INVESTIGATION TO OPEN ON WPA CHARGES

Two Falls Voters Flock to Polls to Elect Mayor, Councilmen

DOORS CLOSE AT 7 P. M. IN BOTH CITY PRECINCTS

With a near half-time survey of total votes indicating that apparently no records would be broken so far as number of votes cast is concerned, electors of Twin Falls today marched to the polls to indicate their choice of men to fill three city offices which are at stake in the election.

At 1:30 p. m. today, just 30 minutes short of the half-time mark of the period during which the polls will be open, a total of 1,113 ballots had been cast, a check of the two voting places showed. Of this number 582 were in ward one and 531 in ward two. Although the vote this afternoon and evening is expected to be heavier than that compiled this morning, observers expressed the opinion that no new records would be set.

Weather Favorable

Weather favored the voters with only a wind to hinder them in their march to the ballot box. The sky was practically clear.

Two men captured the honor of being the first voters to cast their ballots as the polls opened at 8 a. m. today. In ward one the first voter

VOTER

"Uncle Joe" Gordon, oldest resident of Twin Falls county and believed to be the oldest man in the state, today cast his vote in the municipal election here.

The 101-year-old pioneer of Idaho voted in ward one this morning. He went unaided to the polls and marked his ballot.

Although the aged man is a resident at the county farm, he said he could not go to the polls and marked his ballot.

"I don't know whether I'll vote next time," Gordon said, "but I voted today and came all alone, too."

was George H. Smith while in ward two the first to have his ballot placed in the box was Carl N. Anderson.

As is always the case, many citizens asked for their ballot only to discover they had neglected to register before the deadline last Saturday at 6 p. m.

Actual counting of the ballots, according to law, cannot start until the last vote has been cast at 7 p. m. At that time the doors to the polling places will be locked, but those inside will be allowed to mark their ballots.

Three Neck Mayor Post

Three men are seeking the position of mayor, vacated by L. A. Chapin who did not enter the race. The three are E. H. Koehler, J. H. Blanford and O. C. Hall, leading the two open council seats are Carl Ritchey, incumbent; Lionel A. Dean, George Ayres, A. S. Hennson, Dan Cavanagh and J. O. Rasmussen.

Prepared to read no many as divisions to the continent in event of a European war, the government announced plans for an armored corps in the house of commons.

War Secretary Leslie Hore-Hele said that the armored corps, dedicated as a last resort, would include the present 16 mechanized cavalry regiments from the regular army, and tank units from the regular territorial army.

The corps will be known as "the royal armored corps."

FRANCO ORDERS DEMOBILIZATION

BURKHON, Spain, April 4 (U.P.)—Gen. Francisco Franco today ordered demobilization of the vast Spanish civil war forces within 30 days.

The victorious nationalist armies totaled nearly 1,000,000 men at the end of the six-day Spanish war while the republican troops, which were disbanded by the nationalists, were estimated at around 500,000.

Francisco's order decreed demobilization and demobilization of the war machine within three months, starting at 8 a. m. Wednesday.

3 DEAD, 1 LOST AS PLANES FALL

EAST BRAintree, Mass., April 4 (U.P.)—At least three men were killed and another was unaccounted for today when two U. S. navy planes crashed in mid-air during a training exercise.

One of the planes swung wide after the collision, crashed through the roof of a dwelling, then veered into a home across the street and set fire to it.

The second plane plummeted to earth and was wrecked.

The planes were members of a squadron of six which had taken off from nearby Aquantum naval air base to fly over the town.

It was almost at the moment when the planes were about to land, that the collision occurred. The planes, which were flying at a quarter mile altitude, crashed into the town.

Wind-blown fragments of the planes' wings fell over the crowd of thousands massed along Pure Street.

Comedian Fined \$12,000 After Pleading Guilty to Smuggling

NEW YORK, April 4 (U.P.)—Jack Benny, \$12,000-a-week radio comedian, pleaded guilty in federal court today to an indictment charging that he smuggled \$2,131 worth of jewelry in conspiracy with Albert N. Chaperau, confessed master smuggler.

S. District Judge Vincent L. Leibel, who passed the sentence, chided him for his admitted illegal activities.

"You must feel very ashamed of yourself standing here, Mr. Benny," the judge said. Benny turned a deep red. He muttered an almost inaudible:

"I do."

Judge Leibel said he believed Benny had been duped by his co-defendant, Chaperau. After suggesting the appointment of "guardians for persons of prominence who are easy prey for this type of man," Judge Leibel pronounced sentence.

The indictment charged that Benny smuggled, transported, and concealed two diamond-studded gold clips and one diamond-studded bracelet in order to cheat the government out of less than \$800 in duty.

He received a suspended sentence of a year and a day and was fined \$10,000.

Chaperau had pleaded guilty previously to the indictment returned

JACK BENNY

last January and it was indicated he would have been a witness against Benny had the film comedian chosen to stand trial. They were accused of joining forces to smuggle jewelry into port in October, 1938.

Benny's plea was advised by his counsel, William J. Donovan, in the face of reports the government was prepared to exert every effort to send him to jail unless he admitted guilt. A plea of not guilty (no defense) had been considered by Benny but even this was said to be unacceptable to the government.

Benny, who had been on \$1,000 bail, flew here last night from Hollywood. He is the second of the nation's highest ranking radio comedians to plead guilty on smuggling charges involving Chaperau. His close friend, George Burns, of the team of Burns and Allen, received a suspended sentence of a year and a day and a fine of \$5,000 on Jan. 31 for smuggling trinkets worth less than the amount of the fine. Burns also was assessed \$9,770 in civil penalties. He, too, had been listed as a possible witness against Benny.

Benny said he did not go to the smuggling charge when he was arraigned in federal court on Jan. 10. In addition to Burns, who with Grace Allen receives \$12,500 a week on the radio, the government had also issued subpoenas calling for appearance of Benny, Chaperau, singer on Benny's program, and for Jack Pearl, another comedian.

Chaperau also pleaded guilty in the Burns case and to an indictment charging that he smuggled some jewelry for his own use.

L. D. S. TO TRAIN RELIEF WORKERS

By MURRAY M. MOLE

SALT LAKE CITY, April 4 (U.P.)—Inauguration of a plan to train members of the Mormon church as National Women's Relief society in social welfare work was outlined today as 800 officers, representing the society's 80,000 members in Utah, gathered in the Salt Lake City assembly hall for the opening session of their annual conference.

Details of the training program were outlined by Bishop Joseph L. Wirthlin, director of the L. D. S. church general welfare project.

"There is no denying we have serious problems," Bishop Wirthlin declared. "A survey of the nation has shown that if everybody who is in relief or who has monetary reserves for only six months or less were suddenly thrown out of employment, about the population of the United States would be dependent upon the government or other agencies for aid."

To Solve Problems

The bishop told the society officers, headed by President Louise Y. Robison, that the general church authorities some time ago decided to solve the problem as far as church members were concerned by first taking care of physical needs.

"This has been done in a substantial way," Wirthlin said, "with our farming people contributing food for our city people contributing cash."

Wirthlin said the second aim is to provide employment for church members who are in need of work.

"We believe our people should be given the opportunity to earn their bread by the sweat of their brow," he said. "It is our aim to have them 'reached in the heart' by the L. D. S. program."

The bishop said a program of (Continued on Page 2, Column 4)

Suicide Fear Fades as Hunt Widens for Lost West End Farmer, 55

Although law enforcement officers of Buhl and the sheriff's offices here had virtually discarded a suicide theory in disappearance of Frank Novak, 55, rancher, on

Deep Creek area near Buhl, search for the missing man was pushed forward this afternoon.

The suicide theory was partly abandoned, Sheriff Art C. Parker said, when the missing rancher's shotgun was found among his effects in the farmhouse. Parker found the creek that runs through it. He thought it missing and had feared Mr. Novak might have used it to take his own life.

Neighbors were almost certain the gun was the only one the rancher owned, Parker said.

Buhl Officers Busy

Buhl police officers were leading the search today in an effort to find where Novak may have gone after he was last seen about 8 p. m. Friday.

The Buhl officers, with a sheriff's deputy and volunteer ranchers, formed a posse Sunday that secured Novak's entire ranch, up and down the creek that runs through it. The posse also searched adjoining ranches but found no trace of Novak.

Further possible substitution to believe that the rancher may have wandered away. That belief was apparently corroborated by the fact that the rancher's car was found in a field near the ranch.

Novak had been seen by neighbors that he had told them "a couple of weeks ago" he was "after Novak," and he had said "they'll get me." It was understood Mr. Novak had entertained these delusions at various times according to the sheriff.

Couriering Novak's fear that he (Continued on Page 2, Column 1)

HOUSE MEMBERS NAMED TO START PROBE ON RELIEF

WASHINGTON, April 4 (U.P.)—The 12 members of the house deficiency sub-committee—the group that has been trimming relief appropriations—were selected today to conduct the house investigation of WPA, looking toward overhauling of the relief set-up.

The selection was made by the full appropriations committee.

Chairman Edward T. Taylor, D. Colo., who also is chairman of the subcommittee, will head the inquiry. He said he would rely on Rep. Clifton A. Woodrum, D. Va., his second in command, to do the detailed work.

Woodrum is leader of the house economy bloc. The subcommittee includes eight Democrats and four Republicans.

Employs Outsiders

The group will employ outside help to conduct the inquiry, Taylor said.

Initial plans for the inquiry were discussed at an executive session while New Deal leaders in the senate sought to obtain the full immediate appropriation of \$150,000,000, asked by President Roosevelt. The house cut it to \$100,000,000.

The house committee has asked for \$25,000,000 to finance its inquiry. Members suggested that more money be requested, some suggesting as much as \$200,000.

One member said the committee agreed to confine the inquiry to general relief policy and administration rather than delve into individual cases of alleged abuse.

The effect of the investigation, he said, would be two-fold:

1. To develop recommendations for legislation that could be enacted at this session.

2. To subject the forthcoming request for a 1940 relief appropriation to a careful scrutiny.

Taylor said he had selected the deficiency subcommittee because it has a general knowledge of the subject through and had feared Mr. Novak might have used it to take his own life.

"Nobody in the United States can say this is a whitewash committee," Taylor said. "If anything it is the other way."

First actual move toward negotiations for sale of the property of the Twin Falls-Jerome Electric Co. will be made at Boise next Tuesday, April 11, according to word from the firm by the Evening Times this afternoon from Gov. C. A. Bottorff.

The governor said he would call a meeting of the committee, which is to carry out the transaction authorized in a bill passed by the last legislature. That bill permits purchase of the property by the state and removal of the tolls.

Governor Bottorff was made chairman of the committee by the legislature, and must serve in that capacity.

The bridge group will negotiate with the Twin Falls-Jerome Electric Co. on terms acceptable to that concern and permissible under the law allowing the state to purchase the property.

Funds for the purchase are now coming in under a one-half-per-cent tax on fuel tax, for which all fuel taxes are levied.

In addition to the governor, members of the bridge committee are Verne Thorpe, state auditor, and city commissioners; Oliver O. Hagg, state attorney; A. E. Kille, bill collector; and Wayne Hill, Caldwell businessman.

HINES PERMITTED TO APPEAL CASE

NEW YORK, April 4 (U.P.)—Threats that Peter J. Hines, a 60-year-old man, would appeal his conviction for a \$25,000 fine for a 1934 Ford car, were today dismissed by the court.

BRITAIN PLANS 'BOARD OF STRATEGY' TO STOP GERMANY

NATIONS IN BLOC WOULD DRAW UP MILITARY PLANS

LONDON, April 4 (UPI).—Great Britain today considered a plan for strengthening the European peace front against Nazi aggression by a system of strategic military consultations with other nations.

War Secretary Leslie Hore-Belsham revealed in the House of Commons the government's preparations to put military power into the united front which Britain is creating against the threat of future aggression.

In effect, an international military "board of strategy" would be set up by which all nations would coordinate their military plans with those of Britain and France.

PRESBYTERIANS ELECT AT DECLO

DECLO, April 4 (Special)—The annual church and congregational meeting of the Declo Presbyterian church was held Sunday morning after the noon hour service. Reports from the various departments and organizations revealed a better condition than has existed for several years.

The increase in church membership during the year was eight, three by letter and five on profession of faith. Three adults were baptized. The young people's society consisted of 46 members for the year to the American mission of Lepers.

The following officers were elected for the coming year: Clifford Sutton, elder; Mrs. James Dutton, Mrs. Katherine Roberts, Mrs. A. B. Kellogg, Dean Wilcox and Clifford Sutton, trustees; Mrs. A. B. Kellogg, church treasurer; Mrs. Joe Walker, president of the aid society; J. Goettche, Sunday school superintendent; Miss Ruth Meadows, secretary and treasurer.

Rev. A. C. Arnes has been the pastor of the church for the past 10 years, and will continue to serve in that capacity.

Will This Plane Wreck Disclose Nazi Secrets?

As Hitler looked east, this plane crash near Brail, France, revealed possible westward ambitions of Germany. The airplane, a German Junkers, fell in restricted zone, was believed to have been winging from nationalist Spain across French Alps in defiance of French regulations. Ten victims, allegedly identified as Nazi officers, are stretched out in foreground.

CARTOON EXPERT WILL MAKE PATRIOTIC FILM

By PAUL HARRISON
(NEA Service)

HOLLYWOOD—The movie's patriotic parade has even reached the field of animated cartoons. Leon Schlesinger's cartoons, anyway. He makes the Merrie Melodies and the Looney Tunes which are released by those busy moguls of the land-of-the-free, the Warner Brothers.

This is may be possible during a single evening in the theater. The premiere of the new cartoon, "The Star-Spangled Banner," is scheduled for the evening of July 4 to see a stupendous patriotic feature, a mildly colorful four-reel feature from American history, a patriotic, anecdotal and patriotic Porky Pig.

The "Star-Spangled Banner" probably would be heard, too. It already is being played in many of the Warner theaters at every performance by executive order.

Schlesinger's cartoons, however, are satirical. "Old Glory" will be played as straight as is consistent with the whimsical notion of Porky strong on Uncle Sam's knee and listening to stories about Paul Revere, the bill of rights and Yorktown.

At the beginning, Porky is lying in the grass trying to memorize the Pledge to the Flag. He finds it difficult and gives up to take a nap.

So along comes Uncle Sam, in a dream sequence, and shows him some inspiring flashes from the past. In fact, just about the whole cavalcade of American history is being put into a seven-minute color cartoon.

Tries Anything Once
Schlesinger makes more movie cartoons than anybody else in the business. He is now making a new one a week. Walt Disney's huge factory, preoccupied with three features, produces only 10 shorts a year.

The Merrie Melodist doesn't expect ever to be bothered with full-length animated pictures, although his present slogan is "I'll try anything once." He just doesn't believe that cartoon features will be very popular if they ever get out of the novelty category.

"Double bills promise to be pretty generally abolished one of these days," he said, "and that's bad for the shorts market. We may make a few two-reelers here, but nothing long. I think 650 or 700 feet (about 4 minutes) is the ideal length. Hit 'em and run, leaving 'em wanting more. The best compliment anyone can pay me is to say, 'Your stuff is too short.'"

The cartoon factories all are rather remarkable for their lenient, generous treatment of ex-players and the co-operative spirit they foster. The reason is, of course, that hand-made movies are an awfully tiring, nerve-racking task requiring rest periods and relaxation. Also, the spontaneity and zip of these short films depends a lot on the enthusiasm of the many departments through which they pass.

Murlaugh Assembly

MURTAUGH, April 4 (Special)—The community assembly of Murlaugh met Friday for a party at the school house. The party for adults went to Mrs. Stephenson and Bill Bradshaw, and for children, Ruth Shuler and Carl Gosh.

The next meeting will be held April 14 and Superintendent L. E. Turner of Murtaugh will be the speaker.

MURTAUGH

He let me see a picture made last winter for the studio's annual Christmas party. The staff worked on it secretly for weeks in its spare time, and the film is a pretty biting satire on the organization's morale and its esteem for the big boss. Schlesinger is proud of it. It is that it had been a fulsome tribute to a golden scroll.

SOLOON REFUSES TO SLICE RELIEF

WASHINGTON, April 4 (AP)—Sen. Claude Pepper, D. Fla., an ardent New Dealer, today defied the efforts of economy-minded senators to force administration leaders to accept the house-approved \$100,000,000 emergency relief bill.

"I wouldn't compromise with them for 40 cents," Pepper said.

COUNCIL AWAITS BALLOT RESULTS

Members of the city council, after meeting in brief session last night, recessed until Friday at 7:30 p. m. at which time results of today's election will be officially canvassed.

Before recessing last night members of the body passed on second reading an ordinance which would make it mandatory that all local taxicab owners obtain public liability and property damage insurance, and also obtain city licenses for the year. The measure will come up for final vote at next Monday's meeting.

Various departmental reports for the month of March, printed in detail in yesterday's Idaho Evening Times, were also approved by members of the body.

Plans Made for Catholic Deacons

HARLEY, April 4 (Special)—The Blaine county Altar and Rosary society held its regular monthly meeting Tuesday at the Sun Valley open house. There were about 25 women present.

Plans were discussed for the spring meeting of the Southern Central deacons of the Idaho State Council of Catholic Women.

This will be the first time a deacon convention has ever been held in the Wood River country. The convention is expected to draw delegates from Twin Falls, Rupert, Burley, Blaine, Jerome, Wendell, Gooding and Shoshone.

A luncheon at the Continental cafe will be the opening event on the deaconary program. The tentative date for this meeting is Thursday, April 20.

After a short business meeting an interesting program was presented. Highlight was an address by Mrs. Whitcomb of the Sun Valley Golf Shop.

Program at Reception Shows Creative Abilities of Youth

Not only to learn the accumulated knowledge of the past, but to create and contribute to the culture of the present are the educational objectives being realized by the youth of today. This was forcibly demonstrated in the program on "The World of Tomorrow as Seen Through the Eyes of Youth," presented this afternoon by the Twin Falls high school girls' league for members and guests of the Twentieth Century club.

The tableaux, addresses and musical selections reflected the clear thinking, the acceptance of responsibility, and the development of good citizenship and creative talents which characterize today's boys and girls. The program was presented in connection with the Twentieth Century club reception and election of officers at the Presbyterian church.

Officials Present

Among those who received the program with keen interest were Mrs. B. S. Arrington, Pocatello, president of the Idaho Federation of Women's clubs, and Mrs. Stuart Cook, Kimberly, director of the First District, honor guests of the afternoon.

Mrs. Arrington also appeared on the afternoon's program, speaking on Federation goals and activities. Mrs. W. H. Aire, Blackfoot, president of the First District Federation, was unable to attend the afternoon.

Three tableaux introduced the program theme. Miss Esther Rommetvedt personified "Democracy," representing the four sides of youth. Mrs. E. J. Felt, Pocatello, personified "The World of Tomorrow," and Miss Peggy Kelley, "Sports." Miss Helen Pettigrove, "Social," and Miss Rita Mae Salmon, "Business." Miss Lillian Laubenstein, "Tomorrow."

Original Music

Musical background was contributed by Miss Eunice Ewer and the girls' chorus, who sang "The First Primrose," "Monotone," "Cornelius," "Flag of Our Land," "The Song of the New Day," an original composition, the words and music being arranged by the chorus.

Miss Betty McComb spoke on "Democracy, America's New Frontier." Miss Dahl Green on "Wheels, Keels and Wings," Miss Jane Douglas, "Recreation," Mrs. Rose M. North, dean of girls and advisor of the Girls' league, "Modern Education," and Miss Mary E. Wright, "Youth, Tomorrow's Parents."

Miss Virginia Ann Chase, president of the league, presided during the league program.

Mrs. W. W. Thomas, president of the Twentieth Century club, and Mrs. Baker were in the receiving line with Mrs. Arrington and Mrs. Severn.

Springtime Themes

Spring blossoms and pussy willows, suggestive of the Easter season, were attractively arranged throughout the church parlors, and the refreshments table was charmingly assembled.

Mrs. Thomas, retiring president, and Mrs. J. D. Kaizer, honorary member, presided at the tea table, which was centered with an attractive arrangement of call lilies, to which crystals were covered with a grass linen cloth.

Mrs. M. E. Shottwell was chairman of the committee on decorations and Mrs. B. W. Carpenter was in charge of the refreshments.

AMATEUR HOPE PROGRAM ENTERTAINS

Oscar Klauas, as "Major Bowes," and his talented amateurs, brought gas and laughter while they presented a variety program recently for 200 members and guests of the Morion Women's club at the school house.

Mrs. J. D. Staas was program chairman. Mrs. Ted Williams led the group in community singing, which included "Idaho."

The first and second grades sang "My Little Toy Drum," the third and fourth grades, "Dumbella and the upper grades, "Wait for the Wagon."

Ethel Reed read a humorous poem; Ruth Hines, Juella Reed, Annie Brown and Margaret Lutz gave stellar performances as the Blackface midwest revue; Rosa Lee Jamerson and Barbara Kester, in old-fashioned costumes, sang "When I Was Courtin' Ma."

Harold Klauas played a southern melody on the harmonica, and Miss Lola Reed sang "My Love Rode By." Jannita Crawford gave a dramatic reading and Ethel Spencer played a piano solo. Cecil Brown, as Professor Quackberry, presented his maddening dancing doll, and Forrest Haglund, principal of Morion school, sang "Just an Echo," only to get the song by "Major Bowes." Mr. Stokes of Flint received the quilt.

Four-L Told of Decorating Art

That the best theories in interior decorating sometimes have to give way to common sense, because not all houses are built with decorating problems in mind, was the statement made by Mrs. Milton Powell last night when she addressed a meeting of the Four-L club in the club rooms on "Interior Decorating."

Because business girls often have to live in a combination bedroom and sitting room, she took up that problem first. She emphasized the fact that to her pictures and their arrangement were the most important thing in a room. Pictures should be all in one general theme, and should be carefully placed at eye level, with the room arrangement lighting taken into consideration.

After her talk, she discussed specific problems of the girls in their home decorating in a question and answer session.

Mrs. Ynes Alana, vice-president, presided over the business meeting in the absence of the president, Miss Irene Lopez. A message from the president, who is traveling in the east, was read.

Members were asked to check one of eight committees as the one on which they would prefer to work. Miss Anna Jo Johnson was appointed head of a finance committee, and plans were discussed for a benefit bridge party to be given to raise money to send a delegation to the Denver convention of Y.W.C.A.

Hostesses, Mrs. Helen Bohrer and Miss Arabelle Brown, served refreshments, assisted by Miss Geneva Pennington. Guests were Miss Barbara Beem and Miss Shirley Clark, Filer, and Mrs. Florence Pennington and Mrs. Dorcia Craig.

PINK AND BLUE SHOWER ARRANGED
Mrs. Wilbur Durham was honored recently at a pink and blue shower at the country home of Mrs. E. E. Lancaster. Refreshments were a musical reading by Mrs. Hayes and Mrs. Sampson entertained the guests in the afternoon.

Guests in addition to the honoree were Mrs. Buckmaster, Mrs. L. M. Bollinger, Mrs. J. O. Elinger, Mrs. Melvin Elinger, Mrs. Walter Elinger, Mrs. L. L. Whitsett, Mrs. L. C. Jones, Mrs. Frank Elinger, Mrs. William Thompson, Mrs. Hayes, Mrs. Sampson, Mrs. Rola Mills and Mrs. Howard Mills.

EVENING RECITAL PRESENTED BY GROUP
The Bach club entertained at a delightful recital last evening. The members of the pupils who played, being guests of the evening. The musical took place at the studio of Mrs. Effie Rihard Hinton.

Miss Lucile Nord, local music instructor, and Miss Mary D. Smith, senior at the University of Idaho, and niece of Mrs. Hinton, were special guests.

Playing piano solos were Mrs. Ralph Bacon, Marjorie Lush, Betty Davis, Barbara Butch, Arlene Porter, Loren Pulver, Marilyn Brizee and Donald Toobson.

Miss Lash and Miss Lynes also presented a two-piano number. Refreshments were served from an attractively appointed table provided over by Mrs. Bacon and Miss Smith. Several pens in pastel colors formed the centerpiece.

ENTERTAINMENT BY GIRL
Barbara Sherlock celebrated her 14th birthday anniversary Saturday afternoon, entertaining a group of her friends with an Easter egg hunt, Bingo and other games.

Prizes were awarded to Barbara Gulliland, amateur, California Bailey and Virginia Rice, California Bailey. Others present were Pauline Carlson, Whitlaid Landy, Owendyn Fletcher and Phyllis Newland.

RECENT BRIDE HONORED AT SHOWER
Mrs. Ralph Robertson, formerly Miss Lila Carroll, was honored recently at an attractive unobscured shower, attended by 35 relatives and friends.

Mrs. Evelyn McGowan, Mrs. N. Peck and Mrs. Thomas Carroll arranged the event. Easter decorations were featured, and the seasonal motif prevailed in the refreshments.

Games and contests were the diversions of the afternoon.

Utah Daughters Plan May Party and Dance

A May Day party was planned by members of Camp Em-Ar-Ei, Daughters of the Utah Pioneers, meeting yesterday afternoon at the home of Mrs. Blanche Parker. Mrs. Edith Wells, camp captain, presided at the business session, attended by 20 members. The Mary Lois camp will join the group on May Day party.

The camp also accepted the invitation of the Mary Lois camp to cooperate in sponsoring an old-time costume dance to be held in the near future. Mrs. Maude Crump, Mrs. Zelpha Freeman, Mrs. Myra Barlow and Mrs. Winifred Whitehead were appointed on the committee from the Camp Em-Ar-Ei to assist Mrs. Pearl Brown, Mrs. Alene Harries, Mrs. Rose Barclay and Mrs. Jennie Crowley of the Mary Lois camp, in formulating dance plans.

Miss J. Crowley, first vice-president of the county camp, and Mrs. Mary Richards, second vice-president, were special guests. Also guests were Mrs. Lottie McDonald, Mrs. Katherine Poppa, Mrs. Maey Bailey, Mrs. Melba Gibbs and Mrs. Ruth Hogg.

Mrs. Delpha Bond gave the lesson "Craving Along the Pioneer Trail." Mrs. Grace Kibben presented the history of Mrs. Martha Stanley's granddaughters.

The group sang "Come, Come Ye Saints." Summer work was outlined. Refreshments were served by Mrs. Myra Barlow, Mrs. Lillian Willis, Mrs. Jane Gardner and the hostess.

BETROTHAL TOLD AT CHARMING SUPPER
The betrothal of Miss Elaine Dudley and John D. Stephens was made known to a group of intimate friends at a smartly appointed dinner supper Saturday evening at the home of the bride's parents, Mr. and Mrs. C. C. Dudley. Her fiancé is the son of Mr. and Mrs. Charles Stephens.

Two linked hearts, decorated the place cards, were the key to the bits of verse which revealed the engagement.

Pink and green appointments made the table attractive. Supper was served by twilight, and pink sweet peas and fern centered the lace-covered table.

Later Miss Alice Beatty, Miss Wilma Bevercomb, Arthur Walker, Al Nye and Mr. and Mrs. Lowell Kopp, presiding, and the engaged couple spent the evening playing pinocle and star checkers.

V. F. W. AUXILIARY WILL DIRECT QUILT SALE
The auxiliary of the Veterans of Foreign Wars has been presented with a quilt by Mrs. Clarice King, a member of the auxiliary, which will be sold to raise funds for the organization's relief fund. Mrs. Stella Reynolds, Mrs. Bertha Peters and Mrs. Ethel Blackwell are members of the quilt committee. Officers will be elected April 11, according to Mrs. Cora B. Summers, president. Also scheduled for the near future is a pot-luck supper, the date to be announced.

Hansen Girl Weds Hollywood Artist

HANSEN, April 4 (U.S.)—Miss Thelma Hill, daughter of Mr. Mac Hill, Hansen, was married March 10 at the Little Church of the Flowers, Forest Lawn, Calif., to Jack Buckley, Hayward, Calif.

The double ring ceremony was performed by Rev. E. O. Farrows, Miss Bernice Andrews, Twin Falls, was maid of honor, and Robert Buckley, Oakland, Calif., brother of the bridegroom, was best man.

The bride was given in marriage by her brother, Richard Hill. After the marriage ceremony, the bride and groom were entertained by Mrs. Truman Vencell, aunt of the bridegroom, at a six-course dinner at the Ritz, Los Angeles, Calif. A special band played, "Here Comes the Bride" and other numbers.

The honeymoon was spent in Santa Barbara, Calif. Mrs. Buckley was graduated from the Hansen high school with the class of 1934 and is also a graduate of the Twin Falls business university.

Mr. Buckley was graduated from Hayward high school, later taking up the study of art at that place. At present Mr. Buckley is employed at the Walt Disney studios in Hollywood, and Mrs. Buckley is at home at 1607, north Vermont avenue, Hollywood.

Explorers have reported that eggs as big as dinner plates are laid by the black-browed albatross of the Falkland Islands near the southern tip of South America.

MUSSOLINI MOVES ARMY COMMAND CLOSE TO FRANCE

MINISTRY SAYS NEW ORDER IS ROUTINE MOVE

ROME, April 4 (U.P.)—The war ministry announced today that the high command of Italy's crack Alpine corps had been transferred from Rome to Trento, 70 miles from the Austrian frontier, 35 miles from the Yugoslav frontier, and about 190 miles east of France.

It had been reported in recent days that Premier Benito Mussolini had sent the Alpine corps to a war footing, ready for mobilization at any time.

Gorizia is 20 miles from the Yugoslav frontier, 40 miles from the Austrian frontier and about 310 miles from the French frontier.

"Normal Operation"

Italian military quarters said the transfer of the Alpine high command was a "normal operation" and it had no bearing on the strained European situation.

It was reported Germany was sending heavy artillery to Italy.

Usually well informed military quarters said heavy artillery was arriving from Germany, and from the Czech Skoda works as the result of Adolf Hitler's annexation of Bohemia and Moravia.

At the same time it was reported without confirmation Italy was sending artillery "replacements" to Libya, from Egypt and French Tunisia.

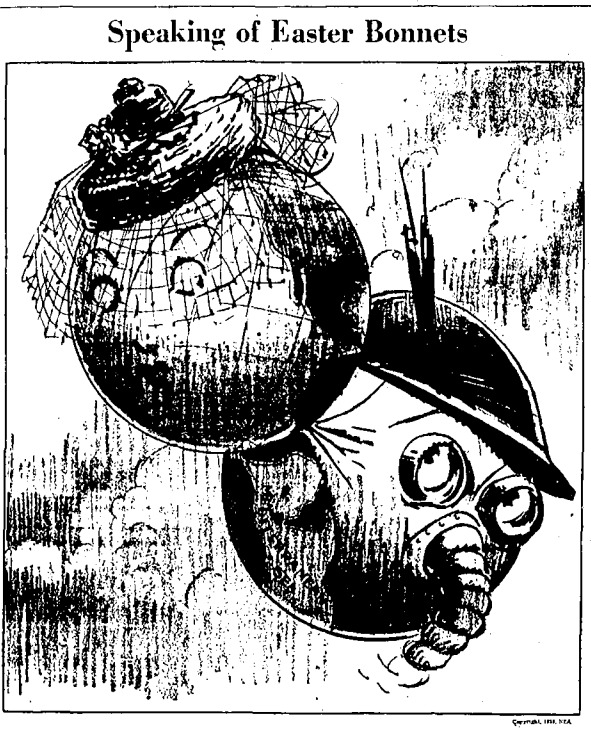

To Inspect Defenses

Field Marshal Hermann Goerring, Nazi No. 2 and commander-in-chief of the German air force, is expected to end his vacation at San Remo tomorrow and visit Libya. It was understood he would inspect all defense works there.

Later he was expected to come here to talk to Mussolini.

Paul Joseph Goebbels, Nazi propaganda minister, is now in the Italian island of Rhodes, off the Turkish coast, and was expected to inspect defense works there.

Posters in the streets told Romans that there would be a series of big anti-aircraft drills, starting tonight.

CLUB GIVEN DATA ON COLOR FILMS

"Thorough outline of the development and manufacture of Kodachrome film was presented last night to members of the Magic Valley Camera club as a highlight of the section in clubrooms under Wiley Drug company.

Frank Boughton offered the lecture, utilizing Eastman material, slides and colored motion pictures. The talk and the Eastman slides and films emphasized making and processing of Kodachrome color-type film and both in motion picture photography and in stills.

Gives History

History of color film also was outlined in the talk.

Winners in the monthly print competition, with "Outdoor Prints at Night" as topic, were Ralph Hall in the enlargement division and Frances Scully in contact prints. Haining and William were second in enlargements and Ruth Darling second in contact prints.

Dark-Room Near

Charles H. Harty, of the dark-room committee, reported that work benches and lockers are now ready for installation and committee members hope to have the club's dark-room completed within two or three weeks.

Topic for the next print competition will be "Tink Pictures." Exhibition of the prints in last night's contest was made today in Wiley windows.

CHILDREN FORM FULL SYMPHONY

CLEVELAND, O. (U.P.)—Every Sunday for more than three years, Herman Biringer has conducted his "Cellar Symphony," directing a symphony orchestra composed of 25 boys and girls from 9 to 12 years old.

"I see we are playing to a full house—or perhaps I should say a full basement—today," said Biringer, helping a 9-year-old virtuoso tune his violin.

Friends and neighbors crowd into the Biringer basement to listen to the children, who one day a week give up tree-climbing, shiny, marble playing and bare-knuckle fighting to play waltzes, gypsy dances, invigorating marches and light classics.

"And we all have fun," Biringer said. "I'm having more fun than I ever had before, and I get a big kick out of my boys and girls."

Sponsor Veteran Musician

Biringer has been a musician all his life and remembers his struggling early days when he played in the theaters all day and then "worked" the restaurants and grills at night.

Some of the musicians are so small that Biringer has found it necessary to put adjustable extensions on the chair legs—sliding tubes to raise the tiny musicians up to their music.

"At first I had to hold their hands on their violins," Biringer said. "But they were so small I bought baby chairs. Now I adjust the pipes on the chair legs and that works fine."

Concert master of the symphony orchestra is 12-year-old Ralph Mendelson, known during the week as "Scrappy," but respectfully referred to on Sundays as "Maestro."

He studied the violin for four years and is looking forward to a musical career.

Woodwind Section Capable

Young Mendelson faces a complete orchestra, with a brass section, a full complement of strings and a capable woodwind section.

He is a full-fledged musician, even if the movements of his baton

Program Set For Hunt on Easter Eggs

Plans were progressing here today for the annual Easter egg hunt on the lawns of the county court house and the high school, with present plans calling for the area to be strictly patrolled by the Boy Scouts of Twin Falls under the direction of Area Executive Gordon Day, according to Miss Virginia Richards, city recreational director, in charge of the hunt.

The streets surrounding the lawns will be closed early Saturday morning, with the hunt set to officially commence at 9 a. m.

Three sections of youngsters will compete for the eggs—and surprise prizes. Miss Richards stated:

In Class 1 will be boys and girls seven years of age and under.

Class 2—Girls eight to 14 years of age, inclusive.

Class 3—Boys eight to 14 years of age, inclusive.

Numbers will be placed on little signs for the hunt, and the children will be asked to find the lucky numbers are asked to be at the recreation unit at 10 a. m. when the prizes will be awarded.

are hampered somewhat by furniture and other clutter. Disciplina is strict in the basement symphony, and attendance is regular.

"Why, they almost always show up with one or two missing," Biringer said. "They seem to get a big kick out of playing in prohibition style."

We started upstairs and everybody had to stand up. He said "I don't know where we're going to end because more parents are coming all the time. I guess I'll have to put the brass section up on the furniture pipes."

SALT LAKE VICE TRIAL CONTINUES

SALT LAKE CITY, April 4 (U.P.)—Trial of ex-Mayor E. B. Erwin and three co-defendants today moved into its second day with the prosecution introducing state witnesses an effort to prove opening statements that the former mayor knew vice rings were paying "protection" in Salt Lake City.

Erwin, ex-Police Chief Harry L. Finner, former Police Captain Frank A. Thacker and R. O. Pearce, a Salt Lake City attorney, face charges of conspiracy to allow gambling and disorderly houses to operate.

Both Erwin and Pearce previously were tried and acquitted on a charge of receiving prostitution earnings. A defense motion to dismiss indictments against them because of former jeopardy failed yesterday when Judge Oscar W. McConkie ruled they were previously held for a felony and that the present count against them was a misdemeanor.

Opening statement of District Attorney Calvin W. Rawlings indicated the state would attempt to prove the former high city officials jugged potting assignments to permit operation of a "pay-off."

METER TO GAUGE DIETS FOR FISH

LONOKE, Ark. (U.P.)—Pampered game fish of the world's largest fish hatchery here soon will have their diets regulated scientifically to reach their growth to maturity in the shortest possible time.

With the development of a new device, the "microprecipitator," Joe Logan, director of the hatchery, can instantly determine the age of a young bass or trout by measuring the growth-rings on his scales.

By segregating different types of baby fish into separate growing ponds, the fish experts are able to watch in the effects of various types of diet on their development.

D. N. Graves, Arkansas state game and fish commissioner, also is sending out small envelopes to all fishermen who buy licenses to take game fish from native streams. With each envelope is a request to the fisherman to place a few of the scales from each of his catches in the envelope and mail them to the hatchery with information dealing with the length and weight of the fish.

Streams to Be Studied

From data compiled from the sportsman's information concerning the development of young game fish in different sections of the state, the findings of Joe Logan and his microprecipitator, Graves and his staff hope to know just what streams of the state are best suited to the rapid growth of young fish. They also plan to make a survey of the type and amount of food available in different localities.

In the Lonoke hatchery—which comprises over 267 acres—are millions of bass, fingerlings, young crappie, trout and a dozen other species of game fish native to the deep south.

The hatchery is criss-crossed by levees which divide it into geometrically perfect hatching and growing ponds. The fish are segregated according to species as Logan said, to prevent the "little ones from being eaten by the heavier breeds."

Distributed Over South

Each year from Lonoke dozens of tank cars and trucks transport millions of tiny fish to preserves all over the south. From the new feeding plan, of which the microprecipitator is a part, the game and fish commission hopes to cut the mortality rate of young fish by 50 per cent, and increase the rate of growth until sportsmen can't depend upon catching fish of the legal length or over a short time after any stream is restocked with fingerlings.

Logan has been curator of the Lonoke hatchery fish for many years.

He hand-feeds many of the smaller fish, and they become so accustomed to his presence that huge bass and trout in the breeding ponds come to the surface to take morsels of food from his fingers.

JEWELRY IN ALASKA PROGRAM PROBED

WASHINGTON, April 4 (U.P.)—Secretary of the Interior Harold I. Ickes is studying the feasibility of a privately owned colony for Jewish and other European political refugees in northern Alaska.

Various plans have been discussed in official and private quarters by persons interested in finding new havens for political and racial persecution victims. Officials described Ickes' study as purely "factual" and emphasized it would not recommend for or against such a project.

Ickes, whose department is in charge of Alaskan affairs, seeks to determine the probable costs of such a project, means of financing, possibilities for economic subsistence of new settlers, whether immigration laws must be revised if a project were undertaken, and what, if any, new legislation would be needed.

Some officials privately have advocated a plan whereby the government would furnish the land and private interests would put up the cash. They estimate such a colony might require a minimum expenditure of \$25,000,000.

They believe such a colony would assure better development of Alaska's fishing, agricultural and mineral resources, and would indirectly aid national defense plans.

Boise Voters Go to Polls

BOISE, April 4 (U.P.)—Citizens of Boise, encouraged by a warm, sunny day, crowded the polls today in a municipal election to elect a mayor and two city councilmen.

In HOLLYWOOD Today

By United Press

Police learned that a little old lady who was so "crusty" about being taken to a hospital after she had fainted in a Hollywood store, is Frankie Field, once famous as the "girl with the million-dollar legs." Miss Bailey was a Broadway star with Warner and Field's lost fortune, and now at 80 years of age, she lives on a pension.

The battle between W. C. Fields and his doctor over the fee for curing the comedian of pneumonia last year will be resumed Sept. 13. Dr. Geoffrey Citron was awarded \$12,000 at the first trial, but Fields appealed and the higher court held the fee excessive.

Julia Stevens, St. Louis girl, was stricken with scarlet fever just as she was about to make her movie debut. She will be replaced by some other actress as the leading lady opposite John Garfield in "Forgive Us Our Trespasses."

Members of the film colony passed before tables heaped with \$100,000 worth of stolen jewelry and other valuables, recovered from the loot of Ralph Grubbs, so-called "plum-ton burglar." Barbara Stanwyck picked out a small candid camera stolen from her home. Pauline Briere's daughter, Frances, found her missing charm bracelet.

LEGISLATIVE ERROR MAY HALT SESSION LAWS PRINTING

ATTORNEY CLAIMS CURTIS GIVEN NO ORDER AUTHORITY

BOISE, April 4 (UP)—Att. Gen. J. W. Taylor ruled today that Secretary of State George Curtis was left without authority to print the 1939 session laws, through an error by the state legislature.

Taylor explained that the statutes provide for a contract between the legislature printing committee and a printing company for printing the session laws.

"No such contract was prepared," Taylor said. "A concurrent resolution was passed awarding the work to the Syme-Park company, but no contract was submitted to them for signature and the only basis for further procedure is the concurrent resolution itself."

"This resolution is not a contract. It shows the intention of the legislature, but it was never signed by the printing company and does not contain certain provisions which the statute says it must contain."

"Apparently the legislature intended to enter into a contract, but through neglect or incompetence of someone along the line, the intent was never written into a contract as provided by law."

Taylor said that a disturbing officer paying for such printing would, in all probability, be personally liable for the amount paid.

FILIPINO LABOR MORE RESTLESS

MANILA (UP)—In the face of strikes in various sections of the country and of threats of a nationwide labor walkout, Philippine business has begun organizing with a view to presenting a unified front in labor controversies.

There were some fears that unless the employers concerned accede to their demands, about 40,000 Manila laborers might strike. Thousands of workers affiliated with different labor organizations scheduled "protest meetings."

Business men privately have expressed fears that President Manuel Quezon's labor policy was serving to encourage the activities of labor "agitators" and have accordingly started preparations to meet any "unjust" labor demands.

The province of Pangasinan is the hotbed of strikes. Sabotage has become prevalent in the province, where industry sometimes has been virtually paralyzed by strikes.

Strikes in Luzon

Strikes have spread to other Luzon provinces, including Bulacan, Tarlac, Laguna and Nueva Ecija. There were reports of threatened strikes at several other points.

Boleides allegedly unsatisfactory working conditions and low wages, one of the chief causes of the labor unrest in the alleged inability of the court of industrial relations to act promptly on labor cases. Most of these cases involve petitions for better working conditions and higher wages.

Additionally, labor leaders have been extremely active lately, apparently encouraged by the commonwealth government's "social justice" program.

Principally affected by the current strike wave is the sugar industry, the most important in the islands.

Government Averts Walkout

In Tarlac province, a big strike recently was averted by central government officials, who persuaded 1,200 laborers of the Central Azucarera de Tarlac (Tarlac Sugar Central) to await the decision of the court of industrial relations on their case, which involves a petition for better working conditions and higher wages.

Approximately 10,000 workers of several companies and haciendas in Laguna, Tarlac and Nueva Ecija provinces have returned to work, terminating recent strikes, but there were reports that settlement of their cases was only temporary and further walkouts might occur unless their demands were settled definitely.

There were indications that the next objective of labor leaders would be the rice industry, vital to a rice-eating nation. Some observers feared that a strike, might affect Nueva Ecija, the "rice granary" of the country.

King of Irak Dies in Crash

BAGDAD, Irak, April 4 (UP)—King Ghazi I, outstanding monarch who was killed today in an automobile accident.

The 27-year-old king was succeeded automatically by the Emir Faisal, his son, born May 2, 1926. It was expected the infant king would rule under a regency, such as those which act for 14-year-old King Ananda Mahidol of Siam and 18-year-old King Peter of Yugoslavia.

An official communique said King Ghazi died of a fractured skull. The king was driving one of his own cars near the palace when he lost control and crashed into an electric light pole.

Pentathlon Slated For Murtaugh Boys

MURTAUGH, April 4 (Special)—Herbert Thom, high school teacher, has arranged a pentathlon to be held this spring.

The junior high school boys will compete with other schools. This will be the first time a junior high pentathlon has been held in Murtaugh.

Mix-Up in Script Makes Film Villain Out of Matinee Idol

By FREDERICK C. OTTMAN

HOLLYWOOD, April 4 (UP)—Bradley Page, matinee idol turned picture villain, discovered today that an errand boy's mistake has kept him busy for quite a while, trying to subject heroines to fate worse than death.

His adventures in topsy-turvy-movieland added another corker chapter to the saga of Hollywood and made him so angry he turned down all studio calls—because they all were calls for Bradley Page, gangster. He said he'd never play another villain again, so help him; he'd rather starve first. And for good reason.

In 1931 he was a handsome young Broadway juvenile, whose profile made feminine hearts twitter. Talents noticed also that he was an accomplished actor, an excellent singer, and a dancer. They invited him here to take a screen test.

"It was one of the biggest of all the studios," he said. "I don't want to mention it by name because I might possibly get a job there again at the kind of acting I've always wanted to do. In any event, I showed up for my screen test."

"The director handed me three or four pages of dialogue to memorize. I thought it seemed a little strange. It had me playing the part of Two-Gun Harry, a western desperado. This was completely out of my line, but I figured that maybe the studio wanted to see what I could do besides play heroes. So I did my best. I passed the test."

"And a couple of weeks later I was cast as the meanest man there ever was in a film called 'Sporting Blood.' Clark Gable 'did me in' in the final reel."

"My next picture had me another gangster, so to speak. In my first year here I played the villain in 20 different pictures in studios all over town."

"I'd protest. But the producers always would say, 'Brad, my boy, you're a heavy. You're the gangster type, so I'd shake my head and take another role, against my better judgment. But I did need the money and they paid well.'"

"So pretty soon I was one of the town's standard villains. I couldn't."

Diamond Decisions Boise Battler

SAIT LAKE CITY, April 4 (UP)—Dick Diamond, Sait Lake City, scored an eight-round decision over Everett Reagan, Idaho lightweight champion, in a slow fight here last night.

Johnny Candia, Sait Lake City, defeated Ray Blumenthal, Boise, in the six-round semi-final. John Hansen, Ogden, defeated Red Lund, Sait Lake City; Gene Payton, Hobe City, won over Grant Erickson, Jackson Hole, Wyo.; Tiger Griffin, Sait Lake City, knocked out Joe Rosso, Grantsville, Paul Davitt scored a technical knock-out over Billy Smith; Jerry Adams, Jackson Hole, Wyo., knocked out Gene Pearce, Springville, and Eddie Welch scored a knock-out victory over Bobby Galten.

BENOIT FIRES AT "DIRTY" ATTACKS

Lashing furiously at underhanded campaign methods that set up in various parts of the city, Harry Benoit, city attorney, was emphatically on record today against "contemptible" tactics as Twin Falls citizens marched to the polls.

Benoit spoke over the local radio station last night with a strong plea for election of Carl E. Ritchey and Lionel A. Dean as councilmen.

Charts Achievements

After outlining personal background of both men and then charting on outline of achievements by the present city administration—continuance of which forms the Ritchey-Dean platform—Benoit said:

"This campaign has been a pleasant one with some few exceptions. It is with reluctance that I make mention of the fact that a dirty, vituperous, personal attack has been made upon Carl Ritchey."

The attorney referred to the crude signs which had accused Ritchey of "stealing" \$10,000 from the government. Asserting "it is no more than fair" that explanation be made because of the publicity the crude signs received, Benoit asserted:

"I know that I have reference to the fact that Carl Ritchey has received payment from the government because he has a veteran's service-connected total and permanent disability. He is a World War disabled veteran and I personally know that he has a serious and permanent physical disability."

"And I know that the money referred to in the vile statements is the money that was paid to him on his government war risk insurance policy that he bought and paid for."

Benoit declared that as a World War veteran himself and as a citizen of Twin Falls, "I resent this dirty, low-down, contemptible interference and insinuation, and which

Taylor Rules Appropriation Can't be Used for Deficiency

BOISE, April 4 (UP)—A \$350,000 appropriation made by the 25th legislature cannot be used to pay so-called deficiency claims of the highway department, Atty. Gen. J. W. Taylor ruled today in an opinion addressed to Calvin Wright, state auditor.

Taylor held the legislature had no constitutional authority to appropriate for deficiency claims which he said were invalid "in the first instance." He said the appropriation was unconstitutional and therefore void.

The appropriation was made by the legislature to provide for "deficiencies" incurred by the highway department in awarding of contracts in the last three months of 1938. The contracts were let and were to have been paid from anticipated revenue accruing in 1939.

Taylor's opinion, if upheld by the courts, will create a "crisis in the highway department," since its funds already are low. He is forced to allocate \$1,000,000 a year to the various counties to reimburse them for a loss in revenue necessitated by the cut in auto license fees.

resentment I am satisfied is shared by the real, fair-minded people of Twin Falls."

Benoit said he would not attribute the underhanded move "to any candidate," but added that it has been done by workers for some of the candidates.

He urged that Ritchey, councilman who has been police commissioner for two years, and Dean, prominent garage man and aviator, be elected today to permit the hold-over councilmen, Paul R. Taber and Leonard Axtell, "an opportunity to carry to a successful conclusion the program they have in mind for the next two years."

Two Labor Unions Resume Peace Study

NEW YORK, April 4 (UP)—American Federation of Labor and Congress of Industrial Organizations peace negotiators resume tonight their effort to unite an estimated 7,500,000 union members.

CIO President John L. Lewis was reported to feel that two events since the last peace conference have made unity efforts more difficult, if not impossible. One was the action of the senate education and labor committee in setting April 11 for public hearings on proposed amendments to the Wagner labor relations act. The other occurrence was a series of attacks on the CIO by AFL President William Green.

OLD BATTLE SITE NOW PLANTATION

LOVELACE, La. (AP)—This little section of Louisiana, historically known as Sicily Island, has changed in the past 200 years from the gathering grounds of the Natchez Indians to a wide expanse of growing cotton.

It was at Sicily Island that the power of the Indians in Louisiana was forever broken in 1729 by French soldiers and marines, under the command of Governor Perrier. It was here that the tribes met annually for hunting trips and feasts that lasted for days.

The tract embracing the battlefield and Indian rendezvous is now part of the plantation acquired by the Lovelace brothers and owned by their descendant, William S. Peck, Jr.

John and Thomas Lovelace stepped from their foxhounds on the Black river in 1776 and found the battlefield that had been forgotten by all except a few Indians who remained in the area. Littered over the ground were parts of guns and warlike implements — signs of a major fight between Europeans and the red man.

Old Mansion Still Stands
Four miles away, John Lovelace, grandfather of the present owner, built his home — a colonial edifice that stands today.

It was through this English pioneer that the facts of the fight between white men and Indians in Louisiana came to light.

On Nov. 2, 1729, the Natchez tribe, allied by allies, the Choctaws and Chickasaws, cut off and slaughtered 1,500 men, women and children at Port Royal.

Governor Perrier, after several punitive expeditions had failed to punish the Indians, organized a force of approximately 600 French soldiers and marines, placed his men on flatboats and set out in pursuit. He found the tribes led by Great Sun, St. Come and Chief of the Flour, in a well fortified position between the Ouachita and Tennessee rivers in what is now Calhoun parish.

Not until the three chiefs had been enticed into the French lines were the Europeans able to make much headway. Dragging up their canoes from their flatboats, the soldiers laid siege to the area for three days. Deprived of their leaders, the Indians surrendered.

Indiana Sent Into Slavery
More than 400 Indians were taken prisoners. Most of them were sent to Santo Domingo as slaves. Only a handful of the Natchez escaped to mingle with the remnants of the Choctaws and Chickasaws.

The home built by John Lovelace is surrounded with Indian relics. Directly in front of the spacious front porch is the landing where Indians on fishing and trading trips, the Natchez, held their canoes. The land on which the home stands is known as the Ferry plantation.

Over the plantation are five Indian mounds — a secret today for the archeologist in search of Indian relics. Around the bases of these mounds the Indians held their feasts, and it was probably here that the massacre of the inhabitants of Port Royal was planned.

WORLD FAMOUS GARDEN CLOSES

ST. LOUIS (AP)—Dr. George H. Moore, director of Blum's Botanical Garden here, today announced that funds has forced the closing of the Blum Foundation's famous Tropical Station at Balboa, Canal Zone.

Dr. Moore said arrangements have been made to turn the station, famous for its orchids, over to the Canal Zone government for use as a park. He said the station's orchid collection will be brought to St. Louis but doubted that some of them will survive the change of climate.

He pointed out that the tropical station is probably irrevocably lost, and that the \$4,000 a year needed to operate it becomes available later.

The station was established by Blum's garden in 1926 and quickly became known the world over for its orchids from every part of the globe. In addition to last year's collection, the collection was built up by exchanges with collectors in India and Latin American countries.

Situated in the center of Balboa, it became one of the tourist attractions of the Canal Zone, with thousands of visitors annually viewing its displays where more than 1,500 orchids bloomed at one time.

The station also housed laboratories for experimental work and served as a base for expeditions into Panama and other Central American countries in search of rare flowers.

Dr. Moore said although the garden's income — derived principally from deteriorating property along the river front here — has been the downfall of its foreign agent.

He said that since 1928 the garden's income has decreased about \$10,000 each year, and that total only \$210,000, he said further decreases were anticipated.

The camera-friend, above, was so busy snapping the first little crocus to rear its pretty head that he didn't know he, too, was being snapped in his spring-hued, blue-green, pink-ple model. This little bonnet is bonnie for spring sports, traveling down inoffensive crocus, walking around town with the girl friend and other outdoor activities.

CANCER CONTROL MONTH DECREED

Mayor Lem A. Chapin today has formally set aside April as Cancer Control month, in a proclamation issued April 1, in which he urges all men and women to unite in supporting the Women's Field Army of the American Society for the Control of Cancer.

The proclamation read in part: "Whereas, an intensive nation-wide campaign of education against cancer has been launched by the Women's Field Army of the American Society for the Control of Cancer;

"Whereas, a unit of the Army organized by leading women and directed by outstanding physicians is now engaged in this community in its way to save human life under the slogan, 'Early Cancer is Curable. Fight It With Knowledge';

"Whereas, cancer is a disease that may strike anyone of us and against which each of us may by intelligence and alertness protect himself or herself to a real degree;

"Whereas, 26 persons in this county died of cancer last year, many of them needlessly;

"Whereas, one out of seven of those now over 40 will die in the future unless appropriate action is taken;

"Therefore, I, as mayor of Twin Falls, urge all men and women to unite in supporting the Women's Field Army of the American Society for the Control of Cancer and I formally set aside April as Cancer Control month."

Hailey Civic Club Presides at Cards

HAILEY, April 4 (Special) — A public card party, sponsored by the Hailey Civic club, was held Thursday in the dining room of the Hiawatha hotel. There were 17 tables of 300, bridge, pinochle and Chinese checkers.

During the refreshments a very delightful program was given. The L. D. E. church women's quartet sang "God Bless America" and Martin Iverson sang "Old Man River" and "Blue Song."

The general arrangements committee was Mrs. Roy Van Winkle, Mrs. Goodwin, Mrs. Don Bunnell, Mrs. Ray McGoldrick, Mrs. Cronin, Mrs. Giff, Mrs. Sullivan, Mrs. Leonard Copeland, Mrs. Amer Jackson.

COMMON SCHOOL DISTRICTS SELECT TRUSTEES APRIL 15

Twin Falls County Areas will Ballot On 42 Board Posts

With 42 trustees to be elected in 35 common school districts of Twin Falls county, formal call had gone out today in those districts for the annual election scheduled for Saturday, April 15.

The trustees who will be elected are mostly for three-year terms, but several will be chosen for two and one year terms because of vacancies through deaths or removals into other parts of the county.

Posts on independent and rural high district boards will not be at issue April 15, since those groups elect each year in September. The same holds true in all other south central counties, which also will hold common district elections this month.

Decide on Levy
The election meetings will be held at the respective schoolhouses, with the clerk of the board in charge. In addition to selection of trustees, each district will also decide on other business of which the major item will be setting of the school levy for next year.

Eighteen of the trustees up for reelection or replacement in the common districts are chairmen of the boards involved and a dozen are clerks. Most of these are expected to be reelected. Informal survey of the contests for all posts shows today that competition will be keen in only a few cases.

All Three
Amsterdam, district No. 41, is the only area in which all three posts are on the block this year. That situation developed because the district held no election in 1936. Elected, which also had no election last year but appointed two trustees, now must fill one post for three years and one for two. Several other districts also will fill two trusteeships at the election.

Summary of Trustee Positions

Penny Penalty

2 FOUND GUILTY IN 'KIDNAP' CASE

NEW YORK, April 4 (AP)—Charles Mitchell and Sol Schwartz were found guilty today of second degree assault on four-year-old Michael Katz, whom they seized Feb. 20 and held for two hours while trying to collect \$7,000 ransom from his father, George Katz, one of their best friends.

They are acquitted of a kidnapping charge, on which they could have been imprisoned for from 20 years to life. The penalty for assault is from two and a half to five years.

George Katz and his wife, who both appeared as character witnesses for the defense in this strange kidnapping trial, were rejoiced that the jury had been lenient. They had been pals of Mitchell for 16 years and when they had been in financial straits a few years ago, Mitchell had lived with them and lent them money.

Mitchell, 31, and Schwartz, 20, testified against themselves. They admitted having taken the boy. They asked for mercy. They said they needed money to pay debts and were ashamed to ask Katz for a loan. They said they would have released the boy before supper time whether Katz had paid any ransom. He paid \$100, all that he had with him, with Mitchell serving as "go-between." Mitchell had offered his services as soon as he "heard" about the boy's disappearance.

Katz was grief-stricken when called to testify for the state and left no doubt that his sympathies lay with the defendants. The boy, brought to court for identification, smiled and waved at Mitchell, who had treated him to a movie during the time he was held.

Kelly's backers predicted he would win by a margin of 300,000 to 400,000.

NAUGHTY
PARIS, April 4 (AP)—A naughty new fashion—"peeping petticoats"—which the daughters of White House is credited with inventing. It is sweeping Paris, the spring style sensation.

Several inches of white flounces show at the bottom of dresses, making them resemble the petticoats of the 18th century. The daughters of White House have several petticoats in her Easter wardrobe.

CCC ENROLLMENT SCHEDULED HERE

Only one call will be issued this month for enrollment in the Junior CCC. It was announced here this afternoon by officials of the department of public assistance.

Actual date of the call has not, as yet, been announced. Those youths who anticipate enrolling, however, are urged to contact officials of the assistance department at once.

Sourdough Group Spins Gold Rush Tales at Dinner

Tales of the Yukon country from "high, wide and handsome" in Twin Falls last night as members of the local Sourdough club met in annual session at Wray's cafe.

More than 50 club members and their friends were present during the program which featured, aside from the dinner, talks by various individuals and old time music. Chairman of the organization is

John H. Nye, Jr., who presided last night. Speakers included H. C. Jeppesen, J. F. Cordes, Mrs. Minna Lang and Mrs. Cora Stevens, all of Twin Falls. Visitors were also present from Buhl and Jerome.

Most members of the unique organization were present during the famed Alaskan gold rush near the turn of the century. Stories of occurrences during the rush highlighted the program last night.

U. S. WILL BUILD BIG CUBAN BASE

WASHINGTON, April 4 (AP)—Informed naval sources said today the United States plans to build at Guantanamo bay, Cuba, a naval base capable of accommodating the largest warships.

Guantanamo bay is considered the perfect site for such a base. It is easily protected and the water is deep enough to accommodate any vessel. A small naval station is maintained there now but facilities are inadequate to handle large vessels.

TOWNS WANTS SMITHY

NEW HAMPTON, N. H. (AP)—Shades of Longfellow: an article inserted in the New Hampton town warrant would exempt from taxes for five years the first experienced blacksmith who will settle here to ply his trade.

Here's Great News for Everyone Who Wants to REDUCE!

Butter-Krust
