Cut Seen on Roosevelt \$875,000,000 WPA Request

COMMITTEE COLD TO REQUEST FOR BOOST IN FUNDS

WASHINGTON, Jan. 9 (U.P.)—Members of a house subcommittee, after receiving requests for a WPA appropriation ranging up to \$1,050,000,000, predicted privately today that the new bill will be cut even below the \$875,000,000 recommended by President Roosevelt.

The subcommittee had not agreed on a figure to meet relief needs until next July 1 when it ended hearings today. It will meet again tomorrow to recommend an amount for financing continuation of WPA activities until the end of the current fiscal year.

Proposals Coldly Received

Although the hearings were executive in nature, the committee members received proposals for increased appropriations coldly and privately predicted the recommendations will be cut.

The three witnesses who testified today each submitted requests for more than \$1,000,000,000.

Mayor Fiorello H. La Guardia of New York, spokesman for the United States conference, suggested \$915,000,000, and termed \$875,000,000 inadequate.

Asks Over Billion

David Lasser, president of the Workers Alliance, requested \$1,050,000,000.

Ralph Heston, unemployment director of the Congress of Industrial Organizations, asked \$1,050,000,000.

Col. F. C. Harrington, WPA administrator, also testified, said La Guardia's suggestion was "on keeping WPA rolls at approximately current levels. President Roosevelt's figure, he said, compared favorably with the amount during April, May and June.

Chairman Clifton A. Woodrum, D., said the house could not consider the measure before Thursday or Friday.

NAMES IN TODAY'S NEWS

(By United Press)

William Grey, president of the AFL, today endorsed President Roosevelt's nomination of Felix Frankfurter, Jewish liberal and New Deal adviser, to the supreme court. He declared Frankfurter as "a man of broad vision."

High diplomatic officials and newspapermen expressed sorrow over the death of Louis Adlon, Russian United Press expert on Latin American affairs, who covered the embassies at Washington, D. C., for 15 years. He died Sunday of a heart ailment.

Mrs. John Roosevelt, who was Anne Lindsay Clark before her marriage, today announced the death of her son last June, was under observation in a Boston hospital after becoming ill at their Brookline apartment. Adlon died of the illness was not serious.

New York Assemblyman James Wadsworth, 49, announced he will support a measure to restrict employment of foreign-born men.

Federal will be held late today for Robert Mottin, 35, managing editor of the Chicago Tribune, who died Saturday night of a heart attack.

Maria Kramer, dark-eyed vivacious woman, took charge of a \$12,000,000 business today, one of the few women to administer an enterprise as large, she was elected president of the Hotel Edison corporation, and also operates the Hotel Lincoln, both in New York.

Hart Heads County Commissioners; New Officers Take Posts

Twin Falls county embarked today on a new administration, with the bulk of major county offices shifting to Republican control.

George R. Hart, Buhl Democrat who was the only hold-over on the board of commissioners, was elected chairman of that board by his two Republican colleagues, C. B. Lindsey, Twin Falls, and Ben E. Potter, Kimberly.

Lindsey, Potter and the other officials elected last November took over their posts in county government today.

The new board of commissioners, which will meet today, will have a mass of details to handle, including the approval of deputy and clerk appointments and pondering of formal choice for posts within direct jurisdiction of the commissioners.

Judge Opens Proceedings

District Judge J. W. Porter opened this morning's shift in administration by administering the oath to Walter C. Musgrave, the new clerk-auditor-recorder.

Musgrave then swore in the two incoming commissioners, Lindsey and Potter, who were sworn in at the same time.

Those assuming their posts included Fred Everett, M. Swadlow, Assessor George E. Hildreth, Sheriff Art Parker (one of the two Democrats holding major county offices), Mrs. Cora E. Stevens, Democrat, elected as

county treasurer; Mrs. Doris Studley, county superintendent of public instruction; Dr. James W. Crowl, coronator; W. A. Minnick, Democrat, who retains the surveyor post.

The list of deputies and clerks chosen by the new officials was submitted to the board, which expected to complete formal action on the appointments late this afternoon. It was indicated that in most cases the appointments will be approved with possible exception of O. E. Quire in the assessor's office. A change might be made there, it was said unofficially. Quire was elected under J. D. Barnhart, the retiring Democrat assessor.

Checks on Bonds

Mr. Swadlow was engaged in checking over bonds of the persons named as deputies, and was to report on the bonds this afternoon.

The deputy and clerk list so submitted was identical with that announced earlier in the Evening Times. Sheriff Parker, as forerunner, did not submit a suggested deputy appointment but said he expects to confer with the commissioners soon.

Heads of the county hospital, county farm and county wood bureau probably will be retained, at least for the present.

Audit Reveals Overdraft In Idaho Department of Public Assistance Books

BOISE, Jan. 9 (U.P.)—The Idaho department of public assistance exceeded its legislative appropriation on Nov. 20, 1938 by \$58,798, in violation of the constitution and statutory law, Director Truman Joiner of the bureau of public accounts reported today.

"It is obvious that a special session of the legislature must be called to appropriate the money, if it is necessary to keep the department in operation," he said.

Mr. Joiner said the department had been operating since Nov. 20, 1938, at a loss of \$58,798. He said the department had been operating since Nov. 20, 1938, at a loss of \$58,798.

Called Special Session

Former Gov. Barzilla Clark called a special legislative session last November to appropriate the money for the department of public assistance.

"According to the records of the department," the legislature appropriated \$1,000,000 for the department for the fiscal year ending June 30, 1939.

Mr. Joiner said the department had been operating since Nov. 20, 1938, at a loss of \$58,798. He said the department had been operating since Nov. 20, 1938, at a loss of \$58,798.

Polished pointed out that the Idaho constitution provides that no money shall be drawn from the treasury but in payment of appropriation made by law.

Rule States

The law says, he said: "Any person violating the statutes shall be deemed guilty of a misdemeanor and shall be disqualified from holding state office or from being employed by the state of Idaho, or by any board, or for a period of four years from the date of conviction of the offense."

The director said he hoped that a thorough audit of the department of public assistance would be completed by the legislature in 1939.

AGGRESSORS ARE TOLD AMERICAN DEFENSE UNITED

NEW YORK, Jan. 9 (U.P.)—Secretary of State Cordell Hull warned aggressor states today that the western hemisphere stands united in defense of its territorial integrity, principles of international relationship and national independence.

Hull voiced his warning when he returned aboard the S. S. Santa Maria from the Pan-American conference at Lima, Peru. He was prepared to follow up President Roosevelt's warning to dictator nations with economic and diplomatic measures.

Hull's statement was key to the spirit of unity developed among the nations of North and South America at the Lima conference.

Don't Seek Isolation

"These nations, he declared, do not seek isolation from the rest of the world but are prepared to maintain and defend the peace of this hemisphere, their territorial integrity, their principles of international relations, their own institutions and national policies."

He urged the world to adopt Pan-American principles of equality, international justice and good faith designed to safeguard the rights of all peoples and nations—weak and strong.

Seeks No Alliance

He marked the lawlessness and international anarchy existing in many parts of the world and said that the situation could be remedied only by universal acceptance of a code based upon respect for the rights of all nations and individuals, regardless of race or religion.

The United States, he said, did not intend to engage in political alliances at the Lima conference but desired to strengthen the cooperation of the western hemisphere in support of an international and world program for peace, economic welfare, and recognition of human rights.

"That hope was fully realized," he said.

SITE MOVED FOR BASEBALL STAND

Directors of the new Jaycees baseball park last night voted to erect the stand at the intersection of the Jaycees land. It was announced following the vote, following the vote, following the vote.

The new site puts the stand in a more advantageous position and will save the Jaycees a considerable sum of money.

Heavy work on the new site will begin today. The stand will be erected on the site of the old stand, which was destroyed by fire.

Members of the group, in community with Piez Wilson, city engineer, had surveyed the new site today and found it could be used to make a baseball park.

Solons Prepare Emergency Bill On State Wages

HOUSE, Jan. 9 (U.P.)—Conferees behind the scenes on revision of liquor laws and a proposed bill for \$5 automobile license fee occupied Idaho legislators today while they coasted through the opening day of the 25th session's second week.

The senate and house both went through routine business in less than 15 minutes and recessed until late in the day while the legislators occupied themselves with caucuses and committee conferences.

House leaders said the recess was called to prepare for passage of house bill five which provides an emergency appropriation to pay salaries and wages of state departments until a regular appropriation bill is devised.

An emergency was declared and leaders anticipated that rules would be suspended to press action on the bill.

Prepare School Bill

Meanwhile, proponents of the four-year university at Pocatello plan to make ready to present a bill to the house this week embodying the plan. An intense debate and a close vote were anticipated.

Rep. Bailey, New Pore, and other north Idaho legislators voiced opposition to the bill.

Caucus of Liquor Law

Republicans of both houses caucused about proposed liquor law amendments. Gov. C. A. Bottolfsen said a special message to the legislature suggesting liquor board changes, designed to strengthen enforcement down to the counties.

A bill to prevent legislators from being eligible for appointment to any state office during their terms is expected to be introduced.

Blamed for Defeat

Reports regarding Quelpo de Liano, the famous "radio" general, were fire-eating broadcasts made him internationally famous in the earlier periods of the civil war, were reported today.

It was reported yesterday that Liano had been forced to withdraw troops from his own nationalist drive to strengthen the nationalist army in the southwest. Loyalists said that despite some nationalist gains, the drive as a whole had lost momentum. This they attributed to withdrawal of reserves to reinforce the southern army.

U.S. URGED TO EXPAND PLANE PRODUCTION FACILITIES

ADVISORY GROUP WARNS OF NAZI STRENGTH IN AIR

WASHINGTON, Jan. 9 (U.P.)—The national advisory committee on aeronautics, including Col. Charles A. Lindbergh, recommended today that the expansion of aircraft production facilities in the interests of peace and safety.

In its annual report, transmitted to congress by President Roosevelt, the committee urged the development by the army and navy of "adequate and effective air arms," and the adoption of a program to increase aircraft manufacturing capacity. It also suggested the initiation of a plan for training "adequate active and reserve personnel."

The committee's report followed the submission by Lindbergh of secret memoranda on German air strength to the army, navy and state departments.

Warns of Nazi Power

Lindbergh, whose name was attached to the committee's report, was said to have warned of increased Nazi air power and urged the United States to produce as rapidly as possible experimental development of new type planes which could be produced on a mass scale in event of war.

The committee report did not mention the Lindbergh memorandum nor any specific foreign country, but said that "the major European powers at the present time are engaged on relatively large aircraft building programs which are being prosecuted under federal supervision."

Committee Members

In addition to Lindbergh, Oswald E. Sweeney, director of the Federal Bureau of Investigation, and Chairman Edward J. Noble of the civil aeronautics authority, the committee included:

Joseph S. Ames, Baltimore, Md., chairman; Vannevar Bush, Washington; Charles G. Abbot, of the Smithsonian Institution; Maj. Gen. Henry H. Arnold, chief of the army air corps; Lyman J. Briggs, director of the national bureau of standards; Rear Admiral Arthur B. Parsons, CNO, chief of the navy's bureau of aeronautics; Clinton M. Hester, administrator of the Civil Aeronautics Administration; Cambridge, Mass.; Sydney M. Kraus, of the navy's bureau of aeronautics; Brig. Gen. Augustus W. Robbins, chief material division army air corps, Wright field, Dayton, O.; and Edward P. Warner, Greenwich, Conn.

WIFE OF PIONEER ALERGYMAN DIES

RUPERT, Jan. 9 (Special)—Death Saturday claimed Mrs. Jeannette Tuss, prominent early-day pioneer of this tract, wife of Rupert's first Christian church pastor and co-organizer of that church with her husband, Rev. A. T. Tuss.

Mrs. Tuss died at Roswell, N. M., where her husband has been Christian pastor for several years.

Mrs. Tuss came to the Minidoka project in 1906, where she and her husband were instrumental in forming the Christian church here. Rev. Tuss was his first pastor. After leaving Rupert, the pioneer couple returned about 1914 for another three-year pastorate.

Mrs. Tuss was born in Jasper county, Ind., educated at Drake university in Des Moines, and was married to Rev. Tuss Aug. 15, 1900, at Des Moines.

After moving to this area, both were highly active in church and civic affairs.

Survivors include the husband; two children, DeWitt Tuss and Mrs. Tuss; two sons, Roy and Leo Angles; one daughter, Violet Hausher, Houston, Tex.; three sisters-in-law, all of whom are deceased; the sister, Mrs. W. T. Newton; and Mrs. H. A. Whitley.

Services at Roswell await arrival there of Mrs. Carson today.

SOUTH IDAHOANS TWIN HOME PRIZES

Twin Falls, Buhl, Kimberly and Shoshone residents won top prizes for the 1938 district of Idaho Better Homes bureau contest, it was announced today in word from bureau headquarters at Boise.

Eastern district winners:

VEGETABLES PUT ON ALLOTMENTS

For the first time, Twin Falls county has a vegetable allotment this year and the county agricultural conservation committee embarked today on setting of vegetable, fruit and nut allotments for individual farmers of the county.

Secretary Ray W. Lincoln announced.

For the purpose of the allotment, include onions, spuds where a potato allotment is not set on the farm, artichokes and other commercial vegetables.

"Anyone can grow three acres of commercial vegetables without a permit," Lincoln explained. "Exceeding of three acres of commercial vegetables without a permit will mean a penalty on a farmer's 1939 soil conservation payment."

The three-man county committee met at local offices today to draft the 1939 allotments. It was explained that this year the policy "as outlined at an AAA special policy as well as the local allotment to place individual acreage allotments where they will be used."

To accomplish this, an "intention to plant" report is being mailed to each farmer.

"This report should be filled out and returned to conservation offices by Jan. 15, as per the committee said. 'The committee then will use the report as a basis for setting the farmer's 1939 acreage allotments.'"

ACCIDENT VICTIM DIES AT BURLEY

BURLEY, Jan. 9 (Special)—Robert E. Burley, 52, died Sunday at the home of his wife, Mrs. Burley, following a long illness.

Burley will be at Buhl Thursday at 1:30 p. m. at the Evans and Johnson funeral chapel, with burial in the local cemetery.

Interment will be in Buhl cemetery.

He was born Jan. 11, 1872, at Buhl, Pa. His wife, Mrs. Burley, died in 1928.

Survivors include his son, Mrs. Mary Burley, living in Pennsylvania.

Complimenting with a request made by Mrs. Burley before her death, no flowers will be sent.

STAGE SET FOR CANAL MEETING

Election of a board of directors, adoption of various resolutions and reading of annual reports will feature the annual stockholders' meeting of the Twin Falls Canal company, held at the hotel here today.

The meeting will get underway at 10 a. m. and several hundred are expected to attend.

Unless further nominations are made from the floor there will be only one man seeking a seat on the board of directors in addition to the regular election of officers.

Announcing his candidacy is George E. Burley, president and secretary of the company.

Members of the board, all seeking reelection, are Peter Link, Hansen, chairman; J. P. Cordes, Twin Falls; secretary; and W. R. Hatfield, Buhl, and John Thomas, Caldwell.

Because of his death the annual report of John Thomas, company manager, will be read by a person yet to be named. Other reports will include that of James Burdick, company attorney, and Miss Emma Wick, assistant secretary-treasurer.

ONE INJURED BY SUNDAY CRASHES

One person was slightly injured here Sunday as three mishaps, involving six automobiles, were recorded by police.

The injured person was Jess S. Gibson, route one, Buhl. He suffered a cut over the eye and a bruise on the hand as the car he was driving crashed with one being driven by Vernon H. Peterson, route one, Twin Falls. The mishap took place at the intersection of Main avenue and Shoshone street at 1:50 a. m. Sunday.

Both cars were considerably damaged.

At 11:45 a. m. cars driven by Fred Brown, Jr., and Donald E. Alger crashed on Third street north between Sixth and Seventh avenues north. Damage was slight.

At 12:30 p. m. cars driven by W. A. Thomas, Burley, and an unidentified driver in a car alleged to be bearing license number 6R-2443, crashed at the intersection of Eighth street and Main avenue.

Mr. Thompson told officers that these cars had been in the crash left the scene of the accident as he went to telephone the police.

CASSIA RANCHER TAKEN BY DEATH

BURLEY, Jan. 9 (Special)—Adrian Johnston, 68, well-known Cassia county pioneer and farmer died at the Burley hospital today at 1:30 a. m.

He came to this vicinity in 1908 and settled in the View community, where he was a resident for many years.

Survivors include his wife, Mrs. Ida Johnston; two sons, C. E. Johnston, Hayward, Calif., and A. J. Johnston, Burley; two daughters, Mrs. George W. and Mrs. Ben George, Layla, Idaho.

Funeral arrangements have been tentatively set for Thursday at 2 p. m. with the body to be taken following the services to Colville, Idaho, for interment in the family plot. Verne McCullough of the Burley funeral home will accompany the body.

FIRES

Two fires, both described as minor ones, were recorded in Twin Falls today.

The first blaze, at 1:30 p. m. in a small shed at the rear of the Oxford apartment complex, the little damage resulted. At 4:30 p. m. a small pile of rubbish in the back of the city hall building caught fire and again little damage was done.

America Holds Last Hope to Democracy, Chinese Scholar Declares

No-Yong Park Lashes at Japanese War on China; Urges American Boycott

"You in America hold the last hope to democracy, to gather with the last key to unlock the secret of peace on earth."

That was the challenge left with the Twin Falls Town Hall club by Dr. No-Yong Park, Manchurian-born student of international affairs who outlined China's case in the current Sino-Japanese conflict. He spoke Saturday night to a throng of more than 500 persons.

Although professing not to give his own opinions on the conflict, the eminent Chinese historian and scholar-invested in Europe and America, and holder of a doctor of philosophy degree from Harvard—presented a powerful indictment of Japanese militarism.

He coupled his indictment of Nippon militarists with an equally vigorous blast at world powers which failed to check Japan when she first started her aggression seven years ago by conquering Manchuria. He urged even to call the entire Chinese province Manchukuo, his new Japanese title.

Marked Beginning

"Japan's seizure of Manchuria marked the beginning of the present crisis. In fact, it marks the beginning of all our world trouble of the present day, not only in Asia but in Europe and elsewhere."

"Japan's action in Manchuria came as a test case of sacred treaties and of the world's best bodies. Had the powers of the world upheld those treaties seven years ago, Japan would have seen an entirely different world today. But the powers failed to act in this test case, which goes down as the most monstrous in history."

"Civilization itself has been thrown back to medieval barbarism—and it is getting worse every day because Japan violated sacred rights... and got away with it."

Dr. Park, small and slightly-built, thundered significantly:

"If the Japs can get away with it, why not Germany? Then Mussolini, the mightiest emperor, saw the Japanese and German examples—and thrust his sword into the heart of Ethiopia."

Warns United States

He warned his hearers:

"I fear if you continue this attitude of indifference to the Far East, to security of your own United States."

Interpreting his more dramatic remarks with touches of humor and bits of American slang, the Chinese author traced Japan's steps of aggression under the guise of "self-protection." The current conflict, he said, started in 1927 by a "cooked-up incident manufactured by Japanese militarists."

Dr. Park refuted Japan's claim of needing raw materials.

Actual vital causes of the Japanese war on China, he said, were the dissatisfaction within Japan with the militaristic bloc, and the fact that China itself was at last becoming unified and on the way to becoming a great nation again under Generalissimo Chiang Kai-Shek.

Length: 100 Years!

As to the length of the conflict, the Chinese scholar warned Japan bitterly:

"China could wage guerrilla warfare for a century, if necessary, it is not Chiang Kai-Shek's fight, it is the Chinese people's fight against systematic slaughter and robbery."

And then he called on America for the type of aid he sees necessary to cripple Japan.

"Stop buying from Japan," he pleaded. "Stop sending her war materials."

"If you do that, the Japanese war machine will collapse in 24 hours."

Then, sarcastically:

"Once you did that, it would not be necessary for you to send China so much medical supplies—or to shed so many tears for her!"

American trade is vital to Japan's ability to finance the war, Dr. Park asserted. American oil and other raw materials that go back in return for Japanese goods imported into the United States "keep the war machine rolling."

No War Consequences

As to consequences of the boycott he urged, the Oriental historian asked:

"Suppose this led you into trouble with Japan?"

"As long as an armed Russia stands at the gates of Japan, Japan dares not war on America."

He added that the United States is spending billions for preparedness.

"Why?" he shouted. "Simply for future preparedness against Japan?"

"Could lose much more."

He claimed that the economic loss to America in cutting off Japanese trade "wouldn't be a drop in the bucket. In fact, it would be a drop in the ocean compared to what you may lose if you keep supplying war materials to Japan, who eventually will attack the democracies."

"You Americans," he said, "hold the key to lead mankind from the shackles of war to the security of peace."

Following his talk, Dr. Park answered several queries in an open forum discussion. Prior to his address, he was introduced by Capt. Elmer M. Davis.

PAROLMAN GETS STATE POSITION

H. W. Zimmerman, parolman with the Twin Falls police department, will leave early this week for Idaho Falls and St. Anthony where on Jan. 16 he will take over the duties of state parolman in the St. Anthony district.

Zimmerman, who joined the local force 20 months ago, will relieve Ira Curry in that position. Before reporting there, however, he will spend a week at Idaho Falls with Lloyd G. Sullivan, another state officer.

Appointment of Zimmerman to the traffic post was made Saturday afternoon by Harry M. Rayner, commissioner of law enforcement. Zimmerman's patrons were active in Republican circles, having served as president of the county Young Republican club until the last campaign here. He was appointed to the city post as Edw. A. Chapin became mayor on May 1, 1937.

Zimmerman is 27 years old and is married, residing at 34 Second avenue east. His wife will join him in St. Anthony in the near future.

Reignition of the officers will be formally accepted as members of the city council held in regular session here tonight. Chief of Police Howard Gillette said today an officer would be named in the immediate future. Both Gillette and Police Commissioner C. F. Ritchey praised Zimmerman's work.

GRANT HONORED BY STATE GROUP

Honor of selection as Idaho executive committee to the United States Building and Loan association was voted to H. Grant, Twin Falls, at the meeting of the Idaho Building and Loan league in Boise last week-end.

Mr. Grant, manager of the First Federal Savings and Loan association of Twin Falls, is retiring president of the Idaho group. His new honor is for a two-year term.

Otto McCutcheon, Idaho Falls, was elected president to succeed Grant; R. N. Gilbert, Nampa, was chosen vice-president, and E. P. Carr, Pocatello, secretary-treasurer.

SUN VALLEY

Charles Davidson was host New Year's day at a luncheon at Trail creek cabin for a number of guests who spent the week-end at Sun Valley. Those present were: Mrs. Mary Albert, publisher of the Idaho Daily Statesman; Mrs. James McDonald, Mr. and Mrs. J. Chapman, Mr. and Mrs. Donald Davidson, Mrs. Walker Davidson, Mr. and Mrs. Thomas McCormick, Mr. and Mrs. Robert Davidson, Miss Peggy McLean and Frank Davidson. To Charles Davidson, who holds the credit for the design, the supervision of the construction and the furnishing and decorating of Trail creek cabin.

Mrs. W. P. Rogers entertained at luncheon in honor of Mrs. Milo M. Hewitt, of Oange City, Kan., daughter of Dr. and Mrs. O. W. Everett. The luncheon, which was held in the lodge dining room, included Mrs. W. J. Hodgins, Mrs. Jack Lane, Mrs. Lawrence Van Sickle, and Mrs. Gene Van Guilder. Bridge followed in the afternoon.

Mrs. W. G. Lord and two young sons, who have been spending their holidays at the Harriman cottage, left Friday afternoon, Jan. 6, for their home in New York City, so that the boys can resume their school work.

Miss Josephine Winnill, of New York City, arrived Thursday afternoon, Jan. 5, to be the guest of Miss Kathleen Hamilton for the first time.

Buster Miles, the young son of R. J. Miles, head of Outdoor Recreation, returned to Sun Valley Thursday morning, after spending his holidays in California. Buster is attending school in Ketchikan this year.

The long-awaited snow finally has arrived and it turned out to be a real storm. About 14 inches of ideal snow fell in one night with gusty winds.

ILLINOIS SOYBEAN KING

SPRINGFIELD, Ill. (UP)—Illinois' record soybean production this year sets the state in first place with a crop equal to 3 per cent of the nation's total, according to figures released by the federal and state agricultural departments.

KIMBERLY LAND BUYING APPROVED

KIMBERLY, Jan. 9 (Special)—Seven and one-half acres of playground and future expansion space will be added to the Kimberly high school property.

Eligible taxpayers of the school district voted in favor of \$5 to \$25, of a bond issue for \$3,000 to purchase the land. The property adjacent the school.

The bonds will be of the seven year amortized type, with interest at not more than four per cent. They will be negotiable coupon bonds.

Judges at the bond election were Mrs. Flo Wilson, W. M. Van Houten and Mrs. Harlan Fletcher. The 120-vote total was turned in unusually good turnout.

The school board now will arrange for sale of the bonds.

Long-Pending Case Wiped Off Docket

"Dismissal of a long-pending appeal from a justice court decision of 1936 had been ordered today by District Judge J. W. Porter. The appeal against the justice court verdict was filed by Clifford Mitchell on March 2, 1936."

Deputy J. W. Gellatly, former Kimberly marshal, the complaining witness, was cited as the reason for dismissal in Prosecutor Edward Babcock's affidavit and motion Saturday. The offense at issue was disturbance of the peace.

Babcock's application also pointed out that Mitchell has been a law-abiding citizen since his release on his own recognizance.

SKIING IS EXCITING! "But don't let nerve tension spoil your fun..."

LET UP—LIGHT UP A CAMEL

advises HANS THORNER
Skiing expert and director of the Mount Washington (N.H.) Swiss Ski School

BETWEEN ORGANIZING CLASSES, checking up on equipment, giving exhibitions, and arranging a host of other activities, there's plenty of nerve strain in Hans Thorner's day job. Above you see him taking his own advice about the way to avoid getting tense, jittery. He's leaning up to light up a Camel. "It's a grand way to break nerve tension," says Thorner. "I find Camels quite soothing to the nerves."

AN ACCOUNTANT'S WORK calls for absolute accuracy," says Mr. C. W. McArthur. "That means concentration, plenty of nerve strain. My rule to avoid tension is to ease off now and then—to let up—light up a Camel."

DOROTHY LEWIS skates brilliantly at the Hotel St. Regis, N. Y., on a room-size sheet of ice. She says: "Whirlwind spins, turns are nerve straining. A soothing nerve tension every time I get—let up—light up a Camel."

WHEN BUSY, STRENUOUS days put your nerves on the spot, take a tip from the wire fox-terrier pictured here. Despite his almost humanly complex nerve system, he quickly learns to relax to ease his nerves. So often, we humans ignore this instinctive urge to ease nerve tension. We may even take pride in our will to drive on, forgetting that driving nerves may soon be jittery nerves! Yet the welfare of your nerves is really vital to success, happiness. Make it your pleasant rule to succeed regularly—to LET UP—LIGHT UP A CAMEL. Start today—add an extra measure of comfort to your smoking with Camel's finer, costlier tobaccos.

CAR PROBED AS BURGLARY CLUE

SHOSHONE, Jan. 9 (Special)—Investigation of an abandoned motor car as a possible clue in the lost-leave burglary of the Union Pacific freight office here, being carried out by Lincoln county officers.

It is stated by the officers that a car, parked on one of the principal streets for several days, and removed to the county impound, was driven into Shoshone by a Negro, but in some manner, has some connection with the burglary of the Union Pacific freight office a few nights ago. Investigation continues and the owner of the car, while not identified as one of the parties responsible for the raid, has not shown up to claim the car.

Seeley Appointed Sheriff's Deputy

JEROME, Jan. 9 (Special)—According to an announcement by Sheriff-elect Lee Johnson, R. H. Seeley, son of J. R. Seeley, newly elected county commissioner, Jerome, will be the new deputy sheriff. He will replace Paul Smith, deputy under James Davis. Smith will remain for a few weeks in the sheriff's office and will aid in the work.

WHY FALSE TEETH WEARERS HAVE BAD BREATH

Millions Suffer Without Knowing!

You can't notice any odor from your plate or bridge—but others may! Dentists call this odor "denture breath" and it's serious. It comes from a mucous-skin that collects on plates and bridges. This skin is almost invisible—but it can make your breath so bad that friends shudder. It can breed decay-bacteria, that infect your other teeth, actually hurt your health and spoil your pleasure.

Ordinary brushing often can't get this skin off plate or bridge—can't protect you against "denture breath." But just try Polident! Polident not only cleans—it actually purifies plates and bridges without brushing. It gets every bit of skin, tartar, stain and odor.
