# SPECIAL WPA APPROPRIATION URGED FOR NEXT 5 MONTHS

## PRESIDENT ASKS FUNDS TO CARRY ON RELIEF WORK

WASHINGTON, Jan. 5 (UP)—President Roosevelt today asked Congress for an immediate \$750,000 appropriation to provide WPA jobs for between 3,000,000 and 2,700,000 persons until June 30, the end of the 1939 fiscal year.

He asked for these funds in a special relief message, while in his regular budget message, also submitted today, he asked for relief and recovery program of \$2,265,185,000 for the next fiscal year beginning in July.

**Statutory Restrictions**

Taking cognizance of growing congressional criticism of administration of the work relief program, he called for statutory restrictions against improper political practices in relief.

He asked for return of relief administration to local authorities and against imposition of restriction that might interfere with political rights of relief recipients.

"No one wishes more sincerely than I do that the program for assisting unemployed workers should be completely free from political manipulation," Mr. Roosevelt said.

He said, however, that he proposes this restriction can be achieved by turning the administration of a work program over to local boards to insure independence of the realities of local American politics.

**Above Predictions**

The recommendation for \$750,000,000 for WPA for the five months from February to June, inclusive, is substantially above previous predictions of the cost of financing the relief program for the balance of the fiscal year.

The \$750,000,000 deficiency appropriation, Mr. Roosevelt said, will supplement the \$1,425,000,000 provided by the last Congress to meet relief costs for the first eight months of this fiscal year. The original appropriation virtually is exhausted, he said, and it is sufficient to meet needs through January, the seventh month of this fiscal year.

## BUDGET REJECTS ECONOMY PLEAS

(From Page One)

pump-pricing policy last spring will not reach its peak until April and will continue well through the following year.

But the progress administration goes on, Mr. Roosevelt almost immediately with ask somewhat more than \$150,000,000 to continue WPA through part of February to June 30—raising recovery and relief costs for this fiscal year to \$3,187,000,000.

**Stets Cut in Relief Costs**

It was stated that no national deficit cost to \$2,265,000,000 in the 1940 fiscal year, a reduction of \$921,000,000.

The 1940 sum will be distributed in part as follows:

1. WPA—\$1,500,000,000.
2. National Youth Administration—\$250,000,000.
3. Farm Security Administration—\$500,000,000.

It was stated that no national deficit spending was concealed in either WPA or NYA spending plans.

In addition to the \$322,000,000 more revenue requested, Mr. Roosevelt pointedly remarked that no revenue provision ever has been made to cover federal grants to states for various social security purposes and that these will cost \$280,000,000 in the next fiscal year.

This message projected a new federal bookkeeping system, one which might enable the budget to be set up in the last Roosevelt year without a deficit if Congress approved.

**Asked to Study New Account Plan**

Congress was asked to study a plan to set up new accounts for loans and other "recoverable" federal disbursements. Federal corporations, such as the farm credit administration, would finance themselves and the money they raised would not be charged against the government's general fund.

Self-liquidating public projects would strike a balance and congress would make up any deficit to be later as an expenditure and charged against revenue—or the corporation would declare a profit and share the proceeds to the general treasury fund.

## COMMENT ON FDR SPEECH

(By United Press)

SCRIPTS—HOWARD NEWSPAPERS (Ind.): We feel all the horror Mr. Roosevelt voiced for dictatorship. Yet we think some of his eloquent castigations of the political beliefs and systems of other peoples might better have been left unsaid. We can't imagine our own concepts on the rest of the world and, understanding among nations is not prompted by name-calling across the seas.

**NEW YORK DAILY NEWS (Ind.):** We assume, though the President didn't mention any nations by name, that the dictatorships he referred to are Germany, Italy and Russia. We feel sorry for Europe. But Europe treasures its hates and loves its wars. There is no more reason why we should join Europe in that suicidal folly at this time than there ever has been.

**WASHINGTON POST:** On the President's call for more effective military preparedness, there will be little or no domestic disagreement. But the President strays onto ground which is far less firm when he suggests a strategic defense of democracy involves an unrestrained endorsement of his domestic policy.

**WASHINGTON JOURNAL:** The President is plainly asking Congress for repeal of the neutrality act, the Johnson act, and for authority to go directly into the councils of foreign governments to assure one and threaten the other. But he has no right to carry on such an adventure without a clear understanding by the nation of what is at stake and where it leads.

## AGENCY LOCATES JOBS FOR 3,726

During the year 1938 there were 3,726 persons who found jobs of various kinds through the Twin Falls offices of the Idaho state employment service. It was announced this afternoon by W. Clyde Williams, office manager, who compiled a report of office activities for the 12-month period.

The number of positions found, the report shows, includes 1,985 in private employment, 435 in public. The balance of the jobs found, numbering 1,306, consisted mostly of transient labor, especially in connection with harvest work.

**Many Apply**

New applications made during the year, by persons registering at the office, totaled 5,807 while renewed applications for work numbered 5,495. On Jan. 1, 1937, when the office served eight counties, there were 2,468 persons carried on the active file while at the end of 1938, with the office serving only three counties, there were 1,611 persons registered. Five of the eight counties formerly handled out of the local office are now handled through the Jerome office.

One of the most interesting features of the report is that during 1938 there was a total of 61,079 persons who visited the office. This number included employers, employees or people on other business.

"Each person who visited the office had to be talked to personally," Williams said in commenting on the flow of traffic. "In many cases a visitor would talk to more than one employment service worker."

**December Highest**

The report shows that the greatest number of new applications was received by the office during December, when a total of 460 were tabulated. Other high months included September with 381; November with 366 and January with 248.

Renewals reached the high peak in April when 1,611 persons registered to the office to file their names and occupations, signifying they were looking for work.

In the matter of private placements the peak was reached in October when 450 jobs were found. Most was November with 416. Public placements reached a high of 97 in June while transient employment jumped to 846 in September, 708 in October and 541 in November, during the harvest season when farmers demanded immediate labor supplies.

The local office of the service is located at 129 Second street east.

Man flattening package half full of cigarettes to decide prospective borrowers into thinking he has practically no smoke left to lend them. One pedestrian telling another where to find a good barber. Several folks coming into assessor's office to buy licenses, under firm conviction that the flat 15 fee has already been placed in effect. Young lady carrying a gift jar of luke fish, smelling not quite as much as most luke fish but loudly enough. Church bulletin urging parishioners to get into the current struggle of the merchants by taking a "capital inventory." And small boy rescuing old Christmas tree from alley, and dragging it down Shoshone street sidewalk.

## LAST HONOR FOR WRECK'S VICTIM

DECILO, Jan. 5 (Special)—Funeral services were held Monday for Willis Humtunen, aged 37, formerly of Declo, who was killed Dec. 28 when a freight truck and trailer loaded with 18 tons of apples, left the road and was completely wrecked.

Services were held at the Burley funeral home. Speakers were Bishop Burt, John Darrington and Elmer Saxton, Declo.

Palldressers were Paul and Mark Saxton, Edwin and Harlan Kidd, and Roy Mott.

Interment was in Declo cemetery beside the graves of his parents.

## Camera Fans Will "Shoot" Railway Yard

Amateur photographers will invade the Twin Falls railroad yards of the Union Pacific Sunday afternoon.

Field trip for all members of the Magic Valley Camera club, and any other amateur photographers, has been arranged for 2 p. m. Sunday.

President Victor Goertzen announced this afternoon:

"The camera devotees will take pictures of trains, cars, the rail yards, depot and other features. The pictures will be the topic for the club's next print competition, and will also be placed on public display downtown, Goertzen said.

The photographers are to meet at the clubroom under the Bank and Trust company at 2 p. m. Sunday.

## GERMANS BLAST ROOSEVELT TALK

BERLIN, Jan. 5 (UP)—The Nazi foreign office mouthpiece Diplomat-Politik Correspondent today denounced President Roosevelt's challenge to dictatorship as "destructive."

"It is a blast of bitter press comment directed at the United States President on the grounds he was under influence of 'war mongers,'" Diplomat-Politik Correspondent declared appeared to be tantamount to an expression of official reaction to the message to Congress which Roosevelt submitted was directed chiefly at Germany.

"It can hardly be maintained that such aims and methods as contained in Mr. Roosevelt's speech correspond to what Europeans would call peaceful statesmanship."

"They also lack of realizing that international good faith which Mr. Roosevelt described as the American ideal."

"Mr. Roosevelt would find it difficult to convince a single German that he really fears attacks on his country or the American continent at large."

The Dornier-Zeitung, in its afternoon edition, headlined its message story, "Roosevelt acts up record as orator of hate."

## HUGE OIL TRUCK GOES OFF GRADE

(From Page One)

lanka, the huge vehicle settled in wreckage down the grade.

Mr. Wells was en route back from Boise. He stopped for Parker at the end of the grade. Although the refinery truck driver took the wrong road onto the steep and curving road.

The accident was understood to have been the second on the Bliss grade within two days. An empty auto-rancher and truck also went off with its driver escaping serious injury.

"Another truck, a semi-trailer belonging to a Twin Falls firm, went through the guard rail at the foot of the grade yesterday morning. It turned over on the rocks it was not badly damaged and the driver escaped injury. The driver, according to investigating officers, evidently failed to make the turn. The truck was not loaded.

## BILL FORM FOR BOTT PROPOSALS

(From Page One)

The bill does not reduce fees for trucks or commercial trailers. The common bill provides specifically that counties must first use the returned gasoline tax money for payment of interest and redemption on outstanding highway bonds before the funds can be used for highway maintenance and construction.

After counties oppose the measure because it is expected to reduce their share of the revenue. It also is expected to reduce state highway department revenues nearly \$1,000,000.

# Battle Looms on Pocatello School

## SOLONS PREDICT PROTESTS FROM NORTH COUNTIES

By WILLIAM McMENAMIN  
BOISE, Jan. 5 (UP)—The major battle of the 1939 Idaho legislature drew nearer today when William S. Cadg, Pocatello publisher and chairman of the four-year university committee, announced a bill embodying the plan would be thrown into the legislative hoppers early next week.

Leaders of the legislature predicted the proposal would bring protests from northern counties, particularly Latah county, where the only four-year university in the state now is located.

Forwarding of the proposal was read by observers in the message of Gov. C. A. Bottolfsen to the legislature in which he warned against the education lobby.

Rep. F. M. Battline of Bannock county said that "with the exception of a few details the bill was ready for introduction." It will provide for an additional two-year course to be added to the recent system prevailing at Pocatello.

Funds for creation of the additional two-year courses at the junior college at Pocatello would necessarily have to be taken from the educational appropriation. This would increase the budget and also threaten a cut in money allocated to primary schools, opponents of the measure pointed out.

Every legislature for the past 15 years has dealt with the proposal and turned it down.

In 1935, the plan came within

one vote of passage.

Those favoring establishment of the university at Pocatello contend that south Idaho students have too far to go from their homes to university at Moscow. They asserted Pocatello is more centrally located and nearer the population center of the state.

"Those opposing the measure pointed to the cost, and said it would be inadvisable for a state the size of Idaho to attempt to support two four year universities.

## DAUGHTER SEEKS ESTATE ORDERS

Administrative authority and court designation of heirs and their interests are requested in a petition filed in probate court by Mrs. Nina Ellis Sawyer in connection with the estate of her mother, Mrs. Elizabeth Ellis.

The baby was born Dec. 4, 1937, and passed away at the family home Tuesday morning of pneumonia.

Besides the parents, there are the following brothers and sisters: Joseph, Dick and Lee.

Interment was made under the direction of the Albertson funeral home.

## Car Crashes Wendell Gas Station Wall

WENDELL, Jan. 5 (Special)—An auto really "drove into" the Idaho service station here Wednesday morning.

The machine kept right on going, destroying the north side wall on the front, breaking out a small window and tearing off a leg of the table on the inside of the structure.

Harold W. Cowles, Rupert, and two others whose names were unavailable were on their way to the NYA Welser vocational school when they pulled in at the station to service their car. The machine failed to stop in time, and smashed into the building.

Ted Hack, manager of the station, and Walter Christwell were in the place when the machine suddenly banged through the wall. Startled by the sudden apparition, Hack nearly swallowed a cigar he was smoking according to friends.

About \$50 damages were estimated to the building, and the car sustained a sprung frame and bumper.

## Business Cheer for 1939

That Roger W. Babson's forecast of substantial business climb during 1939 is not the only such optimistic prediction is being borne out daily by statements of industrial leaders throughout the nation.

Their assertions point the way to a healthy upturn which should cheer south central Idaho.

Latest of the carefully-thought-out statements of industrial leaders is that coming to the Evening Times editorial desks from Larry E. Gubb, president of the Philco Radio and Television corporation at Philadelphia:

"It seems strange to predict a return of prosperity in a country which has such unbounded natural wealth and such a high proportionate scale of living as the United States. I would not say that we face a return of prosperity for in reality it has always been with us. I would rather say that during 1939 we will, in all probability, utilize the resources and riches that lie at hand to a greater and happier extent.

"Every sign points, and has been pointing for months, to a continuance of the recovery movement in a consistent, stable manner—barring the outbreak of a general war. The national income for 1938 is estimated at sixty-five billion dollars, the highest, with the exception of 1937, since 1930. A considerably higher income can be expected for 1939.

"New products, new ideas and more aggressive efforts, born of the last slump, have resulted and will continue to result in business rises that have been mounting contrary to all expected seasonal declines.

"Values and volume will play a large part in achieving concrete business success during the year just starting. It is a tried and true fact that if the public gets more for its dollar it will spend more dollars."

## Good Intentions No Excuse

It is a long time since anyone has accepted "I didn't know it was loaded" as a satisfactory excuse for a shooting. And it may be that one reason why our automobile traffic death toll is at last going down is the fact that a similar healthy skepticism is being developed toward the excuses offered by motorists.

A case in point occurred the other day in Fresno, Calif., where a young man was sent to jail for 30 days because he fell asleep while driving his car.

The man's family was moving, and he was transporting household goods back and forth. It got to be late at night, and he was—naturally enough—very tired and drowsy. He dozed off while driving along the road. His car swerved and hit a truck. His niece, riding in the car with him, was killed, and the young man was held on a charge of manslaughter.

Now the point is that this driver, in a sense, was as blameless as a man could be. He hadn't been intoxicated, nor had he been speeding or breaking any traffic laws. He was a good lad, and the district attorney asked that leniency be shown. But the judge remarked:

"The fact remains that he was negligent in driving while sleepy. It is the duty of drivers to stop their automobiles before they go to sleep. A sleepy or a drowsy driver is a menace to the public."

So the young man has to spend a month in jail, where he can meditate on the need for eternal vigilance at the steering wheel.

Simple enough, all of this—and hardly worth comment, except that it does high-light a little truth that we can too easily overlook.

The man who is driving an automobile has a ton and a half of steel rolling along the highway. He may have the best intentions in the world, but for any reason at all it gets out of his control, somebody is going to get hurt. He may be guilty of nothing more heinous than dozing for five seconds—but the effect can be as bad as if he were a homicidal maniac possessed of a meat-ax. And the only possible rule that can be laid down is that he has no business getting behind the wheel if anything is going to interfere with his ability to drive his car safely.

It has taken us a long time to learn this lesson, but it is sinking in slowly.

Neville Chamberlain shuns role as mediator in Italo-French dispute. Yeah, verily, Neville, experience is a great teacher.

A Nazi decree orders the German national anthem played more slowly—something like a dirge at the funeral of freedom.

The Gentleman in the Third Row

STORY OF THE SHOTGUN AND THE YOUNG MAN

Mark y. Peltos:

Speaking of potash and shoguns (as you weren't, but why not?)

Well, I'm not sure, but I think I can tell you about the certain Twin Falls gent who can chuckle now but didn't at the time in question.

This gent was over at the lady friend's home during the holidays.

The lady friend's papa, thinking he'd be real nice, decided he'd show the young man one of his own most cherished treasures—a very fine shotgun.

So he barged into the room with the shotgun in his hands.

The young man looked very startled and got VERY red.

THE BANG WOULD CERTAINLY CATCH THE HINT:

Pot Shots:

Some brothers and sisters are certainly missing out on a lot of fun.

One ex-Twin Falls man sent his sister a check for 75 cents because she'd mailed him that much over the price of something he'd bought for her in San Francisco.

And his return check for 75 cents read like this:

—Tish Tish

OH! SO ROMANCE IS THE IDEA?

Pot Shots:

Let the seniors:

We seniors don't care to have the pen in the gym any more than you seniors do. The gym is or will be awfully hard to decorate.

## SERIAL STORY

# SKY'S THE LIMIT

BY ADELAIDE HUMPHRIES  
COPYRIGHT, 1939, NEA SERVICE, INC.

**CAPT OF CHARACTER**  
SALLY ANN CRANNEY, the girl who had a reputation for being a "capt of character," was not a bit different from the other girls in the school. She was a good girl, a good student, and a good friend. She was a girl who was not afraid to stand up for what she believed in. She was a girl who was not afraid to be different. She was a girl who was not afraid to be a "capt of character."

**CHAPTER XVII**

AS Corey had predicted, the other girls of the party on their way back, "They stopped to explain what had happened, how near they had come to an accident. Sally was transferred to the big sedan and Corey and Dan went on."

"Don't worry if we are a bit late," Corey said. "If this takes a little longer, it will be a little longer to get it welded when we finally make it. You folks go ahead and enjoy your seafood. Dan and I'll be along before the night's over."

Yet she could not help this. She was a girl who was not afraid to stand up for what she believed in. She was a girl who was not afraid to be different. She was a girl who was not afraid to be a "capt of character."

Yet she could not help this. She was a girl who was not afraid to stand up for what she believed in. She was a girl who was not afraid to be different. She was a girl who was not afraid to be a "capt of character."

Yet she could not help this. She was a girl who was not afraid to stand up for what she believed in. She was a girl who was not afraid to be different. She was a girl who was not afraid to be a "capt of character."

## FBI AGENTS TAKE IDAHO KIDNAPER

GREAT FALLS, Mont., Jan. 5 (AP)—Federal bureau of investigation agents closed another kidnapping case today with an announcement Stanley Conn, 24, has confessed forcing an Idaho Falls, Ida., taxi driver to drive him into Montana.

Agents closed in on Conn when he came here to visit the home of a former woman friend. The residence has been watched since the kidnapping occurred Dec. 22.

Conn admitted, authorities said, he had forced William Tophan to drive him to Montana following the robbery of an Idaho Falls taxi company in which he said he participated. Although carrying a loaded revolver, Conn submitted peacefully.

Statistics released by Daily Construction service, showed far western construction awarded for 1938 totaled \$41,667,280 against \$228,057,477 in 1937. Every state in the area except Arizona and Nevada increased its construction.

Totals included:

Utah \$9,245,251 \$6,458,469  
Idaho \$7,282,224 \$5,778,092

## INSURGENTS CUT LOYALIST LINES

RENDAYE, French-Spanish Frontier, Jan. 5 (AP)—The armies of rebel Gen. Francisco Franco reported today they had smashed both ends of the loyalist-Catalan defense line and were advancing on all sectors.

Dispatches from the loyalist front indicated some gains by the rebels against fierce fighting. They said the rebels lost 2,000 men on the Borja Blanca front alone but later brought up new Italian reinforcements, additional airplanes and artillery, as well as 60 tanks, in order to achieve a new offensive.

Loyalist dispatches said the insurgents had been repulsed with heavy losses in the Pobia de Granada and Cubaga sectors.

## GASOLINE

UTAH, Calif., AP—Probably the world's only gasoline well has been discovered here. Workers raising an old service station can upon a well over 100 feet which contained about 100 gallons of gasoline. It had presumably leaked in from the purulent condition of the well.

## Car Damaged in Crash with Train

**SHOSHONE, Jan. 5 (Special)**—While endeavoring to make a crossing on the main line of the railroad in Shoshone this week, Ted Mullica had his car badly damaged and narrowly escaped serious injury himself when the machine was hit by an incoming train.

When he passed a train and could not see the coming train, on the next track, so he stated, and while driving slowly, the crash happened. The train was *slow* at moderate speed.

Investigation revealed that no particular fault was chargeable,

## ONION GROWERS

I have on hand 100 pounds of Special Sweet Spanish Onion Seed. This onion, after four years of breeding for large size and good keeping, is today the outstanding onion in the Caldwell and Wilder district. It has yielded, during the last season, 900 and 1,000 sacks per acre and is considered the best storing onion of all Sweet Spanish. If you are interested, let me book your order for Spring delivery as this is all the seed available at this time. (We do custom planting during season).
