Lewis Demands Hague's, Daveys be Driven Out of Democratic Party

LEADER OF CIO HEAPS PRAISE ON ROOSEVELT HEAD

PITTSBURGH, Nov. 12 (AP)—John L. Lewis, head of the committee for industrial organization, today demanded that the Democratic party rid its house of "its Hagues and Daveys" if it wants the continued support of organized labor.

He referred to Mayor Frank (Am-the-Law) Hague, of Jersey City, N. J., and former Gov. Martin L. Davey, of Ohio, as a Democratic party chieftain, incurred the wrath of CIO chieftains by thwarting the work of their organizers in New Jersey. Davey's action in ordering out the troops during the "Little Steel" strike brought about his collapse.

Lewis said the CIO had adopted a "casual" attitude toward the departure of the International Ladies Garment Workers union from the organization. Commenting at a press conference on the refusal of the union, headed by David Dubinsky, to send delegates to the constitutional convention of the CIO which opens here Monday, Lewis said:

New Law Forbids Any Attendance At Shows, Dances

BERLIN, Nov. 12 (AP)—The work of driving Jews out of German business and social life and into the ghetto was begun today by Hermann Wilhelm Goering, Adolf Hitler's chief aide.

SERIAL STORY
LOVERS AWEIGH

JUDY ALCOTT stood by the chair rail of the huge battle wagon, looking down at the black water. The deck was solid under her feet. Overhead, there were stars in a deep blue sky from the open butterfly hatch over the windshield, the sound of a piano stole softly into the night air. She was a small, slim girl, she wore a new evening dress, from which her shoulders rose white and lovely. Beside her, a tall young man in the blue of a naval lieutenant, with wings on his breast, was looking down at her. And she knew that he found her beautiful, and she knew that this was why she was here.

Now, suddenly, he burst out: "I'm trying to tell you Judy that he's after you, influence, quick promotion. And your father is an admiral!"
"Was he ever, now. But the memory was always like a knife in her heart. Little by little, she had become more friendly with Jack. He had been Ward's friend. He had gone through that night of horror with Ward. And he, like Ward, had taken on dirigibles that was brave and uncalculating. He was a pilot, Jack. His airplane had been shot down in the hull of the huge Akron, and released to fly miles ahead, on scouting duty. Now he was on the Enterprise, a giant plane carrier, from whose decks squadrons of planes would roll down to the takeoff. But he would have liked to be attached to another dirigible. Only, there wasn't any now. He wanted to join the long line of men who had sought for dirigibles, for a chance to prove to the world that there was more to them than disaster and screaming headlines.

Free Speech Must Be Complete

It is only to be expected that the alliest of all definitions of free speech should come out of the balliwick of Hague of New Jersey. This definition was voiced by Col. Hugh Kelly, secretary to Governor Moore of New Jersey. Addressing a pro-Hague rally the other afternoon, Colonel Kelly declared: "There is only one problem to free speech, and it won't take me 15,000 words to explain it. By free speech, the Founding Fathers meant a man should say what he wanted to in his own house, as long as he didn't propose overthrow of the government."

THE PARALLEL LIES NOT IN THE FACT THAT EACH PERSON CONTRIVED TO TAKE A RIDICULOUS ATTITUDE, BUT IN THE FACT THAT EACH ONE OBVIOUSLY HAD NO USE WHATEVER FOR THE ACTIVITY UNDER DISCUSSION.

The parallel lies not in the fact that each person contrived to take a ridiculous attitude, but in the fact that each one obviously had no use whatever for the activity under discussion. The 1880 den clearly dip-believed in dancing, flatly, finally and completely; the New Jersey politician quite as clearly has an equally broad and uncompromising disbelief in free speech. And while we have got past the time when all good people felt that a young person who danced was a young person whose soul was in danger, we still seem to have a number of citizens who entertain similar views about freedom of speech.

Hitler's Opportunity

Economic experts and military men point out that Hitler's opportunity lies to the east. That's doubtful. His opportunity landed in New York recently wearing a milberry dress and a gray fur coat trimmed with silver fox. She looked the Statue of Liberty in the eye and told reporters there was no romance between her and the German dictator. "I work for the films and must sometimes see Hitler," she said.

Can You Carve a Turkey?

There's more to carving the Thanksgiving turkey than just whacking it into pieces, and it will save many an argument over individual preference for select portions if the bird is served properly. Last year the Idaho Evening Times and Twin Falls News experimented on a small scale with a turkey carving demonstration for men only. There was so much interest and men were so enthusiastic that it has been decided to stage a similar demonstration for both men and women as the outstanding feature of the "streamlined" cooking school being sponsored by the Twin Falls newspapers next week. Carl Gabbert, noted maître d' hotel of Challenger at Sun Valley, will be in charge of the turkey and meat carving demonstration, and with plenty of room available at American Legion hall for all who wish to attend, it should be a real party the evening of Nov. 18. All of you who would like to know how to carve a turkey—here's your opportunity!

A mother usually gains about 14 percent in weight. Most authorities are now agreed that she requires for her nutrition only the ordinary food she has usually been eating, providing her diet has been satisfactory, but that she needs more iron, particularly more proteins which build tissues, more calcium and phosphorus which are concerned with the development of the bones, and a deficiency of blood, more vitamins to prevent any deficiency diseases, and more energy simply because of the increased requirements of her body.
Provided that the mother is well during the period preceding her hospital trip the only attention she needs to give to her protein diet is the choice of those which have what we call a high biologic value. It is known that those proteins are more valuable than those without this value. The proteins that are especially important are those of milk and meat, whereas those of cereals and legumes and fruits are less valuable.
It has been found that many different factors will influence the amount of calcium and phosphorus that a mother can absorb. It is necessary to take a certain amount of vitamin D in order to get the best use out of calcium and phosphorus. It is also known that a mother who contains enough milk and green vegetables, she will have enough calcium and phosphorus, but unless she has enough of the other factors she will not utilize the calcium and phosphorus satisfactorily.
There seems to be no lack of evidence that our diet is low in iron. As a result of this deficiency of iron, there is a tendency toward the

7 MAJOR TEAMS RISK UNBEATEN RECORDS

Notre Dame-Minnesota Contest Headlines College Grid Tests

By HARRY FERGUSON
NEW YORK, Nov. 12 (U.P.)—Seven major football teams carry perfect records into today's games and, unless a miracle comes to pass, at least one of them will be on the mourners' bench at dusk.

The inexorable law of averages dictates that one among the seven unbeaten, untied teams—Texas, Christian, Duke, Tennessee, Dartmouth, Oklahoma, Iowa, State and Notre Dame—shall lose today. The eighth undefeated, untied major team, Santa Clara, risks its record tomorrow against St. Mary's.

Three games dominate the football map this afternoon: Tennessee vs. Vanderbilt at Nashville; Dartmouth vs. Cornell at Ithaca, N. Y.; and Notre Dame vs. Minnesota at South Bend, Ind. Tennessee, pointing for the Rose Bowl, finds a tricky Vanderbilt team in its way and this may be the day to see the "big game" in the college from the west is that Bernie Bierman's has his Minnesota power house loaded for Notre Dame and this will be the afternoon when the Irish, who have almost been tripped several times this season, finally crack. No matter who wins, the odds look like the game of the day.

While those games will draw most of the attention, there will be almost as many football games being played across the nation with the picture shaping up something like this: **EAST**—Columbia, with its great power, St. Lawrence, and Cornell, will lead the pack. The Princeton team that seems to be on the up-grade; Yale vs. Princeton in one of those unpredictable Big Three games.

MIDWEST—Michigan and Northwestern meet in the banner Big Ten game of the day and there is no doubt that the Wolverine will be favored as it goes into action against Illinois; Indiana and Iowa appear to be evenly matched; the Pittsburgh Panther, still looking for wounds, goes west to play Nebraska; Oklahoma puts its perfect record on the line against a Missouri team that is beginning to show power.

WEST—Southern California, smelling the roses in the Pasadena bowl, plays Washington; California goes to the coast to play Stanford; Oregon State plays Stanford; Idaho vs. Washington State; Wisconsin carries the colors of the Big Ten again in a game with the Colorado State; Brigham Young and Colorado collide and Utah State takes on Wyoming.

Acequia Loses To Castleford
CASTLEFORD, Nov. 12 (Special)—Clanking fully for the first time this season, the Wolves of the local high school overcame an invading Acequia six-man football team here by a 40 to 14 count in an armistice day game. The game was a conference held in the southern division.

Although Coach Smith used his reserve players three-fourths of the time, Castleford "went to town" to score in every period. At the half the score stood 14 to 0. The brilliant "pat" drive of the Wolves were led by Paul Spradling, 124-pound quarterback who raved the field for a conversion after one of his own scores.

Mac Finally Finds a Coach Who Predicts He'll Win a Game
NASHVILLE, Tenn., Nov. 12 (U.P.)—Not since the monkey in the hoops had anything or anyone been as far out on the limb in Tennessee as Ray Morrison, coach of the Vanderbilt Commodore, was today.

Morrison ascended to his perch, way out on the tip of the longest limb of the tallest tree yesterday when he came out with the first statement that his football team would beat Tennessee in its first game of the season. "We'll take 'em," Morrison said, and the words were scarcely out of his usually slowly-battered mouth before they had become the headlines atop the front pages of the newspapers.

UISB BEATS COYOTES

Bengals Chalk Up 22-0 Win In Gooding Tilt
GOODING, Nov. 12 (Special)—Bouncing back from their defeat of a week ago in the hands of the Normal, the University of Idaho Bengals handed Coach Clem Parbery's College of Idaho team a 22-0 victory over the Red Sox yesterday afternoon, as part of an Armistice day celebration.

Led by some powerful running on the part of the backfield, the southern branch outfit dominated play from the opening whistle, despite the fact that they made only eight first downs to six for the westeners.

The first quarter was all Johnny West, the former Twin Falls high school star, as the Bengals amassed a nine-point edge. After the Coyotes led received their kick-off, they were penalized for clipping and picked to about their 12-yard line. From there Berg, halfback, got off a poor kick that set the Bengals on top of an 18-yard stripe—a net gain of about six yards. UISB then went over for a touchdown, with West carrying the ball.

Later in the same quarter Lundberg passed to Chase Anderson at end for a 30-yard gain to put the Bengals in the red zone. At 1:20, but the Bengals were penalized 15 yards for clipping and after making up the loss, plus about five yards, West kicked a 22-point field goal from a difficult angle on the 15-yard line.

In the second period southern branch kicked to the Coyotes on the 25, but the Coyotes were charged with clipping on the punt and the Bengals were able to pick up a 15-yard line. Lundberg punted the ball on the two-yard line, from where the Idaho Falls fullback, Fred Wick, put the ball on the 15-yard line. The Bengals were penalized twice for clipping and blocked by Petty.

C. of I. Threat
The final score came in the fourth period after the C. of I. had made its biggest threat of the day by driving to the 10-yard line. Here Berg fumbled and the UISB recovered. Wells ripped off a 35-yard end run. Nelson made a 10-yard run and then Berg kicked a 10-yard field goal to tie the score. The game was played in freezing weather, but was witnessed by a large crowd.

The game of Idaho club displayed a fine passing attack, completing eight out of ten passes. The Pocatello crew intercepted 10 aerial tosses, completed three and had two intercepted.

McGowan, substitute backfield man, did a fine job of pigskin tossing for the losers, especially in the second and third quarters. He had a good target in Blankley, veteran end.

Bengals For. POCATELLO: Malone, McNamee, Hadley, Storey, Heise, Brooks, Mitchell, Brooks, Johnson, Adams. Substitutions: Egan-Actturi, Egan-Borowick, Egan-Rupert, R. Johnson, A. Johnson, Moncar, Rola, Gray, Davis, Smith.

Kimberly Loses 11-Man Contest
ABERDEEN, Nov. 12 (Special)—The invading band of Kimberly Bulldogs, playing their first 11-man grid game of the season, put up a stiff battle against the Aberdeen club here yesterday afternoon, but finally fell by the score of 18-7.

Despite the score the game was exciting, with the losers holding an advantage in first downs, as Parra Freestone, rough bulldog fullback, was unapproachable in mid-field.

The first Aberdeen count came when Kimberly fumbled on its own four-yard line. The strong bulldog line held the line, but Freestone pushed the ball across on the fourth attempt.

Kimberly's score came when Freestone swung around and an eight-yard jaunt and then backed the line to convert.

Buhl Indians Conquer Jerome Outfit, 24-0

Buhl, Nov. 12 (Special)—The powerful and undefeated Buhl Indians headed to their 18th battle with the Pler Wildcats today—with another Big Six scalp in the bag. The Indians scored their fourth consecutive league victory yesterday afternoon in freezing weather as they romped over the Jerome Tigers 24-0.

The cold weather put a crimp in the Jerome passing attack, and as a result the powerful Indians were masters of the situation from the start to the close of the game. Straight plays were the rule of the game, as be-remembered fingers held back any attempts at tricky plays.

The first score came when Butler, Buhl back, hurried a long pass to McCab, quarterback, with the play netting 25 yards. Miller, substitute back, scored 25 yards off-tackle for the second count.

Albion Normal Drops Tilt to Weber, 30-0

OODEN, Nov. 12 (Special)—Tiny Albion college of Albion, Idaho, today was outdoing its opponent, the nation's unbeaten football team, as a result of a 3-0 decision lost to Weber college in an Intermountain Collegiate conference upset.

The game was the first Panther defeat in league competition in three years. Fumbling was frequent throughout the game as the freezing weather numbed the brains of players on both teams.

The two clubs came into the final quarter in a scoreless tie, and both attempted field goals, but Clark of Weber hooked one through the uprights in the last minute of play to bring the Ulinas victory.

Hazlet Chalks Up 10 to 6 Victory
KING HILL, Nov. 12 (Special)—Hazlet edged the King Hill club, champions of the northern division of the Big Six league here yesterday in an Armistice day game, 10-6.

The local club got off to a lead when Jack Adams, quarterback, kicked a 20-yard field goal. Wickham sawed up the contest with a 60-yard return of a kickoff for a touchdown.

Fairfield Wins Over Hailey On Long Runs
HAILEY, Nov. 12 (Special)—Riding to victory on the feet alone, two of the best ball carriers, Fairfield high school, defeated Hailey yesterday in an Armistice day game, 18-0.

Hailey rolled up a margin on yardage from scrimmage and on gains by way of pass, but a pair of those passes that went astray proved to be the key to the victory. The touchdowns, intercepted both by the defense, dashed 50 yards for one score and six-ragging 40 yards for the other.

Bruins Defeat Filer, Pirates Beat Burley, Indians Down Jerome

Brother or no brother, Coach Hank Powers of the Twin Falls Bruins today was able to look back at his record against the Filer Wildcats with pride, because yesterday his club hung up another shutout in the annual Armistice day game.

This time 18-0. Last year the score was 33-0, the year before 7-0. The last time the Filer club won was in 1933 when Powers was coaching there.

The few spectators who braved the wind and cold to witness the game watched some fine performances on the frozen field as they sat shivering on the stands, most of them snugly wrapped in blankets.

They saw some sterling work for the losers by Chet Brunet, an end, and Red Glimmer, a fine backfield player, who saw the Bruins' reliable captain and veteran of the Twin Falls team turn in one of the finest performances of his career for the Bruins by spending most of the afternoon in the Wildcat backfield.

For the Trojan, Jack Powell, Zolinger, Cliff Mays, Frank Barrett and John Gates were outstanding among a squad that functioned well at all points. For the Shoshone invaders, Nakagawa, Bob McCain and Zane Alexander put up a whole of a game. The Indians' forward wall flailed unopposed power and speed.

Malad, Boise Play to Tie
BOISE, Nov. 12 (Special)—Malad high school undefeated for two years, continued its unbeaten record here Armistice day but was forced to be content with a scoreless tie with Boise Friday.

The game, played on a muddy field following a snow storm, attracted a holiday crowd of 3,000 fans. Boise made 10 first downs to nine for Malad.

Malad is not a member of the southern Idaho conference of which Boise is the leader.
