

FEARS ABANDONS PLAN FOR LAW ENFORCEMENT CONSOLIDATION

FEARS FORMING OF GROUP TO TAKE SOVIET'S OGPU

WASHINGTON, April 27 (UPI)—President Roosevelt has abandoned plans to consolidate treasury law enforcement agencies, fearing they might be the first step in the development of a centralized secret police such as the German Gestapo or the Russian OGPU.

Secretary of the Treasury Henry Morgenthau, Jr., who has long cherished the idea of consolidating the department's enforcement agencies, was personally responsible for the President's decision to drop the plan.

Morgenthau had authorized a source said, told Mr. Roosevelt his fear that such a step might lead to further consolidations and a powerful centralized police agency such as political dictators have utilized in suppressing all opposition. Morgenthau had in mind the possible eventual consolidation of his enforcement units with the justice department's federal bureau of investigation.

Plan to Congress

The President, who had planned to send the consolidation plan to congress next week in the second of his reorganization proposals, was said to have agreed with Morgenthau.

Treasury experts have worked for several weeks preparing plans to place the secret service, the narcotics bureau, the internal revenue intelligence unit, the customs border patrol and alcohol tax unit in a single division under a coordinator.

Abandonment of the law enforcement plans was expected to confine the President's next reorganization proposals to certain interdepartmental shifts.

Conservation Shift

Foremost among the contemplated shifts, according to an informed source, was the transfer to the interior department of various conservation agencies such as the forestry service and bureau of biological survey from the agriculture department and the bureau of fisheries from the commerce department.

The President also will propose transfer from the commerce department to the coast guard of the bureau of marine inspection and navigation and the lighthouse service.

Eventually the administration intends to propose the creation of a new department in charge of all transportation activities.

SILVER BLOC MAY ASK PRICE BOOST

WASHINGTON, April 27 (UPI)—The senate silver bloc may demand that the domestic silver price be pegged at 77.57 cents an ounce in return for its support of a bill to extend President Roosevelt's emergency monetary powers.

Chairman Key Pittman, D. Nev., of the special senate silver committee, has sent letters to silver state senators asking whether they would support such a demand on the President and Secretary of the Treasury Henry Morgenthau. The President may fix the price of silver by proclamation.

House Approves

The house has approved and sent to the senate a bill to extend to June 30, 1941, monetary powers vested the president during early New Deal years, including the \$2,000,000,000 stabilization fund, authority to regulate the gold content of the dollar, and the silver purchase program. Those powers expire this spring.

Loss of Work

Pittman declared the reduction of the domestic silver price from 77.57 to 64.64 cents an ounce had resulted in loss of work for more than 200,000 persons in regions where silver is mined.

Pittman's letter was sent to Sen. Alvin B. Adams, D. and Edwin C. Johnson, D. Colo. Robert D. Thomas, D., and William H. King, D. Utah, Henry F. Ashurst, D. Ariz. and Carl Hayden, D. Ariz. Carl A. Hatch, D., and Dennis M. Chavez, D. N. M.; Pat McCarran, D. Nev.; James E. Murray, D., and Burton K. Wheeler, D. Mont.; William E. Borah, R., and D. Worth Clark, D. Idaho; Henry W. Johnson, R., Calif.; and Sheridan Downey, R., Calif., and Elmer Thomas, D., Okla.

Feed Endangered By Driest Spring

BOISE, April 27 (UPI)—The driest spring season in 30 years is threatening the feed situation for Idaho cattle and sheep, James O. Heck, district grainist, said today.

Prolonged drought on the lower ranges has dried out early spring feed and cold nights on the higher elevations has retarded growth. Livestockmen hope to combat the situation by early marketing.

COMPROMISE ACCEPTED

BOISE, April 27 (UPI)—A compromise verdict of \$542 was accepted today by Keith Pauley, Idaho hotelman, awarded him by Federal Judge C. O. Cavanaugh against Lewis, Inc., and Metro-Goldwyn-Mayer film corporation for feeding 200 hungry Indians during filming of "North West Passage" at McGill last summer.

LIQUOR SUPERVISORS

BOISE, April 27 (UPI)—Max Bechfield of Lewiston, Earl J. McLaughlin of Preston and Robert M. Givens of Idaho today were appointed district supervisors of the state liquor department, Manager G. O. Wright announced.

Posses Join in Hunt for Maddened Farmer, Slayer of Four

REPEATING RIFLE USED TO MURDER 2 MEN, 2 WOMEN

PARIS, Tex., April 27 (UP)—A posse of 100 men, armed with shotguns and rifles, passed through the red river bottoms today for Marion Mackey, 34-year-old farmer who killed three of his neighbors because their chickens got in his garden and a fourth neighbor against whom he held an old grudge.

He had fled on foot into a timbered section of the bottoms, which run along the Texas-Oklahoma line, carrying the repeating rifle he used in a hasty attempt to avenge himself against a farming community south of here which knew him as a quarrelsome, brooding neighbor.

His victims were J. W. Snow, 79, a farmer; Snow's two daughters, Mrs. Leo Dennis and Mrs. Willie Kemmer; and Dee Chandler, another farmer.

Dewey, Vandenberg, Nose to Nose

These two noses, pictured here intimately, are attuned to the scent of the 1940 political trail. Left, Thomas Dewey, New York district attorney, and Senator Arthur Vandenberg of Michigan, caught candidly at Washington session of American Society of Newspaper Editors.

Ignores Wife's Pleas

Late yesterday he went to the Snow farm home and remonstrated with them for not keeping their chickens out of his garden. The argument, an outcropping of an old grudge held by Mackey, became heated and he stalked off across a quarter-section fence into the woods. "I'm going to kill that whole damn family," he told his wife. He picked up his rifle and, ignoring his wife's pleas for sanity, started back to the Snow place walking.

His wife got in their automobile and drove slowly along beside him, pleading every step of the way she said, for him to refrain from violence.

Fire Eight Shots

Her plans were unavailing. She stopped the car at the Snow's front yard and watched, helpless, as he approached the family group and, without a word, began firing the rifle, pumping it, and firing again. In all he fired eight times.

The elder Snow, Mrs. Dennis and Mrs. Kemmer fell mortally wounded. Snow's wife was struck and wounded seriously and Leo Dennis was critically wounded.

Dies Instantly

Apparently believing all were dead, Mackey then struck out across the fields for Chandler's farm, a mile and a half away. He found Dee Chandler, with whom he had often quarreled, pleading. He approached to within a short distance and took aim. Chandler died almost instantly. Then the maddened killer fled.

Mrs. Mackey, in a heroic over the tragedy, said her life had been miserable for two years watching one quarrel after another for her husband. She believed he had come into the bottoms after the slaying and committed suicide.

Ho, Hum! Barrymore and Elaine Separated Again

ST. LOUIS, April 27 (UP)—The unrepentant romance of John Barrymore and Elaine Barrie, which the Hollywood script writers has matched on the screen, reached another quarrelsome chapter today.

It may go to another divorce, there has been one. Or it may go on to another reconciliation, they have been several.

Barrymore, 57, who became famous on stage and screen by mixing love to use his own words, "passionate fire-alarm love," confirmed last night that he and Miss Barrie, 24, his fourth wife, had parted.

They are appearing at the American theater in the play, "My Dear Children," where a father in the show, she is one of three daughters, with whom he has a good deal of trouble, so much in fact that he has taken her across his knee and spanked her. The actress said he spanked her a "usual" way last night. After the final curtain he avoided himself in his dressing room.

He sent a note to newspapermen saying that Miss Barrie would withdraw from the cast Saturday at the end of the show's St. Louis run. Finally he revealed the separation.

Constant Arguing

"Things have reached such a state through constant arguing and general incompatibility that we are going to separate," he said.

"There is nothing definite about a divorce. We just can't get along. If there is any divorce action, she will file it."

"Naturally, she being a member of the cast, were still acting together. The plays the third."

Miss Barrie continued she would stay on until Saturday but declined to say whether she would the salt for divorce. She revealed she had been living in a separate suite at Barrymore's hotel for a week.

LINER TO BRING KING FOR VISIT

LONDON, April 27 (UP)—Prime Minister Neville Chamberlain announced in the house of commons today that the battleship Repulse, one of the strongest units of the British fleet, will not take the king and queen on their trip to Canada, as previously planned.

The Repulse will travel on the chartered liner Empress of Australia, Chamberlain said.

The change was made because of the tense European situation. The government felt that the Repulse may be needed at any time for service in European waters.

It has been pointed out the Repulse is the only big-gun ship in active service capable of overhauling and destroying the German "pocket" battleships.

"The king and queen will sail on May 6," Chamberlain said the Empress of Australia will be escorted by warships.

The Empress of Australia is the former German liner Tirpitz.

ICKES DENOUNCES GERMAN LEADERS

WASHINGTON, April 27 (UP)—Secretary of Interior Harold I. Ickes denounced German leaders as a "murderous, selfish and traitorous" character, and "a threat to the peace of the world."

In a nation-wide radio broadcast last night, Ickes said the United States was proud to offer a haven to the exiled scientists, artists and men of letters from Germany who have "witnessed scenes of desolation and terror. Have seen what happens to culture and to all the sacred values of civilization when a sterile and brutal intelligence is permitted to make a shambles of the rights of humanity, a shambles of the fruits of the spirit."

Ickes' name has long been anathema in Germany. He has refused to permit the Nazis to buy non-inflammable helium, of which this country has a monopoly, for their dirigibles. He has denounced the Nazi regime frequently and bitterly, and last December, when he said it was an insult to the dark ages to compare the highest achievements of the present German regime to the German chieftains, Hans Thamm, demanded a public rupture with the state department. Sumner Welles, acting secretary of state, declined bluntly.

In view of that and of Hitler's speech last night, Ickes' speech last night had dramatic value. Officials here believe Hitler is almost certain to reject Mr. Roosevelt's peace message but whether he does or not, it will probably mark a turning point in American-German relations.

PAUL BEET PAY SCALE COVERS VARIATION

Although minimum wage rates for sugar beet labor have already been announced for south-central Idaho, variations caused by special circumstances are also provided for under rulings of Secretary of Agriculture Henry A. Wallace according to Ray W. Lincoln, secretary of the Twin Falls County Agricultural Conservation Association.

One variation, Lincoln said, comes in the topping and loading operations, which are performed by different workers. In that case, 30 per cent of the minimum scale must be paid for the loading.

"Unusual Circumstances"

Another important provision the conservation secretary pointed out, is this:

"If because of unusual circumstances, it is essential to employ labor on other than a piece rate basis or if the use of special machine methods of cultivation or harvesting require the amount of labor required as compared with the common method in use in south central Idaho, the minimum wage rate is to be that agreed upon between the producer and the laborer."

"That provision would care for possible inflation of the rate of labor, which is said to change beet production methods drastically."

AAA Most Approve

Lincoln said, "the rate must be approved by the Idaho AAA committee as being equivalent to the piece rate specified for such work in the determination. When wage rates higher than the minimum scale are agreed upon between growers and laborers, the payment of such rates is required."

Lincoln explained the determination also provides that in such unusual cases, the producer is to furnish to the laborer, without charge, such necessities as are customarily supplied by him, such as a house and garden plot.

The standard minimum beet labor scale for use in ordinary circumstances—provided the grower desires to qualify for federal benefit payments—ranges from \$1.30 per ton for topping and loading to 85 cents per ton for higher yielding and blocking and thinning rates start at 58 cents. The scale, which is four per cent

TAXES SHOW 640 PER CENT GAIN

BOISE, April 27 (UP)—Idaho taxpayers paid out 640 per cent more U. S. taxes in 1938 than in 1929, L. F. Parsons, secretary of the Idaho chamber of commerce said today.

Parsons said federal taxes collected in Idaho in 1938 totaled \$6,233,308 compared to \$968,067 in 1929.

Reichstag Men Jam Berlin for Hitler Speech

FUEHRER WORKS ON FINAL PHASE OF FRIDAY TALK

BERLIN, April 27 (U.P.)—Nazi Reichstag members, expecting a historic meeting began arriving in Berlin today to hear Adolf Hitler address them at noon tomorrow, to give his answer to President Roosevelt's peace appeal and British conscription plans.

Nazi propaganda chiefs made arrangements for the speech to be broadcast through the Reich, and made available for street crowds, industrial and office workers, school children and people in homes.

Hitler was reported working over the final draft of his speech, taking into account Prime Minister Neville Chamberlain's conscription statement of yesterday in his study at his new chancellery.

He took time out to attend the revue "Melody of the Night" at the Metropolitan theater last night, with the American dancer Marian Verne as a featured number of the cast. Several weeks ago Mrs. Verne, at Hitler's invitation, danced before Hitler at a private party at his chancellery.

As Hitler prepared his speech, an article in the Nazi storm troop organ, written by an officer of the war ministry, outlined plans under which the entire storm troop organization, numbering perhaps 1,500,000 men, might be converted into an army reserve under a decree of last January, entrusting pre-military and post-military training to the storm troop corps.

Work to Break "Peace Front"

The article said that it was necessary for a storm troop officer to be a reserve officer at the same time and that "the ideal condition is attained when the storm troop leader commands as a military officer the same body of men he commands in the storm troops."

As Nazis awaited Hitler's speech, they waited to break the British-French "peace front," Field Marshal Hermann Goering, Nazi No. 2, compared with Yugoslav Foreign Minister Alexander Cincar-Markovitch, a moment less than two hours last night.

Compt Paul Telci and Count Stephen Czakay, Hungarian premier and foreign minister, were expected here Saturday.

Hitler's speech will be broadcast to the world, and U. S. listeners who want to hear their sleep may hear it at 4 A. M. MST Friday.

JAPANESE OPPOSE DEMOCRACY SNUB

TOKYO, April 27 (U.P.)—Premier Kuniida Hirouma is planning to invite the German and Italian ambassadors to a conference in which he will explain Japan is unwilling to embark in a general front against the democracies.

However, Baron Hiranuma will offer a compromise under which Japan would join such an alliance if Britain and France enter a military alliance with Russia, which would be considered a menace to Japan.

The compromise includes three points:

1. Japan would enter a military alliance with Germany and Italy directed exclusively against Soviet Russia.

Constitutes Menace

2. The alliance would be broadened if the democracies became allied with Russia and constituted a menace to Japan.

Under the anti-Communist pact, Japan, Germany and Italy would exchange information and military supplies.

It was understood the Japanese government strongly resented a German proposal that President Adolf Hitler be enabled to include announcement of Japanese support in important speeches.

Some representatives were that Berlin is unwilling to accept the Japanese compromise proposals but that the Japanese are firm against further commitments.

Some representatives were that the pressure from Berlin, demanding Japan use its influence to antagonize the democracies further unless the Soviet issue is involved.

Present close to Hiranuma reported the premier is willing to stake the cabinet's life upon his determination to avoid a broad involvement against the democracies.

960 MEN REVEAL HOW OLD QUAKER SAVES MONEY!

"OLD QUAKER is Mild! Smooth! Rich in Flavor!" Say 960 Out of 1,000 Men—Superior Old Blend, Low-Priced Whiskey Tastes Like a High-Priced Brand!

There's good news for you in the result of a dramatic whiskey survey among 1,000 men, who were asked to try Old Quaker and say frankly what they thought of it.

Not one of these 1,000 men knew the name of the whiskey he was judging. They got out of 1,000 bottles of Old Quaker's rich, mild mellowness, its delicious taste!

If you agree with these 960 men, you can probably get your whiskey bill a little "try Old Quaker and see for yourself."

Meddling or Recovery? Dworshak Warns U. S.

Americans must decide whether our country is more concerned about meddling in affairs on other continents, or in solving our domestic problems and preserving our form of self-government," Cong. Henry C. Dworshak informed the Evening Times this afternoon.

The militant Idaho congressman's warning to America came in a statement made in answer to an Evening Times query.

His Attitude

Dworshak pointedly asserted that the administration, regarding the United States by displaying obvious sympathy for the "democracies," as opposed to Adolf Hitler. He declared that analysis of various viewpoints points to the conclusion that we will flare in Europe only on the President's promise of help to the democracies.

Said Mr. Dworshak: "The American Society of Newspaper Editors, has been in session in the capital, and members have been exchanging views and getting the 'lowdown' on the international situation."

"The most potent question in this country today, according to the editors, is whether there is going to be a war in Europe, and if there is one, whether the United States will be involved. This question overhangs domestic problems of recovery, relief and unemployment, which remain perplexing. Likewise, editors reported that the people want to know whether a war psychology is being created here or whether sentiment is a normal reaction to European events."

Up to U. S.

"A correspondent of the International News Service who has been stationed in Rome advised the editors not to take the current 'stop Hitler' movement too seriously, and then predicted there would be no war unless the United States is willing to become involved. He declared the so-called democracies, Great Britain and France, believe they are not strong enough to clash with the dictators, and they won't fight until they think America is on their side."

"If this is the realistic picture Americans are receiving information which should arouse them to the imperative need of action. Though Hitler replies to the President's proposal for a peace conference and states that he is unreasonable to expect Germany to consider the President as an impartial arbiter, there are bound to be widespread reverberations in this country."

"Surely in some person fails to detect the sympathy which the President has displayed for the democracies."
