World's Powers Call for Increased War Strength

NATIONS WARNED TO BE PREPARED FOR NEW FIGHTS

By JOE ALEX MORRIS (Copyright, 1938, United Press) The world's great powers called upon their peoples today, two decades after the World War, to put their full strength into a still greater international struggle.

Hitler's Friend in U. S.

One of the few women whose names are linked romantically—and regularly—with that of Adolf Hitler, beautiful Leni Riefenstahl, screen actress and director, is pictured as she landed in New York aboard the Europa to help American her film of the 1936 Olympics.

Local Man Drowns in River While Hunting

Robert W. McClure, 26, a graduate of Stanford university and an employe of the Twin Falls office of the Idaho Power company, was drowned Sunday afternoon in the Snake river when the small canvas boat in which he and Mirland Severin, Twin Falls, were riding sank about 150 feet from the shore.

The tragic mishap which claimed the life of the youth occurred at a point about five miles above Milner, or 35 miles east of Twin Falls. McClure, Severin, Parris Kull, Twin Falls; W. H. Stevens and Bob Nichols, the latter two men residents of Salt Lake City, were on a duck hunting trip at the time.

The party had left Twin Falls early in the morning, arriving at the hunting site about 7 a. m., according to young Severin, a son of Harry Severin, local service station operator and sportsman. They had used the boat for transportation to an island in mid-stream and had decided to return home at about 1 p. m.

Returned for Pick-Up Severin, owner of the boat, had taken Nichols from the island to the mainland and had returned to the island to pick up McClure, Stevens and Kull. The boat would hold only two men at a time. Before reaching the island to pick up McClure, Severin had broken his two bladed paddle when attempting to retrieve a duck which those still left on the island had shot.

McClure and Severin started back toward the mainland, each using one of the broken paddles to maneuver the small boat. The boat had been leaning slightly but had caused no alarm among the hunters. On the trip to the mainland, McClure the boat suddenly started to leak badly and was soon nearly full of water.

Statis to Tip "All of a sudden it started to tip and three Bob and myself into the water," young Severin said. "We both started to swim to shore. Both of us had on heavy hunting equipment including hip boots and McClure had his straps to his belt. There was not much current in the water but, because of the wet clothing, swimming was extremely difficult. I asked Bob three times if he was all right and he answered that he was. The last time I looked back at him he was still coming. That is the last thing I remember."

Severin was taken from the water by Nichols who took off his own shoes and coat and dived into the stream. Severin was exhausted when Nichols reached his side but the Salt Lake City salesman, who travels this territory, succeeded in getting him to the shore. Meanwhile McClure, who is (Continued on Page 2, Column 4)

ANTI-TRUST CASE ON CHRYSLER AND FORD IS DROPPED

By G. W. STEWART, JR. WASHINGTON, Nov. 7 (U.P.)—Consent decrees filed in U. S. district court today virtually ended federal anti-trust action against the Ford Motor Co. and the Chrysler Corp. government attorneys announced they would request dismissal of criminal indictments against the companies.

The action, however, left in full force a similar indictment against General Motors Corp. and its financing subsidiary, General Motors Acceptance Corp. The General Motors companies were indicted at South Bend with Ford and Chrysler companies on charges that they used oppressive and threatening tactics to force automobile dealers to assign their financing operations to affiliated companies.

Arnold stated a statement approved by Attorney General Cummings, outlining the decrees under which the Ford and Chrysler finance companies, Universal Credit company, Commercial Credit company and their affiliates, agreed to discontinue practices the government charged were "coercive."

The decrees contain three major restrictive provisions: 1. The two concerns agree to refrain from the use of any kind to further any particular finance company.

The will pursue collection policies which Arnold said will "go far in protecting improvident persons of low income" and "remove the financial burden from the backs of shippers hitherto incident upon a necessary aggressive sales policy."

Right to Intervene The decrees do not prohibit or advertise any named finance company, with the exception that the Chrysler decree provides that if the company introduces any finance company at all, it will name all such companies whose services are the maximum number of automobiles.

The decrees also give the justice department the right to intervene where it considers any financing plan proposed or advised by competitors," Arnold said. He said the decrees also contain provisions designed to prevent any finance company against unfavorable results in the event the prosecution against General Motors should be unsuccessful.

GERMANS SENTENCE Prince to Prison BERLIN, Nov. 7 (U.P.)—Prince Friedrich Leopold of Prussia had been sentenced to two years in prison on charges of immorality, the foreign press was informed today. Leopold is 43. He is a great-grandson of the Hohenzollern king of Prussia, Frederick Wilhelm II, and a distant relative of former Kaiser Wilhelm.

CLONDFURST KILLED 13 CABABLANCA, Morocco, Nov. 7 (U.P.)—Thirteen persons were killed and 200 barely escaped drowning today when a cloudburst flooded the village of Ben Armet. The village was under six feet of water.

Windsors May Receive Visit From Family

By JOSEPH W. GRIGG LONDON, Nov. 7 (U.P.)—The first actual step toward restoration of normal relations between the duke and duchess of Windsor and the rest of Britain's royal family will occur on Armistice day, sources close to Buckingham palace reported today.

On that day, the duke and duchess of Gloucester, en route home from Kenya colony, will visit Edward and his American-born wife in Paris—with the approval of King George and Queen Elizabeth.

Whether the visit means that some day the woman for whom Edward gave up the British throne will be accorded a place in the royal scheme of things was uncertain, but at least it was considered that plans for the visit were a first step toward restoring normal relations of the royal family with the duke and duchess.

BLACK ATTACKS COURT MEMBERS

WASHINGTON, Nov. 7 (U.P.)—Associate Supreme Court Justice Hugo L. Black today inferentially assailed his colleagues on the bench for invading the rights of state legislatures in a dissent delivered on the first opinion day of the court's 1938-39 session.

Black, whose vigorous and often forceful dissents marked his first year on the high tribunal, asserted today that his colleagues on the bench for invading the rights of state legislatures in a dissent delivered on the first opinion day of the court's 1938-39 session.

Black's dissent in the citrus case asserted his associates were in error in instructing U. S. district attorneys in Florida to hear oral arguments attacking validity of the labeling laws.

GIRL, 17, ELOPES WITH MINISTER

KINGSTON, N. Y., Nov. 7 (U.P.)—Police of eight states were asked to search today for 17-year-old Martha Avery, a church singer who was "divorced" after eloping with the Rev. Leonard C. Richmond, her 50-year-old pastor.

The girl's parents, Mr. and Mrs. Raymond Avery, said they had found "the trace of understanding" which she had asked them to seek in a farewell letter, and asserted they would not file any charges against a bearded evangelist preacher, in firing, Richmond had behind a wife and four sons.

40,000,000 Voters in 47 States will Go to Polls Tuesday to Cast Ballots

These Men in "Key" Elections

Gov. Herbert Lehman, left, opposed Thomas E. Dewey, Republican, for gubernatorial post in New York's general election.

Gov. Frank J. Murphy, left, and Gov. James C. Curley, Democrat, run against Leverett Saltonstall, Republican, for gubernatorial post in the Bay state.

James Curley, Democrat, runs against Leverett Saltonstall, Republican, for the Bay state's governorship.

County Balloting will Get Started at 8 a. m.

The "zero hour" was almost at hand today as anywhere from 11,000 to 13,000 Twin Falls county voters did final thinking on the matter of casting ballots for state and national offices Tuesday.

Polls in the 26 precinct polling places will open at 8 a. m. Tuesday, and will operate until 7 p. m. continuously.

The log-end of one of the most spirited campaigns in years found both Democrats and Republicans ending off on campaign headquarters and making plans instead to provide transportation to the polls all day Tuesday. Leaders of both parties in this area professed this afternoon to see victory for their own tickets, but independent wagering found cold cash forecasting a tight race for most offices, with several Democratic county candidates expected to win an easy victory and one major Republican county candidate coasting in with no official opponent against her.

Total was 13,854 Total vote in the last general election two years ago was 13,054 for the governorship, usually taken as a criterion, according to County Auditor Frank J. Smith. In the primary this year the total governor voting by both parties was 7,220.

Despite the energetic campaigning, Mr. Smith forecast that the turnout Tuesday in Twin Falls county probably would not exceed 1,000. As for registration, he said that "our list is higher now than ever before," but pointed out that the rolls include all those who voted in the 1936 general election. Many of those have now moved away. Largest voting precinct in Twin Falls two years ago was No. 2, with 2,400 voters. (Continued on Page 2, Column 4)

Demos Admit Loss of Seats In U. S. House

By LYLE C. WILSON NEW YORK, Nov. 7 (U.P.)—The general election campaign closes today with indications that in tomorrow's voting the Republican party may make its first important gains since 1928.

Political significance of Republican expansion will depend on how many offices are shifted to the G. O. P. and where.

The campaign ends with national leaders on both sides charging the other with Fascist potentialities. Racial and religious issues have become a factor in New York. So-called "funny money" old age pension plans are real factors in many states.

This election will take place in 47 states. Maine held its general election Sept. 12, electing a governor and three Republican members of the house of representatives; no change.

Normal political hard-core for off-year general elections is representative. The strange off-year turn from the past in power soon may be seen in the party membership. If the Democrats win tomorrow the Democrats would lose 50 seats. And lose substantially because probably should be considered sub-normal since indicating that the New Deal-Democratic tide still is flowing strong and deep.

Depression Helps Republican hope for success in many seats largely upon potential political effects of the depression, lower farm crop prices and continued large scale unemployment.

The New Deal counter to G. O. P. charges of bad times in the United States is enjoying the most stable and least artificial prosperity any nation has known.

Everyone claimed victory was just around the corner. Works Progress Administrator Harry L. Hopkins, back from a swing through the country last President Roosevelt, at Hyde Park, N. Y., that Michigan and California were safe for the New Deal.

Frank J. Murphy, Republican, suggested that the President's Nov. 4 election broadcast contained a hint of third term plans.

Warren said the house investigating un-American activities greeted the campaign close with an inquiry into alleged Communist activities in the campaign. The committee has been rebuked by President Roosevelt for accepting testimony (Continued on Page 2, Column 4)

BOMB-BLAMED IN SHIP EXPLOSION

OAKLAND, Calif., Nov. 7 (U.P.)—District Attorney Earl Warren of Alameda county said today there was no doubt criminal action was involved in the explosion that blasted a five-foot hole in the hull of the T-10, a minesweeper, which sank in the San Francisco Bay.

Warren said his investigation over the week-end showed conclusively that the explosion, which killed four of the Vancouver's seaman in the engine room, came from outside the ship.

Warren's counsel-general Earl Manfred von Klinger charged the explosion was the work of saboteurs and said he suspected "anti-Nazi" agents were behind the blast. Warren discounted the theory of an accident caused by floating explosives, pointing out that the explosion occurred between seven and 10 feet below the ship's water line.

BRITISH BOMBERS SET NEW RECORD

PORT DARWIN, Australia, Nov. 7 (U.P.)—Three British air force bombing planes broke the world long distance flight record today.

The three planes, a Lockheed P-38, a Lockheed P-39 and a Lockheed P-40, left Darwin at 4:02 a. m. and 4:05 a. m. respectively and landed at 9:03 p. m. Sunday, after a flight of 7,302 miles in 20 hours and 57 minutes.

The planes were Vickers Wellington long distance bombers.

Browns Name Hanev Leader

ST. LOUIS, Nov. 7 (U.P.)—Fred Hart, former member of the United Mud Hens, today was elected to a one year term as manager of the St. Louis Browns in San Antonio, Calif., July 15, 1937.

Salary terms were not revealed. The new manager, who is 40, formerly played football with the Cardinals in 1920.

IDAHO'S CANDIDATES WIND UP TURBULENT CAMPAIGN

OVER 200,000 TO CAST VOTES AT POLLS TUESDAY

BOISE, Nov. 7 (UP)—Idaho's major political candidates today were in the act of winding up one of the most turbulent campaigns in the history of the state as 200,000 voters made ready to go to the polls tomorrow to decide whether the Democrats or Republicans—or possibly the Progressives—shall rule the state for the next two years.

A vote of 200,000—and there are predictions that it will reach 210,000—would be slightly more than that cast in the presidential election two years ago. At that time, the three major parties, Republican, Democratic and Union, drew a total official vote of 199,623.

First reports on registration indicated that the number signifying their intention to vote would be more than the registration for the presidential election. Intense interest in the state issue of so-called better government between the Republican and Democratic candidates for governor is said to be responsible for 199,623.

There was speculation as to the number of votes which will be commanded by the newly-formed Idaho Progressive party, an affiliate of the National Progressive party.

The Progressive take the part the Union party took two years ago. The Union party took in 7,864 votes, representing the "protest vote" against the major parties.

Ben Ross, Democratic gubernatorial candidate, and Bert Miller, Bourbon second district candidate, will speak at a rally at Gooding tonight and then will come to Boise.

Public Forum

REPLIES TO BLAST AT TOWNSEND PLAN

Editor, Evening Times: My attention has just been called to a letter by Saturday's Times signed by Evans Wood in which he states he has studied the Townsend plan since it first came out and fails to find one sound business principle in it.

Mr. Wood may have spent these several years studying the plan but if he has he should continue his studies until he has mastered the details before he attempts to advise the public as to his merits or demerits. For his benefit, or might I better put it, for the benefit of those who would be misled on the eve of an election, let me state just a few facts in regard to the Townsend plan as embodied in the general welfare act (H. R. 4103).

Mr. Townsend does not claim it would require any state action to put the plan into effect. It, H. R. 4103 calls for a two per cent transaction tax on all business and the proceeds to be used to pay the interest on the bill does it call for \$200 a month to each citizen and \$200 a month to each business.

The bill does not ask that any new money be issued so why should Mr. Wood worry about Uncle Sam's \$14,000,897,932 of buried gold?

Mr. Wood further says, "and don't forget that none escape the transaction tax." The former adds this burden as well as the more fortunate.

It would point out to Mr. Wood that the fact that "none escape the transaction tax," is one of the bills' strongest features. Under this form of taxation big business, the stock and grain gamblers will be compelled to pay their just share as well as the poor and when this revenue is forced into the state's treasury as it will be under the act, the sludgy or mother of those kiddies Mr. Wood is worrying about will soon find employment at decent and living wages and gladly pay their two per cent toward the general prosperity and the kiddies instead of wearing flannel clothes and sending a light-fitting belt to adjust their little bellies to the new reduced bill of fare, will soon know the comforts of proper living conditions with proper housing, warm clothing and the light-fitting belt can be thrown away forever and their little bellies be allowed to expand to their utmost.

The general welfare act (H. R. 4103) will accomplish this not only for Mr. Wood's friends but for little ones everywhere.

Progressives	1

Changes in Meat Cooking Will Be Told Housewives

Many long-established practices of meat cookery have been upset by latest scientific cooking experiments south central Idaho women will be shown here Wednesday at a meat demonstration planned for 1:30 p. m. at Radlinski.

All men and all individual central counties are invited, according to Miss Margaret Hill, district home demonstration agent.

There will be no admission price at the demonstration, Miss Hill said. Concerning the "upset" of old practices, Miss Elliott wrote to Miss Hill today:

"Broiling, which was thought to be essential in order to obtain a juicy, well-flavored roast, has gone into the discard because we find that if we place the roast correctly in the pan, with fat side up, the meat is as tender and juicy as any could be by hand."

"One advantage of the new ways is that they are easier than the old methods. Roasting now is so simple that a child can do it for it is mainly a question of keeping the oven at an even, low temperature until the proper cooking time, according to the size of the roast, is finished."

"Broiling, too, is much easier now that it is done at a lower temperature—that is, at a greater distance from the source of heat. There is no danger of burning the steaks or chops, and the oven and pans are easier to clean when there are no charred particles of meat."

"Cuts of meat which contain connective tissue are also cooked to delicious tenderness in new ways. These correct methods bring about a saving in money because there is less waste. None of the food is cooked away or burned. When the right methods are used for each cut, economy cuts can be used by the thrifty housewife to balance her food budget."

INDUSTRY MISHAP, TOTALS DECLINE

For the first time in the history of the state insurance fund, industrial mishaps "are showing a marked reduction over the preceding year," according to the report received in Twin Falls today from Paul Black, safety director of the fund.

Total of 746 claims of injury were filed for October, of which four showed fatal accidents during the month. The fatalities included one clerical worker, one outside salesman, one bridge carpenter and one logger.

"Slips and Falls" Slips and falls were the greatest cause of injury, Black said, and 621 fingers received the largest number of hurts.

Comparison of the first 10 months shows that this year there has been to date a reduction of 621 claims. There have been seven less fatalities.

Injuries by trades showed garages mechanics led with 60; miners 41; truck and transfer employees 35; restaurant workers 33. Combined farm and stock production and repairs caused 64 injuries.

Builders Lead Analysis of this year's better safety record, Black reported, showed the building trades leading with accident reduction ratio of 35 per cent over 1937.

Garage mechanics are about 20 per cent less and mining also shows high improvement.

IDAHO ENTRY AT BIG GRAIN SHOW

CHICAGO, Nov. 7 (Special)—Idaho's first entry for the 1938 international grain and hay show, to be held here Nov. 28 to Dec. 3 in connection with the international livestock exposition, was made last week by Lawrence Later, a Jefferson county grower.

He will exhibit samples of white spring wheat grown this year on his farm near Rigby.

The crops show will be held for the 20th time in connection with the livestock exposition which will mark its 39th annual renewal. Nearly a thousand cash prizes will be offered in the crops competition alone. Entries, which are accepted free of cost to the exhibitor, may be made until Nov. 10, the management announces.

SQUIRRELS IN HUFF

WILMINGTON, Del. (UP)—The board of fish and game commissioners has received reports of an epidemic of squirrel bites. Four persons were attacked by squirrels here during a 10-day period.

Clark Offers Full Backing On Bean Aid

Strong support for the Pomona Grange's request that south Idaho bean growers be given a federal loan had been pledged today by Rep. D. Worth Clark, Democratic nominee for senator.

In a wire from Boise, Clark informed Secretary Carl Leonard, "I will, on account of the effect the low bean prices are having on Idaho farmers, do everything within my power to obtain government commodity loans on beans."

World Aid Prices "This should aid materially in solving the price situation," the Pomona request, already sent to President Roosevelt, Secretary Henry A. Wallace and members of the national bean committee, was recently endorsed by the state Grange, the North Side Pomona and has been drawing heavy support from bean growers throughout south central Idaho.

Leonard said that the loan would bring an estimated \$2,000,000 to south central Idaho and about \$1,000,000 into Twin Falls county.

IDAHO WILL VOTE ON GAME SET-UP

BOISE, Nov. 7 (UP)—Idaho voters tomorrow will determine the fate of one ballot proposition—an initiative on changing the present one-man same department directorship to a five-man non-partisan commission.

Two other measures, constitutional amendments which would have enfranchised Indians and changed the time for installation of state officials, were dropped because the legislature failed to provide funds for their legal advertisement.

The game commission initiative, if passed, would provide a commission of five directors with staggered terms. The commission would be appointed by the governor and all subordinate employees would be placed under civil service. Experts would be hired to actively supervise work of the fish and game departments.

Sponsors of the initiative said it would "remove the game department from politics."

Funeral Services For E. E. Stafford

Funeral services for E. E. Stafford, 62, who died Saturday afternoon, were held yesterday at 2:30 p. m. at the Duke and Reynolds funeral home, Rev. L. Jack Pix, pastor of the United Brethren church officiating.

Miss Frances Graham and W. F. Graham sang "It is Well With My Soul," accompanied by Mrs. L. J. Pix and Mrs. Pix and Miss Vera.

MONEY AWAITS CLAIMANTS

OMAHA, Neb. (UP)—It is estimated that in Omaha banks there is \$7,000 "just lying around," waiting for someone to claim it. The money is in "dead" accounts. Some of the rightful owners have forgo in the money—others are no longer alive.

Clark Offers Full Backing On Bean Aid

Strong support for the Pomona Grange's request that south Idaho bean growers be given a federal loan had been pledged today by Rep. D. Worth Clark, Democratic nominee for senator.

In a wire from Boise, Clark informed Secretary Carl Leonard, "I will, on account of the effect the low bean prices are having on Idaho farmers, do everything within my power to obtain government commodity loans on beans."

World Aid Prices "This should aid materially in solving the price situation," the Pomona request, already sent to President Roosevelt, Secretary Henry A. Wallace and members of the national bean committee, was recently endorsed by the state Grange, the North Side Pomona and has been drawing heavy support from bean growers throughout south central Idaho.

Leonard said that the loan would bring an estimated \$2,000,000 to south central Idaho and about \$1,000,000 into Twin Falls county.

Funeral Services For E. E. Stafford

Funeral services for E. E. Stafford, 62, who died Saturday afternoon, were held yesterday at 2:30 p. m. at the Duke and Reynolds funeral home, Rev. L. Jack Pix, pastor of the United Brethren church officiating.

Miss Frances Graham and W. F. Graham sang "It is Well With My Soul," accompanied by Mrs. L. J. Pix and Mrs. Pix and Miss Vera.

MONEY AWAITS CLAIMANTS

The Ford Motor Company now offers FIVE QUALITY CARS

FORD **DE LUXE FORD** **MERCURY** **LINCOLN-ZEPHYR** **LINCOLN**

THE FORD V-8 is built to provide comfortable, dependable transportation at the lowest possible cost. It offers a choice of two V-type 8-cylinder engines—the famous 45-horsepower engine for better performance—or the thirty 60-horsepower engine for better economy. "99" owners regularly report 22 to 27 miles a gallon. The 1939 Ford is a handsome big car, inside and out. It has more room and an unusually large luggage compartment. It has big hydraulic brakes, built to steel Ford standards of safety and precision. There are three body types, three colors. Lower prices. **PRICES BEGIN AT \$584** (Delivered in Detroit—taxes extra)

THE DE LUXE FORD V-8 is designed for people who want the basic Ford advantages with a little more luxury and style. Its flowing lines for 1939 are more modern than ever. It is roomy and richly appointed. Like the Ford V-8, it embodies important improvements in comfort, as well as big hydraulic brakes. The smooth efficiency of its 45-horsepower V-type 8-cylinder engine has been proved by millions of owners. In appearance and performance, its complete line of equipment, the De Luxe Ford sets a new high for low-price cars. Five body types, six colors. Lower prices. **PRICES BEGIN AT \$684** (Delivered in Detroit—taxes extra)

THE MERCURY 8 is an entirely new car—and a new value. It takes its place between the De Luxe Ford and the Lincoln-Zephyr, promising in its price class the same satisfaction and pride of ownership. Skillful artistry and a wide, roomy body give the Mercury something of the character of the Lincoln-Zephyr. Rich interior appointments reflect its outward beauty. Advanced engineering makes it unusually quiet and comfortable. It has a big new 95-horsepower V-type 8-cylinder engine and hydraulic brakes. Choice of four body types, eight colors. **PRICES BEGIN AT \$894** (Delivered in Detroit—taxes extra)

THE LINCOLN-ZEPHYR V-12 is acknowledged to be the style leader of its era. It has turned modern automotive design in a new direction. Beneath the car's graceful streamlines, in closed type, is the first structure of its kind—the unit-body-antiratic. Steel panels are welded to a steel, transverse frame-work. Powering the Lincoln-Zephyr is the V-type 12-cylinder engine—giving outstanding performance with unusual economy. Owners report from 14 to 18 miles on a gallon of gasoline. Performance is brilliant. The 1939 car has hydraulic brakes. Six body types, eight colors. **PRICES BEGIN AT \$1326** (Delivered in Detroit—taxes extra)

THE LINCOLN V-12 "A nearly perfect motor car as it is possible to build." Such is the Lincoln. This magnificent automobile is created substantially in one of the world's famous precision plants, where the tradition is to build the best regardless of cost. The result is a car which provides luxurious transportation through the first and the second hundred thousand miles. The Lincoln V-type 12-cylinder engine is admired wherever motor cars are mentioned. There are many body types, including a wide range of designs by leading custom body builders. **PRICES BEGIN AT \$4800** (Delivered in Detroit—taxes extra)

The quality of Ford and Lincoln cars comes first from the fine materials that go into them—and the precision workmanship that produces them. But quality comes most of all from the fact that back of these cars is the only automobile plant of its kind—where production processes are controlled from iron ore to finished car—and savings passed along as extra value.

Typical of the quality in each car is its V-type engine—once found only in very expensive cars—and brought to all price fields only by Ford. V-type engines are compact and efficient. They deliver high power in proportion to their size—and smooth performance with unusual economy. They hold world's records on land, on sea and in the air.

Things are happening in the automotive world this year! Nowhere is the advance more marked than in the Ford Quality Group. It's sensible to see our dealers before you buy any car at any price.

The 1939 Ford, Mercury and Lincoln-Zephyr

UNION MOTOR CO.

VOTE FOR Floyd W. Neale

Republican Candidate for State Senator

NEALE FAVORS:

- 1.—The present location of U. S. 30 through the county, and will vote to have it widened and improved.
- 2.—Completion of U. S. 83 through the county, and removal of tolls from the Elm-to-Fin bridge.
- 3.—A bureauizing in the state highway department, with expenditures under control of the legislature.
- 4.—The non-partisan game commission plan which will be voted on at the Tuesday election.
- 5.—A civil service system for the state police department.

If elected, he will actually support this program. In addition to working for adequate appropriations for construction of farm-to-market roads wherever they are needed in the county. He believes Twin Falls should be getting its share of gasoline tax money by having a permit for 10 per cent of all tax funds being used in a few northern counties, as has been the case for the past 10 years.

Neale is the Type of Senator We Need (Paid for by Friends of Floyd W. Neale)

POT SHOTS WITH The Gentleman in the Third Row

ALAS, THE WORLD IS FULL OF MATERIALISTS!
HEY, POT SHOTS: I'm pretty worried about your sentimental desire to let the Pot Shots money on underdog football teams.

Snowball SMART BOY: Dear Folks: We've got a real young businessman over here in Bull—none of your Eveshine newspaper carrier boys.

Defense of Democracy While we are talking about defending American democracy against the rise of the totalitarian states, it would be a fine thing for us to spend a little time pondering over the federal court's ruling in regard to Mayor Hague's rule in Jersey City.

The court's ruling itself is familiar enough. So, unfortunately, is Mayor Hague's habit of bouncing out of town all speakers, organizers or leaders whose ideas don't happen to look American to him.

That something is little more than the idea that society can best protect itself by granting a hearing only to those people or organizations who say what the great majority wants to hear.

The thing to remember is, democracy dies at the bottom, not at the top. Pressure from outside is not one-tenth as dangerous as decay within.

As an individual, Hague is unimportant—just one more of the all-too-familiar municipal bosses of American political history.

Autos and High School Twenty-five of the most turbulent years of history have rolled away since automobiles first became common enough that many high school boys and girls could drive them.

These two problems may present an answer to each other. The schools of Toledo, O., will soon start regular instruction in automobile driving under the auspices of the Toledo Automobile Club.

An increase in cranberry prices is expected at Thanksgiving because of the damage caused in the cranberry bogs of New Jersey by the men from Mars.

SERIAL STORY MURDER TO MUSIC

BY RAND JONES
COPYRIGHT, 1933 NEA SERVICE, INC.
CAST OF CHARACTERS: THE DORMEY—Dormey, wife of the late Dr. Dormey, band leader.

CHAPTER XXVI
Dormey and Tall walked toward the tall, pale man. He had already spotted them, his eyes burning with an unnatural eagerness.

"Are you Mr. Weeks?" Feely asked.
"Who?" The man's voice was thick, curiously nervous.

"Mr. Tall is naturally interested in the song we select as the swing hit. In fact, he made arrangements with the firm to introduce it at the Golden Bowl."

"Oh, yes, I play. I am not a musician," he said. "I can play a few notes on the piano, but only what you call a simple piece."

Tall looked at Feely. "What can you do in the Golden Bowl and use the piano in there. You play, Mr. Weeks?"

"What you say is true," Tall said slowly, "we naturally want to do the right thing."

He said "I will play it for you, and then rectify the lyrics."

HISTORY Of Twin Falls City & County

As Gleaned from Files of The Times
15 YEARS AGO
NOV. 7, 1923
Engineer R. L. Barnes will be sent back to his old job as chief sanitary engineer for the state's part and a contract for the construction of road between the pavement at Hancock and the gravel road in Cassia county at the approximate cost of \$200,000 will be let about Jan. 10 and not later than Feb. 1, assuming bids offered to be satisfactory.

27 YEARS AGO
NOV. 7, 1911
A very enjoyable neighborhood gathering was held at the residence of Mrs. J. T. Emery, who gave a farewell party in honor of "Daddy" Smith, who left Nov. 1 for his home in Mason City, Ia., after spending the summer here.

The preliminary hearing of Baptiste, the colored man who is charged with cutting a Japanese into the face at the Sovereign Hotel some time ago, was held before Judge Smith the last of the week.

years, so badly disguised as to be not disguised at all. Tall looked at Feely, "I think you should try it." "Well, it would be well for Mr. Feely to have your song, but you'll get it straightened out." "Well, it's very good." He turned to Tall. "After all, Tall, you band has introduced it. What's your opinion?" "I think it has possibilities," Tall said. "But of course I want to hear others and make some comparison."

He followed Weeks for blocks, growing increasingly antonished to find that the man was leading not to the poorer part of town but to the section where were built the swankiest apartment hotels.

Behind the Scenes In Washington

By ROBBY DUTCHER (Evening Times Washington Correspondent)
WASHINGTON, Nov. 7.—In the most populous states Republican candidates usually are strongest in rural districts in the biggest states.

Senator McGUIR of Kansas is co-author of the present farm bill and probably wishes he was a Kansas farmer. McGUIR isn't a wheat farmer and wheat prices are very low.

SAFETY NET
Senator Fred Van Nuy is a safe bet in Indiana, although embarrassed by promises he made to expose graft in the McCutcheon-Townsend Democratic ticket.

Friends of Senator Augustino Lonergan in Connecticut, colorless non-New Deal Democrat, worry much to elect him.

Democrat senators generally expected to return are Bennett Clark of Missouri, Hiram Boren of Oklahoma and Carl Hayden of Arizona, plus the southern group.

Mooney's Attorneys Ask Supreme Court To Reverse Refusal
WASHINGTON, Nov. 7 (UP)—Attorneys for Thomas J. Mooney today had word from the supreme court to reverse its recent refusal to review his 22 year long fight for freedom and, in event of rejection of his plea, to state a reasons for refusing the review.

Although the dinosaurs varied greatly in many respects, they shared certain anatomical characteristics which place them all together in one great order.

SOCIETY

Acacia Dancing Club Opens Season with Event at Buhl

Inaugurating the third year of dances, the Acacia dancing club will entertain at the initial party of the year, Thursday evening, Nov. 10, at Buhl American Legion Memorial hall.

All members, their wives and women guests, and all Eastern Stars, their husbands and escorts are invited to attend. Dancing will begin at 9:30 o'clock.

Acacia has one of the largest dance memberships in this section of the state. Buhl, Piler, and Twin Falls residents being represented on the roster.

Scouring Masons and Eastern Stars are always given a cordial welcome at these dance events.

Arrangements are in charge of the officers of the club, Fred Latta, Buhl; president; Foster Gulley, Piler, treasurer; and Harold Hoover, Twin Falls, secretary.

At its past year, the dance will be semi-formal, the committee announces.

INVITATIONS
COMMITTEE NAMED
Red Knights, meeting yesterday afternoon at the home of Ira Carney, continued their annual Christmas dance in honor of alumni, to take place Dec. 23 at Radioland.

Harry Bennett, Don Toolson, Gordon Gardner and Albert Bennett were appointed on the committee to send invitations to alumni.

Gordon Gardner and Herbert Larson were designated to select a speaker for the next meeting.

Dean Brown conducted the business session. Fred P. Bates, sponsor, was present.

DEPARTMENT PRESENTING
PETER XT BIRTHDAY EVENT
Mrs. Clara Wirth, Gooding, Department President of the Ladies of the Grand Army of the Republic, was honored guest at a birthday luncheon arranged at the home of her daughter, Mrs. Hazel Gardner.

The event, attended by 12 guests, was held Friday afternoon, at 1 o'clock.

Luncheon was served from one large table attractive with a centerpiece of bronze and white chrysanthemums. Favors for the guests were in black and yellow. Numerous bouquets of chrysanthemums were placed about the rooms.

The honoree was presented with a number of attractive gifts. Each person present received a camera. Gifts of the four department officers of the Ladies of the G. A. R.

Cards were the diversion of the afternoon with scores prizes going to Mrs. Ida Sweet and Mrs. Martha Belle Tay.

Four Chapters Present At Delphin Assembly

Members of the Delphin societies of Twin Falls, Burley, Jerome and Wendell, numbering more than 40 guests, attended the Delphin Assembly luncheon Saturday afternoon at Mrs. Sybil Frazier's party house, 511 Second avenue west.

Mrs. R. A. Sutcliff, president of Zeta Phi, hostess chapter, gave a gracious address of welcome to the guests.

Invitation was accepted to hold a similar assembly next April, Burley and Rupert chapters to preside as hostesses for the occasion.

Lecture Recital
The fantasy drama, "Mrs. Moonlight," by Ben Levy, given a lecture recital by Mrs. Lloyd E. Oaks, was a highlight of the afternoon's program, received with exceptional enjoyment by the group.

The play concerns a woman whose desire to remain forever young becomes her ultimate tragedy.

Mrs. E. J. Skelton, a past president of Zeta Phi chapter, speaking with enthusiasm of the opportunities for widening mental horizons through Delphin, admonished her audience.

"Never let anyone lessen your enthusiasm for knowledge or dampen the spark of your ambition for self-improvement," she continued. "You cannot have contentment without satisfaction without appreciation, appreciation without understanding, or understanding without knowledge, any more than you can have knowledge without effort."

Concluding her talk on "What Delphin Has Meant to Me," Mrs. Skelton quoted an ancient proverb: "There are seven doors to Paradise. The first door is opened with prayer; the second by chance; the third with hard work; the fourth by kindness; the fifth by creating beauty; the sixth, self-sacrifice; and the seventh by searching for truth."

"Delphin alone cannot give you the seventh key, but it can direct and point the way to your pursuit of truth and knowledge," she remarked.

Mrs. Claude Brown, program chairman, introduced the numbers, including two folk songs by Mrs. Russell Potter, who played her own accompaniment.

Chrysanthemum Motif
The charmingly arranged luncheon was served at quartet tables, appointed in bright-hued pottery, and centered with bud vases of chrysanthemums.

Favors at each cover were single chrysanthemums in yellow, white or rose.

Mrs. Charles B. Beymer was chairman of the hostess committee, and Mrs. D. R. Churchill supervised the decorations.

President of the visiting chapters, Mrs. Weinburg, Wendell; Mrs. Burley, Burley; and Mrs. Beddie, Jerome, introduced their members, after Mrs. Sutcliff had presented the officers.

THANKSGIVING
THEME TO OBSERVE
Senior class of the first ward M. T. A. will attend the second of a series of parties Thursday evening at the home of Mr. and Mrs. Roland Whitehead, 1315 Ninth avenue east.

Mrs. Roberta Greenwell and Mrs. Golden Barlow are the committee on arrangements. The Thanksgiving theme will be employed throughout.

Harvest Festival Provides Many Gay Attractions

With the decorating and arranging of the numerous booths yesterday, arrangements were completed for the most ambitious Harvest Festival ever to be presented by St. Edward's parish. The event is being staged this year at the Odd Fellows hall, and will open at noon tomorrow.

Climaxing the event will be the dance, beginning at 10 o'clock and continuing until 1 o'clock. The public is invited to attend.

The apron booth effectively decorated in green and white, will be in charge of Mrs. Josephine Klein. Blue and gold forms the background for the baby work, with Mrs. Henry Powell presiding.

Numerous Booths
Novelties and dolls will be offered for sale in a pink and white setting, over which Mrs. Lyons Smith will preside. Replica of a parcel post window in local post office, the parcel post booth will be in charge of Mrs. Joe Huber.

A brown and gold motif, with a fringe of autumn leaves, provided the decoration for the country store, in charge of Mrs. Clarence Bulcher. Mrs. Archie Quenell and Mrs. Fred E. Dillon.

Waterfall, ducks and marine figures form the appropriate background for the fish pond, directed by Mrs. E. Dillon.

Resembling a tea room, with simulated white and blue curtains, is the corner devoted to the lunch counter, with Mrs. George Wallace in charge. All of the bazaar facilities are on the first floor.

A hilarious variety of fun will be offered in the evening, beginning at 8 o'clock. A beano game has already been set up on the lower floor, and this exciting diversion will be directed by Art Mingo and Harry O'Hanlon.

Real turtles will be poked and prodded and generally persuaded to show speed in the turtle race, a feature of the evening in charge of George Seidel.

Uplairs, a women's boxing match will take place at 10 o'clock. Herman Proles and L. Selten serving as managers for "Mandy" and "Linda." Mrs. George Seidel is in charge of the arrangements.

Six "bathing beauties" will parade in quest of judges' loving cups at 9:30 o'clock. Mrs. David Lopez to direct this attraction.

Glen Boren and his orchestra will play for the dance to follow. Election returns will be received throughout the evening, according to Mrs. Frank G. Kleffner, president of the Catholic Women's League, sponsor of the festival. The radio receiving set is being loaned for the evening by the Soden Electric company.

Eden Pair Reveals October Nuptials
KEDDY (Special)—The announcement of the marriage of Henry O. Jones and Eunice Martens, both of Eden, came as a surprise to their many friends here.

The couple was united in marriage at Caldwell Oct. 5 of this year.

Mrs. Jones is the daughter of Mr. and Mrs. Emil Martens, a graduate of the local high school. Mr. Jones is a farmer of this county.

Friday evening the young couple was honored with a miscellaneous shower by Mr. and Mrs. Rudolph Martens at their home near Twin Falls.

CRAFT-McCABE NUPITAL VOWS PLEDGED
Miss June Isabel McCabe became the bride of Arthur W. Craft Saturday afternoon. Rev. H. G. McCallister reading the ceremony at the Methodist Episcopal parsonage.

Mr. and Mrs. Bernie Hartley attended the couple. Mr. and Mrs. Craft will live in Twin Falls.

FRATT-TAYLOR MARRIAGE PERFORMED
Miss Florence Marie Taylor, Twin Falls, and Frederick S. Pratt, Declo, were married Saturday afternoon at the home of Mr. and Mrs. H. G. McCallister at the Methodist Episcopal parsonage.

The vows were exchanged at 1:30 o'clock. Mrs. Estella Taylor, mother of the bride, and Miss Lucille T. Oxley witnessing the ceremonies.

GIRLS BELIEVE WHITE CROSS WORK
Members of the World Wide Guild of the Baptist church, meeting Saturday afternoon at the home of Mrs. M. E. Shotwell, 205 Buchanan street, began an activity program of White Cross sewing.

Refreshments were served by Mrs. Shotwell, group sponsor.

Hostesses Give Nuptial Shower For Miss Uhlig

Miss Norine Uhlig, whose marriage to Elvin Brooks will be solemnized Saturday evening, Nov. 12, was honored guest at a smartly appointed nuptial shower last week-end. Hostesses at the event were Miss Dorothy Hollifield and Miss Thelma Hill.

The guests, all intimate friends of the honoree, assembled Friday evening at the apartment of Miss Hollifield, which had been decorated for the occasion with autumn flowers.

Games and Chinese checkers were played, and the latter divination received a variety of lovely gifts from the group.

Present in addition to the hostesses served a tray luncheon.

Mrs. James Rude, Mrs. Chester Diehl, Miss Margaret Brown, Miss Helen Canps, Miss Helen Ehlers, Miss Mildred Smith, Miss Edythe Denny.

Everywoman's Club Holds Card Festival
CASTLEBORO, Nov. 7 (Special)—The Everywoman's club held its annual benefit card party at the high school auditorium Tuesday evening.

Auction bridge and pinocle were played with high scores in bridge being won by Mrs. Margaret Klingert and Lucien Shields and high scores in pinocle by Mrs. Walter Techenman, Mrs. Ed Harding, Harry Levick, and John A. Brown. More than fifty people were present.

If all the beef cattle in the United States were in a procession, moving four abreast at a speed of four miles an hour, it would take them more than four months to pass a given point.

Miss Lucia Thrale, Miss Thelma Alastra, Miss Cecelia Schaeffer, Miss Dorothy Dunlap, Miss Doris Parsons and Miss Charlotte Rulihart.

COUPLE VISITS CALIFORNIA POINTS
Miss Violet Howe and Earl Anderson were united in marriage Saturday afternoon at the Methodist Episcopal parsonage. Rev. J. O. McCallister reading the ring ceremony.

Mr. and Mrs. Anderson left that afternoon for California on a brief wedding trip, and will be at home in Twin Falls.

OFFICERS ATTEND NO-HOST LUNCHEON
Officials of the Church of the Brethren and the teachers and officers of the Sunday school assembled yesterday afternoon at 12:30 o'clock for a luncheon at the church.

The luncheon was served no-host style, and the year's activities were outlined during the afternoon.

NOVELTY SHIRT CEREMONY PERFORMED
Miss Wanda E. Smart and Arthur A. Mowery, Twin Falls, were married at a morning ceremony Saturday.

Rev. Mark C. Cronenbergler read the ring ceremony at the Christian church parsonage.

IT'S A PRIVILEGE TO LIVE IN IDAHO

Plentiful Big game makes Idaho a HUNTERS' PARADISE!

and... Our ELECTRICITY is 33% CHEAPER than the National Average

When pioneer settlers came to southern Idaho, they found an abundance of big game. Deer, elk, cougar, bear, Rocky mountain sheep and goats were plentiful in mountains and valleys. Today, in central Idaho, these same species of big game are found in the Primitive Area. From the four corners of America, big game hunters come here to enjoy their sport in mountains of breath-taking beauty. Strictly modern, however, is the electric service people of southern Idaho enjoy. Dependable service is cheap—ONE THIRD CHEAPER on the lines of the Idaho Power Company than the average national farm and home rate. And people of southern Idaho use more electricity than most of their neighbors throughout the nation. It's a privilege to live in Idaho where ELECTRIC RATES ARE CHEAP!

EIGHT MAJOR FOOTBALL TEAMS UNDEFEATED

University of Oregon Webfeet Crush Idaho Vandals by Score of 19-6

Fall of California, Pittsburgh Heads Upsets of Week-End

NEW YORK, Nov. 7 (UP)—Eight major football teams were undefeated and untied today, and all of them are hereby advised to enjoy it while they can because the week-end schedule indicates somebody is going to get ambushed.

Football Results

Allowing for the fact that nobody is able to see all leading teams in one season, it would appear from the records and from reports of observers throughout the country that the undefeated teams are ranked this way: 1. Texas Christian, 2. Notre Dame, 3. Tennessee, 4. Duke, 5. Dartmouth, 6. Santa Clara, 7. Oklahoma, and 8. Iowa State.

Don't be Surprised! Don't be surprised if by next Saturday that list is scrambled out of all recognition because the schedule sends: Texas Christian against Texas, Iowa State against Stanford, Oregon against Michigan, and California against California.

Double Fall The top news of last week-end was the fall of Pittsburgh and California from the dizzy heights of Callifornia. There seems to have been a general feeling that the country that Pitt and California, two great, undefeated teams, were in for a licking last Saturday.

Tough Games Ahead Southern California has no time to rest worrying about the Rose Bowl, for it still has Washington, UCLA and Notre Dame to take care of in its regular season.

Jaycees Seek New Backer For Baseball Franchise Twin Falls Junior Chamber of Commerce representatives today were dickering with a half dozen outside interests in the plan to promote a franchise in the Pioneer professional baseball league.

DO YOU KNOW?

Answers to Art Krenz' "Do you know?" cartoon will be found at bottom of page

South Coaches Favor Elimination Of Point after Touchdown

By HENRY McLEMORE ATLANTA, Ga., Nov. 7 (UP)—The sports customer is always right. Right behind the eight ball, that is, because as a general rule, it is the last person to be taken into consideration by entrepreneurs of athletic spectacles.

Four Teams in Battle for Pro Grid Title

NEW YORK, Nov. 7 (UP)—The battle for the National Professional football championship appeared narrowed down today to four teams—Washington and New York in the east and Green Bay and Detroit in the west.

Baltimore Athlete Wins Marathon

NEW YORK, Nov. 7 (UP)—Pat Denig, Baltimore athlete, today won the 26.2-mile marathon championship today. Pat, 1955 athlete, outdistanced a field of 78 to score a half-mile victory over his nearest competitor in the 26-mile, 385-yard race through Rockville, Md.

Two Tie for First in Grid Contest

It may have been an easy week in the high school section of the weekly Idaho Evening Times Grid-contest, but those upsals in the national gridiron circles spelled doom to many an entrant in the regular contest for the past week, with the result that the batting average of the entrants wasn't quite up to par.

First place this week goes to Glenn Moon, box 188, Wendell, and Normal Eket, route 1, Bull, both of whom got all but five correct in the proper list of 22 games that were played. To each will be forwarded \$100 in cash, the prizes are given up to \$3 in each contest.

The only entrant to guess a tie game during the week was Mary E. Smith, 301 Third avenue north, Twin Falls, who predicted the Shoshone-Gooding dead-end.

Blades Named New Manager Of Cardinals

ST. LOUIS, Nov. 7 (UP)—The St. Louis Cardinals today rewarded Ray by electing him to the helm of the gas house gang. In naming Blades for the vacancy created by the resignation of Frank Frisch, President Sam Breadner said: "After carefully considering the many candidates for the position, I have concluded that the most capable man I could find."

Bowling Schedule

COMMERCIAL LEAGUE (Numbers at end of the show bowlers who receive points.) Monday, Nov. 7—Schlitz vs. Elks (8). Tuesday, Nov. 8—Studebaker vs. Zap (10). Wednesday, Nov. 9—Hudson Power vs. Reno Milk (8). Thursday, Nov. 10—Dell's vs. National Laundry (6).

Utah Stands at Top of Loop

SALT LAKE CITY, Nov. 7 (UP)—The University of Utah today stood head and shoulders above the rest of the Big Seven conference, as the school's record in the Utah State League was 11-0.

Star Webfoot Knap Injured As Oliver Club Chalks Up Win

By LOWELL DICK ZUEGHE, Ore., Nov. 7 (Special)—Oregon Webfoot stock skyrocketed as the Oregon machine smashed out a 19-6 win over the best Idaho Vandal team since 1928 before a disappointing, nameless crowd of only about 8,000.

Highlight of the cover was the 92-yard touchdown gallop of Smith, Oregon half, from the Oregon eight in the second frame. Robe stepped from the Oregon 23 out on the eight after interception of an Oregon heave and three unsuccessful tries on the ground. Smith took the ball on a slow-footed punt after the Oregon Idaho right tackle and behind perfect interference gained the Idaho secondary where he outran and outwitted the entire line to cross the goal line untouched. Jim Nicholson booted the only conversion.

Albion Outfit Upsets UISB By 12-7 Score

ALBION, Nov. 7 (Special)—It was a happy band of Albion Normal gridlers that returned home here Saturday night after handing the University of Idaho, southern branch, a 12-7 defeat at Pocatello Saturday. While Coach Orville Hull's team had its goal line crossed for the first time this season, the Panthers still retained their undefeated and untied standing—the only collegiate club in the state with such a record.

Top Middleweight

Idaho aporing: touchdown, K. Smith. In a scintillating scoring, Gebhardt 2, B. Smith. Points from try after touchdown, Nicholson 1 (sub for B. Smith) (Flaco kick). While the record was set by Price, (California), Umpire Mike Moran, (W. H. O.) Head Linesman; W. H. Higgins; and Stagg Field Judge, Percy Mitchell (Kentucky).

Answers to Art Krenz

1. Sneeks Dowd ran 210 yards to a touchdown for Lehigh against Lafayette. The halfback ran in the wrong direction, elicited the punter and staggered back the entire length of the field. 2. J. Press kicked 18 goals after touchdowns as Georgia's best punter in the country in 1917. 3. Willie Houston made 112 touchdowns for Michigan in 1911-12-4. a chief article of diet with Confederate soldiers was ramrod food, made by wrapping a corn meal paste around a ramrod and roasting over campfires. The balls were eaten during the war.

NEW ITALIAN TROOPS

New Italian Troops Reported in Spain
 BARCELONA, Nov. 7 (AP)—Julio Alvarez del Vayo, foreign minister, announced today that the government had learned in the last week of the presence of a new Italian contingent in Spain named the Green Arrow.

PERIL ASSERTED ON WATER RIGHT

H. C. Reinken, prominent Twin Falls water right and timber land candidate for state representative, today laid a statement in this section of the state, an issue in which he has been vitally interested.

CAMPAIGN ENDED IN U. S. ELECTION

Democracy ends this year probably will mark the impetus given the campaign by Mr. Roosevelt's personal activity in 1938. Some observers believe the President's general lack of success in the so-called "purge" directed against conservatives in scattered Democratic primaries indicated that he was less effective in behalf of others than in behalf of himself.

WPA OPERATES 24 COUNTY PROJECTS

Twenty-five WPA projects are operating in Twin Falls county at the present time, according to WPA office show. Employed on these projects, located throughout the county, are 728 men and women.

WARNING ISSUED ON SPUD DIGGING

With over 20 years experience of handling potatoes in Idaho behind him, J. C. Jacobson, now a resident of the Park Hotel in Twin Falls, this afternoon warned local farmers not to dig potatoes "too soon" after the recent freeze.

PARKS DIRECTOR RAPS WATER USE

WASHINGTON, Nov. 7 (AP)—Arno B. Cammerer, director of the national park system, today called for "backward movement" efforts to divert water from Yellowstone park for commercial irrigation purposes.

\$81,180 ALLOTTED COUNTY SCHOOLS

Apportionment of school funds totaling \$81,180 was released today by Mrs. Doris Stradley, county superintendent of public instruction. The funds consist of state and county current appropriations plus county delinquent tax collections.

FALL LAMB POOL

LOADS ON NOV. 10
 Because fat lamb prices are now on the up-grade, the first fall pool of fat lambs and fat wags will be loaded at Bull stockyards from 7 a. m. to noon Nov. 10 and at Twin Falls stockyards from 9 a. m. until 5 p. m. on that date. County Agent Harvey H. Hale announced.

Ross Defends Administrations "For the Common Man"

NOMINEE SHOWS TAX SLASH AND VALUATIONS CUT

Dividing his two-hour talk into three sections including taxation of the "famous" audit, and old age pensions, C. Ben Ross, Democratic candidate for governor, Saturday afternoon defended his three administrations during which he worked "for the common man."

Ross, with Bert W. Miller, candidate for congress, spoke at the high school auditorium before more than 800 persons. The rally followed a torchlight parade of the downtown section in which 50 automobiles participated and in which the Kimberly high school band was featured.

In discussing the tax situation of the state, Ross had Edward Babcock, county prosecutor, attorney, read from a paper which was prepared by the State Chamber of Commerce, and which Ross said they will bring carefully to the legislature after election.

The paper showed that in 1938 the assessed valuation of Idaho was \$74,142,000, a reduction of \$138,000,000 under Democratic administration. It also pointed out that in 1939 a reduction of \$2,924,688 to run the state while in 1938 the Democratic operated with collections amounting to \$2,924,688, a saving of approximately \$2,000,000. The paper further stated that it is a satisfaction to all citizens to know that the total debt in all counties under Democratic rule, has decreased from \$56,338,217 to approximately \$36,000,000.

Ross, while touring his first term, he sat on a board of equalization group composed mostly of Republicans and Democrats. He said the ad valorem tax is reduced. The result was a reduction of 25 per cent in taxes. He also stressed the fact that the state is not in debt. He said \$370,000 "in warrants just floating around and drawing interest. By taking up these warrants I saved the state \$1,000,000 in interest alone."

World Out Taxes More
"During what I termed as the 'famous' audit, Ross said the reason he was seeking another term of governor was "because I want to see the taxes of 1938 or some more and build you some more farm-to-market roads."

"Nobody ever said that Ben Ross was a tax collector. I ran the show, right or not. When I was governor I put aside \$100,000 a year to build and repair farm-to-market roads. When I was governor again I will put aside \$150,000 for that purpose, and I ask the auditors what they plan to do about it. Ross said emphatically.

Speaking of that part of the audit which deals with the alleged conversion of a road into Nevada, Ross-benefiting a mine which, Von Stemmer, highway director, and Ross were alleged to have stock in the Nevada Road.

"If the auditors had wanted the truth of the matter they would have only had to ask Stemmer and me. We never owned any stock in any mine and I defy them to prove that we did. Anyway, the road was built to serve Idaho and the road a letter from the Mountain Home Chamber of Commerce this letter shows that Mountain Home's business in the area of the road this road opened up, increased from 20 to 80 per cent and that the railroad business out of that area showed an increase of 24 per cent."

"Turning to the third and last point covered in his address, that of the pensioners, Ross said that the solution to the property of the United States is, the circulation of money. He advocated a pension set-up whereby every man and woman in the United States, 60 years and over and regardless of financial conditions, should receive \$100 a month. He said that all of this amount received would, under terms of such a law, have to be spent within 30 days.

THROUGH HONORS MRS. HARTWELL

WENDELL, Nov. 7 (Special)—A capacity crowd paid final tribute Saturday to Mrs. J. B. Hartwell, prominent citizen who died Thursday, a victim of uremic poisoning. Rites were held at the Methodist church here. Rev. Leroy Walker, Buhl, had charge of the services.

ROUMANIAN HERO IS NEARLY DEAD

BUCHAREST, Roumania, Nov. 7 (UP)—Capt. Alexander Papan, 32-year-old Rumanian air force pilot who fell in several attempts to fly from New York to Bucharest, was reported near death from exposure today.

Reporters found him lying frozen and unconscious on a desolate mountainside of the Obul range yesterday. His name was not determined how he got there.

Papan, son of a Rumanian general, came back to Bucharest from New York only to find that he was abandoning his latest attempt to fly across the Atlantic. His plane crashed at Miami, Oct. 19. Last July, Papan cracked up near Norfolk, Conn., while preparing for a long flight to Bucharest.

"And I want to say that under this plan the merchants would find their business increasing 26 per cent and the employees find their salaries increasing 15 to 20 per cent."

"You can probably reach a compromise as to what the Republicans are against," the speaker said, "but I doubt very much if you can reach any conclusion as to what they are against."

Other speakers included Harry W. Barry, Buhl, candidate for state senator; Mrs. Frankie K. Alworth, Dan J. Cavanagh and Frank L. Atkins, candidates for the state legislature.

LEGION SPEAKER HITS WAR PROFIT

Capt. R. E. Leighton, Twin Falls speaking before the congregation of the Kimberly Methodist church yesterday morning, urged the taking of steps to meet in observance of American educational week, sponsored by the American Legion.

In hitting at practices in the world war, Capt. Leighton said: "We will forever remember with scorn those who built fire trap barracks at 10 per cent plus cost, and added to the cost of living."

He continued on the theme of preparedness and deplored the amount of propaganda which makes it difficult for the layman to discern "how much we need for preparedness, or tell what we may be purchasing for some other purpose."

In continuing this theme he stated that the Legion do not object to preparedness necessary to defend America in the event of attack. In fact, we favor it. We are perfectly aware of the fact that there are now outlaw nations in the world. We are aware that if we are not prepared, these nations will likely attack.

They have already demonstrated that they have no scruples when it comes to attacking weak and unprepared nations. We are in favor of preparedness. I do not believe we are in favor of the preparedness which is in progress a few days ago in which it was stated that in order to properly prepare we might have to give up certain of our liberties. When we begin to surrender our liberties there is no longer any excuse for defending ourselves against anyone. To me all dictators look alike. I would as soon live under a foreign dictator as one we ourselves might set up.

"This nation was founded, primarily for the purpose of religious freedom for ourselves or for those who were oppressed. When we once start on the road of surrendering our liberties we are on a downhill road paved to dictatorship."

He then pointed out the individual responsibility to the community, state and nation. "I do not believe that those duties and those duties well performed and we will continue a great peace loving nation. Let us as individuals insist that we attend to our duties at home and keep out of outside quarrels. If we let our neighbor settle his own family quarrels we will save us untold expense in lives and sorrow. Remember that we now have religious freedom. If we start to surrender our liberties that will go with the rest. No longer will we be able to say that we want peace."

Rev. T. W. Bowman, pastor of the church, introduced Capt. Leighton. Special music and prayers at the services carried out the peace and preparedness theme.

DISTRICT P.-I. A. ELECTS OFFICERS

Mrs. W. G. Phoenix, Jerome, is president of the fourth district, Idaho Congress of Parents and Teachers, as the result of an election Saturday at Burley in connection with the district convention.

Mrs. Phoenix succeeds Mrs. T. M. Knight, Twin Falls. Named as vice president was Mrs. G. W. Erland, Twin Falls, and Mrs. James Personette, Twin Falls, was elected secretary.

Mrs. I. E. Joslyn, Twin Falls, state publicity chairman, cautioned the convention attendees against light of the purposes of the group, which are primarily the advancement of education and the promotion of child welfare.

Mrs. W. H. Walter, president of the local P.-I. A. council, led a panel discussion, assisted by eight local members. Mrs. Samuel Eakin, Jerome, urged the encouragement of creative talents within the ranks of all, as chairman of the committee on art.

Mrs. Evans and Mrs. H. H. Burkhardt, Twin Falls; Mrs. Geo. Sanders, Malta; Ernest Blauer, Supt. George E. Denman, and Mrs. Clara Garner, Burley, were other speakers.

The group passed a resolution favoring the establishment of a film library. The following is the talk on the subject by Mrs. W. P. Haney, visual education state chairman.

The bureau had intended to meet this morning but absence of several members on business trips brought the postponement until Wednesday.

Meanwhile, C. C. officials were completing the annual report which will be one feature of the Wednesday night, general membership meeting. That session is called for 7:30 p. m. Wednesday at the Park Hotel. Eight new directors will be installed Wednesday by the merchants' bureau of the Chamber of Commerce.

Decision on a possible November festival or other event to cooperate in the Junior Chamber's annual key derby, and action on the Christmas decorations for downtown Twin Falls, were delayed today until 10 a. m. Wednesday by the merchants' bureau of the Chamber of Commerce.

Alaskan Races To Bedside of Ailing Mother

CHICAGO, Nov. 7 (UP)—Henry L. Waller, 24-year-old Alaskan explorer, was at the bedside of his dying mother today after a hurried 5,000-mile journey by boat and airplane.

The young mother, Mrs. Alice Waller, 64, became ill with heart trouble two weeks ago and physicians said she probably would live only a short time. Mrs. Waller expressed a wish to see her son, who left Chicago for Alaska last spring, before she died.

Amateur radio operators contacted Waller at King Cove, Alaska, and told him of his mother's desire. Waller boarded a coast guard cutter last Monday and was rushed to Oakland, Calif., where he took an airplane to complete the journey.

When Waller arrived at his mother's bedside yesterday, Mrs. Waller's eyes shone with joy and she told him "I'm glad you're here, too. I believe I'll get well now."

MUSICAL EVENT CLIMAXES WEEK

KIMBERLY, Nov. 7 (Special)—A number of activities were held for Kimberly school children the past week climaxed with the presentation of the eighth grade opera, "Rip Van Winkle," Thursday afternoon and Friday evening.

The programs were opened with the showing of the marionette production, "Snow White and the Seven Dwarfs." Wednesday Chief Recumbent, grandson of the noted warrier Teumohi, gave a program of Indian lore and music.

The programs in the opera were: Rip Van Winkle, Elmer Greybeard; Dame Van Winkle, Camilla Freeston; Judith, Marjorie Stoltenberg; Young Rip, Billie Harding; Judith, twenty years later, Ruth Atelle Smith; Young Rip, the lineage of his father, John Ponley; Hendrick Hudson, Walter Will; Derrick Van Erasmel, Junior Howell; Nicholas Veroy, Walter Chandler; Will, Leroy Olmsted.

Sowing Record

MELBOURNE (UP)—A Victorian farmer thinks he may have set up a world sowing record. Working day and night with the aid of powerful headlights, for six days, he sowed 920 acres of wheat in 129 hours. He used a tractor, hauling a combine which sowed the grain, spread the fertilizer and covered the seed automatically.

CLEAR-CUT ISSUE, DEMOCRAT SAYS

Termining the decision facing Idaho voters Tuesday as a clear-cut choice between reactionary "stand-pat" politics and "outstanding liberal" trends, Paul E. Boyd, Buhl, president of the Twin Falls county Young Democratic club, praised efforts of Rep. D. Worth Clark on behalf of the Idaho farmer. He spoke at 5:45 p. m. Sunday over the local radio station.

Boyd sketched the record of Donald A. Callahan, Clark's G. O. P. opponent, and termed both Callahan and Henry Dworshak, Republican congressional nominee, as favoring "the same fundamental reactionary principles."

Discussing trade treaties, the speaker said that "a fair investigation of the results obtained from these treaties will disclose that this country has enjoyed the unique distinction of having a favorable balance of trade of \$3 exports to \$1 of imports."

Boyd cited Clark's promise of support for the requested federal bean loan, and his sponsorship of the move to probe the farm machine monopoly in an attempt to force down the price of farm machinery.

BE FAIR and PUT THE BLAME WHERE IT BELONGS!

Ben Ross, in the present campaign, gave us the first unequivocal, straight forward solution to the Toll Bridge problem. Ross pledged, if elected, that he would drive a bargain with the Bridge Company between his election and the time the legislature convenes — that he would lay the foundations for a new structure to be erected near the present site.

The state executed a contract with the Bridge Company and the claim was rejected by two members of the Board of Examiners. Neither Stemmer nor Ross was on this Board.

BEN ROSS IS PLEDGED— CAN WE ASK MORE?

Dan J. CAVANAGH

Democratic Candidate for STATE REPRESENTATIVE

If re-elected, I shall continue to fight for full recognition of all Twin Falls County's interests in our state government and to serve every part of our county to the best of my ability.

STOCKMEN POINT TO OPEN WINTER

SHOSHONE, Nov. 7 (Special)—The past few days appear to be living up to the prognostications of stockmen generally in that it will be an open winter, and that the rains will run right into winter. Since the rains the grass in the open spaces on the desert is green as during the spring time and stock can still ramble in the low hills. The springs that resumed their usual flow early in the year are still at it, and the circumstances prove of great value to stockmen who are sometimes required to drive a considerable distance to water.

Flood waters from Wood river and various streams emptying into Magie reservoir are still maintaining an excess of 500 acre feet a day, and other impounds are in the same excellent condition. Consequently livestock is getting along in fine shape.

In the Warm Springs area, above Kelchum, six inches of snow has fallen. Ducks and pheasants are not so numerous since the first of the week, and hunting has been considerably handicapped by the empty winds and cold.

BEE MEN CHART BOISE SESSIONS

SHOSHONE, Nov. 7 (Special)—Bee keepers of Idaho will assemble in Boise Friday and Saturday, Nov. 18 and 19, and a delegation of the honey producers to the extent of 100 is expected to attend the sessions. The program for the meet is being arranged and it is stated by President J. J. Lockie of Shoshone that as soon as the details are definitely decided the members will be informed. He is operating in conjunction with K. M. Matiball of Boise in the matter.

One of the features settled at this time is a demonstration under the supervision of Mrs. H. E. Keck of Paul in the uses of honey in cookery.

The president states that the past year has been a good one for the bee keepers as well as the honey producers of the state during the past year, notwithstanding the low prices prevalent in the western market.

Hunters Bag Elk In Selway Forest

SHOSHONE, Nov. 7 (Special)—Dr. J. E. Potter of Shoshone and W. Sinclair of Jarvis returned home the first of this week from a big game hunt in the Selway forest. It being an annual event with them. They brought home plenty of evidence of game, Potter having a fine deer and Sinclair securing a large bull elk. Contrary to his rule Potter did not bag an elk this year. Both stated that the game showing of the Selway area is not up to standard and hunting was a little better than usual.

Guides were about as numerous as deer, and it was noted by several returning from that section that the charge has been reduced for this year. Many sheep have been running in that part of the state, a condition that has materially mitigated against the game situation.

Most of the sheep appear to be from without the state.

Ward Wilson, Harry B. Gaulf, P. L. Stewart and Ed Ritenour spent the afternoon on the Selway, although few ducks were brought down by the shooters. It was claimed that hunters had too thoroughly cleaned up on the section and another storm will be necessary to drive the birds down from the north. Duck and pheasant shooting on the river and near Richfield was also described by other hunters as not of the best.

FILER ISSUES HONOR ROLLS

FILER, Nov. 7 (Special)—The rural high school honor-roll is as follows:

Freshmen—Marion Wright, Lola Walker, Verne Voyce, Raymond Anthony, Clifford Blatter, George Anthony, Melhorn Hammerquist and Bill Hawkins.

Sophomores—Jay Nicholson, Donald Ziegler, Juanita Weiman and Bill Roy Davis.

Juniors—None.

Seniors—Alvin Ebersole, Junior Thomas and Ilene Jones.

Filer grade school honor roll for the period was announced as follows:

Fourth grade—Janice Ramsey, Patricia DeWalt, Barbara Jean Chudwick, Ethelle Musgrave and Jeanne Bedford.

Fifth grade—Vernon Shunk, Edwin Kueck, Violet Kuntz, David Sutherland.

Sixth grade—Richard Johnson, Gerald Mota, Francis Barbert.

Seventh grade—Walter Thomas, Paul Hurless, Eleanor Johnson, Donald Travis, Ruth Harrison, Phyllis Allison, Robert Smith.

Eighth grade—Audrey Shank, Effing Allen, Richard Allen, Dale Haab, Duane Hurless.

Celebration

STURGIS, Mont., Nov. 7 (U.P.)—A riot that broke up a wedding party for Sam Nopsel and his bride left one guest dead and the house practically wrecked today.

John Balbut, one of the guests, fled from the celebration when the riot was at its height. Five others followed, hailed his car and beat him. He was stabbed in the stomach. He crawled two miles to his home and died.

Two guests started the fight but soon all the men had joined in, while the women and children fled in panic through doors and windows. The wedding gifts were destroyed. Cooking utensils, consisting of food were used as bullets. William Michaluk received three broken ribs.

Dispelling the Fog

BY CHARLES MICHESON
Director of Publicity, Democratic National Committee

Recent complaints by Representative Martin Dies of Texas that the administration would not help him in his enterprise of attacking the stigma of Communism to various Democratic candidates led me to wonder no matter what President Roosevelt does it is with a subtle and subversive purpose—according to his critics.

The president declared bluntly that the congressional investigation had been manipulated into a political expedient to compass, if possible, the defeat of conspicuous Democrats in the election. He based this statement on the circumstance that the sessions of the congressional committee were devoted to the "testimony" of some individuals who voiced the opinion that these Democratic candidates subscribed to the doctrines of the Russian Soviets.

One of the witnesses who brought the charge against Governor Murphy of Michigan was a Republican judge who found fault with the governor's delaying an order to the militia to check up some automobile strikers, until he could get the strike settled by negotiation—which he did in a few days. Another was a reporter on one of the Vandenberg newspapers.

Chairman Dies responded to the president's arraignment of the investigation as a political device by reciting that he had asked various governmental departments to supply him investigators, etc.

G-Men

New just suppose that the G-men had been turned over to Mr. Dies. And that government lawyers had sat at his elbow. What a yell would have come up at the president's intrusion into legislative functions. We would have had to listen again to the oft-told absurdity of the president's dictatorship, with trimmings referring to Stalin's O.G.P.U. and Hitler's Gestapo.

The assault on the candidates for California's governorship and for the senate was voiced by a man who professed to represent the veterans' organization of Georgia, and who was promptly repudiated by that body, but meanwhile the headlines in the newspapers all over the country had presented that Gilbert Olson and Sheridan Downey were Communists. The basis for this is that they have indicated that they favor a form of old-age pension of the same order as the Townsend plan, which is advocated, for example, by Republican congressman recently elected in Maine, and toward which Senator Henry Cabot Lodge has extended a friendly gesture.

Distortion

Things become hectic and distorted toward the end of a political campaign. Consequently we should not be surprised that Governor Olson and Dies sees an administration advance to domination of the air in the circumstance that a newspaper reporter invited and permitted to give an observer's view of the antics of the alleged investigation.

What happened was that I, as the

Democratic national committee's publicity man, arranged that broadcast. It was just part of the routine of my job. When Democratic candidates are assailed it is up to me to see that the attack is met, regardless of the source of the assault. Likewise, we find that because some stations declined to substitute Mr. Dies' broadcast for their scheduled programs, an administration plot was scented. These same stations cut out Reporter Anderson's speech also, if there is any process, administrative or otherwise, by which radio stations can be compelled to take or omit broadcasts, I never heard of it. In fact, I have known stations to cut off the president of the United States, with no more serious result than the protests of their radio listeners who had wanted to hear him.

The Plot Revealed

I assure the congressman that I was the villain and the sole villain in getting Paul Anderson on the air. Likewise, I apologize to my readers for making myself the subject of a discourse which should have been devoted to the issues of the campaign. The only reason that I do so is because of the prominence that has been given to the tempest in the teapot on the air and in the newspapers.

The incident is not of grave importance. In all probability, Governor Murphy will be reelected by at least as large a majority as he would have had had not the charge of Communism been dragged in. Michigan knows the governor for an able, intensely patriotic American of blameless life, religious habits, steady as a clock and no more sympathetic with Communism than Chief Justice Charles Evans Hughes, for example. He had the idea, which worked out perfectly, that a talk was a better process in an industrial quarrel than a battle, in which few strikers, until he could get the strike settled by negotiation—which he did in a few days. Another was a reporter on one of the Vandenberg newspapers.

Absurdities End

By the time this appears in the newspapers, the story of the 1938 election practically will have ended. The era of dictatorship and almost passed. There will, of course, be the last minute appeals, and it is not improbable we will be told excitedly that President Roosevelt has agreed to deed Vermont and Maine to Germany, or something equally preposterous, and that therefore it is indispensable that Republican congressmen should be elected.

Fortunately our people have been educated beyond the point when night revelations of the iniquities of the party in power get more than a yawn.

Wednesday morning we will arise, look at the newspapers, and learn that the senate and house of representatives are still two-thirds Democratic; that if there are any changes at all, they will not affect the course of legislation. The Dies committee will get down to serious business, and Chairman John Hamilton of the Republican national committee will be telling that the election of a republican congressmen some time means the eclipse of the New Deal and forecasts the election of a G. O. P. President in 1940.

King and Queen May Stay at White House, Says First Lady

By MILDRED RICH
(Treasurer, National Order of Women Legislators)

WASHINGTON, Nov. 7 (Special)—Mrs. Franklin D. Roosevelt, at her press conference here, was frank to say that if and when the king and queen of England come to Washington they will not only be entertained at the White House but that it is "her impression" that they will stay at the White House.

She stated that "if it would mean greater comfort for them" it is possible they would be housed elsewhere. Just what the procedure will be if the king and queen come will depend entirely on the state department's wishes in the matter.

Traveling Wardrobe

Mrs. Roosevelt discussed at quite some length the wardrobe she carried on her last lecture tour. She was away over two weeks and had with her only one bag and a brief case. She wore a suit and took only one hat. On her recent trip she tried out a new travel wardrobe which she found to be "very useful."

She took one evening dress which was a plain, non-crushable black velvet floor length foundation frock—over which can be worn a long sleeved jacket for a dinner dress. Or it can be transformed into two formal gowns by attaching a broadened girdle that drapes over the shoulders and down the back, lying in at the waist line, flowing on down into a train, thus making it a strictly formal gown. She has a white girdle and also a blue one—thus she has a three-in-one dress.

She also has an equally tricky day-time outfit, including a coat which can be slipped fore and aft, and the sleeves and lining that can be also slipped out and worn as a light weight coat. Or it can be slipped in and she has a coat heavy and warm enough for winter wear.

A New York dressmaker devised, designed and made the outfit which the First Lady designs is "pretty expensive." Mrs. Roosevelt also explained that she wears special shoes, made with an adjustable spring in the arch that supports the foot—these shoes also wear when standing long hours at receptions.

Clothes Closet

When asked her opinion about the low-cut housing plans, which include closets without doors, she said that even though they might be more economical certainly they would be "more hideous."

When asked how the president got along with only one closet for his wearing apparel she answered that the chief executive has a great fondness for wardrobes of the old fashioned kind which are now antique pieces of furniture.

Last week Mrs. Roosevelt took a flying trip to see her "far-away" children and her mother. She spent three days in Seattle with her daughter and son-in-law, Mr. and Mrs. John Boatman, and her grandchildren, Anna Eleanor and Curtis Dell. From Seattle she flew to Hollister,

Call, where she spent a day with her son and daughter-in-law, Mr. and Mrs. James Roosevelt, and from there she planned to fly on to Fort Worth, Tex., to visit the Elliott Roosevelt family. She will, however, be back in Hyde Park to meet the President Tuesday, in time to catch her vote.

Bund Would Change Government Style, Says Milwaukee Man

WASHINGTON, Nov. 7 (U.P.)—Herbald Hofmann, Milwaukee radio salesman and head of the Wisconsin federation of German-American societies, told the house committee investigating un-American activities today that George Frobose, German-American bird lover, urged him to join the Bund in efforts to "change the form of government" here.

Hofmann testified that Frobose promised "to make it worth while" to him if he would throw the weight of the German-American societies behind the Bund.

Hofmann, who estimated that 40 per cent of the citizens of Wisconsin are Americans of German descent, said that at least 90 per cent are opposed to the Bund and its tactics.

He said that Bund members wrote threatening letters to German-Americans who failed to agree with their aims.

MISSION RALLY ATTRACTS 100

RUPERT, Nov. 7 (Special)—The members of the local Baptist church were holed Thursday at an all-day mission rally of the middle district of Idaho Baptist churches.

About 100 souls were here from Burley, Bluff, Filer, Wendell, Jerome, Gooding, Shoshone, Halley, Twin Falls, Knoll and Maultoka. The meeting was devoted to business and reports with a devotional service including special music.

At noon a luncheon was served by the women of the Rupert church, Miss Elma Thorpe, missionary to Japan for many years, but now home on furlough, was the main speaker. She told of the work carried on there by the Baptist missionary board.

Mrs. W. J. Agre of Bole, head of the state missionary organization, was also a speaker and told of the state work and suggested goals for the local society.

Mrs. Earl Berg, Bluff, delegate to the national convention of Baptist churches held recently in Chicago, gave a report of the proceedings of that assembly.

Some species of mosquitoes only attack birds.

In low and second gear Super Shell makes up to 3 times as many revolutions as in high—uses 3 times as much gasoline

Today's stop-and-go driving is a real speedometer! With Super Shell you can get only one mile, your engine may go one equivalent of two miles.

The number of extra revolutions your engine makes depends on how many times you stop and start—how much of your driving is in low and second gear. While you can't avoid the annoyance of stop-and-go driving, you can do something about its high cost.

Shell engineers have found that getting away from an average traffic stop actually can waste enough "undigested" gasoline to carry you one-third of a mile.

To cut this costly waste, they rearranged the chemical structure of gasoline. They make every drop of Super Shell "motor digestible"—every drop usable in stop-and-go driving.

A Shell dealer is near you. Use Super Shell regularly and savings count up.

SUPER-SHELL

SAVES ON STOP AND GO

1939 DESOTO ON EXHIBITION HERE

New streamline styling and other attractive features mark the 1939 De Soto motor cars now on display at the Balch Motor company, it was announced this afternoon by Harry Balch.

The 1939 De Soto presents a 63 horsepower motor, and at slight extra cost the De Soto perfected overdrive is offered to add even longer life and smoothness to that power. The new handy shift, which eliminates old-style gear shift rods, is mounted on the steering post.

New full-view windshield across the top trend to more safety, and although the windshield is higher and wider, the constant-speed electric windshield wipers clear two-thirds of the entire surface.

Streamlined luggage locker eliminates the protruding trunk and provides 25 cubic feet of baggage space. Safety-signal speedometers, larger safety-steel bodies, new Durastone finish, non-slam doors are additional features.

CLEVELAND JUDGE CARVES VIOLINS

CLEVELAND, O. (AP)—Judge M. J. Walker, of suburban Lakewood's municipal court, makes violins when he is not sitting on the bench.

"You'll find get blisters pursuing the kind of a hobby I have, but it's worth the while and I'm turning out better fiddles as I go along," the judge said.

"I chose law as a career because my father advised me to do so, violin-making is my favorite other occupation though."

"He said that my father taught him how to construct violins. He learned the rest of his hobby from books. By 1923 Judge Walker was turning out violins at the rate of five a year."

"It takes me about six weeks to make one violin, but longer for a viola or cello."

"I'm using for the sides and backs of my violins and spruce for the tops. The last shipment of wood I used was from a tree cut near outside of Lakewood."

"I have had some examples of his handiwork scattered throughout the living room, upon 10 violins and a viola. Two others lean against the wall, one is covered with violin patterns, as is the basement workbench."

Judge Walker said that it was his father, Judge Logan, who showed him how to make his own violin and put the proper tone in his violins.

"I've sold five of my violins. I give one of them to my friends and relatives," he said.

CASTLEFORD

Mr. and Mrs. Paul Spencer and Mrs. Edna Spencer are moving to the new home they will make their home.

Mr. and Mrs. Doyle Spencer of Twin Falls are moving to the new home they will make their home.

Mr. and Mrs. William Vogel and Mrs. Edna Vogel are moving to the new home they will make their home.

Mr. and Mrs. Fred Ringert and Mrs. Edna Ringert are moving to the new home they will make their home.

Mr. and Mrs. Walter Reese, of the home of Mrs. Ray Smith, four tables of contract were in play with high scores being won by Mrs. Leo Peterson and Mrs. Chester McClain and low by Mrs. Bob Thomas. Guests were Mrs. Charles Shorthouse and Mrs. Doreen Phillips. Card, bridge and bridge.

Miss Dorothy left Monday for her home in Missouri after spending several months here.

Sam Shrum has sold his home to Jasper Griggs who will soon take possession. The Shrum's are returning to Arkansas.

Methodist Ladies Aid society met Thursday at the home of Mrs. E. A. Kinyon with Mrs. G. M. Pilon and Mrs. Paul Thomas as guest hostesses. Mrs. Ray Cager was chairman of the Bible study. Jack Thomas sang two solos, "My Dream Girl" and "Melancholy Love" accompanied by Mrs. Karleth Davis. Mrs. Karleth Davis played a piano solo. Plans were made for an annual bazaar to be held Thursday, Dec. 1.

Mrs. Doyle Webb accompanied her nephew, Mr. Alfred of Twin Falls, to Marble, Ark. where she will visit relatives.

Fred Wheeler bought three lots in the southeast part of Castleford from Fred Huber.

Miss Marilyn Heller entertained with a dinner party at her home. It was the birthday of Miss Mary, formerly of Castleford.

Nightmare Keeps Him Awake, Too

Looking as if he had been through a night of terror himself, Orson Welles, 33-year-old producer of the "War of the Worlds" radio broadcast that precipitated widespread hysteria, bewitched that terror over the affair. The candid camera pictures him above as he appeared, needing a shave and with eyes strained and red-rimmed after a sleepless night analyzing the broadcast. Of the radio production of the "War of the Worlds" he said: "If I had to do it again, I wouldn't do it again."

Revised List Issued For Election Judges

With registration lists now definitely closed, and with thousands of Twin Falls county residents ready to march to the polls in 26 precincts Tuesday, the revised list of election judges was announced today at offices of County Auditor Lucille Hampton, Hazel Bertha, Edith Anderson.

Twin Falls No. 2—T. Reat, Bertha Noel, B. F. McPherson, Eleanor J. Keeler, G. W. Shrout, Lillian W. Graves.

Twin Falls No. 3—Loran B. Jennings, Mrs. J. E. Gillespie, Mrs. Kenyon Green, Grace S. Seaver, Mrs. E. F. Brown, Katherine Kirkman.

Twin Falls No. 4—Zora W. Elder, Edgar H. Olmstead, Ruth Gamble, Elsie Kirman, Jacob P. Arrington, Stella W. Evans.

Twin Falls No. 5—Mrs. Nora Farrington, Mrs. Chase Anderson, Alan P. Senior, G. Dickerson, Robert J. Halter, Mrs. Bertha Calvert.

Twin Falls No. 6—Mrs. Ella Cameron, O. H. Coleman, Alan P. Senior, G. Dickerson, Robert J. Halter, Mrs. Bertha Calvert.

Twin Falls No. 7—L. B. Sullivan, Ronald L. Graves, Pearl R. Morley, David H. Hull, Dorothy Reynolds, Irene P. Sinsma.

IDAHO PRODUCTS FEATURE DINNER

JEROME, Nov. 7 (Special)—Seventy-five members and guests of the Canyonville Grange enjoyed an Idaho Products dinner at the Grange Hall Thursday evening.

Later a program in charge of Mrs. Lillian Peterson was presented and included group singing of "The Beautiful" with accompaniment by Mrs. William Meiler, Mrs. A. P. Peterson and two instrumental soloists, one a Negro dialect and the other an Irish selection. Master Frank Peterson read a paper on the orange organization followed by a vocal selection by Miss Elsie Melin, with accompaniment by Miss Thelma Thiner, H. B. Blockton offered a talk on the constitution.

Two readings were given by George Chantam followed by a song by Mrs. Lillian Peterson and Mrs. Mary Mann.

Estate Executor Seeks Collection

Asking judgment for collection on two notes executed in favor of Sirio Volpi, late local resident, the Twin Falls Bank and Trust company—executor for Mr. Volpi's estate—has filed district court civil suit against H. W. Lammer.

Mrs. Edna Reese, Mrs. John Reese, Thomas—V. E. Morgan, Mrs. Romaine Cappel, R. K. Anderson, Claude Brown, A. P. Rouch, R. K. Alexander.

Twin Falls Precincts
Twin Falls No. 1—Ethel Tovan, Doreen Goertson, Louisa B. Wight.

To The Voting Public... PHYSICIAN for CORONER

A new theory has come to pass regarding the qualifications of a coroner. In the counties of this state the position has nearly always been filled by a licensed undertaker, apparently because it was a custom.

In many sections it is recognized that the most competent occupant of this office is a physician. There are several reasons for this, first among which is the fact that the real problems of a coroner consist in determining causes of death, and that nearly always the opinion of doctors must finally be relied upon in such matters. Then again, there is always the possibility that a coroner, who is also an undertaker, might commercialize his trust to the detriment of his fellow practitioners, much more readily and would, perhaps, be the case if a qualified person were in charge of the cases, permitting the undertaking and funeral duties to be a separate and distinct matter.

The idea has merit and might well be given your consideration. It is up to the voters to correct this condition in the counties in which it exists in the coming election.

ITALY BECOMES ACCORDION LAND

ROME (AP)—Italy, which centuries ago established an enviable reputation as a manufacturer of violins and other musical instruments, today is the leading producer of accordions.

During 1937, Italy exported 73,927 such instruments for a total value of more than \$2,500,000. This represents an increase of 266 per cent over the 1931-33 average and 153 per cent over 1934, when 29,222 were exported.

Exports represent 85 per cent of the entire Italian industry. This also explains the huge increase in production in the last few years.

Little Consequences

As long as the industry depended on home consumption, production was of little consequence. As soon as it found new outlets, the demand increased. Consequently the local industry had to increase its productive capacity to meet the largest export demand.

The Italian accordion industry engages some 4,500 workers, distributed among 70 business firms and a like number of craftsmen's workshops. It is carried on almost exclusively in the Marches and in the provinces of Pavia and Verceil.

It was in the Marches that this musical instrument was first created. The precise date is not known but it appears that toward the second half of the last century, some peasants produced the first workshop for the production of accordions at Recanati.

Two Varieties

The accordions made in Italy are of two main varieties. Those with a keyboard, similar to that of a piano, and those with a chromatic scale, with knobs. The former are mostly in demand in the United States, Great Britain, Canada and Australia. The latter instead are preferred in France, Belgium, Holland and in other Continental countries.

The manufacture of accordions falls into two divisions. One specializes in making the instrument themselves and the other in making the "free reeds," consisting of little metal plates on which a steel tongue is fixed. When made to vibrate by the wind furnished through the bellows, it produces the note.

BURLEY

Mrs. K. P. Shusser was hostess Wednesday afternoon to members of the Pan Felt Kiwanis club at three tables of bridge. Guests were Mrs. S. H. Kunaui, Mrs. A. Roy Dawson, and Mrs. W. A. Shear. Mr. and Mrs. R. H. Weisel are to be hosts and hostesses at a dinner party November 17.

Cotton, tin cans, molasses, aluminum, iron, rubber, and a mixture of surface oil are used in the process of making a foundation for highways.

Legion Battles "Red" Wave

South central Idaho American Legion posts were taking part today in the state membership drive, and officials of the Twin Falls post pointed to article No. 1 from the program to the constitution of the Legion as the basis for the Legion's drive to uphold Americanism.

Idaho, if Unhindered, Could be One of Chief Beet Producers—Elcock

Taking exception to statements made by H. H. Stafford, state executive officer of the AAA, that tentative beet acreage allotments for 1939 are actually 14 per cent higher than the average five-year planted acreage for 1934-38, H. A. Elcock, Idaho manager of the Amalgamated Sugar company said here today that Idaho, if unhindered, could become one of the leading sugar states.

"It is true that the new quotas recently allotted by the AAA are higher than the average five-year average of beets grown in Idaho. When Mr. Stafford made this statement in his recent newspaper release his figures were correct."

"However, it has only been since 1935 that the curley top resistant seed has been used in the state of Idaho, and it has taken the past four years for the farmers to convince themselves that the curley top resistant beet developed by the U. S. department of agriculture, will withstand the onslaughts of white fly."

Yield at Top

"This can be best brought out by the per acre yield for 1938. The average per acre yield for the Twin Falls tract this year will be in excess of 15 tons, the highest ever produced here. Yet strips of Old Type non-resistant seeds planted throughout the tract were total failures, the highest tonnage being one and one-half per acre."

"The growers of Idaho now feel that the sugar beet is a sure crop and because of low prices of surplus commodities, they should not be penalized by even a small reduction."

"The reduction in the Twin Falls, Burley and Rupert areas amounts to approximately 1,811 acres under the 1938 planting. It is time that the strictly Idaho district proposed acreage allotment for 1939 is practically the same as the 1938 figure. However the reduction does amount to 2,711 acres which is a considerable cut for the old, established areas to absorb."

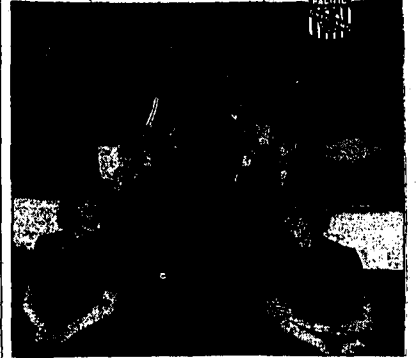

Nyasa Problem

"The Nyasa area of the Idaho district is a problem in itself in that it is a new area in which the curley top seed has been so successful that the area is now headed for one of the most efficient sugar producing areas in the United States."

"If no restrictions were placed on beet production in Idaho in 1939 it is not out of the question that 22,000 acres more would be planted next year than were planted this year. After the past three years of the efficiency of the U. S. department of agriculture beet seed, Idaho can become one of the leading sugar beet states if no restrictions are placed," Elcock said.

THE MOUNTAIN STATE TELEPHONE AND TELEGRAPH COMPANY

EVENING TIMES SHARES IN WIDE ELECTION COVERAGE

COMPLETE, FAST SERVICE MAPPED BY UNITED PRESS

NEW YORK, Nov. 7 (U.P.)—The vanguard of United Press political experts began arriving in New York today to coordinate coverage of Tuesday's general election for more than 1,400 member newspapers.

Those 1,400 papers include the Idaho Evening Times, Twin Falls, Ida. and other newspapers in the Gem state.

Months of preparatory surveys and tabulation of the men and issues at stake this year were an essential preliminary to a streamlined election coverage which for complete and accurate determination will reach each of the 124,279 voting precincts in this country.

The men who regularly cover the political runs and write the political news of a nation from Washington will handle the leads from New York.

Chief Writers Lead

Lyle C. Wilson, Washington bureau chief, will write the general leads for afternoon papers, and Arthur P. DeGreve, Washington political writer, will write the main leads for morning papers.

United Press staff men who cover congress and who are intimately acquainted with the candidates and familiar with issues now before the voters, will write the supplementary stories and report how the New Deal-Democratic, Republican and minor parties fare in national and major state contests.

These men will be working from master tables set up in the general offices here. The tables cover results of past elections, political alignments in the states and nationally, and the positions of candidates on questions of the day. From them, as returns are completed, will be drawn the composite results of the nation's election day decisions.

Coast to Coast

In 60 bureaus covering the nation from coast to coast similar charts have been set up to tabulate state returns.

These returns will be carried across the nation on a special electric trunk election wire system in addition to the regular facilities of the night service. In addition many special election wires are being set up all over the country to carry national and regional returns.

Every candidate for congress and every candidate for governor who is willing to take a stand on major issues of the day has informed the United Press of his views.

When the votes are in, the tabulated expressions of opinion will provide significant information. For instance, many of Tuesday's winners were willing to say in advance whether they favored a third term for President Roosevelt; would they amend the Wagner act; are old age pensions too high—too low?

Buhl Girl Has Role In College Drama

BUHL, Nov. 7 (Special)—Miss Edna Lehman, daughter of Mr. and Mrs. Henry Lehman of Buhl, according to word received this week, has been given an important part in "Ladies of the Jury," a play being sponsored by the Linfield College chapter of Alpha Phi Omega, national dramatic society. Edna has been cast as the defendant in the case, accused of murdering her husband.

Mangrove trees do not scatter seeds as do most trees. Such seeds would be swept away by water which covers the roots at high tide. The young plants are developed on the tree, instead, and then fall like apples into the mud below.

Mystery Matches

Like a scene from a movie thriller was the plot administered secret agents exchanging code messages painted by Eleanor C. Boehme, above, witness in the trial of alleged German spies in New York federal court. She told of visiting Kate, Moog Busch, another witness, who, on their first meeting, slipped into her palm as they shook hands, a book of matches. Examining it later, she said, she found the match covered with writing in code.

Southern Idaho, Inc., Meets November 21

BURLEY, Nov. 7 (Special)—Southern Idaho, Inc., an organization of the various Chambers of Commerce in southern Idaho, will hold a regular monthly meeting here on Monday evening, Nov. 21.

Jurley Chamber of Commerce is a member of the organization, and J. H. Harris is vice president. The meeting will be held at the National hotel and dinner will be served at 7 o'clock with business sessions following.

Called Myth

OTTAWA, Ont. (U.P.)—The theory that was improved the qualities of the human race and made men stronger and harder is a myth, according to Raymond Tulpin, noted French biologist and authority on heredity, who recently spoke here.

Approximately 1,235,000 passengers travel on British railways annually.

SHOSHONE PLANS ON STREET SIGNS

SHOSHONE, Nov. 7 (Special)—While routine business occupied the attention of the village council at the meeting last week, and good reports of progress on the curbing work were received, other matters of interest were presented the solutions.

The village is to step up the street signpost standard, and all thoroughfares will be properly labeled that the native may know. Many of them don't. This was brought about by a delegation from the Lions club appearing before the board with the proposition that the board would furnish the signs and posts if the town would provide the holes and the installation. The board accepted the plan, and the improvement will soon be under way, in conjunction with curbing operations. Few of the streets are known even to residents, and numbering of houses will doubtless be the next move.

ACEQUIA

Bill Anderson, Oakland, Calif., has returned to visit his father, J. P. Anderson, and with Mr. and Mrs. J. B. Hurd and sons, Kenneth Rockford and Vernus Culley have gone to Bluer Creek, Wyo., to visit Mr. Rockford's mother, Mrs. Arthur Robinson.

The marriage of Delbert Parker and Miss Elizabeth Seal, Oct. 26, at American Falls has been announced by her parents, Mr. and Mrs. B. M. Seal. Mrs. Parker graduated from the Rupert high school in 1938. The bridegroom is the son of Mr. and Mrs. D. P. Parker and is a graduate of UISE.

Mr. and Mrs. Carl Cannon, Stone, announce the birth of a son at the home of her parents, Mr. and Mrs. J. W. McAllister, Oct. 30.

Mr. and Mrs. E. B. Auten have gone to Mt. Vernon, Ill., to visit her mother and other relatives. They accompanied Mr. and Mrs. Kenneth Hill.

Long hair for men and short hair for women was the style in southwestern America 2000 years ago. Women's hair was cut and made into string.

OFFICERS NAMED BY CHURCH UNIT

FILER, Nov. 7 (Special)—Election of officers for the Old Faithful Sunday School class was as follows: Miss Barbara Beem, president; Miss Elnor Jamerson, vice president; Miss Irma Kistler, secretary; Alvin Ebersole, membership chairman; Miss Flossie Beer, social chairman.

Mrs. E. D. Vincent, teacher, entertained the 13 members at a party at her home Thursday night. Games appropriate to Halloween were played. Two new members, Mr. and Mrs. Elwood McCauley, were also honored new members to the class.

It was decided to have a meeting or party once a month during the winter months and each member bring a game Sunday to be sent to the Children's home in Boise.

Later in the evening the hostess served a two course supper. It was also announced that the class is to furnish the program for an all church night, in January and the class will also sing Christmas carols on Christmas eve this year.

HIGH YIELD

BUHL, Nov. 7 (Special)—A two acre field of potatoes, planted, cultivated, and harvested by Hugh Law, a junior in the Buhl high school, yielded more than 400 sacks per acre. The potatoes are of a good quality. Hugh is a member of the F. F. A. and raised the potatoes as a project of agriculture on his father's farm in the Cedar Draw district.

Farms Program Offered by FFA

A home farm program was presented Saturday as a radio attraction by members of the Future Farmer club of the Twin Falls high school. A number of talks, skits and musical numbers were presented.

Those appearing on the program were: Jack Farr, accordion; Herbert Ronck, flute; Otis Ellis, harmonica; Irvin Ehlers, Gerald McBride and Dean Sannter, a skit, "Get Rich Quicker."

Dean Sannter read, "The Farmers II"; Gerald McBride spoke on "The Long Time Plan," and Irvin Ehlers discussed "FFA Objectives."

SHOSHONE

Walter Spruck has moved from the ranch at King Hill and will again take up his residence in Shoshone.

Warren Rhodes, an itinerant, was taken into custody several days ago, and Wednesday was committed to the Blackfoot infirmary for investigation and treatment. He was committed by Judge Howard Adams of the probate court.

Miss Grace Pease, candidate for county treasurer, entertained at her home Sunday several state candidates and constituents, the dinner being under the auspices of the Women's Democratic club.

Camp Fire Program
SHOSHONE, Nov. 7 (Special)—An event of interest was staged last Wednesday night at the Lincoln school auditorium when the Shoshone Camp Fire Girls presented a program in honor of the parents, and a considerable crowd enjoyed the event.

The evening was largely spent with games and the function was in charge of Mrs. Chas. Hansen and Mrs. Biggs, sponsors for the local organization.

THE OLD GUARD ATTEMPTS COMEBACK!

DO YOU WANT THEM AGAIN IN CONTROL?

They left us with a TOLL BRIDGE They accumulated a six million dollar debt

Handed registered warrants to the school teachers

Their heritage was the worst depression in the history of America. They criticize and find fault but offer no remedy or solution!

On The Other Hand

- Democratic administrations built 3,000 miles of pavement and took you out of the mud.
- State taxes were reduced one-third; local taxes one-fourth. Examine 1929 and 1936 tax receipts before and end of Ross administrations.
- State aid put our school systems on a cash basis.
- Ross saved thousands of farms and homes from mortgage foreclosure; waived and cancelled interest and penalties on delinquent taxes; re-conveyed property that had gone to Tax Deed during Republican Depression.
- Saved Bean Growers hundreds of thousands of dollars by placing cleaning and storage under Public Utilities Commission.
- Devised legislation to equalize taxes by making Wall Street interests shoulder just share of the cost of government.

BIG GAIN NOTED IN MEAT EATING

KANSAS CITY, Mo. (UP)—During the first eight months of 1938 Americans ate 125,000,000 more pounds of meat than they consumed during the same period of 1937.

Pollock, who is from Chicago, made the announcement while in Kansas City attending the American Royal Livestock show.

"The total amount consumed during the first eight months of 1938 was 1,629,000,000 pounds, which is 125,000,000 pounds ahead of the first eight months of 1937."

During the first eight months of 1938 there were 44,000 more calves, hogs and sheep were slaughtered under federal inspection.

TURKEY CURVES TO BE STYLISH

ESTATE COLLEGE, Pa. (UP)—The 1938 turkey must be "shapely"—with curves where the curves should be—to demand top prices during the holiday season.

"Good conformation is conducive to heavy meating and better distribution of the more desirable birds for breeding."

According to recent experiments conducted in the agricultural division of the college, a 16-pound six-month-old turkey must have a shank length of less than 7.1 inches.

The breeder must give particular attention to conformation and uniformity in the selection of his breeding stock if he is to have a uniform flock of birds with good figures in place on the market, according to Kauffman.

NAZI FILM HEAD HERE FOR VISIT

NEW YORK, Nov. 7 (AP)—Lena Riefenstahl, German film executive and reported to be a friend of Adolf Hitler, appeared unconcerned today by a protest against her presence here sent to the labor department by Rep. Andrew L. Summers, Brooklyn Democrat.

Summers, observing that newspaper reports stated Riefenstahl was en route here for propaganda purposes, asked Secretary of Labor Perkins to prevent her from disseminating any alien material.

Riefenstahl again denied that she knew the German dictator any better than thousands of persons in the Reich. She said she was here for a vacation.

FILED

Miss Georgia Lou Erhardt entertained with gay Halloween party for 10 girls and boys at her home on Monday evening. Halloween games were enjoyed and an outdoor dinner and marshmallow toast were enjoyed with other refreshments served in the house later in the evening.

Carl Leonard returned to his home Friday after he attended the State Grange meeting held in Caldwell this year. While there he was a dinner guest at the home of Dr. and Mrs. A. A. Newberry, former Filer residents.

Johnson returned to Fort Douglas, Utah, after spending the past month with his mother, Mrs. Flora Johnson and other relatives.

Little friends of the entertained at a Halloween party Friday afternoon by the Misses Jarlike and Joanna Joelin at the home of their parents, Mrs. Lester Joelin. The afternoon was spent at games and refreshments were served. Children were dressed in costumes.

The Elmwood Social club will meet Wednesday, Nov. 9, at the home of Mrs. Emma Turner. Miss Ella Horting will be assisting hostess. Roll call will be Arminette day events.

Mrs. Fred Munyon and Mrs. Ferd Kaster assisted their sons, Frederick Munyon and Howard Kaster, with a clever Halloween party at the home of the latter. All amusingly voted the prize for the best costume to Howard Kaster dressed as a cowboy. Games fitting to the occasion were enjoyed.

Mrs. Roy Bateman, Mrs. Duncan Campbell and Miss Jo Kuntz, all from Lewiston, Idaho, and Miss Sophia Kuntz of Denver, Colo., have arrived to be guests at the home of their sister, Mrs. O. E. Khas and family.

Mr. and Mrs. Dewey Showers and son, Clarence, were guests at the home of Mr. and Mrs. George Parsons.

Mrs. Harry Hockett was an honored guest at a miscellaneous shower at the home of Mrs. Frank Riehl on Friday afternoon. A social afternoon was enjoyed by 24 ladies. Prizes for contests were presented to Mrs. C. E. Nilson of Twin Falls, Mrs. J. McKie of Filer. Many beautiful gifts were presented to Mrs. Hockett, a recent bride who was formerly Miss Madge Armstrong.

Mr. and Mrs. Foster Quilck left Thursday morning for a ten day visit with their son Eugene who is attending college in Los Angeles, Calif.

Mrs. and Mrs. J. W. Miller, teachers at the Washington school, arranged a gay Halloween party on Monday afternoon for the pupils in each room. Appropriate games were played and prizes given to several of the children in the primary room. At the close of the event cookies and ice cream were served.

Mr. A. Harney of Lodoga, Ind., is looking after business interests here this week. He owns the ranch operated by Jack Winkle.

Jack Whittier of Lincoln, Neb., was honored with a dinner party at the home of Mrs. Mrs. W. Schiffer where he is a house guest.

Harold Lilty of San Diego, Calif., and Mrs. Clara B. Smith of Seattle, Washington, have been visiting with their relatives, Mr. and Mrs. W. B. Swisher, relatives of Mrs. May.

Mrs. Glenn Copeland of Walla Walla, Wash., who has been visiting at the home of her mother, Mrs. P. D. Smith, left Sunday for her home accompanied by Mrs. Smith who expects to visit at the home of her daughter for two weeks.

Mr. and Mrs. Earl "Uminie" Wilson arrived Wednesday evening from Chicago by auto to visit at the home of his parents, Mr. and Mrs. Guy Wilson and other relatives. Mr. Wilson is a jockey in Chicago.

Mr. and Mrs. Gus Park, Mr. and Mrs. Dwight Park and family of Grand Junction, Colo., were weekend guests at the home of Mr. and Mrs. Willard Brennan.

In honor of her 75th birthday anniversary, a dinner was given at the home of Mr. and Mrs. Manuel Adolf for Mrs. Sophia Kaster. Members of the immediate family, including Mr. and Mrs. Fred Kaster, Mr. and Mrs. Herman Kaster, Mr. and Mrs. Fritz Kaster, Mr. and Mrs. Arthur Kaster of Hansen, and Mr. and Mrs. Pete Matheson attended the dinner.

The Entero Nours club held a Halloween party and initiation at the apartment of Mrs. Martha B. Goodrich with Miss May Davenport as assistant hostess. The new members including Mrs. Martha B. Goodrich, Mrs. Doris Richardson and Arlene Clitman, had to come in costume. A prize was awarded Mrs. Schodde dressed as a pirate for the best. Games and contests, also fortune telling, were enjoyed. A traveling prize was awarded to Miss Marie Johnson. Twenty guests attended.

Lighter Desserts Seen At Thanksgiving Dinner

Thanksgiving desserts on the lighter side. At right, sugarplum gelatin mold with glazed apricots, prunes and pineapple. At left steamed Thanksgiving pudding with a foamy sauce.

By MRS. GAYNOR MADDOX (DREA Service Staff)

It won't be long now Thanksgiving dinner isn't very far off. Let's begin to look at gala recipes for the great American tribal feast.

Enthusiasm remains the same but our idea of Thanksgiving menus has turned a little toward the lighter side. Desserts need not be a hindrance. So read these two modern specialties with lighter desserts in view.

Sugarplum Mold (Serves 4 to 6)

One package cherry-flavored gelatin, 1 pint hot water, glazed apricots, prunes and pineapple.

Dissolve gelatin in hot water. Turn into mold. Chill until firm. Unmold. Garnish with glazed fruit. Serve with whipped cream.

For glazed fruit, prepared thick syrup of 1 cup sugar, 1/2 cup water, and 1 tablespoon light corn syrup, boil 2 minutes. Stir in half rings of canned pineapple, then soaked, dried apricots and seeded prunes. In syrup 20 minutes or until glazed. Cool. Glaze only a few fruits at a time and do not allow syrup to boil hard.

Steamed Thanksgiving Pudding (Serves 10)

Two cups sifted cake flour, 2 teaspoons baking powder, 1/2 teaspoon soda, 1/2 teaspoon salt, 1-3/4 cup butter or other shortening, 1/2 cup sugar, 1 egg, well beaten, 2 squares unsweetened chocolate, melted, 1 cup milk.

Sift flour, once, measure, add baking powder, soda, and salt, and sift together three times. Cream butter, add sugar gradually, and cream together thoroughly. Add egg and chocolate, beating until smooth. Add flour, alternately with milk, in small amount at a time, beating well after each addition. Turn into greased mold, filling two-thirds full, cover tightly and steam 2 hours. Serve hot with hard sauce or Autumn Sunshine sauce. Garnish with whipped cream, if desired.

Autumn Sunshine Sauce (1 1/2 cups)

One-ninth cup brown sugar, firmly packed, 1 egg yolk, unbeaten,

dash of salt, 1 egg white, unbeaten, 1/2 cup cream, whipped, 1/2 teaspoon vanilla.

Sift sugar. Add 1/2 of sugar to egg yolk and beat until light. Add salt to egg white and beat until foamy throughout. Add remaining sugar, 1 tablespoon at a time, beating after each addition until sugar is blended; then beat until stiff. Combine egg yolk and egg white mixtures. Fold in whipped cream and vanilla.

BUHL

Mr. and Mrs. Charles N. Hagler, San Francisco, Calif., are visiting at the home of Mrs. Hagler's parents, Mr. and Mrs. B. W. Hughes.

The Stars Scout contract brigade club was entertained last week at a luncheon at the home of Mrs. John Mason with Mrs. Banbury receiving the high prize.

A. E. Winn's elk shot in the northern Idaho forest weighed 800 pounds. Hunting with him were Dan Stahlman and Mildred Stahlman. They each returned with an elk.

Methodist Ladies' Aid society of Buhl met Thursday afternoon at the home of Mrs. Minshall with Mrs. D. C. West and Mrs. Jack Wheeler. At the business meeting definite plans were made for the church housecleaning day. A payment was also made on the church building fund. Mrs. George Lakes led the devotional on the subject of "Peace."

Mrs. James Shields entertained and awarded her prizes for the High at the two tables of contract to Mrs. Ray Banbury and herself.

November meeting of the Buhl W. C. T. U. will be held Tuesday, Nov. 8, at the home of Mrs. Chester Holman with Mattie Luntz assisting. The devotional service will be conducted by the Rev. E. R. Berg of the Baptist church. Thanksgiving has been planned with roll call responses being a Thanksgiving verse from the Bible. Two discussions will be conducted, one will be "What Are We Most Thankful For in the W. C. T. U. Just-Closed."

"Witching Stick"

OHIOVILLE, Calif. (AP)—A "witching stick" that has been used successfully here for years in locating water for the slanting of wells "witched" on the side of a fair-sized hill, despite the fact that water is not usually found on hills. However, the ranch owner had such faith in the stick that he is now down 75 feet and intends to dig deeper.

THIS CURIOUS WORLD By William Fox

Uncle Si Says...

Mirandy an' me has decided there just ain't no way to get the full election results quick-like except to come down to the Times-News election party Tuesday night.

So we're goin' to bundle up in warm clothes an' listen in to all them results over the Times-News loudspeaker shtenanigans. We done the same thing on primary votin' night, an' we knew all about who won afore we even went home.

An' believe me, there's plenty of votin' races Mirandy an' me are goin' to be darned anxious to hear about.

ANSWER: No. Cement is only one of the ingredients of concrete... but it is a common thing to hear the two words used synonymously. Cement, mixed with sand or gravel and water, forms concrete.

Fourteen
BIG ESTATES AID FUNDS OF IDAHO

REMEMBER THESE FACTS WHEN YOU VOTE TUESDAY

BOZEHON, Nov. 7 (Special) — That the state of Idaho will benefit to a large extent through income from several large estates is indicated by investigations of Andrew W. Sahre, attorney for the inheritance tax division of the state, who was here the latter part of the week on matters in which his department is concerned.

He confirmed the report that the tax from the estate of the late James MacDonald, of Boise and Halley, would exceed the revenue previously paid to Idaho by all other large estates coming under its supervision. The Hill estate of Boise and the Sloops estate of Twin Falls will likewise contribute a considerable tax by the time all adjustments are made.

Sahre, who is something of an ardent partisan on the Bourbon side of the range, is of the opinion that the Democratic ticket will be successful all along the line Tuesday. "I don't believe the Republicans will elect a candidate on the ticket," was his bubbling estimate of the situation, and he was quite sure that all the dissonance within the Democratic party of the state had cleared up and the followers were together once more. He scouted the idea that the state audit will prove effective against his party, and indicated that he felt a material change had occurred within the past week, favorable to Democrats.

NAZI NEWSPAPER CRITICIZES FDR

BERLIN, Nov. 7 (AP)—The Nazi party official newspaper, Voelkischer Beobachter, criticized Democracies and President Roosevelt today for their opposition to Japan's course regarding China.

This attack followed one in the newspaper, Doerren-Zeltung yesterday which said of an explosion on the German steamship Vancouver on the Pacific coast that it occurred "in a country of gasbags." The Angriff quoted the first three pages of its week-end retrograde edition to a layout on a series of "the most important news items with right outwards as 'there is no way like the American way.' "World's highest standards of living," "world's highest wages," "world's highest wages."

The paper reprinted pictures of billboards in contrast to pictures of unemployed, hungry and breadlines, commenting, "so there is no way like the American way! Thank God, we have a better one."

"It's 'What's Right Japan'" ROSEN, Nov. 7 (AP)—The newspaper, Heiliger of Leghorn, which is owned by the family of Count Giacomo Orsini, foreign minister, published a letter today that American press reports would depict Japan as "the enemy of the world." "They were afraid they would lose their property,"

the article said that Japan was warring all its energies to win its war in China and that to Japanese it was a question of honor. He then said that "the important participation of other men, living in the other part of the Pacific, namely the United States, is to be more exact, men living in that federal state which is most hostile to Japan: California."

Annual Frolic Held By Barley Juniors

SURLEY, Nov. 7 (Special) —The annual Junior Frolic was held Friday evening in the high school gymnasium. After the carnival, a dance was held. Parents and teachers of the Junior and senior high school students were invited to come. Others wishing to come secured guest tickets from Miss Stella Reason or Dan T. Williams at the high school. Juniors on the executive council in charge of the affair were Ward Deorahak, president; Lauraine Gudmundsen, vice president; Warren Riley, secretary; Elaine Hogan, treasurer; Glen Terrier, Phyllis Powell, Klara, and Bob Bray, house room executives. Miss Dellali Keller is the faculty advisor of the frolic.

EDEN

Eden Grange met Wednesday evening with Roy Gordon, master, presiding at the business meeting. W. W. Hardwick, Jerome Grange, was present and gave a talk on boosting for another Jerome county fair. Miss Adelaide Webster, Appleton Grange, was a guest. Mr. and Mrs. Guy Dixon, delegate to State Grange in Caldwell, gave reports. Lunch was served by Mrs. Roy Gordon and Mrs. H. E. Roberts.

The Democratic party has headquarters established in the Meyers hotel. The Ladies Aid society of the Presbyterian church met last Thursday afternoon with Mr. Earl Dixon. Mrs. Roy Gordon had charge of the Bible study. Final plans were made for the election dinner to be served in the Grange hall. The next meeting will be held Nov. 17 at the home of Mrs. Leo Rogantine.

The Adult Council of the Girl Reserve met Wednesday afternoon with Mrs. August Breamers. Mrs. Fred, president, presided at the business meeting. The speakers for the evening were Mrs. Breamers, Mrs. Breamers, Mrs. Breamers, Mrs. Breamers, Mrs. Breamers. A dance followed. Mrs. Breamers' organization is in the Eden Grange.

The New Dealers, in their campaign for election next Tuesday, have been doing a lot of talking about their "record." But they have had little to say about the many unfavorable conditions that must also be taken into consideration as a part of their record.

Instead, they have dealt in minor generalities and secondary trivialities as a means of detaching the people's minds from those principal issues which do not bear discussion from the Democratic standpoint.

They don't like to discuss business conditions and unemployment. They make every attempt to evade the agricultural situation. And when it comes to increasing taxes and the national debt, they talk in circles.

Here in our own state, they prefer to talk about roads, relief, and what not, rather than answer for their shortcomings as revealed by state highway department audits and grand jury investigations.

But whether they like to talk about them or not, all of these unfavorable factors are a part of their record, and the following facts should be borne in mind when you go to the polls next Tuesday.

Under the national New Deal administration the United States has witnessed the growth of a bureaucracy never before equalled in the history of the nation. During the past six years about 75 new federal bureaus, agencies, boards, commissions and corporations have been created by government, most of them by presidential decree instead of by acts of congress. The number of federal employes has grown from 563,000 to 841,000—an increase of nearly 50 per cent. And congress has appropriated 16½ billion dollars for the chief executive to spend without restraint or limitation.

Throughout all of this lavish spending in fantastic "pump priming" schemes, the chief executive has cracked the whip with such dominance that our representatives in congress have amounted to nothing more than puppets.

Business has been subjected to such drastic regulations that it is no longer possible for industry to provide additional employment. Meantime the government's "business and labor" policy has encouraged class hatred to the point that conditions generally are tense and the people have lost confidence.

In spite of the billions spent for relief, public works and "pump priming" between 10,000,000 and 12,000,000 are still unemployed in the United States.

Meantime the farmers have been urged to curtail domestic production, only to find increased imports of the same commodities demoralizing their home market.

Who is going to pay for this orgy of spending and experimentation? The government already has indicated that business is in no position to carry any more of the tax load, and that as a consequence it will be necessary to lower the income tax brackets. When the time comes to pay, who will it get but you?

The farmers know only too well what the New Deal's agricultural policy has meant to them. Through its reciprocal trade agreements, the national administration has literally invited foreign farmers to produce more farm commodities for shipment to this country—competitive commodities of which the American farmers have been requested to curtail production.

During 1937, competitive farm imports, valued at around \$1,000,000,000, displaced nearly 75,000,000 acres of domestic farm land in the United States and resulted in a glutted market that demoralized the entire price structure for American agriculture.

The following table, covering a partial list of competitive farm imports for the years 1932 and 1937, best explains this condition. They are official figures furnished by the United States Department of Commerce:

	1932 Imports	1937 Imports
Corn, bushels	347,627	86,337,248
Wheat, bushels	10,026,000	17,434,837
Barley and malt, lbs.	52,532,636	371,243,456
Rye, bushels	87	206,860
Hay, tons	19,858	140,149
Soybeans, lbs.	36,568,700	109,418,304
Butter, lbs.	1,052,598	11,110,762
Cattle, head	97,040	494,943
Hogs, lbs.	34,155	16,555,218

Fresh pork, lbs.	1,657,500	20,876,569
Hams, bacon, etc., lbs.	3,015,489	47,422,022
Fresh beef, lbs.	796,594	4,665,558
Canned beef, lbs.	24,793,497	88,087,133
Total meat products, lbs.	46,749,702	191,906,012
Eggs in shell, doz.	243,784	520,189

There's no mistaking these figures which, with the prices Idaho farmers are now receiving for their commodities, speak for themselves.

And what kind of government were we having in Idaho during the six years of Democratic administration under C. Ben Ross, who now seeks a fourth term as governor?

The highway audit and grand jury investigation have best revealed that record. It disclosed a warden borrowing money from convicts, and 1200 irregular signatures on the state payrolls. It resulted in one highway department official being fined \$1000, another leaving the country as a fugitive from justice, and still two others being placed under indictment. It brought to light how more than \$477,000 worth of major equipment was purchased without bids being asked, and how the governor ordered his purchasing agent to disregard the law.

And this is far from all. When the grand jury adjourned on Aug. 23, it declared:

"We have but scratched the surface of state governmental irregularities."

All of this was revealed as having taken place during C. Ben Ross's administration!

Why hasn't he explained these irregularities, instead of talking about minor issues in an attempt to keep the people's minds off his record?

Mr. Ross has been doing most of his talking about the money he is supposed to have saved the taxpayers of Idaho. He talks about reducing the ad valorem tax and putting the state on a cash basis. But here's the rest of the story:

During his last term, Mr. Ross collected in taxes from all the people over \$10,000,000 MORE than was collected during the last previous Republican administration.

He reduced the ad valorem tax—that is the tax against property of railroads and utilities, as well as all other property—by approximately \$2,000,000 during his last term.

BUT—he increased the taxes paid by the people of Idaho through indirect taxation by more than \$5,000,000 during that same term! These included the sales tax, income tax and kilowatt hour tax—all laws that were passed by Mr. Ross.

And this \$5,000,000 was paid by every resident of Idaho—\$3,000,000 more than his saving in ad valorem tax about which he boasts.

Why hasn't Mr. Ross given the people the complete picture—even about taxation—if that is the subject he chooses to use as a means of eyading the principal issue?

Mr. Ross, in another attempt to keep the people's mind off his previous record, now comes out with an announcement that he is in favor of the state buying the Twin Falls-Jerome Inter county Bridge for the purpose of removing the toll.

Why didn't Mr. Ross do something about it when he was governor? It was a live issue throughout his three terms of office, during the last of which he promised a Twin Falls delegation that he would enter into negotiations to make the bridge free. Why didn't he keep that promise?

Has he made this latest promise in the belief that he will gain support among the farmers of this district, now that the state grange has endorsed the proposal?

And what reason is there to believe that he will be any more likely to keep this promise than the one he made before.

All this is the other side of the picture—facts you should bear in mind when you go to the polls this Tuesday.
