

WAR PLEADS FOR EUROPEAN TRUCE

Battle Looms on U. S. Foreign Policy

CONGRESS FORMS LINES OF BATTLE AFTER FDR TALK

By LYLE C. WILSON  
WASHINGTON, April 15 (UP)—President Roosevelt's heated stormy talk today for an early conflict over foreign policy has divided Congress into two camps, one in favor of a more aggressive line and the other in favor of a more cautious one.

Force Threatened  
1. Force will be used to repel any unprovoked attack to the western hemisphere. U. S. economic aid is available to Latin-American nations if needed to meet dictatorial challenges on that front.

2. The United States takes the lead in mobilizing the official sympathies of western nations against any European nation which resorts to war for purposes of conquest.

Means Short of War  
3. In event war comes the United States will not stand quiescent on the sidelines but can be expected to employ "methods short of war" to make its influence felt.

Following Mr. Roosevelt's pledge of economic support and to match "force with force" if necessary to defend the western hemisphere, Hull told the governing board last night that this half of the world refused to accept an international order based on "force-politics" and warned that the United States would not permit such a system to be imposed on the world and will fight to preserve their independence.

COUNTERFEITERS TERMED GUILTY

CHICAGO, April 15 (UP)—Franklin J. Parker, 42, and August Engelhardt, 28, faced maximum sentences of two years imprisonment and \$5,000 fine for their part in a plot to circulate \$1,000,000 worth of counterfeit money.

A jury in U. S. district court found them guilty last night of conspiracy to pass and pass false money. Engelhardt was found guilty also on a separate count of having possessed counterfeit money, for which he could receive an additional sentence of 15 years and another fine of \$10,000.

Engelhardt already is serving a sentence for conspiracy to pass counterfeit money in the Federal penitentiary at San Francisco. He was brought here for trial.

OLD-TIME STAGE DRIVER, 91, DIES

COVINGTON, April 15 (UP)—An old-time stage driver, 91, died today after a long illness. He was a well-known figure in the community and had driven stagecoaches for many years.

One of the oldest settlers in this county, he was born in 1848. He was a member of the Grand Old Men of the county.

U. S. Fleet Ordered to Pacific Base

WASHINGTON, April 15 (UP)—The U. S. fleet was ordered today to depart for the Pacific coast as soon as possible.

The orders to the fleet canceled engagements for it to appear in New York in connection with the opening of the World's fair and a special grand review before Secretary of Navy Claude A. Swanson and members of congress off Norfolk, Va., next week.

The fleet was directed to return to the "normal operating areas of the Pacific" as soon as refueling of vessels can be completed.

The fleet has been in the Atlantic since January and is expected to arrive in the Caribbean area in February and then proceeding up the Atlantic to various bases during the last few weeks. Most of it now is concentrated around Norfolk.

TAYLOR LASHES CASSIA SENATOR FOR STATEMENT

BOISE, April 15 (UP)—Atty. Gen. J. W. Taylor today accused K. C. Barlow, Cassia county, senate finance committee chairman, of broadening false statements regarding funds available for the attorney general's office for the biennium.

"If you knew your statements were false, you can name yourself," the attorney general wrote. "If you did not know they were false, you were so anxious to justify action of the legislature that you disregarded the facts completely. In either event, your conduct was reprehensible."

The attorney general quoted a statement by Barlow printed in a Boise newspaper of March 12: "The legislature in addition, retained the attorney general's office of the need to pay \$17,000 for services of three attorneys to do special work in the highway department, the department of public investment in the investigation of endowment fund loans and for the local board."

Barlow, who was made to a chamber which had accepted the crown of Albania for Italy's King Victor Emmanuel. The chamber later approved an ordinance of a king making the king as ruler of Albania.

Friendly with Albanians  
To both Italians and Albanians in the chamber, Clark explained that Italy had long been friendly with the Albanian people and that its quarrel had been only with the king, Zog, who "from the very beginning always showed a hostile attitude toward Italy."

He assured the chamber that Italy's occupation of Albania constituted no threat to neighboring Yugoslavia.

Brandis Statement False  
The attorney general branded this statement and one that the attorney general's budget was reduced only \$1,023 below last biennium as "false."

"The reduction was \$2,835," he said. "You evidently intended people to believe that I was left with sufficient additional funds on hand to conduct the cases which had to be dismissed for lack of funds."

Either you or other persons interested in the promotion of the falsehood have distributed it widely throughout the state in the way of a deflection of blame for the cashing of papers, of course, which amounts to a charge of fraud.

ITALY SETS TIME FOR REMOVAL OF TROOPS IN SPAIN

ROME, April 15 (UP)—Italian troops will be withdrawn from Spain after Gen. Francisco Franco's triumphal entry into Madrid early in May, Count Galeazzo Ciano, Italian foreign minister, said today.

In a speech to the chamber of fuses and corporations explaining the events leading up to Italy's occupation of Albania, the son-in-law of Premier Benito Mussolini said that the fundamental element of Italy's foreign policy is and will remain the Rome-Berlin axis.

He praised the attitude of Italy's friends—Spain, Hungary, Japan and Yugoslavia—during the Albania occupation, and added:

"The axis is a formidable instrument which works in an identical manner both in Berlin and in Rome. The fundamental instrument of Italy's foreign policy is and will remain that axis."

He assured the chamber that Italy's occupation of Albania constituted no threat to neighboring Yugoslavia.

SEES PEACE AID IF NATIONS WILL STOP TO CONFER

WASHINGTON, April 15 (UP)—President Roosevelt in a pointed message today called on Chancellor Hitler and Premier Mussolini to give assurances that they planned no further march on the independent nations of Europe and the near east in the next 10 years, at least.

The President's message to them invited them to sit around conference table with other nations, including the United States, to work out a program of arms reduction and trade improvement.

"I am convinced," the President cabled to both leaders, "that as one of the nations of the world peace would be greatly advanced if the nations of the world were to obtain a frank statement relating to the present and future policy of governments."

Because the United States, he added, "as one of the nations of the world peace would be greatly advanced if the nations of the world were to obtain a frank statement relating to the present and future policy of governments."

Lindbergh Arrives In U. S. from Europe

ENGLWOOD, N. J., April 15 (UP)—A special policeman guarding the gate of Mrs. Dwight W. Morrow's estate said the only evidence today that her son-in-law, Col. Charles A. Lindbergh, was a guest.

The flier arrived last night on the liner Aquitania, shielded from reporters and left the dock in a small sedan driven by a chauffeur and containing an unidentified man. The automobile was believed the same one that Mrs. Morrow's estate at 11:30 p. m., followed by another loaded with baggage.

The difference between the boyish "Lucky Lindy" who returned to an idolatrous United States in 1927 after his famous flight to Paris and the stern Col. Charles A. Lindbergh who reappears on the American scene in 1939, is the difference between an exciting book of adventure fiction and a weighty tome on international politics.

Twelve years ago he was a hero doted in shining armor, important only as a symbol of young American courage and the pioneer spirit.

Today he comes as a world figure of a sober sort, a man whose opinions actually appear to have affected the turbulent course of international events and who like all world figures is both revered and feared.

After the tragic kidnapping and death of their five-year-old son, the Lindberghs emigrated in 1935 to Sweden, where they resided for a period of two years.

## Egg Case Halted For Check-up on Firm's Records

Because sales records showed conflict over egg receipts, preliminary hearing of W. C. Custer, charged with embezzlement of 108 cases of eggs, was abruptly halted today to resume at 10 a. m. Monday.

Probate Judge C. A. Bailey granted the continuance on motion of Prosecutor Everett M. Sweeney.

During the interval, David W. Newton, Las Vegas, Calif., complaining witness against Custer, will audit records of his Coast Egg Products company. Custer was an employee of that firm and Newton asserts he took the eggs between Jan. 1 and March 1 of this year.

Mr. Sweetley called Newton to the stand at the hearing this morning, and the Californian's testimony showed that the original 108-case figure had been reduced to 87 cases, with uncertainty over purchase rec-
