GREAT BRITAIN EXTENDS ANTI-HITLER BLOC

Congress Group Absorbs TVA of Fraud and Waste

WASHINGTON, April 3 (UP)—The Democratic majority of the joint congressional committee that investigated the Tennessee valley authority today absorbed it of charges of mismanagement, waste, fraud and dishonesty.

Charges against the TVA made by its former chairman, Dr. A. E. Morgan, were described as "without foundation."

Six members signed the majority report after spending nine months and \$75,000 on the inquiry.

Three other committees, all Republicans, issued a minority report asserting the investigation was a "whitewash" and that no complete inquiry had been made.

Dr. Morgan was dismissed by President Roosevelt when he refused to tell the President the grounds for his charges against the TVA administration.

Rep Quoted Head
Board members David E. Lilienthal and Dr. H. A. Morgan acted with "forbearance and dignity during the severe strain to which they were subjected," the majority said.

"This cannot be said of Dr. A. E. Morgan," the report added.

The administration of TVA has on the whole been economical and efficient," the committee said. It found that prior to 1938 the authority's accounting methods were "extremely unsatisfactory" but that the reorganization had corrected the situation.

The investigation leaves TVA just as it found it, Rep. Thomas A. Jenkins, R., O., asserted in an individual minority report in which he said the majority made no constructive suggestions.

World Increase Board
The minority report proposed to increase the TVA board from three to five directors, who would operate like private utilities under the regulation of the Federal Public Utilities Commission and the Federal Power Commission.

Joining Jenkins in the minority report were Sen. James J. Davis, R., N. J., and Rep. Charles A. Wolcott, R., N. J.

The committee headed by Sen. Charles McNary, D., Ore., recommended the TVA be permitted to continue its construction program.

Those signing the majority report were Sen. Donahy, D., N. D., and Rep. Charles A. Wolcott, R., N. J.

Frazier, R., N. D., Harry H. Schwarz, D., Wyo., and James M. Mead, D., N. Y., and Rep. M. Ewing Thompson, D., N. Y., and Graham A. Barden, D., N. C.

**Extension Voted
On FDR's Power**
WASHINGTON, April 3 (UP)—The house today voted 308-108 to extend the President's emergency monetary powers until June 30, 1941.

The bill was amended in only one respect: to provide that the President's emergency powers be extended for two years, and authority for unlimited coinage of silver.

**NAVY ASKS BIDS
ON SHIPBUILDING**
WASHINGTON, April 3 (UP)—The navy today called for bids May 15 for private shipbuilders on eight destroyers and one minesweeper.

Bids were asked on four torpedoes, two destroyers of 1,300 tons each, three submarines of 1,375 tons each, and one submarine of 800 tons.

The ships were authorized under the 1934 Vinson-Trammell act. President Roosevelt recommended funds for beginning their construction in his budget message for 1940.

While the navy is still pending in congress, the navy decided to call for bids at this time in an effort to get the new ships started as soon as possible.

The fact that the navy called for bids before actually receiving funds to construct the ships is almost unprecedented, and emphasizes its desire to speed up the national defense program.

The two construction programs are called for two new destroyers, two light cruisers, two airplane tenders and one repair ship.

CHINA MAY GET LOAN
CHONGKING, China, April 3 (UP)—Reports circulated today that negotiations were underway with Moscow for a large Soviet loan to China.

The loan would be for \$100 million, and would be used for the construction of a new railway line from Chongking to the coast.

The loan would be for \$100 million, and would be used for the construction of a new railway line from Chongking to the coast.

Sandusky Burns—Two Million Dollars' Worth

Sandusky's two-million dollar fire ruins after flames had destroyed downtown blocks of the northern Ohio town.

9 A. M. TUESDAY OPENS CITY VOTE

With roll checks complete and 8-900 local residents eligible to mark their ballots, local voters today were preparing to march to the polls Tuesday to elect a mayor and two councilmen.

Last minute interest in the campaign, which sees three men running for the office of mayor and two for the office of councilman, was evidenced by the 1924 new registration.

Accepted at the office of the city clerk and through the deputy registrar up until the deadline of 9 p. m. last Saturday. A check also was made that 180 absentee ballots had been voted, 97 of those being in ward one and 83 in ward two.

Open at 9 a. m.
Polls will open at 9 a. m. tomorrow and will remain open until 10 p. m., according to law. The city is divided into two areas for the election, namely ward one being all territory north and west of Shawnee street and ward two being all territory east and south of Shawnee street.

Registered voters of ward one will cast their ballot at the Delaware street, located in the 100 block on Second avenue north while those residing in ward two will vote at the Lind Auto company, in the 100 block of Second avenue east.

Judges ward one will be Mr. Dorothy Reynolds, Miss. Helie L. Thorp, Mrs. Eleanor J. Keeler and Mrs. M. Davidson. Clerks will be Mr. A. G. Leslie and D. D. Alford.

Ward Two Half
In ward two the judges will be Mrs. Myrtle Anderson, Mrs. Edith A. Anderson, Mrs. Ethel Tolan and Mrs. E. L. Cleaver while the clerks will be Mr. J. L. Hudson and W. A. Mink.

Election results, available about 8:30 p. m., can be had by calling the offices of the Idaho Evening Times or the Twin Falls News at numbers 36 and 32 respectively. Citizens are urged not to call the polling places as this would delay the count.

**Added Funds Voted
For Monopoly Probe**
WASHINGTON, April 3 (UP)—The senate today voted an additional appropriation of \$100,000 to continue the so-called monopoly inquiry by the emergency national economic council.

The committee originally received \$500,000. Chairman Joseph C. O'Mahoney, D., Wyo., estimated that the cost of the inquiry would be \$1,000,000.

**Briton Crosses
Atlantic During
Wrong-Way Trip**
LONDON, April 3 (UP)—British authorities prepared a welcome today for Michael Foran, a Dublin subject of Malta, who made a "wrong way" voyage across the Atlantic in the 101, a small open boat, "O. K."

Foran started from Malta, in the Mediterranean, last Nov. 30, intending to sail down the coast of Africa, round the Cape of Good Hope and reach Zanzibar, off Equatorial East Africa.

Instead, like many early navigators, he was caught in the ocean currents and drifted across the Atlantic and landed on St. Paul's, 300 miles from the Brazilian coast.

Economy Bloc Threatens To Slash Relief Request

South Idahoans Escape Death As Car Turns Over into River

HOESBROOK, Ind., April 3 (UP)—The miraculous escape of five University of Idaho students from drowning beneath the swift waters of the Payette river caused a flurry of comment today as one of their number, Hilary Hicks, 22, of Sun Valley and Shoshone, went to Boise for treatment for a broken hip.

The car failed to make a curve and went over an embankment, throwing five occupants free of the car. It bounded down the 45-foot precipice.

Leon H. Jackson, state patrol officer who investigated the wreck said they would certainly have been drowned if the car had been a closed one.

Those who escaped injury included: Dave Fox, 21, Lorraine Hicks, 19, Ed Tegan, 24, all of Twin Falls and Evelyn Yeat, Shoshone.

The group had left Moscow at 3 p. m. Saturday for their homes. "The accident happened about 10:15 p. m. Saturday when Hicks failed to make a turn and the car went over the embankment," said Jackson.

"The five occupants of the open car were thrown free from the machine as it bounced down the 30-foot embankment and came to rest top-down in the river."

"It looked like those boys and girls are alive today because of the fact they were not in an enclosed car."

Passers-by found the five and brought them to the Boise hospital. Hicks was released immediately.

**WPA Slashes Rolls as
Cash Supply Dwindles**
Failure of the national congress to thus far appropriate additional funds with which to carry on WPA work at full strength until the end of the present fiscal year this afternoon was given as the reason why at least 25 WPA workers in Twin Falls county and some 100 more in the other seven counties in this state will be discharged from the rolls this week.

The congress said that the cut would this week be made this afternoon by local officials after it had been received from O. K. time, House WPA administrator, in effect such a step was necessary because of lack of funds.

125 In This Zone
The cut in this zone, it was explained, will reduce the rolls some 125 men, dropping the total WPA workers down to 1,720.

At the present time, however, it is not anticipated that the layoff will affect any project now underway, including the ball park and the new 2,000-gallon storage reservoir in Twin Falls.

According to word received from those in charge, local officials were instructed to make the reduction by project basis by the following methods:

1. By reducing employment on those projects or units of projects on which such reduction will not seriously affect efficient operation of the project.

2. By discontinuation of least desirable projects now in operation at completion of work on useful units thereof.

3. By discontinuation of projects on which federal non-labor costs are high.

4. By discontinuation of projects on which federal non-labor costs are high.

5. By discontinuation of projects on which federal non-labor costs are high.

6. By discontinuation of projects on which federal non-labor costs are high.

7. By discontinuation of projects on which federal non-labor costs are high.

ASK ACCEPTANCE OF \$100,000,000

WASHINGTON, April 3 (UP)—Senate economy bloc leaders, it was learned today, are serving notice on New Dealers that unless they accept the house-approved \$100,000,000 emergency relief bill, a strong fight will be made to cut the fund to \$75,000,000 or less.

The economy group is holding the threat of a further reduction over the heads of administration senators in an attempt to force them to abandon efforts to appropriate the full \$100,000,000 requested by President Roosevelt.

Several members of the senate appropriations subcommittee in charge of the measure charged the WPA has failed to cooperate in economy efforts. They threatened to vote against the bill in the senate unless the house-approved figure is accepted.

The committee rejected, 8 to 2, an administration-sponsored motion today to restore the figure to the full \$100,000,000, and then reversed the economy bloc leaders' threat to vote against the bill in the senate chamber.

Various Reductions
Economy-minded senators left the committee room today with proposals to reduce the fund to \$80,000,000 to \$75,000,000 or to \$50,000,000. Senator Charles McNary, D., Va., and one other committee member proposed to "vote not one single cent."

One member said that on the basis of figures submitted by the WPA, \$30,000,000 would be sufficient until the end of the fiscal year June 30.

**POOL BIDS KEPT
ON OLD SYSTEM**
Decision to change the method of bidding on Twin Falls County Livestock Marketing association pool bids will be held in abeyance until the association's new plan is approved by the county board.

The new method, now being prepared by the association, will be announced today by George C. Lath, Twin Falls, president, and County Agent D. J. Brett, Holladay, secretary.

Confidence of the former bidding method, the officials said, was increased because other counties have not yet taken concerted action on the change.

As a result, this week's pool bids will be handled as in the past, packers will submit their bids directly to the county agent's office here.

The new method, now being prepared by the association, will be announced today by George C. Lath, Twin Falls, president, and County Agent D. J. Brett, Holladay, secretary.

Prime Minister Asserts Policy Sets New Epoch

LONDON, April 3 (UP)—Prime Minister Neville Chamberlain told parliament today that Great Britain means business in pledging military aid for a firm European "peace bloc" against aggression.

Although Foreign Secretary Viscount Halifax perfunctorily denied in the house of lords that Great Britain was seeking to "encircle" Germany, the prime minister obviously declared in the house of commons that "a new epoch" had been inaugurated in foreign policy and that British pledges of military aid to Poland meant just what they said.

"I confess that I was surprised that there could be any misunderstanding for I thought I made it clear and plain to all who read it," Chamberlain said in implication repudiating suggestions that there were "jocophiles" in the British declaration.

Chamberlain's statement was made more significant by the arrival of Polish Foreign Minister Jozef Beck in London, by the British plans for a similar pledge to line up Rumania in the "peace front" and by the prime minister's own declaration that the British action is designed to meet a possible attempt to dominate the world by force.

**EUROPE
At a Glance**
By United Press

LONDON—Great Britain lines up united European front, backed by military pledges, against Nazi aggression; urged Germany to be "good neighbor" but extends offer to aid Rumania and other nations resist Nazi domination of the world.

PARIS—Official sources report Rumania accepts British-French offer of military aid. Government decrees national pre-military training system for air force reserves.

WARSAW—With Foreign Minister Jozef Beck in London, government denies agreement made for transport of Soviet troops across Poland in event of war.

BUCHAREST—Secret negotiations here led to oral agreement for British pledge to guarantee Rumania sovereignty.

BRUSSELS—Belgian parties defeat pro-German motion, former German territories, general election returns show; Belgian Fascists (Rexistes) subjected to smashing defeat.

BERLIN—Hitler cruises in North sea as Nazis await London debate; Saturday speech regarded as warning that Germany may free herself from non-aggression treaty obligations if Poland lines up with "Stop Hitler" bloc.

MADRID—Nationalist authorities order all republicans to report to port at concentration camps for "classification"; undergroundism during long siege brings fear of action by Madrid.

ROME—Mussolini to report to cabinet tomorrow on international situation.

MOSCOW—Government to train 100,000 air force men as tractor drivers on farms in event of war; Livorno signs Siberian fisheries agreement with Japanese ambassador.

**DEMOCRATS PLAN
JEFFERSON MEET**
Plans were being formulated here this afternoon for the annual Jefferson banquet of Democrats from over the entire state which will be held in Twin Falls the night of Thursday, April 13.

The grand old party has been invited to attend the evening, which is expected to attract upwards of 500 persons, and to give addresses.

Invited to give addresses are Senator D. Worth Clark, Cong. Crompton White and Edward H. Holt, Idaho county commissioners, and well known Democratic leaders.

Location of the banquet had not been decided upon this afternoon because of lack of space in the city. The banquet will be held at the W. O. Chapman, Twin Falls hotel.

Chairman in charge of the speaking committee is Thomas M. Robertson while acting him are Dan J. Cavanaugh and W. B. Lawrence. Thomas M. Robertson, Jr., is secretary of the Twin Falls County Jefferson club, sponsor of the event.

POLITICAL MACHINE POWER AT STAKE IN CHICAGO VOTING

DEMO HEAD TO RECEIVE TEST IN MAYOR CONTEST

CHICAGO, April 3 (U.P.)—The power of one of the nation's strongest city political organizations meets another challenge tomorrow when Mayor Edward J. Kelly, Democrat, seeks reelection against his Republican opponent, Dwight H. Green.

Some observers believe the election also may decide the fate of Illinois' 29 electoral votes in the 1940 presidential election.

Kelly, a New Dealer, and Patrick A. Nash, Democratic national committeeman, head the Kelly-Nash regular Democratic organization. In last fall's congressional election, the organization's vote-pulling power in Cook county (Chicago) offset a Republican majority in the rest of the state. A Green victory tomorrow, observers said, undoubtedly would bring Illinois into the Republican fold next year.

Green, 42, is a former U. S. district attorney. He aided in the prosecution which sent former Gang Chief Scarface Al Capone to prison. He won the Republican nomination by a four to one margin last month against former Mayor William Hale (Dixie) Thompson.

Kelly, 63, won the Democratic nomination by a two to one margin over State's Attorney Thomas Courtney, who had gained nationwide attention for his aid against handbooks.

NEW GUARDSMEN LAUNCH ACTIVITY

JEROME, April 3 (Special)—Organization of Jerome's unit of the Idaho national guard had been completed here today, consisting of two officers and 26 enlisted men.

The new unit, sworn in at ceremony Saturday night, will be known as the 11th ordinance maintenance company of the 41st division.

Administering the oath to both men and officers was Major Howard F. Clark, Boise. Two officers, Capt. Ward C. Howard and Lieut. James S. Keel, Jr., took the oath, after which non-commissioned officers were sworn in.

Officers during the ceremonies, held in the I. O. O. F. hall, included Capt. Ralph E. Leighton, Twin Falls, 11th engineers; Capt. C. W. Jones, Buhl, commanding officer of Co. D, 11th engineers; Lieut. William B. Mumpower and Lieut. Ralph E. Leighton, Jr., both of Twin Falls, Co. E, 11th engineers.

Following are the officers of the new unit: Capt. Howard and Second Lieut. Keel.

Non-commissioned officers are: First Sergeant James S. Pratt; Technical Sergeant James J. Jones; Supply Sergeant Verle S. Sullivan. Other enlisted personnel include: Ray Alexander, Thomas Beall, George Bennett, Jackson H. Brown, Eugene Connor, Wayne Davis, Quint Dittmore, Donald Ecker, Oscar C. Finkbeiner, Fred Gaudin, Wesley Harman, Cole Kennedy, Lorey McCarahan, Marvin McVey, Alan H. Millard, Charles C. Overfield, Donald Owens, Nick Stetzel, A. J. Stettin, Lloyd Smith, Charles W. Trammell, James R. Washburn and A. L. Weaver.

MEMBERSHIP FOR U. S. BUND SMALL

WASHINGTON, April 3 (U.P.)—The Q-men today made public findings that the German-American Volkbund, the American Nazi organization, comprises between 6,000 and 8,000 individuals seeking to build and perpetuate in German-Americans "a pride of German background and love for Germany."

They found that Bund leader Fritz Kuhn participated with Adolf Hitler in the abortive beer cellar putsch in Munich on Nov. 9, 1923.

That German is the mandatory tongue in kind schools where anti-Semitic literature is distributed.

That at Bund camps the stars and stripes and the swastika are raised and lowered together.

That one camp was dedicated as "a little piece of Germany in America."

No Conclusions

The report reached no conclusions as to whether the Bund violates any federal law and produced no definite findings that the organization is dominated or controlled by Hitler.

The federal agents reported, however, Kuhn continued the Bund is "not a part" of the German Nazi party. The agents found no evidence of use of literature during Bund drills or by the uniformed Bund stormtroopers.

The 14 volumes of the Q-men's report, compiled after a year's investigation, are being studied by the department of justice and have been submitted to the house committee on un-American activities.

RESEARCH OPENS ON ONEIDA LORE

GREEN BAY, Wis., April 3.—A project to preserve for future generations the language, history and literature of the once powerful Oneida Indians has been undertaken by the WPA.

It would be an easy task if it were not for the fact that the Oneida Indians, who emigrated from the area around Oneida lake, New York, early in the 18th century, have never had a written language and few of its members have ever translated their tongue onto paper.

Prof. Morris Swadesh of the University of Wisconsin and his assistant, Floyd G. Lounsbury, developed a "scientific alphabet" from a class of 20 Indian students. The 13 graduates of the course now are interviewing the older generation of Oneidas and recording their stories in the new language.

On "White Collar" Project

The 13 are paid \$45 a month by the WPA. This comprises the only white collar WPA project among the Oneida Indians living in Brown and Outagamie counties, although 300 of the 1,500 Indians living in this area are on WPA rolls.

When the students complete gathering and writing their information, Swadesh and Lounsbury will compile an Oneida dictionary, a history, a history and a book of folklore with which they hope the younger Oneidas can be taught their own tongue.

During the last 30 years, the Smithsonian Institution and several universities, notably California, Chicago and Yale, have been interested in the Oneida language, literature and mythology. Lounsbury pointed out, "The work is almost complete with the exception of the folklore and practically nothing has ever been done with the Oneida nation."

English Alphabet Used

Prof. Swadesh said that the Oneida is much simpler than the older Mohawk script which some of the older Oneidas were able to write. It is based on the English alphabet, with several modifications.

His students are enthusiastic about the new script.

"It's quite funny, having a white man come here and teach us how to write our own language," one remarked. "But it's interesting. I think it will be a good thing for the tribe. My little grandson here can't talk any Oneida. We older people like to see them forgetting their heritage."

In 1928 there were approximately 2,238 Oneidas in the United States. Nearly 1,000 of them lived in Wisconsin and the others in New York.

BELGIAN PARTIES SCORE VICTORIES

BRUSSELS, April 3 (UP)—Belgian parties were victorious in former German areas and Belgian Fascist candidates lost heavily in all parts of the country, returns from Sunday's parliamentary elections showed today.

Belgian parties polled 51.35 per cent of votes in the Eupen area and 59.50 in Malmédy. Pro-Fascist elements, represented by the Heilmattre, did not win a single seat, and thus Adolf Hitler's given no material for "aspirational" claims to these areas, lost to Germany by the World War.

Rec. Degrelle, Belgian Rexist (Fascist or Nazi) leader, was elected to the chamber himself. But his party lost 17 of its 21 seats in the chamber and seven of its 12 seats in the senate.

The election was held as the result of a long cabinet crisis over the appointment to the academy of medicine of Dr. Adriaan Maertens, who was accused after the World War of having aided Germany's plot to assassinate Clemenceau. He was sentenced to death but pardoned.

UNITY

Miss Louise Burnett has returned from a trip to Tacoma, Wash.

Mr. and Mrs. Glen Robinson had as guests last week Mr. and Mrs. Arvin Thornbury, Clarendon, and Mr. and Mrs. Archie Wadsworth, Hooper, Utah.

Mr. and Mrs. P. H. Hines have returned from attending the fair in San Francisco.

Mr. and Mrs. Bert Wolfe have returned from a month's stay in Long Beach, Calif., and vicinity.

William Peterson has returned from Portland, where he received treatment for his eyes.

Clarendon Orange held a meeting in their hall Wednesday. The hall has been painted and renovated.

Lowell Campbell, who was badly injured in a bicycle-juice collision two weeks ago, is suffering with hemorrhage of the nose.

Austrian priesthood were entertained with a picture show lecture, games and refreshments at the ward hall Wednesday.

Belief society officers entertained Tuesday, honoring the second counselor, Mrs. Alice Dierrey, who leaves Wednesday to make her home in Placerville, Calif., and Mrs. Wilma Fredstone, art and sewing instructor who has moved to Springdale. Mrs. Harry Haycock was in charge of program and games.

Hume and Garden club met Thursday at the home of Mrs. Leon Cleburns.

Mr. and Mrs. Frank Pace and Mr. and Mrs. Reed McElride attended the wedding dance to the Springdale Friday evening. Mr. and Mrs. David Pace, Mrs. Pace and Mrs. McElride made a beautiful and beautifully decorated wedding cake for the honorees.

Mr. and Mrs. Ella Burnett moved last week to the N. J. Jensen home.

Hollywood Gasp at Dance Troupe That's Run Like a Select Young Ladies' Finishing School

By PAUL HARRISON
NEA Staff Correspondent

HOLLYWOOD—A young ladies' select finishing school is dancing in the heart of the city and other scintillating scenes from "Man About Town" set. Nine little cuties, lean as racing bullets, and with just about as much change of breaking training. Neither playboy nor chorus boy dates them; a Maharajah who invited one to luncheon in Paris found he had to take 'em all.

The Abbott Dancers are the most chequered and disciplined organization that Hollywood ever has seen. The studio dance director, Leroy Prinz has watched enviously as they fit through precision routines under Miss Merlel Abbott's sharp eyes and tongue. "It beats me!" he said. "A lot of us in Hollywood are supposed to be dance directors but my girls never would be worked like these kids are."

"I don't know why they stand for it, either," said Miss Abbott. "On tour, the girls can only have double dates, and they're never allowed to have any more than one in the same place they're employed."

"They can't smoke while we're rehearsing or working anywhere. They could take a drink, but they don't because it puts weight on them. And any time they go a pound over their weight, they're fined \$2. If the pound isn't gone within a week they're suspended until they lose it."

"They are not under contract. I don't know where they go when they go home. Even in Rio, people call me 'The Dragon,' and dunnies are a plain custom down there."

Like Finishing School

One reason the girls don't desert is because they get to go to Rio and Paris and London and Hollywood, traveling more like pupils of an up-to-date finishing school than like a troupe of dancers.

They are given lessons in French and Spanish, and take them on tours of art galleries, cathedrals and such. Etiquette and social behavior, extracurricular, taught by girls with finishing school training to those who were not born in Chicago's North Shore.

They've all Chicago girls. Miss Abbott, wife of a wealthy pediatrician, was born in Chicago. She's 22 years ago. Salaries of the troupe appearing professionally range from \$75 to \$170 a week, but there's enough profit from tours and from the school to support a child's hospital ward, pay for charity ball donations and braces, and maintain the Merrill Abbott Fund for Crippled Children. She hasn't any kids of her own, but she knows them.

"Mamas used to bring their tots to me and say, 'Rosie! It's very remarkable. Whenever I play a record the little kid starts crying. You know, I say, 'Uh-huh—bring her around Wednesday at 2 o'clock.'"

Then, for years, mothers would bring in children whom they were sure were talented because they like to turn on the radio. These days they come to me and say, 'You know Shirley Temple? Well, my little Gwendolyn is better than Shirley! So I just say, 'Uh-huh—bring her around Wednesday at 2 o'clock.'"

"The mothers are the same every year, but in 22 years of teaching I've probably had only five really talented pupils."

Practical Advice

The troupe gets good advice on worldly matters, too. Miss Abbott warns them that show business isn't a substantial career. She also suggests that they marry doctors and lawyers and businessmen instead of musicians and hoofers.

Also, though she may be a drag-on-chaperone, Miss Abbott is practical. While in Paris, a rolling-in-the-wealth young man invited all the girls to choose anything they liked in an expensive shop. They selected modestly-priced traveling cloaks and fearfully showed them to Miss Abbott. She said, "Well, if that's what you wanted about everything else, all right. But I think I'd have chosen those hand-sewn leather jackets!"

A few days later the nine Abbott Dancers strolled the boulevards in leather jackets.

Lease, Palmer Livestock Co. to C. A. Human SW 1/4, 6; NE 1/4, 7; 13 10 18.

Friday, March 31
Lease, Union Central Life Insurance Co. to H. Harrell, NW 1/4, 24 10 14.

Lease, same to W. Dunn, NW 1/4, 24 10 14.

Lease, same to H. Harrell SE 1/4, 24 10 14.

Lease, same to M. A. Hudger NE 1/4, 15; NW 1/4, 22; 6 14.

This upside-down dance of the Abbott Dancers, technically known as the "earthward aerial," stands alone. As harem dancers in "Man About Town," these remarkable girls have won Hollywood.

PROFITS SHOWN IN BRITISH ARMS

LONDON (UP)—Figures for armament profits have been gathered by the Amalgamated Engineering union and the Confederation of Shipbuilding and Engineering unions in readiness for their new bid for increased wages.

Although the employers were unsympathetic when a wage demand was made in December, meetings are being arranged between the employers and the 30 or more unions concerned to discuss a new pay increase on the basis of rising profits and dividends of the big arms firms.

Some of the figures to be cited at the meeting are:

In 1935 net profits of the Birmingham Small Arms company were only \$2,025 on an issued ordinary capital of \$14,075,800. Last year the net profit was \$2,156,730.

Falvey Aviation in 1934 showed a loss of \$22,250 and last year a profit of \$130,625.

In 1934 the Fairfield Shipbuilding and Engineering company lost \$224,805 on an issued ordinary capital of \$1,250,000. Last year the profit on the same capital was \$487,850.

Hawley Sidley Aircraft net profit of \$228,250 on an issued ordinary capital of \$2,525,805. Last year the net profit was \$7,055,280 on capital of \$30,788,710.

The engineers want to share the profits.

COACH'S WIFE GETS LETTER
MILWAUKEE (UP)—Mrs. Bill Chandler, wife of the Marquette university basketball coach, won't have to shout so loud to be heard at the Hilltopper game next season.

The university athletic board has presented her with a megaphone and a co-ed's "M" sweater for her loyal support to the team.

Bid by Safeway Buys 4-H Stock

GOODING, April 3 (Special)—Safeway store of Gooding placed highest bids on both of the two fat beef calves raised by 4-H club members, placed on auction during the send-off for Gooding county 4-H club members to San Francisco.

With a top of 18 cents per pound on one calf and 10 cents per pound on the other.

Col. G. A. Walters, Flier auctioneer, from which proceeds will be used to establish a loan fund.

In spite of the fine condition of the two steers, the bids were considerably well above expectations.

Derroll Beam, manager of the local store, placed the bids for Safeway. Funds from the sale will be used to establish a permanent loan fund for 4-H club members in this county.

Hereafter it has been difficult for some club members to purchase some of the better grades of calves to financial reasons. The fund will give club boys and girls the opportunity to make the purchases with short time loans.

The two steers were shipped to Boise where they will be sold in Safeway markets.

Staves Blindness

MELBOURNE, Australia (UP)—Physicians here are counting on a banjo to save a 10-year-old boy from blindness. The lad had lost the sight of one eye following an injury and the other began to fail, presumably because of his fear of blindness.

His life-long ambition to play the banjo was graded to distract his mind, and under the stimulation his general physical condition has improved, also his eye.

HAZELTON

Young people's class of the Presbyterian church met Wednesday in the church basement. Games and community singing were enjoyed during the evening and plans were made for the picnic yesterday.

Mrs. Maxine Windle was hostess for the evening.

Work is going forward on a potato cellar for the Bill Bailey Co., located north of the Hazelton elevator.

Mrs. Roy Gale left Wednesday for Brigham City, Utah.

There will be a series of classes to be held at the Hazelton grade school for all mothers who have children younger than school age, beginning Wednesday, April 4, at 2 p. m. All mothers in this group are urged to attend.

Bill Bailey returned Wednesday from a short business trip to California.

Mrs. Jeanette Swenson left last week for Rice Lake, Wis., where she is to make her home with an aged uncle.

Mrs. Margaret Armour, Twin Falls, visited several days at the home of her daughter, Mrs. Harry Ross and family.

FOR SALE

77 acres near Murfough, good house and small out buildings. This is in the Twin Falls tract — and a bargain at \$7000.00.

Well improved 120-acre Twin Falls county ranch to trade for stock ranch.

120 acre North Side ranch with fair buildings. 90 acres irrigated. Price \$6300.00. Easy terms.

150 Main N. Phone 318

TREES PLANTED AS LIFE HOBBY

ATHENS, O. (UP)—Probably the greatest tree planter since the fabled Johnny Appleseed of pioneer days, Harold "Happy" Howell, of Athens, has set out 42,000 trees in the last 18 years — because it's his hobby.

Johnny Appleseed, a bag of seeds slung over his shoulder, wandered through the Middle West in the latter years of the 18th century, planting seeds and tending his trees. However, "Happy" starts with seedlings.

Howell may be found working along any road in this vicinity at two or three o'clock in the morning — planting his trees by the light of a lantern.

He said he grows trees because he likes to see and hear them and "just know they're around."

Since 1924 he has planted about 3,000 trees each year, and when the spring planting season is over this year he hopes to have 5,000 or 6,000 more planted.

Trees are growing throughout his own 12 acres of land and along roadways in front of his neighbors' properties.

"Happy" said he gets the same kind of enjoyment out of trees that many people find in churches and art galleries.

Trees are all right as a financial investment, too, according to Howell, providing a person thinks of years instead of weeks and of months.

"In five years a good interplanting of Black Locust trees alone will bring a good profit in fence posts, the kind of fence posts that don't rot within a year," he said.

Toledo's industrial equipment reached a new peak for this year at the middle of March indicating the spring drive is on in the automobile industry. Fifty-one plants reported 15,851 workers for a net gain of 1,170 for the week.

DR. NEWBERRY

announces opening of offices in South-Rice Bldg. April 1st. General medicine and surgery.

Teachers Arrange Festival Program

HAZELTON, April 3 (Special)—A capacity crowd filled Odd Fellows' hall Friday when patrons of the grade school gathered for the spring festival, arranged by the teachers. The following program was enjoyed:

Band selections, school band; "Opening of the Flowers," first and second grades; "Welcome, Sweet Springtime," chorus; "Cold Winter is Gone," Fisher boys; "Sleepy Hollow Tune," Fisher boys; spring dances, tap class; "Umbrella Man," vocal duet; Sam Vance and Ben Morrison.

"Spring Housecleaning," tap dancer, Pauline Crumrine and Pat Ross; "Spring Song," Lon Southworth; "A Rosy Crown," chorus; "Blue Bonnet," tap dance, Marie Chadwick; "Mountain Echoes," the queen, Owen Butt, and chorus; "End of Perfect Day," chorus.

Hunts Mayor

STURGEON, Mo., (UP)—The little hamlet of Sturgeon is looking for someone to take the job of mayor. Not one of its 600 inhabitants has filed for the office, which is to be filled at an election April 10. Every prospective candidate who has been requested to run has flatly refused.

Crabtree-Elson Rites Solemnized at Church

Miss Lucinda Ann Elson, daughter of Mr. and Mrs. Earl Elson, Eden, became the bride of Charles Crabtree, Twin Falls, son of Mr. and Mrs. Ray Crabtree, Idaho Falls, at a ceremony of unusual charm yesterday afternoon. The pre-Easter nuptials were solemnized at Ascension Episcopal church at 5 o'clock in the afternoon, Rev. James S. Butler, vicar officiating.

The church was starry with tapers for the wedding, and Easter lilies and jonquils combined with fern formed an effective background.

Nuptial Music
To the strains of the Lutheran wedding march from Wagner, played on the organ by Jay Spracher, members of the bridal party took their stations at the altar.

Miss Maxine Merrill sang "I Promise You," accompanied by Mr. Spracher, who also played the traditional recessional from Mendelssohn.

The bride was lovely in a rose-pink crepe afternoon frock, with a real lace collar. A flourish of the lace at the hem of the gown, and lace bandings outlined the puffed sleeves.

With it she wore a white halo hat fashioned with a lace veil. The cross-bands of the crown were trimmed with Tullamore roses, and her corsage was also of Tullamore roses.

Wedding Attendants
Mrs. Claude Wallace, Twin Falls, was the bride's only attendant. The mother of honor was beamingly groomed in a green crepe afternoon frock, with a halo hat of tulle, and her corsage was of Tullamore roses.

James Fanning, Idaho Falls, was best man. He is the brother-in-law of Mr. Crabtree. The bride was given in marriage by her father.

The Elson home was the scene of a smartly arranged reception, following the ceremony.

The six-tiered wedding cake was cut and served by the bride. Easter lilies and jonquils repeated the decor used at the church, and the flower-decked refreshment table was covered with an exquisite lace cloth and illuminated by ivory tapers.

Mr. and Mrs. Crabtree left Sunday evening for a week's wedding trip to Sun Valley. They will be at home at 220 Fourth avenue east after April 12. Mr. Crabtree is production manager for the local radio broadcasting station.

Mr. and Mrs. Crabtree are former students of the University of Idaho, Southern Branch, Pocatello, and Mr. Crabtree also attended Northwestern university.

Among the Guests
Out-of-town guests in addition to the parents of the couple were Mrs. Cliff Packer and Mrs. Elizabeth Crabtree, Idaho Falls, and grandmother of the bridegroom; Mr. and Mrs. Fanning, also of Idaho Falls, brother-in-law and sister of Mr. Crabtree; Mr. and Mrs. Floyd Elson, Gooding; Mr. and Mrs. C. E. Gunning, Jerome; Mr. and Mrs. F. Gunning, Buhl, and a number of friends from Kimberly and Eden.

When the bride took on her wedding trip, she wore a smart dress-maker suit of light blue wool, a top coat of darker blue, and diamond accessories.

GIRLS PICNIC
AT SENECA BLUE LAKES
The eighth grade of the Methodist Sunday school hiked to picturesque Seneca blue lakes Saturday for a picnic. Each member brought a guest. Typical picnic fare was served at noon, and the afternoon was spent exploring interesting points along the canyon.

Miss Margaret Ankeny accompanied the group. Guests were Beth Hershey, Phyllis Birch, Elaine Peterson, Jean Coffin, Mary Ann Drake, Dottie Eider, and Amy Ellsworth.

Members present were Rita Anderson, Maxine Heath, Leona Goldman, Elsie Knuth, Olive Ford, Sevela Loh, Hollister, Lorette Smith, Evadina Elder and Amy Ellsworth.

Their Elopement No Surprise

Recently they were Carole Lombard and Clark Gable. Now they're Mr. and Mrs. Clark Gable—and they had marriage in mind for a long time.

They were seen together in a car, and they had marriage in mind for a long time.

They were seen together in a car, and they had marriage in mind for a long time.

They were seen together in a car, and they had marriage in mind for a long time.

They were seen together in a car, and they had marriage in mind for a long time.

Company Gives Dinner at Hotel

Celebrating the 10th anniversary of the Consolidated Freight Lines, officials and personnel of the company attended a smartly arranged dinner Saturday evening at the Rogerson hotel.

Mr. and Mrs. W. D. Miles, Boise, district superintendent of the company and his wife, and Kenneth Gill, Portland, member of the traffic department, were distinguished guests present.

Vern Hilbert presided as toastmaster. Gill was the speaker of the evening.

BALLOON SHOWER DELIGHTS CHILDREN
Mrs. H. P. Robinson entertained at a jolly party Saturday afternoon in honor of the third birthday anniversary of her son, Bobby.

Major activity was the pursuit of approximately 100 colored balloons, released on the lawn soon after the arrival of the 10 guests.

Motion pictures were taken of the youngsters, and refreshments, featuring a decorated and lighted birthday cake, were served. Favor were numerous, including baskets of Easter candies.

Present to assist Bobby in the celebration of his birthday were Joan Hamilton, Billy Weaver, Mary Soden, Gordon Burgess, Caroline Randall, Gary Krich, Margaretta Roth and Marilyn Roth and Margaret Weaver.

BENEFIT PARTY
ANNOUNCED BY AUXILIARY
The executive board of the American Legion auxiliary will entertain at a desert luncheon and benefit card party next Monday, April 12.

Luncheon will be served at 1:30 o'clock, in the auxiliary room, followed by an afternoon of games. Those desiring reservations are requested to phone Mrs. C. D. Pryor, auxiliary president, or any member of the executive board.

MISSION GROUP PLANS ANNUAL EVENT
The Women's Missionary society of the First Christian church will entertain at the annual Easter meeting in the church parlors Tuesday afternoon.

The program will begin at 2:30 o'clock, with department leaders, and the executive committee will have charge of the program.

LOCAL RESIDENTS HAVE LUNCHEON ROLES
Rev. Mark C. Cronenberg, pastor of the Twin Falls Christian church, will deliver the address at the luncheon for women of the Kimberly community Wednesday afternoon at Kimberly.

The luncheon is sponsored by the Missionary society of the Kimberly Methodist church.

Mrs. N. K. Terry, also of Twin Falls, will sing several selections.

It's Vacation This Week in City Schools
Twin Falls public school students, more than 3,400 strong, will discard textbooks for five days, Tuesday evening as the first "spring vacation" under the system's new policy goes into effect.

And counting the pupils at St. Edwards parochial school, which also has granted a vacation period, nearly 3,800 of the younger generation will take time out for spring enjoyment.

The public school spring holiday, observed in Twin Falls by the school board at suggestion of Superintendent M. Davis, will start after conclusion of classes Tuesday afternoon. High school, junior high and elementary pupils won't return to school routine until the morning of Monday, April 10.

This year's late Easter makes the Easter period and the spring vacation coincide, although that won't be true in all years.

Scores of instructors in the system plan to leave town over the Easter holiday for visits at home and with friends.

The St. Edwards parochial school Easter holiday starts at the same time as that of the public system, but the parochial youngsters will not return until Tuesday morning, April 11.

Star of Films Disrupts Work in Washington
WASHINGTON, April 3 (AP)—Robert Montgomery, handsome movie star, disrupted work in several offices today.

Secretaries and stenographers jammed into a committee room and peered over the broad shoulders of entitled politicians to catch a glimpse of him when he testified at a hearing.

Some thoughtfully tipped-up to Montgomery to ask his autograph on pink penrite memoranda.

Dressed in a gray, single-breasted suit with white vest and white shirt, he looked like a movie star almost constantly on the tortoise-shell rim of his glasses.

He appeared, as president of the Screen Actors Guild, in opposition to a bill designed to prohibit "black booking" and "blind selling," two trade practices which curb the discretion that a movie house owner has in selecting pictures to be shown in his community.

Like Dad, Rajah Takes U. S. Bride

Following in father's footsteps, 20-year-old Maharajah Yeshwant, right, of Indore, India, has married an American girl. The bride, Margarette Lawler, left, who met her new husband in California three years ago when she attended him as a nurse. The young Maharajah's first wife died.

Following in father's footsteps, 20-year-old Maharajah Yeshwant, right, of Indore, India, has married an American girl. The bride, Margarette Lawler, left, who met her new husband in California three years ago when she attended him as a nurse. The young Maharajah's first wife died.

Local Couple United At Colorful Ceremony

With military pomp and ceremony, Miss Alice Kamrud, daughter of Mrs. Emma Kamrud, and Richard D. Olson, son of Mr. and Mrs. A. R. Olson, were united in marriage yesterday afternoon at the First Presbyterian church. It was the first martial wedding ever conducted by Company E, 116th engineers, United States national guard.

Participating guardsmen were in company uniform, as was the bridegroom. The marriage service was read by Rev. G. L. Clark, pastor of the church, at 2 o'clock, in the presence of 50 guests, including several officers of the company, their wives and women friends.

Bride Wears Blue
The bride was gowned in a smart spring blue afternoon frock and carried a bouquet of red roses and sweet peas. She was given in marriage by Capt. J. H. Seaver, Jr.

Sgt. and Mrs. Winifred F. Potter were best man and matron of honor. Mrs. Potter wore an ashles of roses afternoon dress and a corsage of sweet peas.

Sgt. Raymond Putzler, Sgt. Walter B. Swope, Sgt. George Kelly and Sgt. John Gentry were guard of honor for the couple.

Color bearers were Sgt. Ralph Ryan, who carried the golden and Sgt. James Keel, who carried the American flag.

Vows were exchanged before a flower-banked altar with the Christian flag in the background.

Reception Follows
Mr. and Mrs. Olson received the congratulations of their friends at an informal reception at the church following the ceremony.

They are at home at the Bellevue apartments. Mr. Olson is associated with the Union Motor company.

The bridegroom is a graduate of the Twin Falls high school, and the bride received her education in the state of Washington.

Representing the company as guests at the wedding were Capt. and Mrs. R. E. Leighton, Capt. and Mrs. Seaver, Capt. Elmer W. Jones and Miss Marie Bittenbinder, Lieut. Ralph E. Leighton, Jr., and Miss Kaye Heister, Kimberly, and Lieut. Ben Munpower.

Mrs. Muriel Scott, Boise, was an out-of-town guest.

BOARD TO OPEN CONCESSION BIDS
Bids from groups which seek the dining hall concession at the Twin Falls county fair next September will be opened tonight by the fair board at offices of the secretary-manager, Tom Parks.

Several church groups, other organizations and individuals have submitted bids. Mr. Parks said: "The session, to be held at the fairgrounds administration building at 8 p. m., will also take up other matters relating to plans for the 1939 event."

TWIN FALLS 3RD IN DEBATE MEET

With third place honors for Idaho added to its district laurels, the Twin Falls high school debating squad returned from Pocatello over the week-end with Coach Gerald Wallace.

Twin Falls ranked behind Caldwell, which captured the state title, and Blackfoot and Sugar City, which tied for second.

Caldwell, Blackfoot and Sugar City are all eligible to enter the national high school debating tournament, according to Prof. John C. Seidinger, UHSB, who was in charge of the state meet.

Caldwell won 11 debates and the two second-place teams won 10 each. Twin Falls won nine. The Magic City entries were Harley Barnhart and Leonard Blamford, affirmative, and Harry Benoit, Jr., and Jack Helfrecht, negative.

Jerome, co-winner of the south central district, made an excellent showing but failed to place among the top four. Other schools included Lewiston, Grace, Nampa and St. Anthony.

LARSEN HONORED BY OLDER BOYS
South central Idaho delegations to the annual southeastern Idaho Older Boys' conference, held at Pocatello Saturday, had returned today with Twin Falls and Shoshone youths honored by election to office.

Herbert Larsen, Twin Falls, was named first vice-president and Donald Hansen, Shoshone, was chosen as secretary.

Dean Brown, Twin Falls, is retiring head of the Older Boys' group. Rex Hall of Burley, who presided at the conference banquet, is also a member of the outgoing staff.

Tom Evans, Pocatello, was elected president and Theodore Parker, Blackfoot, second vice-president.

FAIR LOSSES GLO DISPLAYS
MARYVILLE, Calif., (AP)—Several surrounding counties which sent gold and exhibits to the Golden Gate international exposition have brought it all back home. Adequate insurance was not provided, and the exhibitors' opinion that the public would be quite content merely to gaze at it was rather low.

Girl, 28, Dies From Tumble While Dancing

NEW YORK, April 3 (AP)—Two men took an unconscious girl to a hospital from a Riverside Drive apartment today and five minutes later she was dead from a fractured skull.

Her companions identified themselves as Hugh Hillard and "Buddy" Kelly.

The girl, they said, was Mary Riley, 28, who came from Atlanta recently. They had been dancing, they said, and Miss Riley fell and fractured her skull.

Police found the rear seat of the car in which they took her to the hospital was saturated with blood. It had South Carolina license plates.

Miss Riley was a beautiful brunette. She wore a bathrobe over a chemise and black silk stockings.

Kimberly Junior Class Has Skater

Members of the Junior class of the Kimberly high school enjoyed a skater one evening recently at the Twin Falls Pizzeria skating rink.

Members of the party were: Maxine Jones, Erna Nall, Maxine McKinster, Lois Olin, Helen Crow, June Searnsing, Max Rudolph, Hannah Rudolph, Mary Peterson, Nelda Peterson, Berl Atkinson, Roy Honsinger, Betty Bowyer, Frances Carrel.

Dorothy Staley, Nelda Thomas, Charlotte Thig, Madonna Bulcher, Jean Brown, Elaine Claiborn, Arlow Presone, Bob Scott, Clyde Komans, Jack Butler, Junior Wilson, Dale Johnson, Leland Gough, Dell Webb, Ross Trunkay, Frank Stanger, Ray Reed, Robert Olin, Louis Reus, Pearl Staley, J. D. Buchanan, Elsie Harper, Vernon Johnson and Burton Harmon.

HOW MUCH A YEAR
is Twin Falls' HARD Water COSTING YOU?
Are you aware of the fact that Twin Falls' HARD WATER is actually costing you quite a sum of money each year? This additional expense is not immediately apparent but is reflected in your yearly soap bills, your yearly silk hose and wash dress expenditures, costly plumbing repairs and added electric bills when you heat water electrically. A great deal of this added expense can actually be eliminated by installing a Permutt Water Conditioner.

HARD WATER SOFTENED Automatically!
with PERMUTT

A Permutt Water Conditioner is easily connected to your household water supply. Without adding chemicals your Permutt unit instantly softens all the water for your home, both hot and cold. Come in and let us show you how much money a Permutt Water Conditioner will save you each year.

JAPAN BELIEVED TO HOLD KEY TO WORLD'S BALANCE

BRITISH-GERMAN RIFT MAY CAUSE BLOC SOLIDIFYING

WASHINGTON, April 3 (UP)—Some diplomatic observers believed today that Japan holds the key to the world's future as a result of the German-British rift.

The unfriendly position taken toward each other by Chancellor Adolf Hitler and British Prime Minister Neville Chamberlain appeared likely to precipitate a new balance of power in which the United States might be imported to join.

Japan, with her vast armies schooled in the field and her huge naval construction program, it was believed may be forced to choose between alliance to the Berlin-Rome axis and diplomatic independence.

Entry of Japan into a Rome-Berlin-Tokyo military axis, observers believed, would produce a combination so powerful that most other countries of the world would feel constrained toward a common diplomatic purpose for their own safety.

However, it was said that if Japan remains outside, she might be able to prevent the swift crystallization of two great blocs. Some experts believe she is strong enough to play an uncommitted role in world politics and to bargain not only for her own national advantage but conceivably for restored order in the far east.

The "United States" obvious interest in Japan's future alignment or non-alignment would be determined by the degree to which Japan might become a party to world-wide "power politics" and the effect of such position on control of the Pacific.

GRAVITY FORCES AND MOTOR PULL

By JACK WOLSTON

MIAMI, Fla., April 3 (UP)—W. F. Skinner proudly displays his latest invention, a device that multiplies power in a startling fashion.

Skinner had great hopes for the principle he embodied in his device, which he calls a "gravity power machine." He said, for example, he believed his machine's principle could be carried to a point where a one-horsepower motor would produce electricity for a community of 3,000 people at a total cost of only \$5 a month.

"Almost any engineer will tell you that what his machine does is impossible," said Skinner, and then proceeded to demonstrate in his workshop here.

His working model of the "gravity power machine" was run by a one-eighth horsepower motor. The device, in turn, operated a heavy duty, 12-foot, 10-hp, air-tight drill press and a hack saw from the same shaft at the same time.

"Almost any engineer will tell you that to run even that heavy duty lathe and produce the quarter-inch shaving on a steel bar that it does would take a two-horsepower motor," Skinner said.

The "gravity power machine" consisted of a steel frame capable of holding four shafts controlled by eccentricities. On each shaft is an off-balanced weight which Skinner said would take the secret of the whole thing.

He explained that the shaft, turning in the eccentricities, moved the weights in a circular motion at 10 revolutions a minute. Because the weights are off-balance, he said, they always "tend" toward producing the multiplication of power.

The "telling," Skinner said, is more correctly a following of the weights to new centers of gravity caused by the changing positions of the shafts. The weights do not actually fall, he said, but they produce the multiplication of power.

"The telling," Skinner said, is more correctly a following of the weights to new centers of gravity caused by the changing positions of the shafts. The weights do not actually fall, he said, but they produce the multiplication of power.

Skinner estimated the "gravity power machine" would increase the horsepower of a motor about 1,200 per cent. A one horsepower motor, he believed, with a perfect "gravity power machine" to multiply its output, could be made to drive a generator large enough to produce electricity for 3,000 persons. And the operating cost would be only about \$5 a month, he estimated.

The machine Skinner exhibited was the fifth he has built in the 14 years he has been "working up the idea."

A number of engineers have inspected his invention, he said. One of them was A. P. Michaels, a Jacksonville, Fla., consulting engineer, who saw Skinner's latest describing the machine as "a practical device and will have a definite field where it is necessary to use power to drive equipment. It should result in a very large saving of power."

One engineer noted:

George C. Kall, electrical engineer and retired president of the Florida Power and Light company here, was another who examined the device but he said he "checked" it, not completely enough to allow him to form a conclusion.

"Skinner turned out an interesting device but I don't believe it is a practical device for the Florida real estate boom of 1920. He recently perfected a device for recharging cell batteries. He collected royalties from several children's toys and special types of furniture he has invented. Skinner said some skeptics were obtaining power from other sources than the one-skilth horsepower power motor because the shop was electrically operated. To make the demonstration more convincing, he obtained a one-fifth horsepower gasoline motor manufactured to run model airplanes, which he said he would install to produce the power for the shop."

KARA CAPTURES NATIONAL CROWN

MADISON, Wis., April 3 (UP)—Ted Kara, the University of Idaho's boxing batter, and 1936 Olympic boxing champion, today held the national collegiate 127-pound crown, following his decision over Carl Eckstrom, University of North Dakota, defending champion, in the finals here Saturday night.

Other champions are: Sevele Wright of Loyola at 126 pounds; Gene Rankin of Wisconsin at 135; Omar Crocker of Wisconsin at 145; Woodrow Swancut of Wisconsin at 165; Frederick Stank of Catholic U. at 165; Truman Torgerson of Wisconsin at 175; and Rene Trochost of Louisiana State, heavyweight.

Robertia Richmond, Broadway stage actress, and Sam Gould, a Canadian war merchant, were married, with Lloyd Bacon, film director, and his wife as attendants.

ARMY WILL TEST CRACK AIRPLANES

SHREVEPORT, La., April 3 (UP)—The army will rush to the defense of the Gulf coast in May, repelling a theoretical enemy that slipped through the fleet on guard in the Caribbean sea.

The land defenders, however, will be theoretical, as well as the first of the army's public relations group knows when the army will be called out, where the theoretical enemy will attack, or the defense plans.

The Third Wing may get an order to assist the First Wing, which will be adding the First Wing maneuvers to the army's public relations group. The first taking of the plans will crackle over the radio. No preparation will be made for the Third Wing participation in the idea being to test the practicability of calling on the air force and seeing what can be done in an emergency.

Came to be established

The Sixth Air Base, which is the ground and maintenance force of Harkfield Field, will begin establishing camps at Harkfield, Temple, Waco, Austin, Beaumont and Galveston, all Texas points, about the last week in April. Approximately 122 men and officers will establish the posts, arranging for supplies and smooth out the details for the arrival of the fliers. Four men and an officer will remain on duty at each post until maneuvers are ended.

Fifteen air corps officers, one ordnance officer, one flight surgeon, 122 enlisted men, three A-17 planes, one B-18 (basic combat) plane and three B-18 planes will be stationed at Harkfield's municipal airport, headquarters of the Third Wing during maneuvers.

These planes will be used by observing officers, and one, fitted up for Gen. Martin as an office, is equipped with the best radio equipment possessed by the army communications branch.

Also at Houston, at another field, will be the 55th pursuit group, with 16 officers, 80 men, 19 P-36's, the newest pursuit planes, and one B-10 bomber.

Two Squadrons at Temple

The Third Attack Squadron, including 10 officers, 70 enlisted men and A-17 planes, will be based at Temple. Also at Temple will be the 80th attack squadron, including 10 officers, 70 enlisted men and A-17 planes.

Eleven officers, 10 men and 10 A-18 planes, the only two-motored combination of this type in the world's armed forces will be based at Waco.

Austin will be headquarters of the 13th attack squadron, comprising 28 officers, 125 men and 23 A-17 planes, and the 7th pursuit group, composed of 16 officers, 80 men, 18 P-36 and one B-10 plane. Disclosure expected to come from the maneuvers in the testing of aerial equipment. Some of the types of planes now in use may be declared unsatisfactory when the war games are over. Others may be approved as standard fighting equipment in the government's drive to perfect its aviation division of national defense.

LOYALS TO ENTER PRISONER CAMPS

MADRID, April 3 (UP)—Nationalist authorities today ordered all republican soldiers in the Madrid area to report to concentration camps for the purpose of determining their loyalty to the republic.

Authorities sought merely to get the food situation back to normal. People were starving in the republic's concentration camps and were seriously undernourished.

Physicians said there were thousands of cases of tuberculosis.

Undernourishment was particularly evident among children, physicians said, and they feared serious attention if there was a sudden outbreak of influenza.

It was charged that 10,000 former republican soldiers already had been rounded up, in addition to 1,300 "Red criminals."

Boy is Killed to Collect Insurance

VIENNA, April 3 (UP)—A demand to collect \$2,000 double indemnity insurance on the life of Albert Lee Christmas, Jr., led the 10-year-old boy's father and another man to murder him, police charged today.

Albert Lee Christmas, Jr., 10-year-old farm overrider, and his sharpshooter cousin, Willie Howard, were held on murder charges.

COWBOYS OPEN ROCKANE TRAINING CAMP

RALPH GULDAHL CAPTURES AUGUSTA NATIONAL OPEN TITLE

30 Athletes Seek Positions on Twin Falls Club

SPOKANE, Wash., April 3 (Special)—Thirty Twin Falls Cowboy athletes practiced on the field here this morning as the first training camp of the Pioneer league team got under way in conjunction with the Spokane Indians.

The players are all under contract to Owner Bill Ulrich for the Twin Falls team, but the list will be whittled down to 22 before the season opens and the remainder, under the watchful eye of Manager Eddie Leishman, will compete for the final 15 places on the club that are allowed after 20 days of play. The league season opens on May 2, with Twin Falls at Pocatello, Ogden at Salt Lake City and Lewiston at Boise.

Cowboy Pilot

MANAGER EDDIE LEISHMAN... Looks over promising material at Twin Falls Pioneer league club opens training camp at Spokane.

"First couple of days of the training camp," says Leishman, "will be spent entirely on loosening up and getting the kinks out of the winter muscles. After that we'll get down to the serious business of attempting to find the best players for the positions on our Twin Falls team."

"To take the kinks out," says Ulrich, "has signed Henry (Hunk) Field to act as trainer of the Cowboy club. He will travel with the team all season," says Leishman, "in Twin Falls by Business Manager Hugh Pace."

Hockey Trainer
Field acted as trainer for the Spokane Clipper hockey club during the past winter and will equip the Twin Falls outfit with a full-time trainer to keep the material in playing condition.

With the fine group of players competing for positions on the team, Manager Leishman predicts that the Cowboy club will be in the thick of the race for the Pioneer league championship.

"Our team will be at least on a par with that put out by Salt Lake City, Ogden or Pocatello—or any of the other clubs," says Leishman.

Line of Competition
"With so many fellows battling for positions, plenty of competition is in store for everyone. The best ones will be picked; the others sent home. This training camp is serious business, and in order to hustle all season, the fellows have to start doing it now."

Not back from Seattle yet, big Joe "Barrel" McNamee, the rugged, colorful catcher, is expected to appear the season with Twin Falls, learning the finer points of the backstop duties. McNamee is regarded as one of the finds of the season, and if he performs for Twin Falls, the Cowboys will be assured of one of the hardest-hitting catchers in the league.

However, there are other good candidates for that position. Harold Herndon, a Twin Falls boy, who comes from Nebraska, looks good. He was a great American Legion player in that state, winning all-state titles. Others seeking the two backstop spots are Bill De Carlo, Bill Cox, Findly Upton and Frank Gallant.

Whitened Pitchers
Thirteen pitchers are listed on the roster at present. This will in all probability be trimmed down to five by the time the regular playing season gets under way. Included in the list at present are More Duca, Marion Oppelt, Bob Wynn, George

Durrance Cops National Ski Crown

PORTLAND, Ore., April 3 (AP)—America's first 10-in-mens and women's amateur skiing emerged today from whitened slides down the slopes of Mt. Hood in the national championships.

Topping the men's list was a familiar name, Richard (Dick) Durrance, of Dartmouth college, who reasserted his dominance of American-born amateurs and also showed his heels to professionals who took part in the meet.

Elizabeth Woolsey of Cornwall, Conn., topped the women's competitors.

The first 10 in each group were selected on the basis of their combined performances in the slalom races Saturday and the downhill events yesterday.

Follow Durrance
With Durrance in the men's division were Wendell Gram of Vermont, Dick Muehle of Nevada, Gordon Wren of Colorado; William James of Stanford university; Peter Garet of Yale; Robert Blay of California; Sanderson Schaeffer of Colorado; Robert Schwarzenbach of Switzerland; and William Irwin of Princeton, N. C.

Behind Miss Woolsey were Doris Friedrich of Switzerland; Hannah Locke of Pennsylvania; Grace Lueder of Minnesota; Nancy Reynolds of New Jersey; Helen Palmer-Tomkinson, Berkshire, England; Dorothy Hoyt, Washington; and Dolores Ucciani-Pennell of P. R. I. Y.

Schwarzenbach, Switzerland; Margaret Jennings of California; and Helen Fisher of Utah.

To each went an Olympic tryout certificate, sending them into the competition for the Olympic places next winter.

The individual winners:
Men's combined open—Durrance; men's combined amateur, Durrance; men's downhill open, Tony Matt, 19, New Hampshire ski instructor; men's downhill amateur, Durrance; men's slalom open, Fred Pfeiffer, Sun Valley; men's slalom amateur, Durrance.

Women's combined open: Erna Sauer, Garmisch, Switzerland, in the women's division; women's combined amateur, Miss Woolsey; women's downhill open, Miss Woolsey; women's slalom open, Miss Sauer; and women's slalom amateur, Doris Friedrich, Switzerland.

Looking over the outfield, Leishman has Dick Hiller, Tom Clivley, Bud Marner, Frank Costa, Elston Carroll, Ted De Cagne, Dick Wake and Joe Nokes.

Reds, Red Sox Open 10-Game Series
MASSACHUSETTS, April 3 (AP)—The Cincinnati Reds and Boston Red Sox opened their 10-game road series here today. The Reds started north with all of the squad except pitcher Johnny Vander Meer, whose training was interrupted by an appendicitis scare.

Vander Meer was sent to Hartford, Pa., to complete conditioning with Indianapolis. He will rejoin the club at Greensboro, N. C., Saturday.

The record possession of a London woman is a name for every letter of the alphabet, from Ann to Zeus.

Student Upsets Tennis Aces
HOUSTON, Tex., April 3 (AP)—Frank Churney, Rice institute student, handed the United States Lawn Tennis association food for thought today in a bright, overcast day.

Churney, a 19-year-old student, upset the top-ranked player, Bill Johnston, in a straight set, 6-1, 6-1, 6-1.

Churney, who is a member of the River Oaks Country Club, won the match in 1 hour and 15 minutes.

Morgan Loses To Escobar
SAN JUAN, P. R., April 3 (AP)—Kary Morgan's championship claim came too late.

The Detroit bantamweight battled the best of him for 16 rounds and had to do picket duty to force his way into a 17th round.

Morgan, whose real name is Andrew Kapote, gave the little brown skinned of the island a hard time in rounds, before his 30 years caught up with him from the seventh through the 15th all his fire was gone, and Escobar retained the title with ease.

PROVO GETS NIGHT BALL
PROVO, Utah, April 3 (AP)—Night baseball for Provo during the upcoming season was virtually assured today after the board of directors of the Provo baseball club announced plans to have a team.

Plans for the team were announced today after the board of directors of the Provo baseball club announced plans to have a team.

The team will be composed of players from the Provo area and will play in the Provo league.

Hagen, Jones, Guldahl All Think Guldahl Good

By HENRY McLEMORE
AUGUSTA, Ga., April 3 (AP)—Ask Walter Hagen what he thinks of Ralph Guldahl as a golfer and he will tell you that the man who won the masters yesterday is one of the greatest shotmakers of all time.

Ask Bob Jones the same question and he will tell you that Guldahl is one of the finest competitors ever to walk a fairway.

Ask Ralph Guldahl what he thinks of Ralph Guldahl and you will find him in complete accord.

Elizabeth Woolsey of Cornwall, Conn., topped the women's competitors.

The first 10 in each group were selected on the basis of their combined performances in the slalom races Saturday and the downhill events yesterday.

Honest in Admiring
He is not one of these champions, who slanders and says he had luck and was fortunate to win and that sort of stuff.

Guldahl is a refreshingly honest fellow in the white cap knows what he can do with a golf stick, and is refreshingly honest in admitting it.

Guldahl is not a braggart, mind you. When he is not hitting the ball he will tell you that he hasn't a chance, that he will be fortunate to finish in the first 20. But when he is hitting the ball, he yields first place to no man.

Two years ago, on the eve of the open championship in Detroit, I asked him who he thought was going to win. His answer: "I think I am."

Liked Himself
Last year, on the day before opening play in the open at Denver, I again sought him out. "Whom do you like this year?" I asked.

"I like myself," he said quite calmly. "I am hitting the ball better than I was when I won at Detroit. I am playing against the same field so why shouldn't I win?"

Saturday, with the masters' tournament half completed, I was writing my story on the second round of play when Guldahl, wandered by and pulled up a chair.

"Don't tell me you think you are going to win this one," I said. "I sure am," he answered. "I've been runner-up here twice, and I'm sick of getting noed out. I'm gonna get this one. You can write right now, quoting me, that I am going to win. There isn't a man in the field hitting the ball any better or squarer than I am. I'm ready to shoot a little golf."

Not Boasting
That's just what he said. Not in boasting way. Just in a matter of fact voice.

Yesterday he proved he knew what he was talking about. He shot himself into the lead in the third round and then finished with one of the greatest shows of golf under pressure this or any other tournament has ever seen.

Guldahl thinks he will win the open this year to make it three in a row.

So do I.

He's a hitter with a heart. (Copyright by United Press)

REAGAN MEETS DIAMOND
SALT LAKE CITY, April 3 (AP)—Everett Reagan, ex-Idaho light heavyweight champion, meets Dick Diamond, Salt Lake City, in the eight-round main event on tonight's boxing card. The winner will be eligible to fight Johnny Nunez, Utah lightweight contender.

SAN JUAN, P. R., April 3 (AP)—Kary Morgan's championship claim came too late.

The Detroit bantamweight battled the best of him for 16 rounds and had to do picket duty to force his way into a 17th round.

Morgan, whose real name is Andrew Kapote, gave the little brown skinned of the island a hard time in rounds, before his 30 years caught up with him from the seventh through the 15th all his fire was gone, and Escobar retained the title with ease.

PROVO GETS NIGHT BALL
PROVO, Utah, April 3 (AP)—Night baseball for Provo during the upcoming season was virtually assured today after the board of directors of the Provo baseball club announced plans to have a team.

Plans for the team were announced today after the board of directors of the Provo baseball club announced plans to have a team.

The team will be composed of players from the Provo area and will play in the Provo league.

The team will be composed of players from the Provo area and will play in the Provo league.

Portland Tops Coast Loop With 3 Wins

(By United Press)
Bill Sweeney's Portland Beavers have first position in the Pacific Coast league today by virtue of three straight wins over Sacramento.

Oakland also had a perfect percentage but played only one game the opener on Saturday. Their double-header Sunday against San Diego was rained out.

The Beavers downed Sacramento in Sunday's double-header, 5 to 2 and 3 to 2, after winning Saturday 1 to 0. Seattle beat San Francisco Sunday 3 to 2 and 3 to 1.

Divide Two Games
Hollywood and Los Angeles divided their Sunday double-header, the Stars taking the opener 10 to 8 and Los Angeles winning the nightcap 7 to 2.

The opening game of the double bill at San Francisco the Seattle Rainiers, behind the steady 4-hit pitching of Bill Walker, beat the Seals on only four hits. The Rainiers bunched three of them in the fourth inning for all their runs. Orville Jorgens was charged with the defeat. He was relieved by Alton Wilkie in the eighth.

Rainiers Improve
Paul Gregory, the tall right-handed ace of the Rainier plying staff, let the Seals down with four scattered singles in the eighth, and was not responsible for the Seals' tally. Ed Stutz started for the Seals but lasted only five innings and Win Ballou finished. Joe Morrice made his debut at second base with the Rainiers who showed marked improvement over their Saturday form, when they were charged with seven errors, while losing to the Seals.

In the full-week series opening Tuesday, Portland meets the Stars at Hollywood; Seattle plays San Diego; Los Angeles tangles with Sacramento at Sacramento, and San Francisco goes to Oakland.

Boston Bruins Gain Play-Off Berth
BOSTON, April 3 (AP)—The Boston Bruins swept into the Stanley cup finals today by defeating the New York Rangers, 2-1, after 48 minutes of "sudden death" in the seventh game of their best-of-seven series. Rookie Mel Hill shot the winning goal.

The Bruins will play the first part of games in the final best-of-seven series here Tuesday and Thursday nights against Toronto.

Golfing Glacier Takes 33 Count for Final Round to Cop \$1,500

By JACK CUDDY
AUGUSTA, Ga., April 3 (AP)—Ralph Guldahl, the golfing glacier, started for the Asheville, N. C., tournament today with another halo adorning his curly brown locks, with a check for \$1,500 in his pockets and with the roar of 8,000 fans still ringing in his ears.

After yesterday's astounding victory in the Augusta masters' tourney.

Ralph boosted his tournament earnings for 1939 to \$4,147 when he marched easily over the last nine holes in 33, three under par. Only a man with ice water in his veins could have turned the trick, considering the terrific pressure under which he played. He registered a 69 for the afternoon round, and 219 for the three day, 72-hole tourney, to beat out Swinging Sam Snead by one stroke and shatter the tournament record of 283 established by Ben Sarazen and Craig Wood in '35.

Shot for a 34
"I knew I had to make a 34 when I started the last nine," Guldahl said. "When I was at the tee on the 10th, I heard them announce Snead had come in with a 35 to total 280. I knew I had to make a 34 to tie him."

"But I was confident I could do it. My game was good, and I always play better on the Augusta national back nine than going out."

Then the ice cube cavalier registered his miracle.

"It was the greatest golf I ever saw," Bobby Jones said after Ralph crowned his final, foot-and-a-half putt on the sloping 18th green.

Snead Wins \$900
Snead received \$800. Billy Burke, former open champion, and Lawson Little, former British and American amateur king, tied for third money at 282. Next came Gene Sarazen, former British and American open champion.

Craig Wood finished with 284; Byron Nelson with 287; Henry Picard, defending champion, with 289; Ben Hogan with 290; Tony Penna and Ed Dudley with 291 each in a three-way tie for 12th place in the 72-hole tourney.

Victor Glezert, Tommy Armour and Jug McSpaden.

Bobby Jones and ancient Walter Hagen were far down the list in the last bracket with 304 each. Light-horse Harry Cooper and Jimmy Demaret shared this compartment with them.

100 Years of Baseball

THE CHARGE WILL BE FIFTY CENTS, SIX.

In order to get some money for the treasury and purchase the sport, the Association decided to stage a series of games and charge admission.

STAND BACK! STAND BACK! GIVE THE PLAYERS ROOM!

MOVIES CRASHED ON BATTLESHIP

HOLLYWOOD UP—Many actors have used unusual methods to come to Hollywood, but David Niven enjoys the distinction of having been the only man who ever crashed Hollywood aboard a British battleship. And most of Niven's life has been just as unusual.

The son of a Scots general, David resigned his British commission after two years, at Malta to become a Canadian lumberjack.

He then went to New York to inquire about a newspaper job and went to the only hotel whose name he could remember, the Waldorf-Astoria. It was not until nine days later that he learned he could not afford to move out. And when a delegation of four Chinese called upon him about his laundry bill, Niven made a deal to work it out, thereby probably becoming the first Waldorf-Astoria guest whose occupation was working in a Chinese laundry.

Loose Sales Job

Niven got a job as a Manhattan representative of a London wine merchant and finally paid his hotel bill, but he lost his job when he was charged into delivering 50 cases of champagne to a faked address and accepting a worthless check as payment.

He then went to Cuba for a rest and unwittingly became connected with a gun-running scheme, had to leave hurriedly on the first boat and caught a Japanese tramp ship bound for England, by the long route.

When he went ashore at Cribol, he boarded a Chinese steamer by mistake and arrived in San Francisco.

There he met an old friend who took him to Santa Barbara for a few days. And when H. M. S. Norfolk dropped anchor there during a west coast cruise, Niven went aboard to renew some acquaintances he had made in Malta, but he also aboard too long and was still there when the Norfolk sailed.

Screen Test

The following day off San Pedro, the Norfolk stopped beside a replica of the H. M. S. Bounty made for the film "Mutiny on the Bounty." Because Niven was aboard the British warship, Hollywood hospitality included him in a dinner invitation that night. There, Niven met producer Samuel Goldwyn, who suggested he take a screen test, which was followed by a seven-year contract.

Niven at present is working with Ginger Rogers in "Little Mother," the first picture in which he will keep the girl's welcome change, says Niven, who is growing tired of losing the heroine to the other man.

BONE SURGERY IS CALLED OLD LORE

TROY, N. Y. (UP)—Many medical practices considered by laymen as modern miracles were conceived and used extensively centuries ago, according to Dr. Kurt P. Leidecker, of Henssler Polytechnic Institute.

Bone-setting is merely "as old as civilized man," cutting of the skull was practiced by backward tribes before Columbus discovered America, and hypnosis is several hundred years old.

Trepanation, or cutting through the skull to relieve pressure or irritation of the brain, was an art of ancient witch doctors, Dr. Leidecker said.

Surgery Against Spirits

"This operation was already in vogue in neolithic man, among the Jews and backward Indians, Polynesians and other tribes," he explained. "The invalid, however, whether insanity or bone disease, was identified with evil spirits, and the surgical opening of the skull or the incision of the scalp—with subsequent exorcism—was supposed to allow evil spirits to escape."

"Bone-setting is an art almost as old as civilized man. Practiced in Egypt about 4,500 years ago with sufficient frequency that we are able to attest to its effectiveness, it implies at least a primitive knowledge of bony and cartilaginous reconstruction."

Natural Reforms Ancient

Not only direct medical practices, but also community disease prevention work and medical measures, now being discarded in Congress and state legislatures as revolutionary social advances, are 2,000 years old, according to Dr. Leidecker.

"Prophylactics in medicine, hygiene, diet, cleanliness of districts, sanitary, prevention of crime—all these were practiced 2,000 years ago in India," he said.

"The utilization of herbs and animal substances for relief or cure go back into history antiquity."

"The old Hindu physician applied mental suggestion much the same as the modern psychiatrist does."

Halt Bush Fire

CAVAN, N. S. W. (UP)—J. W. Thatcher, nearby rancher, saved his home from a brush fire that was creeping steadily toward it, by a method probably never before employed. He mowed 1,000 around his home and with sleep dogs set the sleep mowing about so that when sparks fell near his home they trampled them out. He saved his sleep and his home, but all of his outlying property was burned.

Vote Frog Legs

BURKKA, Calif. (UP)—The Humboldt county council of the American Legion has asked one more proof to establish that "30,000,000 Frogs" cannot be wrong. It has adopted a resolution providing that frog legs shall be served at every future banquet of the local Legion.

Electricity is replacing the old reliable bonfire as a black-eye cure. The process depends on the idea that bluish tissue (black eye) gets cured by the action of an electric current on a multi-celled histamine.

Early Steps to Easter Style

Ready for church on Easter morning, the nice little girl with blond pigtail wears a checked coat with buttons and a crisp white blouse collar. Her young escort, aged 12, is smartly turned out in a well-tailored, brown snap-brim hat and a camel-hair coat.

CRADLE OF G. O. P. AGAIN DISPUTED

LANCASTER, Wis. (UP)—Four communities in the past have advanced claims of mothering the Republican party, and now a fifth—Lancaster, Wis.—appears.

Papers found among the private effects of the late Col. John G. Clark of Lancaster are the basis for the contention that the G. O. P. was founded here in November and December, 1853.

Ripon had the strongest claim—at least, they did. Riponites said that their town founded the Republican party March 20, 1854. That would be five months behind Lancaster, but nine months ahead of Jackson, Mich., which sets the time as July 1, 1854. Kansas City, Kan., and Friendship, N. Y., also claim to be G. O. P. birthplaces.

Papers Missing 40 Years

The papers which turned up in Lancaster after being missing for 40 years are in the form of a pamphlet entitled "The Genesis of the Republican Party." The booklet was given to Colonel Clark by the author, Andrew Jackson Turner.

After painstaking search, Turner concluded that Lancaster was the true birthplace of the party. Furthermore, he said, other candidates "were antedated by the

movement inaugurated by Col. John L. Clark, and glorious 'Old Joe' Turner, editor of the Great County Herald, in November and December, 1853."

Placed ahead of Ripon communities in the past have advanced claims of mothering the Republican party, and now a fifth—Lancaster, Wis.—appears.

In his pamphlet, he said that an organization of Lancaster men had done preliminary work toward forming a new party some time before the movement in Ripon.

This new party, according to Turner, was determined to break away from the Democrats and Whigs. The members were seeking an organization to prevent the extension of slavery and opposed to the enforcement of the fugitive slave law.

"In the fall of 1853," the author stated, "active work was begun and Col. Clark now has in his possession a pocket notebook enrolling the names of 195 residents of Lancaster and vicinity who were discreetly sounded as to their political views with a view of enlisting them in the new party."

Hand Saved

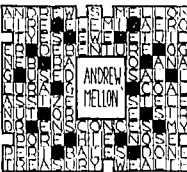

MONTEUR FAHAT, N. Y. (UP)—Two doctors worked for two hours and employed 64 stitches to close wounds in the mangled hand of John Perkin of Beaver Dam after it had been slashed by a buzz saw. The physicians said the hand probably would heal without permanent injury.

GARNER WOULD ACCEPT NOMINATION, REPORT STATES

VICE-PRESIDENT ASKS FARLEY AS MATE FOR RACE

By LYLE C. WILSON
WASHINGTON, April 7 (UP)—Vice-President John N. Garner is not yet an active candidate for President, but would accept the 1940 Democratic nomination, it is known here today on the basis of well-authenticated information.
It is believed Garner would prefer Postmaster General James A. Farley as his vice-presidential running mate. A complication there is that Farley also is a presidential possibility and a rather good man.
Political observers believe a Garner-Farley ticket could be politically sound, but a left wing New Deal rebellion against returning party control to comparatively conservative men. Some New Deal brigade commanders probably would bolt such a ticket. The final test of the political strength of such a combination would depend largely on President Roosevelt's attitude.
Might Bolt Ticket
Mr. Roosevelt might bolt a Garner-Farley nomination. Some persons believe he would convict himself of ineptitude if he did so. It was Farley's speedwork and strategy plus Garner's personal release of the California and Texas delegates to Mr. Roosevelt that permitted his first nomination in 1928.
Washington does not know what Mr. Roosevelt intends to do. A thoughtful analysis of his position is that the President today is not a candidate but would be receptive to the nomination if his reelection appeared to be reasonably likely.
Could Assume Defeat
Mr. Roosevelt probably would not have to obtain the Democratic nomination to prevent a conservative Democratic administration succeeding his New Deal. If the 1940 Democratic national convention became so conservative that the President could not support the ticket it nominated, he practically could assure Democratic defeat by opposing the nominees.
That would permit nomination of a Republican President and, probably a Republican house of representatives although Democrats would be expected to retain senate control. A serious New Deal objection to that strategy would be that the losing Democratic ticket would have gained control of the party organization. If Garner were nominated and defeated, his men still would be chairman of the Democratic national committee.
Permits Endorsement
Conviction that Garner is a receptive if not yet an active candidate was increased last week when he permitted Sen. Tom Connally, D. Tex., to insert in the Congressional Record a Texas state legislature resolution endorsing him for the nomination.
Garner has been consistently critical of New Deal policies since the 1936 presidential election. He has taken a forceful but behind-the-scenes part in maneuvers which have checked the New Deal or defeated it on various issues. But there is no open break between the President and the vice-president.

Bachelor Frank Murphy and Fair Companion

Frequent companions on Washington's bridge paths are one of the capital's most eligible bachelors, Attorney General Frank Murphy, and pretty Ann Parker, pictured on horseback, gazing into each other's eyes. Miss Parker is the daughter of Major General Frank E. Parker, retired.

Freight Costs Reduced For South Idaho Goods

In furtherance of southern Idaho's recognition as the "bread basket" of San Francisco and Los Angeles metropolitan areas and the Pacific Northwest, K. L. Johnson, Boise, general agent of the Union Pacific, announced here today that the railroad will establish a "reduced and simplified" rate structure from southern Idaho and eastern Oregon to California and the northwest.
Mr. Johnson announced that the change is intended to benefit Idaho and Oregon producers. It followed application from, and cooperative work by, the Idaho Shippers and Growers association through Dave L. Bush, Nampa, secretary-manager.
Rate reductions range from two to 48 cents per hundred pounds depending on commodities and origin in southern Idaho and eastern Oregon.
The reduced freight rates will become effective soon. Under the cooperative program developed by the Shippers and Growers association and the Union Pacific the adjustment provides blanket rates from points east of Orem, Utah, to San Francisco and Los Angeles and other destinations as follows:
Apples 44 cents per 100 pounds, potatoes 50 cents per 100 pounds, onions 50 cents per 100 pounds, root vegetables 50 cents per 100 pounds and green vegetables 60 cents per 100 pounds.
Spud Rate Cut
In addition the rate on potatoes to San Francisco from producing points in American Falls to Twin Falls and Burli via Wells, Nev., will be 48 cents per 100 pounds. From all origins west of Orem, Utah, both

FOOT OF WOMAN FOUND IN DUMP

CLEVELAND, April 3 (UP)—Police theorized today that the foot of a woman found on a city dump might be that of a 14th century murder victim of the "Mad Butcher of Kingsbury Run."
Coroner Samuel R. Gerber said the foot had been outdoors for several months. He said the member had been severed three inches above the ankle, probably by a small saw. Bodies of the last torso murder victims, a man and a woman, were found Aug. 16 last on a Lake Erie front dump near the downtown section. The torso of the first victim was found Sept. 5, 1934.
In expansion of the Pacific northwest consuming territory for western Idaho and eastern Oregon producers, Johnson said, the Union Pacific has agreed to establish rates to Portland as follows: 60 cents rate applies from Payette and 62 cents from Nampa, deciduous fruits 70 cents from Payette and 72 from Nampa to Seattle. The rates on both apples and deciduous fruits will be five cents higher than the rates to Portland. The rate on potatoes from Payette and Nampa to Portland has been reduced from 47 cents to 37 cents.
"It is axiomatic that the interests of the Union Pacific and Idaho and eastern Oregon producers are mutually beneficial," Mr. Johnson said. "Favorable distribution areas for southern Idaho and eastern Oregon producers, thanks to rates acceptable to both shippers and the railroad, and speeded up dependable railroad service, is naturally a benefit both to shippers and my company."

Wilkes-Barre Papers Resume Publication

WILKES-BARRE, Pa., April 3 (UP)—Skeleton forces returned to work at the plants of Wilkes-Barre's three daily newspapers today—just six months from the date they suspended publication—to prepare for their reopening tomorrow.
The last obstacle to resumption of publication was removed yesterday when the three publishers and Typographical union officials signed a contract.
An agreement between the American Newspaper Guild, whose members struck Oct. 1, causing suspension of publication two days later, and the publishers was signed March 22.

LDS CONFERENCE STARTS IN UTAH

SALT LAKE CITY, April 3 (UP)—Mormon leaders today were arriving in Salt Lake City for the 109th annual general conference and the annual women's relief conference of the Latter Day Saints church.
Feature of the conference will be an invitational assembly of 2,000 ranking members of the church priesthood in the temple assembly room. The meeting will be the first of its kind for which the temple has been opened in 40 years.
Singing groups from the inter-mountain region which will form the 1,500-voice conference choir were rehearsing here today. Tomorrow, the opening day of the conference, will be taken up with the first session of the women's relief conference and with church departmental meetings.
Two general sessions, one to be addressed by a member of the church general authorities, will be held Thursday in the tabernacle.
President Heber J. Grant will, according to precedent, address the Thursday morning general session. General sessions will run through Thursday, Friday and Sunday. No general sessions have been scheduled for Saturday but several special meetings, including the assembly of the church priesthood in the temple, will be held.

Up in Smoke

Helen Fortescue Reynolds, above, wife of Julian Reynolds, tobacco heir, is pictured as she boarded a Reno-bound plane at Newark airport, N. J. in Richmond, Va., her husband said all arrangements had been made for a "friendly divorce." Married three years, they have a son.

BOXERS TANGLE ON HANSEN CARD

HANSEN, April 3 (Special)—Castelford boxers will invade Hansen on Tuesday evening to tangle with the local mitt slingers, it was announced here today.
Seven bouts have already been lined up between the two schools, and another is expected to be set before the opening bout at 8 p. m. Two preliminary fights will open the program.
Lineups are as follows:
Virgin, Castelford vs. J. Anderson, Hansen.
Quikley, Castelford vs. C. Anderson, Hansen.
Slaver, Castelford vs. Farnsworth, Hansen.
Amos, Castelford vs. Gillespie, Hansen.
Bryant, Castelford vs. Bennett, Hansen.
Fields, Castelford vs. R. Hollifield, Hansen.
Webb, Castelford vs. Stanger, Hansen.

Japanese Retake River Villages

HONG KONG, April 3 (UP)—The treaty port of Kowloon and several smaller towns in the Canton river area have been retaken by the Japanese, advisers received today said.
The attackers used Japanese and a large force of pro-Japanese Chinese troops enlisted in the delta area.

Ruth Rosenbaum, Gooding

Stitches in Heart Keep Man Alive

DETROIT, April 3 (UP)—A heart that was held together by six surgical stitches kept Henry Payton alive in a hospital today. Police found Payton, 30, lying in an alley and stabbed in the heart. Eight physicians soon were crowding about the patient in a hospital, operating room. Four doctors removed several of his ribs and sewed up the slashed heart. Two physicians sought to keep his lungs from collapsing and two others gave him blood transfusions. Three nurses assisted the physicians. Physicians said such heart operations usually were fatal.
