ORDERING OF U.S. ENVOY HOME TERMED GERMAN BLOW

HUGH WILSON TO BRING REPORT OF NAZI SITUATIONS

By ROBERT C. MONTEE
WASHINGTON, Nov. 15 (UP)—Secretary of State Hull delivered two diplomatic blows to Germany today by ordering American Ambassador Hugh R. Wilson home from Berlin for "report and consultation."

Observers who have watched Hull's steadily mounting dislike of the German government because of its foreign and domestic policies believed that behind his move were two major objectives.

Cooking School Offers Food, Style, Expert Carving Hints

You get something different in the way of preparing food for your Thanksgiving and Christmas tables? You'll get it at the "streamlined" cooking school here Thursday and Friday under auspices of the Evening Times and Twin Falls News, according to the promise today by Mrs. Amy Villa, who will be in general charge.

Director
The director, an outstanding Idaho home economist, has been conducting highly successful afternoon cooking schools in Twin Falls on a semi-monthly basis. For that reason she was chosen to handle the "streamlined" school designed for residents of all south central Idaho. The school will be held at Legion hall here Thursday and Friday afternoons of this week, and at the same place on Friday afternoon.

'UNITY, BUT NO SACRIFICE'—CIO

By ARTHUR F. DEGREVE
NEW BRUNSWICK, N. J., Nov. 15 (UP)—The CIO's annual convention, a "boisterous" session, today served notice on the National Labor Relations board that it wants labor unity but will not sacrifice the fundamental principle of the industrial unionism to attain this goal.

The action came on acceptance by the CIO of the constitutional convention which reported that "there could be no compromise with the CIO and stated this to be the future policy of the CIO toward the controversy."

The convention lasted more than 24 hours after Mr. Roosevelt's appeal to the delegates that the door to peace be kept open.

WPA LENGTHENS HARVEST LIMITS
WPA workers, assisting in harvest operations, will not have to return to their regular jobs until Dec. 1, it was announced today by the WPA.

1st Complete Farm Program Announced

WASHINGTON, Nov. 15 (UP)—The agriculture department today announced details of its \$712,800,000 farm program for 1939 and described it as "the first complete test of the new agricultural adjustment act."

For farmers who cooperate with the department in reducing acreages and building soils, the government plans to pay a minimum bounty of 3.6 cents a pound on cotton, 14 cents a bushel for corn, 21 cents a bushel on wheat, 22 cents on rice, 3 cents on potatoes, \$2 a ton on peanuts and 4 cents on tobacco.

While Republicans in farm bills interpreted the Democratic set-back as a rejection of the Deal farm policy, and sentiment for a substitute "cost-of-production" price fixing plan appeared to be gaining momentum, the department slashed its acreage goal by 5,000,000.

Secretary of Agriculture Wallace is scheduled to address the national conference of labor legislation here tonight. He may give a hint of plans for fighting Republican attacks on the AAA in the next congress.

Local Truckman Arrested by U.S.
BOISE, Nov. 15 (UP)—U. S. District Attorney John Carver said today that Edson Johnson, proprietor of the Twin Falls Johnson Truck line, had been arrested in Sacramento, Calif., on a federal charge of failing to remit c. o. d. collections.

INDICTMENTS HIT CHICAGO TRY FOR MILK MONOPOLY

CHICAGO, Nov. 15 (UP)—The government today named public officials, union officials, dairy cooperatives and companies in indictments charging monopolies in milk and ice cream.

Dr. Herman N. Budenstein, chief president of Chicago's board of health, Capt. Dan Gilbert, famed by State's Attorney Thomas J. Courtney's police, and prominent executives of big and little milk companies were charged with conspiring to fix milk prices and drive independent producers and distributors out of business.

Unlawful Acts
The milk indictment charged that Budenstein, one of the best known medical men in the United States, and a Chicago political power, had in disregard of his "lawful duties" in concert with other defendants:

Give preferential treatment in the matter of inspection and approval of dairy farms;

Impose unreasonable, arbitrary and unenforceable burdens on independent producers who refused to sell milk milk at fixed prices;

Refuse to inspect farms of independent producers although they might be located near approved dairies.

Nazi Press Threatens to Continue Ill Treatment If Other Nations Agitate

In Wake of Nazi Terrorism
U. S. Warned To 'Refrain' From Attacks

By FREDERICK C. ORCHNER
BERLIN, Nov. 15 (UP)—Fifty thousand Jews have been arrested throughout the Reich in the last few days, reliable sources estimated today. Of that number, 7,000 to 8,000 were estimated to have been seized in Berlin.

Many of those arrested are influential or wealthy Jews held as hostages.

As Hugh Wilson, United States ambassador, prepared to leave for Paris tomorrow night on his way to Washington, the press sternly warned America that aggression against Nazi Germany would be reflected in further ill-treatment of Jews here.

More Hostages
The newspaper Schwabes Korps, organ of the anti-S. S. guards, declared that the "two thousand" Jews held as hostages systematically no matter how shocking some people may find it.

Wilson departed for Paris tomorrow night on his way to Washington, the press sternly warned America that aggression against Nazi Germany would be reflected in further ill-treatment of Jews here.

PLANT ACCIDENT BRINGS INJURIES

Two men were injured this morning when a 200-pound crane was used for turning a cinder pier, suddenly blew out at the plant of the Idaho Vinegar and Cider company, 533 West 1st.

The injured were Earl Brennan, a company employe who suffered two broken fingers and a smashed right hand, and Bert H. Cook, owner of the company, whose left hand was slightly injured. Cook's injuries were treated by a private physician while Brennan was taken to the county general hospital where X-rays were taken. He was given an anesthetic while the bones were reset. It was believed he would be released this afternoon.

GOVERNOR DENIES NEGROES' APPEAL

MONTGOMERY, Ala., Nov. 15 (UP)—Gov. Bibb Graves today denied an appeal for Negroes convicted in the Scottsboro assault case.

Graves approved without comment a recommendation of the Alabama pardon board that the Negroes be denied pardon. His action put an end to attempts for freedom for the defendants in the seven-year-old case during its gulag term.

Snow White Meets Doom During CCC Showing in Idaho

MACKAY, Ida., Nov. 15 (UP)—"Snow White and the Seven Dwarfs," writes Don Dillingham of the Mackay Mirror, "have been getting along very well over the United States until they hit the Paa Creek CCC camp near Mackay last Friday when they were crushed by a blizzard ending by vanishing in a puff of smoke."

Dillingham explained that the public works department, holding that the new highway take precedence over the Murtough dam, appealed the decision.

The district was represented today by J. H. Harvey. The department of public works was represented by Charles Stout, assistant attorney general.

INSURANCE ISSUE NEARS SOLUTION

A thorny question that has been troubling Twin Falls school boards for at least 10 years was a step nearer conclusion today as trustees took action to settle the matter of insurance for the Twin Falls school system property.

Opening of 24 fire insurance bids last night showed that the various agents in the city finally hit upon a uniform rate quotation. Bids had been called on the entire \$72,812.30 needed to place the whole insurance program on a five-year basis.

MISSOURIAN MAKES FLIGHTS ON 3,287 CONSECUTIVE DAYS

KANSAS CITY, Mo., Nov. 15 (UP)—Walter D. Adams, president of an optical company, takes his plane into the sky today with City Manager H. P. McElroy as passenger on his ninth anniversary flight. He will have completed at least one flight every day for 3,287 consecutive days.

Boise, Nov. 15 (UP)—The state supreme court today took under advisement an appeal by the department of public works from a decision of Judge James W. Porter of Twin Falls county, who ruled the state should maintain a six-mile portion of road in the Murtough highway district.

BANKERS' LEADER RAPS NEW DEAL

HOUSTON, Tex., Nov. 15 (UP)—President of the American Bankers' association, attacked the Roosevelt administration today and charged that the national labor relations board has prevented recovery by binding and gagging industry.

Adams, addressing the opening session of the bankers' 46th annual convention, asserted that the NLRB was the "tool of radical labor leaders."

He denounced vote-buying politics, diversion of social security funds, "reckless" public spending, controlled elections by coercion of relief workers, governmental waste, subsidized power projects, "federal greed," and chain banking.

"We must take the battle to our disposses. We must make them realize that it is their fight. Ninety per cent of the assets belong to them. Without their cooperation, we can do nothing to preserve the value of their savings."

The inevitable result of such planned economy is ultimate dictatorship. This is a tendency which, if not checked, will move strongly into some form of national socialism or fascism.

Adams said that unless the relief problem were solved, national elections will become a "meaningless farce" and the American form of government will be "doomed."

POT SHOTS WITH The Gentleman in the Third Row

Whom to Re-Arm Against? Before this re-armorment talk goes any farther, the American people ought to take time out to decide exactly whom and what they are going to re-arm against.

President Roosevelt speaks of an army of 400,000 men. Plans for a substantially enlarged fleet are being discussed. Congress will undoubtedly be asked to consider "draft-capital" plans which, in the event of war, would turn the land into the tightest of totalitarian states.

Part of the answer is obvious enough. We want our own continent made secure against any possibility of attack. There can be no doubt that the American people will unanimously support whatever degree of re-armorment is necessary to attain that end.

It is probable also that the citizens would agree to support any armament necessary to keep the aggressor nations out of the new world. For a great variety of reasons, Americans could not look on unconcerned if some predatory European power set out to gain a foothold in Latin-America.

We can't hope to discuss these things intelligently until we know precisely what we want our armaments to do. We also have interests in the Pacific. Even the most peace-loving American can hardly fail to see that we must arm with one eye on Japan.

But beyond those things, do we want or need anything further? That is the question which we must answer before we draft our program. For the degree of preparedness which would be ample to cover those ends would be quite inadequate if we contemplated any adventures in Europe.

To protect our own country, keep trouble-makers out of Latin-America and guard our interests in the Pacific, we need more than we now have—but not such a great deal more. We need a navy second to none, a somewhat larger air force, a compact army able to garrison such island outposts as we might seize in case of war, an augmented coast defense system—and nothing more.

So let's make up our minds, once and for all. Then, and only then, can we go ahead intelligently and buy exactly what we need in the way of defense. We certainly won't be satisfied with anything less than we need—but there is no reason why we should pay for anything more, either.

"I have been told that you are a very young man," said Judy. Diane, as a very young woman, had lived in Guam, where her father was in charge of the station, and she was always boasting of how well she had learned to make meal with practically nothing from the States—strictly island fare.

5 TEAMS RETAIN PERFECT RECORDS

Galento Retains Rank As No. 1 Challenger For Heavyweight Title

By LEO H. PETERSEN
PHILADELPHIA, Nov. 15 (UP)—Tony Galento, the fighting bartender retained his ranking today as the No. 1 challenger to Joe Louis' heavyweight championship. He punched, shoved and wrestled his way to a third round technical knockout victory over Harry Thomas, the Minnesota blacksmith-farmer last night, to convince a crowd of 10,000 that his siege of pneumonia four months ago was only a stop-gap in his march for a shot at boxing's most coveted crown.

There was only one real blow landed in the fight and it was in the second round. But Galento's wrestling, pushing and cuffing tactics took their toll. Galento made no pretense of defending himself. He was content with winding up and letting go. If he had not been so confident almost above his opponent to the floor as he dove into clinches.

Galento said he felt fine. "Being on that bum Louis," he chuckled, "is a little hurt. He gagged me once when one of his punches hit my Adam's apple. "That was the only thing I felt."

Galento weighed 225 1/2 pounds and was 5 feet 10 inches tall. He fought in Newark, Dec. 8 against an opponent to be selected later.

Declo Gridders End Perfect Record Season
DEULO, Nov. 15 (Special)—Declo high school gridders today ended their gridding log packed away for the season—with one of the few perfect records in the state to look back upon.

Declo squad has displayed superior blocking and tackling ability throughout the entire season, according to local observers, and this plus a lot of light and snap has had a lot to do with success, despite the fact that the team is one of the lightest in the state. The team's average weight is 143 pounds. Much credit of the team is due to the superior quarterbacking of Edward Morgan, 125-pound play-caller of the team, who turned out to be an exceptional find.

Bowls Scurry To Get Pick Of Best Clubs

By LESLIE AVERY
NEW YORK, Nov. 15 (UP)—Diminution of the nation's major perfect record football teams to five, which says "no thanks, I've had some," has the "bowl-game" promoters tearing their hair today trying to land notable attractions for their post-season shows. With four established bowl games, headed by the Tournament of Roses festival at Pasadena and the New York Impregnable planning a fifth, there aren't enough perfect records to go around now, and there may be fewer after Nov. 15.

Rose Bowl in Poor Shape
Since New Year's day has on Sunday, some of the bowl "classics" will be held over until Monday. This will be the case in the Sugar bowl and New Orleans, said Herbert Benson, president of the Mid-Winter Sports association.

From information now available, here is the possible bowl lineup: New Bowl, Pasadena—California or Southern California vs. T. C. U., Tennessee or Duke.

Sugar Bowl, New Orleans—T. C. U., Tennessee or Duke vs. Carnegie Tech or Holy Cross.

Colon Bowl, Dallas—Texas Christian or Texas Tech vs. Oklahoma or Southern California.

Eastern Bowl, New York—(tentative)—T. O. U., Tennessee, Duke, Texas Tech vs. Carnegie Tech, Boston colleges, Holy Cross or Villanova.

Strain led the victorious Brookfield crew with a three-game total of 473. He also had high single game score for the City loop with a 181 third game.

SAN DIEGO, Nov. 15 (Special)—An apparently innocent thing to the burglar who tore the door from a liquor store, but who failed to display an unbroken cash register and a quarter-bank on the counter. Gone, however, was \$40 worth of choice bourbon and Scotch.

Brookfield beat an abbreviated Firestone team two out of three games. Strain with 473 led both teams for high total. His 181 last game is also the best single score. He went out with the 2773 total of the Firestone club, was tops for team with 662. Saunders, with 168, topped his pair for single game.

Firestone was two players short. Scores in both leagues have been below par for the last couple of weeks. Strain's 181 also starts the high single game for the City gridders.

First Ring Club
The first string club was made up of Olla Strand and Grant Craven, well, end; John Matthews and Marvin Holtz, tackle; Leroy Morgan and Leo Hunt, guard; Kelly Matthews, center; Edward Morgan, quarterback; Melvin Davidson and Kelly Kewley, half backs; and Mark Anderson, full back—the latter holding the running total with a total weight of 180 pounds.

Substitutes were Maurice Clayton, Max Turner, Ray Hansen, Jay Penrod, Cecil Morgan, Jay Hansen and Bob Saxton.

Government Man Finds Trapping Poor

BROOKINGS, Nov. 15 (Special)—J. C. Willett, government trapper long operating in this district, but now in the Rogerson section, was in town during the week, having recently returned from a trapping work in the Warm spring section of Blaine county, where the trap lines for coyotes and bear. He did not capture any of the latter animals and reported that but few coyotes materialized this season in that section, and that livestock and deer were molested to small extent in that particular area.

Light Year
Asked regarding predators in the state he said that everything indicated a comparatively light year for furs, with the market down, and as he is a trapper of experience and as the prime fur months are over, his opinion is regarded as accurate. The three first months of the year are usually regarded as the prime fur months, though the cold and snow may materialize to sufficient extent to prompt the animals to become a little more active in their movements, and finer fur will develop in keeping with reasonable conditions.

Stockmen and government trappers are cooperating in every way to stop the predators, and with remarkable success, and a vigorous campaign will be prosecuted as soon as routes permit, with the remote sections and grazing areas, the ground still being very soft, and not particularly attractive to animals.

Benefit Contest
NEW YORK, Nov. 15 (UP)—The Brooklyn Dodgers National league football team will meet an all-star metropolitan college eleven at Ebbets field Dec. 3 in a benefit for German, Czechoslovak and Austrian refugees.
