STAIN PURCHASE VIRTUALLY ASSURED LEADER SPIRITS HITLER'S "ONE-SIDED" DEMANDS

Beck Says Country Ready to Enter on Peace Negotiations

By FREDERICK G. OCHSNER
WARSAW, Poland, May 5 (U.S.)—Poland today rejected Adolf Hitler's "one-sided" demands for return of Danzig to the reich and a Nazi highway across the Polish corridor, but offered to enter into peaceful negotiations for a solution of their quarrel.

Foreign Minister Josef Beck replied to Hitler in a speech to a crowded, cheering parliament, which immediately afterwards took the first step toward conferring dictatorial powers on President Ignacy Moscicki for duration of the emergency. The emergency decrees were submitted to a committee for approval upon order of parliament.

Beck, in a firm but conciliatory speech, declared that Poland will not permit herself to be cut out from the Baltic sea coast, Poland, with an estimated million men under arms, believes that no "self-respecting nation" would accept one-sided demands such as Hitler made.

Will Enter Negotiations
Poland will enter into negotiations Germany desires to initiate and "good will" on condition that the reich uses peaceful methods to reach a peaceful objective.

Poland has been forced to consider whether Germany actually seeks freedom of the German population of Danzig or "is a matter of bearing Poland from the Baltic."

Poland considers the "corridor" as "our province of Pomerania" and "we have no grounds for considering restricting our sovereignty on our own territory."

Declaring that "we in Poland do not know the conception of peace at any price," Beck put particular emphasis on statements that he had seen in the German press regarding the two governments or for an international guarantee of the Slovak territory.

Refers to Ukraine
Polish parliamentary circles believed Beck was referring to the Ukraine when he mentioned "unofficial allusions by prominent reich government officials" reaching far wider and further than the subject now under consideration.

It was believed this remark referred to suggestions for a joint Polish-Ukrainian front against the Russian Ukraine. It was learned that Beck's reference to a German statement who "opined that this provision" (continued on Page 14, Column 3)

U. S. Military Might Shown State Chief

WASHINGTON, May 5 (U.S.)—President Anastasio Somoza de Nicaragua was welcomed to America's capital today by President Roosevelt with a display of pomp and military might which at the city seldom has.

First sight to greet the Central American chief executive as he met Mr. Roosevelt and high government officials in the diplomatic room of the Washington station was the band of the U. S. marine corps, which only a few years ago was administering Somoza's country during the period of American intervention.

The hand playing the Star Spangled Banner and the Nicaraguan anthem. Then the official party emerged to the station plaza where a battery of 15th field artillery 70s roared a 21-gun salute.

Troops at Attention
Troops, some of them veterans of Nicaraguan service—stood at attention as the welcoming ceremonies were performed.

Overhead roared a fleet of 42 pursuit planes and a squadron of 10 U. S. air corps flying fortresses.

Welcoming Ceremonies duplicated almost to the last detail those which will greet Great Britain's King George and Queen Elizabeth next month. Government officials said the elaborate routine will be followed thereupon all visits to Washington of foreign chiefs of state.

Police Sells Laborer
As the presidential procession approached the capital en route to the White House, secret service men police Harry Koff, 40-year-old laborer, who had been picked up a rifle that a marine had laid down for a moment.

Somoza was accompanied by Madame Somoza. The President was accompanied by Mrs. Roosevelt, members of the cabinet, Chief Justice and other officials, Eva Peron and other government and congressional leaders.

Charge Dropped In Kidnap Case

BURLEY, May 5 (Special)—A motion has been filed in the district court by County Attorney Adolph Nelson and the state of Idaho to pick up a rifle that a marine had laid down for a moment.

Somoza was accompanied by Madame Somoza. The President was accompanied by Mrs. Roosevelt, members of the cabinet, Chief Justice and other officials, Eva Peron and other government and congressional leaders.

DAV Speaker Raps Foreign Policy

STATE LEADERS GATHER HERE IN ANNUAL SESSION

By O. A. KELKER
Declaring that the foreign policy of the United States needs attention and "needs it badly," J. D. (Cy) Price, Malad, Ida., department commander of the American Legion was principal speaker at this morning's initial session of the sixth annual state convention of the Idaho Disabled American Veterans of the World War got underway at the American Legion Memorial hall.

Price was announced as principal speaker after Gov. C. A. Bottolfsen had advised those in charge of the convention that he would be unable to attend. The convention, opening this morning, will continue through Saturday and close Saturday evening with a banquet at the Park hotel. A parade through the downtown section shortly after 9 a. m. today included the American Legion Auxiliary, Junior Drum and Bugle Corps and the Boy Scouts' drum and bugle corps as well as a color guard of the 118th engineers, the women's auxiliary and delegates.

Lost with Treaty

During his talk this morning, Price, in pointing out the flaws in the foreign policy, said the same flaws can be traced to the immigration laws.

Turning to the World War the speaker expressed the opinion that it was lost "with the treaty of Versailles."

"Anything we might have gained in that war was lost by the treaty," he said. "It has been lost by our own diplomatic leaders."

"After more than 10 years it is apparent that once again trouble is brewing in which we are very apt to take part."

"I think that our national leaders and our statesmen are getting their necks out just a little for the welfare of the American people."

"Dictators' Hime"

The speaker termed Europe today, especially those countries in which Hitler rules, as "dictators' hime."

He said that the spirit of democracy, as a "breeding ground for dictators."

"Today we are being given the same bill-of-materials by the press that we were given before the last war. The propaganda is being put out throughout the nation. Price declared."

Extends Welcome

Extending a welcome to the visitors to the city was Mayor Joseph K. Rinehart, who was introduced by E. L. Rayborn, general chairman. Koehler urged members to "have faith in our organization."

Anderson is seeking a house investigation of the agency and removal of present board members. He is also seeking a bill to vest judicial functions of the NLRB in the courts. He was second witness at the committee's hearings on punishment of the law. Anderson said.

Peace and Economic Stability

"It is necessary for industrial peace and economic stability to rid this government of the present prevalence of the labor board," Anderson said. "We must remove a slight skin cancer before it spreads in malignant growth over the body." Anderson said.

Anderson complained that the board acts as "prosecutor, judge and jury."

World Fair, Thousands Hear Local Woman on Phone Call

"New York calling," a Twin Falls telephone operator calmly announced into a telephone to Mrs. Otto Blinberg, 335 Sixth avenue east yesterday afternoon.

Mrs. Blinberg answered "yes," but not quite as calmly as the operator and she would have probably been much more nervous had she known that her first word of conversation was being broadcast to a throng of thousands at the World's fair auditorium at the New York exposition.

The call was from Jack Soons of Brooklyn. It appears that Jack had a free talk to anyone in the United States on his entrance ticket to the fair grounds—and he had chosen Mrs. Blinberg as the one with whom he would most like to talk—and the one that was the fastest answer.

Mrs. Blinberg first met Mr. Soons last June when the Soons family was in an apartment in the north side of this city. Mrs. Blinberg had been in the city for three months. A friendship ensued, and the families have corresponded frequently during the year that has elapsed.

Anderson complained that the board acts as "prosecutor, judge and jury."

GROUP APPROVES DRAFT OF MONEY

WASHINGTON, May 5 (U.S.)—The senate military affairs committee today approved a bill to draft dollars as well as men in the event of war.

The measure, introduced by Sen. Joseph P. McKnight, would authorize the President to take a "wealth census" of the country in event of an emergency in which a draft of manpower was involved, and to issue 50-year bonds. Each person whose net wealth exceeded \$1,000 would be required to purchase the bonds in proportion to the value of his assets above the lines of the income tax scale. The bonds would bear one per cent interest.

New Bonneville Dam Head Picked

WASHINGTON, May 5 (U.S.)—Frank A. Banks announced today that he had been selected as the new chief administrator of the Bonneville project.

Banks, named yesterday by Secretary of the Interior Harold I. Ickes to succeed the late Administrator, John W. Foy, is also federal construction engineer of the Grand Coulee dam project in Washington. Banks said he intends to hold his post as long as he can maintain his headquarters at Coulee.

Over 3,000 Casualties as Japanese Bomb Chungking

By ROBERT F. MARTIN
CHUNGKING, May 5 (U.S.)—Thirty-two Japanese airplanes bombed the business and residential district of this third emergency capital of nationalist China today. Foreigners, including many Americans, were endangered.

An estimated 3,000 Chinese were killed or wounded. Foreign schools, missions and consulates were blasted and set afire, dead and dying littered the streets and thousands fled the city ahead of the resultant fires which were caused by high winds.

Bombs struck the British and French consulates. The Canadian Friends mission and school were burned. A hotel in which the North American aviation company had offices and in which many foreign pilots lived, was destroyed.

Fires set
Fires were set on all sides of the Methodist Episcopal hospital and the adjoining home of Mr. and Mrs. W. M. McCurdy, Americans.

The planes dropped more than 100 bombs, many of them incendiary, and some 200-pound demolition bombs. Fires grew in intensity in several different areas and thousands of coolies formed bucket brigades extending to the river.

In one spot 10 or 15 children, none over 10 years old, mangled. Foreign and native doctors and nurses were overwhelmed with wounded. Streets were knee-deep in mud and debris, from which parts of bodies extended.

Coolies were drafted to tear down buildings around the zones of two fires that threatened to spread through the whole city.

Chinese authorities reported at least one plane had been shot down. Foreigners pointed out that the area bombed was entirely a business and residential district, lacking in military objectives, most of which had been removed here a month ago.

Britain Turns Down Soviet Military Pact

LONDON, May 5 (U.S.)—Great Britain informed Moscow today that at present she cannot accept Russia's request for a military alliance with Britain and France.

Commission Sets \$482,000 Price On Toll Bridge

BOISE, May 5 (Special)—State purchase of the Twin Falls-Jerome intercounty toll bridge for \$482,000 was virtually assured here today.

Gov. C. J. Bottolfsen and his bridge commission unanimously passed a resolution introduced by O. O. Haga of Boise, setting the \$482,000 figure and fixing July 1 "or as soon thereafter as possible" for delivery of the bridge to the state.

The price named in the resolution was termed "entirely acceptable" by Bruce C. Shorts, Seattle, president of the Twin Falls-Jerome Intercounty Bridge company, who said he believed his stockholders and board members would approve it.

The resolution set a period of 30 days in which the governor will investigate possibility of federal aid in the purchase, and Mr. Shorts will carry out his negotiations for approval by his company.

The question of federal aid under a measure granting toll bridge assistance will have no bearing on whether the purchase is consummated, commission members said.

"In Quick Order"
The commissioners, after approval of the \$482,000 resolution, explained that it will pay the way for purchase of the bridge "in quick order," because Mr. Shorts gave assurance he would comply promptly in securing company acceptance.

Shorts informed the commission that he favored the \$482,000 price as "reasonable" rather than "large number."

Members of the commission and Mr. Shorts expressed satisfaction with the final figures in the negotiations—\$482,000. Members of the bridge board expressed themselves as participating operators of the bridge in the future.

Swift climax of the maneuvering to buy the toll span across Snake river came in a morning session which had opened apparently at a stalemate following yesterday's \$482,000 offer in a session by Wayne Hill, Caldwell, that resolution called for consummation of the purchase and removal of tolls by July 1 or as soon thereafter as possible.

Today's adjourned session opened with Mr. Hill explaining that "it is not the price of the bridge" by the \$482,000 figure.

S. L. Verne (Thorpe, Jerome, then corroborated Hill's stand by asserting "I know of no one else we were going to estimate a low figure as a basis of negotiation—I had no one else to go to." Members for \$422,000. "I believe we have more to consider than just the intrinsic value of the bridge."

"We must consider it is a going concern—I don't feel we should consummate the purchase. We should buy it at what it's worth."

Rep. W. H. Detweiler, Jerome county, who has attended both days of the meetings, expressed the same view.

"Regulation of what the bonds are worth, we feel, is not what the bridge company is a going concern. If the engineers report the reliable, and they say that depreciation has been taken into consideration in their appraisal, that depreciation should be considered by the commission. If the commission is going to ignore the depreciation in the \$482,000 figure reported by state engineers, then there wasn't any use having it."

Germans Ask Plebiscite in Danzig City

BERLIN, May 5 (U.S.)—The possibility of a plebiscite to determine the fate of Danzig was suggested in an official statement issued to the foreign press tonight.

The statement said that Foreign Minister Joseph Beck of Poland, in replying to a demand for the return of Danzig and a German right of way across the Polish corridor, completely disregarded the right of self-determination.

Danzig is 98 per cent German and the result of a plebiscite would be a foregone conclusion.

The statement to the press declared the population of Danzig must have a voice in deciding the town's future.

The self-determination issue decided the fate of the Bismarckian. The press statement said Poland cannot claim influence over Danzig merely because Danzig is at the mouth of a river flowing through Poland.

DEWEY CONTINUES TO LEAD AS PRESIDENTIAL TIMBER

SLASHING ATTACK ON FDR SEEN AS WAY TO VICTORY

By Lyle C. Wilson
WASHINGTON, May 8 (UP)—Well informed persons believed today that the District Attorney Thomas E. Dewey of New York, one to the people this year with an outline of his political philosophy he is launching a slashing attack on "Roosevelt radicalism." He probably would avoid challenging the main body of Roosevelt reform measures, but he is expected to be leading the pack of potential Republican presidential nominees, none of whom has acquired a "bandwagon." But Dewey's was both practical and astute and it will be necessary to cultivate his political prestige if it is to thrive.

New York Backing
A poll of New York state Republican county chairmen revealed today that Dewey has substantial backing there for the 1948 nomination. Although areas of weakness also were indicated, twenty-four of the 62 county chairmen replied to the poll questions and fewer than half a dozen appeared to be actually opposed to Dewey. However, it was evident from the replies that Dewey's youth and lack of experience are factors against him, even in his home state.

Dewey of course, must have the New York state delegation to the national convention in June. He is to get any consideration there at all, or he must come to the convention city with a tremendous following from other states.

GOP Field Life
The 1948 Republican field is large and widely scattered. The STRUGGLE OPENS TO HALT NATION-WIDE COAL STRIKE

FUEL SHORTAGE BECOMES ACUTE AS WORK HALTS

By JOSEPH L. MYLER

NEW YORK, May 5 (AP)—A nation-wide soft coal strike began today while the federal government struggled against tremendous obstacles to prevent it developing into one of the biggest and bitter labor struggles of recent times.

While John R. Steelman, head of the department of labor conciliation service, the government representative at the Appalachian contract negotiations, was pleading with management and labor to keep negotiating, thousands of miners were going on strike in Illinois, Kentucky, Utah, Washington, Montana, Wyoming, Kansas, Virginia, Colorado, New Mexico and Indiana. A nationwide soft coal tie-up was expected to be completely effective by tomorrow night.

Coal Shortage Acute

The coal shortage was growing more acute, threatening industry, the essential services of cities, and the employment of thousands in business which depends on coal. Government officials estimated there were 28,000,000 tons of mined soft coal in the hands of industry, railroads, and public utilities—enough for only 25 days.

Already two of New York's three subway systems, which consume millions of tons of coal each day, and homes daily, were operating on curtailed schedules, slowing the tempo of the country.

If management and labor adjourn sine die, Steelman warned, half a million miners and their families will be threatened with destitution; industrial output will be jeopardized, and the \$4,000,000,000 soft coal business will suffer losses to competing fuels which may be irreparable.

Give Answer Today

The representatives of 340,000 miners and operators in the eight-state Appalachian area will give their answer before the full joint conference this afternoon. The contract negotiations opened March 4.

In Washington Secretary of Labor Frances M. Perkins, who sent Steelman here, there, and everywhere, conferred with President Roosevelt. The President has been repeatedly urged—three times by Mayor F. H. LaGuardia of New York alone—to enter the negotiations personally but thus far has declined. It was said he would not act until all other means failed.

Neither officials of the United Mine Workers of America, nor spokesmen for the Appalachian coal operators indicated any willingness to continue the discussions further.

See New Basic Contract

The negotiators had been trying to write a new basic contract for the soft coal industry replacing the 1937-38 agreement, which expired March 31. On April 1, with the negotiations deadlocked, 340,000 miners in the eight states directly concerned and 30,000 in Alabama, one of 21 striking states, left their jobs, shutting down mines which supply 70 per cent of the annual bituminous production of 450,000,000 tons.

In the other coal-producing states, where contracts are modeled upon the Appalachian agreement, 1,250,000 other miners kept working under special extension containing 15-day reopening clauses.

Unions Revved Notice

Two weeks ago, the union served cessation notices effective last midnight and tonight's night, and it was these miners who were leaving the pits today. Approximately 50,000 miners quit work in the outlying districts today, and the remainder will quit tonight.

The issue on which the subcommittee couldn't agree had nothing to do with wages and hours. It was in tentative agreement on a two-year renewal of the old wage-hour provisions under which miners worked 35 hours a week for a daily basic wage of \$6 in the north and \$5.50 in the south.

In HOLLYWOOD Today

Movie starlet Nan Grey and her school days' sweetheart, Jack Westrate, hockey, were on their honeymoon today. They were married yesterday in Phoenix, Ariz. Miss Grey met Westrate five years ago at Houston, Tex., where she was a schoolgirl and he was riding at ESPN Downs. The romance continued when she came to Hollywood and Westrate to Santa Anita.

At Smith told Producer Harry Warner, he had a hot on a line of a movie studio, that modern movies "don't tell us enough of the truth about our country." Smith wants Hollywood to junk its supercolossal and make movies of such home-grown American favorites of Way Down East, The Sporting Duchess and The Old Homestead.

A court session was held today to approve a voluntary award of \$450 for Joyce Adams, seven-year-old person actress, for injuries suffered when she stubbed her toe on an apartment house rug and fell down a stairway. A prothonotary judge got up early so Joyce could be at the studio on time. The landlord made the award.

Engagement of Betty Warner, 18-year-old daughter of Harry M. Warner, president of Warner Brothers studio, and a cover at University of California at Los Angeles, to Milton D. Sperling, a scenarist, has been announced. Sperling works for 30th Century-Fox studio.

JUNK DEALER

KEOKUK, Ia.—A little thing like a jail sentence didn't discourage a Keokuk junk dealer. He advertised: "Will reopen my place of business, having completed my 90 days in our county jail. Old and new customers appreciated."

"Red" Dress

Soviet authorities hope to give Russian women something of western smartness with such dresses as this, now being designed in Moscow's Model Gown house. The dress is white crepe-de-chine, with appliqued print.

HAZZARD ESTATE CLASH DEVELOPS

The majority legatees of the \$20,000 estate of Mrs. Louise W. Hazard, Buhl, had filed in probate court today the will which gives her bulk of the estate but which three Wisconsin brothers of Mrs. Hazard claim to void.

Mrs. Lola L. Wilkinson, formerly Lola L. Bower, Buhl, filed the will with request for administrative authority in the estate of the woman who once entertained Herbert Hoover at her Clear lakes ranch. The estate includes land in Twin Falls and Gooding counties.

Previous Request

The brothers had previously filed petition for appointment of Ray W. Banbury, Buhl, as administrator. That petition claimed will dated Feb. 21, 1928, was invalid because the testatrix, Mrs. Hazard, was not of sound mind at the time. The will cuts the three Milwaukee, Wis., relatives off with minor bequests of \$100 each and leaves remainder of the estate, after payment of funeral and other expenses, to Mrs. Wilkinson as a "dear friend."

Husband-Owned Ranch

Mrs. Hazard's deceased husband, W. C. Hazard, was owner of the Clear lakes ranch and was first to file on the power site. He died four years ago.

Judge C. A. Bailey set hearing on probate of the will for May 16. Chapman and Chapman are attorneys for Mrs. Wilkinson.

TRADE EXTENDS LAST WEEK GAIN

NEW YORK, May 5 (AP)—Retail and wholesale trade extended last week's gains this week despite adverse weather and influence of the soft coal shutdown. Dun and Bradstreet said today in its trade review.

Improvement in business sentiment also was noted in various sections of the country with the most significant development a stronger tone in many of the raw material markets.

Retail trade showed an average improvement of 4 to 8 per cent over the corresponding period of 1938.

PUBLIC HEARING SET ON HAWLEY

BOISE, May 5 (AP)—A public hearing on charges of inefficiency and mismanagement filed against Bird N. Hawley, of Melba, secretary of the Idaho fish and game commission, will be held May 18, Gov. C. A. Bottolfsen announced today.

The charges were brought by R. G. Cole, president of the Idaho Wildlife Federation. The Federation has been engaged in an extended feud with the commission over civil service and game management.

It approaches the hearing with an open mind. Gov. Bottolfsen said, "I am sorry this has to come up."

A civil service advisory committee to replace one resigned was named by the commission including Fred Ensign, Jr., Theodore Wegeler and J. W. Kaetler, all Boise businessmen.

Bride-Elect of Utah Football Star Feted

Miss Marjorie Meserole, whose marriage to Ronald (Skip) Towan will be solemnized Saturday, May 13, was honored Saturday at a smartly appointed miscellaneous shower last evening.

The nuptial ceremony was arranged by Mrs. Joe Kochler at her home on Blue Lakes boulevard.

Miss Meserole is the daughter of Mr. and Mrs. E. D. Meserole, Gooding, and Mr. Towan is the son of Mrs. Ethel Towan, Twin Falls. The marriage will take place at St. Edward's rectory, Father H. E. Hoffman officiating.

Attendants Named
Mrs. Jack L. Knight, Gooding, has been asked by Miss Meserole to be the maid of honor. James Neal will attend Mr. Towan as his best man.

Following the ceremony, the couple will leave for San Francisco on a two-week wedding trip. They will be at home in Twin Falls after June 1.

Miss Meserole, who attended Gooding college for two years, following her graduation from Gooding high school, is supervisor at the Mountain States Telephone and Telegraph company.

Mr. Towan, a graduate of the Twin Falls high school, is attending the University of Utah for three and one-half years and was on the varsity football squad. He is a member of Phi Delta Theta. Mr. Towan is assistant manager for the Cash Credit company.

Gifts for the bride-elect were presented in a cleverly decorated lunch-banquet following an evening of dancing.

Mr. Frank Baldwin and Mrs. Richard Drunk were prize winners. Assisting Mrs. Kochler in serving refreshments was her niece, Miss Margaret Jeffers.

Sigmund Reinke To Wed in Utah

Sigmund Reinke, Clover, accompanied by his brother, Louis Reinke, left today for Salt Lake City, where he will be married Sunday to Miss Henrietta Hoesch, of that community.

Leaving this week-end for the Utah metropolis to attend the marriage are his parents, H. C. Reinke, Twin Falls county representative, and Mrs. Reinke.

The marriage will be solemnized Sunday evening at 7:30 o'clock at the Lutheran church.

Louis Reinke will be best man for his brother. Among the wedding guests will also be Mr. and Mrs. Ted Gehring, Clover, brother-in-law and sister of the bridegroom.

The couple will be at home on the bridegroom's ranch at Clover, following the wedding.

Auxiliary of D. A. V. Presides at Luncheon

Delegates attending the auxiliary sessions of the Idaho department convention of the Disabled American Veterans of the World war were honor guests at a luncheon of smart appointments at the Rogerson hotel banquet room this afternoon, covers being arranged for 30 guests.

Presiding at the event, the first session of the state auxiliary, was Mrs. W. R. Wolter, Twin Falls, chairman of the state D. A. V. auxiliary. She introduced Mrs. G. Storer, commander of the Twin Falls chapter, who delivered the address of welcome. Mrs. Velma Mayse, commander of the Boise organization, responded to the welcome.

Other social events of the week will be the convention banquet at 6:30 o'clock Saturday, and the convention dances at Radlodon tonight and tomorrow night.

Distinguished Guests
Honor guests included Mrs. Mabel Wagner, Emmett, past state chairman; Mrs. Eugene Sanders, Emmett, president of the Emmett American Legion auxiliary, and past local D. A. V. auxiliary commander. Delegates were present from Pocatello-Idaho Hall; Burley, Shoshone, Hazelton, Buhl, Filer and Twin Falls.

Following luncheon the auxiliary adjourned to the American Legion auxiliary rooms, where the opening session began at 2:30 p. m. Business sessions will continue at 10 o'clock and at 1:30 o'clock tomorrow. Election and installation of officers will take place at the final session.

Original Sketches
Program highlight was the group of original readings by Mrs. Martine Yeller, Buhl. Mrs. Beatrice Shott, also of Buhl, was the accompanist.

Her readings were "To One Gone Away" and "Homecoming." A skit entitled "Smiles" was also presented by Mrs. Yeller.

Blue and yellow spring flowers emphasized the colors of the organization, and the chosen shades were repeated in the programs and favors.

Other program numbers were a vocal solo by Charles Jereb and a harmonica solo by Mrs. J. H. Barnes, both of Twin Falls.

Mrs. T. M. Knight, Mrs. L. E. Ross and Mrs. B. C. Van Anstetter arranged the menu and table appointments. Mrs. John Balseh, Jr., and Mrs. Yeller were the program committee.

MRS. ROY EVANS HONORED BY GROUP
Mrs. Roy Evans, runner-up for the honor of being the American Mother of 1939, was presented with a corsage by members of the Degree of Honor lodge at a meeting last evening.

Mrs. Margaret Simpson was hostess. A letter from Charles V. Vickery of the Golden Rule Foundation, thanking the group for its support of Mrs. Evans.

Mrs. Carrie Jones presented a program, conducting two flower garden contests and a geographical quiz on Idaho. She also gave two original readings.

Refreshments were served by the hostess.

Seniors of MeT Will be Honored

Seniors of MeT will be honor guests at a gala dance this evening at the Odd Fellows hall, the entire program being kept as a surprise until this evening, according to Miss Mary Frances Bates, general chairman.

As a token of sentiment, all decorations will be in green and white, the senior class colors. Miss Frances Thompson, Miss Mary Haney and Miss Patsy Warner are the committee on decorations.

Miss Jane Douglas, new president of the club, will give a farewell address.

Miss Shirley Hutchison, Miss Mickey Punphrey and Miss Billie Kaufman are in charge of the refreshments.

Mrs. S. Gilbert, senior club sponsor, will be honored guest. Music will be played by Will Wright and his orchestra.

Prom Scene Simulates Starry Summer Night

Under twinkling stars in a gymnasium decorated in light and deep shades of blue and scintillating silver, and with many flowers, representing an outdoor night in the theme "Star Dust," approximately 250 juniors and seniors and their guests danced last night at the annual junior prom honoring the seniors, held this year for the first time in the high school gymnasium.

Led by the presidents of the two classes and their partners, the grand march started at 8:30 o'clock. Miss Marie Salisbury and Mac Johnston, junior president, and Miss Jane Douglas and Bert Sweet, senior president, headed the procession.

Sings Theme Song
"Star Dust" was sung by Miss Helen Gee during the brief floor show. She also sang "Deep Purple" and "Under the Lamp Post" and "Heaven Can Wait."

Mac Johnston expressed his appreciation to the committees of junior class members who worked for the prom.

Programs were in blue and silver scheme with a musical "Star Dust" motif. Flowers were transparent celluloid.

HITLER EXPECTED TO INCREASE DEMANDS ON POLAND

FUEHRER TO GET FULL REPORT ON SPEECH BY BECK

BERLIN, May 5 (UP)—A special airplane courier today carried a full summary of the challenging speech of Foreign Minister Josef Beck of Poland to Berchtesgaden, where Fuehrer Adolf Hitler pondered his reply in his Bavarian mountain retreat.

Foreign Minister Joachim von Ribbentrop was understood to be with the Fuehrer.

While Beck left the way open to negotiations, it was strongly doubted that Hitler would negotiate on the terms which Beck indicated would be acceptable to Poland.

May Increase Demands

As in the past when he was met with opposition, Hitler was not expected to modify his demands. His rousing speech indicated Germany would increase her demands if they were not met in the first instance.

One of the foreign office staff who speaks Polish was understood to have listened to Beck's speech on the radio at Obersiebenbrunn and given Hitler and Ribbentrop a partial summary which they at once began discussing.

The German press gave an indication of the reticent course by renewing its campaign of reporting anti-German "outrages" in Poland. Anti-German Demonstrations

The papers reported anti-German demonstrations at Poznan, where an effigy of Hitler was burned in a downtown square. They said the demonstration was led by social democrats and national union members and that the police dispersed a crowd which shouted "down with Hitler" in front of the German consulate.

A Polish memorandum replying to Germany's demands for repeating the essence of Beck's speech was expected at the foreign office late today.

Nazi circles were gratified that Beck did not demand a Polish retreat over Danzig as had been considered possible and that he did not repeat any of the "extreme" demands which had been reported by the Polish newspapers.

But it was strongly doubted that Hitler would negotiate with Poland on the terms which Beck indicated would be acceptable to Poland.

Comments on BECK'S SPEECH

ROME, May 5 (UP)—Factotum circles today deplored the speech of Polish Foreign Minister Josef Beck as indicating an unyielding attitude and hope was expressed that a solution might yet be found in the quarrel between Germany and the Warsaw government.

LONDON, May 5 (UP)—Poland's reply to Adolf Hitler's demands was regarded in British circles as firm but not unyielding and therefore not expected to aggravate the tense European situation.

PARIS, May 5 (UP)—The "left" but cautious force of Polish Foreign Minister Josef Beck's speech at Warsaw replying to Adolf Hitler was given whole-hearted approval today in official French quarters.

DANZIG, May 5 (UP)—Political quarters today described Polish Foreign Minister Josef Beck's speech as "merely a general answer" which fails to clarify the differences between Germany and Poland.

WARSAW, Poland, May 5 (UP)—Polish newspapers hailed Foreign Minister Josef Beck's speech as dignified, calm, moderate and firm and carried such headlines as:

"Poland does not know the reputation of peace at any price—Poland will not allow herself to be cut off from the Baltic—Germany must prove her will for peace."

INDIANA DEFINES 'DRIVER'S DRINK'

INDIANAPOLIS, Ind. (UP)—Any motorist who drinks a half-pint of whiskey or its equivalent in any form is intoxicated whether he thinks so or not, according to a new Indiana law.

The statute, passed by the recent session of the legislature and signed by the governor, defines drunkenness and society in terms of the percentage of alcohol in the blood stream. The amount will be determined by tests.

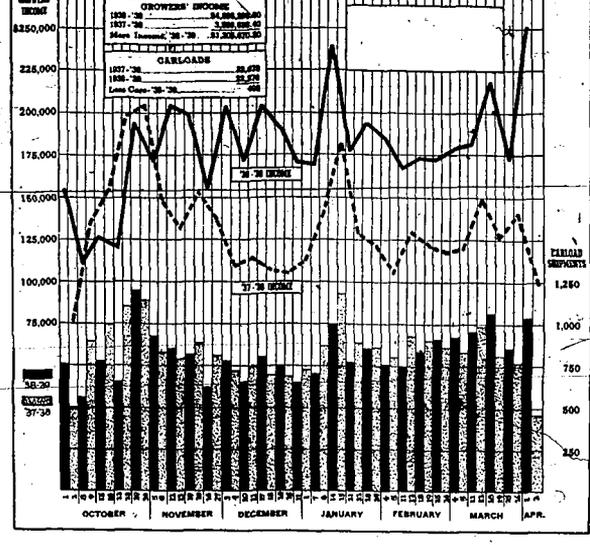

Drivers who put themselves on their alcoholic capacity are given a slight chance to demonstrate their powers, however, since the law leaves a driver a certain amount of alcohol constituting prime face drunkenness and the maximum which a driver can consume and remain sober.

If the blood stream is shown to contain less than the one-hundredth of one per cent of alcohol, the driver has nothing to worry about. If it contains more than 15 hundredths of one per cent, there is nothing he can do about it—the law says he's intoxicated.

Between these two marks he has only to convince the police and the witnesses. The bleary-eyed driver who can't say "intoxicated" is as much on the spot as if he had drunk the law's half-pint. On the other hand, if he appears to be handling his "load" with equanimity, he may not be drunk.

The law is the first of its kind to be passed in any state and was modeled after recommendations of the national safety council. Convictions had been obtained previously on evidence of "drunkenness" or other intoxication tests, but judges had been loath to accept this kind of evidence without statutory definition.

60 Acres Near Twin Falls will House Federal Village and Workers' Camp

Construction of a complete "village," designed to house approximately 1,500 persons in three to four-room homes and also a transient "tourist" workers' park was scheduled to get underway near here soon as a federal government purchase act after purchase of the site had been completed yesterday.

The land, a 60-acre plot, was purchased yesterday from J. H. Seaver and the deed was recorded at the county court house. The site is located one mile south of the Spanish Park corner on highway 93 and on the west side of the highway.

The houses will, under the government program, care for many local families who are now residing in small structures and in tents. The "tourist" park section will provide for transients moving into this section in search of farm labor.

RUPERT, BURLEY GET STAGE LINE

First stage line to serve the "loop" consisting of Burley, Rupert, Eden, Hazelton, Paul and Twin Falls will start May 10. J. L. Peronius, Twin Falls-Weils stage owner, said today.

The initial run will start from Twin Falls at 7 p. m. on this date and will reach Rupert at 8:50 p. m. A new bus, accommodating 12 passengers, will serve the new line.

Schedule of runs: Peronius said will be as follows each day:

- Leave Rupert, 8:30 a. m.; arrive Burley, 8:55 a. m.; arrive in Twin Falls, 10:15 a. m.
- Leave Twin Falls, 7 p. m.; arrive Rupert, 8:30 p. m.

"The new service," Peronius said, "will offer residents of the Burley and Rupert territory direct connections at Wells for the west coast and the San Francisco fair."

GOP and Demos Pepper Criticism of New Deal

WASHINGTON, May 5 (UP)—A crossfire of Republican and Democratic criticism of the Roosevelt Deal today coincided with a business barrage fired by the U. S. Chamber of Commerce.

Dispositions of New Dealers appeared to be to retreat a little and then to stand and fight. New Deal concessions appeared to be "pre-emptive" pleas were foreseen in limited modification of the wage-hour act and revenue measures, and possibly some change in the act or regulations governing the national labor relations board.

Beyond that there has been no public intimation of willingness to shift the policy foundations of the Roosevelt administration. Conservative Democratic pressure for major shifts twice this year has caused Mr. Roosevelt to invite dissenters to join the opposition if they wanted to be in a conservative party.

Note of Confidence

The rising note of confidence in Republican criticism of the Roosevelt administration is strikingly similar to last November's election returns.

Typical of sharp language being employed by conservative Democrats were remarks of Sen. Harry F. Byrd, D. Va., which went before the Senate in the Chamber of Commerce. He called the President's administration a "wasteful and autocratic bureaucracy."

Sen. Pat Harrison, D. Miss., who is chairman of the senate finance committee, addressed the chamber's annual banquet last night. Harrison is one of those who would curtail intra-party differences as much as possible in the hope of a harmonious convention in 1940. His strategy is that of the conciliator, but he is no longer a New Dealer.

No Intolerance in Talk

There was no bitterness in Harrison's talk. He warned that it was time for the "red light to be flashed on spending." He was gently but indifferently critical of the Roosevelt administration.

Harrison held out hope for business that congress will make some changes in corporate tax laws to administration.

Yesterday's chamber endorsement of resolutions calling for modification of the major labor laws supports the conservative Democratic fears insofar as the Chamber of Commerce convention represents the American business man.

PARTY OF 4,500 WILL FETE KING

OTTAWA, Can., May 5 (UP)—The largest birthday party staged in Canada, at which three of the largest cakes made in the country will grace the tables, will be held here May 29 in honor of King George's 44th birthday.

The king, who is coming to Canada May 19 for a month's visit, will attend the party with Queen Elizabeth.

The party will be staged on the lawn of the government house. It will be attended by about 4,500 guests and will cost \$3,900.

The tables will be laden with three-layered birthday cakes weighing 200 pounds each, 13,500 sandwiches, 4,000 loaves, 4,000 chicken pies, one jelly party, 4,000 coffee and chocolate eclairs, 75 pounds of petit fours, 4,000 assorted tarts, 120 macaroni cakes, 2,250 individual macarons, 500 loaves of ice cream and 150 gallons each of tea, coffee and lemonade.

The tables will be waited on by 75 young waitresses, attired in uniform of total grey, with blue pleating around the sleeves and collar, and blue buttons. They will wear red bow ties and scalloped white caps.

The three birthday cakes will be accompanied by a replica of the royal Edward crown, and from the base of each will arise sugar-sprayed replicas of the B.M.S. Gollingswood, the battleship on which the king served in the battle of Jutland. The crown will be decorated with a rose, the thistle, the shamrock, and other maple leaves, and on the front and back there will be the coat-of-arms of Great Britain. The cakes will be cut up into small pieces and distributed among the guests.

Arrangements for the birthday party are being made by birthday party chairman Charles H. Huggins, parliamentary restaurant manager, who was one-time undersecretary to the marquis of Camden, and for 11 years steward at the government house in India.

TRAGEDY

JACKSON, Tenn., May 5 (UP)—The love tragedy of a 25-year-old man and his 21-year-old fiancée appeared beyond explanation today. Ten minutes after they appeared at the altar, the young man dragged the old woman to their automobile and killed her. He then shot and killed himself.

She was identified as Mrs. George H. Darrell, of Oklahoma City. He had registered at the hotel as J. A. Turner, but papers found in their automobile identified him as Ray L. Atherton, of Oklahoma City.

WASHINGTON, Del. (UP)—M. H. Wainwright, a cabinet book, 70, owned a cabinet book engraved "Property of George Washington" which he has refused to sell to the marquis of Camden, and for 11 years steward at the government house in India.

1939 BEET RULE LIST ANNOUNCED

With provisions much the same as last year, regulations which must be complied with if sugar beet growers want to get the federal payment on their 1939 crop had been outlined here today.

Walter Reese, president of the Twin Falls County Agricultural Conservation association, mapped the conditions and said that the payment of 60 cents per 100 pounds of raw sugar will come to growers complying with the congressional act of 1937.

\$1.80 Per Ton in 1938

The payments averaged \$1.80 a ton last year.

Since no educational meetings will be staged this season to explain the conditions, Mr. Reese outlined them as follows:

1. No child younger than 14 years old should be permitted to work on the farm, or no child between the ages of 14 and 16 years be permitted to work more than eight hours a day, unless a member of the immediate family of a person who is the head owner of at least 40 per cent of the crop at the time such work was performed.
2. All persons employed in production, cultivation and harvesting should be paid in full and should be paid according to the scale determined as fair and reasonable for the district in which the farm lies.
3. Average planted to sugar beet should be within the allotment for farms—lands made to the farm, in accordance with acreage made to keep the area in which the farms lies within its quota for production of sugar.
4. Fertilizing practices which have been prescribed as necessary to preserve and improve fertility of the soil and prevent soil erosion should be carried out.

U. S. Agents Seize Gowns and Jewelry

NEW YORK, May 5 (UP)—Customs agents revealed today they had seized the pent house of wealthy Mrs. James C. Ayer last night and seized gowns, jewelry and other merchandise valued at \$30,000.

The agents said the Ayer case was "bigger" than the Lauer case in which Mrs. Edgar J. Lauer, the wife of a state supreme court justice is serving a three months sentence for smuggling.

The warrant obtained by the agents alleged Mrs. Ayer had brought in the goods on trips from Europe to New York on the Europa in September, 1935, and on the Bremen in September, 1938.

Mrs. Ayer was not arrested.

VEHICLE RELICS OF WEST SHOWN

WATERFORD, Calif. (AP)—Started almost by accident five years ago, the odd hobby of Pierce A. Miller, a rancher near here, is winning fame for him as the San Francisco Golden Gate International exposition.

In 1934, the nearby city of Modesto staged an oldtimers parade, and issued a call for old wagons, buggies and harnesses. The shortage of such vehicles was surprising and it was then that Miller thought casually of making a collection just to have on hand should the occasion to use them ever arise again.

Today Miller is the proud owner of 100 vehicles, dating back to California's colorful gold rush days and even earlier. Purchased at prices ranging from \$1 to \$100, they are worth much more because of their scarcity.

Five Vehicles Shown

Before the exposition opened, several fair officials came to Miller's home and selected five vehicles to be used in a production known as the "Cavaliers of the West" on Treasure Island. Miller's son, Tom, went along to take part in the show. Sometimes he plays the role of an Indian, again a cowboy, and at other times drives the replica he carefully guards for his father.

Selected to appear at the fair were a four-wheeled horse cart from Virginia City, Nev.—a covered wagon that had a regular but through axle—Death Valley mule years ago; a closed cab 60 years old that served as a taxicab in the "Cavaliers of the West"; a disastrous earthquake fire and was one of the first to appear on the streets of that city; a two-wheeled cart, again a cowboy, and in the great height of its wheel and seating arrangement and an antique buggy.

One of the interesting vehicles left behind is a case cart mounted on a double sled. It was used in Virginia City to fight fires in the winter when its wheeled partner could not be used in the deep snow.

Old Treadmill Owned

Another Miller's prized possessions is a treadmill from a Los Angeles ranch. A horse was placed on San Francisco's platform and by keeping up a steady pace it moved the floor and turned a wheel for grinding grain.

One of the wheels of an old stagecoach which used to travel over bumpy mountain roads into Yosemite national park, surrounds the average visitor. Miller explains that they were built unusually high to keep passengers out of the water which the coach forced against streams.

Miller pointed out that his collection is about to undergo its shelter in a big barn on his ranch. He said that since he still has the urge to acquire every odd vehicle of historical interest, he plans to build a special museum for what was once a hobby and now is almost a vocation.

Old "58" Cavorts with Her Grandchildren

Seventy years ago on May 10, the golden spike was driven that completed the Union Pacific and the first transcontinental American railroad. Commemorating that event and the opening of the new \$11,000,000 Union station at Los Angeles on May 7, (left to right) old number "58," flanked in Paramount's "Union Pacific"; the world's first steam-electric locomotive, capable of hauling a train at 125 miles per hour; the 4,900-horsepower diesel-electric and the latest Challenger type steam locomotive of the Union Pacific were operated in a series of five at the new station. Directly above the cab of the steam-electric can be seen the tower of the station and to the right is the tower of the City Hall.

Rotary Anns Take Charge of Dinner

JEROME, May 5 (Special)—More than 50 Rotary members and Rotary Anns were present at the ladies' night of the Jerome Rotary club this week.

Members enjoyed a unique and hilarious time, the occasion being an annual party, and wives of the past presidents had charge of the program. Mrs. Gilbert White acted as toastmaster of the evening.

Dance Exhibition

S. L. Thorpe and that Wellington gave an unusually clever arrangement of a tap dance followed by an impressive exhibition of the Lambeth Walk presented by Ken Walker, Paul Rudy and T. W. Gamble, young buds of the Rotary organization who were determined to give a detailed demonstration of the intricate dance to the older members.

One of the highlights of the entertainment was given by Dr. Charles F. Zeller, prominent physician, when he explained upon request why his language had been "faded down" since he became a member of the golf club three years ago.

Giving as his reason, that the ladies of the club could out-talk him, members were satisfied with the answer.

Mrs. H. Maine Shoun took over the program at this point and gave an unusual radio program. Mrs. Shoun acted in the capacity of radio announcer, telling of the activities of the Rotary members.

Past Presidents Sing

Later several of the past presidents gave a clever presentation of the popular song, "Toodle Lum-A-Lum-A, Toodle I-A."

The remainder of the evening was spent in dancing to the music of Glen Tates' orchestra.

Each Rotary member was given a carnation from the Rotary Anns.

FOUR BIRDS ON PAR NINE

PERRY, Okla. (AP)—Here's one for the golfers. Al Singletary, playing in a foursome, shot a par score for the first nine holes at the Perry course, yet he did not par eight of the holes. He got four birdies, one par, and went over par on the other four holes.

SHALE OIL TO BE PRODUCED

CANBERRA, Australia (AP)—Employment is to be given to 3,500 persons within the next 12 months in the production of shale oil in the heart of the almost impenetrable blue mountains. The gasoline produced will be pumped from a distance of more than 100 miles.

SUICIDE PERIOD STARTS IN OHIO

COLUMBUS, O. (AP)—Spring may be the period for love, but it is also suicide season in Ohio. It is estimated that about 325 persons will take their lives between April and the end of June.

May is consistently the worst month of the year for suicides, with April a close second, according to state vital statistics. June also takes a heavy toll.

Life doesn't begin at 40 for many persons, for about one-third of Ohio suicide victims are in their 40s.

Lawrimont gets an even break in suicide statistics, since half of the victims are married persons. However, only 25 per cent of the suicides are women.

Men Choose Firearms

Men bent on death prefer firearms or resort to hanging, but women choose poison first and drowning as second choice. Old men hurt themselves in front of automobiles, trains or in some other way to crash themselves. In 1937 all who killed themselves by crushing were men and were past 50—was 70.

Crush-folk took to suicide in far greater numbers than do those living in rural areas—two-thirds of them are from urban districts. One-half are native Ohioans.

Started almost by accident five years ago, the odd hobby of Pierce A. Miller, a rancher near here, is winning fame for him as the San Francisco Golden Gate International exposition.

ALASKA TERMED UNTAPPED LAND

CINCINNATI, O. (AP)—Alaska, the 586,400 square miles of frozen northland the United States bought from Great Britain in 1867, needs men and women to transform it into another Switzerland, according to the Rev. Bernard R. Hubbard, Jesuit missionary and explorer.

"We want men and women with the pioneering spirit of Daniel Boone and Dave Crockett," Father Hubbard said in a lecture at Tufts auditorium here. "Alaska is very big—twice as big as Texas—but there is no room for more or more."

Father Hubbard said that Alaska compares "scientifically and economically" with the country he explored, and that the territory could be developed into an even greater land of dairy farms and cheese factories.

"The country has great industrial as well as agricultural possibilities," he said. "There are rich deposits of tin, iron, coal, manganese, silver, gold and platinum. It could easily support 6,000,000 people instead of the present population of only 80,000."

"Everybody thinks Alaska" has nothing but Eskimos, igloos and polar bears, I thought so myself until I went there and found that Eskimos don't know what an igloo is. Another wrong notion is that Alaska is too cold. It's rigorous, but not colder than Minnesota or the Dakotas, and writers are no longer than in Scotland."

Father Hubbard showed his audience a motion picture of Alaskan scenery, including King Island, which he calls home. The pictures revealed that the Eskimos there are "cliff dwellers," since their homes hang on precipitous sides of the island.

Speaker Praises Leisure Hobbies

BUHL, May 5 (Special)—Homer M. Davis, superintendent of the Twin Falls schools, was guest speaker at the Kiwanis luncheon Wednesday. He used as his topic "Leisure Time and Hobbies."

He cited several examples of how hobbies may change a man's life. His definition of recreation was "creating by play that which has been lost by work."

George N. Thayer, Bobo, and J. Huber, Buhl, were other guests at the luncheon. Bonney Bartlesy won the attendance prize for April, which was donated by C. D. Siler. Twenty-eight members of the local club had perfect attendance for the month.

A short report was given by Olin Smith on the 17-city meeting to be held next Wednesday at 7 p. m. at the American Legion building. Program numbers will be furnished from the Twin Falls, Piler and Buhl clubs. It is expected more than 150 Kiwanians and their wives from these three towns will attend this meeting.

FISHERMEN FIND THAWS EXPENSIVE

WINNIPEG, Man. (AP)—Spring thaws brought seedling equipment into the wheat fields of the famous Manitoba plains and spelled death for the million-dollar fishing industry of the northern lakes.

During the past five months more than 3,000 fishermen killed in sub-zero temperatures and icy winds to draw their livelihood from the productive lake system of the province.

Manitoba leads the province in lakes in output of fresh-water fish. Heated storage used.

Fishermen found new markets for frozen fish in the large cities of the United States. The demand led to the introduction of heated storage on the shores of the ice-bound lakes. This idea may be seen delivered to packing establishments "still kicking."

The old method of hauling carload after carload of frozen fish to the markets in this manner gave way to new methods, much to the advantage of the fishermen.

The past winter remained rather uneventful on Manitoba's lakes. In previous years lives have been lost and thousands of dollars worth of fish carried away by shifting ice, driven by winter gales.

Life Entails Hardships

However, in the most ordinary weather the Manitoba fisherman must have some of the hardiness and endurance of the old Vikings to spend long hours on the ice after soaking wet, as he "sets" and "lifts" his nets which stretch beneath the frozen surface. And when he starts for his camp at the end of the day, he may find his pathway blocked by a strip of dark, evil-looking water.

The Manitoba fishermen rarely catch last year was 28,500,000 pounds, consisting of whitefish, pickerel, goldeneye, tullibee, saugers and pike. From Manitoba lakes comes nearly all of the dominion's supply of golfeys, although pickerel and whitefish are considered the million-dollar fish of Canada.

For storage, cold storage for fur and other goods. Ph. 151, Twin Falls Feed and Ice, Adv.

AIRPLANE PILOTS TRAINED SLOWLY

CHICAGO, May 5 (AP)—As hundreds of air liner passengers through the busy Chicago municipal airport, the lack of training men for pilot's wings goes on, hidden from the public and with none of the glamor usually attached to the life of a pilot.

Young men hover over meteorology reports, juggle figures and diagrams, concentrate on problems in physics and navigation and write examinations—always examinations—always examinations.

Capt. William Lester is head of the training class. Enrollment is no simple matter. Applicants are required to take a test which consists of a six-hour oral examination and 90 minutes in a Link trainer. The Link trainer is a contrivance that tests flying ability as rigidly as if the pilot was in the air.

If the pilot passes that test, he undergoes a thorough medical examination, survival of which means acceptance as a "first officer in training."

The embryo sky captain then attends classes from 9 a. m. to 5 p. m. several days a week for a month. He is assigned 100 hours of stiff home work consisting of technical questions. During that month he must complete 25 hours of flying by instrument under instruction, 25 hours of watching another pupil receive instruction and 25 hours of grueling work in the Link trainer.

Then comes two weeks of working as a third member on a transport liner crew and further ground and flying instruction.

Another stretch of examinations then faces the pilot, survival of which opens the way to duties as first officer, or co-pilot. And for two more years he continues his training, his home work and examinations.

At the end of those two years, if the pilot hasn't given up the "romantic" business of becoming an air transport pilot, he is eligible to become a captain. It usually takes four or five more years of constant study before that appointment is received.

DISEASE REPORT SHOWS 25 CASES

Twenty-five new cases of communicable disease were noted in Twin Falls county during the last week, it was announced here today by the health officer. The cases included mumps in two boys; two cases of measles, one noted in Hansen and the other in Buhl; and four cases of whooping cough at Filer.

Knife and Liquor Figure in Brawl

SHOIGNE, May 5 (Special)—Robert Buckley and George Docktor, Jerome, and Guy Wilson and Byron Johnson were in the Twin Falls jail yesterday wondering what it was all about.

They had some sort of recollection of accumulating a quantity of liquor and engaging in an argument and a fight, when Marshal Ben E. Todd and Deputy Sheriff Lee Winner appeared on the scene and took them into custody.

From all they could remember, Wilson and Docktor were talking Buckley for a walk, when Johnson interfered. During the melee a knife was introduced and Wilson was cut to slight degree. Another of the crowd was hit on the head with a rock. The affair was consequently staged in front of a hospital, but it was not utilized, and happened at 1:30 a. m. Wednesday.

Buckley and Docktor drew 30 days in the county jail, and Johnson 20 days, while Wilson was discharged, as he had been given pretty good treatment in previous attacks of the Peace B. E. Todd assessed the fines.

Valedictorian at Bliss Appointed

BLISS, May 5 (Special)—Bapt. E. H. Foster announced today that Ruth Ellen Jackson, senior class president and president of the Bliss high school Associated Students has won the honor of giving the valedictory address at annual commencement exercises May 11.

Arthur Veigluth, with the second highest average of the group, will deliver the salutatory address.

21 CIO Workers Indicted Under Anti-Picket Law

PORTLAND, Ore., May 5 (AP)—Twenty-one CIO woodworkers were indicted today in the first court action against organized labor under the drastic state anti-picketing law passed by Oregon voters last November.

A Multnomah county grand jury cited the 21 men for allegedly picketing the Luckenbach Steamship company in defiance of a court injunction which was in port to load lumber from the Worth and Engle mill at McMinnville, Ore.

A few hours earlier, George Crom, member of a CIO maritime office workers' union, became the first Oregon resident to be arrested under the new law.

He was jailed for patrolling the dock of the Luckenbach Steamship company in defiance of a court injunction in another dispute arising out of claims the Luckenbach company owned control of the ship.

Headed the list were 13 cases of chicken pox, 12 being reported in Buhl and one in Twin Falls. Also noted were six cases of mumps in Twin Falls; two cases of measles, one noted in Hansen and the other in Buhl; and four cases of whooping cough at Filer.

GIRL IS WINNER IN ELKS CONTEST

BURLEY, May 5 (Special)—First place with a check of \$15 was won Wednesday in the Cassia-Madison county orient contest sponsored by the Burley Elks lodge by Miss Grace Schockey, Burley high school student. The state-wide subject is "Americanism, Protector of Liberty."

Miss Schockey will represent this territory in the contest at the Court of Ales sometime this month with all transportation and expenses furnished, and will also broadcast her speech over radio station KTRT soon.

Turner, Runner-up—Only one and out-third per cent behind Max Turner, Burley, in second place which carried a check with it of \$10. Third place winner was Miss Virginia Downs, Auburn, who received a \$5 check. Other entrants were Don Whittier, Hevonia, and Lawrence Leck, Rupert.

J. W. Gerlach, Louis M. Hahn and William J. Morgan, Twin Falls, were judges. Contestants drew lots in the order of drawing. Judges and judges did not know which school each represented until after their decision.

WRONG

DETRUIT, May 5 (AP)—The results of Mrs. Thelma J. Middleton's treasure hunt, inspired by spiritual visitation—left her today with several broken bottles, a rusty Pontiac and a black yard that looked like No Man's Land.

Repeated visions had told Mrs. Middleton that one day, two treasure troves were buried in her back yard. She had tried her hand with a shovel, but had struck nothing but a rusty Pontiac and a black yard that looked like No Man's Land.

'ALUMNI' ORDER OF CCC FORMED

MOBILE, Ala., May 5 (AP)—An organization of former civilian conscription corps enrollees founded in Mobile by Rep. Frank W. Boykin, D., Ala., soon will open national headquarters in Washington, it was announced today.

The organization, called the "3-C Men of America," opened national headquarters at 45 St. Francis street in Mobile, according to an announcement in *Happy Days*: a CCC publication.

Directors, the announcement said, are Alphonse Lucas, Boykin's secretary; George Tomasette, also of Mobile; O. R. Gottle, education adviser of Camp 8-53, Chunchula, Ala.; Col. E. E. Wager, Washington; Albert Ernest, Savannah, Ga.; and A. L. Brogton, Jacksonville, Fla.

Incorporated in Washington The organization is incorporated in the District of Columbia, with Edward A. Downey, New York City, former CCC enrollee, as national president. James W. Bingleary, Oak Grove, Ala., is vice-president, and Cottle is executive secretary and treasurer.

The announced aim: "Men leaving the CCC are invited to join 3-C Men of America. . . . Have friends everywhere in the national organization of former CCC men."

The society has a fraternal helpfulness and to promote good citizenship.

Interest to Be Kept Alive "There is need today for continued interest in the youth who have gone through the CCC camps and have gone back home seeking work," Boykin said. "We believe great good can be accomplished by and for these men through such an organization as we contemplate."

The suit, in which the CIO, American Federation of Labor and railway brotherhoods joined forces, has been marked by bitter charges. Labor has claimed the law is unconstitutional. Supporters of the law have charged labor troubles leading to Oregon's roundup and arrest of so-called "hoons," or strong-arm men.

Hereofore action under the law has been held up pending outcome of the suit, which labor forces said would be taken to the U. S. supreme court for a final ruling if necessary.

Commencement Speaker Chosen

BASEBALL SEASON WILL OPEN HERE TONIGHT

4,000 Fans To Jam Park For First Tilt

Barfing rain or snow, some 4,000 baseball fans are expected to flood the new Jaycee park here tonight to see organized baseball return to Twin Falls after an absence of 11 years.

The game pits the Twin Falls Cowboys against the Pocatello Cardinals, with the local team hoping to score its second straight victory over the chain gang boys. Last night Manager Eddie Leishman's club pounded out 13 hits in lighting the Pocatello team a 15-8 drubbing.

Ceremonies tonight are expected to be short and snappy, with the opening announcements scheduled to start at 8 p. m. and concluded and ready for the "play ball" signal by 8:30. Feature of the evening will be a 15-minute orchestral demonstration by the Kimberly High school band.

Park is Ready

The new park, in much better shape for playing than most of the other new edifices around the circuit, has been painted and is ready to accommodate about 4,000 people. Added bleachers have been placed along the outfield foul lines.

Owner Bill Ulrich, here from Spokane, had high praise for the structure, as did Secretary-Treasurer A. J. (Monty) Montgomery. The two, accompanied by Attorney H. H. Cannon and Board member C. W. Schulmerich, the "clown prince" of the Pacific northwest, pulled into the city yesterday and will be here for the opening tilt. They will be introduced at the opening ceremonies tonight.

Grand Finish

Last night the Cowboys put on a grand finish to their stay in Pocatello by blasting out 19 hits to chalk up their victory. Held in by the first two games, and unable to get good pitching performance, the Twin Falls team got both last night as it ran wild.

Four homers boomed off the bats of the Twin Falls players, with Manager Leishman, Steve Bogdanoff, Dennis Bishop and George Farrell contributing for the circuit. The McNamee, the rookie catcher, got four singles in four trips to the plate for perfect play at bat, while Copeky Cannon and Bogdanoff each got three bingles. Every man in the Twin Falls lineup got at least one hit.

Oppelt in Form

Meanwhile, Marlon Oppelt, the hurler who had to be pulled the first day due to windness, pitched a whole of a game by allowing only seven hits and striking out eight. He was kept in hot water, however, most of the way by five errors by his team.

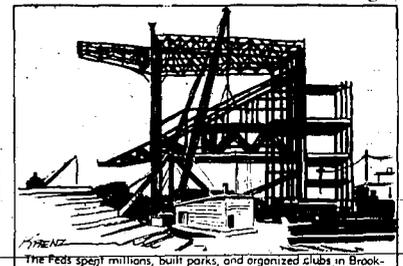

The big Twin Falls rally came in the fifth inning when the local club pushed across six runs.

100 Years of Baseball

I'LL PAY YOU TWICE AS MUCH

The Federal League

The Feds spent millions, built parks, and organized clubs in Brooklyn, Baltimore, Buffalo, Pittsburgh, Chicago, St. Louis, Kansas City and Indianapolis. The appeal of the circuit was based principally on the dissatisfaction of players with the way in which owners were permitted to dispose of their "property rights" in the services of players. Fed officials offered to correct the abuses of the old system.

President Jim Gilmore interested such tremendous figures as Charles H. Weeghman, left; Harry F. Sinclair, center; Phil Ball, right, and Robert Ward. It cost all of them plenty, but Sinclair said he would have spent millions more had he been convinced the loop would go. Both sides were willing to accept peace of the end of the 1915 campaign. Weeghman bought the Cubs and Ball the Browns.

ATHLETES who had jumped to the Feds, numbering many bright stars, were welcomed back by majors and minors.

PORT QUIBS

By HAL WOOD

The grand opening of the ball park here tonight—heralding the return of organized baseball to the south central Idaho sector—should be termed a truly memorial occasion.

One year ago today you couldn't have gotten one man in 10 to say that professional baseball could be a success in Twin Falls. There were dozens of reasons given, not the least of which was that people of this area were not interested in the game—would rather hunt and fish.

Tonight in the neighborhood of 4,000 persons are expected to jam Jaycee park for the opening game ceremonies and thereby inaugurate a long tale of hard work by intermountain baseball backers.

The whole thing started about a year ago last February when Harry Sanders, manager of the Lewiston Indians, dropped into this office with a vision of a strong professional baseball league for Utah, Idaho and possibly Montana, Oregon and Washington.

Here he had met quite a strange bunch of men, but he thought they were responsible persons that the city "wasn't interested." He got a warmer reception here when the Junior Chamber of Commerce,

Mazzera Posts .567 Mark to Pace Browns

By GEORGE KIRKSEY

NEW YORK, May 5 (AP)—Two strangers, Mel Mazzera of the Browns and Merrill May of the Phillies, commanded attention from the baseball flock today with a pair of robust hitting averages—Mazzera leading the American league with .567 and May pacing the National with .47.

Mazzera is a 25-year-old Italian from Stockton, Calif., who came up last year from the Browns' San Antonio Texas league farm club labeled "an exceptional outfielder who may improve as a batsman."

Mazzera whanged out two homers and a single yesterday against the Browns, driving in four runs as the Browns won 8-3 behind Rookie John Henry Kramer's eight-hit pitching.

Mazzera is a refugee from the Yankee chain system.

An injury kept him from starting a game until April 22. He hit safely in his tenth straight game yesterday by having a perfect "3 for 3" day against the Pirates. The Phils were held where he was working by Batters against the Phils and the Browns last February when they tied the score and won in the tenth inning. Peller had the Yankees beat, 6-4, going into the ninth but they tied the score and won in the tenth with a four-run rally which blew Peller from the mound.

The Boston Red Sox rallied to beat Detroit, 7-6. Rookie Ted Williams hit two homers.

Win Streak Snapped

Washington's five-game winning streak was snapped by the White Sox, who won 4-3, and ousted the Senators from third place.

Despite wildness, Manuel Salvo, San Diego rookie, hung on for the full route and won his first National league game as the Giants copped their third straight from the Cardinals, 5-2, behind Walter Peltz, who had pitched two shutouts, weakened in the eighth.

Even with their ace, Bill Lee, in the box the Cubs continued their nose dive, losing to Brooklyn, 6-2, for their third straight loss.

Shoshone Set For School Ball Tourney

SHOSHONE, May 5 (Special)—This Lincoln county city today prepared for a high school baseball tournament on Saturday—the only such meet held in south central Idaho and possibly in the state.

Four teams representing North Shoshone, Dietrich, Richfield and Shoshone will participate in the tournament. The first game will be at 9:30 a. m. Winners of the morning tilt will meet for the championship in the final game of the afternoon while the losers will play in the preliminary afternoon tilt for the consolation championship. All games are expected to be only five innings, according to L. T. Dolphin, chairman of the special baseball committee.

Special prizes of a dozen baseball caps will be awarded members of the championship team and show tickets will be given members of every team participating. There will be no admission charged at the tourney.

ASSURANCE NEARS ON PURCHASE OF BRIDGE

A Big Parking Hazard

locally. "I wouldn't consider that offer. It amounts to confiscation. Anyway, if the state is going to take the bridge away from us, let it do so by legal means. I can face my shareholders then in better grace. I can't come down here in good faith to negotiate with you."

He asked permission to address the commission. It was granted. "I don't expect you to pay for what's gone," he said. "But I do expect you to pay for what's left."

He pointed out that the state's own engineer's report included depreciation of the bridge structure. "I'm not expecting you to pay for what's gone," he said. "But I do expect you to pay for what's left."

Storrs reviewed past negotiations in the hectic bridge climate. He said the fact that the company wanted \$500,000 as a maximum in the bridge fund was a serious matter. \$500,000 was inserted instead. He talked it over with his board, which was convinced \$500,000 would be satisfactory.

The bridge chief called on Engineer J. J. Byer to substantiate the fact that no materials were used in the bridge. He said the appraisal of \$471,000 showed. After the two men compared this discrepancy, Byer stated that the discrepancy did exist.

As a result, the commission was inclined to agree with the appraisal of \$471,000 rather than the \$500,000 figure. "Speed in the transaction was urged by Storrs in his assertion that 'if pressure to take this bridge is applied, I think it should be taken quickly. If you want to make a deal, we'll make it. We'll throw off \$18,000, but you are deducting our money from your figures.' His remark referred to the earlier \$425,000 offer."

Enlightened to Pre-Byer. The Jerome commission member, Thorpe, said that "I believe early delivery of the bridge will be very desirable from the point of view of the public. If these figures are correct, it would put an additional value on the bridge. I believe if the people know the facts are to come off, the present feeling would be relieved. The whole thing is that the people are entitled to a free bridge at that point as well as at any other on Snake river."

Byer didn't sign. When reports of the board of examiners' meeting of June, 1938, were introduced at the bridge hearing, Byer, Bottel and Storrs agreed the bridge was worth \$408,000.

"No sir," Byer replied. "These figures were shown as our estimate, but somebody signed my name. Bottel and Storrs agreed the bridge was worth \$408,000."

Washington Post. "Never could get it to me," Taylor said. "I asked for a meeting two dozen times."

The attorney-general then asked Byer: "Do you know why we never got the federal appraisal?" "Only what I heard at the meeting in Twin Falls," Byer replied. "It was at Twin Falls that H. J. Finch, bridge director, told state officials and the Twin Falls Chamber of Commerce that the federal appraisal was \$408,000, and that was the figure to be used."

Byer's investigation, he said, "I believe that that would be a fair price if the bridge could be bought for any figure up to and including the \$500,000, and that it was up to members of the bridge commission to determine what they felt was a fair bridge price."

Vigorous denunciation of Taylor's change of "graff" in connection with previous higher quotations on the bridge were voiced at Thursday's late afternoon session by R. S. Tuttle, Twin Falls publisher, and

Owner of the above automobile probably thought "the car's not even safe when you park it." Top-heavy truck trailer, making sharp turns on Chicago street corner, toppled over and backed in the side of city car.

Rep. William H. Delveiler of Hazelton. "There is no thought of any of us getting a nickel out of the bridge transaction," the publisher said. "A lot has been bandied about by people who know nothing about this. No one working on the bridge purchase matter has any ulterior motives whatever. Any assertion that such is the case is simply ridiculous and absurd."

He was substituted by K. C. Beach, department store owner of Twin Falls. "That would be a good buy."

Not Worn Out. At one point Taylor asked Byer: "Did Stiemmer say the bridge was worn out, outmoded, and so on?" Byer answered promptly: "I don't recall that Stiemmer told him that."

Byer continued by asserting that the firm bridge structure is adequate in every way to carry a load of police mandrels, assembled war veterans a loading, as well as the city's mail. He said the key to the city was theirs. Members of the league baseball team, including several city council members, and five of them arguing over who's the greatest baseball player that ever lived, were also present.

Not Authentic. "Then, Mr. Byer," the chief executive said, "is this authentic?" "No," said Byer. Commissioner Thorpe then remarked that apparently there was no information that the \$360,000 and \$48,000 quotations. Taylor said quickly: "I said Marshall and I were looking for a bridge. I think I was worth \$350,000, I claimed he had investigated thoroughly. I said that's what they told me."

The attorney-general afterward asserted that he never knew any other appraisal was in existence. "Haga asked."

"Masters Had No Data." "Did Mr. Masters have any other data you know about?" "No," Taylor said. "I think not."

Members of the commission pointed out that although Masters and Stiemmer had both been asked to attend the sessions, both were "out of town."

Although Taylor said he never saw the Twin Falls Chamber of Commerce appraisal, Claude Detweiler of Twin Falls told the commission that a copy was mailed to Taylor and to all other interested officials. Press reports at the time indicated that a copy was mailed to Taylor and to all other interested officials. Rep. William H. Delveiler, Jerome county, explained how the legislative act of the \$500,000 maximum figure set (for purchase of the bridge). LOW BIRTH RATE WORRIES LATVIA

PRIGLA (UPI)—Once one of the most densely populated regions of eastern Europe, Latvia has become thoroughly westerized as far as its birth rate is concerned during the past few years. Alarmed by the trend, leading Latvians now are endeavoring to curb child-bearing in the total number of children.

While there were 30.8 births for every thousand Latvians in the year 1927 to 1930, only 23.3 per thousand took place in 1931 to 1935. Thus in a period of less than 40 years the natural annual increase in population fell from 10.2 to 2.3 per thousand, which puts Latvia far ahead of her Baltic neighbor, Estonia, which has 23.8—the two lowest rates in Europe.

Investigators in Latvia have discovered that the decline in fecundity is due to a number of unprecedented and growing prosperity, although in the 19th century increase in prosperity in any part of Europe resulted in a rush of marriages and births.

URBAN CUSTOMS ODD IN TROPICS

LOS ANGELES (UPI)—The discovery of "vacant towns" where the populations spend the week days and sometimes while seasons in the country, returning to their homes in the towns only on Sundays and feast days.

Dr. George McBride, professor of history at the University of California, has just returned from a six months tour of exploration in Central America and it was in Guatemala that he made his discovery.

"The towns in a way are similar to the 'ghost towns' of California," McBride said, "but perhaps the term 'vacant towns' would be more correct, for whereas the 'ghost towns' of California are abandoned, the vacant towns of Guatemala have permanent owners who return to their homes whenever they desire."

"These vacant towns" are populated on certain days and certain seasons of the year, but perhaps the term 'vacant towns' would be more correct, for whereas the 'ghost towns' of California are abandoned, the vacant towns of Guatemala have permanent owners who return to their homes whenever they desire."

"During most of the year, these towns still retain a sort of a skeleton population of a few hundred people, but during the week, the city is almost deserted, but on Sundays and feast days, the Guatemaltecos come into town to live in their own homes."

"The population of the area around the 'vacant towns' is almost wholly Indian," he said, "the few white inhabitants being government officials, priests and school teachers."

It takes about 40,000 years to form four feet of good soil, the minimum needed for good crop-producing land.

The word summer comes from the Sanskrit word, samant, meaning a 'track'.

WASHINGTON, May 5 (UPI)—Herbert Knutson, R. Minn., only member of the present House who participated in the United States in the World War, today lauded a defender to Chamberlain, Hitler and Goebbels.

"The world is sitting on a powder keg," Knutson began. "The Chamberlain, Hitler and Goebbels are the chief of a great government. If he didn't actually insult the President, it would be a great honor, he made fun of him."

"I resent that," Knutson shouted, banging the table. "What business is it of Hitler's if we have people out of work?"

"I defy Hitler to produce anything else but the WPA," Knutson said. "I defy Hitler to produce a thing like our government has."
