ADDITIONAL SEALS ASKED BY MANY

Requests for extra quantities of seals, in addition to those they have already bought through the mail sale, are being made in "gratifying" numbers, according to Mrs. Or Chapman, chairman of the Twin Falls county Anti-Tuberculosis association.

One local cafe is placing the bright-colored, quality designed Christmas seals on all menus, calling attention to each guest at the coffee shop the fact that the annual campaign is well underway.

At least one dairy is attaching Christmas seals to the caps of milk bottles, and furthering the appeal "Help to protect your home from Tuberculosis."

The slogan appearing on this year's stamps. One large department store sent in a request for additional stamps, and seals were received in the mail.

Two local hostesses, entertaining recently, found an especially effective way to utilize the health-saving seals. They attached them to small white cards, used as place markers and tallies.

These are only a few of the many uses being made locally of the Christmas seals.

"A seal on every package and letter" is the slogan of the Christmas seal sale, and there is abundant proof of its being effectively carried out.

All business firms or individuals desiring additional seals are requested to notify Mrs. Chapman or Mrs. H. E. Deeks, mail sale chairman, and they will be mailed at once.

BEAN PURCHASES SUPPORT MARKET

Purchases of beans through the local offices of the federal surplus commodities corporation is "supporting the market," it was announced today at the headquarters located in the county agent's office at the courthouse.

The buying program, initiated to help move surplus Great Northern in southern Idaho, has been changed to a weekly basis on the offer and acceptance plan. Orders are to be submitted by 11 a. m. each Thursday by growers and warehousemen. Acceptance or rejection then is made that afternoon. Thus far acceptance has been the rule.

The surplus commodities corporation stepped into south central Idaho at request of growers. Similar buying is underway in Michigan, and the government believes that moving of surplus beans from the key states of Idaho and Michigan will benefit growers in all bean producing areas. Buying is done at market levels.

FARM ELECTRIC PROGRESS TOLD

Hobart Beresford, chief of the agricultural engineering department of the University of Idaho at Moscow, was principal speaker as members of the Adequate Wiring association met at the Idaho Power company auditorium here Wednesday night.

Mr. Beresford chose as his topic for discussion "Electricity on the Farm," and told of improvements which have been made in this service during the past few years.

After the visiting speaker had concluded a round table discussion was held and was led by J. C. Enderidge of the Idaho Power company who discussed the necessity of co-operation and at the same time the importance of bringing about a better understanding for public safety in adequacy in wiring. Other speakers included Cliff Emerick, O. L. Clark and H. E. Fiedel of Twin Falls; Fred Pollard of Kimberly.

Next meeting of the group will be held at Jerome on Wednesday evening, Dec. 21. Principal speaker at that time will be W. A. Hopper, Boise, a prominent electrical contractor.

Presiding at the meeting last night was Mr. Pollard. Merrill Shotwell is secretary-treasurer of the organization.

Revellers from Five Cities Attend Dance

To the strains of "O, Those Golden Slippers," a group of dancers intrigued 70 couples with the graceful measures of the quadrille, Revolutionary day favorite, as the opening number of the floor show presented last evening for the L. D. S. dancing club. The "strut" version of the Lambeth Walk was the second number on the program, presented at intermission.

Guests were present from Kimberly and Twin Falls, and the event was the third of the winter series of social dances arranged by the club. Chief Barrow presided as master of ceremonies for the evening, and James Beverly called the dance figures for the quadrille. At the conclusion of the Lambeth Walk, the dancers beckoned the attendants to join in the number, and led a double circle of dancers around the Roundland ballroom, softly illuminated for the occasion.

Girls in the quadrille were formally gowned, and the girls in the Lambeth Walk wore white skirts and blue and orange sweaters. Quadrille dancers were Miss Leona Rea Hughes, Miss LaDene Stokes, Miss Betty Spraker, Miss Virginia Tabor, Bob Jenkins, Wayne Stokes, Don Tolson and Frank Lawrence.

FAMILY EVENT PLANNED BY CLUB

A post-lark luncheon will entertain members of the Shamrock club and their families at the Community church Dec. 29. These plans were made when the group met yesterday afternoon at the home of Mrs. Willbur Loucks.

The annual gift exchange was conducted and refreshments in the Christmas motif were served. The club decided to send magazine subscriptions to the county farm at a Christmas gift. Mrs. Anderson was program chairman. Mrs. Floyd Brady and Mrs. Loucks were contest winners.

Morning club members assembled for a Christmas party Wednesday afternoon at the home of Miss Mary Klein. Miss Frances Henscheid was assistant hostess.

Luncheon was served at one large and one small table, flanked by red tapers. Following luncheon, the afternoon was spent at Kensington. Miss Henscheid played the accompaniment for the community singing. Christmas decorations, with a large tree, lent gaiety to the rooms.

Mrs. Josephine Klein, Mrs. Dorothy Henscheid, Mrs. Guy Thompson, Miss Hess and Mrs. Johnston, Iowa, were guests of the club.

Supreme Forest Circle Launches Dancing Series

Another gala occasion of the pre-holiday season, was the dancing party at which the Supreme Forest Woodmen Circle entertained last evening at the Odd Fellows hall.

The event was the first of a series of dances, the second one to take place Dec. 27, also at the L.O.F. hall. Approximately 45 couples attended the affair, dancing to music by the Twin Falls orchestra.

Refreshments were served, under the direction of Mrs. Guendola Lohr and Mrs. L. G. Gilkey. Mrs. Jennie Harrah, Mrs. Elizabeth Atkinson and Mrs. T. J. Lloyd were in charge of the dance arrangement.

FOUR-YEAR-OLD PRESIDENT AT PARTY

"Sippy" Spracher, four-year-old son of Mr. and Mrs. Jay Spracher, celebrated his birthday anniversary yesterday afternoon with a jolly Christmas party.

Stockings, filled with candies and gifts, were arranged for each guest on the mantle. Following an afternoon of games and contests, refreshments were served at a table centered with a decorated birthday cake bearing the appropriate number of candles.

Candy favors marked each cover, and the decorations were in red and green. An illuminated Christmas tree dominated the setting for the event.

The young host's guests were Patty Scott, Shirley Fullmer, Bailey Green, Donna Osmond, Beverly Vaughn and Ruth Whitehurst.

Mrs. Wendell Frankum assisted Mrs. Spracher in entertaining the guests and serving refreshments.

DEPOL NOVEL STUDY COMPLETED

Second ward Relief society of the L. D. S. church concluded the study of "Robinson Crusoe" at a literary meeting yesterday afternoon at the church.

Mrs. Beulah Newman gave the review and Mrs. Grant Kilbourne led in a discussion on DePole's work. Mrs. Roy Jenkins presided, Christmas carols were sung, and nearly 25 members attended.

The annual Christmas program and gift exchange will be presented next Thursday, it was announced. Each member is requested to bring something for the boxes which will be packed for the needy.

Plans for the Camp Fire Girls' Christmas party for underprivileged children the afternoon of Dec. 21 at the Sibley Frazier library were occupied a number of the Camp Fire girls at meetings this week.

Members of the Watoosey group discussed rank requirements as they met at the home of Alice Harrah. Gifts were assembled for the Silepoo Children's home and party plans continued.

Watoomey members also filled stockings for the party as they met at the home of the guardian, Mrs. Edward Rogel. Eleven were present for the meeting.

Anyone buying Electric Razors at Diamond Hardware will have the advantage of EXPERT assistance in getting a dry shaver that will fit HIS particular beard.

FARR-NOVA A FIGHT MAY PRODUCE WHITE HOPE

Coast Heavyweight Underdog Against Off-Beaten Tommy

NEW YORK, Dec. 16 (U.P.)—Fight astronomers will lug their instruments into Madison Square Garden tonight to record the possible discovery of a great new heavyweight star, as handsome young Lou Nova tries to knock out Tommy Farr, the Welsh "mule man."

If Nova can beat him impressively, he will be hailed as the new "white hope," the million-dollar baby, the man of destiny—who may ultimately destroy the mighty Negro champion, Joe Louis.

Unfortunately Nova is rated the underdog in the betting because of his lack of professional experience as compared to the 156 commercial fights in which Farr has engaged.

Farr last three straight bouts on American soil—to Louis, Jim Braddock and Maxie Baer. But he lasted the distance in each. The Welsh can mixer shook off the explosive blows of the Brown Bomber, the Cinderella Man and the Livermore Lothario.

Farr Must Win Under the betting men figure that Farr will be undamaged by Nova's sophisticated left jab and hammering right short.

This should be a grand brawl in which Nova, determined to become the heavyweight challenger, inspired by his zestfully brawling, faces the desperate Farr, who knows that if he suffers a fourth straight defeat on American soil, he can pack his bags and go back to the coal mines in Wales.

Badgers Hope For Good Cage Season MADISON, Wis. (U.P.)—Coach Howard E. Foster has a rangy but inexperienced University of Wisconsin basketball team this year that may develop into a strong competitor when the Big Ten season gets underway in January.

Sex Equality MELBOURNE (U.P.)—A club of 100 members at Melbourne University has established sex equality by a provision prohibiting its male members from buying tickets for women at student entertainments and its women members from allowing their escorts to pay for them.

McSpaden, Geertsen Lead Play in Miami Tourney

Packer Pitcher Takes to Air Lanes

Cecil Tebbel, top left, leaps into the air while getting off a pass to Layland Becker which was good for a total of 66 yards for the Green Bay Packers in their championship battle with the New York Giants in the Polo Grounds. The play set the stage for a Packer touchdown, but the Giants won, 23-17.

ARCADIA, Calif., Dec. 16 (U.P.)—The whisper that Seabiscuit may snub the California winter season in favor of easier pickings in Florida became a shout today as the 1938 American champion threw top weight of 134 pounds for the fifth running of the Santa Anita handicap.

Seabiscuit Draws Top Weight of 134 Pounds

The load was one pound more than the son of Hurd-Tack ever has totaled, five pounds above the California scale for a mile and a quarter, and six pounds more than the package banded second-weight Stagsband, who won the \$100,000 stakes from Seabiscuit by a nose a year ago.

Utah Redskins Defeat USB POCATELLO, Ida., Dec. 16 (U.P.)—The University of Utah basketball squad, warming up for the approaching Big West conference schedule last night came from the appointment to whip the University of Idaho, southern branch, 38 to 29.

Acquiesce Drive Weiber LOYALTON, Utah, Dec. 16 (U.P.)—Utah State last night overhauled Weber Junior college, 50 to 28, as two former Weber stars contributed 12 points each to the Aggies' total of the first half.

Sport Squibs

Looking Back on 1938 in Sports— Another year of sports activities draws to a close—and once again it is a year of record-breaking activities.

Of national prominence, Hammer's Henry Armstrong was probably the outstanding figure—but only by a close shade over Don Budge in the amateur tennis world and Johnny Vander Meer in professional baseball.

The next closest youngster put a punch into the fight game for the tiny battlers and the chances are that he will go down in history as one of the greatest ringmen in history.

The amateur tennis section of the world, Don Budge accomplished something that will probably stand as a record for some time to come. He won the French, British, Australian and American tennis crowns—the grand slam of the game, comparable to Bobby Jones' capturing of the British and American amateur and open titles in one year.

Vander Meer, a youngster with the Cincinnati Reds, did what no other pitcher in the 20-year history of organized baseball has ever been able to do—pitch two successive no-hit, no-run games. That, in our opinion, is not to stand out and go unchallenged longer as a record than either of the two achievements listed above.

In Idaho, Dole won the state basketball championship and the football title in the Big Seven conference, longest log in the state. Bull went undefeated in capturing the Big Six grid championship and turned in with the only unscathed major team record in the state.

Looking back at the year, these things stand out in our memory: Biggest thrill of year (despite the fact that we didn't see the game)—When news came over the wire that Johnny Vander Meer had pitched his second successive no-hit game.

Best blocking of year—By whole Twin Falls team as Myron Dossett returned a punt 60 yards through a maze of players without being touched.

Biggest sports news in Idaho—Announcement of the return of professional baseball to this area—as first announced in the Idaho Evening Times.

Received most publicity during year—Jimmie O'Brien and his high-scoring Indian football team. The club ran up big scores against all opposition—until hitting Boise and going down to defeat.

Thing that gladdened many a heart—Climb of Idaho gridiron club to a higher power in the Pacific Coast conference, after many years as a stepping stone on the lower run of the ladder.

Most tragic note—Death of Frankie Damico in Twin Falls light ring during the first card he promoted here for the American Legion.

Sammy Sneed Falls Behind On 1st Day

MIAMI, Fla., Dec. 16 (U.P.)—An old golf axiom says that first round leaders seldom become titleholders and today it was reflected in odds offered against either Harold Gadd McDiarmid or John Greetie's winning the Miami Open championship.

The books do not like a front runner of the fairways. They believe it is harder to take the lead and hold it from the start than it is to snatch victory in a hot race in the stretch. So the price-makers were not only willing, but eager, to lay 12-1 against McSpaden, Winthrop, Mass., pro, and 60-1 against Geertsen, a newcomer to the eastern winter circuit from Salt Lake City.

These players were held at 16-1 and 200-1 respectively before they fired four-under-par 66's and took a two stroke lead over a star-studded field of 200 in opening 18-hole rounds yesterday. Their scoring brought a sharp reduction in their odds, but there were half a dozen others within easy striking distance whom the bookies feared more.

Defending Champion Sam Sneed of White Sulphur Springs, W. Va., leading money winner of the year, was 10 strokes behind the pace with a 76, but remained the favorite.

The odds against him were raised a point to 6-1, Stamin Sam, who already has set a new record with more than \$10,000 earned since last Jan. 1, might be counted out now were it not for the fact that he carded a pair of 68's on his last two rounds last year to win the title with a 13 under par 207.

Second choice for the \$2,500 chunk of the \$10,000 prize money was Johnny Revolta, Chicago, runner-up to Sneed in earnings this year. Revolta was held at 7-1 as a result of his 70 yesterday.

ODDS AGAINST Despite its seeming frequency, statisticians report there is only one chance in 600 of a race ending in a dead heat.

WALLACE BLASTS SUBSTITUTE FARM AID PROGRAMS

SAYS ALL PLANS OFFERED WOULD BE 'DISASTROUS'

WASHINGTON, Dec. 16 (UP)—Secretary of Agriculture Wallace today declared that agricultural measures proposed as substitutes for the existing program would prove "disastrous" to the country and "would ultimately collapse from the excessive cost."

In his annual report, Wallace set forth mainly to the proposal that the government guarantee a "cost of production" price for farm products consumed in this country and "dumpy" surpluses on foreign markets at the world price.

The report reviewed the activities of the agriculture department during the fiscal year 1938.

Large portions were devoted to a defense of the agricultural administration and the soil conservation, farm tenancy and correlary programs begun in recent years.

"Savior of Democracy"

Economic planning, Wallace said, "is the savior rather than the destroyer of democracy in times like these." As a result, he asserted, the country has found "peace" through "instrumentalities" that are being used to bring about "totalitarianism." He declared there is a trend toward "dictatorship in this country."

The report was made less than three weeks before the 80th congress begins its work amid "unprecedented demands from Republicans and some Democrats that the newest AAA must be amended drastically or repealed."

It followed a special referendum at which rice and light tobacco growers rejected AAA marketing controls. Cotton growers accepted them, however.

The secretary made only vague references to possible legislative recommendations.

He did, however, recommend enactment of processing taxes to provide "a continuing source of revenue for parity legislation."

"Such a tax is one important thing missing from our present farm program," he said.

It cannot be certain "farmers cannot be certain that the parity principle established by congress will be maintained... until some arrangement is made whereby the particular commodity concerned bears at least a part of the cost of financing its own program."

"Agitation continues for the diversion of basic agriculture commodities into foreign trade under two-price systems," Wallace said. "Ten or fifteen years ago the plan might have worked temporarily. The thought then was that an inconvertible and unexportable foreign market would allow goods to be dumped on it indefinitely. There is no basis for entertaining that thought now."

"Plans that called for immediately greatly increased agricultural exports could not be considered, because countries would raise their tariffs to would exclude unwanted supplies through quotas and embargoes. World prices would fall. Taxes in the United States would have to be fixed at high levels so that the farmers could break even. There would be loud protests from the consumers."

Not Practicable

"Unlimited export dumping with losses charged to the domestic consumer, is simply not practicable. If tried as a complete substitute for the present farm program, it would be disastrous both for agriculture and the other groups in the nation whose welfare is bound up with that of agriculture."

"Some current plans, such as those that would guarantee payments equal to the difference between actual and parity prices on domestically consumed portion of the crops and leave export expansion unchecked, ultimately collapse from the excessive cost."

Yuletide Frolic Enjoyed at Club

FILER, Dec. 15 (Special)—The Filer Woman's club met Wednesday at the Methodist church basement, for a Christmas frolic. Christmas carols were led by Mrs. I. A. Wood. Due to the absence of Mrs. E. T. Albin, Mrs. Harry Hamerquist read the minutes of the previous meeting and had charge of the "merry" coupons.

Mrs. M. J. Macaw, chairman of the civic committee, reported the community Christmas tree located on Main street would be decorated with Christmas lights. Mrs. A. E. Beem, chairman of the Girl Reserve committee, reported there would be several "frank parties" for members of the Woman's club in order to raise money for the Girl Reserve.

Rev. J. Herr gave an interesting talk on the significance of Christmas. Mrs. N. L. Larsen told of an interesting Christmas she had had in an unfortunate family many years ago. Mrs. T. Dan Gannon, a nurse during the World War, told of her Christmas 29 years ago.

Euburn brings his Boys' chorus with "to the cold wet weather, but on the whole, are in unusually good shape. Lambs have been moving to market rather slowly, due to low prices and to the slow gain made while on feed during November."

RANGE CONDITION ABOVE AVERAGE

BOISE, Dec. 16 (Special)—The cold weather which prevailed during most of November, resulted in a lower condition of Idaho ranges on Dec. 1 than a month earlier. Although the ranges did not maintain their unusually high condition of Nov. 1, they are still far above average for this time of the year.

Hay and grain feeds are expected to be ample for all requirements this winter. The supply of pasture feeds was large, but the quality of some of the feed was impaired by the freezing November weather.

Cattle condition declined only slightly during November. Most of the fat stock will be marketed in prices considered satisfactory to most cattle men. Many cattle feeding operations are still profitable, although the desirability of feeds to meet the demand.

Sheep lost some flesh during November due to the cold wet weather, but on the whole, are in unusually good shape. Lambs have been moving to market rather slowly, due to low prices and to the slow gain made while on feed during November.

A Boy Scout troop will be formed here soon, according to plans made Monday at a meeting of members of the L.D.S. ward and Gordon Day.

Mrs. C. Weinberg was hostess Monday at her home for several friends in honor of Mr. and Mrs. Dwight Hury's 25th wedding anniversary. A silver platter was presented to the Hureys. About 15 guests enjoyed a social evening.

CLARK OPPOSES MERIT SYSTEM

BOISE, Ida., Dec. 16 (UP)—Gov. Barzillai Clark today opposed, in a prepared statement, Governor-elect C. A. Holt's plan for a merit system for appointment of all state officials.

The governor said: "I believe in merit for it is the means by which we insure our democratic government and progress. It is the process which insures that many people, instead of a few people, will take an interest in public affairs and we thereby receive constructive ideas which will aid in the progress of our state."

"Such things can be non-partisan, but they are non-political. Politics is a slower process than dictatorship, but it is the only firm foundation for good government."

MURTAUGH FDR THIRD TERM

WASHINGTON, Dec. 16 (UP)—Secretary of Interior Ickes declining to run for mayor of Chicago, said today he believed President Roosevelt could be re-nominated and elected for a third term.

His third term comment, he said, was on the basis of reports from many sections of the country which convinced him that "the reactionaries in his (Roosevelt's) own party are likely to make his reelection inevitable."

"If the New Deal is to go forward in the service of the people of good will," Ickes said, "it is my belief that in 1940 it must nominate and elect a liberal candidate for president and give him a mandate upon a liberal platform."

The interior secretary, explaining his refusal to run for mayor was based on a presidential request, asserted that a Progressive Democrat, if elected in 1940, could lead down the structure of liberal government feared by Mr. Roosevelt.

Using almost identical language with that employed by President Roosevelt's Nov. 4 speech for Gov. Herbert Lehman of New York, Ickes declared that he would not "Taft liquidated the square deal of Theodore Roosevelt."

LAY-OUT SPEEDS ON H. S. ANNUAL

"Dumpling of the high school annual, 'The Coyote,' for the engraver, is progressing in efficient manner," Miss Gladys White, faculty sponsor, announced today. It is planned to have the first half completed by the middle of next week and the remainder will be ready by the first week in January, following the Christmas holidays.

Most of the juniors have had their pictures taken and the remainder will continue next week. Appointments will then be available from Christmas to New Year's for the juniors and seniors with the sophomore year. Sophomore pictures will be taken from Jan. 3 until Jan. 20. Four will be taken at a time with the finished picture showing as an individual photo.

Photographing of the faculty members will also be conducted from Jan. 3 to Jan. 20 with the teachers taken while at work in their rooms.

Beginning in February the assembly of write-ups will take place with the staff planning to have the book ready for distribution by May 1.

Rebels Agree to Restore Rights to King

EX-MONARCH OF SPAIN TO HAVE LAND RETURNED

By MANUEL CASARES
 BURGOS, Spain, Dec. 16 (AP)—The national government, at the suggestion of Generalissimo Francisco Franco, has agreed to restore all civil rights to former King Alfonso, it was announced today.
 In effecting the restoration, the government announced also that it regarded as invalid laws which the Spanish parliament enacted before the civil war, depriving Alfonso of the right to live in Spain and of all his properties.
 This action was taken as the government awaited good weather to start a gigantic offensive against the loyalists in eastern Spain—one which, it was indicated, the nationalists hoped might definitely break the loyalist resistance and lead to an early end of the civil war.

No other action was taken.
 As regards members of the family of former King Alfonso no specific action was taken.
 It was reported that the nationalists forbade the entry of members of the royal family into Spain. However, the nationalists have already tacitly allowed that law. Several members of the Spanish branch of the Bourbon family, regarded as members of the royal house, are living in nationalist Spain and some of the young men are fighting in the nationalist army.

Hope to End Conflict
 Nationalists seemed firm against any idea to end the civil war by mediation rather than by the surrender of the loyalists. The idea that any effective action leading to intervention might be taken at the current Lima pan-American conference was rejected in all quarters, on the ground that it was certain that loyalist resistance would be crushed within the next few months.
 It has been reported that the Spanish nationalists want Prince Juan, 25-year-old second surviving son of Alfonso, to be king of Spain when and if the nationalists win. The late Prince Alfonso, the eldest son, renounced their right of succession to Juan.

MOCK INITIATION STAGED BY HI-Y

Mock initiation for 35 new members of the Hi-Y club was conducted the fore part of the week at the high school. The neophytes were put through their paces by the 23 holdover members of the club under the direction of their president, James Hawley, and the sponsor, Dale Wakem.
 Serious rites are planned for some time after the holidays and will be in the form of a pledge banquet. At this time pins and membership cards will be distributed.

Boy Injured when Dodging Machine

BLEISS, Dec. 15 (Special)—Lee Dale Allen, 15, received minor injuries to his legs and body when struck by a car on a Gooding street last week. The Allen boy was playing on a side street near the parked Allen car and trailer while waiting for his mother to come from up-town Gooding.
 When he saw her coming on the opposite side of the street, he rushed out from behind the car and trailer, and was not seen by the woman driver of the other auto and she only knew of hitting him when she saw the front bumper throw him clear. He was taken to a doctor and treated for a sprained ankle and other external injuries.

MURTAUGH ROAD BATTLE UPHELD

BOISE, Dec. 16 (AP)—Residents of Murtaugh and the adjoining countryside had won today their battle to force the state of Idaho to maintain 24 miles of highway to be kept open.
 The Idaho supreme court decided Thursday that the department of public works must carry out that maintenance although the state asserts the stretch is no longer part of U. S. 30. The supreme bench upheld decision by Judge J. W. Porter, Twin Falls, who had entered a peremptory writ of mandate to be issued against the state.

Growing Worse
 The dispute over road section had been growing progressively worse. The Murtaugh district claimed, and is an essential route to farmers, buses and postal service. Construction of a new cut-off route precipitated the dispute.
 The supreme court opinion was written by Chief Justice Edwin M. Holden and was concurred in by four associate justices.
 In its decision, the high court authorized any change in the existing six-mile state route to be abandoned. On Dec. 6, 1937 J. M. Johnston, district highway engineer, informed the Murtaugh highway district that the six miles would be abandoned. The Murtaugh unit promptly took recourse to the courts, finally winning the writ of mandate against which the state appealed.

Against Officials
 The Murtaugh suit, after changes decreed by district court as to the specific listing of defendants, was brought against Allen G. Merritt, public works commissioner, and J. H. Stemmer, state highway director. Representing them were J. W. Taylor, attorney general, and Charles S. Stout, assistant attorney general assigned to the highway department. J. H. Barnes, Twin Falls attorney, successfully carried the Murtaugh district's fight through district and supreme courts.
 Mr. Barnes halted the supreme court victory as a timely quiet for the Murtaugh district, since forthcoming winter snows would have produced a precarious condition on the six-mile stretch if maintenance were not continued.

LIVESTOCK URGED AS NO. 1 COUNTY FARM GOAL IN 1939

Livestock marketing and improvement projects should take No. 1 ranking in the 1939 program of Twin Falls county farmers, County Agent Harvey S. Hale advised today in his annual report to the University of Idaho extension division.
 "In order to continue as one of the leading agricultural counties of the United States, the Twin Falls county farmers must keep up to date on all improvements in farming methods, new crops and new varieties of crops," Mr. Hale said.
Most Important
 "The livestock marketing and improvement projects are the most important in this line and will require at least one-third of the year's activities by the county agent's office."
 Other important projects on which his office will concentrate in 1939, he pointed out, are crop improvement, soil correction, dairy improvement, poultry husbandry, insect, rodent and coyote control, 4-H club work, rural electrification and home improvement.

Hale's report points out that "Twin Falls county, with its quarter-million acres of farm land, 2,800 farmers and wide diversification of farm enterprises, offers an unlimited field for profitable agricultural educational work."
 The county agent advised J. H. Reardon, Moscow, county agent leader, that in Twin Falls county new educational activities by the extension division should be inaugurated "to meet the new problems that arise." As an example he cited this year's sudden invasion by the Colorado potato beetle, which was promptly stamped out by swift action in the west end territory.
 Hale explained in his report that removal of the agricultural conservation association to its own offices will permit wider concentration by the county agent on the extension division education work to aid farmers.
 Concerning fertilizers to maintain the fertility of Twin Falls county soil he said: "The need for more humus in our soil is fully realized by most farmers. How is the best and most profitable way to solve our soil problems is yet unanswered."
Here's the Problem
 He pointed out that ranchers of the county recognize more livestock is needed on farms. But the problem, he said, tersely, is this: "Livestock enterprises must be made profitable."
 Hale urged "a continuous look-out . . . for new crops and also for improved varieties of the crops which we are now producing."
 He warned that the battle to control diseases, insects, rodents and predatory animals "must be waged more vigorously than ever."

"The Way To A Man's Heart", Says Cousin Dotty

"...is through his stomach." Dotty's the one on the right. And Cousin Dotty should know. Tho' she's a spinster now, she's had her prospects... and they're looking up again. Time was when the men pretty near used to tear down the shell portieres gettin' into her parlor. Especially on baking days. She was famous for her bread baking. Only trouble was Cousin Dotty didn't keep up and of a sudden she didn't have a bean in the place. A persevering woman, she ran down the cause, and bless me, if it wasn't Butter-Krust bread. Seemed the men found out that even Cousin Dotty couldn't match the flavor and consistent quality of Butter-Krust. But Dotty's doing better now—she's modernizing. She keeps Butter-Krust in her kitchen and is learning the Lumbeth Walk. Hoy!
