NATIONAL DEFICIT FOR YEAR NEARS ONE BILLION MARK

PUMP-PRIMING BY NEW DEAL LEADS GREAT EXPENSES

By LYLE C. WILSON
 WASHINGTON, Oct. 20 (AP)—The gross treasury deficit is about to hit one billion dollars today as bus-ness begins to move faster with the flow of relief and pump-priming spending.

Recent treasury figures for a couple of days behind current accounts it is quite possible that the deficit already has exceeded \$1,000,000,000 for this fiscal year.

Latest figures through Oct. 18 compare treasury fiscal year accounts that end this year with a year ago as follows:

This Year	Last Year	
Expenses	\$2,814,439,277	\$2,324,712,890
Receipts	\$1,824,250,000	\$1,824,250,000
Net Def.	\$990,189,277	\$500,462,890

The increase in spending in the first 17 days of October this year with the first 17 days of October last year, however, shows that the increase in tempo of federal spending as the Roosevelt pump-priming program begins to take hold.

Favorable Developments

Favorable business developments, and such as early re-employment of 35,000 General Motors factory workers, and restoration of ties to some 50,000 G. M. white collar employees are part of the general picture of a broadening recovery base which many observers link directly to increased federal spending.

That pump-priming is directly affecting treasury figures is indicated by comparison of October figures for 1938 and 1937.

One year ago President Roosevelt still was in the process of applying emergency brakes. The 17-day increase in spending, receipts and gross deficit in October 1937 compared with October 1938 show that the administration is tremendously increasing the expenditure rate this year.

Pays Out More

The treasury is taking in less money this month than a year ago but is spending it much more rapidly for that. The deficit is moving far beyond last year's figure and the national debt constantly is establishing new record highs.

The works progress administration alone has put out more than \$600,000,000 so far in this fiscal year—almost twice as much as a year ago. It spent \$110,000,000 in the first 17 days of October compared with \$43,000,000 from Oct. 1 to 17, inclusive, in 1937.

U. S. Still Looks Safe

As business reacts to treasury spending, some New Dealers see means of increasing recovery. Secretary of Commerce Roper believes increased automobile employment will tend to broaden the recovery base.

Despite an increasing deficit and record-breaking national debt, the United States apparently looks comparatively safe to foreigners. The government's monetary gold stock has hit a figure approximating \$14,000,000, close to one percent of the world's total monetary gold stock.

JOHNSTON CASE AIRED AT RALLY

Pressing the question as to why the Duncan M.C.D. Johnston case has not been brought to trial, Everett M. Sweezy, Republican candidate for prosecuting attorney, addressed a gathering at the ranch home of Mrs. Merle Souders, in the Allendale-precinct, during a political rally last evening.

Discussing the case, Sweezy said that the "district court has drawn a list of prospective jurors, holding them in abeyance to consult with the defense lawyer to be ready but the court can't try the case because the county prosecutor has not presented it for trial. Why? I don't know."

Farm Situation
 Sweezy, during his remarks, also turned to the farm situation and the matter of imports and exports. Regarding the imports of commodities, various farmers present started to figure the amount of acres which is represented by the imports made. More than 50 ranchers and farmers of the community attended the rally.

SCHEDULE DRAWN FOR BOTTOLFSEN

Completed schedule which will be followed during the visit of C. A. Bottolfsen, Republican candidate for governor, in this section of Idaho Friday was announced here this afternoon by Carl Ritchey, county chairman.

Bottolfsen will be in Filer at the Muirgrave store and the Dillingham pharmacy during the morning, starting at 8:30 a. m. At noon he will be guest of honor at a luncheon at Buhl, to be held at the Smith cafe.

Returning to Twin Falls from Buhl, he will give an address over KTRV Friday evening from 8:15 to 8:45 p. m. Immediately following the address he will go to Burley where he will be the principal speaker at a rally to be held in the L. D. B. Lumber-nac. He will not appear at Buhl that evening and there will be no rally held there as was previously announced.

Ritchey also announced plans were completed for a rally Monday in Twin Falls at the L. D. S. church starting at 8 p. m. At the rally the three major Republican candidates at the coming election will speak. They will be Donald A. Callahan, candidate for U. S. senator; Henry Dwarshak, candidate for representative, and Mr. Bottolfsen, candidate for governor.

BURLEY MEET TO DRAW LOCAL PTA

BOBIER RECEIVES KIMBERLY WORK

Contract for construction of tennis courts and an agricultural building addition to high school had been let today by the Kimberly board to A. D. Bobier, Twin Falls contractor.

The contract given Mr. Bobier subject to approval of PWA regional office at Portland, Ore., according to Supl. L. A. Thomas, it is expected that the PWA will grant appropriation to the board's action. In that event, Mr. Thomas said, the board hopes to see work started immediately after the approval is granted.

Architects for the project are Morse, McQuaker and Lash, Twin Falls. PWA and Kimberly school funds will be combined to finance the cost.

The project calls for four double tennis courts of concrete, and a 30 by 30 addition to the present agricultural building. The present structure is 24 by 60 feet, and the new portion—added in the shape of the top of a "v"—will provide adequate space for all class activities and storage. A basement room is also planned but will not be finished under the current project.

Assurance that the tennis courts will be adequate in amount of room and the baselines, and will be correctly built to specifications given by Mr. Thomas with announcement that full details for such contracts have been received from the Portland Cement company.

If PWA approval comes soon enough to permit start of work by the Bobier firm in a week or so, Kimberly trustees hope for completion by late fall or early winter.

RADIO UNIT WILL HAVE NEW HOME

With plans being drafted at the present time in Salt Lake City, arrangements were going ahead here today for construction of a two-story new home for radio station KTFP and the Radioland ballroom.

The new building, which will be known as Radio Center, will be located in the 200 block of Main avenue west. It will have a frontage and a depth of 125 feet and will face Main avenue. The ground floor will be used for store and office space while on the second floor, to the front will be located the central offices. Behind these offices are the broadcasting studios. In the other part of the building an auditorium music hall and a ballroom will be located.

The radio company yesterday recorded deeds to five lots between the Kyle Waite building to, and including the area now occupied by the Midget lunch room. Three of these lots are now used as a car lot. These lots were purchased from Grant P. Schaefer and G. C. Callister of Portland, Ore. Seven additional lots in the rear, facing Second avenue west, were purchased from G. P. Coariff and K. G. Fargo. This area, it was explained by John Gardner, station manager, will be used for storage and parking.

Announcement of the contemplated improvement was made here late yesterday by O. P. Soule, Salt Lake City, president of the broadcasting company. The plans are being drawn by Woolley and Evans, Utah architectural firm.

RUPERT

E. A. Brookman, Elmer Peterson and George Bernal, directors, and Frank Ballard, manager of the Mhdoka Irrigation district, N. K. Jensen and A. C. DeMary, delegates from the Rupert Chamber of Commerce, and Mrs. Jensen and Mrs. DeMary returned Friday from Reno, Nev., where they attended the meeting of the National Reclamation association.

Rupert chapter Order of Eastern Star met Thursday in the Odd Fellows hall. Following the regular business session a talk on "Symbolism" was given by Price D. Beare, worthy patron, and a short musical program was presented by Mrs. I. W. Dupah and Mrs. John Hausermann.

Mrs. Maurine E. Willis, assisted by her sister, Miss Mildred Williams, and by Mrs. Anna Hill, was hostess Friday to members of Ad. circle. The occasion consisted of a talk by Mrs. Hilda Coons on her recent trip to Lassen National park and her trip to Los Angeles to attend the convention of the American Legion and Woman's auxiliary.

Mrs. Walter Attebery returned Friday from Boise where she had taken her husband to the Veterans hospital the previous week.

Mrs. William Kloepfer, assisted by her daughter-in-law, Mrs. Lynn Kloepfer, was hostess Friday to the Bon-Fid club. In the business session, plans were made for a Halloween frolic for members and husbands Oct. 27.

Members of the W.B.A. and one guest, Mrs. Mae Durkin, Salt Lake City, were guests of Miss Lulu Day Holliman, met at the home of Mrs. Charles Hoff Friday for business session, which was presided over by the president, Mrs. Charles Gollin.

Ross Defends Roads Policy

ABERDEEN, Ida., Oct. 20 (UP)—Former Gov. C. Ben Ross told a Democratic rally here last night that Idaho farmers are entitled to roads just as good as those the town folks have and I am going to see that they get them.

Ross, seeking a fourth term as governor, defended his actions—criticized by the highway department and—in building roads with gasoline tax funds without calling for bids.

"Look at your tax receipts and then decide what you think of my past administrations and the present Democratic administration," he said.

Elsewhere on the political front: In Boise, Tom Heath, Republican state chairman, said he noted "attempts diversion of the attention of voters from the true facts at issue, and candidates traveling over the state and making things that have no bearing on the present campaign."

His "Do-Nothing" Policy

At a rally in Coeur d'Alene, Democratic candidate for state auditor Calvin Wright told his audience that our critics are using the same hack-worn arguments, based on a do-nothing, try-nothing program which has soured a new low for Idaho politics. Our opponents have nothing to offer.

Boise Republican headquarters announced that Donald Callahan, G. O. P. candidate for senator, would discuss national issues of the present campaign at a rally at Kuna Saturday night.

Mrs. Malone on Session Program

Mrs. Bula Malone, prominent woman Democrat of Twin Falls county, will be one of the two major speakers at the Hollister Democratic meeting in the Orange hall there at 8 p. m. Friday. Democratic headquarters announced here today.

OPENING SET FOR BOISE'S AIRPORT

BOISE, Ida., Oct. 20 (UP)—This city's new municipal airport, with a main runway 8,000 feet long—the longest airport runway in the United States—will be ready for scheduled traffic by Dec. 1.

The field will be a scheduled stop for United Airlines' giant Mainliner ships, which presently fly over the city because old airport accommodations are not big enough. Mayor Hinshaw, assistant to the president of United, came to Boise today to consider plans for moving the company's hangar and equipment to the new field.

BOISTEROUS

SHOSHONE, Oct. 20 (Special)—The other night a half dozen local worthies got their systems all cloyed up with "s. frumment," and when the heat arose to about 75 degrees they playfully concluded to become a little boisterous at various pool halls and other places until they entered the wrong one.

Marshal Swope corralled the bunch and they spent the night in jail. The next morning they paid Justice of the Peace B. E. Todd \$8 fines and costs, each.

JEROME'S TWO PAPERS MERGE

JEROME, Ida., Oct. 20 (UP)—Announcement was made today of the merger of the North Side News and the Jerome County Journal. Vernon Frost and Berrys Burke, publishers of the News, purchased the Journal from Raymond Cornwell, who published the latter paper for the past six years.

Both papers are weeklies. Burke said that combination of the publications would "produce a better paper."

MEDIATOR'S EFFORTS MAY END LONG BAY AREA STRIKE

WAREHOUSEMEN AND OPERATORS IN FULL ACCORD

SAN FRANCISCO, Oct. 20 (U.P.)—Paul C. Smith, newspaper executive, called in to act as outside mediator, early today announced C. I. O. warehousemen and warehouse operators had reached "full accord on all points" in a dispute which has tied up more than 130 warehouses here and in Oakland for four months.

Terms of the settlement were not announced but Smith said it would be submitted to membership vote of the San Francisco Distributors' association and the Warehousemen's union with the recommendation of negotiators on both sides that it be accepted.

"If the agreement is ratified it is probable that the work can be resumed in the warehouses by next Monday," Smith said.

Although the membership vote will determine finally if the accord goes into effect, it was believed by those close to both groups that the recommendations of the negotiators would be accepted.

Would End Bitter Strike

If it is accepted it will mean the end of one of the bitterest disputes in San Francisco's recent labor history and the return to work of all estimated 2,000 men.

The main issue in the dispute was the employers' demand for a master contract with a simultaneous expiration date for all warehouses employing C. I. O. laborers.

The operators, through the Distributors' association, contended that a master contract was necessary to protect their individual members or groups of members in one separate warehouse industry from "exorbitant" union demands.

The union charged that the warehouses were closed in an attempt at asserted "union-busting" and opposed the proposed master contract on two main points:

Union Claims

The union claimed a simultaneous expiration date would allow employers to "lock out" union members and "run" the union and said a master contract would not provide protection of contract gains previously made in separate negotiations.

The tieup of warehouses, which started early in July after strikes involving 200 warehousemen at the F. W. Woolworth company and Hiram Walker Liquor company plants, quickly spread throughout the entire warehouse industry.

"Hot Cargo"

A box car loaded with school supplies by Woolworth company executives was sent from warehouse to warehouse in San Francisco and shuttled back and forth across the bay to Oakland.

Unionists refused to unload the car on the contention it was "hot cargo."

Each plant where the box car called and warehousemen refused to unload it closed.

Warehousemen claimed the closing of the warehouses was a "lock-out" of their members. Employers claimed it was a "strike" and insisted they had the right to determine what warehouse goods should be handled by their employees.

MARIJUANA WEED GROWING HALTED

BOISE, Ida., Oct. 20 (U.P.)—There was marijuana growing on the state prison farm two years ago and convicts sometimes went on a "smoking jing" but noxious weed control has done away with the narcotic, there, Warden P. C. Meredith told the state board of pardons today.

The explanation came about as the board considered the appeal of a man described as an inmate, Clark suggested the man be taken from inside the wall and put on the farm, then remarked that "he'd probably start using marijuana, they grow it there."

Meredith said that had been the case, but added that periodic inspection by the noxious weed crew had eliminated the once-flourishing stands.

At its session yesterday the board considered 24 cases and granted parole or conditional paroles to 19 prisoners, all of whom had served or would soon complete their minimum sentences. All cases considered concerned minor crimes.

Divisions of Aid Reorganize Groups

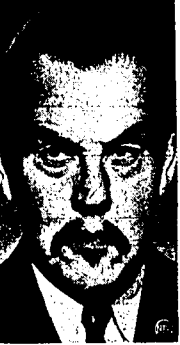

BURLEY, Oct. 20 (Special)—Divisions of the Methodist Ladies' Aid society met Thursday. Mrs. Jay Gaskill was hostess to the second division, of which Mrs. Ed Schroeder was elected chairman; Mrs. George Deunann, associate; and Mrs. Frank Redfield, secretary.

The third division met with Mrs. R. L. Hobson, and planned to discontinue their division and combine with the others.

The first division met with Mrs. Joe Peters and elected as chairman, Mrs. Orelle Gant; Mrs. Lawrence Dunn is vice president, and Mrs. Mildred Leigh, secretary. Plans were made by the first division, which will be hostess group for next general Aid society meeting Thursday, Oct. 27 at the home of Mrs. J. H. Plank in the Romney apartments.

"Charlie Chan"

It seemed that "Charlie Chan," famous Chinese detective of the movies, had passed on with the recent death in Sweden of Warner Oland, who created the character. But insistent demands by movie fans for a continuation of the mystery thrillers moved the producers to seek a successor.

A veteran character actor Sidney Toler, picture also made up as the aphorism-dispensing "Oriental" sleuth, won the role over 34 candidates.

Huge enlargements of photographs recently have been used in place of painted stage scenery.

Dakota Officers Return Prisoner

John J. Reikki, alias Bill Johnson, shot in the leg last week as he attempted to escape local police, was en route back to Belle Fourche, S. D., today to either face charges of forgery or enter prison immediately under a revoked two-year suspended sentence for grand larceny.

Reikki left here this morning by automobile. Taking him eastward were Sheriff Charles Arnold and Deputy Sheriff Bert McClure, both of Butte county in South Dakota.

The prisoner had been receiving treatment in the county hospital for the leg wound but last night was removed to the city jail from where he left with the officers this morning.

Masonic Ladies' Night Event Features Hilarious Burlesque

So expert were the performers on the Naughty Nineties vaudeville burlesque, presented last evening at the Twin Falls Masonic lodge's Ladies' Night program, that the "Man on the Flying Trapeze" was not even missed. Getting into the mood of the evening, the responsive audience of 500 persons, members of the Masonic and Eastern Star lodges, their women guests and escorts, joined in singing the sentimental ballads of the 19th century, to the rousing accompaniment of Harley E. Smith, interluding with excerpts from the classics.

From the time the mustached tail-coated orchestra trailed into the Masonic temple auditorium, and laboriously "tuned up" until the final curtain call of the cigar-smoking "Man on the Flying Trapeze" the performance was hilariously comical.

Melody Makers
Cleverly worded, announcing each number, were whisked about by Harold Hoover. Orchestral personnel was Dr. R. A. Farreit, billed as "Dr. Farreit," the leader, Dr. Orrin A. Fuller, Charles J. C. O. Dumas, J. T. Bainbridge and Harley E. Smith, "Discordians Sympathy Orchestra."

Harley Smith, as a combination of the four Marx brothers, presented a comedy sketch. He was announced as "Professor Smythe at the Stonewall."

The chorus, George Warburg, Cliff Evans, Horace Holmes, A. J. Bobler and Herb Gunderson, wearing ruffled blue costumes, long white stockings and black shoes, appeared in a dance sketch for which they had been trained by Mrs. H. W. Merritt. They were also on the stage in a finale.

Melodramatic indeed was the rendition of "After the Ball is Over" and "She's More to Be Pitted than Centaured" by Mrs. Madeline Bell Oswald, billed as "Mademoiselle Bella Bell."

Medicines
Mythical and mind-reading were not neglected, and Curtis Eaton, brilliantly attired, proved an unusual audience for crystal-blasting. He was announced as "Rajahn Seccall Nozall."

"Barko Gruffy, the Barroom King" who was later Jerry, sang "The Durne of an Aching Heart," and repeated it in a high soprano voice as an encore number. A bouquet of vegetables was his reward. "Phil-Bert and Hazel, Just a Couple of Nuts," contributed the black-face comedy act, so essential to the "roxy" bills of "the old days." Impersonators were Mr. and Mrs. Bert Swell.

Refreshments Served
Refreshments were served from a beautifully appointed table, tabled by Mrs. Ronald Graves. Margarida in a brass container, flanked by decorated tapers, formed the centerpiece. Halloween designs bordered the table.

Weldon Wilcox, Lyle Frazier and Solia Wilcox, members of the refreshment committee, assisted by Clarence Roberts, Ronald Graves and Earl W. Walker, served.

M.L.A. DANCE CLUB INAUGURATES PARTIES
Because of the popularity of the M.L.A. dances last year, the same social program will be allowed this year. First M.L.A. club dance of the season will take place this evening at 8 o'clock, with Will Wright and his orchestra furnishing the music. Tickets must be presented at the door, and an evening admission charge will be made for the general public. Officers invite the public to attend, and announce that the evening will take place once each month.

In keeping with the movement throughout the United States, to revive the waltz and fox-trot, these forms of the dance will be emphasized, according to those in charge.

M. I. A. GROUP PLANS HALLOWEEN PARTY
Senior class of the first ward M. I. A. of the L. O. E. church will entertain at a Halloween party Oct. 28 for members from 25 to 40 years of age. The event will be held at the home of E. E. Bingham, 108 North Avenue east. All members are requested to attend.

The affair was planned last evening at the home of Mrs. A. T. Hull, Mrs. Grace Kilbourne, Mrs. Eucida Bowen and Mrs. Mona Cull were present.

SCOTTISH LINKS DINNER AT CLUB
Mrs. David Calloway displayed her collection of exquisite linens this week when she was hostess to members of the Byrings Home Improvement club.

The linens were sent to Mrs. Calloway from Scotland, and their showing was especially appropriate since the program was on "A Yardstick for the Consumer in Measuring the World." The discussion being led by Miss Margaret Hill, district home demonstration agent.

Mrs. Frank Golt was a guest of the group. Refreshments were served.

HOMESIDE FRIENDS AT DEBENT LUNCHEON
Mrs. Charles Murit entertained members of the B. and T. club and a group of guests at a delightfully appointed luncheon yesterday afternoon at her home in the home of Mrs. J. E. Wilson.

Walters-Ulrich Vows Exchanged

CLOVER, Oct. 20 (Special)—Trinity Lutheran church was the scene of a pretty wedding Sunday evening at 8 o'clock when Miss Loreta Ulrich became the bride of Arthur Walters, before a flower banked altar with Rev. Danenstedt reading the ring ceremony.

The bride is the daughter of Mr. and Mrs. Edmund Ulrich. The bridegroom is the son of Mr. and Mrs. August Walters, Eden.

The bride was attired in a white silk marquisette dress. Her finger-till veil flowed from a halo of flowers, and her bouquet was brides roses.

As maid of honor, Miss Marie Walters, sister of the bridegroom, was gowned in pale green silk marquisette.

The bridesmaids, Misses Clara Walters and Arlene Luke, were gowned in shades of rose satin and blue-green satin.

The flower girls, Alva Ulrich and Florence Schwager, were better in pink and white ruffled frocks, carrying baskets of blending autumn flowers. Serving as best man was Roland Ulrich. Usher were Milton Wilson and Werner Krohn.

G. C. Westerkamp presided at the organ, for the impressive nuptial music.

Reception followed at the Clover community hall for the reception, where music and conversation were featured. Decorations of pink and white were used at church reception. The refreshment table was centered with the bride's cake. Delicious refreshments were served.

The couple will be at home on a farm near Eden.

Miss Arlene Ward Marries in Oregon

DECLER, Oct. 20 (Special)—Friends of Miss Arlene Ward have learned of her recent marriage to Earl Noble, Rupert. The marriage took place at Baker, Ore., Oct. 18.

Miss Noble is the daughter of Mr. and Mrs. George D. Ward of Decler. She attended school in Decler and graduated from the high school with the class of '36.

She has been employed in King's store at Burley the past summer. Mr. Noble is a farmer at Rupert, where the young couple will live.

Democratic Women Outlining Campaign

SHOSHONE, Oct. 20 (Special)—Democratic Women's club met Tuesday afternoon for the purpose of outlining campaign affairs, with about 65 present. Mrs. J. E. Harmon had charge of the program, which included two solos by Mrs. Hargat, accompanied by LaNelle Breckenridge, who also sang a number. Mrs. H. G. Aegion and Mrs. M. C. Tolman responded. Suppl. L. E. Turner, vocal solo. Laurel True, accompanied by J. B. Darling.

A sound movie demonstration was given by Mrs. Reed of Salt Lake City, and a one-act play, "Please Pass the Cream" by Margaret Lindsay and Francis Egbert.

After the teachers were introduced and greeted, punch and wafers were served.

Minjoka Anti-T. B. Campaign Planned

RUPERT, Oct. 20 (Special)—Mintjoka County Anti-Tuberculosis association, with representatives from every civic organization in town, met at the municipal building Friday in an all day session presided over by the chairman, Mrs. J. P. Mendenhall.

Mrs. Kathryn Athey and Dr. Alan Hart were the speakers. Each presented interesting facts concerning the "silent killer" of the association and pointed out the need of a hospital for the care of tubercular patients. Plans were formulated for this meeting for the Christmas anti-campaign which will open early in December.

NATIONAL WAGE-HOUR BILL GOES INTO EFFECT MONDAY

MINIMUM PAY, MAXIMUM WORK TO BE REGULATED

By LYLE C. WILSON
WASHINGTON, Oct. 20 (U.P.)—Federal control over wages and hours in inter-state industry becomes effective at 12:01 a. m. Monday, under the fair labor standards act of 1938.

After that hour it will be illegal for those covered by the statute to work more than 44 hours a week unless they are paid in money at the rate of time and one-half for overtime. The minimum hourly wage becomes 25 cents.

The act was passed by the last congress and signed by President Roosevelt on June 25. It is estimated that 11,000,000 workers will be affected by its provisions. Ultimately the law will establish a ceiling of 40 hours over the standard week for those covered by the act and a floor of 40 cents an hour under wages. Approach to that objective is gradual.

Standards automatically established Monday morning provide for a 44-hour week and a minimum pay of 25 cents for a 12-hour day. The week may be extended provided the employee is compensated in money for overtime at a rate one and one-half times the regular rate of pay.

The act underlies also abolition of "oppressive child labor." Both the act and the standards imposed enforcement of the act will bar from commerce all goods produced in violation of its terms or in violation of orders of the administrator, Elmer F. Andrews.

Several penalties may be assessed against violators. Maximum penalty for the first willful violation is a \$10,000 fine. Penalty for a second willful violation could be a \$10,000 fine, imprisonment for not more than six months, or both.

Industry Committees. The act provides for industry committees. Some businessmen are said to be under the impression that the wage-hours provisions do not apply to their industry until its industry committee has been appointed and has made recommendations to the wage-hours administrator. That is a mistake. Actually only one industry committee has been appointed— for textiles— but the provisions of the act become effective generally at the appointed hour.

Application of wage-hours provisions presuming will invalidate parts of existing union labor contracts which do not conform to the law now about to become operative. Included in the act is a paragraph stipulating that the new legislation shall not justify an employer in reducing wages paid in excess of proposed minimum wages nor justify increasing hours of employment now or later beyond the maximum hours provided by the act.

Hope of Congress. That language, however, does not forbid and evidently is not enforceable. Therefore, it represents merely the hope of congress. Wage Hours Administrator Elmer F. Andrews said that paragraph is "plausible hope." But he has urged that employers voluntarily conform to the policy announced in addition to fines and imprisonment, there is provision for double-indemnity of employer to employ for 30 days.

The standard work week established by the act is as follows: Oct. 24, 1938 to Oct. 1939, 44 hours; Oct. 24, 1939 to Oct. 24, 1940, 42 hours; thereafter 40 hours. The law does not prohibit employment in excess of the standard work week provided the employee is compensated in money (time-off) at a rate not less than one and one-half times the regular rate.

Wage minima are established:
1. Oct. 24, 1938 to Oct. 24, 1939, 25 cents an hour.
2. Six years from Oct. 24, 1939 to Oct. 24, 1945, 30 cents an hour.
3. Thereafter 40 cents an hour.

But congress held that it might be possible before 1945 to establish wages above 25 or 30 cents an hour "without substantially curtailing employment." So congress authorized wage determination committees equally representative of employers, labor and the public.

These committees may recommend rates higher than 25 or 30 cents but not higher than 40 cents an hour and the administrator, upon recommendation only, may enforce them. If the administrator disagrees with an industry committee, he may dissolve it and appoint a new one.

Wage and hours division has generally defined employees covered by the act and general exemptions. Those covered by the act are:
1. Employees engaged in producing, manufacturing, mining, handling, transporting or in any manner working on goods moving in interstate commerce.

2. Employees engaged in any process or occupation necessary to the production of such goods as:
a. Employees engaged in interstate transportation, transmission or communication.

Included in Act
The administrator's first interpretative bulletin defined the foregoing including office workers and maintenance and custodial employees of concern subject to the act. A night watchman, for instance, employed in a farm engaged in interstate industry.

Neither wage nor hour provisions apply to:
1. Agricultural workers, stevedores, employees of airlines, street car, motor bus, inter-urban railroads and of weekly or semi-weekly newspapers of less than 5,000 circulation largely distributed in the county of publication.

2. Persons employed in a bona fide executive, administrative, professional, or local retailing capacity, or as outside salesman.

3. Persons employed in any retail or service establishment which is not part of goods receiving or selling in interstate commerce.

4. Persons employed in fishing and the fishing industry.

5. Persons employed in the area of production in handling or preparation or canning of horticultural commodities for market, or employed to make light products.

Further complete exemption from the hours provisions is provided for:
1. Employees of railway, motor bus and truck carriers which are regulated by the interstate commerce commission.

2. Employees of employers engaged in the first processing of milk, when skimmed milk or cream into dairy products, in the spinning and processing of cotton, in the processing of sugar beets, sugar beet molasses, and cane or maple sap into raw sugar or syrup.

There is a provision for seasonal employment without overtime penalty for 16 weeks during any year. It is available for such seasonal operations as packing fresh fruits and vegetables and raising poultry or slaughtering livestock.

There also is partial exemption from weekly maximum hours provisions for employees in violation of orders of the administrator, Elmer F. Andrews.

Individual certificates may be issued for underscale payment to learners, apprentices and "handicapped" workers.

"No producer," says the official explanation of the act, "manufactures or dealer, after Oct. 24, 1938 may ship or deliver for shipment in interstate commerce any goods produced in an establishment which has employees engaged in child labor within 30 days of removal of the goods. Oppressive child labor is defined as:
1. Employment of children under 16 years of age in any occupation except for employment of children 14 or 15 years old at work other than agriculture, stock raising, or fishing which has been determined by the chief of the children's bureau not to interfere with their schooling, health or well-being.
2. Employment of children 16 or 17 years of age in any occupation found and declared by order of the chief of the children's bureau to be particularly hazardous or detrimental to health or well-being.

CLOSE GAMES LOOM ON H. S. GRID SCHEDULES

Pocatello-Bruin, Big Six Tilts Feature Week-End

What should be one of the best grid menus of the 1938 high school gridiron season will get under way Friday with most of the teams in the south central area engaging in regulation league contests.

Highlight of the day for followers of the Bruins will be the annual struggle with Pocatello on Lincoln field in Twin Falls. Coach Hank Powers again has a strong Twin Falls outfit, but the way the Indians have been moving down all opposition, it looks like a hard day ahead for the local club.

Coast Race Narrows to California Bears vs. Field

DIVING EXHIBITION-ON GRIDIRON

Practically unstopable in his runs through tackle was Fordham Ram Peter Hlovak in the thrilling battle with the Purdue Boilermakers at the Polo grounds in New York. Above, the Maroon halfback is shown diving over a tackling Boilermaker to gain a first down in the exciting second quarter. But he and his teammates worked for nothing, as, although terrifically outplayed in the first part of the game, Purdue came back with a stonewall defense and a fourth-quarter touchdown for a 6 to 6 tie.

Defending Champs Hold Edge in Race

By JACK GUENTHER LOS ANGELES, Oct. 20 (AP)—The Pacific Coast conference title race, already reduced to a contest between California and the field, will be narrowed further this weekend in two games that may provide an answer to the annual far-west question of who will play in the Rose bowl.

Cripples Dot Roster Of Twin Falls Bruins

Bear stories on the eve of a big football game are common, but Coach Hank Powers of the Twin Falls Bruins really has something to cry over when he looks over his outfit of cripples as the Pocatello game nears. The Twin Falls line, generally regarded as one of the most powerful in the state, is just going to be a skeleton of what it should be. Injuries and sickness are going to force the use of substitutes in at least four places, in all probabilities.

Budge Reported as Already Signed To Pro Contract

SALT LAKE CITY, Oct. 20 (AP)—Dave Freed, secretary of the International Tennis association, today quoted a tennis professional as saying that Don Budge has been signed to a several year contract for \$250,000 for a one-year professional tour. Freed quoted Walter Senior, who made a pro tour last year with Ellsworth Vines and Fred Harris, Chicago promoter, had disclosed Budge's signing as a professional during a visit here in September. "Senior told me that Budge had okayed a contract for a tour this winter," Freed said. The reported disagreement between Budge and Harris over whether Budge would get the \$100,000 he was asking, or the \$75,000 Harris offered, was described as a publicity stunt. "Baron Gottfried" von Cramm probably will be included in the plans for the tour," Freed said. "If von Cramm can get permission to leave Germany."

Lewis-Gainer Title Bout Postponed for One Week

NEW HAVEN, Conn., Oct. 20 (AP)—Light heavyweight Champion John Henry Lewis and challenger Al Gainer went to the doctor for a sinus treatment following a one-week postponement of their 15-round title fight scheduled for tomorrow night.

Climaxing a comic opera day in which the governor attended the Connecticut boxing laws and Gainer was taken into custody on a body writ, the postponement was ordered last night when it was learned that Al was suffering from a severe sinus condition.

The New Haven fighter had complained of a cold and head pain for several days, and Dr. Francis E. Foley, commission physician, discovered the sinus infection. He informed the other commissioners, and Chairman Frank Coakley announced the postponement to Oct. 28.

The physical examination followed Gainer's release from the writ sworn out by Billy Clark, a former New Haven pugilist who acted as a card game referee several months ago with a broken jaw. He told the judge it was Gainer's knuckles that had collided with his jawbone, and was awarded a \$2,500 judgment. Gainer had been promising to pay \$1,000 as a bond.

Gainer played hide-and-seek with two deputy sheriffs all day yesterday, but was finally caught off base and taken into court early in the evening.

Nathan Podoloff, manager of the New Haven arena where the fight was scheduled, posted a \$1,000 bond to secure his freedom. Gainer is expected to get between \$4,000 and \$5,000 as his 32 per cent end of the purse.

Earlier, Gov. Wilbur Cross signed an amendment to the boxing laws allowing for detention by a referee and two judges in all world, sectional and state boxing championship bouts. For years the referee had made decisions according to his own point system. The judges must be selected from among the commission's approved list of referees.

CITY LEAGUE (Alley 1 and 2) Thursday, Oct. 20—T. F. Flour Mills vs. T. F. Lumber 3-0 Friday, Oct. 21—Perrine Hotel vs. Emrick's (20).

By FRED STONE Following up their custom of last year, the Zip-Way boys took two out of three from Del's, George Paulson, at anchor for the Zippers, took high honors with a 540 total. His 192 second game being best single for his club.

Les Cowan sneaked over the top with 502 and Westy got a 486 count, while Vey Gish's score hasn't been tabulated yet. Vey's record for a recent count, but it is known for a fact that he got some pins.

Bill McDonald was top man for the Del's boys, with 525 to his credit. His 195 was also their top single. Nicely bunched were Johnson, Bringer and Jones, with 518, 511 and 510, respectively. Judy Hess, substitute for Charley Druggerman, hit's helping Gish with the recount.

High Boone with 257 looks like a clinch for the weekly prize in the Commercial league.

Ray's Texaco must have been using the best of gas, as they swamped the Iron Firemen for all three games.

Merlin Edwards with games of 22, 27 and 42-424 total, set a new City league record. Merlin had only two open frames—two splits—his third game.

With scores of 850, 995 and 788 for a total of 2,633, another new mark was set for three games in this league. All seven were good for the Texas team.

Erniechy got an even 580, Anderson 494, Ross 481 and Norm Bogn in place of Dick got 480.

Bill Long was hot-ant for Detroit with 477, his 176 last game.

After a snappy pep talk (led by Co-Captain Claude Detweiler) the Driveler team snapped out of it and did a little better the last two weeks.

Edward's 225 is the best single in the City league to date, and Texaco's 2,659 looks like free bowling next week.

The Hotel Hole bowling team, one of the best clubs in the capital city, will be here on Sunday, Oct. 21. Bowling will start at 10 p. m. Selection of opposition has not yet been announced.

Ray's Texaco, Zip-Way Win Pin Contests

Merlin Edwards, Ray's Texaco bowler, set a new City league record of 604 for three games last night to lead his team to a victory over the Del's kieglers, with George Paulson showing the way by virtue of a three-game total of 542. Bill McDonald topped the losers with 525.

High Boone with 257 looks like a clinch for the weekly prize in the Commercial league.

Ray's Texaco must have been using the best of gas, as they swamped the Iron Firemen for all three games.

Merlin Edwards with games of 22, 27 and 42-424 total, set a new City league record. Merlin had only two open frames—two splits—his third game.

With scores of 850, 995 and 788 for a total of 2,633, another new mark was set for three games in this league. All seven were good for the Texas team.

Erniechy got an even 580, Anderson 494, Ross 481 and Norm Bogn in place of Dick got 480.

Bill Long was hot-ant for Detroit with 477, his 176 last game.

After a snappy pep talk (led by Co-Captain Claude Detweiler) the Driveler team snapped out of it and did a little better the last two weeks.

Edward's 225 is the best single in the City league to date, and Texaco's 2,659 looks like free bowling next week.

The Hotel Hole bowling team, one of the best clubs in the capital city, will be here on Sunday, Oct. 21. Bowling will start at 10 p. m. Selection of opposition has not yet been announced.

Mac Doubts Validity of Offer Of \$75,000 to Don Budge

By HENRY McLEMORE NEW YORK, Oct. 20 (AP)—I firmly believe that witches ride the heavens on brooms during all halcyon days, but unless they are transported directly from rabbits, untouched by human hands, that two can live as reasonably as one, and that there is a pot of gold at the end of every rainbow. So you see, I'm no skeptic. But there are things that I don't believe. I don't believe, for example, that a young man named Jack Harris ever offered John Donald House \$75,000 in cash to become a professional. I just can't bring myself to a point where I can believe that he did. I don't believe that Harris had made such an offer and that House had turned it down.

Let me say. In the first place, \$75,000 is a lot of money for anybody named Harris to have on hand. That sort of negotiable confetti is associated only with persons named Morgan, Mellon, Rockefeller. Of course, this is the kind of money that I believe it is possible that a Harris has it, but he is going to have to count it before

my eyes—and in ours—before I believe it. For some reason I can't connect a fellow capable of racking up \$75,000 in cash with a fellow who would accept a \$75,000 offer. I'm all for the ballgame if I don't want any more to Budge. I don't say this because Donald is any friend of mine. In fact, I don't think he likes me very much. I know the first time we met, he said something like, "How do you do, Mr. Mac?" Well, well, well. I always thought I'd like to punch you in the nose.

All for Budge. He had read something I had said about him that he didn't like. But small as I am, I think, I feel something about it. You see, I'm not a sportsman from his sneakers to the top of his red head. His court manners have always been more than impeccable—they have always been those of a gentleman who wanted to win a point in the end of the game. And I believe him to be the greatest player of the game who ever lived.

CLOSE GAMES LOOM ON H. S. GRID SCHEDULES

What should be one of the best grid menus of the 1938 high school gridiron season will get under way Friday with most of the teams in the south central area engaging in regulation league contests.

Highlight of the day for followers of the Bruins will be the annual struggle with Pocatello on Lincoln field in Twin Falls. Coach Hank Powers again has a strong Twin Falls outfit, but the way the Indians have been moving down all opposition, it looks like a hard day ahead for the local club.

40 Pheasants Cost Nevada Hunters \$216

Forty pheasants piled in the back of a passenger car headed for Nevada had cost two Battle Mountain, Nev., hunters exactly \$108 apiece to shoot.

The men, J. A. Good and W. A. Middleton, were fined \$100 each and costs of \$100 yesterday after a hearing before Judge Jay Kinney on charges of illegal possession of pheasants. Limits of possession at any one time is four birds.

The confiscated pheasants, under state law making such action mandatory, were sold immediately after the hearing for 25 cents each. The money goes into the state fish and game fund.

The two men were apprehended by a game department representative not far from Rogerson. The 40 pheasants were piled in several boxes in the hunters' machine.

Unlike the 73 pheasants and one equal confiscated Monday, the birds taken from Middleton and Good were not shot, but were cleaned. But the sale went just as briskly, with no buyer permitted more than four. A game department agent presided at the sale.

73 Tack Monday Monday's "catch" of 73 birds was taken from a Gooding area a Buhl man who allegedly were transporting them to Nevada for three \$100 each and costs of \$13 apiece.

Grover C. Davis, deputy game warden, said today that "we're keeping a close lookout and we're determined to end this matter of wholesale slaughter of pheasants. We're going to our best to make the pheasant supply last longer than the supply of illegal hunters."

LEGENDARY TALE ON STAGE TODAY

After five weeks of rehearsal and elaborate preparations, the curtain will go up at 8:15 tonight on "Robin Hood" in costumes which form the all-school play at Twin Falls high school. The production consists of a prologue and three acts.

The second version of the drama will be offered tomorrow with a different cast and a varied interpretation.

Carrying the leading role, "Robin Hood," will be Bert Sweet an experienced high school actor who is expected to dominate the stage at both performances.

Fast Successes
A finished interpretation of this legendary character is expected by virtue of past performances turned in by young Sweet. During the last school year he played the leading role, Petruchio, in "The Taming of the Shrew," and also that of Herman Heinrich in the junior play. He has made numerous appearances in school plays before clubs and in school assemblies. For his outstanding work he was awarded a national Thespian honorary shield and heads the national order of club 238 in Twin Falls.

The feminine lead this evening will be interpreted by Dorothy Margaret Smith as Maid Marian. Ann Perrine will portray that role Friday night.

Musical Numbers
Musical numbers including vocal solos and group singing will enliven the offering with all selections being taken from the DeKoven opera. Members of the high school orchestra directed by J. T. Bainbridge will present selections preceding the curtain and between acts. The ensemble music will also be from DeKoven and of an appropriate nature.

MOISTURE GAINS SEEN IN REPORT

Heavy precipitation on the Snake river watershed was noted here this afternoon in the weekly report of the Snake river reservoir conditions as released by Lynn Crandall, watermaster.

Greatest precipitation was noted at Ashton when 3.01-inches were recorded. At Idaho Falls 1.30 inches were recorded and at Moran the precipitation was 1.22 inches.

At the same time the three principal reservoirs serving this area showed considerable increases over a week as well as a month increases over the same period last year.

Jackson lake, at the present time is impounding 404,700 acre feet of water against 388,710 a year ago; American falls reservoir is impounding 717,000 acre feet against 672,000 a year ago and only 430,880 a year ago. Likewise Lake Walcott is now impounding 82,410 acre feet against 77,570 a year ago and 37,880 a year ago.

In all three cases this indicates a substantial supply being on hand to "kick off" the irrigation season next year.

Troops Round Up 300 Arab Rebels

Outlaws Keep Large Portion of Palestine

JERUSALEM, Oct. 20 (Special)—British troops today rounded up 300 Arab rebels in the Jordanian area after they had lifted a two-day rebel siege by storming through the gates of the 14th century walls.

The prisoners, all men, denied they were rebels, but they were questioned, examined for shoulder buttons that might have been made by rifle butts, and held for identification.

Sporadic fighting continued in the Moslem quarter, where the rebels were making a last stand. The toll of the British occupation so far had been nine Arabs killed and 16 persons wounded, including two British policemen and a soldier.

Troops and British police controlled the Christian, Jewish and Armenian quarters and they had razed most of the Moslem area.

Use Modern Arms

The prisoners were taken to David's Citadel, site of the fortification that David built in the 11th century before Christ, after he had conquered the Jebusites and delivered Jerusalem for the first time to the Hebrews.

The rebels were fighting with modern arms—rifles and bombs—but with the strategy of antiquity. Military patrols baffled by their sudden disappearances and reappearance around the vicinity of the Mosques, found them using underground passages during the most critical times. One passage, leading from Solomon's quarries, was found to be an avenue of escape for the rebels.

The Military Occupation Had Succeeded

The military occupation had succeeded in lifting the siege and restoring a semblance of order to all but the Moslem quarter, but the rebels' guerrilla tactics gave the British at best a perilous hold on the Jerusalem area, and left rebels still in control of almost two-thirds of Palestine.

Sealed Walls

First unensored details of the occupation of old Jerusalem sent to the outside world disclosed today that the British "Tomnies" had both stormed the gates and sealed the Jerusalem walls with iron bars.

The troops advanced cautiously, fearful of land mine traps, and blasted the streets ahead of them by machine gun fire. They closed in on the Migraiyah, 300-year-old Jewish hospital and highest building in the old city, and used it as their headquarters.

As they proceeded along the narrow, crooked streets, the soldiers passed the harems, where Moslem women watched them from behind latticed windows. The rebels have claimed immunity in their holy places and the troops avoided firing in the direction of the Mosques.

First Military Order in the Old City

The first military order in the old city was a distributing bread to inhabitants of the Jewish quarter and to priests and nuns in the Christian quarter, many of whom had almost starved during the 48-hour rebel siege.

Military Authorities Feared that at any hour, rebels might make a mass attack on Jerusalem from the surrounding hills and desert where they were encamped.

FORMER HEAD OF MAGIC DAM DIES

SHOONE, Oct. 20 (Special)—Dr. Dayton, 54, for 22 years caretaker and superintendent at Magic dam for the Wood River Canal company, died Wednesday of cancer.

Funeral services will be held at 2 p. m. Friday at the Burdette funeral home, with interment in the Shoone cemetery. It is expected that scores of friends from all parts of southern Idaho, and especially Twin Falls where he has several relatives, will attend the funeral.

Mr. Dayton is survived by his widow and two daughters and a son. He was born Jan. 24, 1874, at Crossville, Tenn., and had been employed on the Wood River project for the period mentioned, save one year when he acted as deputy game warden. Because of ill health he resigned his position with the company last spring, and was granted full pay for a short time. Recognition of his valued services and attention to his duties at the dam.

Dr. E. Kay, former general manager for the Wood River company and now chief engineer for a drainage project in Florida, hearing of Dayton's illness, had written him a letter, paying high tribute to the man's abilities and performance, a letter which came too late.

Dayton was married in 1918.

2 CHINESE HELD IN GIRL'S DEATH

TIJUANA, Mex., Oct. 20 (Special)—Lynch spirit ran high along the border today as authorities held two Chinese in whose truck the body of a 16-year-old American-Mexican girl was found under a load of vegetables.

The men were hurried to the Tijuana jail for safety after a crowd of Mexicans gathered threateningly in the little border town of Tijuana where the suspects were arrested. Frederick Ohlson, 32, and Joe Wong, 37, were the two men. They are truck drivers.

The body of Genevieve Barron, of Crossville, Tenn., was found in their truck in a load of fresh vegetables. The men were driven to Tijuana through the desert. She had been shot through the heart by a .32 caliber bullet.

A few men denied slaying the girl. A third Chinese who told of seeing the body, was held in prison on Saturday.

MEET FEATURES ROAD, POLITICS

Castletown Men's club meeting at 8 p. m. next Monday will be another combined political and road session, according to Mel Nihart, official of the club.

All Democratic county candidates have been invited to attend and to meet Frank James, Gooding attorney who was keynote speaker for the Bourbon state convention. James will speak on "olled roads and how to get them." Mr. Nihart said.

The topic of the address will carry out the theme of a concerted drive now underway in the Castletown area for surfacing of stretches of road needed to give a paved route to the Twin Falls sugar factory and its belt receiving dumps. Widespread support has been manifest in the Castletown region.

At a previous meeting, Republican candidates were guests and the road project also was stressed.

The session next Monday will be in the Baptist church, with everyone welcome and a special invitation extended to women. Mr. Nihart announced.

Rites for Man Found Dead in Car-Trailer

SHOONE, Oct. 20 (Special)—James McCamish, 81, was buried here Monday afternoon at 2:30, the funeral service occurring at the Burdette-Turner establishment. Rev. Elizabeth Coull, Baptist minister, officiated.

McCamish was found dead in his trailer house and apparently had died two or three days before. He had been a resident of Shoone for about 40 years, and came here from Hagley, where, at one time, he had been a police officer.

He had been shot here for awhile and was later known around town. Nothing has been learned of any relatives.

HOLLISTER

Hollister Grange met Tuesday evening. Miss Martha Weddel and Miss Betty Brown presented a duet, and Miss Mayre IIIff a vocal selection. Mrs. Mary Pohlman and Miss IIIff were hostesses.

A shower for Mrs. Marion Corak was given Saturday at the home of Miss Mayre IIIff, assisted by Mrs. Ethel Corak and Mrs. Helen Blair.

TAKE A TIP FROM 960 MEN ON WHISKEY ECONOMY!

Out of 1,000 Men Who Sampled Old Quaker, Now 3 Years Old—960 Found It Smooth, Rich and Mellow... Supporting Our Belief Old Quaker Rivals Many Higher Priced Brands!

Here's the good news for every man who enjoys good whiskey but does not enjoy paying high prices for it. Old Quaker, now 3 years old, rivals many fine whiskeys that are more expensive. Here's why we think so: We went to 1,000 men and asked them to sample Old Quaker. "Smell it!" we said. "Taste it! Swallow a drink of it! And give us your frank opinion."

None of these 1,000 men knew the name, age or price of the whiskey he was trying, yet 960 commented on the smoothness, richness, mellowness of Old Quaker, confirming our belief Old Quaker is an amazing bargain at this seasonal price.

What this Means to You: If these 960 men are right—here's a simple, direct way to save money on whiskey. Change to Old Quaker! Make this same simple trial yourself! And see for yourself if it isn't news for every thirsty drinker!

NOTE: This is conducted by the Market Research Corp. of America.

LEADERS WILL GO TO GRANGE MEET

Twin Falls county Pomona Grange will be represented at the state Grange meeting starting next Tuesday at Caldwell by E. L. Metz, Pomona master, and Mrs. Metz. A number of others, however, will also attend.

Each subordinate Grange of the county will also be represented by its master and his wife. The organizations have all selected alternates in event the leader is unable to make the trip. Twin Falls Grange will be represented by Mr. and Mrs. Tom Speedy.

Pomona officials have not yet received replies to the resolution asking federal loans on white beans. Mr. Metz says today. The resolution was sent to President Roosevelt, Henry A. Wallace, secretary of agriculture, and to the bean growers' national committee. Loans proposed would be on a three-fourths basis of each grower's crop, and would net producers here about \$225 per 100 pounds.

RICHFIELD GIRL DIES IN KANSAS

SHOONE, Oct. 20 (Special)—Berline Siskion, 15, died the early part of the week and her funeral will occur Thursday afternoon at Richfield, the family home.

The girl had been visiting at Pittsburg, Kan.

The first census was taken in the United States in 1790 and was conducted by a group of 700 marshals at an expense of about \$45,000.

SITE CHOSEN

BUHL, Oct. 20 (Special)—The corner of Main and Ninth has been selected by the treasury department as location for the new Buhl post office and federal building, according to word received here.

E. R. Love was successful bidder. He will receive \$700 for the property. The spot now is vacant.
