## POLES SEIZE OFFENSIVE IN DANZIG DISPUTE

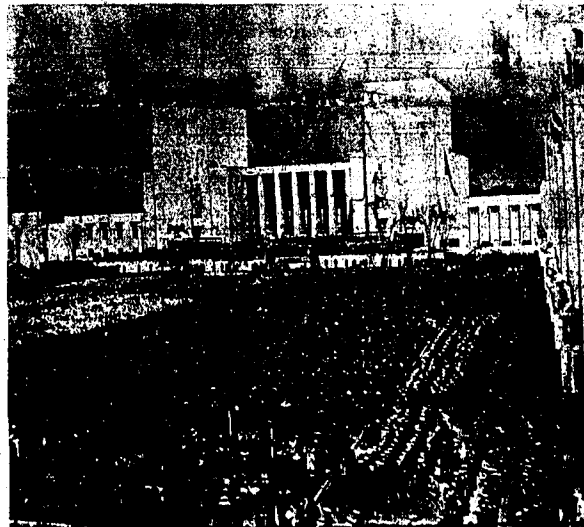

### Lindy Warns U. S. to Start Immediate Plane Research Expansion

They Seem "Fairly" Happy

In high spirits, as befitting the occasion, President Roosevelt, New York Mayor LaGuardia and Mrs. Roosevelt are pictured at the opening of New York World's fair. High spot of the first day ceremonies was a speech by the President from the federal building.

#### The Dedication of World's Fair

Fifty-five thousand first day New York World's fair visitors jammed into the Court of Peace to hear President Roosevelt's speech dedicating the fair to peace and good-will among the nations of the world. Above is general view of the scene as the President stood before the federal building to make his opening day address.

#### BRITAIN ORDERS GERMANS HOME

LONDON, May 2 (U.P.)—The home office prepared today to order more than 50 Nazis to leave Britain before the end of the month. The home office acted on information supplied by the special branch of Scotland Yard.

It was understood the number already expelled in the last week was larger than had been announced. It was reported those to be expelled include the young society woman, Frieda von Grunow.

The expelled Nazis are being cleared as "undesirable." Although some Germans are approached by Scotland Yard are journalists, it was understood the latter are suspected only of connection with activities of Nazi organizations.

#### Japanese Village Disappears in Sea

AKITA, Japan, May 2 (U.P.)—Police authorities were advised today that the entire village of Akita had disappeared into the sea as the result of a tidal wave which followed an earthquake.

Seven of the village's 300 inhabitants were killed and most of the remaining ones were injured or missing.

#### Oddities

By United Press

TULSA, Okla., Aunt Lizzie Dwyer was 108 today and "gave" an owl in a "barren" barn. She celebrated by taking her first airplane ride, telling her son he "just got in."

CHARGE — Charles Hawk-Kim, 40, San Francisco, asked the superior court today to adjudge his wife's interdictory divorce and grant one in his favor that would include \$70 a month alimony for himself.

WAIM — They kept the heat turned on today in the cell assigned to Ken Nakamura, 47. Police took the Japanese into custody on suspicion of vagrancy.

"Changing into jail clothes, Nakamura stripped off two pairs of pants, a woman's pajama, four pairs of underwear, and a bathing suit."

"I wear 'em all," he said, "but I can't catch 'em."

BLACKMER MARRIED — PARIS, May 2 (U.P.)—Henry Blackmer, New York and Colorado oil man who has been living in France since the Teapot Dome scandal, announced through his lawyer today that he had been married on Feb. 1 to Edna Norcia, an American opera singer.

#### SPORTSMEN BACK HARVEY'S CHOICE

Expressing his personal opinion as being in favor of the move which made Harold H. Harvey, Buell, director of the state fish and game department, to the political arena of the southern Idaho fish and game association this afternoon declared the action "a benefit to sportsmen and a blow to the political arena which have been, and are still being made by certain individuals and groups."

Harvey, Buell's secretary of the Twin Falls Chamber of Commerce, was named to succeed Dr. A. B. Hatch. The selection of Harvey to take the post was announced yesterday.

In commenting on the "blow" to political action, Buell did not mention any names but added: "I will know whom I mean."

He continued by congratulating the commission on the action taken and said it would be for the best interests of all sportsmen.

At the same time Milton Powell, Twin Falls prominent sportsman, said he also approved of the appointment of Harvey.

"Each an office should have an owner and an executive instead of a committee and I am in favor of the selection of Harvey to the position on the proposed amendment. It is filled with tickle and satisfaction."

Likewise J. W. Thayer, Buell, president of the Frontier club, said the club had "always had faith in the selection of Harvey."

#### AIR AGE POINTS TO GERMANY AS WORLD'S LEADER

LANGLEY FIELD, Va., May 2 (U.P.)—Col. Charles A. Lindbergh predicted today that unless the United States begins immediate expansion of aviation research facilities it will be unable to catch up in five years with the European powers.

He made the statement privately to a group of government officials and aeronautical experts with whom he dined aboard a Potomac river steamer en route from Washington to this aviation center. He was one of a party of 400 that witnessed a national advisory committee for aeronautics demonstration of new discoveries and devices that will make possible aircraft speeds never before attained.

Outstripped in Late Years — Lindbergh, a member of the NACA, a semi-official agency, declined to discuss any subject with the press. But it was learned he told the group of officials last night that five years ago the United States led the world in aviation research, and was outstripped only in the last few years.

He placed Germany at the top of the list in research, and said Great Britain was second, with Italy and France tied for third. Soviet Russia, he indicated, was not an important factor in aeronautical research.

New Type Wing — Among the latest scientific developments revealed for the first time by the NACA today at the army's research station here were:

1. A new type wing that greatly minimizes wind "drag" and makes possible unprecedented, but untried speeds.
2. New types of wind tunnels that will eliminate much of the guess work in the creation of larger and speedier aircraft.
3. New type cowling, windmills and propellers that will make possible speeds in excess of 500 miles an hour without the occurrence of

#### DOCTOR BLAMED FOR WITCH BREW

PHILADELPHIA, May 2 (U.P.)—Corroboration was sought by investigators today of a statement by a member of Philadelphia's insurance murder syndicate that a physician supplied the arsenic solution that was used to kill scores of victims.

Herman Perillo, 40, bald spaghetti salesman, convicted of first degree murder with a jury recommendation of death in the electric chair, told police that the "witches' brew" used to kill victims and make it appear as though they had died of natural causes, was made by a doctor and obtained by his syndicate through an intermediary.

Police quoted Perillo as saying he received the solution through David Beatt, a former University of Pennsylvania veterinary student who has been held without bail on blanket murder and accessory charges. It was believed, however, that Beatt was merely the "straw man" between the syndicate and the doctor, who denied any criminal responsibility.

#### Green Fires New Blast on John L. Lewis

WASHINGTON, May 2 (U.P.)—President William Green of the American Federation of Labor today declared his rival, President John L. Lewis, the head of the United Mine Workers, was "a man of no account."

Green made the charges before the Senate Labor committee in support of an amendment to the Wagner labor relations act proposed by the AFL, which would strip Lewis of his leadership of the National Association of Manufacturers and "other enemies" of labor.

A letter to committee members, Lewis said he possessed documentary evidence to support his charges and requested that Green be asked certain questions in connection with them.

"The purpose of the bill is to strip Lewis of his leadership of the United Mine Workers and to strip him of his leadership of the proposed amendment. It is filled with tickle and satisfaction."

"I am sure no member of the committee will be deceived or misled by it, even though that may have been the intent of Mr. Lewis."

#### No Trace Found of Suicide In Pendergast Indictment

KANSAS CITY, May 2 (U.P.)—The Missouri city yielded no trace today of Edward L. Schneider, close business associate of Democratic boss Thomas J. Pendergast, and a key witness in federal prosecutions of Pendergast, and federal authorities investigated the theory that he had committed suicide.

Schneider had been before the grand jury frequently. Friday, he made a detailed statement concerning the affairs and incomes of Pendergast from the eight corporations which he controls and of which Schneider is an official. The next day a federal grand jury returned the Democratic leader, presumably on evidence that Schneider had given.

In Schneider's car officers found two suicide notes. One was addressed to his wife, the other to Phil Atkins, a business friend.

#### Mayor Opens Battle To Replace Attorney

Serving notice on other members of the city council that he would "not advise with or otherwise use" Harry Benoit as city attorney if his selection to retain that post is insisted upon, Mayor Joe K. E. Koehler today had declared he would renew a motion that Lionel T. Campbell be named in Benoit's place "at every meeting of this council while I am mayor."

Koehler, only a few minutes after he was sworn in as head of the city government last night, made his declaration in the form of an amendment to a resolution offered by Finance Commissioner Paul T. Tater in the effect all principle city employees except one be retained to their posts.

The exception was Harry Benoit, the chief under Duane Mel, Johnston and engine driver under Lewis A. Chaplin. He was not retained under the resolution and chosen to the department to fill his vacancy was Harry Benoit, the chief under Duane Mel, Johnston and engine driver under Lewis A. Chaplin.

After Koehler filed offered his resolution asking appointment of Campbell instead of Benoit as city attorney, the other four members of the governing body of the city voted against its adoption. The original resolution, containing the name of Benoit for attorney and also 34 other office holders, was then brought to vote with Koehler voting an emphatic "no" against its adoption.

In offering the amendment which, if adopted, would have seen Campbell take Benoit's place, Mayor Koehler said "I was advised by"

#### DICTATOR POWER ASKED FOR HEAD OF POLISH STATE

By United Press

Poland sought to seize the offensive from Germany in Europe's most serious immediate quarrel today by adopting Nazi methods for defense of Danzig and the Polish corridor.

The Warsaw government, decided to ask parliament to grant dictatorial powers to President Ignacy Moscicki until next November and, at the same time, formulated counter-proposals to be announced on Friday when Foreign Minister Josef Beck outlines the government program.

Beck is scheduled to reject Adolf Hitler's demand for return of Danzig to the Nazis and for a German motor highway across the corridor to East Prussia. He also is believed likely to propose a Polish protest against Danzig, which now is under joint Polish and League of Nations administration.

Nazi Press Demands Poland — The Nazi press denounced Poland in the strongest terms of many months, creating a belief that Hitler might be starting to apply the full force of German pressure against the Warsaw government. German newspapers also attacked Great Britain for equipping Germany with Nazi activities. It was understood in London that more than 50 Nazis were being ordered to leave England.

While the Poles took a strong stand to strengthen the European anti-aggression front, the British government continued hesitant toward concluding all alliance with Russia.

Long-standing fears of a Japanese government leaders of Communism appeared to be less of an obstacle than concern over arousing antagonism of other countries, including Japan. The Japanese virtually have threatened to join a military alliance with Germany and Italy if Britain concludes an alliance with Moscow.

Threat for Break-up — The threat was intended to break up the British-French efforts to bring Russia into the anti-aggression front and there were some indications that it might succeed unless the situation in Europe becomes so

#### CUT ORDERED IN WPA WORK ROLL

WASHINGTON, May 2 (U.P.)—Works Progress Administration F. C. Harrington today ordered a 200,000 reduction in federal relief quotas to bring WPA enrollment down to 2,000,000 persons by May 8.

The reduction, which follows a similar cut in April, was made necessary when congress last month passed \$50,000,000 from President Roosevelt's requested \$100,000,000 deficiency relief bill to carry WPA until June 30, end of the fiscal year. Three two-shares will be followed by an additional 200,000 cut in June to bring total rolls down to 2,400,000 by July 1, beginning of the 1940 fiscal year. Other reductions will follow in accordance with the President's announced plan to hold the rolls to an average of 2,000,000 in the next fiscal year.

WPA officials said today's reduction in quotas will mean a cut of slightly less than 200,000 in actual employment because WPA in recent days has been filling voluntary vacancies on projects as they occurred.

The cuts by states included: Idaho, 1,170; Minnesota, 1,030; Utah, 1,030.

#### Gehrig Goes To Bench as Streak Ends

DETROIT, May 2 (U.P.)—Lou Gehrig, the iron man of baseball who compiled a world record of playing in 2,130 consecutive games for the New York Yankees, benched himself today.

His once mighty bat, slumped and his powerful legs gone, Gehrig went to Manager Joe McCarthy of the Yankees before today's game with the Detroit Tigers and asked to be taken out of the line-up.

"The whole team isn't going so good," Gehrig said. "I'm not going so good myself so I think it would be better for me to get out of there for a while."

McCarthy assented and sent Babe Ruth, utility infielder, to first base.

#### Coast Residents Fear 'Blow Up' of Active Volcano

PARSONS, Calif., May 2 (U.P.)—Smoke and steam gushed from the crater of Mt. Lassen today and residents of this area were uneasy for fear the mountain "blow up" as it did 25 years ago.

Lassen Volcano, once active, however, attributed the "blow up" to the mountain's eruption in 1914. The eruption was the most violent in the history of the state and was the only one in which the volcano was active for more than a month and a half.

# POW AND EXTENDS EMERGENCY POWERS TO PRESIDENT

## TESSION GROWS AFTER GERMANY DANZIG DEMAND

WARSAW, Poland, May 2 (AP)—The government decided today to ask parliament to grant President Ignacy Moscicki emergency powers until next Nov. 1.

Under the emergency powers, President Moscicki will regulate all economic, financial and defense matters without parliamentary action, except changing the value of the zloty, which will be kept at its present level.

The action was taken because of the present tension over Danzig.

The cabinet decided on the text of the emergency powers bill at a meeting this morning. It will be presented to parliament on Friday after a speech by Foreign Minister Josef Beck, replying to Adolf Hitler's Danzig demands.

**German Newspaper Boycott**

As the government considered Beck's reply, a boycott was imposed on German newspapers by the Association of Polish Newspapers.

As the association controls the greater part of newspaper circulation throughout Poland, the boycott means that distribution and sale of German newspapers on newsstands throughout the country will be curiously sharply effective today.

The association, voting unanimously to impose the boycott based on action on the insulting tone of the German press.

**Final Conference**

Hans-Adolf von Trolke, German ambassador, was expected here today after an absence of nearly one month, for final conferences with Josef Beck, foreign minister, before the government committed itself definitely on Polish-German problems.

It was indicated plainly that the government, far from accepting German's demands for cession of Danzig and for a strategic road through the Polish corridor to connect East Prussia with Germany proper, intended to advance to Lipinski, new Polish demands for increased rights in Danzig, was understood that for one thing Poland would demand the right to protect its interests in Danzig harbor by means of a militarized police corps.

## MAYOR BATTLES TO OUST BENOT

(From Page One)

members of this council on last Friday evening that this was the only patronage the mayor has.

Continuing the reading of his resolution he said:

**No Control**

"Regardless of the merits of a situation where the mayor of a city has no control over the appointment of city employees, I have not seen fit to cause dissension in this council by opposing the ordinance in any other respect. The young gentlemen whom I have selected, so far as I have been able to ascertain, enjoy a most favorable reputation as a man, and is generally recognized as one of the advancing young lawyers of this community, and it does seem to me, if my selection of Mr. Chaplin is to be disapproved by the council, the only reason by which this could properly be done is by the members of the council to show that he is not honest, moral, sober or competent, and until this is done I shall renew this motion at every meeting of this council while I am mayor."

In opposing the resolution of Harry Benoit, I am not actuated by any personal animosity towards him or towards any member of this council. Harry Benoit courageously and bravely opposed my candidacy for mayor, in both the recent elections, which was his right and privilege as a citizen. I do feel, however, that I am entitled to select as city attorney a man who not only supported me in the two elections, but who is sympathetic with my program to give this city an animated, progressive and constructive administration and one with whom I know I can work, and whose advice and judgment will not be influenced by conflicting loyalties.

**Want "rise" Benoit**

"In view of the reasons I have set forth, I shall not give up, or otherwise sue Mr. Benoit as city attorney if you insist on his selection," Benoit said.

The resolution naming the city attorney was then brought to a vote. After a long discussion, and after being voted down, and the mayor voted against it with Taber, Leonard, and Carl E. Hickey and Lionel A. Dean voting for its adoption.

The employees in the resolution follow, bring the same as those employed during the past administration of Mayor Chaplin with the exception of Club in the fire department.

## Panda Puzzle: Girl or Boy?

Mei-Mei, name of this giant panda in Chicago's Brookfield zoo, means "little sister." But maybe "it" isn't a she, after all. Postmortem examination of Mei-Mei, supposedly female panda which died last year, revealed that Mei-Mei was a male. Now zoo officials are wondering about Mei-Mei.

## Treasurer Tells System On Delinquent Payments

Property owners who are included among those in the \$211,366.07 delinquent tax total in this county for the years 1932 to 1937 have several alternative methods of "catching up" on their back taxes. Mrs. Cora E. Stevens, county treasurer, said this afternoon in explaining the complicated provisions enacted by the last legislature.

The new statute permits a system of paying the "oldest half" of delinquent years, plus the current half for the present year—and qualifying that process to keep property from going to tax deed.

**Catch Penalty Interest**

"If you have delinquent taxes," Mrs. Stevens said, "you will be interested to know that, if you are delinquent in 1938, you must pay 1937, all or any of those years, you must pay a two per cent penalty. If you pay all your taxes at one time, in 1938, you may pay all those old years with a four per cent interest rate. The 1938 taxes carry eight per cent interest, according to our new law.

"Then, if you wait until the 1939 taxes are payable, you should also pay the first half of 1939 taxes to get this four per cent rate.

"Property which has 1932, 1933, 1934 and 1935 taxes against it will go to the county in January of 1940 unless paid before Dec. 25 of this year. Interest on 1932, 1933 and 1934 is figured from Jan. 14, 1935 and not from the real date of delinquency. That provision makes a slight greater saving in your interest rate.

Citing the alternative offered by the new law, and applying to all other respects, the young gentlemen whom I have selected, so far as I have been able to ascertain, enjoy a most favorable reputation as a man, and is generally recognized as one of the advancing young lawyers of this community, and it does seem to me, if my selection of Mr. Chaplin is to be disapproved by the council, the only reason by which this could properly be done is by the members of the council to show that he is not honest, moral, sober or competent, and until this is done I shall renew this motion at every meeting of this council while I am mayor."

## POWER COMPANY EXPANSIONS HIGH

BOISE, May 2 (Special)—During 1938 Idaho power company spent \$1,340,000 for property additions including 749 miles of new electric lines; C. J. Strike, president and general manager, announced Monday when the annual stockholders' report was issued.

"This expenditure was made to serve new customers and to improve existing facilities," he said. "During the year our company built 227 miles of new rural lines to serve 747 new customers and at the same time added 1,103 new rural customers to electric lines previously constructed. The company now operates 3,200 miles of rural electric lines."

The report shows that Idaho Power company residential customers use nearly twice the national average, or 1,678 kilowatt hours average for the year 1938, at a cost of approximately 34 per cent below the national figure.

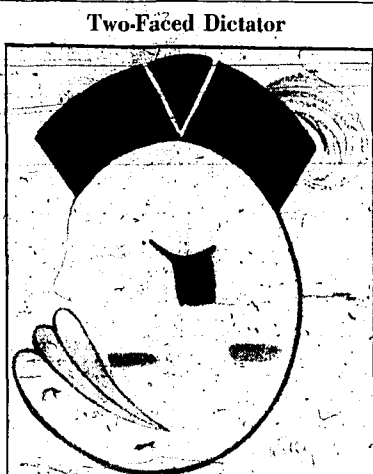

"Since 1931 our residential customers have increased their use of electricity by 35 per cent, with no increase in the average annual electric service bill during the same period," Strike stated. "Consistent rate reductions have made this condition possible. In 1938 residential customers paid 10.4 per cent of their income for electric service, while the national average was 14.5 per cent."

Pointing to the tax item as the largest single expense to the company during 1938, Strike said that taxes amounting to \$1,088,467 exceeded the company's total operating payroll by approximately \$30,000. He estimated that for 1939 taxes will amount to \$1,478,700, or 24 per cent of total operating revenues for the year.

## Piano Recital Given

REUPERT, May 2 (Special)—Mrs. Homer Bell presented four of her advanced grade school piano pupils, Phyllis Peterson, Madeline Mabery, Phyllis Nesbitt and Margaret Burton, assisted by Betty Lee French, vocalist, and June Dolan, reader, in a recital at her home Sunday at 8 p. m. in the following program:

She has been music teacher in lower grades and has been an active backer of Camp Fire work.

## GOODYEAR GROUP PLANS BIG MEET

Convening for what is expected to be the largest session of its kind in Idaho, approximately 50 Goodyear dealers of southern Idaho and northern Nevada will attend a dinner and business meeting in Twin Falls Wednesday evening. It was announced today by Earl Wood, left-rixtory manager.

The Goodyear men will dine at 7 p. m. Wednesday at the Park hotel and then will adjourn to the 22nd chambers for a business session and display. J. B. Castleton, Salt Lake City, district manager, will preside and will be chief speaker. Mr. Wood also will take a prominent place on the program.

The display at the Elks' building will consist of nine panels, all concerning the Goodyear line. Mr. Wood said. Discussion will center principally on opportunities for business in 1939.

"Those opportunities," he said, "are regarded as very bright."

## QUARREL

A one-act comedy about an average American family quarrel will be given by speech students of Miss Wilmfred Fryer tomorrow in assembly for Twin Falls Junior high school.

Those taking part will be Bob Goddard, Barbara Wannan, George Golf, Jeanette Smith and Richard Price.

Music will be furnished by a girls' small group, singing "Pale Moon" and "Cheshire Cat."

## EDEN

Miss Dorabing Houston, former high school teacher here, but now teaching in Hagerman, was a weekend visitor of Mr. and Mrs. Frank Pullen.

## Garden Setting Lends Beauty To Twentieth Century Event

In a setting of quaint charm and refreshing beauty, members of the Twentieth Century club attended the annual May breakfast this afternoon at the Park hotel. Refreshing the Old-Fashioned Garden theme, the toasts were symbolic of the language of old-fashioned flowers.

A wave of arresting loveliness greeted the guests when they entered the banquet room of the hotel. Occupying the center of the room was an arbor covered with feathery pink flowering almond and vines.

A rock wall in the background, and quantities of apple blossoms added to the realism of the garden effect.

Mrs. Haggitt presided. Mrs. L. H. Haggitt, program chairman, presided as toastmaster. Creating an atmosphere for the occasion, Miss Jean Pierce and Miss Joyce Pierce sang "An Old Fashioned Garden" in the arbor.

Four long tables at which the guests were seated. The speakers had seats of honor at the heads of the tables.

The nut cups represented old-fashioned nosegays, and the decorated programs were in the shape and design of old-fashioned bouquets of long ago.

Courtesy courses were presented to Mrs. Newman and Mrs. Thomas as tokens of good will from the club.

Mrs. M. E. Showell, chairman, Mrs. Ronald Oakes, Mrs. C. R. Sherwood, Mrs. George Frazier, Mrs. Carl Sahlberg, Mrs. H. A. Seay, Mrs. C. R. Fox, Mrs. W. B. Brooks, Mrs. Harry Friedman, Mrs. M. F. Simmons and Mrs. V. C. Ballantyne supervised the decorations.

Boston Bees Set Hot Pace to Take Over National Loop Lead

By GEORGE KIRKSEY

NEW YORK, May 2 (UP)—Opening of the major leagues' first interleague games today promised to shed some light on baseball's two time-honored topics:

What will the Yankees do without Joe DiMaggio? Can the Boston Bees keep up their pace?

The Yanks, along with the rest of the eastern American league clubs, will swing through the west without the services of their cleanup hitter and sparkplug, DiMaggio, who has been hitting .435 when he's in the batting order, or, if he doesn't start to hit, to his complete benching.

# Halliwel Sees Big Crowds For Openings

By J. P. HALLIWELL  
Pioneer League President

I expect large opening day crowds to send the Pioneer baseball league off to a good start in three cities today.

The league, which consists of teams from Pocatello, Salt Lake City, Lewiston, Twin Falls, Boise and Ogden, has been divided into two sections for a largest-attendance-day crowd contest.

The northern division will consist of Lewiston, Boise and Twin Falls, and the southern of Pocatello, Ogden and Salt Lake. A cup will be presented to the team in each division drawing the largest attendance at the opening game.

First games will be played today in Pocatello, Salt Lake and Boise. An extensive program has been arranged at Pocatello for the opening game with Twin Falls. A parade is to be held in the city at 4 o'clock which will end at the ball park.

Gov. C. A. Bottolfsen, the lieutenant-governor, speaker of the house, Mayor Terrell of Pocatello and I will appear briefly before the game, which starts at 5:15. The park will not be completely finished but will be in good shape.

The second series of opening day games will be held May 5 in Twin Falls, Lewiston and Ogden.

Young league fans have good reason to expect a high grade of baseball during the coming season. Several of the new class O league's teams have defeated class B Western international teams.

# Scores Posted In Buhl Meet

BUHL, May 2 (Special).—The annual men's basketball golf tournament was held Sunday at the Clear Lake course. W. Lee Howard and Harry Wilson were chosen team captains for the two opposing sides.

By the players a committee will select an inter-city tournament team.

Harry 75, Williamson 88, Bordewick 80, Smith 80, Shields 83, Hestad 85, Martindale 88, Morse 88, Vester 90, Curtis 85, Buckley 81, Buchanan 94, Clinton 90, Voss 86, Dr. Parkinson 79, Barry 85, Wright 77, Frost 92, Eastman 90, Wilkinson 97, Nelson 86, Squires 88, Wilson 86, Howard 86, Pritchett 78, Lyons 84, Pinke 88, Nul 108, Howard 86, Harris 86.

# Winners Named in West End's Marble Tourney

BUHL, May 2 (Special).—Four 22 marble offices were open as prizes for the winners of the big "Mega" tourney which was held in the vacant lot across from the Buhl city hall Saturday afternoon.

Claude Pearson received this prize for winning the play for boys between the ages of 6 and 9. Leonard Reddy, winner of the boys between the ages of 10 and 11 years.

The two larger prizes were awarded Billy Brown for play with boys between the ages of 12 and 13 years, and Dick Mitchell as winner of the boys playing between the ages of 14 and 15 years. Louie Hanzley received the girls prize which was a baby Brownie camera.

There were registered for the tournament 100 children between the ages of 6 and 15 years inclusive. They represented 20 West End schools.

Fifteen judges of the tournament saw Otto Parry, chairman of the sports committee of the Buhl Chapter of Commerce, present the youthful winners the prizes.

# Diz Dean's Future Uncertain After Pitching Failure

CHICAGO, May 2 (UPI).—The Dizzy Dean case remained one of baseball's major mysteries today but one thing is certain: the great Diz was no cold weather pitcher.

Dean's so-so performance against the White Sox in Monty Stratton's big game indicated that whatever effective pitching he contributed to the Chicago Cubs since this year will end in the heat of the summer in the spring of fall.

A noted physician said cold weather would tighten his ailing arm and it certainly looked like it yesterday to the 25,594 fans who turned over an estimated purse of \$30,000 to the crippled Stratton. The White Sox warmed over Dean with four hits and three runs in the third inning, two more hits and another run in the fourth to clinch the ball game, 4 to 1.

# Contract Let for Lighting System At Salt Lake Park

SALT LAKE CITY, May 2 (UPI).—Contract for an \$8,500 lighting system at Community baseball park, to be installed by June 5, has been approved by the board of directors of the Salt Lake Bees.

The Pioneer league club will supply \$2,500 for materials. R. H. Dunlap was awarded the installation contract on his bid of \$5,500, low figure submitted.

# Mayor will Toss First Ball at Boise's Opening

BOISE, May 2 (UPI).—Mayor James I. Whitfield will toss in the first ball to open a baseball game between the Boise Pilots and the Lewiston Indians at Airway park tonight that will initiate Pioneer league baseball in this city.

A parade through the city, speeches and ceremonies will precede the umpire's call to play ball.

# Higher Baskets Suggested for Hoop Contests

NEW YORK, May 2 (UPI).—The national basketball committee of the United States and Canada will complete its two-day meeting today with election of officers and a few minor changes in the playing rules.

In the opening session yesterday, Dr. Forrest (Phog) Allen, chairman of the research committee, recommended raising the basket from the present 10 feet to 12 feet, contending it would tend to level the advantage of the taller teams. The committee also tested new types of backboards.

Several of the coaches were reported in favor of 10-minute quarters for college teams instead of the two 20-minute halves now played.

# Rip Collins Tops Hitters

By United Press

Jimmy (Rip) Collins, the Los Angeles first baseman who is trying to prove that his demolition from the Chicago Cubs was an ill-adviced move of owner Phil Wrigley, is leading the Pacific Coast league in home runs and in runs driven in as the fifth week of play started today.

Collins' slashing assault on rival pitchers has brought him 11 home runs and his big bat has driven in 43 runs—one reason why the Angels are leading the Coast league pack.

Spencer Harris, Hollywood outfielder, still is leading the hitters with a mark of 410. Harry Rosenberg of Portland is batting at a .408 clip, with Dominic Dallesandro of San Diego credited with a .405 percentage. Dominic DiMaggio of San Francisco, is among the select company with 383 and Pochi Puccinelli of Hollywood completing the first five at .375.

At Smith, a newcomer to the Sacramento Cardinals, leads the pitching performers with three victories and no defeats.

This week's schedule: Los Angeles at San Diego; San Francisco at Sacramento; Portland at Oakland; Seattle at Hollywood.

# Costly Reel

SYDNEY, Australia (UPI).—Zane Grey, American author and sportsman, arrived with a reef that cost him \$3,000, the most expensive one ever used in Australian waters. It weighs 37 pounds, is 15 inches in diameter, and carries more than a mile of 54-thread line. He hopes to break his previous records made here for deep sea fishing.

# MURTAUGH

Mr. and Mrs. Fay Whitte and two daughters have gone to Berryville, Ark., where they will spend their home and take care of Mr. Whitte's father who is in ill health. The Whitte's were honored with several farewell parties before they left.

The senior class of Murtaugh high sponsored a box social and dance at the L.D.S. hall recently. Fourteen boxes were sold and cleared \$21 which will be used for the senior week. Music was furnished by Jack B. Darling, Alvin Behrman and Laura True.

Miss Eileen Johnston, San Diego, Calif., is visiting her parents, Mr. and Mrs. Nick Johnston. Miss Johnston is a nurse.

Miss Rose Whitte was honored at a party Friday at the school house by her class of freshmen. The faculty was present.

The fourth and fifth grades gave a party Friday at the grade school for Miss Leota Whitte.

The Murtaugh and Glendale groups of Ladies Aid society met Thursday at the M. E. church. Hostesses were Mrs. Ray Jackson, Mrs. John Bradshaw, Mrs. Sarah Gilman and Mrs. Alma Wright. Mrs. Claude Lee led the devotionals and also read a tribute "Christian Mothers." Mrs. George A. Weaver took charge of the program. A reading was given by Ruth Jenkins, and Miss Ruth Brown played a piano solo. Mrs. Edgar Moorhead took charge of the business meeting, at which plans were discussed for a mother-daughter banquet May 7.

Mr. and Mrs. Sidney Larson, Boise, were visitors at the home of Mr. and Mrs. David Myers, law. They were on their way home from Salt Lake City.

# BRITONS WORRIED OVER SLOW PROGRESS IN SOVIET TIE-UP

## ENGLISH HEADS FEAR JAPANESE MAY JOIN AXIS

By Frederick Kuhl

LONDON, May 2 (U.P.)—Clement R. Attlee, Labor leader, warned British Minister Neville Chamberlain in the house of commons today that "many people are disturbed by the slow progress" being made in lining up Soviet Russia in the "peace front."

Cyberlain, as before, refused to give details of the negotiations, declaring: "I can't help people getting that sort of idea, but the discussion is proceeding in a perfectly friendly way. There necessarily are a great many details to consider and there are other governments to be considered."

Reaching Critical Stage  
It was understood that British negotiations were at a critical stage because of the government's reluctance to enter a military alliance with Russia which would risk alienating Japan and driving it into a German-Italian-Japanese military alliance.

It had been indicated the negotiations were hearing successful conclusion. But influential British political leaders have argued that an alliance with Russia would be sure to result in Japan's final conquest, after long hesitation, to a military alliance with Germany and Italy.

Some cabinet ministers were said to share the belief that Japan would be thrown fully into the "axis" even if Britain and France entered into an alliance with Russia covering Europe alone and specifically excluding the far east.

The Russian question was ignored at yesterday's cabinet meeting. It was understood, and ministers decided to take it up at tomorrow's regular weekly session.

A Russian authoritative source told United Press that unless Britain and France agree to a triple alliance, Russia will refuse to adhere to the "peace front" on its present basis but will go its own way and elaborate a scheme for a Russian-British-French pledge of the security of Latvia, Lithuania and Estonia. Russia would withdraw its offer to join Britain and France in any war to protect Belgium, Switzerland and the Netherlands.

## FILER

Mrs. Lester Musser was honored with a surprise party Wednesday, the occasion being her birthday at the home of Mrs. R. Eberole. Twenty-five Orange women attended. ## In HOLLYWOOD Today

By United Press

Actress Dorothy Lamour said today that her marriage to Band-leader Herbie Kay, which ended yesterday in a Chicago divorce court, would be her last one.

Shella O'Sullivan, sister of Maureen O'Sullivan, movie actress, has arrived in Hollywood to take acting tests.

Frank E. Woods, 78, former newspaperman who is credited with writing the first motion picture scenario, "The Birth of a Nation," died here.

Duncan Renaldo, who last starred in "Trader Horn," married Lila Rosenblatt of Alhambra, Calif., at Las Vegas, Nev.

June Marlet, Broadway stage actress now in films, is recovering from an appendectomy.

Mack Bennett, who introduced bathing beauties to the movies, will come out of retirement for one more picture. He will be associate producer of "Hollywood Cavalcade," which will cover much of Hollywood's history.

Dispute over claim to waters of China creek, a Salmon river tributary, had reached district court today after the Salmon River Cattle company, Hollister, filed suit against John E. King and Mrs. Sarah King, his wife, and J. A. King, his wife, Mrs. Alice King. Also named as defendant is Mrs. Anna C. Marquess, who allegedly holds a mortgage on the 160-acre King farm.

The canal firm claims the creek waters under its appropriation of Dec. 29, 1906. It asserts the right of the defendants to use the creek waters is subordinate to its own appropriation.

The suit asks court decree to that effect and a restraining order against the defendants. Attorneys for the canal concern are Hollister and Duvy.

## Jury Rejects Claim For Motor Damage

Rejecting the claim of H. E. Ryan for \$123, damages to his motor car, a probate court jury of six men late yesterday returned a verdict in favor of the defendant, T. U. Neely.

The verdict came after a full day's trial of the suit filed by Mr. Ryan for the loss of an auto parked Oct. 30, 1937, at Kimberly. The Ryan machine was driven by Joe Ryan, son of the claimant. Evidence at the trial pointed to the fact that Neely was turning off the highway to reach his own driveway, and that the Ryan car was immediately behind him.

## CHOICE

NORWALK, Conn., May 2 (U.P.)—Arthur Casper, the No. 1 fan of Lily Pons, chose a year in jail and a \$200 fine today rather than the alternative of returning to his San Bernardino, Calif., home to forget his infatuation for the operatic soprano.

"This is a big decision for me," Casper told U.S. District Judge Paul R. Conroy as he turned down an offer of freedom if he would "leave this section of the country and stop bothering Mrs. Pons."

"I've been disappointed in love before and I'm not going to be pushed around," he added.

## SPRAY WARNING GIVEN FRUITMEN

Warning orchardists that the calyx spray "is one of the most important of the season," W. E. Wilcox, state horticulture inspector, urged fruit men today "not to omit this spray."

"The spray should be completed before the calyx lobes have closed," he said, "and can be applied when the petals are from one-half to three-quarters open."

He advised that two-pounds of arsenate of lead to each 100 gallons of water is sufficient for the spray.

## SUPPORT

Sen. D. Worth Clark today had telegraphed congratulations to Twin Falls' new mayor, Joe Koehler, and pledged his support to the administration.

The telegram received by Koehler follows: "Sincere congratulations. Please be assured of my wholehearted cooperation in making your administration a most successful one. I am at your service for the future and improvement of your splendid city."

Farmers to Scan Breeding Service  
Farmers of the Buhl and Rupert tracts will meet at 8 p. m. Friday at the Cassia county district court to discuss a purebred jack service, it was announced here today at offices of the farm security administration.

Claude McPride, promoter of the proposed service, announced that the jacks will be on hand for the prospective users to see. All ranchers with mares to breed are invited to attend the Buhl meeting.

The farm security administration has already been contacted in connection with a loan to purchase the two purebred jacks, which have been located and can be bought for about \$400 each when the loan has been closed. McPride says that about 50 mares must be signed for each for a three-year period before the loan can be completed.

## PHILLIPS NAMED BURLEY'S CHIEF

RUPERT, May 2 (Special)—Clarence Phillips, former state traffic officer with headquarters in Rupert, has been selected as chief of police of Buhl and will assume his new duties Tuesday, May 3.

Mrs. Phillips and their two small children, Calvin and Joan, will join him as soon as Joan, who has been ill for some time, is able to be moved.
