## GOVERNOR ASKS LIE OF LIQUOR COMMISSION

### Hull Asks Nazi Showdown on J. S. Jew Discrimination

#### SPECIFIC CASES POINTED OUT TO GERMAN CONSUL

WASHINGTON, Jan. 13 (U.P.)—Secretary of State Cordell Hull revealed today that in an effort to obtain a showdown with Germany specific instances of German discrimination against rights of American citizens of Jewish race have been submitted to the Nazi foreign office for action.

**Formal Note**  
The showdown was asked in a formal note presented to the German foreign office Jan. 11 by American Charge d'Affaires Leslie H. Gilbert. The note asked the German government to make good on its assurance that American nationals in Germany would be dealt with in accordance with treaty guarantees.

The note presented by Gilbert, on instructions cabled Jan. 6 by the state department, replied to a note from the German foreign office Dec. 20. In that note the German government reiterated its intention to "respect rights to which American citizens were entitled by the terms of treaties between the two countries."

The German note added that: "To date the American embassy has informed the foreign office of a single case in which, in its opinion such treaty rights have been violated by German measures. If any such case should be brought to the attention of the American embassy, the German government for its part is prepared to examine and settle them on the basis of prevailing treaty provisions."

**Specific Cases**  
Gilbert responded by presenting to the foreign office specific cases in which the embassy in Berlin considers that the rights of American nationals have been violated. He promised to present other specific cases as they occur.

Presented by Gilbert were two specific cases of discrimination was considered by officials here to make a showdown on the American protests virtually certain. One of the cases in the file with the foreign office assurances would be necessary to move the protest by the United States.

**RUPERT BOY, 18,  
KILLED IN CRASH**  
BURLINGTON, Jan. 13 (Special)—Walter Harding, 18, riding in a truck with Walter C. Coleman, was killed and J. R. Taylor, 35, view district farmer, riding alone in an automobile, was severely injured in a collision on the highway intersection four miles south of Burlington yesterday afternoon.

**Highway Head Will  
Slash State Costs**  
BOISE, Jan. 13 (U.P.)—Reduction of the state road maintenance costs by \$100,000 during 1939 was the hope expressed last night by H. H. Flint, Idaho highway department director, in a speech before the county commissioners' conference.

#### Movie Celebrities Testify to Schemes to "Get-Rich-Quick"

LOS ANGELES, Jan. 13 (U.P.)—The securities and exchange commission heard today that purported Wall Street representatives of William F. Buckner, jr., had approached film stars with a "get-rich-quick" scheme.

Buckner himself, indicted in the kiting of Philippine Railway bonds, meanwhile was visiting the motion picture industry.

"He did not ask me to invest any money and I certainly didn't invest any," she said. "I have known Mr. Buckner a year or more. I met him in Hollywood. I went out with him on a number of occasions. Later I renewed my acquaintance with him in New York, but there is little I can tell you about his situation. I know nothing about his financial dealings."

**"Lovely Boy"**  
"Bill's a lovely boy and of course I like him. Am I going to marry him? Can I get out with a man without getting married?"  
Buckner telephoned her and flew her from New York shortly after her arrest last month.

Miss Young posed for photographs with two SEC agents, John C. Walsh and Louis Maged, and was escorted from further questioning. Romance led the investigation when Everett Crosby, manager and brother of Blue Crosby, accused Everett said he protected Bill from a Philippine bond investment, allegedly backed by the islands' government.

"I was approached by one C. Wesley Turner of New York," he said. "He said he had a lot of money and was looking for a place to invest it. He said he had a lot of money and was looking for a place to invest it."

**Italy Hears Britain  
Is Behind France in  
Case of Any Trouble**  
ROME, Jan. 13 (U.P.)—Great Britain has informed Italy that in the event of trouble between Italy and France, Britain would be solidly behind France, an unimpeachable source revealed today.

The long-heralded conference between Prime Minister Neville Chamberlain and Premier Benito Mussolini has proved a failure, it was indicated, and may result in a withdrawal of Chamberlain's "appeasement" policy and a hardening of the dividing line between the democracies and dictatorships.

**Expert War Collapse**  
It was disclosed the Italians informed the British that Mussolini expects the Spanish war to collapse "within a few weeks," after which the Italian forces would be withdrawn.

#### PLANE EXPANSION WOULD GIVE U. S. 13,000 AIRCRAFT

WASHINGTON, Jan. 13 (U.P.)—President Roosevelt said today that the administration's proposed aircraft expansion program—which would give the nation a maximum of 13,000 fighting planes—can be carried forward almost entirely with present facilities of private industry.

Mr. Roosevelt did not estimate in a press conference discussion of his new defense program, the exact number of planes which will be built in the new program.

In his message to congress he specified a minimum of 3,000 but declared "it is hoped that there will be such a large scale of production that the unit cost and the cost of maintenance will be reduced to a point where a large number of planes will be built."

**Require Skilled Workers**  
He said the possibilities of a "bottle neck" in construction existed due to the fact the program would require 15 to 20 per cent more skilled aircraft builders than are now employed in the industry.

Mr. Roosevelt said today he believed the program could be accomplished in existing plants, with the use of two and three shifts of workers.

**South Idaho Bankers  
Meet at Sun Valley**  
With a Sun Valley session highlighted by Oval Adams, Salt Lake City, president of the American Bankers' association, here, and possibly by appearance of Gov. C. A. Bottolfsen, southern Idaho bankers assembled here today for the annual meeting of the South Idaho Bankers' association.

Approximately 150 will attend the session, which is being held at Sun Valley during the second chapter in the Idaho Bankers' association, according to R. D. Harkness, secretary.

**Noted Speaker**  
Mr. Adams, a well-known Utah speaker, is president of the Utah National Bank, Salt Lake City. He is expected to present the southern Idaho bankers with a financial challenge concerning the national financial picture.

#### Death Ends Career Of Jacob Ruppert

NEW YORK, Jan. 13 (U.P.)—Col. Jacob Ruppert, multi-millionaire brewer and owner of the world champion New York Yankees baseball team, died today at his Fifth avenue apartment after a lingering illness.

The 71-year-old bachelor sportsman, whose greatest joy in life was spending money on his great baseball team, succumbed to a complication of diabetes following a heart attack. Ruppert was admitted to a hospital on Jan. 10.

**Hated Gambling**  
Ruppert's greatest love was his baseball team which he bought in partnership with Capt. T. L. Huston in 1914 for \$500,000. For many years he had been a gambler, but he had sold his \$3,000,000 of Pan Am stock, one of the most reckless forms of chance, to support his son's education.

**Probe Urged on All  
Washington Lobbying**  
WASHINGTON, Jan. 13 (U.P.)—Secretary of State Cordell Hull and Sen. Joseph C. O'Mahoney, D., Wyo., agreed today after an acrimonious debate on the "sugar lobby" before the senate finance committee, to urge a separate investigation of all Washington lobbyists.

Hull promised to draft an amendment to a senate resolution ordering an investigation of the extensive negotiations with Cuba, to embrace an investigation of "represents public life" which charged that sugar lobbyists have been "swarming all over Washington" seeking to "undermine the good will of the trade agreements."

**Oddities**  
SAN FRANCISCO, Jan. 13 (U.P.)—Michael O'Dowd, park keeper, died a sudden death today after a long illness. He was 62 years old and had been in the park for 20 years.

**Exhibition**  
SACRAMENTO, Calif., Jan. 13 (U.P.)—The gun that wasn't loaded had its counterpart here. Willard Reed, 47, playing with friends in a back yard, was shot today by a bullet which he had fired.

**British Actress  
Chosen for 'Gone  
With Wind' Role**  
HOLLYWOOD, Jan. 13 (U.P.)—David O. Selznick ended a two-year search for a British actress to play the role of Scarlett O'Hara in the new film "Gone With Wind" by choosing Vivien Leigh, young British actress, as the screen heroine of "Gone With Wind."

**Doc Barker, 4 Other Convicts Fail in Escape from Grim Alcatraz**  
SAN FRANCISCO, Jan. 13 (U.P.)—Five convicts, including Arthur Barker, member of the notorious Karpis-Barker gang of outlaws, made a desperate attempt to escape from grim Alcatraz today but were captured after guards opened fire, resulting in two deaths. Barker was one of the wounded.

#### Joint Session of Lawmakers Hears Special Request

BOISE, Jan. 13 (U.P.)—Gov. C. A. Bottolfsen today asked for addition of the state liquor commission in a message to the Idaho legislature convened in a special joint session for the purpose.

A bill embodying the governor's proposal already was drafted by attorneys and ready to be thrown into the legislative hoppers, probably late today.

**Champion Woman  
Dog Musher Heads  
For Idaho Resort**  
SEATTLE, Jan. 13 (U.P.)—Alaska's champion woman dog team driver, petite Mary Joyce, came out of the north today to join the yelping Huskies, took one look at rainy Seattle and started for snowy Sun Valley, Idaho.

**Rancher Beaten  
With Iron Pick**  
SHOSHONE, Jan. 13 (Special)—Frank Plummer, a bachelor rancher residing eight and one-half miles east and south of here and near Dietrich, was in the Gooding hospital at Gooding today receiving treatment for lacerations about the face and top of the head.

**Father Murders  
His Inebriate Son**  
NEW YORK, Jan. 13 (U.P.)—The motive of a 17-year-old boy slain by his father, decided today after hours of deliberation, that he had been right and that she should stand by him.

**Plane in Utah**  
ST. GEORGE, Utah, Jan. 13 (U.P.)—Paul Mantz, famed Hollywood stunt flyer and technical adviser for the movie "The Sign of the Cross," was killed today when his plane crashed near here today while flying for the Columbia pictures production "Plane No. 5."

**British Actress  
Chosen for 'Gone  
With Wind' Role**  
HOLLYWOOD, Jan. 13 (U.P.)—David O. Selznick ended a two-year search for a British actress to play the role of Scarlett O'Hara in the new film "Gone With Wind" by choosing Vivien Leigh, young British actress, as the screen heroine of "Gone With Wind."

# 4-YEAR POCA TELLO SCHOOL TAKES LEGISLATIVE SPOTLIGHT

## JUNIOR COLLEGE BILL LOOMS AS WEDGE ON USB

By WILLIAM MCENAMIN  
BOISE, Jan. 13 (UP)—The southern Idaho four-year university and group today rallied their forces for the expected bitter battle over the proposal, although the bill has not yet been introduced.

Opponents of the measure claimed enough support in the senate at least to block the proposal. But there was evidence of "horse-trading" behind the scenes.

Also expected to come before the legislature is a junior college measure which will allow counties to sell bonded debt for property valuations of \$10,000,000 or more to pay for the support of a junior college.

The bill, as written, would be an opening wedge toward eventual establishment of state-controlled junior colleges in Idaho.

**Favor Junior Colleges**  
Northern legislators, who oppose establishment of the four-year university at Pocatello, are inclined to favor creation of junior colleges. At least they feel the creation of the two-year school is the lesser of two evils.

They are contacting southern Idaho legislators who favor the junior college plan in order to line up their votes against the four-year university proposal in return for support for the junior college enabling act.

The northern Idaho group believes it would be difficult for any district to get the voters to sanction additional taxes to support a junior college.

**Quiet Session**  
Both houses had a quiet session yesterday afternoon.

The state senate announced a qualified opposition to a proposal for repeal of the state mine tax.

E. T. Taylor, Coeur d'Alene, state senate member, announced his organization's stand.

"Proponents of the plan to reduce mine taxes say that the mining industry of the state is suffering from decreased revenue due to low prices of ores, and also to the fact that they have a state mine tax, income tax, ad valorem tax, property tax, and other direct and indirect taxes," Taylor said.

**Farm Taxes High**  
"They make the further plea that high mine taxes result in close mines and thus business and agriculture suffer indirectly."

But agriculture suffers from heavy taxation, Taylor pointed out. Agriculture pays a bigger share of its income in taxes than any other business. Its property is all in sight and it is all taxed whether it has a profit or not.

While mine taxes are a shrinkage of \$3,000,000 last year, agriculture shows a gross income of \$85,000,000 for the first 10 months of 1937. The first 10 months of 1938 show an income of \$28,000,000, or a shrinkage of \$28,000,000, or over three times what the mines show."

## Power Foreman Given Medal For Saving Comrade's Life

Meritt E. Shotwell, 32, Twin Falls service foreman for the Idaho Power company, today received a citation and gold medal from the Edison Electrical Institute for saving the life of another Idaho Power company employee last June 25.

Presentation of the medal and award was made last night by R. B. King, Boise, president and A. E. Shillingburg, who owes his life to Shotwell's knowledge of the proper procedure in case of an emergency.

**Touches Live Wire**  
Shillingburg was repairing company lines after a June thunderstorm and was working near the top of a utility pole. He grabbed a 2,300 volt wire. S. C. Reed scaled the pole, knocked the man's hands from the wire and brought him to the ground.

At that point Reed left the scene to secure additional help while Shotwell stayed to work on the injured

man. Reed said that when he left Shillingburg was not breathing. When Reed returned the man was breathing and had his eyes open.

Only two such medals have been presented to company workers in the past 25 years, records show. One went to Jack Woodhead, chief operator of the lower power project, who saved the life of Frank Drez, his superior, while another went to Frank Pogue, now with a New York City firm, who saved the life of Everett Allen at Thousand Springs.

**He Didn't Know**  
Shotwell was not informed he was to be presented with the medal until the presentation was made. R. W. Carpenter, Twin Falls-Jr. Edison division manager, said: "Shotwell is deserving of the honor and the friendship and commendations that go with it."

The gifted gold medal is partially made from copper taken from the original underground mains for electricity distribution which were installed in New York City by Thomas Edison in 1881.

Shotwell is a graduate of Twin Falls high school with the class of 1934, graduated from the school of music at the University of Idaho and studied piano with Howard Gooding, head of the piano department of New England Conservatory of Music at Boston, and also with Velma Gledemeyer.

Students going through 1938 today and yesterday will be selected for special variety numbers during the annual concert of the program, Mr. Smith announced.

The first part of the program will be devoted to band numbers and Miss Hoover's solo.

**Legion Planning For State Meet**  
Appointments of various committees, laying the groundwork for the Idaho American Legion department convention here next Aug. 13 to 16, had been announced here today by R. V. Jones, commander of the local post.

The convention here will be the first of the entire department to be held in this city in five years. Several hundred war veterans will attend the four-day sessions.

General chairman of the convention committee will be Ralph Pink. J. J. Winterholler will be vice chairman of the general committee and chairman of the finance committee.

Other appointments include Marshall Chapman, publicity; Leonard P. Avant, housing and registration; Ralph E. Leblond, parade; Paul R. Tabor, music and drum corps contests; O. T. Koster, hall and meeting places; Carl E. Ritchey, banquet; J. Edward Warner, entertainment; J. H. Blandford, decorations.

The committee will meet here Jan. 14.

"Montana sugar beet acreage," he said, "has been materially reduced at a time when we particularly needed an expansion of the industry."

# LINCOLN COUNTY STAFF INDUCTED

**SHOSHONE, Jan. 13 (Special)**—County officers elected at the last fall contest formally took their positions Monday and the county building was a busy place for the first two days of the week. It being the first regular meeting of the commissioners for the year.

One of the colorful incidents was the appearance of Mrs. Lida Withrow, one of the few women judges of the peace in Idaho. She was re-elected on the Democratic ticket and reported to take her oath of office.

**Lincoln County Roster**  
The only two changes in the elective offices were those of Miss Carolyn Bradshaw-Republican, deputy for the past four years, who was elected to the county clerkship last fall, and O. C. Shaw, Democrat, who was elected prosecuting attorney. The full staff of legislative and county officers follows:

Senator, W. J. Tapper, R.; representative, Charles D. Dill, Jr., R.; clerk and auditor, Carolyn Bradshaw, R.; Pauline Allen, deputy sheriff, George M. Brown, D.; Lee Wimmer, deputy treasurer, Grace Pease, D.; Carrie Garner, deputy assessor, R. H. Burns, D.; Mrs. Carrie Wilkin, deputy.

Prosecutor, C. C. Shaw, D.; Catherine Carey, stenographer; commissioners, Fred Martin, R.; C. M. Johnson, R.; V. F. Greve, D.; probate judge, Howard Adkins, D.; school superintendent, Angie Durfee, R.; county nurse, Stella McFall, D.; justices of the peace: Shoshone, E. Todd, R.; R. A. Major, R.; Lida M. Withrow, D.

**Agent Considered**  
The matter of appointment of county agent came in for considerable discussion, without definite action. The incumbent is Harry B. Carson, and indications pointed to his reappointment, it was stated. Auditing of the books of the various county officers is under way and will probably continue until February. Those of the county clerk are first under consideration, with the assessor to follow, and Auditor, Lee of the Moon agency, Pocatello, is busy with the task.

## RUPERT

Mrs. Roy Cunningham, Mrs. Edgar York, Mrs. William Squance and Mrs. Ed Hilt were hostesses Tuesday at the Cunningham home to 25 members of the Woman's Council of the Christian church. The program consisted of a devotional service and business session in charge of the president, Mrs. Fred Schuepbach, a vocal solo, Retta Mae Hills, accompanied by Mrs. William Squance, and a reading by Mrs. Schuepbach.

Under the direction of the president, Mrs. Grace King, the Rupert Business and Professional Women's club met at Fred's cafe Tuesday. Miss Maxine Masters was in charge of a short program of musical and dance numbers presented by a group of small children.

The members of the Hi-Tri mission club of the Christian church with their sponsor, Mrs. M. D. Grace, and three guests, Valerie Yates, Vera Schramm and Bernice Goble, met Tuesday at the home of Miss Mildred Paul for a pot-luck supper. The lesson was presented by Miss Thelma Bantling, who reviewed a section of the study book, "Dinabundant."

Mr. and Mrs. Floyd Felt entertained at their home Monday with a bridge dinner at which covers were laid for 16. High score prizes in contract were awarded to Mrs. L. L. Culbertson and Mayor E. E. Fisher.

The birthday club was entertained Friday at the home of Mrs. Veta Locander, Paul. Sixteen members and four guests were present to honor the birthdays of Mrs. Anna Todme, Mrs. Veta Locander and Mrs. Thelma Peterson. The afternoon was spent playing games and Chinese checkers.

**BLOND**  
ANN ARBOR, Mich., Jan. 13.—A 201-pound, six-foot one-inch blond will reign as University of Michigan campus queen at the ice carnival Friday night.

The blond is Jack Brennan, varsity basketball player and footballer, who was chosen by students over Marian Phillips, a pretty brunette freshman from Port Huron. Mrs. Phillips is the record holder last month published 80 reasons why she doesn't like men.

Brennan, however, as his slogan "four out of five women are beautiful and the fifth comes to Michigan."

# Vermont Governor Raps U. S. Attack on State Rights

## AIKEN PLANS TO BATTLE FEDERAL BUILDING OF DAM

MONTEPELIER, Jan. 17 (AP)—Rep. Gov. George D. Aiken, backed by the Republican legislature in a fight to prevent the federal government from building a dam without the state's consent, went to Boston today for a meeting of New England governors, hoping to enlist their aid in his defense of state rights.

The legislature last night voted Aiken \$67,500 to wage a court fight "against the assault upon our sovereign rights," and also passed a resolution protesting the governor's denunciation of the growing and menacing ambition of those in authority and influence in the capital of the United States.

Aiken was supported by a vote of 24 to 15 in the house and 24 to 14 in the senate. The opposition came from Democrats. Traditionally Republican, Vermont was one of the two states that went against President Roosevelt in 1936.

**Proposed Dam**

The governor's conference at Boston last night called to discuss the national campaign against infantile paralysis but Aiken intended to take the opportunity to tell five other governors of the situation.

The trouble is over a proposed dam across the Champlain river at Burlington, Vermont. The federal government was to build the dam for flood control purposes and use the incidental power from it, according to the plan. The dam would be 1,000 feet long, 100 feet high, and would require the expropriation of 40,000 acres of land, and the expropriation of land from the dam without a contract, under the authority of the flood control act of 1938.

**No Authority for Permit**

Aiken said he had no authority to permit the dam to be built without a written contract. The issue was whether the federal government could build a dam without a state's consent.

Aiken is almost beyond belief, Aiken said, that the federal government should consider the taking of our lands of so little importance that it doesn't even require a permit. The fact they feel that way raises a grave issue, not only for our state but for all states of the union. This issue is not flood control, but the issue of federal government control and it has been arbitrarily imposed. It is not cheap power because the agreement was made by the state of Vermont did not prevent the federal government from offering compensation. The insistence of the federal government that it can take from us what it chooses, when it chooses, and without regard to all for our wishes and our rights.

## GRANGERS URGE HOSPITAL FUNDS

Rapping at the limited size of the appropriation for the Blackfoot state mental hospital, Twin Falls Grange members today were in record asking a large amount of money to provide necessary funds.

The Grangers passed a resolution here at 10 P. M. P. hall Wednesday evening calling for legislative appropriation substantial enough to "place the Blackfoot state mental hospital on a sound financial basis and permit the institution to be of greater service."

Increased funds are needed, it was pointed out by John S. Fetherston, master, in order to make sure of proper care and treatment of the afflicted. The Grangers felt that the existing appropriation was not adequate for mental patients who do not require hospitalization.

Grange members made plans for a benefit picnic party Jan. 22 at the home of M. A. Smith, northwest of the city. Social hour and "get-together" dinner is scheduled for Jan. 23 at 10 P. M. P. hall.

Entertainment at Wednesday's meeting was a "Red Hot" program concerning Idaho M. J. J. Koster, lecturer, conducted the event.

## Octopus on Party Menu

SHOSHONE, Jan. 13 (Special)—Want a nice bit of octopus? That was part of the menu for the annual New Year party staged by Japanese people of Shoshone.

Octopus bits were included among the many delicacies prepared, according to custom, by each member of the party. About 300 Japanese attended the function, sponsored by the Japanese (Gokoku), an association regularly observing the event. The party was held at the Manhattan restaurant.

## STUDENT TOTALS NEAR 1938 MARK

Total enrollment in the Twin Falls public schools is within 75 of the aggregate for the same period of last year, Shoshone M. Davis announced today.

The 1938-39 figure shows 3,778 students in the five public schools as compared to 3,610 last year. There is less difference between the average daily figures for the two periods, with 3,228 the total for the first part of the current year and 3,272 the level for 1937-38.

Attendance has been kept down, Mr. Davis said, by the fact that "we have more sickness now than at any time during the last two years." The superintendent pointed out that many of the children have serious bronchitis following the measles.

Table of enrollment and attendance figures:

TOTAL ENROLLMENT	
	1938-39 1937-38

The body rests at the Jerome funeral chapel pending funeral arrangements.

Surviving relatives are her husband, three daughters, Mrs. A. J. Egbert, Nampa; Mrs. C. A. Nantz, Jerome; and Mrs. T. O. Burks, Moscow. Also two sons, Val, Edmund and William Robinson, Jerome; two sisters, Mrs. Ed McKee, Kansas, and Mrs. A. L. Pyle, Jerome; three brothers, Ralph, Paul and Percy Randolph, both of Kansas, and two grandchildren.

## Kelly President Of Medical Unit

Dr. L. M. Kelly, Butte, today headed as president the South Side Medical society.

Dr. Kelly, vice-president for the past year, was elected president when the term of Dr. John P. Conklin ended yesterday. Dr. Kelly was advanced to the presidency at a meeting of the society held last night at the Park hotel.

Elected vice-president was Dr. H. E. Smith, Twin Falls, who in turn will automatically become president in 1940. Dr. H. E. Smith, Twin Falls, was named secretary-treasurer, succeeding Dr. Charles H. Bremer, also of Twin Falls. Dr. William P. Foster was chosen to head the standing committee.

Principal speaker at the meeting, last night was Dr. Charles H. Sprague, Butte, who spoke on "The Pathology of the Lung and the Pathology of the Kidney."

## YOU'LL AGREE IT'S REAL BREAD!

Perhaps you have never given any serious consideration to the difference in various brands of bread, and for that reason have taken it for granted that they are all practically the same. If that's the case, we suggest you try BUTTER-KRUST BREAD just once. Taste its flavor. Note its freshness. Put it to every possible test. You'll agree it's REAL bread.

## POSTOFFICE AIDS ON OLD-AGE PLAN

If you're entitled to an application for a claim blank for lump-sum benefits under the federal old-age insurance provision, you can get one now from the Twin Falls and other south central Idaho postmasters.

That was the announcement here today by Charles T. Cannon, manager of the Postoffice field office of the social security board.

Given on Request

Cannon said that postmasters will distribute the applications, on request, to wage earners in "covered" employment who have reached the age of 65 since the 31, 1936, with representatives of families of such wage-earners who died since the same date.

Completion of postmasters through the additional channels, through which eligible claimants may contact the social security board, will make the proper information required to make a claim.

Two types of payments are now being made. Cannon pointed out. These are (1) To workers employed since 1936 in industrial and commercial occupations covered by the old-age law, the first payment has reached 65 since then. (2) To estates of such workers who have died after 1936.

3% Per Cent

"Both types of payments are based on 3% per cent of the worker's total earnings in the covered employment since 1936. The first payment has reached 65 since then. (2) To estates of such workers who have died after 1936."

In Idaho, 49 claims for lump-sum benefits were certified during November for a total of \$2,376.72. The average single payment in this state for November was \$48.40. This brings Idaho's record to 707 claims for a total of \$2,376.72 to date. Nationally, the figure at the end of November, 1938, totaled 25,782 claims paid for a total of \$10,892,118.3.

## Rabbits

SHOSHONE, Jan. 13 (Special)—Since the last August the youngsters have been enjoying sport in the evening. After school hunting rabbits has become their 22 rifles report having scored in good shape.

In the main Jackrabbits have proved the quarry as they appear to be rather numerous in the district this season. The Jackrabbits are found along the stream and rock ledges.

Jackrabbits are so plentiful in the district that they are found in other parts of the area that the government trappers and others vested with the work, have constructed poisoning pens at various points. The pens are so built that lumps cannot crawl under the enclosure. It is expected that rabbit drives will be held later on.

Many CCC boys are assisting the federal trappers in the Klamath section, which is rapidly being developed as a grazing district since the CCC unit has been established at that point.

## John J. Richards' Funeral Conducted

WENDELL, Jan. 13 (Special)—Final rites were held Monday for John J. Richards, 72, who died Thursday of last week after an illness of two months, at the St. Ann's hospital.

Mass was held by Rev. P. Michael King. Musical numbers were rendered by the sisters of St. Valentine's hospital.

Funeral services were E. C. Ferguson, J. C. Crocker, Earl Wolford, Henry Muliken, John H. Kunkin and Tom O'Hara.

Interment was in Wendell cemetery.

He was born at Massville, Mo., March 8, 1866. He moved to Wendell, Mont. in 1891 and married Mrs. Theresa Abel in 1901. They lived at Spokane, Wash., for 10 years and moved to the Wendell country in 1917, making their home there since that time.

His survivors are his widow, Mrs. Theresa Hylbrand, a brother, Nick Richards, Wendell, Wash., and a sister, Mrs. Matt Zinke, of Conception, Mo.

## Mammoth's Teeth Given to College Of Idaho Leader

CALDWELL, Jan. 13 (Special)—Assistant President C. J. Smith, who teaches zoology at the College of Idaho, is the proud possessor of a pair of fine teeth. Needless to say, these are no ordinary molar, for the teeth weigh 12 pounds and measure almost two feet around.

This mammoth, a massive brute that became extinct a million or more years ago, resembled our modern elephant more than anything else, except for its long, upward-curving tusks and low, thick hairs. Its height sometimes reached 14 feet in the size of these teeth were, on grains out of proportion. Since he was a vegetarian, he had only one pair of the molars, or fourth teeth at one time. Nature, however, provided him with three such sets, or one more than man.

Unearthed near Naur, Alaska, during mining operations, they were brought down by Mrs. Gladys Reed Cox, a C. of I. graduate who formerly served as superintendent of schools in Oryctodon county. More recently Mrs. Cox has been located at Naur where her husband directs mining operations.

This find, which properly prepared, will be preserved on display in the natural history collection of the C. of I. museum.

## DAIRY SCHOOL AT NORTHSIDE MEET

JEROME, Jan. 13 (Special)—Plans for the second annual Northside Institute to be held in Jerome, Jan. 26-28, are progressing rapidly, according to officials in charge.

Feature of the first day will be the dairy school conducted by Ivan Smith, dairyman, and Dr. A. E. Kuttler, inspector in charge of the bureau of animal industry. Discussions will include such topics as breeding, feeding, care and management and disease control, bull and work and Buns disease.

If L. Spence, extension agronomist, Jan. 27 will address a meeting on weeds and a report from the local weed department on the amount of work accomplished and labor involved, will be made. Future plans for weed control will be discussed.

Saturday, Jan. 28 will include the joint institute meeting and the annual meeting of the Jerome county livestock pool. Plans for the pool questions must be made at this time as the present arrangements last only until April 1939.

A report will be made on the business done and Ezra T. Benson, marketing specialist, will discuss the state livestock marketing association, and other marketing questions.

## Bascom Paroled

SHOSHONE, Jan. 13 (Special)—Scotty Bascom, arrested with Wilbur McGaughey a short time ago on a charge involving first degree burglary, for which McGaughey received a penitentiary sentence of from one to 15 years, was paroled by District Judge Doran H. Shippen to C. A. Paulsen of Hildreth for the time being.

Bascom, who had previously maintained a good reputation at Hildreth, was arrested as an accessory to the act of burglary. He stated he owned the car and watched while McGaughey purchased a trunk. Both confessed to the crime.

## BIG FOOD CHAINS PLAN BEAN HELP

Assistance for southern Idaho's bean growers has been decreed by the National Association of Food Chains, according to word received here today by the Twin Falls Chamber of Commerce from John A. Logan, president, Washington, D. C.

The large concern will feature dry beans and will advertise and display them both during the bean week and during the normal selling period for beans.

"The dry bean situation admittedly is very serious," the message from Mr. Logan said, "and the organized food chains are glad to participate in a cooperative effort to stimulate consumption, hoping to stabilize grower prices at fair levels."

One cheerful note for south central bean growers is offered in the agricultural commodities bulletin of the food chain organization, which was also sent to the C. of C. It says: "The most encouraging factor is the increased purchasing power of consumers."

The bulletin points out that beans are not a depression commodity, according to the USDA, but that "the demand for dry beans increases very rapidly as employment conditions improve."

The bean promotion program urged on the chain concerns by Logan carries a moral for south Idaho. It envisions these phases: "Advertising beans... carrying a full stock of beans (all varieties)... displaying beans... talking beans... selling beans."

Producers' organizations, Logan said, may aid their own cause by co-operating with the national campaign in all phases.
