# CLARK DRAFTS PLANS FOR SPECIAL SESSION

## FDR Leads U. S. Millions In Offering Thanksgiving

### PLANS TO CARVE TURKEY AT HUGE GEORGIA DINNER

(The President's Thanksgiving proclamation will be found on page 10).

By FREDERICK A. STORM  
WARM SPRINGS, Ga., Nov. 24 (U.P.)—President Roosevelt today led America's millions in observance of Thanksgiving—a ceremony that for him at least was tempered by consideration for the oppressed in other lands.

### Triplets, Age 4

It's more than Thanksgiving today for the triplets of Kimberly—its fourth birthday anniversary. And, as shown above, they prepared to celebrate by first posing for the cameraman.

### 'TORTURE' JURY HELD UNDER KEY DURING RECESS

OLYMPIA, Wash., Nov. 24 (U.P.)—A jury of eight men and four housewives ate their Thanksgiving dinners away from their families today before deciding on a "charge within a charge" in the Berry kidnap and torture case.

Locked up during a one-day recess—with the court's adjournment—the jury tomorrow will hear closing arguments in the trial of Dr. Kent W. Berry, society physician, and three accused confederates.

But overshadowing the kidnap charges was the "unwritten law," introduced in the trial and emphasized by both defense and prosecution.

Did Baker rape attractive 27-year-old Mrs. Berry in an act that loomed largest in the 57-year-old physician's husband and led to a purported gravel pit torture scene?

Or did Baker spurn the attention of Mrs. Berry and did he doctor himself to inflict the bruises on his wife's body that he and Mrs. Berry said had been inflicted by anonymous assailants?

These were the points on which closing arguments were to be based and which the jury had heard fought back and forth in the trial.

Both sides rest.

As both sides rested their cases Baker testified in final rebuttal testimony that Mrs. Berry had made asserted overtures to him—and that he had spurned her.

LET US GIVE THANKS... and by any of these accountings, we have abundant reason to return devout and heartfelt thanks...

### BRITISH, FRENCH LEADERS CONFER

(By United Press)

As America celebrated Thanksgiving, Europe and the Far East continued today preoccupied with strife and dissension.

In Paris the most important conference of the month opened. Prime Minister Neville Chamberlain and Winston Churchill, British foreign secretary, discussed with the heads of the French state the grave problems affecting European peace.

Knotty Subjects

The knotty subjects before them included the war in Spain and the involvement in it of Germany and Italy, the efforts of France and Germany to ease their strained relations and make possible in the future a four-power conference among Britain, France, Germany and Italy for a general better understanding of the Jews and the problem of caring for the refugees; the border unrest in eastern Czechoslovakia, where Poland and Hungary are seeking against Germany's wishes, to create a common frontier by Hungary's absorption of Rutenia.

Poland moved further towards the "bleeding" frontier today when five women were burned in an explosion caused when one of them mistakenly tossed a bucket of gasoline onto a small blast in a room.

Mrs. Sarah Lopp, stunned by the explosion, was dragged from the burning "batter house" after the other women, their clothing in flames, fought to get out of the trailer door. Mrs. Lopp suffered a second degree burn over virtually her entire body. She was not expected to recover.

### U. S. Counts Blessings

(An Editorial)

This ought to be a good Thanksgiving day. First of all, the season has been bountiful. The yield of our farms has been good, trade and industry seem to be picking up speed again, and most Americans will be able to sit down to a big dinner commemorating those facts.

But Thanksgiving has come to be more than just a seasonal feast. It has become a time for casting up our national accounts so we can see how we have fared during the last 12 months; a time for looking both to the past and to the future, and for assessing our own place in the general picture of the world.

And by any of these accountings, we have abundant reason to return devout and heartfelt thanks.

The last eight or nine years have not been easy. They have put our country, probably to a greater strain than it has suffered since 1865; yet, it has stood the strain nobly, and now it is becoming pretty evident that the worst is over.

A great many people have suffered rather severely; but the nation as a whole received no permanent damage—and the signs now are that things are going to go on getting better during the coming year.

If you look overseas, the reason for Thanksgiving in America is ever clearer.

In Europe and Asia bloody wars are raging; and millions of people have to live under the daily dread that tomorrow it will be their turn. Intolerance and persecution recall the Dark Ages.

## Idaho Governor Capitulates to Relief Demands

By DAVID N. JOHNSON

BOISE, Ida., Nov. 24 (U.P.)—Governor Barzilla Clark, beaten in his efforts to prevent extraordinary legislative action from entering the state's relief program, today drafted his call for a special session of the legislature.

The legislature will be asked to find a method, either by appropriation from a \$3,500,000 surplus in the general fund or by revisionary measures, by which the relief crisis in 10 counties may be dispelled through the month of December.

The governor, hitherto forceful in his determination that a special session should not be called to meet the crisis, capitulated under threat from county commissioners that they would work federal assistance to the state's cooperative social security program which covers for the aged, the blind, and dependent children.

County commissioners from 23 counties had met in Boise. Clark demanded a special session. The night they concluded their meeting, the governor informed them by telephone from Idaho Falls that he would not summon a special session.

The next day, Jefferson county commissioners met in Boise. Clark again demanded a special session. The legislature met for the first time since the cooperative plan, then immediately adjourned.

When the governor returned to Boise last night, he presented a long list of demands. He named county commissioners and summoned representatives of the community association to his office. The governor's demands were: 1. That the legislature meet on Monday at 10 p. m. and, almost simultaneously, the governor and the commissioners who met with him call a special session.

Probably convene Monday

Although Governor Clark cannot formally call the session today, since it is a legal holiday, he indicated the legislature would be asked to convene Monday.

### BROADCAST

WARM SPRINGS, Ga., Nov. 24 (U.P.)—President Roosevelt's remarks at the Warm Springs Foundation Thanksgiving dinner tonight will be broadcast 8 p. m. in MST by the Columbia Broadcasting system and the Blue network of the National Broadcasting Co.

that Britain would greatly increase the quota of Jewish immigrants to the Palestine homeland.

Moreover, it was interpreted as a notice that in spite of his sympathetic interest in the refugee problem, that there was no immediate hope, the administration would sponsor any movement in the next congress to remove present immigration quotas.

The President early tonight will confer with his wife in Georgia hall, the first in an assembly building of the foundation, and join 500 other persons, patients and guests at dinner.

It is scheduled to deliver a 15-minute address concerning, in the main, Warm Springs and its long-range objectives but five minutes of the talk will be broadcast on a national hookup.

The first important conference of the President's axis here will take place Sunday when Hugh Wilson, American ambassador to Germany, arrives for a discussion of Nazi policies in relation to the Jewish question.

### It's Birthday For County's Only Triplets

Today is only another Thanksgiving day for most residents of this section but to the triplet daughters of Mr. and Mrs. Allan Pulte, Kimberly, it's an event.

Four years ago today, at the county general hospital, the three little girls were born. At that time they were the only triplets in Twin Falls county and they still hold that honor today.

New Outfit

The little girls, Joyce, Julene and Josephine, this morning showed as much interest in their "new outfit" as they did in the turkey which this evening will grace their family table.

So today the Pulte celebrate not only Thanksgiving but the fourth birthday anniversary of the only triplets in the county.

### GRANGE UPHOLDS BEAN LOAN PLEA

Southern Idaho's campaign to secure federal loans on white beans has received the hearty support of the National Grange today, and apparently was well on the road toward successful completion.

Among Other "Yes" Votes

Approval of the bean loan request was included among other affirmative actions on resolutions at the Grange's continuing general business session in Portland, Ore., yesterday, according to a telegram from E. L. Metz, former master of the Twin Falls county Pomona Grange.

52.50 Bean Loan

The loan program calls for \$250,000 loan on three-fourths of any grower's crop of white beans. (Continued on Page 2, Column 1)

### Finnish Vessel Sends SOS Call

LOHIMET, France, Nov. 24 (U.P.)—The Finnish training ship Suomen Joutsen, with 600 cadets and a crew of 27 aboard, sent out an SOS call in the Bay of Biscay today.

### FIVE INJURED BY GASOLINE BLAZE

REDDING, Calif., Nov. 24 (U.P.)—A Thanksgiving family reunion ended disastrously today when five women were burned in an explosion caused when one of them mistakenly tossed a bucket of gasoline onto a small blast in a room.

The five women had gathered at the trailer for a "boomtown" near the new Shasta dam project to celebrate a reunion between Mrs. Howell and her husband.

### Thanksgiving Speaker Urges Return to God

By JEAN BINKELECKER

Aware this year more than ever of the abundance of "good and perfect gifts" that are the allotment of the United States, in contrast to strife-tossed countries the globe over, hundreds of Twin Falls worshippers assembled at the Presbyterian church auditorium this morning in a union Thanksgiving for their blessings.

Profoundly moving was the Thanksgiving day message of Rev. H. G. McCallister, Methodist minister, who reminded his audience that "We need to recognize the validity of the Ten Commandments; to honor the personality of men; to have Thanksgiving in our souls; to lead and teach our children that happiness is found only in pursuit of things eternal and in living in fellowship with man and God."

### GERMANS ENVOY EN ROUTE HOME

NEW YORK, Nov. 24 (U.P.)—Dr. Hans H. Dietrich, German ambassador to the United States, was on route today to Berlin where he will resign the "post of honor" which the United States toward Nazi persecutions of religious and racial minorities.

Dr. Dietrich boarded the German liner Huisa through a cargo gang plank last night and took a small boat under the name of Herr Bauer. It was not until his Italian trunk was carried through the lobby that his presence was suspected. Then ship officials detected he was scheduled to sail.

Third for Relief

Governor Clark's special session was called July 28, 1938, for the purpose of empowering the state to accept federal aid in the cooperative social security act for the aged, blind, crippled and dependent children. An adequate public health service was another purpose of the session.

Colombian Ship to Germany

REDDING, Nov. 24 (U.P.)—A Colombian ship, the Santa Rosa, bound for Germany, was called by the United States Coast Guard.

### 8-A PUPILS EARN JEROME PICTURE

**JEROME, Nov. 24 (Special)**—At the meeting of the P.-T. A. held at the Lincoln grade school Monday afternoon, it was announced that the 8-A pupils of the B. A. division under Owen Davis, principal, had won the traveling picture for the month for having the largest number of entries in a recent P.-T. A. contest. The same class will be awarded the prize picture for obtaining the most memberships in a recent P.-T. A. contest in Lincoln school. Pupils of Washington school, Miss Julianne Wise's class will receive a similar prize picture for the month for the largest number of memberships for that school. The Washington school building will be awarded the picture given in a contest recently sponsored by the P.-T. A. for selling the greatest number of tickets to the Colonial art exhibit.

During the business meeting presided over by Mrs. William G. Phoenix, president, it was decided to hold an evening meeting for the purpose in order that more fathers and mothers may attend.

Some discussion was held on the hot lunch project which is to be held in the schools beginning Nov. 28. Plans are being completed for the organization of the lunch being given by the Camp Fire Girl groups in Jerome for the coming season and it was stated that girls from the seventh grade will be eligible for membership.

Mrs. Dana Messenger, chairman of the Jerome health council, gave a summary of the work being carried on and mentioned numerous projects which that body hopes to complete during the year. Mrs. E. Sheldon read an article written by the national president of the P.-T. A. organization on "Thanksgiving for Peace." Later Mrs. Bernice Wilson presented one of her pupils who gave a violin solo. Mrs. Delno McManan reviewed two articles on the subject of a changing home in a changing world.

Refreshments were served by a committee composed of Mrs. C. Y. Williamson and Mrs. D. E. Smith. Announcement was made of the next meeting which will be held at Washington school next month.

### Youth Holds U. S. Future, Condie Says

**CALDWELL, Nov. 24 (Special)**—John W. Condie, state superintendent of public instruction, in an inspirational address given before the students of the College of Idaho Wednesday, exhorted the young people of today to awake to their responsibilities as the future homemakers of the nation.

Stating that the whole welfare of our democracy and its fate in turbulent years rests upon the environment of home, Mr. Condie went on to point out the great cultural and vocational college graduates are citizens of the world and their life is to be lived as conscientious citizens of this country.

**Spiritual Influence**

While discussing the merits of college education, Mr. Condie asserted that there is an intangible influence, which attaches itself to the graduate of a church-related school which performs its duty as a graduate of a state institution or non-sectarian school where religious training is imparted by the faculty, although not measurable in dollars and cents, adds much to the life and surrounding of such a graduate.

Mr. Condie contrasted the three sharply divided classes of American home-makers in his comparison of the abject poverty and depravity of the Bowery section, the dowager and poodle homes in the exclusive West End, and the modern, healthy homes of many of our substantial Idaho citizens.

**Character Vital**

In closing, Mr. Condie said, "No nation has ever been able to find substitute for the establishment of a real citizenship with character. . . but these things must be given to you young people are the heaven of the world of the next generation. You are needed to uphold the standards of the home against the great effort which is being made to undermine them, and with them our democracy."

John Lindlow, editor of the "Caxton" publishing concern, provided special music for the chancel program by his piano rendition of Chopin's "Slumber Song" and "Prelude" by Gerahwin.

### C. OF I. DRAMAS BRING APPLAUSE

**CALDWELL, Nov. 24 (Special)**—Scarlet Masque and Alpha Psi Omega, College of Idaho dramatic clubs, opened their season successfully at Blatchley little theater last week with the presentation of three one-act romantic plays.

First play presented was "Please Do Not Pick the Flowers" a story of modern youth aided in a romantic crisis by an understanding old lady, Mary Ellen Greive, of Twin Falls, as old Mrs. Downey, did a fine job of mending the broken romance of Jack, played by Cecil Shurtliff of Payette, and Marianne was portrayed by Katherine Kestler, of Boise.

The second play, "Ship Ahoy," presented a different picture, one of old age and its fancies. Grandma Humphries, excellently portrayed by Irene played by Wendell, and his two daughters, Miss Bella (Gina Frost of Wilder) and Miss Mattie (Rosemary Smith of Nampa). In a lively and interesting play, the Captain Davey (played by Jerry Johnson of Nampa), returned from the dead to take her back to the sea with him.

"With the Help of Pierre," third play of the group, was an Italian fantasy. Walter Foreman, who played Pierre, gave a convincing performance as Puchinello, a hard-hearted cobbler, and Bayard Stever, of Nampa, played the cobbler's apprentice, Harlequin. In love with Claudine, the daughter, taken by Carrie Parkhurst of Caldwell, Johnson, Foreman, and Stever, helped to outwit the old man and aided the lovers in their escape as soon as Harlequin's apprenticeship.

The acting in all three plays was well handled and the character played by Miss Steves and Mr. Foreman were very well done. Miss Louise Blackwell directed the production. Willis Young of Rupert, local care of the actors, the director, Clara Colley of Homedale, Mark Adams of Ashton, and Kenneth Reed, also of Homedale, were in charge of stage settings.

### Jerome Drive To Seek Toys

**JEROME, Nov. 24 (Special)**—Owen Davis, chairman of the Christmas kids' party, states that the first drive for toys will be held on Monday and Tuesday of next week, and asks all persons intending to donate any used, broken or discarded toys which may be required to turn them over on the above days, as it takes time to repair them.

Miss Kathleen Shuettenheim, home economics teacher, and her class have volunteered to recondition the toys and paint them. Kenneth Folkman, chairman of the Toys for Toys committee, stated that the milk bottles for any one who care to donate for materials, candy and nuts for the children, will be ready to be delivered around various houses of business soon after Thanksgiving.

Harold A. Roberts, chairman of the pick-up committee and any one having toys to donate may contact him.

### Prize Given Best Informed Rotarian

**JEROME, Nov. 24 (Special)**—Members of the Jerome Rotary club enjoyed a "Best Quiz" program at their Tuesday luncheon. James Wheatcroft was awarded the prize of \$25 for answering the most correct answers regarding the Rotary organization. Names were drawn by A. L. Woodhead.

Among the visiting Rotarians present were Matt Johnson, Shoshone, and guests were Carl Chamberlain federal engineer from the bureau of public roads, Ogden, Utah, and Fred Shibley, Boise, and Mr. England, brother-in-law, of Joseph Shibley.

### Church Worker Starts Survey

**CALDWELL, Nov. 24 (Special)**—Richard W. Condie, representing the working with the Presbyterian general board, arrived from Philadelphia to take up a survey of the needs and aims of the churches of the College of Idaho. The study will require from three to four weeks.

Made in connection with the national board's sequential effort toward improving the educational and financial strength of all church-related colleges with which it is associated, this study aims to ascertain expertly the needs and possibilities of the college as conditioned by the region which it serves.

Many such institutions in the church-related group are making or will shortly have a similar survey made.

### Roads Program Held in Check

**BOISE, Ida., Nov. 24 (Special)**—H. Stenmer, director of Idaho public roads, said today the department's 1939 highway construction program could not be formed until the legislature had acted on the flat \$30,000,000 license proposal.

Stenmer estimated if the proposal should be approved, the department would lose more than \$1,000,000 for new highway construction.

He explained that federal funds are matched with state funds for highway purposes and any dollar arrangement hinges on the amount of state money which will be available.

# TENNESSEE AND UG GAMES HOLD SPOTLIGHT

## Idaho Takes on Utah in Big Mountain Tilt

By GEORGE KIRKSEY  
NEW YORK, Nov. 24 (AP)—Tennessee's unbeaten, untied Volunteers and Southern California's twice-beaten but powerful Trojans command powerful Thanksgiving day spotlight today as the season moves toward its fadeout. Ninety-eight games were carded today, leaving only 49 regularly scheduled games left to play this season.

Tennessee, with eight straight victories, met its Sunday day rival, Kentucky, at Knoxville, seeking to clinch the southeastern conference title. If the volunteers win they will take the title regardless of the outcome of their game with Mississippi Dec. 3.

**Tennessee Heavy Favorite**  
Although Tennessee is a heavy favorite the game may develop into a dog-fight as Kentucky is notorious for annoying strong volunteer eleven. Back in 1928-29, when Tennessee had some of its greatest teams, Kentucky rose up to tie the Vols and knock them out of Rose Bowl consideration. This year's team hasn't won a game since its two easy openers but it has shown flashes of power against Georgia Tech and Vanderbilt.

**Big Six Game**  
The big game of the East brings together Cornell and Penn in their annual battle at Franklin field, Philadelphia, before a throng of 70,000. Cornell, beaten only by Syracuse, can clinch the Ivy league title by downing the Quakers.

One of the closest battles in the schedule is to develop in Alabama-Vanderbilt game at Birmingham. The crimson tide won last year, 9-7, and went on to the Rose bowl.

Two Big Six games bring together Missouri and Kansas at Columbia and Nebraska and Kansas State at Lincoln. In the southwest, Texas and Texas A. M. renew their ancient rivalry before 40,000 at Austin. Arkansas battles Tulsa at Tulsa and Arizona engages Montana at Tucson.

**COOK**  
JARRIDGE, Nov. 24 (Special)—Saying the death of the old saying, "You can't keep a good man down," J. H. Campbell, affectionately known to his friends as "Pharmacist Jim," is cooking for the miners at the Great Hunt Mine, Minn. Co. after being refused work in the spring on the grounds that he was too old to work.

He spent the summer raising a garden and chickens, getting out wood and prospecting.

**J. Henry Lewis Can't See How He Could Miss Winning Heavyweight Title**

By HENRY McLEMOIRE  
PHOENIX, Ariz., Nov. 24 (AP)—A colored boy named John Henry Lewis never had but two dreams. One was to fight for the heavyweight championship of the world. The other was to stand on a pulpit and preach the gospel.

## Idaho Lightweight

Harold (Bull) Durham, lightweight fullback on the University of Idaho football team, is primed for today's battle against the University of Utah team at Salt Lake City. Only 165 pounds, he is one of the lightest fullbacks in the country.

## Vandal-Redskin Cage Games are Set for Twin Falls Dec. 26-27

University of Utah and University of Idaho basketball teams will clash on the Twin Falls high school gym floor on Monday and Tuesday, Dec. 26 and 27. It was announced here definitely today by W. G. (Jeff) Swain, in charge of arrangements for the Junior Chamber of Commerce.

## Probe Granted In Pitt's Grid 'Scandal'

PITTSBURGH, Nov. 24 (AP)—The wall of Pittsburgh university freshmen football players for gift scholarship got a hole today. "Old graver" of the Panther teams of the past demanded—and were granted—an official investigation of a controversy which has been brewing over future Pitt teams to a secondary standard.

## Rejection Asked in Rail Express Agency Rate Boost Request

WASHINGTON, Nov. 24 (AP)—Breitbart of Agriculture Wallace today asked the Interstate Commerce Commission to reject the application of the Railway Express Agency, Inc., for a general increase in rates.

## Army, Pitt and USC Picked to Win Big Games

By HARRY FERGUSON  
(United Press Sports Editor)  
NEW YORK, Nov. 24 (AP)—The dying gasp of the season for a guy trying to pick winners of football games on Thanksgiving and Saturday:

**EAST**  
Army-Navy—The Army unless it rains and allows the Sailors to launch a destroyer.  
Brown-Columbia—Columbia to get going after lots of hard luck.  
Fordham-New York university—Fordham, but this one is not as easy as it looks.  
Cornell-Pennsylvania—Cornell's line does it.

**MIDWEST**  
Kansas-Missouri—Missouri in a game where the betting, always should be even.  
Nebraska-Kansas State—Nebraska's sophomore in a surprise.  
Oklahoma-Oklahoma A. & M.—Oklahoma has the power, but had better watch out for over-confidence.

**SOUTH**  
Pittsburgh-Duke—Pitt after a terrible tussle, but it wouldn't be a surprise.  
Alabama-Vanderbilt—Alabama 13, Vanderbilt 7.  
Tennessee-Kentucky—Tennessee bowls along toward a bowl.  
Auburn-Florida—Auburn against a Florida team that is finally rolling.  
Georgia Tech-Georgia—Tech by too much.  
Tulane-Louisiana State—Tulane, but close.  
Mississippi-Mississippi State—Mississippi wins an old rivalry.

**SOUTHWEST**  
Texas Christian-Southern Methodist—This is no time to start picking against TCU.  
Texas-Texas A. & M.—Texas is liked again.  
Baylor-Rice—Baylor bounces back after losing to Southern Methodist.  
Arkansas-Tulsa—Arkansas against a tough little team.  
Texas Tech—Texas Tech goes on its unbeaten way.

**PACIFIC COAST**  
Southern California-UCLA

## Attempt Made to Postpone Final Canvass on Fish, Game Law

BOISE, Ida., Nov. 24 (AP)—The prospect that a Democratic governor would appoint the five-man commission to direct the new fish and game law was sponsored by Republicans today caused an attempt to postpone the official canvass of votes cast on the measure.

**Landis Strikes at Dodger Minor League Contract**  
CHICAGO, Nov. 24 (AP)—All members of the Eastern club of the Eastern Shore league were declared free agents today by Baseball Commissioner K. M. Landis who fined the Brooklyn Dodgers \$500 for what he termed illegal purchase of the minor league club's franchise.

# SALE ABSOLUTELY CLOSES SATURDAY NIGHT! HUDSON-CLARK "Twin Falls" Only Shoe Store

# 'Continental Defense' Requires 23,000 Miles Coastal Protection

## MILITARY HEADS CITE NEEDS FOR STRONG FLEETS

WASHINGTON, Nov. 24 (AP)—President Roosevelt's determination that the entire western hemisphere must be made impregnable to attack requires protection of at least 23,000 miles of coastline and the maintenance of strong air, fleet and military bases in at least 10 key points in the Americas, military officials held today.

To achieve complete "continental solidarity," as suggested by Mr. Roosevelt, it will be necessary to provide protection from Hudson strait, which leads to Hudson's bay, south to Cape Horn and north to Bering strait, which separates Alaska from Siberia.

In the coastline of the Gulf of Mexico is included, the total distance would be nearly 23,000 miles.

**Coastal Air Force**

Several Latin American republics are said to have excellent air forces at present and are rapidly expanding them.

Just how close the cooperation of the Americas would be in a unified defense plan is a matter of speculation, but one official said that "to borrow a term from the totalitarian states, we may have to set up our own axis, from a definite point of view, in order to guarantee the security of the Americas."

It is generally held that the brunt of any attack against the western hemisphere would have to be borne by the United States.

Many of the South and Central American nations are rapidly building up sea defenses, but most observers believe that their principal value would be as "buffers" or as a means of delaying any additional help could arrive.

**Principal Problem**

One of the principal problems in such a wide defense scheme would be the availability of bases. The United States is fairly well supplied with bases in the West and East coasts and in the Caribbean and Alaska, Canada and Latin America do not as yet have extensive establishments of this kind.

One of the most vulnerable points on the entire hemisphere is the western coast of the Americas, the nearest point on the western hemisphere to South Africa. Regular commercial plane service has been opened up there and there and Dakar, South Africa, for some time. The distance is approximately 3,000 miles. Two of the planes which have been used on this route have been returned to the return in this vicinity.

**Air and Fleet Bases**

In such matters it is believed Mr. Roosevelt had this in mind when he suggested that the possibility of air attack was infinitely greater than it had been as recently as five years ago.

There are a number of excellent bases for air and fleet bases in the western hemisphere, particularly in Central America. It has been suggested that one might be established at Rio de Janeiro, which has been the center of operations in the world, another at Buenos Aires and a third in the vicinity of Cape Horn.

Several American and Panamanian bases are provided with strong defenses. On the east, the United States has naval, air or military bases at Havana, Santiago de Cuba, Puerto Rico and the Virgin Islands.

Sing in flannel pajamas, the Dionne quintts pause at bedtime to offer their thanks for blessings received. Left to right in this 1938 Thanksgiving day picture: Annette, Yvonne, Marie, Emilie and Cecile.

## ROOSEVELT CALLS ON NATION TO THANK GOD FOR BENEFITS

WASHINGTON, Nov. 24 (AP)—The text of President Roosevelt's Thanksgiving day proclamation: "Franklin D. Roosevelt, President of the United States of America, do hereby designate Thursday, the 24th day of November, 1938, as a day of general thanksgiving."

Our fathers set aside such a day as they hewed a nation from the primeval forest. The observance was consecrated when George Washington issued a Thanksgiving proclamation in the first year of his presidency. Abraham Lincoln set apart "a day of thanksgiving and praise to our beneficent Father who dwelleth in the heavens."

Thus from our earliest recorded history Americans have thanked God for His blessings. In our deepest, nature, in our very souls, we, like all mankind since the earliest origin of mankind, turn to God in time of trouble and in time of happiness. "In God we trust." For the blessings which have been ours during the present year we have ample cause to be thankful.

Our lands have yielded a goodly harvest, and the toiler in shop and mill receives a more just return for his labor.

"We have cherished and preserved our democracy.

We have lived in peace and understanding with our neighbors and have seen the world escape the impending disaster of a general war.

In the time of our fortune it is fitting that we offer our prayers for unfortunate people in other lands who are in dire distress at this Thanksgiving season.

Let us remember them in our families and our churches when, on the day appointed, we offer our thanks to Almighty God. May we by our way of living merit the continuance of His goodness.

In witness whereof, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

## County May Drop out of '39 President's Birthday Dances

Possibility that Twin Falls county would not join in a nationwide celebration of President Roosevelt's birthday in January, staging dances for the purpose of raising funds to aid in the fight against infantile paralysis, was seen here this afternoon.

The possibility arose after a communication received from Keith Morgan, New York City, chairman of the committee in charge of the event, pointed out that 50 per cent of the funds thus raised would go to the national organization with the other 50 per cent to be held in trust by the county chairman until new chapters of the foundation had been set up.

"Seeded" Last Year

It was the order last year that all funds collected on the part of the national association which are raised here among those in charge of the various dances in this county. The Twin Falls county committee had proceeded under the assumption that 70 per cent of the funds would go for work in this county and the balance to the national office, as had been the practice in former years. Under the setup which has been arranged for this year the funds would be immediately available for use in this county, exists and for that reason it is doubtful at this time, that any dances will be staged.

Gave 50 Per Cent

Last year the child welfare committee tendered the national association 50 per cent of the funds raised through the dances.

At the present time the trustees of the National Foundation for Infantile Paralysis have adopted a plan which would put the work of the foundation on a permanent basis.

After Jan. 30, or upon conclusion of the year's campaign, the foundation will establish permanent chapters embracing each county, each chapter to be made up of representatives from all of the communities that have played a part in the former drive.

Depends on Study

Whether or not the local celebration will be held or not, however, will depend on a further study of the new plan which, among other things, provides that the funds are

## 26 Shopping Days Till Christmas

LOOKING BACK TO CHRISTMAS 28 YEARS AGO—As a New Year gift, Uncle Sam was giving the people the parcel post. The Community Christmas celebration idea was launched. "There is no money trust," J. P. Morgan was telling the Pujo committee. Turkey was being sliced by the Allies after the Balkan War. People shocked by child labor scandal in N. Y. canneries. You could get the latest Mitchell car for \$2500.

## All Wards Present For Stake Session

JEROME, Nov. 24 (Special)—A well attended meeting of the representatives of all wards in the stake including Jerome, Jerome second ward, Carey, Richfield, Shoshone, Hagerman, Fairfield, Wendell, Gooding and Dietrich was held at the Jerome L. D. S. church Sunday afternoon.

Following an assembly meeting which convened at 1:30 p. m., the Relief society and the Sunday school classes held separate meetings in which class work was taken up following the opening exercises. At 3 p. m. a mutual meeting was held.
