

SIX CONVICTS GO TO DEATH IN MASS ELECTROCUTIONS

SOUTH CAROLINA MEN KILLED FOR SLAYING GUARD

COLUMBIA, S. C., March 24 (AP)—Six men died in South Carolina's electric chair today within 45 minutes. They were executed for the murder of J. Ott Sanders, guard captain, during an attempted break from the state prison in December, 1937.

Those to whom the state refused to "show mercy because they showed no mercy" in killing Sanders were: J. V. Blair, 28, Sumter, S. C.; Clayton Crans, 29, Rochester, N. Y.; William H. Gentry, 25, Sumnerville, Ga.; Herbert Morrison, 42, Detroit, Mich.; Roy Suttles, 29, Simpsonville, S. C.; George Wingard, 23, Lexington county, S. C.

One by one, Pelton officials led the men to the chair—one by one—in the order they had entered Capt. Sanders' office when they attempted to force their way out of the penitentiary 16 months ago.

Wingard was the first to enter. He was smoking a cigarette and looked around the room.

"I've made my peace with God," he told the 40 witnesses, who included two of Sanders' sons.

When the door opened for Gentry to walk into the death chamber the four remaining called "goodbye, Bill." From the death house came the strains of the hymn, "I'll Meet with God."

Gentry said his five companions in the abortive break were "in the same boat" and he wanted Sanders' blood. He said he did not shoot Sherman K. Kelly in 1935. He said "Sanders loved ones" to forgive him.

Thanks Guards

Moorman thanked the guards and officers for their kindness to him. Crans, sitting in the chair, read a statement warning young men "that crime doesn't pay."

Bair read a statement from the chair in which he said he had accepted religion and he was "sorry for Captain Sanders' two sons."

After the executions prison officials issued the following statement:

Nine ministers spent the night with the doomed convicts. They played from darkness until midnight when there was a brief stop in the singing of hymns in the death house.

Safety Devices Planned on Big Grade Crossings

BOISE, March 24 (AP)—Increased use of safety devices and elimination of grade crossings will be the trend in highway policy this year because of the lack of adequate funds, Highway Director H. R. Flint said today.

Railroad officials announced the federal government has allocated \$161,770 to Idaho for crossing control and elimination during 1939. The regulation federal electric flashers will be installed on a wide-spread scale.

Highway bids totaling over \$400,000 for work in Latah, Franklin and Blaine counties will be let by the department, April 7.

Church Arranges Date of Election

JEROME, March 24 (Special)—The annual congregational meeting of the Jerome Presbyterian church will be held at the church Tuesday March 28 at 8 p. m. Preceding the meeting a covered dish dinner will be served and all friends of the church as well as covenant members are urged to attend.

Reports of church activities will be presented and new officers for the church and the Sunday school will be elected at this time. Elders whose terms expire are O. R. Peterson, Mrs. George Gillespie and H. Mahoe Blount. The trustees are William C. Phoenix, and Iven Robinson, church treasurer.

The constitution of the church provides for the election of officers to the same boards until a year has elapsed. These conditions do not apply to the Sunday school officers who are the following: superintendent of the adult department, Mrs. Eva Wise; superintendent of the primary department, Mrs. Leona Blount; secretary, Miss Eleanor Henry; treasurer, Miss Ann Burdick; and pianist, Miss Lucille Webb.

The pastor, Rev. W. F. Wills, is completing his third year of service in this present charge. Under his ministry the membership has grown from 180 to 225, and the Sunday school has made proportionate gains.

Musicians Present Program for Bliss

BLISS, March 24 (Special)—Bliss, Louis and Josef Blüder, native Swiss, delighted their audience last week in the Bliss high school auditorium in a program climaxed the winter series which included Jim Thorpe, Indian athlete; Santelli, the strong man; a parade of science; and Foxstom, the musician.

The program opened with a Swiss song, and closed with an old Swiss waltz. Louis played five clarinets at different times in feature numbers, and played the clarinet at once in a specialty. Two played on the band fiddle and the accordion, changing with each other. The program included recitations, dancing, a talk on Switzerland and modern American tunes. Feature was the playing of the "Swiss waltz" with the musician sitting in soft changing lights before an Alpine background.

Numerous students sought autographs at the end of the program.

Real Western Artist Handles "Red Ryder"

He swapped the saddle for the easel; he left the excitement of the western plains for a New York studio where he found success. That's the brief biography of Fred Harman, noted western artist, who draws "Red Ryder," the sensational new adventure strip that joins the Idaho Evening Times family of comics beginning Monday.

Born in the west, reared in that wild and remote section of Colorado near Pagosa Springs, Harman's first memory, he says, is of clutching his dad's suspenders and bouncing along behind the saddle on a western bronc.

Hanging onto the strap of a subway train is the closest Harman comes to "pulling leathers" right now. But he is still a westerner. You can tell it by his friendliness; by the way he strides along the sidewalk. Most of all, you can tell he knows the west by the way he recreates it with his pen and brush.

His work has appeared in magazines of national circulation. His drawings hang in art museums. His pen sketches and his oil paintings are in demand. He is an authority on the Pony Express. But when Fred Harman sits down to the easel in his New York studio cluttered with bric-a-brac and other appurtenances of the west, the thing he likes to do best is to draw "Red Ryder."

In "Red Ryder" he finds an opportunity to use all his art talents, and to spin a tale at the same time of good stirring days of America's last frontier. His biggest ambition is to recreate the west better than any artist has ever done it before.

On his old homestead in Colorado he has built a log cabin studio and he goes back to it at least once a year. "Benjamin Indian boy," he says, "is the best of the spots beyond the trails. It was one of those expeditions that he met a young Navajo Indian boy. You'll see him as 'Little Beaver,' the faithful friend of 'Red Ryder.'"

Older Boys Open Annual Meeting

BOISE, March 24 (AP)—The annual Idaho older boys' conference opened here today with nearly 100 youths conducting their own "legislative session."

Most of the high schools and churches in southern Idaho were represented. The boys will discuss crime prevention, liquor control, sex education, accident insurance, highway safety and unemployment. They will also discuss resolutions as members of solving public and governmental problems.

The conference will last through Sunday, Gov. C. A. Boylston will address the "legislature" Saturday.

INDUSTRIAL ARTS CLUB ORGANIZES

Newly formed Industrial Arts club of the Twin Falls Junior high school elected officers and organized at a meeting yesterday.

Jack Tiffany was elected president; Bill Marshall, vice-president; and Hubert Hicks, secretary-treasurer.

About 80 boys have indicated interest in joining the club, which is open to all industrial arts students in the eighth and ninth grades. Industrial arts department is under the direction of Earl B. Peck and Lawrence Lundin.

Club Objectives

Purpose of the club is to further interest of industrial arts students, provide wholesome entertainment, and as the chief aim to provide a group of students who can be made responsible for certain routine jobs in the department, such as clean up work and checking tools, thus giving teachers more time to help students.

It is hoped that through this club, student helpers for jobs may be appointed and scheduled for their allotted time on routine jobs by older student assistants, without direction from the teacher," states Mr. Peck.

Committee has been at work for several weeks working out details of organization. They have drawn up a set of rules for these jobs, to be presented to the club in the future.

On Committee

Members of this committee include Roland Donaldson, chairman, Otto Florence, secretary, Hubert Hicks, Gail Poulton, Earl Birch, Billy Merrill, Jack Giese, Kenneth Moon, Jack Tiffany, Norman Shaw and Eugene Sutherland.

The club will coordinate under the industrial arts department, which was newly organized and moved into new quarters this year. Formation of the club is part of the program of adjustment and organization of the department.

Helen Kerner and Juanita Williams completed projects in canning but were not enrolled in a standard canning club.

LARGEST GIRLS' CLUB

The largest girls' club in the district last year was led by Marjorie Thompson, Gooding, with 100 percent completion of the 24 projects for which members were enrolled. Officers for the year were: Jean Mae Hammoms, president; Zelma Lowry, vice-president; Rose Alban, secretary; and Betty Jean Adanson, reporter.

First year nutrition projects were completed by these officers and the following members: Merlyn Churchill, Doris Crocker, Patsy Plack, Dorothy Gehrig, Dorothy Hammoms, Betty June Hemphill, Emogene Hemphill, Dorothy Hill, Billie Jean Hoskins, Beth Anne O'Neill, Ollie Perry, Doris Rice, Verna Jean Roberts, Fern Shaw, Jeanette Shaw, Golden Thompson and Frances Urison. Billie Jean Hoskins also completed a first-year clothing project and Marjorie Thompson completed projects in second-year nutrition and fifth-year clothing.

JEROME CALLING EQUIPMENT BIDS

JEROME, March 24 (Special)—L. P. Oldham, Jerome county weed control supervisor, announced that Jerome county is calling for bids for tractor and cultivator equipment to cultivate noxious weeds. The actual work of cultivation will start about April 10, he said.

The weed department expects to cultivate between 250 and 300 acres, with plots ranging in size from one acre up. The equipment is to be furnished by the county. All labor to operate this equipment will be furnished by the WPA.

The actual work of operation and upkeep of this equipment is to be paid by the farmer. Mr. Oldham says, or by the landowner. The actual cost to the farmer or landowner has been set at \$6 per acre for the year 1939. This cultivation program will extend over a period of three years, when a complete eradication of weeds is expected. This program has been in operation in other counties with very good results. Cultivation will not interfere with the treatment of weeds with chemicals.

The weed project expects to employ about 50 men this year on weed work in Jerome county, and will use \$25,000 worth of chemicals in addition to the cultivation program. The price of chemicals to the farmer is to remain the same as last year, that is, 35 cents a gallon for carbon bisulphide, and five cents per pound for sodium chlorate. All cost of applying these chemicals will be furnished by the WPA with no cost to the farmer or the landowner.

Any farmer or landowner wishing to have weed work done this year, either by chemicals or by cultivation should contact the weed office at once as a survey and release will have to be signed before work can be started on his farm.

Grange Discusses Farm Crops Plan

BLISS, March 24 (Special)—Bliss Grange met in the Grange hall Wednesday for a discussion of the 1939 farm program, with special interest given to the crop control plan.

A report from Don Daise showing the financial outcome of the Grange carnival and dance was read. The \$33 which was netted was deemed inadequate to refit the Grange hall, as had been originally planned, so the money was added to the building fund.

Mr. Jay Outright opened with a roll call on "What I Like Best on the Farm." Mr. Butler presented a take-off on "Woodman Spare That Tree." A bell-ringing contest was held, with Mr. and Mrs. Butler winning the prize.

Helpful suggestions for the garden and farm are to be given for roll call next meeting.

ALIEN MESSAGE PASSED WASHINGTON, March 24 (Special)—The house today passed and sent to the senate a bill by Rep. John J. Dempsey, D. N. M., to provide for exclusion and deportation of aliens who advocate making any fundamental changes in the American form of government. There was no opposition to the measure.

MECHANIC MAKES FIRST SOLO HOP

T. T. Cagle, Twin Falls, one of six licensed airplane and engine mechanics in Idaho, today had joined local fliers who made their first solo flight at the municipal airport here.

Cagle flew solo for the first time yesterday afternoon in the Cub plane owned by the Magic City Flying service. Although he had traveled thousands of miles as a passenger he had never before gone up alone.

After making his initial solo Cagle said: "I have been fixing planes for quite a time and thought it was only right that I should learn to fly by myself. Now that I have started to fly alone I expect to keep it up."

Leaders to Discuss Education Problems

JEROME, March 24 (Special)—Faculty representatives of the College of Idaho, Caldwell, will meet with graduates, students, prospective students and parents to discuss problems of higher education, and the choice of a college, at the Presbyterian church, Tuesday, April 4, at 7:30 p. m. Anyone interested is invited to attend and consult these educational leaders.

BUHL ENTERS CONSOLATION PLAY AT MEET

Indians Defeated In Thriller by Blackfoot Broncos

POCAHELLO, March 24 (Special).—Play got under way here today in the consolation tournament of the annual Class A high school basketball tournament, with Buhl, losers of a heart-breaker to Blackfoot yesterday, taking on Sugar City, a club that lost a similar contest to Bonners Ferry. In the second consolation tilt, Moscow meets Idaho Falls. The championship bracket play starts tonight in semi-finals, with Blackfoot taking on Bonners Ferry and Blackfoot taking on Sugar City in sudden-death frays.

Winners of these contests go into finals in their respective divisions. Buhl is favored to defeat Sugar City, while the Moscow-Idaho Falls tilt will be a toss-up.

Play Tonight

In play tonight, Buhl is expected to turn back the hot Pocahellico club with the play close, while Blackfoot is favored to defeat the northern Bonners Ferry squad.

Yesterday afternoon and evening saw thrilling contests, with the afternoon contests each being decided by two points.

The evening battles were more lopsided. Results were:

Blackfoot 36, Sugar City 24.
Bonners Ferry 26, Sugar City 24.
Pocahellico 33, Moscow 19.
Boise 32, Idaho Falls 22.

In the second game of the tournament, the Buhl club, south central Idaho representative, dropped a heart-breaker, after gaining a lead of three points with two minutes and 10 seconds of the game left.

The Indians held a 6-4 lead at the end of the quarter, but Blackfoot, the team favored to win the tilt, had moved into a 16-13 lead as the final half opened.

Broncos Gain Lead

The Broncos pulled into a 25-19 lead, but Coach Floyd Latta boys came back fighting and forced into a 28-25 advantage with only two minutes to go. But Capt. Bill Bergeson, who had been leading the team, a field goal, Bill Twilchell added another minute to go and Keith Elison made a final gift to tuck the game away.

Hoobing led the scoring for the Buhl club and the game with 10 points.

Pocahellico Quits Moscow

Pocahellico had little difficulty in ousting Moscow from the list of contenders. The scoring was divided among Pocahellico's five starters. Quins led at least five points each. Moscow was unable to penetrate the Pocahellico defense, and after losing, while the Indians used a fast break to beat the north Idaho team out of the door.

Quins' two free throws put Pocahellico into the lead at the start, and the Indians maintained it during the entire first half, finishing 14-4 at the quarter and 18 to 11 at the half.

The Bears were limited to a single field goal, by Mike Good, in the third quarter while Newbold scored twice for the Indians to give Pocahellico a 23 to 13 lead.

Captain Dick Kelly, Bonners Ferry, guarded, hooked in a side shot with 16 seconds to go to give the Badgers their 26-24 win over Sugar City.

Midway Robinson, Sugar City, forward had a chance to tie it up with a free throw but his toe rolled under the hoop and a push shot on the rebound failed.

Until the final two minutes of the game Bonners Ferry was behind. Buhl looked good in the first half, but came close to losing at the end of the quarter, 8-11 at the half and 16-18 at the third quarter.

Boise looked good in the first half, but came close to losing at the end of the quarter, 8-11 at the half and 16-18 at the third quarter.

Oakley Drops Out of M-Men Meet

SALT LAKE CITY, March 24 (AP).—Benjamin and Eighteenth wards of Salt Lake City, Manava of Provo and the Oakland, Calif., entry advanced to the semi-finals of the annual all-church M-Men tournament here today.

Benjamin, the only remaining seeded team in the tournament, was hard pressed to win its second round match. Playing the Elwyn Park, Calif., quintet, the Salt Lakers pulled the contest out of the fire in the closing minutes to win 26-24.

The Elwyn Park quintet, which moved into the championship bracket after losing the first game to the St. Johns, Ariz., basketweavers, had an excellent man, stayed down in two or three points of the Salt Lake southern division champions but were unable to overcome the team.

12-Point Victory

Eighteenth Ward scored a 12-point victory over Springfield in the first round, with last night's elimination. South Jordan, southern Salt Lake City runner-up from the title fight, Buhl, and the Salt Lakers were the big guns on the Salt Lake squad as they won by the largest margin of the day in the title bracket, 38-24.

Oakland moved in the round of four with a 39-33 victory over Ogden fourth seed.

Manava of Provo trimmed a Beaver west ward quintet, 28-20, to move into the upper bracket finals.

In the consolation bracket, Watson downed McConnon, 44-45. Lowell, Utah, eliminated the other Idaho entry as a single game in the consolation by piling up 38 points to pace his team. Logan fourth took the consolation contest over the Elwyn Park quintet, 38-24. Hagerman's Star Forward Scores 1,065 Points in Two Seasons

By HYL WOOD

Evening Times Sports Editor

HAGERMAN, March 24 (Special).

Just about the greatest feminine athlete in the history of Idaho high schools has turned up her basketball uniform for the season—the end of a four-year career that has made her the most-talked-of and most widely publicized player—masculine or feminine—in this state.

She is, of course, Hagerman's own Jean Parsons.

Scoring over 1,000 points in her last two seasons of play, Jean has set a mark that will probably stand for many years to come. Her coach, Coach Prince, tells us that the record for her first two years of play are not available, but that she scored nearly many points in the first year.

Standing five feet, eight and one-half inches tall, Jean weighs 142 pounds—small in comparison with men basketball players, but large as the girls go. Well built, pretty, an engaging personality, she's a straight "A" student in the high school.

She is not a bit big-headed over her success at collecting points for her team and would have been just as happy to play in the finals of the tournament last week at Buhl.

One of the greatest forwards in the history of Idaho feminine basketball, Jean Parsons of Hagerman has hung up her suit after sensational seasons on the court. (Evening Times Staff photo.)

She and Coach Prince, attribute a lot of her success to the other forward on the team—Phyllis Clark, daughter of the old major league baseball player and a team mate for six years. Phyllis' losses to Jean, her shooting eye is so good that she usually clicks on better than 75 per cent of her shots—something very few boys are able to do.

Score 1,065 Points

Jean has scored 507 points in 22 games this season and she chalked up 558 in 43 contests last year—a grand total of 1,065 in two years of play—which, we believe, establishes a national record for all time.

Her total points made in tournament play against Bliss last year when she connected for 52 out of 63 shots in 20 minutes of play.

Her average for 45 games in the last two years is 23.1 points per contest—and then if her club has a championship, Coach Prince would like to go to the University of Washington and take a course in physical education.

Morgenthau Urges Revision of Social Security Act

TREASURY HEAD ASKS SUBSTITUTE IN RESERVE FUND

WASHINGTON, March 24 (AP).—Secretary of Treasury Henry Morgenthau Jr. today recommended that congress approve broad revisions in the social security act, substituting a limited old age reserve fund for the controversial \$47,000,000,000 full reserve.

Testifying before the house ways and means committee, Morgenthau also recommended that the method of administering old age insurance be changed to make it "clear to every one that it is a trust fund established for the benefit of the insured who have contributed to it."

He presented four possible rate schedules for old age insurance contributions. They included:

- Four Rate Schedules
1. Maintenance of the present rate schedule of one per cent on employees and employers from 1937 to 1940 inclusive, increasing to one and one-half per cent on each group in 1940, to two per cent in 1941, to two and one-half per cent in 1942 and follow the present schedule thereafter.
2. Increase the tax rate from one per cent to one and one-quarter per cent in 1940; to one and one-half per cent in 1941; to one and three-quarters per cent in 1942 and follow the present schedule thereafter.

Suggests Plan
"We should not accumulate a reserve fund any larger than is necessary to protect the system against unforeseen declines in revenues or increases in the volume of benefit payments," Morgenthau said in proposing abolition of the so-called "reserve."

"Specifically, I would suggest to congress that it plan the financing of the old age insurance system with a view to maintaining for use in contingencies an eventual reserve amounting to not more than three times the highest prospective annual benefits in the ensuing five years."

McCLUSKY DRIVE IN FINAL PHASES

Specifications were completed here today for the \$35,000 WPA improvement project at McCluskey memorial health camp, Buhl, final phase of the drive for collection of remaining private donations got underway.

Harold William Merritt, Twin Falls civil engineer, completed drafting of the specifications. He informed Joe Koehler, volunteer sponsor of the improvement work, that detailed plans for construction are well along.

Approximately \$400 in pledges must still be collected in the Twin Falls area by next Wednesday at the latest, Koehler said. He added that the funds must be raised to complete private sponsorship of the WPA camp. Buhl contributions and the Buhl city share are both assured, but committees are still working in the Buhl and Kimberly to complete the \$100 quotas assigned each of those communities.

Total labor and materials grant from WPA is \$28,501, Koehler said.

BUTLER ACCEPTS PULPIT IN DIXIE

Rev. James B. Butler, rector of the Ascension Episcopal church in Twin Falls and also the Trinity Episcopal church at Buhl for the past three years, this afternoon announced he had accepted a call to Mississippi.

Mr. Butler, who will leave for his new field the latter part of April, will reside at Hattiesburg, Miss. He will have charge of an area there embracing several churches located at Hollandale, Glen Allen and Hollidge Park. Rev. Butler came here from Mississippi, having formerly resided at Holly Springs.

He will be accompanied by his wife and infant son, James, Jr. While residing in Twin Falls the rector has been actively engaged in civic work. He was instrumental in the organization of the Twin Falls Recreation association and served as president. He is also a member of several civic clubs.

Fight Commission Approves Galento

NEW YORK, March 24 (AP).—Tony Galento, who can box like a bear over his head with one hand, is strong enough to fight Joe Louis for the heavyweight championship of the world, the New York boxing commission announced today on the basis of reports from five physicians.

The Louis-Galento match, scheduled for the Yankee stadium on June 28, had been held up until the commission was satisfied that Tony's physical condition was such that he would not melt into a mountain of blubber the first time Louis hung one on his jaw.

Physicians examined Galento earlier this week and today reported to the commission that his condition was "satisfactory."

Consolidation Outline Features School Meet

Emphasis on the fact that any proposals for school district consolidation must first consider the needs of the children had been laid today before school board trustees of Twin Falls and Jerome counties.

C. E. Roberts, assistant state superintendent of public instruction, mapped the requisites for consolidation at a meeting attended by trustees from various districts in the county and from several in Jerome county yesterday at the high school auditorium.

Through Districts
Spirited discussion followed his explanation. He stressed the fact that any consolidations must come through the districts themselves, and there is no reorganization involved.

Mr. Roberts also discussed new legislative measures affecting schools, and the assembled trustees common and independent districts presented open forum comment on each.

Mrs. Doris Stradley, county superintendent, was empowered to name a committee which will chart plans for an organization of school trustees in Twin Falls county.

At the Thursday meeting, Mr. Roberts spoke in detail on the suggested division of this county into four administrative units, as proposed in the state educational survey. In outlining the suggested plan for reorganization, Mr. Roberts pointed out that "in considering any plan of school organization it is very essential to distinguish between an administrative unit and an attendance unit."

"In the smaller schools of the state the administrative unit and attendance unit are coextensive," he said. "In the larger school systems there is an administrative unit and several attendance units. An administrative unit should provide as many attendance units, offering, in an efficient manner, eight years of work as may be necessary to conveniently provide educational opportunities for all children in the administrative unit. In addition, one or more high school attendance units should be provided so that all children can have an opportunity for at least 12 years of instruction."

Children Paramount
"In considering any reorganization plan the needs of the children should be the paramount issue. The pupils' welfare must always be the primary consideration. While reduction of school costs is an important consideration, increase in the efficiency of the school and adequate educational opportunities for all children should be the real goal."

"The school survey staff recognizes the fact that a representative body of men and women of the county, after studying all of the facts regarding school organization and operation, will be in a position to formulate a plan for the reorganization of their county schools."

Up to the People
"Only the people themselves can determine the final question, whether they desire their children transported longer distances to more adequate schools. Winter and road conditions are important considerations in this particular," Roberts said.

In continuing his discussion, and outlining the suggested plan, it was explained that the county would be divided into four administrative districts, as follows:

Unit number one: This administrative unit would consist of all territory lying east of the Twin Falls school district. One good senior high school at Kimberly would be ample for the high school students in that section. A junior high school at Hansen and one at Murtough, at Hansen and at Kimberly. The students from the other districts would be transported to these three attendance areas, where well-graded schools would be maintained.

Unit number two: This unit would consist of independent number one common numbers 32, 45, 17, 30 and part of eight. A good senior and junior high school would be maintained at Twin Falls and one grade school for the students of common numbers 43, 17, 32 and 30. The students in part of common eight would be transported to Twin Falls.

Unit number three: The two rural high schools, numbers one and two, are made up of districts south of the Snake river to the Nevada-Idaho line and include most of those between Twin Falls and Buhl. These two rural high schools and their component districts, together with part of common districts numbers eight and 22 would comprise this unit. A good senior high and junior high would be maintained at Buhl.

Unit number four: This would consist of Buhl and the adjoining districts to the north, west and south of Buhl, a good senior high school and a junior high school would be maintained at Buhl and a junior high at Castleford. The students residing south of Buhl and to the west, would be transported into Buhl for both elementary and high school opportunities. An elementary attendance unit for the students of independent district number nine, and those immediately to the east and south, would be established at Castleford. The districts lying south of Buhl would be combined into one elementary attendance unit. For the remote isolated districts where transportation is not practicable, the present attendance units of necessity would have to be maintained.

UNITES SET FOR ACCIDENT VICTIM

The body of Lesley Howard Urie, 33, who was killed in an accident at the Walker, Calif., mine Wednesday afternoon, was received this afternoon by the Twin Falls mortuary.

Funeral services will be held Monday at 2 p. m. at the Christian church, Rev. Mark C. Cronenberg officiating. Interment will be in Twin Falls cemetery.

Mr. Urie had been a resident of the Twin Falls vicinity for the past 32 years. He was born at Piedmont, Wyo., March 17, 1896. He left Twin Falls last December to work in the mine where he met death this week.

Surviving relatives are his wife, Mrs. Beadie Urie, and two children, Divina Mae and Howard Urie, Twin Falls; his parents, Mr. and Mrs. Howard Urie, Wendell, and Leonard Urie, Twin Falls; two sisters, Mrs. Arthur Prior, Hansen, and Mrs. Lou Norcross, Wendell, and his grandmother, Mrs. Minnie Urie, Twin Falls.

CANYON SERVICE SET FOR EASTER

Fourth annual Easter sunrise religious services in the natural amphitheater of Shoshone falls park will be conducted Easter Sunday, April 9, under the direction of the Twin Falls Inter-Church Youth Affiliation.

Girl Reserves Under the direction of Mrs. Kenneth Henderson, Magic valley district Y. W. C. A. secretary, will have an important role in the program, being in charge of the music for the event.

Elburn Pierce, Flies high school music director, is in charge of the musical rehearsals, and it is anticipated that a choir of 40 voices will take part according to Superintendent Hachly, president of the sponsor group.

Betty Babcock, Irene Davidson, Patricia Smith and Arlene Smith have taken an active part in planning the music for the event.

Presidents and one representative from young people's societies of all Twin Falls churches comprise the executive board of the I. C. Y. A. youth meet with members of the Girl Reserves Sunday afternoon at the Baptist bungalow to further plans for the observance. A speaker will probably be selected at this time.

Tentative arrangements have been made for the Grand Prix company to erect, at the foot of which the program will be presented.

The Powell Radio Service company will furnish a public address system; Warberg Brothers will offer transportation to Shoshone falls, and the Idaho Power company will light the cross, according to Hachly.

DOGHOUSE

SALT LAKE CITY, March 24 (AP).—Two Salt Lake patrolmen laughed when they were assigned to the case of a man in the doghouse but when they investigated they found a sleeping man sharing a large shelter with a bulldog.

When the man explained he had become very sleepy and had decided to take advantage of the dog's home, officers released him with advice to go home—before he ended up in the doghouse there, too.

The youths are Ivan E. Mills, 21, all of Alton, Wyo. Their five-day sentence expires Monday.

Dramatic Coach Finds Stars Dislike to Acknowledge Debt

By PAUL HARRISON
(NEA Service)

HOLLYWOOD—Directors get little enough credit for the performance of players, but dramatic coaches get none at all. Old Sam Kayser knew this very well because he has been coaching for more than 50 years and has helped hundreds. He is 85 now and still going strong.

It's an easy life as Kayser lives it. He sits in a cheerful room in a hill-top house and his pupils go to him there. He tells them how to breathe and enunciate and time their speeches.

They pay him handsomely in cash, but not much in gratitude. It was always like that, he says; once an actor becomes successful he dislikes acknowledging that someone else taught him how to act. So the veteran coach is especially grateful that a few stars have come back to visit him, and he cherishes a few letters—such as one from Jean Harlow, who said she owed her career to him.

Taught Big Names
Almost all the middle generation of players at Metro—Robert Taylor, Virginia Bruce, Maureen O'Sullivan, Ann Rutherford, Jean Parker, and dozens more—were coached by Kayser during several years. He worked for that studio, Jean Gaynor, Anita Louise and Dolores Del Rio were outsiders who sought his help. Also Elizabeth Wainwright, the wealthy socialite who'd like to get in pictures.

GANNON TRIBUTE SET FOR SUNDAY

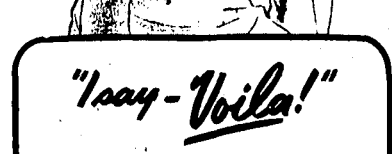

Buhl, March 24 (Special).—Funeral services for James W. Gannon, prominent Buhl business man who died at the Twin Falls county hospital Wednesday night following a major operation Monday, will be held Sunday at 2:30 p. m. at the Methodist church, Rev. Leroy E. Walker, pastor of the church will officiate, and Rev. John C. Spencer, pastor of the Presbyterian church, will assist.

Interment will be in the Buhl cemetery, under the direction of the Albers funeral home.

Mr. Gannon, a senior partner of the firm of Shields and Gannon Seed and Elevator company, Buhl, has been prominent in Democratic circles and has been president of the city council since 1935. He was also a member of the Twin Falls county hospital advisory board.

Throng of west end residents, and many friends from Twin Falls, are expected to assemble at the rites to pay final tribute to the former Illinois man who became one of southern Idaho's most prominent residents.
