# BORAH AND PITTMAN BELITTLE NEW ANTI-WAR PACTS

## FOREIGN EXPERTS SEE NO VALUE IN PAPER TREATIES

By FRANK McNAUGHTON  
 WASHINGTON, Dec. 8 (UPI)—Two of the most influential spokesmen on foreign relations in congress—Sens. Pittman, D., Nev., and Borah, R., Ida., chairman and deputy, respectively, of the senate foreign relations committee—expressed disbelief today in the value of Europe's new "war" treaties.

Other members of the committee shared their cynicism, notably Sen. King, D., Utah, who assailed "German insincerity." Borah described the agreements as "expressions of a day."  
 Skeptical evaluation of the new agreements between France and Germany and between Great Britain and Germany to use pacific means for settlement of disputes between those respective countries was based on previously broken treaties. The British agreement was signed at Munich in September; the Franco-German agreement this week in Paris.

"Expression of a Day"  
 "A treaty at this time seems to be but the expression of a day," Borah said.  
 "Poland was protected by treaties and betrayed alike by the democracies and the dictators who were signers of the treaties. The same is true of Czechoslovakia. The same was peculiarly true of Czechoslovakia.  
 "If it were only the dictators who disregarded the treaties, that would be bad enough, but the so-called Republics of Europe have joined in each instance in disregarding these treaties."

"There is at present no way, no rules by which to judge the effect of a treaty in Europe, and therefore it would be better to undertake to estimate the worth of a treaty between Germany and France."  
 "Sees Great Difficulty"  
 Pittman saw "great difficulty" in arousing any optimism in this country over the anti-war agreements. He was of the opinion that the Franco-German treaty "is no stronger than the Kellogg-Briand pact," an agreement of the major world powers renouncing war as an instrument of national policy in settling disputes.

"As far as the United States is concerned," Pittman said, "it can not afford to take a chance upon any bare statements that countries are going to abandon war."  
 "In this period, a signed statement is not taken as any more sacred than the most casual verbal assurances. Apparently they (treaties) are all made with so many mental reservations that they are frequently more deceptive than they are guarantees."

"Scraps of Paper"  
 King, expressing his opinions more candidly than either Borah or Pittman, said that the anti-war pacts signed by Germany were "scraps of paper—not worth the paper they are written on."  
 "Hitler cannot be trusted to keep his word," he said. "He is in league with Mussolini and Japan to destroy the democracies all over the world. This agreement with France is but a temporary move of expediency on Hitler's part. He will strike when he thinks the moment is ripe."  
 Sen. Nye, R., N. D., author of the neutrality act, also saw little hope for peace in the pacts. His only comment was:  
 "Why did they not just re-initiate the Kellogg-Briand pact?"

## GOVERNORS JOIN SILVER REQUEST

SALT LAKE CITY, Dec. 8 (UPI)—Gov. Henry H. Blood joined with other western governors today in a request to President Roosevelt that the price of newly-mined domestic silver be fixed at 77 1/2 cents per ounce, the price effective before this year.  
 Governor Blood, in a telegram to the chief executive, stressed the importance of such a step to the mining industry and to the general welfare of the west.  
 Govs. Barilla W. Clark of Idaho and Richard Kimman of Nevada sent similar telegrams to the President.  
 The unemployment situation in Utah, and the possibility that low metal prices might result in still greater unemployment, was stressed in Governor Blood's message.  
 "The importance of the silver price to a large proportion of the working population of this state is my reason for venturing to appeal for your favorable action," the governor's telegram contained.

POT SHOTS WITH The Gentleman in the Third Row

A Criminals' Paradise Idaho has much to learn when it comes to dealing with criminals, and management of the penitentiary during recent years has been anything but a credit to the state.

Scoop! It has probably worried you all your life, this matter of how does a witness feel after he completes his witnessing.

For such punitive laxity, Idaho has been criticized not only by law enforcement officials of other states, but by the federal bureau of investigation as well.

THE SENATOR REMOANS HIS PINK TIE HANDICAP! Dear Sir: My husband says the newspapers should spread out those articles about the trial.

Obviously, under such conditions, any seasoned criminal will recognize Idaho as an ideal state in which to operate. More serious than that, any potential criminal will learn by observation that his chances of escaping serious penalty in Idaho are the best in the land.

THE POT SHOTS America, Keep Your Hands To Yourself

Opportunity knocks with an air hammer in these days of modern machinery. The machine has increased a hundred fold the rewards for ingenuity. New evidence of this fact comes from a modest stove factory in Cleveland.

THE POT SHOTS America, Keep Your Hands To Yourself

Companies of ice skating girls from the northern states, Minnesota, Wisconsin, and Michigan, are touring the country and attracting large crowds to watch their ballet work. Hockey, unknown in the United States until a few years ago, is attracting record crowds. A popular book has been written about figure skating.

THE POT SHOTS America, Keep Your Hands To Yourself

Hans Brinker, whose silver skates carried him to a position of prominence in an boys' libraries a decade ago, is all but forgotten. The Dutch lad in leather breeches who raced on the Zuyder Zee did a lot for ice skating. But Sonja Henie, the blond darling of the movies; Hazel Franklin, who is 13 and looks like Shirley Temple, and others have brought skating from a mere pastime to a great spectacle.

# KILLER OF FOUR OLD MEN DIES IN ELECTRIC CHAIR

## MRS. HAHN ASKS FOR HELP DURING WALK TO DEATH

By RALPH C. TEATSORTH  
COLUMBUS, O., Dec. 8 (UP)—Son of Mrs. Anna Hahn, prisoner of four old men, died in the electric chair, her attorney, Joseph Hoodin, was asked: "Did she protest her innocence to the last?" Hoodin replied: "I won't comment on that."

"The question was rephrased so that the attorney was asked if Mrs. Hahn had admitted her guilt in the last hours of her life."

"I understood the question," Hoodin replied, "and I will not comment."

Certainly Mrs. Hahn was not protesting her innocence when the warden and three matrons brought her into the death chamber of the Ohio state penitentiary at 8 o'clock last night. Illegally, irrationally, she was pleading for her life with persons who could not grant it, crying out for mercy to persons who had no authority to be merciful.

Faint sobbing.

The first throes in the death chamber heard her, was a faint sobbing in the corridor outside, then the door was opened and she was there, between two matrons, and behind her were the tense, drawn faces of her counsel, Father John Sullivan, and the warden, James C. Woodard. Dressed in blue pajamas and a flowered brown smock which reached a little above her knees, she had little of the youthful appeal which had charmed the four old men whom she poisoned and their money. Her face was drawn and every muscle was taut and her blond hair was stringy. She looked many years older than her 32 years.

She took one step into the room, toward the chair, then collapsed. The three matrons, the warden, and a guard picked her up, carried her 10 feet, and put her down in the chair. For a second she sat tense, her eyes closed, while the straps were being tightened around her arms and electrodes were being clamped to her legs and head.

"Think of my boy!" she cried. "Don't do this to me," she cried. Her voice trailed off into moans, then rose again in frenzy. "Don't do it," she cried.

"The straps were drawn tighter and she writhed."

"Oh, please don't . . . my boy! . . . Think of my boy. Can't you help me?"

She and the three matrons were the only women in the room. The rest were men and her appeal to them was elemental. Her wild eyes jumped from face to face.

"Won't anyone help me?" she cried.

An instant of utter silence.

"Anybody . . . anybody . . . anybody!" Her voice rose with each syllable until it was shrieking.

"Isn't there anyone who can help me?"

At that point her eyes fell on Warden Woodard.

Calls Priest.

"Warden! Don't let them do this to me."

"I'm sorry, Mrs. Hahn. There is nothing I can do."

Next she turned to Father Sullivan.

"Oh, father, come close to me."

"Yes," said the priest, stepping forward.

"Oh, father, father," she begged, then suddenly practical: "Don't

## 14 Shopping Days Till Christmas

NEW CROSSWORD PUZZLE CRAZE HAD AMERICANS GOGGOLY...

## LOOKING BACK TO CHRISTMAS 14 YEARS AGO

The new crossword puzzle craze had Americans goggle-eyed. Photos were being transmitted across Atlantic for first time. . . . Chicago gangsters lavished lead and lip on gang leader Dion O'Brian. . . . Jazz operas and jazz ballets were popular in the east. . . . Salaried people were burning over publication of income tax lists. . . . Death of Sam Gompers marred holiday merriment.

"Our Father Who art in heaven. . . . Our Father Who art in heaven. . . . Hallowed be Thy name," said the priest.

As she repeated, the death mask was tied over her face. "Thy kingdom come. Thy will be done," she repeated, her voice noticeably calmer.

Pushes Electric Button

The warden had his finger on an electric push button. His hand tightened as he pushed it to signal three guards in another room to close three electric switches. One of the switches sent the current pouring through her body, sealing her lips at the word "us" in "deliver us from evil."

A minute later, she was pronounced dead and the witnesses filed out. Many of them were the worse for what they had seen and heard.

Mrs. Hahn's attorneys, who fought for over a year to save her from execution, planned to do something for her 12-year-old son, Oscar, just what they didn't know. They brought him to Columbus from Cincinnati, where he lived with his stepmother's family, during the last week of her life and attempted to get him in to Gov. Martin L. Davey so that he might ask the governor for his mother's life as a Christmas present. Davey, having decided that he would not be justified in commuting her sentence to life imprisonment, wouldn't see him.

## CROWNS DECIDED IN TABLE TENNIS

HAILEY, Dec. 8 (Special)—Jim Glenn and Madeline Mercer today held the Hailey table tennis championships for men and women—and sports fans of this area had decided that a new sport is definitely coming into the limelight.

Glenn and Miss Mercer won their titles in the city tournament staged Sunday and Monday. Plenty of rapid-fire play was uncovered in the matches, and four top-ranking Boise table tennis stars offered exhibitions that started spectators.

Men's doubles title was won by Glenn and Bill Briggs. Mixed doubles went to Betty Lou Thamm and Neil Campbell.

Women's singles final offered one of the most exciting games of the tourney. The final match was three out of five. All five games had to be played and the score was duce. At the end of the match the count was 26 to 24.

Favored Bill Briggs, slated to take the singles, was beaten by Tommy Winkie. In a walking victory, three games out of five, Glenn then won the final match from Walker.

Ranked among the major upsets of the tournament was the victory in an early round, of Madeline Mercer and Fred Allen over the favored Jim Glenn and Zoa Van Winkle.

A state open championship tourney is now being planned for Hailey.

Sawtooth Trees Bedeck Shoshone

SHOSHONE, Dec. 8 (Special)—Committees from the Chamber of Commerce are busy with pre-Christmas decorations and the streets are being rigged with wiring and young trees on an improved basis and already presents an inviting and inspiring scheme.

The club will engineer a turkey distribution on two occasions and two free picture shows are to be given, one a week in advance of Christmas to afford the youngsters an opportunity.

Trees were secured from the Sawtooth reserve and are from stock that was wadded out in order to advance growth of the remaining trees. Merchants of the village are co-operating in the entire program under the authority of the chamber.

Last season snow came in sufficient amount to create a "white Christmas" and everlasting points to a similar condition this year, as the weather is propitious, and there has been plenty of snow in the hills during the past few days.

ONTARIO TOBACCO BOOMS

TORONTO, Ont. (UP)—Ontario's 1938 tobacco crop was the largest in the province's history, the provincial department of agriculture reports. It amounted to 60,000,000 pounds and was valued at \$15,120,000.

## Cassia County Prepares to Vote on Community Choices

BURLEY, Dec. 8 (Special)—Rafters in seven different sections of Cassia county will vote next Monday, Dec. 12, on 1938 community committees and a delegate to the county convention which will pick a delegate to the agricultural conservation committee.

Meetings will be held at the Caulder school house, at the Malta L. D. S. church at the Elba L. D. S. church, the Oakley first ward chapel, the county courthouse at Burley, and the Declo high school. Each meeting is being held at the most centralized place for each of the seven different communities.

Three on Committees

The article of association for agricultural conservation program administration provides for a regular committee of three with two alternates. Also, there must be elected a delegate, who may be a committee man or who may not, to a county convention, who assists in the election of a county committee of three regular members and two alternates.

Delegates elected on Dec. 12 will assemble at the county office on Dec. 19 to elect the county committee. Newly-elected officers, however, will not take office until Jan. 3.

Anyone can vote at community elections who is going to operate a farm in 1939 and who files his intentions to cooperate with one or more of the various agricultural programs being administered by the conservation association. This would include farmers intending to comply under the 1939 sugar act program, the 1939 range program, the crop insurance program and possibly the wheat loan program.

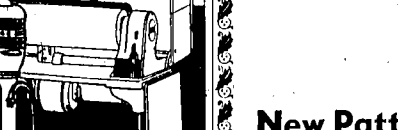

Members to be elected as committees must have qualified under one or more of the 1938 agricultural programs. No one can be elected at community elections unless they are in attendance.

A meeting of 1938 community committees was held at Burley on Tuesday of this week, at which committees were instructed by H. W. Cox, representing the state committee, relative to the conducting of elections. Also in the afternoon of this day, a public meeting was held with approximately 75 farmers attending at which the 1938 program was discussed and features

## C. OF C. THROWS MEETINGS OPEN

Widening the new policies inaugurated within the last month, Twin Falls Chamber of Commerce directors announced today that the general membership is invited to attend weekly meetings of the board.

Changing its regular Friday meeting place to secure more space, the board will meet tomorrow noon in the Rogerson hotel special dining room. President H. P. Fajen said any member of the C. of C., or any other businessman, may attend the luncheon sessions each Friday to present suggestions or criticisms.

The move was decided on as part of the chamber plan to keep its leaders in close touch with the general membership in a concerted effort to carry out constructive projects.

## FIRST AIRCRAFT BOAT LAUNCHED BY NAZI HEADS

By EDWARD W. BEATTIE, JR.  
 BERLIN, Dec. 8 (AP)—Germany's first aircraft carrier was launched at Kiel today, and christened Graf Zeppelin, as Nazis blamed "machinations of several Jews" for British government declaration, backed by a parliamentary vote, against surrender of colonies to Germany.

The ship was christened by Countess Brandenstein-Zeppelin, only daughter of the late Count Zeppelin who developed the Zeppelin dirigible. Adolf Hitler, army and navy leaders, and high Nazi officials attended the christening in addition to the thousands of ordinary spectators.

Carries 40 Planes  
 Displacing 10,250 tons, carrying 40 planes, the ship will bristle with anti-aircraft guns and will have a main battery of 16 six-inch guns as well as a plane carrier.

After launching thunderous "hells" for Hitler, Field Marshal Hermann Goering, air minister, made the principal speech. He paid tribute to German land, sea and air forces "in a restless, divided world."

Nazis recognized colonial developments in the house of commons as a set back.

The speech of Malcolm MacDonald, colonial minister, yesterday against arbitrary surrender of colonies was called in foreign official quarters here a surrender to popular sentiment in view of recent anti-German agitation throughout the world and particularly in British dominions.

**Little Hope at Present**  
 It was admitted that the British government had never publicly favored restoration of any colonies to Germany, but German official circles had long believed that Prime Minister Neville Chamberlain would be willing to negotiate at the first favorable moment.

Officials admitted privately that there was little present hope of progress in Germany's campaign for restoration of colonies.

At the same time they re-emphasized that Germany had a just claim to everything which was hers before the World war.

Informed sources expressed belief that colonial propaganda by Germany would not only continue but would be intensified with the unfavorable foreign statement on the colonial question.

 The West End Grange members were hosts at a miscellaneous show Thursday night in honor of Mr. and Mrs. Carl Schrock, 39 members of neighboring granges joining the guests. Each grange furnished a number on the program. The WPA end contribution to the program was a mock wedding put on by the Grange women.

With Mrs. Myrtle Short, Mrs. Ann Stocking and Mrs. Aurora Warr as honor guests 19 members and two guests of the birthday club met Friday at the home of Mrs. Short. The afternoon was spent quilting.

Mrs. Mary Barlow, Mrs. Ann Luoma, Mrs. Ella Corless, Mrs. Laura Moneur, Mrs. Clara Corless, Mrs. Inez Harris and Mrs. Thelma Peterson attended Relief society conference in Rupert Saturday. Sunday a large portion of the ward members attended the sessions.

Mr. and Mrs. A. V. Corless and Earl, who have been working for the state highway department, are now at the A. E. Corless home.

Mrs. Geo Langston and baby were brought home from the Jones hospital in Hurley Sunday.

 BURLEY, Dec. 8 (Special)—A program of unusual excellence and a delightful buffet luncheon combined to make a success of the monthly meeting of the lay-sisters of the American Association of University Women in Cornish hall, women's dormitory, at Albion Saturday. Forty members from Burley, Rupert and Albion attended.

During the luncheon, Harry Piper sang two songs, "Invitations" and "The Song of the Lord," accompanied by Mrs. Maye Anita Johnson. The boys' octet presented four numbers, under the direction of Clifford Mullen.

Girls in the physical education classes gave a colorful Portuguese peasant dance, under the direction of Miss Irene Buckley. Miss Narette Musser sang "Lil" and "Somewhere a Voice is Calling."

Tables were attractively appointed with silver and white tapers flanking a silver cellophane centerpiece and blue Christmas balls.

A rummage sale by the A. A. U. W. was planned for this month at Burley with Mrs. G. W. Sizemore in charge. The next meeting will be in Burley Jan. 14.

## LOW COST CITED ON POWER HERE

Cost of electricity in south central Idaho is 40 per cent less than the national average, the annual meeting of the Electrical Equipment Sales association was told here last night by C. J. Strike, president and general manager of the Idaho Power company system.

Costs in this area are also lowest for this whole territory, the Boise executive declared. He added that the amount of electrical power used is double the national average because of the lower rates.

The meeting attracted about 125 members of the EESA. H. Pote, Twin Falls, was chairman. He introduced Mr. Strike and also introduced A. E. Thomas, general secretary of the EESA. R. W. Carpenter, Twin Falls division manager of Idaho Power, also spoke briefly.

The meeting was held at the Park hotel. A. S. Gilbert, Twin Falls, secretary of the EESA here, was chairman of arrangements.

**LAW**  
 BOISE, Dec. 8 (AP)—Times have changed since 1927 but the state's Sunday closing law will go on forever unless legislative action changes it or takes it from the statute books, the supreme court ruled today.

In a test of the law, brought by the inspectors of a drive-in market who had been fined \$50 each for staying open Sundays, Justice James F. Aishle of the high court wrote that the constitutionality of the law had gone unchallenged for 32 years and there is no reason to change it now.

"If the Sunday closing law is antiquated, wrote the justice in an opinion joined by his associates, the legislature is the place to seek redress."

**All-Male Cast Considered on Musical Offer**  
 HAILEY, Dec. 8 (Special)—If present plans are carried out, the Wood River Junior Chamber of Commerce will stage in unusual fashion the musical comedy which has been presented in other school communities in more orthodox manner.

The Jaycees plan to use an all-male cast in "Coast to Coast," figuring that they can gather an all-male chorus and can find four men who can successfully handle the quartet of feminine roles.

Percy Nelson, Mason City, Ia., will direct the play, which will be staged before Christmas with performances tentatively listed for one night at Hailey and one at Ketchum.

The all-male chorus, if finally carried out, would provide a unique highlight. In addition, there would probably be a chorus of several Wood river valley girls.

### BEET UNIT PICKS BOARD, OFFICERS

Official staff and directorship of the Twin Falls County Beet Growers' association had assumed office today for the coming year with eyes set on making every Idaho move to secure adequate acreage and to fight larger off-shore sugar quotas.

The officers were named at Tuesday's annual meeting. Carl Leonard was re-elected president; Vern Krieh, Buhl, replaced Fred Lutz, Peavey, as vice-president, and J. A. Claborn, timberly, was re-elected secretary-treasurer.

Here is Board

The board of directors consists of these:

Glenn Briggs, Murlaugh; Noel Bailey, Curry; Ed Olmsted, Twin Falls; O. W. Johnson, Murlaugh; L. E. Wilson, Hansen; Vern Krieh, Buhl; Carl Leonard, Piler; Fred Lutz, Peavey; Matt Schmidt and Carl Macmillan, Twin Falls. Briggs, Bailey and Olmsted are new directors and the others were re-named.

Leonard, in the president's summary of 1938 activity, cited as major items the association's efforts to ward solving labor problems and to ward favorable contracts on beet. He explained the Amalgamator's contracts to growers.

Most Valuable

Beets are this county's "most valuable cash crop." County Agent Harvey S. Hale informed the annual party. He said that Twin Falls county ranchers contribute 100 per cent of the tillable acreage in beets.

Hale declared that phosphate made by the TVA is equal to the commercial fertilizers used on beet lands.

Freston Ellisworth, Lewisville, president of the Idaho Beet Grower association, told the best producers that although Sen. William E. Borah has said Idaho will get 1,000 acres of the 100-acre crop in 1939 reserved by the USDA, the 1939 acreage will still be less than the total this year. Fight against such acreage cut has emerged in the past week as the major effort of south central Idaho beet groups.

Leonard was named director of the state association and Claborn director-at-large. Both will attend the state association meeting Monday at Pocatello.

ler, representing the national Red Cross. He has been assisted by employees of the county offices. Classes will be conducted Friday of this week at the high school building.

### ENROLLMENT AT UHSB HITS HIGH

POCATELLO, Dec. 8 (Special)—A new high in enrollment at the southern branch of the University of Idaho was reached last week with a total registration of 1,104 students, compared to 1,024 at the same period last year, an increase of 80 students. The division of letters and science jumped from 533 to 619, an increase of 86 students. The enrollment in the college of pharmacy went from 134 to 150, an increase of 16. The division of engineering was increased only slightly and the division of vocational education dropped from 200 last year to 178 this year.

With the tuition scholarships to be offered for the first time next semester in piano, voice, violin, cello, woodwind and brass instruments the enrollment in the music department should be considerably increased, according to Dr. John R. Nichols, executive dean.

Total enrollment since the institution was changed from the Idaho Technical institute to the southern branch of the University of Idaho in 1927 has increased 82.6 per cent.

### Jerome Plans Yule Fun for All Children

JEROME, Dec. 8 (Special)—Joyful Christmas of Commerce members had completed plans today for an especially good time for all school children of Jerome and vicinity. They will send a card to all children inviting them to come to town and receive a sack of candy and a gift on the day before Christmas.

Approximately a quarter ton of candy and 1,800 toys have been ordered by the organization to be given away to the children who register in the cards.

Songs from Tree

In addition to the elaborate and colorful Yuletide decorations, a sound system has been installed at the top of the Christmas tree at the intersection of Main and Lincoln streets in the downtown section of Jerome where children may seek him out and give him their house and street numbers.

Santa Claus has "agreed" to be present on the two Saturdays before Christmas and will be available in the downtown section of Jerome where children may seek him out and give him their house and street numbers.

In conjunction with these holiday plans for the Jerome boys and girls, the Jaycees are also busily engaged in completing arrangements for their big annual Christmas kids' party.

Need More Toys

It has been learned that more toys are needed to help fill the sacks for the Christmas eve party being planned by this body and persons are urged to donate their old broken, new or used toys as soon as possible.

Donations will be accepted through the toy bottle fund and money will be used in the purchase of candy, fruit and nuts for the kids and will also go to purchase decorations, including the broken toys. Further drives for toys will be made within a day or two and it has been announced that arrangements have been made to come and get them.

Through the courtesy of the Vortic theater at Jerome a free show ticket is given each child.

Illness is a sign of extreme potholness in Japan.

### Applications being Accepted For Entrance in NYA School

Applications for admittance into the works experience project of the national youth administration at Twin Falls were being accepted here today by L. W. Folsom, south central Idaho NYA director. This area, composed of six counties, will send 20 boys between the ages of 18 and 24 to the project on Jan. 7.

Definite announcement of the type of work experience to be offered shows that general construction and carpentry will be taught for the first six months. After that they will be opportunities offered for work experience in metal working, motor mechanics and machinist work. This work experience project is one of the 11 regional projects which have been established in United States and is the second one to be started. The first was in Virginia.

Result of Survey

These projects, according to Mr. Folsom, are being established as the result of a survey conducted by the national youth administration in this area and elsewhere which showed "that the reason so many youths are out of employment is that they are not specifically trained in any particular vocation and also that a great many youths did not know what they wanted to do. These factors resulted in youths taking jobs for which they were not fitted, and never would be, and they are out of employment as the object in these works experience projects to allow the youth to try his skill at various vocations and by guidance and counsel to help him determine just where he is best fitted.

"These projects," Folsom continues, "are being greatly assisted in their operation by the state vocational education department under the direction of William Kerr and Tom Walscott, whose department supplies the greater number of teachers on these projects, thereby giving the youth the best possible instruction and guidance."

"Any youth between the ages of 18 and 24 whose parents are receiving some form of public assistance, or whose parents comprise the 'low income' group, or who has no home in this section, who is physically and mentally fit, is eligible to make application after he has been certified by the department of public assistance." Mr. Folsom states.

In Burley Monday, Tuesday

For further information, Mr. Folsom may be contacted at his office in the county building across from the Twin Falls American Legion hall.

Monday and Tuesday, Dec. 12 and 13, Mr. Folsom will be in Burley and can be contacted at the National hotel. During this trip Mr. Folsom will also cover Minidoka county and applications may be left with the department of public assistance in Rupert. Thursday, Dec. 15, he will be in Jerome, Wendell and Gooding and may be contacted at all department of public assistance offices. He will be at his office in Twin Falls on Wednesday and Saturday, Dec. 14 and 17.

### MINIDOKA'S BEET MEN PICK CHIEFS

RUPERT, Dec. 8 (Special)—The annual election of the Minidoka County Beet Growers' association was held Monday. Those chosen to serve on the board of directors are Maurice E. Willis, Angus MacRay, Don Hardin, Russell Bowman; J. A. Handy, Ray Whiting and S. W. Beck.

Willis was elected president of the board and also representative to the state association. MacRay was elected as the other representative and S. W. Beck was elected to serve as secretary-treasurer.

Honoring their 20th wedding anniversary, a group of friends surprised Mr. and Mrs. Harvey King at their home Sunday by coming with a pot-luck dinner and spending the afternoon.

Miss Emma Platt has returned from Nebraska. She spent the weekend visiting at the home of her sister, Mrs. Emil Hahn. At present she has employment in Twin Falls.

### Jerome J. C. Toy Drive Continues

JEROME, Dec. 8 (Special)—At their Monday evening dinner meeting at the Wood cafe, the Jerome Jaycees enjoyed one of the largest attended gatherings since their organization here.

Announcement was made by Owen Davis, chairman of the annual Christmas kids' party.

H. B. Roberts, chairman of the pick-up committee for toys, read a itemized report of the toys collected since the first two drives. He also announced that further drives will be made each week since there is further need for more toys.

Clark Heiss, chairman of the project, stated that the skating rink will be ready for use as soon as one or two of the high spots are removed.

### AWARD WILL TOP SCOUTERS' MEET

Presentation of the silver award—highest honor for scouts central Idaho service to boyhood—will be one of the top features at the annual council meeting of the Snake river area, Boy Scouts of America, Scout Executive Gordon Day said this afternoon.

Name of the man chosen for the honor will not be announced until the meeting, which is set for 7 p. m. Friday in the Presbyterian church basement.

**Davis Presents It**

Dr. J. N. Davis, district commissioner, is to present the award. The recipient has been chosen for outstanding service to all boyhood in his own district and the surrounding territory.

Henry Dworshak, congressman-elect, is to be chief speaker at Friday night's gathering. He will discuss phases of the Boy Scout program and the benefits to youngsters who take part.

The Presbyterian ladies' aid society delegates will elect officers for 1934. I. E. Joslyn is chairman of the nominating committee.

**Hill Presides**

Wilbur S. Hill, Twin Falls, area council president, will be toastmaster; Rev. E. Leslie Hollis, Episcopal pastor from Rupert, will offer invocation; James Reynolds will lead community singing, accompanied by Miss Lucille Norrell; the Twin Falls Boy Scout drum and bugle corps will furnish music.

The Presbyterian ladies' aid society will serve the dinner. Tickets may be secured from district chairman of the area Scout headquarters in the Bank and Trust building.

### Grade School Prepares for Art Exhibit

Building up to interest in the art exhibit of 10 copies of famous master paintings to be shown at the Lincoln school play room beginning Monday are various appreciation projects now underway in each class.

Carth Reid is in charge of arrangements for the showing of the copies at the Lincoln school.

The exhibit at Lincoln will conclude the stay of the art copies in Twin Falls. They have previously been shown in the Washington, Bickel and junior high schools. Funds collected from the nominal admission prices are to be used to purchase a picture or pictures for the schools.

**P.-T. A. Meeting**

Climaxing the showing of the paintings at the Lincoln will be the program arranged for the P.-T. A. Thursday, Dec. 15, from 7 to 8 p. m. Parents are also urged to visit the exhibit at any time during school hours. Mr. Reid and Miss Beulah Way, principal, announced.

Some of the more famous and popular pictures to be on display, according to those arranging the work, are:

"Call of Allah," a desert scene of masses of verbenas against a background of sagebrush, by F. Grayson Sayre; "Goose Gander," a childhood picture of the nursery rhyme type by the American artist, Albert Hencke; "The Oregon Trail," a picture with much western color, by Robert Gray Amick, also an American artist; "Blanket of Snow," a snow-covered landscape by the Russian, Ivan P. Sopotnik.

Always of interest to small children is "The Birth of the Flag," showing Betsy Ross at work upon the national banner, by Henry F. Mosler; religious type pictures are represented by "Madonna del Granduca" by the famous Raphael, and "The Infant Samuel," by Reynolds.

Many more of like fame and skillful workmanship to make up the 100 in the collection.

### "Every Winter Had Terrible Colds"

**Nurse's Grateful Letter**

"I want to thank you for the wonderful cough and cold medicine, BUCKLEY'S MIXTURE, that I bought for my little boy last winter. For the old gentleman whom I am taking care of, he had terrible colds every winter. The first dose helped, and after the third dose cold was gone—it does such quick work." Mrs. C. Davis.

Don't take chances, for even the most stubborn, racking cough wittily yields to the beneficial influence of BUCKLEY'S MIXTURE (triple acting), the best medicine for whooping cough, colds and bronchitis in all of cold Canada. Get a small bottle at any drug store. Anywhere, fair and satisfaction guaranteed always. Kingsbury Drug.

### ITALIANS MASS ARMY FOR SPAIN

TOULOUSE, France, Dec. 8 (UP)—Italy is massing troops in the Pyrenees frontier region of Spain, reports reaching here today said.

It was believed here that the movement presages a new major drive by the insurgents, with Italian aid in a final effort to overwhelm the loyalists.

(A Barcelona dispatch said the commissar general of the loyalist army had ordered all commissars awaiting assignment to report immediately and urgently to headquarters, indicating the government's expectation of a nationalist offensive.)

The Italian concentration in the north began Nov. 22. Travelers able to reach France despite the closing of the frontier said strong contingents of Italian motorized troops, artillery and tanks are quartered in Rioja province, with 10,000 Italian troops quartered at the town of Logrono and others elsewhere in the north.

There was no clue to where the nationalists would strike. It was thought the offensive might be against Madrid, an attempt on vital life line between Madrid and Valencia, or a drive eastward from Lerida towards Barcelona.
