IDAHO SENATE REVEALS SUNDAY BLUE LAW

Battle Looms in U. S. House to Get Full Appropriation for WPA

Democrat Members Plan to Nullify FDR Civil Service Order

WASHINGTON, Jan. 10 (U.P.)—The house efficiency appropriation subcommittee today trimmed President Roosevelt's new request for WPA funds from \$75,000,000 to \$75,000,000.

In reducing by \$150,000,000 the amount he had requested to operate WPA until July 1, the subcommittee gave the President his first rebuff of this session of congress.

By JOHN E. DEALE
WASHINGTON, Jan. 10 (U.P.)—Confronted with committee threats to cut President Roosevelt's request for an \$875,000,000 federal appropriation, house leaders today considered organizing a floor fight to get approval of the full amount.

A majority of the members of the house efficiency appropriations subcommittee was reported informally, but definitely, agreed on a cut in the fund which must carry on the works program until July 1.

Democratic members also were reported planning a provision to nullify, in effect, the president's executive order which shortly will annul WPA administrative employees into civil service. It was reported they planned to insert a clause prohibiting use of the appropriated funds to pay salaries of such employees brought under the merit system.

Refuse to Guesse
Even in private, committee members refused to hazard a guess as to the amount of the contemplated cut. But it appeared that Chairman Clinton A. Woodrum's original suggestion of \$500,000,000 has been drastically reduced to a figure considerably larger.

The decision to cut was made after a final hearing at which all witnesses who testified asked for more than the President requested. Mayor Pirella La Guardia of New York, basing his recommendation on the relief needs reported by the United States conference of mayors, suggested \$915,000,000. David Lasser, president of the workers' union, asked \$500,000,000. Mr. Woodrum asked \$500,000,000. Mr. Woodrum asked \$500,000,000. Mr. Woodrum asked \$500,000,000.

Parliamentary Difficulties
The only hope of house leaders for a full appropriation seemed to be through an amendment offered from the floor raising whatever amount the committee recommends to \$875,000,000.

Roaring Noise Causes Fear in Brooklyn
NEW YORK, Jan. 10 (U.P.)—A roaring noise, like that of a hurricane or a fleet of airplanes, kept residents of Brooklyn in a state of alarm for hours last night and was as much of a mystery today as it was.

It had about the same intensity all along a narrow, seven-mile stretch from Coney Island to Brooklyn bridge and for want of any better descriptive term, it was called "a big whirr" although it was a low, steady, roaring noise.

Police patrol cars hurried from place to place and found nothing except a lot of people on the sidewalks, looking about anxiously and asking questions.

It was the worst night in Brooklyn since the "War of the Wires" in 1917.

FDR Considers Plans For February Cruise

WASHINGTON, Jan. 10 (U.P.)—President Roosevelt today was reported to be considering a February cruise in mid-February to review war game maneuvers of the combined fleets in the Atlantic.

If he makes the trip, it is believed he would sail aboard a warship at Charleston, S. C., about Feb. 18 to be gone 10 or 12 days.

Unemployed in Near Riot as British Head Goes to Italy

By WALLACE CARROLL

LONDON, Jan. 10 (U.P.)—Unemployed held a riotous demonstration at Victoria station today as Prime Minister Neville Chamberlain left for Rome to visit Premier Benito Mussolini and, all probability, to learn the fate of his policy of European diplomatic appeasement.

Unemployed demonstrators gathered at the station with their own famous "black coffin" on which was painted "he died of hunger, 1938." "Appease the unemployed, not Mussolini," they shouted.

Police barred the demonstrators from the station platform, so the demonstrators including women marched up and down, singing and shouting.

They made a sudden attempt to rush the platform. They were repulsed, in a series of scuffles in which the coffin nearly slid over the policemen's heads.

Defeated, the demonstrators contented themselves with booing and cat calling as Chamberlain departed.

Canal Session Approves Resolutions; Starts Vote

CHOICE OF JURY SLOWS UP TRIAL

Looking at a "Sunday dancing" law test that will probably require two days for the probable court, trial of Deane S. Shipley, prominent Klamath Falls, and operator of Rocking Chair ballroom, was still in the process of jury selection early this afternoon.

Mr. Shipley is accused of permitting dancing to go past midnight on New Year's eve, infringing on the state statute against Sunday operation of public dance halls. Complaint was signed by J. W. Carter, Kimberly, representing a group of church people, including two Nazarene ministers.

Detailed questioning of prospective jurors for the six-man jury panel was held by Judge Leggett. Ray D. Ayer, deputy county attorney, representing the state, and Lionel T. Campbell, of Chapman and Chapman, attorneys for the defense, were present.

The strike of drivers applies only to the company's Salt Lake-Park run, Governor asserted. Five of the drivers to accept a proffered pay raise brought assertion at Salt Lake City that every stage will be taken out of service at 11 a. m. Wednesday.

The strike applies to passenger and express service.

RACE HORSES BURN
AMSTERDAM, N. Y., Jan. 10 (U.P.)—Twenty-five race horses were destroyed last night by a fire at the Sanford stable farm. Five of the horses — Caladorn, Sunport, Philadelphia, Supply House and Carlock — were nationally known.

LARGEST BUSINESS
CHICAGO, Jan. 10 (U.P.)—Montgomery Ward reported today that December sales totaling \$25,000,000 were the largest of any month in the store's history. The sales were \$5,724,122 above those of December, 1937, the firm reported.

Balloon Has Nice Trip; Boys All Set to Argue!

"Two youngsters who make their own hydro-gen gas argued right up today and argued arguments at a Twin Falls chemist."

The chemist, John D. Platt, said their hydrogen-filled toy balloons wouldn't go one-quarter of a mile. The "boy" brought in a balloon from a Twin Falls ranch youth saying he had found two of their balloons "half way to Kimberly."

Platt said the balloons were made from a mixture of hydrogen and oxygen, and that the balloons would not go half way to Kimberly. The boy, who was named Murray Munson, 14, Platt, and Dale Clark, 15, Twin Falls.

The note as to discovery of two of the boys' toy balloons came from Murray Munson, who lives near their home. The youth made their own hydrogen by putting a handful of aluminum in a jar and some water in it. The live and water in the aluminum, and the gas rises into the balloon held at the bottle neck, Platt said.

The note as to discovery of two of the boys' toy balloons came from Murray Munson, who lives near their home. The youth made their own hydrogen by putting a handful of aluminum in a jar and some water in it. The live and water in the aluminum, and the gas rises into the balloon held at the bottle neck, Platt said.

"Yeah, and we let oxygen get mixed with it, too," said Murray. On each balloon the boys put a

FRANKFURTERS TERMED 'UNFIT' FOR COURT POST

WASHINGTON, Jan. 10 (U.P.)—Colts O. Reed, national president of the Constitutional Crusaders of America, told a senate judiciary committee today that Felix Frankfurter was unfit to sit on the supreme court because he violated the "liberalism of Thomas Paine, Washington, Jefferson and all the rest."

Reed testified at a senate judiciary subcommittee hearing on the nomination of the Harvard law professor. Several witnesses appeared in opposition to the nomination, but there was even indication the committee and the senate soon would approve the appointment.

Frankfurter did not attend but was represented by Dean Acheson, a Washington lawyer who formerly was undersecretary of the treasury but split with the New Deal over monetary policy.

No Labor Man
Reed said he represented the interests of "the consumer, the unemployed and the old-age pensioners."

"How about the CIO and the AFL?" asked Sen. Tom Connally, D. Texas.

"Not guilty," Reed replied. Sen. William E. Borah, R. Idaho, asked whether Reed had been authorized to represent the various groups he mentioned.

"I have taken it upon myself," the witness replied, "to appoint myself a committee of one to represent them."

The witness read a newspaper article which commented on Frankfurter's religion.

"Are you opposed to him because he is a Jew?" Borah asked.

"No," Reed said. "I am opposed to Frankfurter because he was the author and brain trust of the national recovery administration."

May Have Helped
"What proof do you have that Frankfurter is the father of NRA?" Connally asked.

"Why, it has been conceded," Reed said.

"Don't you know that Donald Riphagen and Gen. Hugh Johnson wrote the NRA?"

"They may have helped Frankfurter,"

Connally then asked how many members were in Reed's organization.

"In the whole works myself," Reed replied. "But I represent the taxpayers, the consumers and unemployed."

George E. Sullivan, Washington attorney and author, objected that the nominee was alien born — in Austria — and had "alien affiliations."

Court Finds Nazi Writer is Guilty

BERLIN, Jan. 10 (U.P.)—East Prussian judges today found a writer guilty of high treason by the people's court today and sentenced to the penitentiary for life.

He was one of 21 tried on the charge, which included suspicion of plotting against the lives of German leaders and disseminating "boiling" radio propaganda.

AIR RAID ZONES
LONDON, Jan. 10 (U.P.)—Plans to divide Great Britain into three "air raid zones" were quickly executed today and other large cities of a war were completed by the government today.

Another resolution which was introduced this afternoon urged that all members immediately report the presence of any tank hides they should discover. The resolution also called for members to turn water lock into the canal rather than pour it into the sea.

One resolution complimented members of the board of directors for their "fine work" in the company while another directed the board to "find out how the company was run."

STRIKING DRIVERS MOVE FOODSTUFF

BOSTON, Mass., Jan. 10 (U.P.)—Striking truckers and freight haulers began moving \$300,000 worth of perishable foodstuffs today to relieve an acute six-day food shortage.

The strike centered on wage and hour demands. As drivers and warehouse employees returned under a truce to remove perishables to wholesale and retail stores, police at Nashua, N. H., were advised by Arthur Morsehead, 22, that men in three automobiles had tried to join the strike between Doherty and Lowell.

When he failed to bail, Morsehead said, they tried to throw him off the highway and, failing, gave chase, firing 30 shots.

Legislators Run Into Trouble on Economy, Relief

BOISE, Jan. 10 (U.P.)—Idaho's tangled relief problem weighed heavily on the shoulders of Republican majority leaders today when they attempted to draft for presentation to the 25th legislature measures designed to combine relief economy and efficiency.

Consideration of the relief question came as the senate suspended rules and passed a bill for repeal of the state's Sunday closing laws.

The relief question came to the front when Tom Heath, president pro tem of the senate, introduced a resolution asking for a legislative committee investigation of the department of public welfare administration.

The proposal was an aftermath of a special audit yesterday to Gov. O. A. Bottolfsen yesterday charging the public assistance department exceeded its legislative appropriation last November and forced a special legislative session that otherwise would have been unnecessary.

Temporary Relief
Another phase of the relief problem came into the limelight as Gov. Bottolfsen asked the legislature to pass a \$223,000 temporary relief appropriation for January. The legislature already has passed a \$450,000 emergency relief appropriation, signed by the governor and enacted into law.

Bottolfsen explained that the \$450,000 appropriation was from until the state supreme court ruled on a plan to create a single agency which would remove the board of examiners from control of public assistance funds, and conform to federal statutes.

The state security board has ruled the state must make its relief setup conform to federal requirements or no further grants will be made. The state must make its relief setup conform to federal requirements or no further grants will be made.

A supreme court decision releasing the money is expected by the end of January. The temporary appropriation will carry the needy through until that time.

Includes Federal Share
The bill is expected to be introduced in the house late today and pushed through with suspension of rules. It would appropriate \$150,000 for January relief and \$122,000 usually supplied by the federal government.

Heath said he hoped an investigation of the public assistance department would result in information valuable in drafting permanent social security legislation.

His resolution accused the department of "flagrant violations in per capita amounts of relief funds disbursed to counties."

Meanwhile, the house bustled itself with major legislation. It passed a bill for an emergency appropriation to pay salaries of judges and departmental expenses.

Two new bills were introduced. One provided for creation of a game preserve in Benewah county and the other, a joint memorial, asked that an Idaho entrance to Yellowstone park be established.

NAVY PLANES IN BIG MASS FLIGHT
SAN DIEGO, Calif., Jan. 10 (U.P.)—The navy started two major mass flights from San Diego today. Sixty-six planes participated in the first.

At dawn, 18 amphibians roared away for Guantanamo bay, Cuba, via Miami.

Two other flights of 48 amphibians, called "Flying destroyers," rose from the waters of San Diego bay for a non-stop formation flight to the Gulf of Mexico.

The flight to Coco Solo was one of the most ambitious mass plane maneuvers ever undertaken by the navy.

Nichols Chevrolet, a government weather observer, took off from the Buell Building, Miami, at 11:00 a. m. and climbed to 17,000 feet to take weather readings. On the way down, he came low to a low, steeply sloping hill, and flew a place to land.

He was unable to land and was forced to make a water landing. The plane was damaged.

He was unable to land and was forced to make a water landing. The plane was damaged.

Borah Denounces Proposal for Economic Sanctions

VETERAN IDAHO SOLON OPPOSES 'STARVING' PLAN

WASHINGTON, Jan. 10 (UPI).—Sen. William E. Borah, R., Idaho, denounced proposals for the United States to apply economic sanctions against aggressor nations today, contending he would rather have this nation "engaged in shooting soldiers than starving women and children."

Borah, ranking minority member and former chairman of the senate foreign relations committee, warned the administration that application of sanctions would be a step toward war.

"I would only impose sanctions under such circumstances as I would be willing to go to war," he said. "I look upon such action as a peace movement."

Pittman Takes Issue

President Roosevelt, in his state-of-the-nation message last week, told congress "there are many methods short of war, but stronger than words, of bringing home to aggressor governments the aggregate sentiment of our own people."

Chairman Key Pittman, D., Nev., of the foreign relations committee, who has proposed that the United States "ostracize" Japan if it continues hostile acts toward this country, took issue with Borah.

Bombing Damage Greatest

He contended modern aerial warfare wreaks the greatest damage on women and children and the Red Cross always would be permitted to clothe and feed the needy in an embargo.

"So, there is less danger of being starved than there is of being bombed," he said.

Pittman said if all the democracies would follow the example of President Roosevelt—or not considering themselves as leaders of the democratic front—"then the retreat of democracies would cease."

COUNCILMEN BAN PERMIT ON BEER

City council members, meeting last night in regular session, denied the application for a permit to sell beer which was filed by J. J. Barbour, operator of the Lucky bar at 314 Main avenue south.

The denial, councilmen explained, was because of conflict of the place with terms of the recently adopted addition to the city beer ordinance.

One other license application was received last night by the council and was approved. It was made by J. O. Chevalier, operator of an establishment at 423 Main avenue east.

Approve Reports

Councilmen also passed four reports during the evening's session. They included those for December of the library, meat and dairy inspector, chief of police and the weighmaster.

The library report, compiled by Jessie Fraser, librarian, showed 101 books purchased during the month; 143 new readers registered; 11,671 books loaned and total collections amounting to \$120.23.

Report of Dr. E. R. Price, meat and dairy inspector, showed 1,513 animals were killed during the month. Of this number 454 were hares, 148 were veal, 833 were hogs and 91 were sheep.

Weighing Report

C. E. Rowloff, weighmaster, reported collections amounting to \$25.50 for December.

Howard Gillette, chief of police, reported 215 arrests were made during the month in addition to the 233 complaints investigated. Collections from fines amounted to \$920 while there were seven cars stolen and seven recovered. Dogs furnished at the jail to persons other than prisoners numbered 115.

It expired to the rays of radium, a diamond will turn permanently green.

Tryout Tries Slickest Skiers

This is just one hop which skiers must negotiate in the wide open spaces above Timberline Lodge, Mount Hood, Ore. Scene of America's winter Olympic games tryouts April 1-2, the tricky course down the rugged slopes is 2.74 miles long, providing an average drop of 1,674 feet a mile.

FARMERS' INSTITUTE GIVEN BOOST BY JEROME C. OF C.

JEROME, Jan. 10 (Special).—Under the sponsorship of the Jerome Chamber of Commerce and through the assistance of the local county agent's office, Jerome is completing arrangements for one of the big events of the winter season, the second annual community institute set for Thursday, Friday and Saturday, Jan. 20-22.

Last year's institute was somewhat new to Jerome and the other local towns of the North Side but met with fair success. This year, officials in charge state that with the varied interesting meetings which are planned, it is expected that even a greater attendance of stockmen, dairymen and farmers will be present.

Several outstanding and noted speakers and demonstrators will be on the three-day program and will include discussions of such subjects as dairying, livestock marketing, crop raising, poultry raising, weeds and weed control programs, pasture, sugar beets, wild-life, home economics and club work.

Community Project

Other civic organizations in addition to the Chamber of Commerce such as Granges, civic clubs, and service clubs in the local vicinity are expected to make the event even better than it was last season.

Even Loughery, extension dairyman and specialist, is scheduled to be present to conduct an important meeting on the first day of the institute. Dr. A. E. Culler, inspector in charge of the bureau of animal industry from Boise, will conduct a dairy school also on Jan. 20.

The afternoon of Jan. 21, the second day, will be given over to the program of weeds when H. L. Spencer, extension agronomist and state seed commissioner, will lead the discussion.

Saturday, Jan. 22, the program will include the annual meeting of the Jerome county livestock pack, with J. H. Handy, president of the Jerome county livestock pack, in charge of the meeting.

Marketing Discussed

Kara T. Benson, extension economist and marketing specialist will be present to discuss such marketing problems and will give local members information on the organization.

tion and the purposes of the state livestock marketing association.

Other noted speakers are expected to be present. It was announced in addition to the above named men but plans are only tentatively arranged. Further announcement will be made who the other speakers will be.

HOSPITAL BOARD GROUP RE-NAMED

Five-man advisory board for the Twin Falls county general hospital had been reappointed today by the new board of commissioners.

The board members are James Cannon, Buhl; J. J. Hughes, and C. H. Hempleman, Twin Falls; Carl Irwin, Kimberly; and T. S. Nicholson, Filer.

The advisory group meets regularly to map matters of hospital policy and to confer with the superintendent, H. C. Jepperson, whose retention at least for the present has been indicated by the commissioners.

In action taken yesterday, commissioners asked allowance of six cents per mile for county automobiles on official business. The board also arranged to attend with Auditor Walter C. Musgrave, the state meeting of the county association of commissioners and auditors at Boise tomorrow and Thursday.

Bellevue I. O. O. F. Elects New Staff

BELLEVUE, Jan. 10 (Special).—The following officers were installed in the Odd Fellows lodge:

Glen Cupples, noble grand; Sidney Dranger, writing; Delbert Sims, conductor; H. J. Martin, chaplain; James Turndall, inside guard; Lester Larsen, outside guard; and Ward Beck, past noble grand.

LAST HONOR FOR THOMAS SALINAS

BURLEY, Jan. 10 (Special).—Last night, with a number of tributes in Spanish, was paid Thomas Salinas, 36, at funeral services held Sunday at the Third ward meeting house. Mr. Salinas died Tuesday.

Speakers were Bishops Lewis W. Drake and Jesse Hyman. Mr. Hyman spoke in Spanish. Others talking were President D. R. Laughlin, Rev. D. King, Rupert; John U. Renner.

Invocation was given by Edgar Lawrence Gibson. Mrs. Paul Mithers played a violin prelude and solo with accompaniment by Mrs. Preston Stocke, Mrs. Margaret Duiley and Mrs. Mary E. Drake sang duets and Mr. and Mrs. Jess Hyman sang duets in Spanish. Myrl Drake also sang solo. Mrs. Edgar Meehan presided at the piano.

After a talk by Bishop Sidney A. Larsen the benediction was pronounced by Fred Smith.

Pallbearers were Jesse Nelson, A. H. Gibson, Melvin Jeffs, Fred Moultrie, W. E. Roberts, Carl Melners. Flower bearers were members of the Third ward Relief society.

The body was taken this morning to Morgan, Utah, for interment in family plot. Rites were under the direction of the Burley funeral home.

Mountain View

Charlotte Reideman left Friday for Richmond, Calif., where she visited relatives before resuming her work at Pasa Robles.

Mrs. Henry Reideman has been seriously ill at her home.

Mrs. N. E. Wanaoat entertained at a delightful dinner party Thursday in honor of the birthday of Mrs. E. Lunt.

The guests presented Mrs. Lunt with a gift and games were the diversion of the evening.

The Mountain View C. B. A. will hold a carnival Friday evening, Jan. 12, at the Community church in which the Shamrock Assembly and all friends of the community are invited. The affair will begin at 6:30 p. m. with the serving of hamburgers, chili, cake and ice cream.

Public Relations Address Presented

RUPERT, Jan. 10 (Special).—Rupert Lions' club met for luncheon at Fred's club cafe Thursday.

The program, in charge of Homer Bell, consisted of group singing with Mrs. Floyd Britt at the piano, and an address on "International Relations and how to Make the U. S. a Better Place in Which to Live" by Rev. E. Leslie Bole, pastor of the local Trinity Episcopal church.

The club went on record as favoring the bill to make the University of Idaho Southern a four-year school.

Expert Liar

Gilbert (Munchausen) Boettcher of Milwaukee acts out the "liar" part that won him national championship at Lions' club annual lie jamboree in Burlington, Wis.

National Honor Accorded Jaycee

BELLEVUE, Jan. 10 (Special).—Conroy Gillespie, member of the Wood river Junior Chamber of Commerce, has been appointed state chairman and national committee member in this state of the governmental affairs committee of the United States Junior Chamber of Commerce.

According to the announcement from Philip C. Ellsberg, Dayton, O., president of the U. S. J. C., Gillespie will be in complete charge of the committee's activities in the state. National committee heads will provide material and manuals to assist him in formulating a state program. Local committees will be set up in the various Junior Chambers throughout the state to work under his jurisdiction.

Step-Ken Auto Parts Co. for PEP see STEP The Most Prompt Service for Bearings. Phone 517-518

MATRON HONORED AT FINAL RITES

KIMBERLY, Jan. 10 (Special).—Funeral services for Mrs. Adeline Marie Hudson, 76, pioneer resident of Kimberly, were held at the Methodist Episcopal church in Kimberly at 2:30 p. m. yesterday. Rev. T. W. Bowman, pastor, officiated, assisted by Rev. Milton Bower, Kimberly Christian pastor, and Rev. Mackay J. Hosen, Twin Falls, Nazarene minister.

Pallbearers were William Gill, Art Wilson, Rupert Taylor, Thomas Lewis, I. Buley and Noah Sweetman.

Honorary pallbearers were W. A. L. Stone, Carl Ridgeway, Bill Tilley, Harry Denton, Wesley Arnold and E. W. Dadds.

Mrs. Arthur Arnold sang a solo, and the male quartet from the Kimberly Christian church sang "Going Down the Valley" and "In the Garden."

Quantities of floral tributes bore expressions of esteem.

Interment was in Twin Falls cemetery, under the direction of the White mortuary.

Pair from Oregon United in Marriage

Mrs. Margaret Stogdole and William C. Cummings, both of Oregon, were united in marriage today at a ceremony held at the Twin Falls church. The ceremony was officiated by Rev. Lewis L. Hill.

Idaho Evening Times & News

Put the emphasis on success for your sale by attracting a large crowd—using a commanding size newspaper ad—then use the FREE handbills. Larger ads bring larger crowds and larger crowds mean a more successful sale. A few extra buyers bring higher bids and enough extra money to pay the total expense of the sale. Call our office for further information.
