Nations Remain Argentina, Brazil, Uruguay Work Over Plan at Conference

LIMA, Peru, Dec. 22 (UP)—Delegations at the eighth Pan-American conference today reached an agreement on a proposed declaration of solidarity of the 21 American republics, an official announcement disclosed.

LIMA, Peru, Dec. 22 (UP)—The presidents of Argentina, Brazil and Uruguay were reported today to have entered into an eleven-hour telegraphic exchange of views in an effort to salvage a unanimous declaration of American solidarity from the deadlock between Argentina and the United States at the eighth Pan-American conference.

An authoritative source disclosed that President Roberto M. Ortiz of Argentina initiated the exchange of views, which some observers at the Lima conference believed might result in new instructions to the Argentine delegation.

The conference had been deadlocked over proposals for a declaration of solidarity against foreign military or political invasion. The United States had favored a strong declaration of unity directed against the totalitarian powers, but Argentina sought to avoid including in the text any statement that might be interpreted as a declaration of solidarity against foreign military or political invasion.

HOLIDAY SEASON OPENS AT WHITE HOUSE FRIDAY

By HARRISON SALISBURY
WASHINGTON, Dec. 22 (UP)—There was a bustle and bustle about the White House corridors today that told a story familiar in countless thousands of other American homes—Christmas is just around the corner.

In the white-pillared mansion where the nation's first family makes its home the holiday's approach was signaled in the traditional way—with discreet, whispered consultations, hasty closing of built-in closets, the rustle of tissue-paper and snip of scissors through ribbon behind locked doors.

DISAFFECTION RUMORS GAIN MOMENTUM IN REBEL SPAIN

REPORT CLAIMS HUNDREDS HAVE BEEN ARRESTED

By LEON KAY LONDON, Dec. 22 (AP)—Reports from the French-Spanish frontier today detailed a series of alleged developments in nationalist Spain which indicate wide disaffection in insurgent territory.

The reports ranged from assertions that hundreds of persons had been arrested to one that 45 Italian soldiers had been waylaid and hanged by angry Spaniards.

United Press correspondents placed at strategic centers of communication along the frontier agreed that there had been a series of incidents in nationalist Spain but insisted many reports were exaggerated.

It was true, also, there seemed suspicion among themselves were not discouraging the disaffection reports, hoping the loyalists would react in a similar manner where the nationalists for weeks had been planning a mass offensive.

Reporters multiply. Nevertheless, the reports not only continued but multiplied. The bandits correspondent of the New York Times quoted travelers from nationalist Spain as saying that about 10 days ago 300 nationalist soldiers in eastern Spain, near the outskirts of Burgos, the nationalist governmental headquarters, found the bodies of 45 Italian soldiers from trees along a main highway.

The News Chronicle reported the victims were Italian soldiers who had been waylaid and executed, presumably not to conduct themselves in such manner as to antagonize Spaniards.

170 Arrests Rumored—More than 700 arrests were believed to have been made at Burgos, including a large number of officers, most of them members of the 11th artillery, the discipline and a major were reported to have been shot and that many junior officers, suspected of plotting against the return trip from Spain, were executed.

Magazine will Offer Article On Ski Resort

A Twin Falls girl, Sun Valley and Ketchum will coar to nationwide publicity next Tuesday with release of the Dec. 31 issue of the Saturday Evening Post, distributors of the magazine, announced here this afternoon.

The Post will present an article concerning the Sun Valley winter sports development at Ketchum—and color pictures taken by Ivan Dmitri, noted camera artist who "shot" hundreds of scenes at Sun Valley last winter, including many of the scenic Nelson, Twin Falls, and Ketchum areas.

None of the pictures is captioned with names of the persons shown but friends said the local girl is featured in the magazine.

Title of the article is "The Valley of Sun and Snow." The impressive color pictures by Dmitri include ski slopes and ski lifts, Eskimo and reindeer, view of a ski class at winter, close-up of Challenger Inn development, close-up of a group having lunch in a hut on a Sawtooth mountain top, scene as skiers ride the ski-tractor and general panoramic view of the valley cradled in the Sawtooths.

BOISEAN SPEAKS TO WIRING GROUP

William Hopper, electrical engineer of Boise, was principal speaker at last night's meeting of the Spokane Wiring association held at regular session at the Jerome county court house.

Hopper spoke on the hazards involved in present wiring in commercial buildings and outlined methods of correcting these defects. He recapped the periodic inspections of all wiring systems and added that rather than condemn a system the owner should be notified and the necessary corrections made.

The meeting concluded with a round-table discussion. Presiding was Merrill Shottwell, secretary of the association.

Next meeting will be held Wednesday, Jan. 11, in Twin Falls at the Idaho Power company auditorium.

Children Beam as Santa Claus Distributes Dolls and Treats

"How many girls are here?" Santa Claus, crimson-clad and jingling with bells, asked the assemblage at the Sibyl Frazier party house yesterday afternoon.

"A whole houseful," replied a child with a pert face and a pink ribbon on her hair. She had the right answer.

The Camp Fire Girls and their small guests, children from underprivileged homes, sitting cross-legged on the floor for the distribution of gifts, packed-jammed all available space in the three spacious rooms and the wide hallway.

Two hundred and 25 girls and a number of Camp Fire guardians and special guests literally made a full house.

Play Presented At Gay Occasion

Poinsettias and holly in profusion and a brightly lighted Christmas tree made the home of Mrs. Effie Watkins a delightful setting for the J. U. club's annual Christmas play yesterday afternoon.

A group of high school students, Miss Beth Shively, Miss Frances Schwebelhardt, Gordon Gardner and Paul Henson, presented a play, "Women Are Like That."

Gifts were exchanged by the group and Pollyanna names were drawn for the coming year. Mrs. Jack Putter directed the white elephant.

Mrs. Lena Johnston, Avoca, Minn., who is visiting in Twin Falls, was a guest. Twenty-five members were present. Refreshments in the Yuletide theme were served by the hosts, Mrs. Dorothy Klefner, Mrs. Martha Smith and Mrs. Fern White.

Calendar

The annual Christmas party for Good Will club members and their families will take place Friday at 7:30 p. m. in the Odd Fellows hall.

Named for Honor

Mrs. Roy J. Evans, Twin Falls, has been nominated as Idaho candidate for the national award as "American Mother of 1938."

Her nomination was endorsed by the United States Congress and Teachers and by various Twin Falls organizations. Other south Idaho groups are expected to vote similar endorsements in the near future to bring the high honor to Mrs. Evans and to Idaho.

Bernice Hazel To Wed Boisean

Of interest to friends of Miss Bernice Hazel, formerly of Twin Falls, is the announcement of her approaching marriage. She will become the bride of Wayne Rise, jr., Dec. 26, at the home of her parents, Mr. and Mrs. Lon Hazel, in Boise.

Yves will be married at high noon. The bridegroom-elect is the son of Mr. and Mrs. Wayne Rise, also of Boise.

The couple will be guests of Mr. and Mrs. Bruce Glandon, en route to Pueblo, Colo., where Mr. Rise will be associated with the Western Auto company.

Miss Hazel attended the local schools and later was graduated from the University of Idaho. She studied at Link's business college, Boise, and has been associated with the state welfare department in Boise.

Mr. Rise, a graduate of Boise high school, has been employed by the Western Auto company at Boise.

Yule Musical Event Offers Feature Here

By MURIEL SCOTT
As the gleaming Christmas star lights the top of many trees, so did the musical program presented in the high school auditorium on the first annual Community night service last evening enlighten the roster of the many Christmas programs of the season.

The event was sponsored by the high school students and presented under the direction of Miss Eunice Ewer by the music department.

Many Voices
The 75 members of the mixed chorus were seated on one side of the balcony while the 53 girls in the girls' glee club occupied the chairs on the other side. A red spotlight on the mixed group and a blue light on the girls added to the solemn air of the occasion.

As individuals arose to sing special numbers a yellow spot highlighted them before the organ at which Miss Irene Davidson presided as accompanist.

Miss Jones, student body president, presided and extended a welcome to the first of programs expected to become an annual affair.

Miss Lee Tyler set the theme for the presentation of carols around the world as she extended greeting in a Christmas monologue to the stars of the high school.

Each carol number was introduced by a pupil in an authentic costume representing the nation from which the tune came.

The most inspiring scene was presented as Kenneth Rudolph, soloist and the mixed choir presented the German carol, "Silent Night," and the curtains parted to reveal a kneeling scene surrounded by the kneeling representatives of all nations.

The one-act play, "Peace I Give Unto You," struck a modern note as it pointed out the futility of war through the use of a setting routine full of the conflict now raging in Spain.

Characters in the play were Lillian Laubenthal, Allen Duval, Herbert Phelps, Jim Kinney and Fred Hammett.

Other carols appearing in solo and small group numbers during the carol numbers with the chorus and glee club were: "Lark," Margaret Van Engelen, "Silent Night," Betty Hammett, Margaret Smith, Bill Sommer, Clyde House, Roy Fagan, Homer Hays, Lucie Gonder, Gertrude Nicholson, Edna McCleary, Kenneth Rudolph, Jean and Joyce Pierce.

Make-up, lighting and properties were supervised by Bert Sweet, Betty Inively, Larry Arma, Richard Calvert, George Millward and Donald Nelson.

Panhellenic to Stage Brilliant Floor Show

Completion of plans for the annual Panhellenic holiday dance, one of the most important events of Christmas week, was announced today. There will be no advance sale of tickets, the admission fee to be paid at the door, according to Mrs. Francis C. Sheneberger, general chairman of arrangements. Proceeds go to the scholarship fund of the Panhellenic association.

An elaborate floor show will be staged during the evening, announced by Marie Dunn Helm. Headlining the floor show will be the well-known dancing pair, Wayne and Roberta, who will present ballroom and tap dances.

Bobby Bates and Betty June Tarr, a new dance team, will present a dancing skit, "A Prince of a Pella Meets a Cinderella at the Panhellenic Ball."

"Santa Claus in Disguise" will be presented by Nola Jean Minshew, Helen Ruth Hill and June Morrison. Betty June Tarr, as a solo number, will give "The Game Dance." Helen Ruth Hill will be featured in an acrobatic number.

The featured performers, who are Mr. and Mrs. Wayne Kenworthy, are now ready at the Clois Book Store — Adv.

GERMANY PROTESTS ICKES SPEECH AS "INSULTING"

NAZIS SAY U. S. SECRETARY STIRS UP RESENTMENT

BERLIN, Dec. 22 (AP)—Germany "most sharply" protested to the United States department against "coarse and insulting" remarks made by Secretary of Interior Harold L. Ickes in a speech at Cleveland regarding conditions in Germany. It was announced semi-officially today.

Germany's charge d'affaires at Washington presented the protest to the under secretary of state. It was an angry note.

The Nazi press within the last few days had bombarded Ickes, presumably under official orders from the propaganda ministry.

Silas Resentment

In Berlin and other cities, newspapers described the U. S. secretary of interior as seeking to stir up sentiment for war against Germany, and said his remarks and actions were putting a severe strain on relations between the Reich and the United States.

The Hamburger Prebendiat summed up the case against Ickes by asserting he had commissioned Charles Chaplin to make a motion picture denouncing dictators for "propaganda against states which the United States is at peace" and he had ordered Postmaster General James A. Farley to cease sending mail by German ships.

Termed "Insulting"

But it was Ickes' speech before the Zulus at Cleveland that created the greatest resentment in Germany. "It was 'no insult' to Germany," said Ickes in a speech at Washington cannot be left in doubt about the detrimental effects these imperfections of a cabinet member will have in Berlin."

The controlled Nazi press contended it was "childish" say Ickes could make such speeches without official sanction.

Mass of Russians Virtual Prisoners, Says Local Man Who Fled Red Soviet

Specific instances showing the past and present Russia under the Communist rule, which holds the mass of citizens virtual prisoners and kills their initiative, were cited here this afternoon by Harry Friedman, Twin Falls businessman who in 1921 was smuggled over the Rumanian border and came to America "and freedom."

Friedman, who came from Kogorod in the Ukraine section of Russia to which Hitler is now looking as his next conquest, disclosed conditions as they exist under the Communists in an exclusive interview with the Evening Times.

Under Death Penalty

Under penalty of death, Friedman, his father and mother, two brothers and two sisters made their way to the Rumanian frontier and escaped under cover of night, but only after eight attempts had been made, he told the Evening Times.

"We were fortunate," Friedman said, "in that I had two brothers living in San Francisco who had fled Russia in 1912. Between the two of them they raised \$5,000 and deposited it in a Rumanian bank under our names."

"One day in Kogorod, where we lived, a messenger came and after ascertaining we were the correct family, he told us of the money which was waiting for us in Rumania. He dared not bring it with him as capture meant a loss to all. Through this messenger arrangements were made with a smuggling agency to get us out of Russia."

"We had about \$2,000 in total, but only \$100 in American money at that time. It was agreed that we should go to San Francisco. For our family this meant a total cost of 14,000 rubles, but it also meant freedom."

Eight Tries

"Each night for eight nights we would pack our belongings and make our way to the Dniester river. Only a canoe was available."

"Bribed guards on both sides permitted us to pass during certain hours. Seven of the nights we had to return home and unpack our suitcases. No one but our close relatives was told of our planned escape. To anyone else we were just visiting friends."

"After we had been carried across the river, one at a time, on the eighth night, we found that our departure had caused others had offered more money after we had made our arrangements and had been taken before us."

"Once in Rumania, it was a simple matter to get the money which the two brothers had deposited for us, pay off the smuggling agency and leave for America," Friedman said.

"give up their families and everything," and then move to another section of Russia and change their names. Also Russia will not let her people migrate and everyone is afraid of everyone else.

Can't Leave

Spies are numerous and anyone caught attempting to get over the border, or sometimes even seen in the vicinity of the border with a suitcase is sent to Siberia with little ceremony.

"The Russians are not a united people today," Friedman said, "and this is because of their limited liberty which tends to make them not loyal. Ambition is useless because you do as the government says. Some have everything but the great majority of the people, the type of people who are your neighbors right next door, who have nothing and can never have anything."

A specific instance of the way in which the government operates was related during the interview. Two young men, Friedman's cousins, were working for the government. One was employed as a school teacher, the other as a sugar chemist.

Held in Prison

One day the sugar chemist was taken to prison. This was two years ago. To this day no relative has been informed on what charge the youth is being held and as for that matter no one is permitted to visit him. It is believed he is still alive but there is no proof.

"These same two cousins, a year before, had met each other in a main station and had pooled their savings after a year of labor. After a year of work they were able to purchase only 10 pounds of flour as a Christmas present for their folks."

The mother took the flour and made bread—but did it behind drawn blinds for fear some neighbor would find out what she was doing and take both the flour and the bread from her. Hundreds of families "live out of the garbage can."

Can Aid Ukrainians

One way of getting aid to friends in the Ukraine was outlined by Friedman who said that even today he uses this method. An order is placed for goods with a Russian company in New York City. American money is paid for the goods and then an agency in Russia is notified that the goods have been purchased for a certain individual. This individual receives a receipt and upon presentation can have the goods.

Average life of an automobile is 8 1/2 years.

BOISE, Ida., Dec. 22 (AP)—Prisoners in the Idaho penitentiary today awaited hopefully the next Christmas reprieve from Gov. Barzilla W. Clark who already has freed four prisoners to join their families for the yuletide season and is considering the temporary release of about 100 inmates.

The governor's action, carried out to "bring a little more kindness into this state," came after a threat that the state pardon board may reverse his reprieve.

"I fully realize the great difference in the form of government in the United States and that in Russia, where you do not dare to say anything or do anything," Friedman said. "Conditions are so bad that even those who preach the Communist propaganda do not want to go there. Those with Communist ideas who came to Russia for a visit left in a hurry. If they were able to."

"The so termed Russian experiment is a complete failure. It is bleeding the people. For instance, when an election is held there is only one party to vote for and voting places are watched so that the government can be sure you vote right as they see it."

"People of the United States should be more jealous of their position and should try to keep it such," Friedman concluded.

In Twin Falls Friedman operates a big company which bears his name. The balance of his family, which came to the United States with him after the escape from Russia, resides in California.

Letters, Cards Reach All-Time Mailing Record

More letters and cards were mailed at the Twin Falls post office Wednesday than on any other single day since the office was established. It was announced this afternoon by postal officials.

Records show that the letter cancellation machine, which stamps the date and time on each envelope as well as on the cards, completed this operation 36,225 times in the new record.

Although local mailing of packages has slackened off with Christmas nearing, packages arriving from other points for distribution in Twin Falls shows a large gain, the officials said.

PARIS, Dec. 22 (AP)—The Italian government in a note to Adre Francosa-Poncet, French ambassador to Italy, has announced it considers the Laval-Mussolini accord of 1935 no longer valid.

This agreement concerned the status of Tunisia and involved a concession by France of territory bordering on Italian Libya and Italian East Africa.

Presumably, the Italian note was the first step toward making new demands on France as regards Tunisia—whether for territory or for an altered status of the Italian population in Tunisia remained to be seen.

The Italian note stated that the 1935 accord was not considered valid because ratification of the instruments never has been exchanged.

Official reports said the note declared the French must submit new proposals in execution of the promises made to Italy under article 13 of the London treaty of 1918, which brought Italy into the World War.

CITY BEER RULE RECEIVES PRAISE

Briefed Twin Falls regulations concerning persons who may receive beer licenses had won high commendation today from the Idaho liquor control commission.

The regulations, embodied in an amendment to the existing ordinance, were decreed by the city council Dec. 12. They forbade licenses for those convicted of liquor violation and ruled against operators who have been establishments in proximity to locked rooms, private rooms, sleeping quarters or living quarters.

Horsfall Praises

The state commendation came from E. P. Horsfall, a member of the liquor control commission. He wrote to Mayor Lem A. Chaplin:

"While the Idaho liquor control commission has no jurisdiction over the beer business, we are brought in close contact with the same through our efforts to enforce the liquor laws."

"It is a fact that practically all of the liquor violations that we encounter are actually in beer parlors, taverns and saloons, or in adjacent rooms to such places, which are used for the purpose of gambling and sale of hard liquor prevail."

He is impressed

"I am so well impressed with the new addition to the beer ordinance of your city that I am writing to compliment you on the same."

You have embodied some clauses that we consider will be very helpful in stopping out a very bad condition which now prevails in many places in the state."

RAFFED FORD, LINDBERGH CLEVELAND, DEC. 22

REMARKS BY SECRETARY OF INTERIOR HAROLD L. ICKES REGARDING GERMANY, WHICH WERE THE OBJECT OF A PROTEST TO THE UNITED STATES DEPARTMENT OF STATE TODAY BY THE NAZIS, WERE MADE HERE SUNDAY NIGHT IN A NATIONWIDE BROADCAST.

Ickes' speech before the Cleveland Zlonist society, attacked Americans who accept Nazi medals and referred specifically to Henry Ford and Charles Lindbergh.

The cabinet officer added that Germany's persecution of Jews had carried back that nation to a "period of history when no Jew was unlettered, benighted and bestial."

SKI CLUB PICKS GROUP EMBLEM

Organization emblem, which will be worn by all members as an arm band, was selected last night at regular meeting of the Twin Falls Ski Club held in the Rogerson hotel.

Selection was also made of a membership card and 20 joined during the session. Memberships are open to anyone in this section of Idaho who is interested in the sport.

Presiding at the session last night was Dr. Frank McAtee, president. Next meeting will be held at the Rogerson hotel on Wednesday, Jan. 4, at 7:30 p. m.

960 MEN DISCOVER HOW TO PAY LESS FOR HOLIDAY HOSPITALITY!

Out of 1,000 Men—960 Found Old Quaker—Now 3 Years Old—Rich, Mild and Deliciously Smooth—Yet This Famous Whiskey Sells at a Rock-Bottom Price!

Write down the names of men you give whiskey for the holidays. Add the number of bottles you buy for your own holiday hospitality! Now—knock off a dollar for each quart and total your savings! Here's why we make such a statement:

We want 1,000 men, asked them to try Old Quaker now 3 years old, and give us their opinion. We said, "Small! Taste It! Swallow a drink of it! Then tell us what you honestly think!"

None of those men took the time, age or price of the whiskey into account. Yet 960 out of the 1,000 praised the rich flavor, the mild and mellow smoothness of Old Quaker. This confirms our belief that 3-year Old Quaker really *means more expensive brand.*

This Means Much To You

The evidence of 960 out of 1,000 men certainly warrants your making the same simple trial of Old Quaker. If you agree with their judgment, you can buy 3-year Old Quaker, you can probably cut your bills for holiday hospitality a third without cutting corners on quality! Act on this holiday tip today!

Murtaugh Savages Schedule 3 Games in Twin Falls Gym

Vandals Will Use Slow Breaking Game

Two distinct types of basketball will flash on the floor of the Twin Falls high school gymnasium next Monday and Tuesday when the teams of University of Idaho and University of Utah meet in two games sponsored by the Twin Falls Junior Chamber of Commerce.

The Vandals, an outstanding defensive club, will meet a fast-paced style of basketball employed by the Utah quintet. To interested fans the large difference in style will be noted as the conservative Vandals attempt to slow down the racing Redskins.

Conservative Play
Coach Forrest Twoogood, former St. Louis Cardinal pitcher in professional baseball and all-Big Ten guard in collegiate days, has drilled his boys in a conservative type of basketball which tends to slow down the type of game played by Utah.

The Vandals will gain possession of the ball and pass it around the court until an opportunity to work in near the basket for a shot.

Utah, on the other hand, will gain possession of the ball and shoot the full length of the floor and shoot, basing their game on the number of good shots on the club, and that a large number of shots will find their way through the hoop.

In the Utah win over Washington State college Saturday, the men on both clubs played the same style of basketball, and saw a large number of shots taken with only 20 for both clubs going through the hoop to score. The number of shots for both clubs, with Utah gaining five to Washington State's four to win 45 to 44.

All Ball Handicaps
In the style game coached by Twoogood, each man must be aggressive and an exceptional ball handler. Consequently Idaho has ten all starters that are comparable to the best on the Pacific coast.

In Steve Belko, all-northern division forward last season, and Ernest Barrett, center of the Vandals have a pair of wizards in the handling of a basketball. Belko is noted for his cleverness in under the basket shooting, and Barrett comes through as a top defensive man under the basket. These two men coupled with Roy Ramsey, dead-eye one-handed shot, 12-year high ball hitting guard, and Carles Wood, aggressive sophomore guard, will form the starting lineup for the Vandals.

The Idaho team will arrive in Twin Falls Sunday evening and will make the Park hotel its headquarters.

Sportsmen are Addressed by George Booth

That the recently named non-partisan fish and game commission is busy placing into operation the mechanism of civil service examinations for employees was learned here last night as George E. Booth, Burley, chairman of the group spoke before a group of sportsmen representing various organizations.

The meeting, held at the Park hotel, was sponsored by the Southern Idaho Fish and Game association. Twenty-five sportsmen were present, representing six organizations. Presiding was B. Claud Stewart, president of the Southern Idaho group.

Several "desires" of the sportsmen were expressed to Mr. Booth, including one which called for non-transferable permits on special elk and deer hunts. The practice now is to sell the permits to the hunter. Suggestions were also made that the special hunt fee be increased and also that permits be placed on irrigation districts to keep out fish.

Discussion also centered around feeding of deer in the Sawtooth region during the winter, fish planting in the Wood river section and also planting of bass and other game fish in the Snake river throughout this territory.

The business session was held following a banquet.

Johnny Mize Captures Slugging Title

NEW YORK, Dec. 22 (AP)—A modern Horatio Alger hero was unveiled today in Johnny Mize, St. Louis Cardinal first baseman, with the release of official National league miscellaneous averages for 1938.

Like the dime-novel boys who always won out the hard way, Mize clinched a departing four-year batting title by leading the league in slugging this season.

He hit at a .514 clip, or 31 points better than that of Mel Ott, of the Giants who finished second in the "total base" column. Mize came up to the majors in 1935 after several years of schooling at Rochester in the International league.

Injured in Spring
He was solid, on a conditional basis, by the Cardinals to the Cincinnati Reds. Mize made a sensation in the spring training but suddenly he quit a training injury. The Reds returned him to St. Louis, and he was sent back to Rochester.

The following winter, after an operation, Johnny started a comeback. In 1936, he reported to the Cardinal training camp full of hope, but he ran into Mr. Trouble Collins—James "The Ripper" Collins. Collins was the Cardinals' regular first baseman, an able fielder on one of the greatest clutch hitters in the league. Mize waited and hoped.

Beneath Collins
Suddenly, for some unknown reason, Frankie Frisch, then manager of the Cards, benched Collins, even though he was hitting at a .300 clip. Mize was called to go out and play first base—and how he did. He hit .379 in 126 games and followed through with .364 for 1937.

This year, after finishing only five points behind Ernie Lombardi of the Cincinnati Reds, who led the league with .337, Mize capped the crown of top-slugging.

Albion Normal Loses To Murtaugh Savages

HERE and THERE
In the SPORTS WORLD

By United Press

Ray Carlen, manager of Lou Nova, sensational young heavyweight from Alameda, Calif., indicated today he would prefer to have Nova fight few more times-up opponents before stepping into a ring with Max Baer, former heavyweight champion.

Colby Tinsley, Lou's Louisiana State end playing his second season of pro ball with the Chicago Cardinals, was the best punter in the National football league this year. He received 41 in the 11 games his team played to equal the former all-time high set by Don Hutson of Green Bay. Tinsley's total yardage gain on passes was 816.

At Miami, Jockey Eddie Arcazo boasted the first triple of the Florida winter racing season. Yesterday he won on Aberdeen in the third; Shoulder Arms in the fifth; and Seventh Innings in the eighth.

Joe Merwick of the St. Louis Cardinals was first in runs batted in with 22, according to pro football league averages released today. Other stars: Brock on hits, Dolph Camille, Brooklyn, 119; strikeouts, Vince DiMaggio, New York, 124 (new record); hit by pitcher, Ivan Goodman, Cincinnati, 15; hit into double plays, Ernie Lombardi, Reds, 30.

Reports from Knoxville, Tenn., say that eight of the Tennessee squad of 61 were stricken with influenza. The champions of the Southeastern conference are scheduled to play the Orange bowl game at Miami against Oklahoma in a best-of-seven series.

Leo Ditchel, MVP, coach of the Texas Christian which meets Carnegie Tech in the New Orleans regional, said his condition will mean a lot. "And my team is planning to regain its sharpness and timing," he added significantly.

Once a "tricky" player on the turf, Jockey Tom Meade is trying to make a humble comeback after two and a half years of enforced exile. Meade has made the first start on the Miami, Fla., track since his return Monday and although he has failed to bring in a winner, showed flashes of the riding form that took him to the heights of a Kentucky derby victory in 1933. Meade was given the

Rupert Takes Sixth Spot In Cage Loop

The sixth spot in the Snake Valley Outlaw basketball conference had been filled today with the addition of Rupert team. It was announced this afternoon by John Savage, Murtaugh, president of the league.

The Rupert club, always a power in cage circles in the past, was a member of the loop last year, but had experienced some difficulty arranging for play in the new Rupert cage circuit in the past, as the club is to be held tonight when arrangements for the management of the team will be completed.

Plays Gooding Dec. 18
The Rupert team is scheduled to play its first game in conference competition against Gooding on Wednesday, Dec. 28, on the Gooding floor. The following night the team is scheduled to entertain the Burley team, which Tuesday night was edged out by the Albion Normal college quint by a score of 40-38.

The entrance of the Rupert quint to the loop rounds out a league composed of teams from Burley, Murtaugh and Rupert on the south side of the Snake river, and Jerome, Gooding and Shoshone on the north side.

Two Games Played
To date only two scheduled games have been played in the loop. Shoshone Redskins handed the state amateur champions, Murtaugh Savages, a trimming and last night Jerome downed the Gooding quint by a score of 22-12. The victories put the two winning clubs at the top of the standings. The Burley team is the defending champion.

A request that all entrance fees be posted before the first of the year was made by Executive Secretary Hal Wood today. Games played after Jan. 1 will not count in the standings if a team has not posted the entrance fee, which is \$8. Of this, \$5 will be returned if the team fills out its schedule.

It is estimated that there are now more than 8,000,000 radio sets in automobiles in the United States.

Albion Chalks Up 50-31 Victory

MALTA, Dec. 22 (Special)—The speedy Albion high school basketball club, invading the Raft River domain, landed the local club a 50-31 drubbing last night as Engleking, veteran Albion athlete sunk 18 points. James Sheridan, Raft River star, had 12 counters.

In preliminary action the Albion sophomore team by a score of 25-14 over Raft River sophomores and the Raft River girls downed the Albion girls 27-26. Raft River star, made 32 points in the latter contest.

The expression "hunk dunk" originated in the auto evolver, where it meant a person unable to fill his engagements or contracts.

Eastern Squad In 'Erisco

SAN FRANCISCO, Dec. 22 (AP)—Under command of Coach Andy Kerr of Colgate and Bernie Dierker of Minnesota, 22 eastern football stars arrived today to practice for the annual Shrine east-west game Jan. 2 in Kezar stadium.

Both the eastern and western stars will be guests at a Shrine luncheon and then will visit the printers' hospital for crippled children, which will benefit from receipts of the annual clash.

The western squad assembled yesterday with Babe Hollingbery of Washington State and Bill Jones of Nebraska as coaches. They will work out on the Stanford university field at Palo Alto.

The east squad will be quartered at Berkeley and work out on the University of California field.

Nova Speaks Wisdom in Saying He Can't Outpunch Louis, Says Expert McLemore

BY HENRY McLEMORE
LOS ANGELES, Calif., Dec. 22 (AP)—Not since Falstaff, the No. 1 heavyweight in Shakespeare's stable, expressed the opinion that discretion was the better part of valor, has any fighter waked as wise as Lou Nova when he arrived in Los Angeles yesterday.

After kissing his wife and wiping his partner, the boy who established himself as the country's "biggest" fighter by beating Tommy Farr in New York last week, said he was ready to box, but not fight, Joe Louis.

"I would be willing to go to bed in there and try to put him down," Nova said, "because he beats himself where I leave off. He can get me any day in the week, and my chance of a

victory over him lies in my superior speed and ability to stand off and cut him down. I think I can do that. Of course, if he clips me one of those rights there is no telling what would happen, because I don't think there ever was a man who hits harder than Joe does."

Nova revealed he planned to refuse Mike Jacobs offer to pay his expenses back to New York to one Louis defend his title against John Henry Lewis in Madison Square Garden in New York.

"Mike said he wanted me to see that fight," Nova said, "but I am going to stand off him. I know all I want to do is to get him out of my mind. I have seen him in several fights, and have seen the pictures of all his fights. I have my plan of battle set, and I don't want in any way to change it."

Nova matched Tommy Farr as a tough, sane fighter, and laughed at Gene Tunney as a judge of young heavyweights. It was Tunney, who before Nova's fight with Farr, said that Lou was sure to be beaten and was being pushed about by the younger man.

"All I was afraid of," Nova said with a laugh, "was that Tunney would pick me up in the first round. It is amazing the talent former heavyweight champions have for guessing the wrong fellow. Before coming here was Jim Corbett, a fellow who knew more about boxing than six books could hold, yet never was able to talk a winner. At times he was so angry he punched for every newspaper and magazine in the country, and was consistently, thoroughly, wrong."

Nova, left some too kind words toward Eddie Joseph, the man who referred his fight with Farr, had it not been for Joseph, Nova said, he would have knocked out the kid in the fourth round. In that round, according to Nova, he had Farr where one punch would do that was needed to flatten him for keeps.

"Just when I was ready to tie," Nova said, "the referee kept me apart. I thought his action meant that Farr was through, because he sort of gave Farr a rest and then motioned me into action again. I never could get going again."

Nova would like to fight two more battles before meeting Louis.

"I'd love a whack at Baer," he said.

He's not the only one, by the way.

State Amateur Champs Play Saturday Tilts

Announcement was made here today that the Murtaugh Savages, state independent amateur champions, will play three games during the 1939 basketball season on the Twin Falls high school floor.

The dates were given to John Savage and his powerful club after a conference between Mr. Savage, R. P. Robinson, representing the Twin Falls Chamber of Commerce, and Homer M. Davis, superintendent of schools.

While no definite games were scheduled, Mr. Savage states that three of the outstanding traveling teams of the country will be scheduled for the Twin Falls dates and one of these will be against the All-American Red-Heads, who played a night stand in Murtaugh last year and played to so many customers that two games were necessary to accommodate the crowds.

All of the games here will be played on Saturday nights and Mr. Savage has the following dates from which to choose: Jan. 7, 14 and 28, and Feb. 11 and 25.

While the other two contests have not yet been arranged, it is possible that a college quint may appear against the Savages, by frequent following on adding even greater strength to their present team. Two members of the last year's club—George Campbell and Willard Lattimer—are not with the team this year. Two Indians, Chief Dog Eagle and "Tepee" Goodhouse, have been added to the roster.

Do good to your friends to hold them, to your enemies to gain them."

Jerome Jaycees Down Gooding

GOODING, Dec. 22 (Special)—The invading Jerome Jaycees of the Snake Valley Outlaw league last night chalked up a victory in their first game of the season by handing the Gooding club a 32-23 defeat.

The winners were led in scoring by Williams, forward, who had eight points, the same number as Webb, Gooding guard, scored. The game was marked by frequent fouling.

The fast-breaking Jerome offensive proved the major factor in the win.

Davey O'Brien and Texas Christian Pitch Pass to New High on Gridiron

Upsets Feature Start, Finish Of 1938 Season

Second of eight sports reviews of 1938 featuring the more dramatic high

By JERRY BRONDFIELD (NEA Service)
The little fellow took the ball from center and started fiddling back. Two opposing linemen broke through and closed in on him, but the fullback and a gigantic tackle who had dropped out of the line cut them down.

For two very long seconds he surveyed his field and then diagonally across the field he spotted his best receiver. The little fellow with the ball sailed 35 yards straight to its mark. Big Don James, who had been in the end zone for a touchdown.

The little fellow of course was 150-pound Davey O'Brien of Texas Christian, the football player of the year, who 19 times this past season has stepped back much in the same fashion and pitched those touchdown passes.

A better passer than Sammy Baugh, says Coach Dutch Meyer of the mighty mite who completed 93 aerials out of 187 attempts.

Trojans triumphed in the 1938 football drama, but he had a fine supporting cast of thrillers. Quarterback Steve Sisko of Notre Dame elected to run the ball instead of kicking on fourth down and 16 to go against Southern California, Dec. 13. The game was determined in the first half. After a short gain, Bob Sgagau was tackled out of bounds and the ball went to the Trojans on the 23.

Substitute Quarterback Oliver Day plunged for seven. After a five-yard penalty he tried a pass, incomplete. He tried again. Piling back to midfield he unleashed a tremendous wave which went down the field. End Al Krueger, who snared it on the 40, lost control, caught him on the 40 but Krueger's momentum carried them both across. It was the first two touchdowns which enabled the Trojans to score the most important upset of the year — one which spoiled Notre Dame's undefeated season and proved that the men of Troy really belong in the Rose bowl.

There were plenty of upsets this year starting on the first day of the season when Alabama conquered those same Trojans on the coast. Coach Tech, directed by Bill Kern, the coach of the year, struck hard and effectively to swarm over Pitt. The same Pitt team was an overwhelming favorite to spoil

A LITTLE FELLOW QUICK ON THE DRAW..... DAVEY O'BRIEN LASSOES IT ALL FOR TEXAS CHRISTIAN.

AL KRUEGER OF SOUTHERN CALIFORNIA CARRIES PAST IN CLOSING SECONDS OF HALF TO UPSET TROJANS.

Duke's perfect record at Durham, but Willard Perdue, Blue Devil, ended through to block John Cukler's punt in the end zone for a 7-0 victory, and the Blue Devils finished their season, undefeated, untied, and unscored upon Rutgers, for the first time since the series started 69 long years ago, defeated Princeton.

In 1937 Michigan won the national championship. For the next four years the Wolverines wallowed around hopelessly. Came Fritz Cramer and the Renaissance and this year the Maize and Blue returned to its old-time place in the sun. The Wolves enjoyed momentary glory, but lost by single point, 7-6, after the Gophers had connected on a long touchdown pass. They were held to a scoreless tie by North-

western, but they had served notice they were on the way up. Those who saw it never will forget the exhibition of punting put up by Eric Tipton of Duke, whose uncanny ability to put a wet, soggy ball out of bounds time and again within the five-yard line contributed as much to Pitt's upset as the blocked punt. It was the greatest blocking of the season.

Referee's Bonus
A Notre Dame stadium crowd witnessed what resulted in one of the greatest gridiron controversies in years. Referee Johnny Geishehl mistakenly notified Paul Friedlander, Carnegie Tech quarterback, that it was third down.

But when the Tartans tried a line play with a yard to go on their own 46, Geishehl reversed his mind and gave the Irish the ball when the attempt failed by inches. Everybody in the stadium knew that it was the fourth down.

So completely demoralized were the skippers that the Irish marched 54 yards to a touchdown in three plays. There were no hidden ball tricks to speak of this past fall and Dartmouth didn't have a health man on the field as happened a few years back.

But the Big Green had a new one this year. Harrington Gates, sent blocking back, suddenly decided he'd had enough football and hit the headlines by absconding himself from the campus to join a cult in the wilderness.

Nineteen thirty-nine will have to go some to tie that one.

Burley Cagers Set for Game Here Monday

BURLEY, Dec. 22 (Special) — Coach Pete Taylor, the former University of Idaho letterman, is busy these days pointing his Burley B-cagers for their opening contest of the season against the Twin Falls Bruins on Monday, Dec. 23. The game will be played as a preliminary tilt to the University of Idaho-University of Utah game.

While Coach Taylor hasn't any men on his club that have rated high in our circles the last year, he does have the nucleus of a fine team and the chances are prospects are no worse than any of the other south central Idaho Class A coaches. His team last year came along fast to provide tough opposition in the district tournament in Twin Falls and of this club he has four lettermen back.

These are Earl Toolson, a big guard whose play ought to aid greatly in the defensive ability of the local club; Leon Acarius, a speedy forward; Gene Carlin, a speedy forward; Fred Gano, a fine all-around athlete.

Missing from the team will be Tom Toolson, the all-south central Idaho center of last year; Ben Sprague, Gene Acarius and Russell Shockey; forward; Rollo Morris and Edward Rich, centers; and Jess Bideganis, guard.

Of the newcomers trying out for berths on the club, Ernest Millard, a six-foot-four center, is holding the spotlight. He played end on the football team this fall. Others are Melvin Wheeler, Glenn Powers, Jack Church, Arnold Larson, Charles Thomas and Truman Brisley.

Trojans Halt Duke Plays In Practice Session

LOS ANGELES, Dec. 22 (UP)—Two developments caused joy at Southern California university today: At last, the football Trojans had Duke university's offensive plays and, as executed by the U.S.C. shock troops, they could stop them.
After two weeks of offensive practice, Coach Howard Jones broke out a set of Duke plays and had his third and fourth teams run them. The Trojans' first line stopped them with ease. Presumably Jones took the plays from slow motion pictures of Duke games this year, for he had no opportunity to scout them.

O'Brien Plays In K. of C. Benefit Game

SAN FRANCISCO, Dec. 22 (UP)—Davey O'Brien, Texas Christian University's famous little all-America quarterback, has wired he would play in a Knights of Columbus sponsored all college versus all pro football game here Jan. 29, the organization announced.

John Whelan, who made the announcement, said O'Brien would play on the all college team and that efforts were being made to have Sammy Baugh, former TCU passing star, now playing professional football, on the all pro team.

Such a game, Whelan said, would decide whether O'Brien or Baugh is the nation's top-notch punter. O'Brien boasted 10 scoring passes this season.

Whelan said two other TCU stars of the present season, T. B. Hale, tackle, and Ky Adams, center, both listed on all-America teams, had agreed to play with O'Brien on the all college squad.

Huskies Point to Hard Fought Court Race

By HOWARD BRICE
SEATTLE, Dec. 22 (UP)—University of Washington's basketball coach, Hec Edmundson, predicted his Huskies will run a whitewash race with the Oregon Webfoet for the northern division, Pacific Coast conference championship.

Edmundson might be accused of bragging, but even a quick look at his material indicates his prediction was not born of overconfidence. Besides three one-year lettermen and several sophomores, Edmundson has four veterans who helped Washington gain second place in the division the last two years.

Veteran Players
The vets are forwards Dick Voleker and Harry Lockhart and guards George Paulson and Bud Dorsey. The only player missing from the 1938 quintet that traveled Oregon by one name at the wind-up of the season is Gene Hoar Werner, lost by graduation.

Voleker worked as center in 1937-38, but Edmundson has shifted him to forward this season to replace Werner. Voleker's place has been taken by six-foot-five-inch Bill McDonald. The sophomore with look-out on Voleker's position is Roy Williamson.

Good Defenders
Edmundson rates Ziegenfuss and Dorsey as the best defensive set of guards in the coast. Ziegenfuss, elected captain for this season, also has another flourish. The "Thinker" attack which is Cap's strength last handling and fast breaks, revolves around him.

The most important practice game of the Huskies play will be with a Big Ten conference quintet, Ohio State university, at Seattle, tonight and tomorrow night. The conference season opens against Idaho here Jan. 5 and 6.

BYU Defeats Montana State

BOZEMAN, Mont., Dec. 22 (UP)—Brighton Young university of Provo, Utah, staged a movie finish last night to defeat the basketball squad of Montana State college 50-46 in the first of a two-game series. The final changed hands throughout the game, with Montana holding the edge in closing minutes until a final flurry of baskets won the game for BYU.

The Provo squad led 27-21 at halftime. The unexpectedly pared Montana score with 14 points, one behind BYU's Allen.

The American outfit for music and voice instruction during 1937 totaled \$100,000.00.

Sego Milk and Firestone Win Pin Tilts

Led by Rollo Homing, who had a three-game total of 650, the Sego Milk crew took two out of three games from Zipway in last night's Commercial league bowling. In the City loop Firestone took the Kimberly team by the same score.

For the Zip-Way team George Paulson was high man with a 200, while Les Cowan had a 208 for single and Glen a 215.

In the City encounters, high honors for the evening went to Frank Vodka who had a three-game total of 496 and a high single of 211.

Strikes to Spare

By FRED STONE

Sego Milk got away with the first and second games, which must have made the Zip-Way boys mad, as they turned in a 927 total to take the last game.

Homing, with 659, topped the milk-makers. Al Kircher got a 918 total for his part. The rest of the west enders couldn't get over the top. Homing's 197 first game was their best single.

George Paulson, with 650, was the top counter jumper. Vey Glah, with 619, also led both teams in that department. Les Cowan checked in with a 208 single game. Bill Parrish turned in some plain and fancy shooting his first game.

If you'd ask me, I'd say very plain. John Ford's 239 still leads the Commercial league for the weekly prize.

Firestone took a couple of games away from Kimberly in their encounter.
Frank Vodka, with 494, led both teams—but only by three pins over Homer, who was substituting for Louis Deaton. Frank also got a 211 single—good enough for both teams. John Vodka was in the dog house last time.

King, with 487, was tops for the Firestone boys. The Firestone bowlers were bunched the closest King's own team—487, 487, 445.

Vodka's 211 taken the lead for single game in City league before he led a 2453 leads for next week's free bowling.

Second Ward Wins Over Jerome

JEROME, Dec. 22 (Special)—The powerful Twin Falls second ward basketball team won a 30-12 victory over the Jerome entrant in the McMan basketball hoop here last night.

Bill Woodard, Twin Falls forward, garnered high point honors for the evening by sinking eight points. Art Trauner and Elmer Laubenstein played outstandingly for the winners. The invaders were ahead at the half time 10-4.

THE THANKSGIVING DAY GAME ~ IN 1878
I STARTED IN BUSINESS THAT SAME YEAR
Old print shows Princeton beating Yale 7 to 6 on Thanksgiving Day in 1878. These were the days when players wore no head guards and a fullback wasn't "dum"—until he pulled "dum"! From Julius Kessler's private collection of great memories.

There's half-a-century's experience back of the drink I am recommending
I missed this Yale-Princeton Game in '78. It was out in Leadville, Colorado, selling my first bottle of whiskey. But I've seen many a football game since—and I've sold many a case of Kessler's. The whiskey I make today—my KESSLER'S PRIVATE BLEND—is the mildest-tasting drink of my entire career.

REPAYMENT PLAN OPINIONS SOUGHT

SHOSHONE, Dec. 22 (Special) — Water users on the Miller-Gooding tract are being asked by the officers of Miller-Gooding Water Users' association to consider some type of director and make known the type of repayment contract desired. Two types are presented. One favors a 10-year contract for 50 or 60 years, based on a tentative construction cost of \$46 an acre, of 29 cents per acre per year; the other a sliding scale project based upon crop production.

On the latter project the 1935 crop year has been suggested as an average, the average gross income per acre for that year having been figured as at \$19.08, based on the number of cropped acres. Upon this basis the income would have been \$15.35. It has been suggested if \$20 was taken as the average gross income, the average yearly per-acre payment, or 5 per cent, would be \$1. A sliding scale would be presented showing that from 1935 to 1940 the annual charge would be \$5.50, on down to a \$45 income showing the annual charge to be \$1.20. On the basis of that the gross income per-acre income on the project for 1938 was not such as to warrant a payment under the repayment contract plan, it is figured it would have been not more than 55 cents.

The dual proposition has been put up to the water users, no selection being made as yet between the two provided. The officers are L. J. Mott, president, and Howard E. Adkins, secretary.

Directors: North Gooding—J. E. Arkooch, Clarence Pauls, Charles Gee, West Gooding—W. D. Paley, W. A. Hudson, A. F. James, East Gooding—Ira Barker, E. L. Hood, Ensign, Bud Olmstead, North Shoshone—Harry F. Jones, E. W. Butler, L. J. Mott, Dietrich—H. H. Grievie, J. H. Culbertson, Chris Frees, Richfield—T. B. Brush, E. D. Adkins, C. O. McKay.

The plan to secure a revision of the present canal construction repayment agreement between American Falls Reservoir district No. 1 and the federal government has been under consideration for a year or more, and the present effort is to make a major revision as to the type desired, as legislation undoubtedly develop in the next congress that will harmonize with the plan.

ROPER HAS LAST PRESS GATHERING

WASHINGTON, Dec. 22 (Special) — Secretary of Commerce Roper, in his farewell press conference, today forecast continuation of a gradual upward trend in business activity in 1939. Roper's resignation becomes effective Friday, midnight.

"There are several elements of strength in the outlook for 1939 that create a much more hopeful frame of mind than existed at this time last year," he said.

"The increase in the purchasing power of the population in recent months has given a new impetus to the volume of domestic industry and is reflected in increased demand for durable as well as consumer non-durable goods."

"The marked expansion in the demand for automobiles has been reflected not only in increased output of the automobile industry but also in other basic industries providing the raw materials and equipment."

Terminating more than 27 years service with the federal government, Roper said:

"I leave public service with gratitude to all and malice toward none."

FATHER FEARS Bouncing Girl Is Bewitched

ST. CHARLES, Va., Dec. 22 (Special) — The strange case of bouncing Bertha, a major attraction at the county fair, who complains she cannot sleep because an evil spirit shakes her out of bed, drew scores of curious to the W. Va. State fair today.

Bertha Marie Sybert, who lives with her 71-year-old grandmother, Mrs. Reed, in a mountain cabin, said she "sore all over" because the spirit made her bed bounce. She wished "the thing would leave her alone."

Bertha said the spirit "has followed me to bed for 35 nights in a row." She convinced her credulous neighbors either she or the bed had been bewitched.

"The spirit" began bouncing Bertha's bed last Nov. 16, Mrs. Sybert said. Every night since then the bed has shaken so violently "that two hefty farmers weighing some 100 pounds apiece, who tried to hold the bed couldn't hold the ghost," she said.

Bertha Weakens

Bertha is weakening fast as result of the bouncing, according to her father, Frank Sybert. He said she has begun to talk with the unknown bed-shaker and that, by saying "shake-shake big" she could make the bed bounce violently.

"If there is such a thing as witchcraft," Sybert said, "I believe my daughter Bertha is bewitched. It couldn't be a ghost."

Funeral Pending For J. A. Bennett

BURLEY, Dec. 22 (Special) — No funeral arrangements for John A. Bennett, 81, have been made as yet, according to the Burley funeral home, where the body rests.

Mr. Bennett, who farmed and prospected at Malin for the past 18 years, died Sunday at his home, Jess Pierce, Malin, following a brief illness.

He is survived by his wife, and three children, all of Malin, 11, and three others. He was born Feb. 2, 1857, at Mannotti.

Heyburn Students Present Operetta

HEYBURN, Dec. 22 (Special) — A Christmas operetta, "The Wooden Shoe Christmas," will be presented by the upper grades of the Heyburn school Friday evening, Dec. 23.

Hollywood Stars Leave Town Over Week-End of Christmas

BY PAUL HARRISON (NEA Service)

HOLLYWOOD, Dec. 22 (Special) — Christmas-on-Sunday is a calendar boon for the movie people, who are about to celebrate a two-and-a-half day holiday extending from approximately Saturday noon until Tuesday morning. This is a time for observation of the sentimental conventions, hot-aha, hurrah, and an excursion to Mexico.

By noon of December 25, you could drop dynamite down the chimneys and onto the hearthstones of nearly all the mansions of Beverly Hills and other upper suburbs and inflict casualties on nothing more notable than Anita Louise's dolls. The stars will be on their way to Palm Springs, Big Bear, the race track at Agua Caliente and other resorts. The Santa Anita track, which previously was the scene of a Christmas day imitates Santa Claus by a week this year and will bow in the suckers on Dec. 31.

There is something definitely unflattering to Hollywood in the eagerness of Hollywood-men to get away from here whenever they have a chance. Billie Holiday, for example, got reservations on a ship for England, wired for accommodations at Sun Valley, Idaho, for example, a distasteful alternative accepted an invitation for a local Christmas party.

Miss Temple Knows Now

Her final water users' no selection upon the demands of her studio. As it turned out, she has had to cancel the first scheme and was able to cancel the first. She is now willing to let her relax at Sun Valley for a few days.

This is the first Christmas, her mother says, that she has been sure there isn't a real Santa.

STOCK ON ROADS DRAWS WARNING

JEROME, Dec. 22 (Special) — State Traffic Officer Earl B. Williams has asked the full cooperation of all owners of livestock in the territory in which he is patrolling in urging that all livestock be kept off the highways.

The problem of loose livestock on highways, especially in this area, has become a serious menace to traffic safety, and I ask that any motorists who observe stray animals on thoroughfares, please call me collect and I will immediately check the matter, in order that life may be saved.

Mr. Williams stated that many times a motorist has notified him of loose animals on highways, but an hour or two after they have been seen, and "by that time," he said, "the strays have passed on and cannot be located."

Mr. Williams stressed the fact that it is a misdemeanor to allow stray animals on highways in herd districts and is punishable by law.

THE GOLDEN RULE

STOCK LOAN UNIT DELAYS BIRTHDAY

BOISE, Dec. 22 (Special)—Headed by T. O. Bacon of Twin Falls, the Idaho Livestock Production Credit association, the first production credit association established in Idaho, is five years old today but celebration of the anniversary will be postponed until Jan. 5 when the group holds its annual meeting in conjunction with the convention of the Idaho Wool Growers' association at Idaho Falls.

The production credit unit is one of the first three associations to be founded in the state of Idaho. Montana, Washington and Oregon—the 12th farm credit district, two others—the Montana and the Northwest Livestock Production Credit association, of Portland—were set up the same day. In Idaho, now 20 such associations in the district, serving farmers' short term credit needs in the production of everything from apples to wool.

The Idaho Livestock Production Credit association serves the entire state south of the Salmon river. Up to Nov. 30, 1937, 114 members, \$18,338,862.52 since organization. Loans this year up to the same date total \$3,211,999.27, a gain of \$100,000 over the same period last year.

The association is operated by a board of directors elected by the 114 stockmen who borrow on each member's stock in the association equal to five per cent of the amount he borrows.

All have served since organization except Rich, Finch and Manning, who were later chosen to represent eastern Idaho. They succeeded D. S. Smith, of Shoshone; John Archibald of Boise, and Arthur Van Sickle of Weiser.

Bacon has served continuously as president. Rich is vice-president, and Manning is secretary. Treasurer, A. H. O'Neil, manager of Boise, makes up the executive committee. Field representatives are Cecil L. Williams, of Boise; Charles O'Connell, of Weiser; and C. P. Tucker, Soda Springs.

Baked Ham—a Holiday Treat

It's in line with the holiday tradition, to baked ham—but it takes a few holiday decorations to make your family sit up and take notice. Try these ideas: Sliver slices across in a spray with glassed orange whole ham, sliver centers of orange slices with whole cloves... Sliver ham with whole cloves which spell the word, Thanking, diagonally across ham. Rub with brown sugar which has been mixed with a little mustard and moistened with ham drippings... Spread ham with orange marmalade, Garnish with orange cups filled with marmalade and topped with marshmallows... Slice marmalade and cherries into 1 cup strain honey and pour over ham... Spread ham with currant or grape jelly and return to oven to glaze and brown.

CATTLE FEEDING INCREASE LOOMS

BOISE, Dec. 22 (Special)—Development in the cattle feeding situation during November gave further evidence in support of the expectation that the number of cattle to be fed during the 1938-39 season would be somewhat larger than in 1937-38, the bureau of agricultural economics reports.

With large supplies of feed grains, hay, and roughage in nearly all of the corn belt states, and with prices of feed showing a tendency to advance from prevailing low levels, the demand for cattle to help utilize the feed has strengthened. This was reflected in the large movement of stocker and feeder cattle into the corn belt in November at the highest level of prices for the current season and the highest level for November in eight years.

In contrast with the situation in the corn belt, reports from the western states early in December indicate that the number of cattle to be fed in that area will be considerably smaller this year than last. The largest decrease is expected for California and Colorado, the two leading cattle feeding states in this group. Although feed supplies are generally abundant and low in price in nearly all of these states, the high prices of feeder cattle and the rather unfavorable returns from last year's feeding operations have tended to hold down feeding this year.

The lamb feeding situation as of Dec. 1 is somewhat different from what it appeared in early November. It now seems probable, reports the bureau of agricultural economics, that the demand for lambs will be fed in the corn belt states this season as last. Some reduction in this season was indicated by earlier feeding operations have tended to hold down feeding this year.

Man Stays Under 100-Foot Water Pressure 15 Hours

MILWAUKEE, Wis., Dec. 22 (AP)—Max Eugene Nohl, 26, scientific-minded deep sea diver, was a prisoner of pain for more than 27 hours in an experiment to test human endurance under high pressure.

After repeated efforts to emerge—each frustrated by stomach cramps and crawling sensations around the nose—Nohl left the air lock shortly before 9 p. m. Wednesday. His scientific collaborator, D. Edgar Ed, 22, of Marquette university medical school, believed he would be able to remain outside.

Nohl entered the tank at 11:25 a. m. yesterday and remained under pressure of 44 pounds to the square inch—the condition a diver would experience in water 100 feet deep. He telephoned breathing was like "draining in molten lead."

HOVEL DWELLER POOR BUT HAPPY

CLEVELAND, O., (U.P.)—Christian Scheerer, 70, who believes "you don't have to have money to be happy," lives in a shanty, made of a rickety pile of wood and cardboard, and eats soup and toast, just to prove it.

Scheerer, aged, penniless, jobless has built his own hovel in the woods on the grounds of the Warrenville infirmary, where he had lived for 12 years.

The old man tired of "just sitting and talking" six years ago, began to build a place of his own, back in the woods.

The scraps of wood, sheet metal, wall-board—almost anything he could collect—he built his small home.

Modest Wanda Filling, who says "I have just about everything a man could want," he said proudly, offering a salvaged chair, neatly mended. "Everything comes from the dump, but I have all the best improvements."

The cabin has three windows—of three different sizes.

"The little one," he said, smiling, "is to let me see the rain. The middle one is for snow, and the big one is to let in the sunshine."

Behind the cabin, Scheerer has built an arbor, now covered with a grapevine. Beside it is the outdoor fireplace—where the self-reliant old man cooks his own meals.

"I cook up vegetables from my garden," he said, "and eat soup and toast."

Builds Second Cabin

Scheerer is putting the finishing touches on his "arbor," the second cabin in the woods, which he is building of packing boxes saved over a period of five years. It will be finished and furnished with windows, hardware and furniture from the rubbish pile.

In the woods surrounding his cabin there are 12 birch trees on which Scheerer has written the names of his friends who have visited him. He has signed each of the trees with his trade mark—a rising sun.

The inside walls of the Scheerer cabin are like the pages of a diary, for there he records the simple happenings of his life. For the most part these inscriptions deal with the weather and the old man's diet. The important date is June 19, 1938—for that is the day he went down town. It is only time in 12 years.

"There wasn't nothing" must down there, though," he said chuckling. "I was mighty glad to get home."
