to respect other people's property.

Yours truly,
A SUBSCRIBER.

FOOTBALL, DRAMA ASSEMBLY THEME

Promotion for the football game last evening and the all-school play, "Robin Hood," yesterday the program at the assembly occupied morning at the high school.

Activities were led by the pep band under the direction of Harley B. Smith. The unit paraded the downtown section in the afternoon.

Goodnight gave a talk urging attendance and support at the game. A number of yells were directed by the drill leaders.

During the second part of the assembly the speech department was in charge. Bill Pomeroy, portraying the part of an English professor, ridiculed the plot of the play and predicted its success in flawless English.

At the conclusion of his offering the director of the play and the audience and repeated the talk in modern slang.

Members of both bands were introduced as were the members of the industrial arts, music, art, and creche departments helping in the production. The program was concluded with a few words about the play from the director, Miss Florence M. Rice.

WEATHER DELAYS HUNTING FLIGHTS

California's army of pheasant hunters, scheduled to arrive in Twin Falls yesterday afternoon in a bomber and a pursuit plane, failed to leave Hamilton field (Calif.) because of weather conditions, a telegram received by Milton Powell, local sportsman who was to host to the fliers.

The fliers, through Maj. F. W. DeWitt, wired Powell they expected to fly here today but weather conditions here today made this improbable. Two other army men, however, came via motor and arrived yesterday morning. They were Capt. H. O. Lane and Col. Robert Foster, both from California. Today they were off the fields with Powell and other local sportsmen as the pheasant season opened.

Shortly after the telegram was received from California that the fliers were unable to leave because of weather, two other army ships from Salt Lake City winged their way over the city and landed at the local field where they were tied down for the night.

One ship was flown by Lieut. E. R. Newman, a personal friend of E. E. Ostler, of Twin Falls, and the other plane was flown by Capt. D. E. Goodrich and Maj. J. G. Watkins. Ostler met the fliers at the local field and today they too were hunting in the surrounding fields.

Weather permitting, the trio expected to return to Salt Lake this afternoon.

Fascists Try to Stop Laughs at Jew Comedians

ROME, Oct. 15 (AP)—The Fascist press today began training Italians not to laugh at some of their favorite movie comedians, because they are Jews.

Charlie Chaplin, the Marx and the Brodways, who caused a deluge of delight from Italian audiences, were among foreign actors whom Italians must no longer think funny.

The ultra-Fascist newspaper "Tevere" urged all citizens to boycott movies starring Jewish actors. One theater is showing the Marx brothers' "A Night at the Opera," and "Tevere" pointed to it as "a perfect example of the degenerate mentality of the Jewish race."

"The Marx brothers are only a big bluff," the newspaper said. "Their clowning may succeed in drawing smiles from maids, but Italians do not need to take delight in their stupidity."

F. D. R. WILL TALK ON RADIO NOV. 4

WASHINGTON, Oct. 15 (AP)—President Roosevelt will deliver an address to the nation probably the night of Nov. 4 from Hyde Park, N. Y., the White House announced.

"While the President's remarks primarily will concern the voters of New York state, they will be sufficiently extensive in range to interest the nation as a whole," said a statement issued by Secretary Stephen T. Early.

The statement was believed to indicate that the President would go down the line for the Democratic ticket of his native state. He also, it was thought, would make an appeal for those persons seeking election to congress and the senate on his party's ticket in other parts of the nation.
