DEMOCRATIC RANKS REDUCE AS 76TH CONGRESS CONVENES

SHOWDOWN SEEN WITH PRESIDENT ON PARTY POLICY

WASHINGTON, Jan. 3 (U.P.)—The 76th congress convenes today with Democratic ranks reduced for the first time since 1932 and Republicans returned to major political status.

This newly elected congress is pointed toward a spectacular showdown with President Roosevelt on modification of the New Deal, notably the national labor relations act, the works progress administration, and social security finance. It will contest the president for control of the pure states and challenge his national defense plans.

Cabinet Shake-Up

Preceding this congress was a cabinet shake-up which supplanted Attorney General Homer Cummings and Secretary of Commerce Daniel C. Rogers—two old-line Democrats—and young and enthusiastic New Dealers. The senate shortly is expected to confirm Roosevelt's new cabinet. Mr. Hopkins as commerce secretary and former Gov. Frank Murphy of Michigan, as attorney general.

The new Democratic party continued in control of both houses but conservative Democrats were breaking away and they may bolt before the session is over.

Vice-President John N. Garner, one of these conservatives, will give the senate to order. South Dakota's Charles McNary, who will preside over the representatives until Rep. William B. Bankhead, D., Ala., is installed as speaker for the session.

The supreme court meets also for its first 1939 session and its night-fall. The conference of the great Democratic party will be moving full speed to six or more vital months.

Majority Raiser

There was a certain-rather display of majority raiser. Democrats carried into the 76th congress the 75th; Sen. Albert W. Hawley, D., Ky., in the senate, and Speaker Bankhead, Rep. Sam Rayburn in the house.

Senate Republicans continue under Sen. Charles McNary, R., Ore. The new house Republican leader is Rep. Joseph W. Martin of Massachusetts. He succeeded Rep. Bernard M. Smith, R., N. Y., who retired from congress. His only opponent for the post, Rep. James Wadsworth, R., N. Y., withdrew.

Democrat Democraticism

Democrat Democraticism was almost inevitable unless Mr. Roosevelt consents to alter the New Deal. Mr. McNary, who has been warned from within their own ranks that the majority party must be reformed, is expected to prove in the 76th congress that democracy is no mere ideal and that unity is essential if the Democrats are to win the 1940 national election.

Closure Form

Political cliques have formed and were growing. There were new minds in congress and changing is the old. The new Democraticism was carried off an entire court of the people were gathering here to (Continued on Page 2, Column 1)

Dies Report Shows Reds Have Invaded Federal Government

By JAMES McNAUGHTON
WASHINGTON, Jan. 3 (U.P.)—The house committee investigating Communist activities today revealed its charges of members of President Roosevelt's cabinet and representatives of the house and senate. The committee said Nazi and Fascist groups also had invaded the federal government.

The committee said Nazi and Fascist groups also had invaded the federal government. The committee said Nazi and Fascist groups also had invaded the federal government.

Important government officials, including James and Miss Perkins, sought "harmful" Miss Perkins investigation.

Miss Perkins has failed to enforce rigorously the deportation laws, which, the committee contends, would have stopped much of the Nazi and Fascist infiltration into the federal government.

David J. Sapiro, chief counsel for the national labor relations board, is either a Communist or "sympathetic to Communist teachings."

Nazi and Fascist groups in the United States engaged in propaganda and are linked to subversive activities.

In Airplane Factories

Nazi agents have penetrated airplane factories in heavy ways and insinuated themselves "into direct possession of secret plans for the construction of United States navy battleships of the latest type."

German officials plan to create a "black American division of the German-American Bund and this plan is carried out, a merger of a number of minor subversive forces in the country are to be expected under the swastika leadership of the German-American Bund."

The investigation has "only scratched the surface," Sapiro reported, and "has not proceeded far enough to justify its in recommending legislation to congress."

Communists are trying to overthrow the government, seize control of the labor movement and form a "Fascist-Labor Party."

The committee has also written and theater projects of the works progress administration to disseminate class hatred propaganda.

POLICE BREAK UP DEMONSTRATIONS AGAINST FRANCE

TUNIS, Jan. 3 (U.P.)—Police today quashed scattered Arab demonstrations which threatened to erupt into a riot after the departure of French troops from Tunisia.

The demonstrators sought to surround the city of Tunis and to surround the city of Tunis and to surround the city of Tunis.

GOP Gets Gain For Committee Representation

WASHINGTON, Jan. 3 (U.P.)—Democratic and Republican leaders of the house agreed today to increase Republican representation on committees to approximately 40 per cent. The appropriation and rules committees were excepted.

The change, reflecting the increase in GOP house membership from approximately 20 to 40 per cent, will mean, for instance, that the ways and means committee, heretofore comprised of 18 Democrats and seven Republicans, will have 15 Democrats and 10 Republicans.

Governor's 1st Message To Legislature Asks for 'Pay as You Go' System

By WILLIAM McENAMIN
BOISE, Jan. 3 (U.P.)—C. A. Bottolfsen today outlined in a message to the 25th legislature a program of broad reform, administrative economy and consolidation, tax reduction, correction of abuses and budget balancing.

The governor championed the cause of the taxpayer and demanded that the legislature curtail the march of government expansion in an effort to develop a "pay as you go" system of state financing.

"Progress, marching with paid bills in hand, is the true symbol of success," the governor said. "The expenditures which you authorize must be limited by revenue. This is no command of mine. It is the command of governmental responsibility to both you and me, a command which we must obey, if we are to be worthy of the trust imposed in us as agents of the people. We must budget within income."

The governor's 18 point program he outlined in the opening message to the legislature was briefly as follows:

1. A rigid policy of economy and balancing of the budgets for all state departments within existing income.
2. Tax deed extension to relax the law relating to the issuance of tax deeds on delinquent property and enable people to keep their homes and farms.
3. Amendment of the state constitution and laws in order that the state can conform to federal requirements governing the disposition of government lands-in-aid of Reclamation Law Revision.
4. Revision of the state public assistance laws to cut expense, consolidate functions, improve management, abolish county participation and create a non-partisan board for its administration.
5. Reform of the state penitentiary through increasing facilities for segregation and create a prison facility to teach offenders a trade.
6. Improve the personnel and sanitation of state hospitals. A recommendation for creation of a hospital general central staff for administration, purchasing and other functions.
7. Appropriation of funds for re-evaluating the department of labor and appointment of a commissioner of labor.
8. Reform of the state industrial hygiene and workmen's compensation laws.
9. Board of Trustees.
10. Placing of the state insurance fund under a board of trustees on which workmen, employers and the state would be represented.
11. Increase the appropriation to advertise Idaho and improvement of the state publicity department.
12. Correction of the state fiscal accounting system in purchasing, budgeting and auditing. A change of the fiscal year to conform with the federal year and the adoption of continuous budget simplification.
13. Consolidation of audit by consolidating the budget bureau, examining the state and the bureau of public accounts into one department.
14. A merit system for state employment in policing, accounting, public health and social service branches.
15. Consolidation of administrative functions by governor's executive (Continued on Page 2, Column 4)

Raging Storm Along West Coast Subsides

PORTLAND, Ore., Jan. 3 (U.P.)—A fierce storm, which punished the north Pacific coast for three days, diminished today but left ships still tossing in raging seas, seriously interrupted inland travel and caused thousands of dollars worth of property damage.

Southerly gales, screaming to a 60-mile-an-hour peak at the mouth of the Columbia river late Monday, shifted to the westward and dropped to 40 miles an hour.

A brief cyclone struck the town of Longview, in the Willamette valley near Salem, during the night, shattering windows and wrecking a service station.

Two ships, earlier reported in danger, were riding out the gale, one after cutting loose a deckload of lumber. A score of cattle, large and small, huddled in the harbor at Astoria.

Andrew Johnson, 62, highway engineer on Vancouver Island, British Columbia, was found dead, apparently electrocuted by a power line, broken by the storm. Mayon, a seafarer, was killed by a power line, broken in Cedar creek, following a trap line.

COOGAN, WIFE Temporarily Close Home

HOLLYWOOD, Jan. 3 (U.P.)—Betty Grable, blond film star, today revealed she and her husband, Jackie Coogan, who made \$400,000 on a film star, have separated until his financial condition is better.

She said she had gone home to live with her mother, Mrs. Lillian Grable. Coogan, who is suing his mother and step-father, Mr. and Mrs. Arthur Bernheim, for an accounting and recovery of his earnings as a child star, is living with an uncle, George Coogan.

"We are still in love," Miss Grable said. "I saw Jackie last night. We simply decided to separate until his financial condition is better."

The actress said the Hollywood home in which the young couple had lived since their marriage a little over a year ago had been closed and the furniture sold.

It isn't a permanent separation at all," Miss Grable said. "As soon as Jackie's court troubles are settled and he goes back on his feet again, we hope to go back living together again."

Highway Force SHAKEN UP

BOISE, Ida., Jan. 3 (U.P.)—A complete shake-up of the highway department personnel and revision of the management of the department was announced today by H. R. Flint, highway director.

Flint said he hoped to appoint two assistants to direct highway construction and maintenance in place of one recently resigned, but the proposal still was indefinite.

He said the state was planning to build in half and each engineer would have "supervision over his division."

An alternative plan would put highway maintenance under one man, construction under another, he said.

Highway engineers are being transferred to break their connections and give them a fresh start.

Raymond Pearson, highway engineer in charge of the state highway department, was transferred to the state highway department.

Violent Deaths FOR NEW YEAR'S NEAR 500 MARK

(By United Press)

Violent deaths in accidents, fires, homicides during the three-day holiday which ushered in the New Year mounted steadily toward the 500 mark today.

A survey showed at least 397 persons had been killed in 39 states and the District of Columbia. The other states—Delaware, Georgia, Mississippi, New Hampshire, New Mexico, North Dakota, Rhode Island, Vermont and West Virginia—reported no violent deaths. Indications were that fatalities would approximate 500, about the same number killed during the three-day Christmas holiday.

Strangely-enough—accounted for more of metropolitan New York's fatalities than did automobiles. These persons committed suicide yearly during the total for the week-end to an all-time record of 30. Twenty-two persons died in automobile accidents.

Officials Train INSANE CONVICTS

CHICAGO, Jan. 3 (U.P.)—State police from Ohio to Illinois trained today a group of insane convicts to make them more dangerous.

The convicts were led by Frank Hughes, 38, former leader of a Chicago bandit gang, who was captured yesterday from the state hospital for the insane, a companion who was captured in Cleveland yesterday. From the captured man, Russell Nuckles, 25, police obtained information which they used to set traps for the fugitives.

He told authorities Hughes had confided he was determined to kill his ex-wife, Margaret Hughes, 30, who obtained a divorce in 1932 and four policemen who were instrumental in breaking up his gang.

His companions are William Bruck, 34, Cincinnati murderer; William Hinz, 31, Cleveland robber; and Charles Pierce, 42, an Indianapolis robber.

State Troopers ARE REINSTATED

BOISE, Ida., Jan. 3 (U.P.)—Twelve state highway patrolmen dismissed last Saturday because of lack of funds to pay their salaries were reinstated today by Commissioner of Law Enforcement Harry M. Rayner.

Rayner said, however, that every patrolman on the force was "on probation."

The reinstatement came after Gov. C. A. Bottolfsen issued a special executive order asking Rayner to reinstate the patrolmen.

Rayner said the patrolmen were reinstated because of the state's financial condition.

BUHL, Jan. 3 (Special)—Ransacking the New Year store between 11 and 12 p. m. last night, burglars took a quantity of overcoats and men's sport jackets from the store, carried off an entire counter of the store, and removed several hundred dollars worth of merchandise from the store.

The burglary was discovered by Hal Cunningham when he checked the premises at midnight, to find a broken window at the rear, and a broken window at the rear, and a broken window at the rear.

In a letter to all members of the new congress, the Grange criticized the chief executive's spending policy. Secretary of the Grange, John M. R. Graham, called the present program a "waste of money" and called for a "new program" to restore agricultural as well as industrial recovery.

WINDSOR PLANS VISIT TO AILING DOWAGER QUEEN MARY

WIFE WILL NOT GO WITH DUKE; IS 'MOST ANGRY'

(Copyright by United Press)
LONDON, Jan. 3 (U.P.)—The duke of Windsor is expected to arrive in England, alone, about Jan. 13 for a private visit with his mother, Dowager Queen Mary, a usually reliable informant said today.

The duke's American-born duchess, for whom he gave up his throne, was said by the same informant to be most angry because he had agreed to return, even for the briefest visit, without her.

It was understood the duke had agreed to return only because his brother King George informed him in a personal message that the condition of Queen Mary's heart was causing some anxiety, and she had wanted for many months to see him.

This was the first intimation Queen Mary's heart was giving trouble. Although she will be 72 next May 20, and has been saddened by the death of her husband and the abdication of her eldest son, the dowager queen has remained active and had been considered in robust health.

JAIL SUICIDE

SAN FRANCISCO, Jan. 3 (U.P.)—Conscience-stricken because he strangled his young wife to death, Ramon Hughes, 24, committed suicide in his jail cell by hanging himself here while awaiting trial on a murder charge.

He left a series of notes, describing his thoughts and the ordeal in his "private life." In one note he wrote his love for the girl he had murdered, Jean Montgomery, 23.

New Paper Process May Aid Farmers Who Grow Potatoes

PITTSBURGH, Jan. 3 (U.P.)—A new industry, the manufacture of newspaper from straw, weeds and other waste materials, was envisioned today by a Pittsburgh scientist as he prepared to put his product to the acid test—the way and time of modern, high-speed newspaper processes.

Should the paper manufactured through a secret process invented by Dr. P. W. Hochstetler, without exhaustive tests by Pittsburgh newspapers, it will mean a saving of millions of dollars annually to newspaper, book and magazine publishers, as the cost of manufacture will be about \$10 to \$15 less per ton than paper made from wood pulp.

WOMAN INURED IN AUTO MISHAP

JEROME, Jan. 3 (Special)—Mrs. Evelyn Clark, 40, of the city of Jerome, was injured in a car accident on Monday morning when the car in which she was a passenger, with her husband, swerved off the highway and off an embankment, Mrs. Clark was taken to the hospital at Twin Falls for examination. She was temporarily knocked unconscious from the bump.

The accident occurred at 10:15 a. m. Monday, five and one-half miles from Hazelton when Mrs. Clark attempted to pass a car being driven by Joe Hauck, Jr., of Hazelton. The Hauck youth assertedly made a sudden turn in order to avoid crashing into the Hauck car, Mrs. Clark immediately swerved her car off the highway. It overturned and toppled off the embankment.

Damage to the Clark machine was estimated at \$150. The top was smashed and the doors and axle were also damaged. State Trooper Earle B. Williams, who investigated the accident, stated that no arrest had been made. In the car with the Hauck youth was his father, Joe Hauck, Sr.

Mr. and Mrs. Clark were formerly residents of Twin Falls, where Mr. Clark was engaged for American Express company.

Mrs. Clark was dismissed today from the Twin Falls county general hospital, attendants said.

NAZIS COMMENCE TREASON TRIALS

BERLIN, Jan. 3 (U.P.)—The greatest treason trial since the Nazi accession to power six years ago started today before the dreaded "people's" court.

In all more than 100 persons were involved and of these it was forecast that 17 or 18 would be sentenced to death by beheading.

There were 22 principals. The chief figure is Ernst Nieckisch, a prominent writer and political partisan of pre-Nazi times.

The principals were charged not only with disseminating propaganda against the Nazi regime but with actually plotting the death of high Nazi leaders.

Nieckisch and two men charged with aiding him in leadership of a treasonable Nazi movement were put on trial in secret.

It was understood that during the first few hours the court heard the testimony of the three defendants. An official said he expected the trial of all 22 principals to last only two or three days.

NERVE STRAIN APLENTY BUT NO JITTERY NERVES

FOR CARL DOSSEY CHAMPIONSHIP COWBOY AND STAR OF THE RODEO

GREAT RIDING, CARL, BUT IT MUST BE PLENTY TOUGH ON THE NERVES

SURE IS, BUT I BEAT NERVE TENSION BY EASING OFF WHEN I CAN

I LET UP—LIGHT UP A CAMEL! I FIND CAMELS ARE SOOTHING TO THE NERVES

THE MAN ON THE "BRONC" is Arizona's Carl Dossey, winner of two bareback championships in California and a high-point cowboy title at the big Utah show. Here is Carl at New York's Madison Square Garden in a thrilling stunt depending on split-second timing, perfect nerve control. Is it a strain? Carl says: "One hour around the ring puts more strain on the nerves than a whole day of punchin' cows. My nerves would be plenty tense, jittery if it didn't relax 'em every chance I get. My way is to let up—light up a Camel. Camels are mighty comforting."

LOOK TO THE DOG FOR A VALUABLE HINT ON NERVE STRAIN

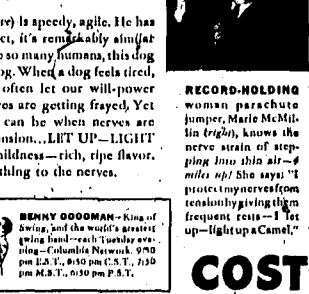

HIS NERVES MUST BE UNDER TERRIFIC TENSION

THE ENGLISH SPRINGER SPANIEL (above) is speedy, agile. He has a highly developed nervous system. In fact, it's remarkably similar to our own...complex, sensitive. But, unlike so many humans, this dog doesn't ABUSE his nerves. Nor does any dog. When a dog feels tired, he relaxes INSTINCTIVELY! We humans often let our will-power whip us on, deaf to the warning that nerves are getting frayed. Yet how much more pleasant, profitable life can we have when nerves are rested now and then. Try it...break the tension...LIT UP—LIGHT UP A CAMEL! You'll welcome Camel's mildness—rich, fine flavor. Smokers find Camel's coffee tobacco soothing to the nerves.

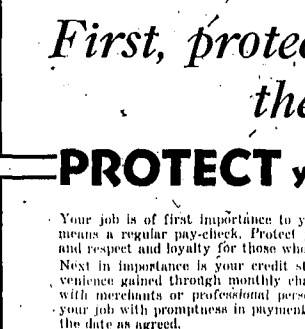

STORE MANAGER (left) W. A. Knox's life is different from Dossey's, but there's plenty of nerve strain in it. "I'm on the jump all day," he says, "but it's a real relief to take a tension-breaking smoke—letting up and lighting a Camel."

RECORD-HOLDING woman parachute jumper, Marie McMullin (right), knows the nerve strain of stepping into this air—4 miles up! She says: "I protect my nerves from tension by giving them frequent rests—1 let up—light up a Camel."
