Antique Setting Lends Charm to Afternoon Tea

Serving of tea in a charming pioneer setting, climaxed by the unusually attractive benefit bridge parties at which the Ladies' Pioneer club of Kimberly entertained yesterday for Twin Falls and Kimberly residents. After playing bridge at seven different homes in Kimberly, the entire group assembled in the social room of the new Kimberly high school building, Mrs. H. M. Proctor was general chairman of arrangements.

A rocking chair which had come from the White House during the administration of President McKinley, was a focal point of interest in the display of antique furniture arranged by the group.

Greeting the guests as they arrived was an authentic pioneer table set with a tablecloth which was a table on which was a braided rug made by the group.

During the luncheon session, Chuck Heins and his chairmen played orchestra numbers. C. L. Lake was in charge of the program. Mrs. Luke was pianist and Mrs. Melvin Cutler organist for the numerous musical selections.

Lending variety to the musical program, a take-off, "Alas Charlie McCarthy," was given by Carl Pitzer and Gene Hull, high school students of Miss Florence M. Rees, who directed the stunt.

Mrs. Edith Schroeder Jacklin opened the program with three accordion selections, "Salute to the Colors," "Spanish Mailman" and "China Town."

Mrs. Emma Luke, Miss Maurine Luke, and Miss Betty Luke presented vocal solo numbers, "If My Son Had Airy Pinions," "Reynolds' Hymn," "Smilin' Through," "Arthur C. Penn," and "Goin' Home," Anton Dvorak.

Dolls from Numerous Countries on Display

Dolls acquired on various trips, including a continental tour, supplemented by gift dolls from friends, were displayed by Miss Margaret Seethoff at a meeting of the Magic-Y club Monday evening in the Y. W. C. A. rooms.

Ranging from wax mannequins of the type smart French designers use as models, to an Eskimo doll lavishly laden with furs and beadwork, the dolls attracted the interested attention of the club members and their sponsors.

Authentic costumes of the natives of many lands are reflected in the garb of the various members of Miss Seethoff's family of dolls.

Invitations to two social events of January were accepted by the group during a business session, with Elaine Dudley presiding.

The Chippakhoon Camp Fire group, sponsored by the Magic-Y club, will entertain the club at a dinner Jan. 30 at the home of Miss Elizabeth Black, guardian.

Members of the club will join other younger business women of the community at a card party next Monday evening at the Park hotel, arranged by members of the Business and Professional Women's club.

Miss Marjorie Roundtree and Miss Mary Mills, hostesses of the evening, served refreshments.

CONFECTION NOVELTY DISTINGUISHES LUNCHEON

Distinctive originality marked the appointments for the luncheon at which Mrs. James Coleman entertained this afternoon at her home in the Bellevue apartments.

A fairground gumdrop tree, such as Hansen and Greel might have encountered on their trip to the candy house at the forest's edge, formed the centerpiece for the single table at which guests were seated.

Lacquered in silver and studded with multi-colored gumdrops, the artificial tree reposed in a pink jardiniere on a mirror plateau. Pink tapers in crystal holders were at either end of the tree-covered table, and the place cards favored the pink color motif.

Guests were members of the North Sleeta bridge club and Mrs. Walter Larsen and Mrs. George Majors.

Winter's Queen Named for Ball

Miss June McKinster, as queen of winter, will represent the second ward M. I. A. of the Latter Day Saints church at the Gold and Green ball Thursday evening at Radio-land. Miss Laura Brown and Miss Maurine Hult will be Miss McKinster's attendants. The trio has been selected for merits in Mutual work.

Plans were discussed for a meeting Jan. 23 at the home of Mrs. Donald Peck, when the program for the year will be completed. All members are requested to be present. Refreshments were served.

REAL TROUBLE LOOMS IN EUROPE WHEN SPAIN WAR ENDS

FRANCE MAY BE HEMMED IN ON 3 SIDES BY ENEMY

By JOE ALEX MORRIS
[United Press Foreign News Editor.]
Europe's real troubles in Spain will begin when the civil war ends.
For two and a half years the Iberian peninsula has been doated by wars which has cost untold millions lives and billions of dollars.
Now the armies of rebel Generalissimo Francisco Franco are making the defense of Madrid their goal and it is not the end of the prospects for an eventual insurgent victory are overwhelming.
When and if that victory is achieved, the new Spain will be thus: by the surge of international divisions into a new position in a still greater struggle that has aligned Great Britain and France against Italy and Germany in the Mediterranean basin.

Seek Trade Routes
Tops struggle among the big powers is for dominance of some of the world's most important trade routes; for control of the communication lines necessary to the existence of the British and French empires.
So far it has been a struggle of wills of diplomats and of newspapers.

The real struggle is in advance, awaiting determination of whether the new Spain will stand with the totalitarian states, look to the democracies for aid or return to her traditional neutrality.

Totalitarian Alignment
On the surface, it would appear that a Franco victory would mean a Fascist Spain allied with Italy and Germany. Italian Premier Benito Mussolini, credited by some with instigating the insurgent movement, has a huge investment of men, money and materials in rebel Spain. He has informed the world that he intends to keep on investing until assured of a Franco victory.
Nazi Fuehrer Adolf Hitler also has provided France with valuable aid—mostly artillery, technical assistance and aviation.

A Fascist Spain allied with Italy and Germany would surround France on three sides and make the position of the democracies appear hopeless in event of war.

Oppose Governments
There are well-informed circles in both Britain and France who believe that is likely to happen and for that reason have opposed the governments of Prime Minister Neville Chamberlain and of Premier Edouard Daladier.

But both governments have been complacent in regard to the future of Spain—although restlessness has been growing recently among Chamberlain's supporters—because of certain powerful factors in their favor.
One of these is that Spain will be a wreck when the war ends and the totalitarians will have no money to loan her. Therefore, France must go to London for aid. Another is that the Spanish people will, if necessary, throw out the foreigners. Still another is Mussolini's pledge to Chamberlain to withdraw after the war.

\$10,000 Stage Bill Found to Be Real Cash

LOS ANGELES, Jan. 18 (UP)—Mrs. Myra Wallace, wife of a native publisher, was disappointed to learn that the \$10,000 bill she thought was stage money possibly was the real McCoy.

Orchestra Leader Sleep Fields was surprised, too. It was just a case when Mrs. Wallace laughingly tossed it to him the other night when Fields played a piano for her. She had been carrying it around with her for several years.

Fields stuffed it in his pocket and took it home. The more he looked at it the more it looked like the genuine article, although he hadn't seen a \$10,000 bill before. He finally took it to the bank. The bank called in the secret service.

The secret service investigated and today reported it was a genuine federal reserve note. Four years ago it was thrown out of the federal reserve offices in Washington with some rubbish. It was one of a type, ordinarily worthless, used in making adjustments between federal reserve banks. But this one had been endorsed.

Agents said the signature made it legal. They couldn't say for sure but they kept the bill.

Mrs. Wallace said she found the bill on a New York street.

WIPED OFF
Names listed on the Twin Falls county jury panel for last year can be wiped off the slate without further ado.

That's the substance of a formal opinion submitted by Prosecutor Everett M. Sweely to Walter C. Musgrave, county clerk-auditor-recorder.

Mr. Musgrave had requested the prosecutor to give an official interpretation of the statutes covering disposition of the names on a previous year's jury list. The 1939 list, consisting of about 287 names, was drawn last week by the board of county commissioners.

Sweely's letter said that the 1938 list is void after selection of the 1939 panel, and the 1938 names "have no place" on the new panel unless the same men were drawn again as members of the 1939 list.

Dairymen Cheery On Butter Drive

BOISE, Jan. 18 (Special)—The nationwide sales campaign to reduce America's butter surplus came to a successful close today with dairymen reportedly increased by more than 11 per cent and Idaho dairy leaders optimistic over bright prospects for more prosperous times in 1939.

H. G. Myers, Boise, chairman of the Idaho dairy producers stabilization committee, said dairy reports indicated a sizable dent had been made in the stored supply and that the sales push apparently had paved the way for a stabilized market for Idaho's "flush" dairy production of the coming spring and summer.
