Solon Charges WPA Roll Padding for Political Gain

Holt Raps Hopkins As Senate Debates Place in Cabinet

WASHINGTON, Jan. 20 (UP)—Sen. Rush D. Holt, D., W. Va., today charged the administration with padding the relief rolls at election time for political purposes.

He made the charge to the senate in opposing the nomination of Harry L. Hopkins, former works progress administrator, to be secretary of commerce. A vote on Hopkins was expected late today. Indications were he would be confirmed over opposition of 20 to 30 senators.

On April 2, 1938, Holt said, relief rolls were 2,445,415 but they climbed to 3,257,582 on Nov. 12, 1938, just after the last election. He said the rolls on Nov. 27, 1937, was 1,519,743. "I feel the payrolls were padded and added to for political purposes," he said.

4 Votes Each
"If each of those individuals added to the rolls, minus four votes, you can figure what that would mean."

He asserted the industrial production index was going up and unemployment down at the time the relief rolls were climbing the record high.

Holt said that department of labor figures showed that nearly 1,000,000 persons returned to private payrolls between July and October, 1938, while WPA rolls increased 400,000.

Boasts Spending
He said WPA spent \$1,844,858 in Kentucky and \$1,830,894 in West Virginia last April, but in August when the Kentucky primary was held WPA spent \$1,339,474 in Kentucky and \$2,353,596 in West Virginia.

He charged that WPA rolls also were increased in "certain states" at the time of the primaries, mentioning the administration's unsuccessful attempt to defeat senators who had opposed the supreme court bill and other New Deal measures.

FDR IN FAVOR OF GUAM NAVY BASE

WASHINGTON, Jan. 20 (UP)—President Roosevelt today said he favored the pending bill authorizing construction of naval base facilities at Guam, near the Pacific island that is within 1,500 miles of Tokyo.

The Guam project is one of 12 pending naval base projects authorized at a total cost of \$65,000,000 under a measure introduced in the house and senate yesterday.

Mr. Roosevelt pointed out the bill provided for an authorization, not an appropriation. Naval authorities said that under the authorization they proposed improvements costing approximately \$5,000,000.

The Guam project has drawn vigorous criticism from Japanese spokesmen who say the base would constitute a threat upon their flank. Some congressional criticism of the proposal has also been voiced.

Explains Difference
The President pointed out the authorization would provide for building Guam harbor facilities, improving airplane landing facilities and construction of new marine barracks.

In placing his emphasis on the fact that the Guam proposals were an authorization and not an appropriation, Mr. Roosevelt declared the president was pointing out the difference between the two.

That was the same distinction that the White House drew yesterday in denying the President had approved an appropriation for Guam.

FRANKFURTER MAKES HOW
WASHINGTON, Jan. 20 (UP)—Felix Frankfurter, recently appointed to the supreme court, made his official bow to capital society last night at the annual White House dinner for justices of the court.

Because he has not taken the oath of office yet, he and Mrs. Frankfurter were seated far down on the guest list and did not sit among the other justices at the right and left of the President and Mrs. Roosevelt.

FEDERAL AGENTS START PROBE OF SHARECROPPERS

SHILOH, Mo., Jan. 20 (UP)—Four federal agents were on route here today to investigate breaking up of a camp of 500 sharecroppers by state policemen, who loaded them into trucks and returned them to the plantations from which many had been evicted.

Sheriff A. F. Stanley said the campers were mostly Negroes, that while residents had complained against them, and that a race riot had been threatened. The town of St. Johns, near the camp site, has for years displayed a sign on its main street reading:

"Negroes don't let the sun set on your head here."

Field Prisoners
A representative of the farm security administration at New Madrid telephoned his superiors in Washington that removal of the campers constituted "forceful eviction." He said the sharecroppers had been held virtual prisoners all day yesterday. The FSA sent four investigators.

The sharecroppers had camped on a 20-acre tract called "Homestead Point," about the size of a baseball field. They had moved there last night when they were driven off U. S. highway 61, where they had first congregated in a demonstration against planters.

Status Reduced
Some said they had been evicted from their shares by the land owners, others said landlords were refusing to give them the share of the crop they had raised and were reducing them to day labor status, so the landlords could get the entire agricultural adjustment administration benefits from the land.

Sheriff Stanley and Prosecuting Attorney J. V. Conran both denied the charge that campers had been "evicted forcibly."

NAMES IN TODAY'S NEWS

Wage-Hour Administrator Elmer F. Andrews told the council of state governments at Washington, D. C., today that dictatorial measures may develop if traditional processes of government fail as instruments for solving present-day problems. He recommended a general federal "grant-in-aid program" for state labor departments to improve their labor law administration.

Gov. Gilbert Olson of California was removed from a Sacramento hospital and taken to the executive mansion in an ambulance. He had been in the hospital since Jan. 7, when he collapsed shortly after the judgment of labor leader Tom Mooney.

John Holmes, president of Swift and Company, has asked that the federal government place a new definition of corporate profits for taxing purposes "so that inventories of the federal government be excluded."

Philo T. Farnsworth, inventor of the fundamental technique of television, defended his patent rights, provided by the federal patent system, by criticizing operations of patent attorneys which he said at times approached fraud.

Harmer Martin, president of the United Automobile Workers, said he was advised by Harry Bennett, secretary of the Ford Motor company, that the Liberty Legion of America, cited by the NLRB as a "company dominated" union, was being dissolved.

Attorney General Frank Murphy said he would "investigate" the justice department's anti-trust drive, already the most extensive in history.

CAPONE'S WIFE VISITS
LOS ANGELES, Jan. 20 (UP)—Al Capone has been visited by his wife in the federal prison here, where he is serving a 30-year term for tax evasion.

Prison Director Edwin Lloyd said she spent an hour with Capone last week.

All-Star Radio Cast for Benny Trial

Jack Benny

An all-star cast will appear with, but not in support of, Radio Comedian Jack Benny, when he is tried in New York federal court for smuggling. Prosecution witnesses will include Benny's good friend, comedian George Burns, and Burns' wife, Gracie Allen, who used to appear on the Benny program, and Jack Pearl (Van Vleet, Sherry, Sherry), comedian. Assistant U. S. Attorney Joseph Delaney is active in the prosecution. Albert Chaperau is the central figure in the alleged smuggling plot. The trial is scheduled to start Tuesday.

WHOLESALE GAIN IN TRADE SHOWN

NEW YORK, Jan. 20 (UP)—Wholesale trade continued to expand this week, but retail volume lagged and dipped slightly below the corresponding 1938 week. Dun and Bradstreet, Inc., said today.

"Reports from individual cities revealed trade comparisons with last year ranging between 10 per cent below and 15 per cent above," the review said. "With the majority of the country was estimated 1 to 5 per cent lower than the corresponding week of 1938."

Wholesale turnover, however, was estimated 4 to 10 per cent ahead of the corresponding 1938 period.

Three of the seven geographical regions into which the country is divided recorded some margin of gain over a year ago in retail sales. Volume in the middle west averaged approximately 1 to 5 per cent ahead of last year's depressed level. Sales in the south went about the 1938 week by 2 to 6 per cent, with some aid coming from the resort sections. Business in the north-west climbed to a level 1 to 2 per cent above the corresponding period last year.

All other regions reported moderate losses.

EXTENSION ASKED ON STABILIZATION

WASHINGTON, Jan. 20 (UP)—President Roosevelt indirectly told foreign governments today that the United States proposes to maintain full power to defend the dollar from international monetary manipulations.

It was emphasized authoritatively, however, that in asking congress for a two-year extension of the \$2,000,000,000 stabilization fund and power to regulate the gold value of the dollar, the United States is not contemplating inflation.

The president said that the United States is not contemplating inflation, but is asking congress to extend the stabilization fund and power to regulate the gold value of the dollar, the United States is not contemplating inflation.

Devalued Dollar
Mr. Roosevelt devalued the dollar in terms of gold on Jan. 31, 1934, under authority conferred by the gold reserve act. Previously, gold was valued at \$20 an ounce. The President's action increased the value to \$35 an ounce. If full devaluation of the dollar were made, the price would be \$41.34 an ounce.

When the dollar was devalued, the United States was in a difficult situation because of the other powers had forced prices of primary American commodities to rise. International trade sharply improved in terms of foreign currencies.

Considerable importance was attached to the devaluation of the dollar by influential country men and cooperative groups. The devaluation was voted only a few days after the United States had passed a unanimous resolution making the dollar the unit of account for the world.

ROOSEVELT'S SECOND TERM TWO YEARS OLD TODAY

EXPLOSIVE BREAK IN RANKS MARKS NEW DEAL WORK

By LYLE C. WILSON
Washington, Jan. 20.—The administration's second anniversary, marked by explosive break in the ranks of the New Deal, was celebrated today by the 46th anniversary of the president's inauguration. The New Deal, which has been in effect for two years, is being commemorated by a series of events throughout the country. The administration's second anniversary is being celebrated by a series of events throughout the country. The New Deal, which has been in effect for two years, is being commemorated by a series of events throughout the country.

That already has been demonstrated in the house vote to reduce Mr. Roosevelt's \$275,000,000 unemployment relief appropriation for the remainder of this fiscal year to \$225,000,000.

Republican and conservative Democratic leaders believe, but cannot yet demonstrate, that there is a senate majority for fundamental reform of the new unemployment relief system and come close, at least, to a vote on the bill.

In contrast with the first administration, Mr. Roosevelt's second has been rough and bumpy but he has had his triumphs. The New Deal, which has been in effect for two years, is being commemorated by a series of events throughout the country.

Gold-Green Ball Sets Record For Elaborate Entertainment

In full splendor, this year's Gold and Green ball, surpassing its predecessors in lavishment, reigned supreme as the top event of the week. Radioland was the setting last evening for the event, the most elaborate of the year for members of the L. D. S. church.

With queens from the five wards of the Twin Falls stake, M. L. A. presiding, and approximately 650 guests from Twin Falls, Bluff, Kimberly, Mullanburg, Burley, Rupert, and Jerome applauding frequently, the Festival of the Seasons, a floor show of surpassing beauty, was staged as the highlight of the evening.

Formal Dinner of Queens.
Heralded by the green and gold-trimmed trumpets, Carl Brown and Ralph Kirkman, Miss Anna Wells, of Jerome, representing Twin Falls first ward, entered the pavilion shortly after 10 o'clock, and was escorted to the center of the ballroom where she took the topmost place on the slowly revolving, tiered dais. Her attendant, the white-draped and green-trimmed, was preceded by Beverly Blumhagen and Sue Simmons, dressed in green and gold, and followed by the white-draped and green-trimmed, who carried bouquets in her path. She was followed by Theda Hill, in tea rose satin, and Jimmy Richardson in Blue Blue satin, who acted as trainbearer.

Miss Wells, crowned in a green and gold, Green-Gold, and carried the distaff of the queen of nature. She was attended by Miss Patricia Poulton and Miss Evelyn Jones, also dressed in gold, who carried bouquets of fruit.

Original Entrances.
Wearing a wood violet gown with a green and gold train, Miss Leona Laws, Bull ward, made her approach to the dais in a float covered with verdant green moss and encircled with pink apple blossoms. She depicted the queen of spring, and was attended by Miss Melissa Jeffs and Miss Mary Cox, who were dressed similarly in rose and blue forms.

Miss Cleo Staley, Kimberly ward, crowned in summer green, emerged from the heart of a huge pink rose to take her place on the revolving throne. Crowned in turquoise, she was attended by Miss Pearl Staley and Miss Lyle McEwen, who were frocked of gold and turquoise.

Festival of Seasons.
Resplendent in silver and white, as were all the members of her court, was Miss June McKimber, Twin Falls second ward, crowned of winter. She was crowned in voluminous white tulle and her diadem was of thistles. Her attendants, Miss Laura Brown and Miss Marie Hewlett, wore white ruffled tulle gowns and white ermine train. Miss McKimber's entrance was from a huge curtain of white drawn on a small red sleigh.

As the floor show unfolded, each queen rose in recognition of the season being presented in her court. Climaxing the performance, each queen was crowned by her escort for the first dance following the floor show.

Flourish Whitehead escorted Miss Wells, Don Harris, Miss Laws, C. E. Merrill, Miss Staley, Clinton Earl, Miss Egbert, and Don Staudt, Miss McKimber.

Accompaniment for the floor show. Mrs. M. L. A. presided, Miss Helen Zander, Mrs. Leona Johnson and Melba Johnson.

Humorous Musical.
The couple entered the program when a group in gaudy costumes, with artificial noses, adding to the laughter of their appearance, presented a humorous musical number. Miss Anne Adams, who transformed herself from which into a zephyr, as the solo performer. Others in this dance were: Leona Johnson, Helen Zander, Leona Johnson, Helen Zander, Leona Johnson, Helen Zander.

Attractively beautiful was the presentation of a series of pantomimes by the little girls, who were clad in white satin costumes, with intricate designs above their waists, to give the illusion of a butterfly. This was followed by a contribution to the floor show.

Shower Honors Miss Reichers

Complimentary to Miss Margaret Reichers, bride-elect, Mrs. W. A. Ostrander entertained last evening at a kitchen shower at her home, 105 Lincoln street.

Reichers' engagement to Earl Bess was recently announced.

The honoree was presented with a variety of attractive gifts. The bride motif was featured in the decorations and refreshments.

At the shower, Mrs. Ralph Bacon and Mrs. W. B. Lawrence were hosts. The shower gifts were presented later to the honoree.

White caissons formed the decorations for the room. Refreshments were served at the close of the evening.

In addition to the honoree and the prize winners, were Mrs. George O. Wallace, Jr., who carried the distaff of the queen of nature; Mrs. Charles Colner, Mrs. J. T. Anderson, Jr., Mrs. Duffy Reed, Jr., Mrs. Tom White, Mrs. Helen Wilson, Miss Annabelle Gee and Mrs. Edith Eber, Shoshone.

AUSTRALIA-BOUND YOUTH GIVEN PARTY.
Bob Kirkman, son of Mr. and Mrs. L. C. Kirkman, who will sail Jan. 20 from San Francisco to the S. S. Monterey for Australia on a mission for the L. D. S. church, was honored with a party given by 30 of his friends Wednesday evening.

Following a scavenger hunt, the group went to the home of Mr. and Mrs. Ross Ward for the presentation of the gifts and the serving of refreshments.

Mr. Kirkman will leave Sunday for Salt Lake City to take a week's training course, preparatory to sailing.

ENGAGEMENT TOLD TO GROUP OF FRIENDS.
Miss Lucille Birch, recently announced to a group of friends her engagement to William Henry Bell, Jr., son of Mr. and Mrs. W. H. Bell. The marriage will take place in the immediate future.

Organ Virtuoso Wins Twin Falls Audience

By STELLA LOFF WOOD
Evening Times Music critic.
In a program devoted entirely to relatively modern organ works, Virgil Fox, virtuoso organist, delighted a Twin Falls audience in a second music evening at the Methodist Episcopal church.

Interpreting his program with unusual, spontaneous, and artistic understanding himself to his listeners, with his charming, altogether sure manner, the possibilities of the organ as a concert medium was a revelation to the audience.

18th Century Motet.
Launching his program with Purcell's 18th century "Trumpet Tune and Air," Mr. Fox truthfully portrayed the composer's idea—one of simple melody ingeniously arranged.

Prizes Audience.
In a short interview after his performance, Mr. Fox lauded the local audience for its enthusiasm and also told of the recent climb of the organ as a concert instrument.

Master of Bach.
A fitting climax to this varied group was Bach's "Great Fugue in G Minor" in which Mr. Fox showed himself a master of the difficult Bach contrapuntal style. The artist here showed a fine dramatic sense, making this composition, in the opinion of the writer, the highlight of the program.

WOMEN THROUGH TO MEAT EVENT.
A full house loomed as the prospect this afternoon for the meat service and identification meeting at Idaho Springs, which was held from throughout this general session. The women's group was the first to arrive at the meeting.

LINCOLN P. T. A. HAS MEN'S NIGHT

Men's night program was presented by the men members of the group as the Lincoln P. T. A. met last evening. Homer A. Davis was the featured speaker and used as his topic, "Father and Son Relationship Through Leisure Time Activities."

Mr. Davis' talk was followed by a humorous debate on "Resolved: That the relationship between father and son should be closer through leisure time." Those participating were Justin Doolittle, Leif Dean, Van B. Wright, and Garth Reid.

Musical numbers were presented by a quartet from the Aetolian choir. They were Weldon Clark, Howard Larsen, Larry Hall and Harold Lackey. Mr. Clark arranged the program.

Other musical offerings included cowboy songs by the fourth, fifth and sixth grade boys.

During the business session messages from the state and national P. T. A. presidents were read by Mrs. Weldon Clark. Mrs. Walter Dick was named as radio chairman and it was announced that the first grade room taught by Mrs. Helen Taylor had earned the book award for December.

Community singing directed by Mrs. Pratt found the serving of refreshments concluded the session.

B Club Hears Annual Report Of Activities

Activities of the B-Club of Sportsmen for the year 1938 were outlined here this afternoon by Lud Drexler, secretary, in an annual report approved by the board of the organization.

Because various sportsmen over this section believed that certain waters here were particularly well suited for bass, bluegill and bullhead fish, the organization came into being.

Drexler's report for the year's activities shows that Muriel Lake and Wilson Lake are ideal waters for bullhead and catfish while the Salmon dam area forms a natural planting ground for bass, bluegill and crappie.

Bass Planted
"In the one year of existence of the B-Club," the report reads, "1,400 large mouth black bass from six to eight inches in length were placed in the backwaters of the Salmon dam at a point where propagation was the most favorable and a variety of fish foods are also available."

"Two barrels of fresh shrimp were liberated at the place of the bass planting. The water temperatures in this particular stream are very good because it is fed by warm springs. Bass prosper in water of about 70 degrees. At the time of planting on Oct. 4 the atmosphere temperature was 48 degrees but the water stood at 58 degrees."

Caught by Members
"The bullheads of this season's planting were caught in sink holes of the Wood river by B-Club members and their friends. The catch was made by hook and line. These fish were planted in Muriel Lake during September. One hundred and eighty fish were planted after holding them several days to assure that only those in fit condition would be released."

"The club also received an allotment of 20,000 rainbow trout from the federal hatcheries and was liberated in the Salmon dam waters on Oct. 22."

"Records show that three bass, caught the latter part of September, measured 11 inches and were in the prime of condition. These fish were shown a growth of from three to five inches in five months," the report states.

At the present time officers of the club are: President, Marjorie Chapman; Ray Atwood, vice chairman; George Gerrish, treasurer and Mr. Drexler, secretary. The membership rolls include 35 sportsmen. Plans are being made at the present time for a membership drive which will take place in the near future.

Twin Falls Boys Win Numerals At Portland U.

PORTLAND, Ore., Jan. 20 (SPECIAL)—Bob and Ray Mills, 445 Sixth avenue, former Twin Falls high school athletes, were named to the University of Portland freshman football players to win numerals for play during the 1939 season.

Monogram athletes were to be awarded to graduates. Seventeen underclassmen won stripe monograms.

With only six men left by graduation and seven candidates coming up from a powerful freshman team, the school looked forward to a 1939 season. The Portland varsity won five and dropped three of an eight-game schedule in 1938.

Bruins Tackle Nampa Next; Defeat Rupert

The Twin Falls Bruins were looking forward to their Saturday night contest with the Nampa Bulldogs today, following their 35-17 victory over the invading Rupert Pirates here last night.

The Buhl Indians handed the western club a 22-18 beating last night on the Buhl floor. The Bulldogs play at Rupert tonight, while the Bruins rest.

Last night's game was anything but an easy tilt for Coach R. V. Evans. The Bruins were in front from the start, the game was fought almost all the way through with roughness especially predominating during the last quarter. Polson and Waite were put out of the game for Twin Falls.

Show Strap

But the local club showed more snap in rigging up the win than in any previous game this season. In fact, the Bruins, while Hartford, in fact, turned in a fighting game against the crippled Pirates, and Polson again monopolized scoring honors. Both Waite and Dawson played a very defensive game against the crippled Pirates, who were without the services of two first string forwards, Wilson and below, who were out for playing "hooky" from school.

Twin Falls got away to a good lead in the first quarter when they scored seven points before Rupert got a shot at the basket. The invaders made that one good with one minute to go in the first quarter and the count stood at 7-2. Half-time score was 15-7 and three-quarter intermission found the Bruins leading 24-11.

Gilson Leads
For the invaders (Buhl), giant center, scored seven points with nine minutes left. Hartford had 11 for Twin Falls and Polson 10.

In the preliminary tilt, Coach John Phil's freshman team played the choice of the game, while the half of a game and came out on the short end of a 3-0 round. The second half, an all-outcome, a full team, Buhl and moved all in the final minute in a 21-17 victory.

Star Golfers Meet in Match Play

SAN FRANCISCO, Jan. 20 (UP)—Every man for himself today as 32 of the nation's leading golfers—amateurs and professionals—get down to business in the annual San Francisco match play open tournament of the Lakeside Country club links.

They'll fire away in two "muddy" 18-hole rounds that will trim the field to eight by nightfall. Twice more tomorrow they teague and the two lucky men will meet Sunday over the 36-hole route for the winner's \$5,000.

Big Match
The big match today pairs "Light-horse" Harry Cooper of Chelsope, Mass., the tournament medalist, and Harold Jiggs McSpaden, of Winchester, Mass.

Cooper won the medal with an aggregate of 138 that included a course-record shattering 65 on his first round. Yesterday, Cooper had a 71 and while he was scoring it, along came an unknown to win 65 which they said would stand for many years.

Equals Record
He was Johnny Perrell, from Lake Tahoe, Calif. Johnny covered the first nine in 30—one of the most sensational rounds ever shot in any competition—and then carved a stroke off par coming home for a total of 129 that gave him a second-place tie with Art Doering, an amateur from Stanford university. At 140 was Zell Easton, of the home city while strong out behind him were many great names in golf—Sammy Snead, Jimmy Demaret, Dick Metz, Johnny Revolta, and Ed Dudley.

Buhl Indians Score Upset Over Nampa

BUHL, Jan. 20 (SPECIAL)—Coach Floyd Latta's mighty Buhl Indians last night gave the invading Nampa Bulldogs a sample of the brand of basketball played in south central Idaho as his club annexed a 22-18 victory in the final minutes of play.

The local club came back in the final 12 that gave him a second-place tie with Art Doering, an amateur from Stanford university. At 140 was Zell Easton, of the home city while strong out behind him were many great names in golf—Sammy Snead, Jimmy Demaret, Dick Metz, Johnny Revolta, and Ed Dudley.

NEW YORK STOCKS BONDS IRREGULAR ON NAZI CHANGE

NEW YORK, Jan. 20 (U.P.)—The stock market today was characterized by irregular trading and a general decline in prices. The Dow Jones industrial average closed at 114.12, down from 115.12 the previous day. The market was heavily influenced by news of the Nazi government's decision to withdraw from the League of Nations, which caused a sharp drop in foreign exchange rates and a corresponding decline in stock prices.

Time Out BOARD RETAINS CHIEF AT FARM

W. G. Shipman, under whose administration the Twin Falls county farm has taken rank as one of the best-operated in the state, had been reappointed today as superintendent.

Mr. Shipman's retention was voted yesterday afternoon by the board of county commissioners. He has occupied the post since establishment of the farm in May of 1934.

Under his administration during the past two years have given the establishment a complete "face lifting," have provided a motion picture projector and have achieved other advances.

Commissioners said today that they had taken no action by early afternoon on the hospital superintendent's resignation, which was tendered last week.

Mrs. Stella Carter Kunz, whose former husband, Justice Joseph F. Carter, disappeared in 1935, is reported to have sailed for Germany with Carl Kunz, whom she married last April.

Lectures will be offered the public in the Hall of Science every day of the 1939 Golden Gate International exposition.

FEWER SHEEP ON FEEL THIS YEAR

BOISE, Jan. 20 (Special)—The number of sheep and goats in Idaho this year is estimated to be about 1,000,000, a decrease of 100,000 head from last year. The decrease is attributed to a combination of factors, including a decline in the number of ewes and a reduction in the number of goats.
