Soft Coal Mining Ceases As "Civil War" Continues

ROOSEVELT AND LAGUARDIA SEEK END OF BATTLE

By JOSEPH L. MYLER
NEW YORK, May 6 (UP)—The mining of soft coal, vital to industry, transportation and the essential services of municipalities, ceased throughout the United States today while the federal government increased its pressure on mine operators and miners to end their "civil war."

John R. Steelman, head of the U. S. conciliation service, goaded contract negotiators for the Appalachian bituminous industry into further discussions after they twice had confessed inability to agree.

Asserting that the represented "public," which the negotiators understood to mean President Roosevelt, Steelman told representatives of management and labor that "the American people will not stand for a state of insurrection."

CHINESE HURRY EVACUATION OF THIRD CAPITAL

CHUNGKING, May 6 (UP)—The whole civilian population of 55,000 was being hurriedly evacuated from this third capital of nationalist China today in the face of Japanese threats to destroy it by air raids.

The bodies of 1,000 persons killed in a raid yesterday were piled in public buildings and more than 3,000 were wounded, many still awaiting treatment in hospitals that were too crowded to admit them.

Move Farther West—Generalissimo Chiang Kai-shek, whose government had been driven from the capitals of Nanking and Hankow as the Japanese invaders thrust farther west, supervised the evacuation and prepared to establish a new capital farther back in the interior. He commandeered all public and private automobiles to take civilians from the city. Others moved on foot, taking the highways or swimming across the Yangtze.

Many of those still remaining were homeless. The 32 raiding planes yesterday destroyed a large part of the business and residential sections.

Will Level City—The government announced planes had dropped incendiary bombs on Chungking would be "razed in seven days" if the evacuation failed.

Rescuers worked in the rain today removing dead and wounded, from the debris.

Doctors feared an epidemic. The city has an estimated 2,000,000 rats.

The shortage of food and water was becoming serious.

Newspapers Tell Of 'Terrorism' in Corridor's Area

BERLIN, May 6 (UP)—Screaming headlines in the closely controlled German press complained of Polish "atrocities" against Germans today.

Nazis had started by bitterly attacking Poland, asserting that Col. Josef Beck, Polish foreign minister had flouted "magnanimous" German offers, and implying Poland must accept responsibility for any developments.

This was followed this afternoon by sensational newspaper comment—similar to those which have marked the deterioration of relations between Germany and Austria and Czechoslovakia.

Terrorism Increases—"Increasing terrorism against Germans in Poland: First refugees already arrived in Reich territory," proclaimed a headline across the first page of the *Zweites Blatt*.

Most of this paper's first page was given over to reports about "atrocities" which, it was alleged, Poles had committed against Germans in various villages in the Pomorze area, the so-called corridor.

It was alleged that "armed Poles" maltreated Germans in the Pomorze district of Gdansk, smashing windows and furniture in their houses, and that as the result "the majority" of the inhabitants fled.

Anti-German Meetings—There were reports also of the destruction of a German bookshop in upper Silesia.

It was complained that Poles had held anti-German meetings at Poznan and other towns.

It was alleged that Adolf Hitler would make no more pending the conference between Joseph von Ribbentrop and German foreign minister, starting at Berlin today.

But it was evident from inspired Nazi propaganda that the Poles had in an official Polish memorandum, that these "atrocities" were "in accordance with Polish demands."

LA GUARDIA SPEAKS

Mayor F. H. La Guardia, speaking at the five-week strike about noon today, extended to all coal fields making 450,000 miners idle, added his voice to the official insistence upon a settlement.

Asserting that the coal situation was "serious, very serious," La Guardia, for the first time, threatened the eastern shutdown started on April 1, asked the President to take personal action.

Mr. Roosevelt has indicated therefore, that he preferred to leave the situation in the hands of the conciliation service, but he has been reacting in close touch.

Steadily active, he promised, at least temporarily, the breakup of the Appalachian conference which has handled contractual relations between coal operators and John L. Lewis' United Mine Workers of America for the past six years.

Model of All Operation—Whether it ultimately would restore peace to the 64,000,000,000 in industry, now suspended in absence of contracts, remained to be seen. The Appalachian agreement, since the early days of the late NRA, has been a model of all operation.

It applied only to the 340,000 miners and 2,000 operators in the late Appalachian area. It has been accepted as the basic wage-hour formula covering the 125,000 miners in 21 "outlying" coal-producing states.

The eastern miners left their jobs April 1 after the Appalachian negotiators had failed to agree on a contract replacing the one which expired March 31. Western miners followed yesterday and today.

SENTENCE GIVEN

BALT LAKE CITY, May 6 (UP)—District Judge Oscar W. McCool today sentenced former Balt. Lake City Mayor E. B. Erwin and two alleged accomplices to county jail terms for their part in a conspiracy to defraud the city.

Erwin and former Chief of Police Harry L. Finch were ordered to spend a year each in the county jail, while R. O. Pearce, for whom the trial jury recommended life, was sentenced to serve six months.

The stay of execution will be in effect until May 15, when the trial motion will be argued. Attorneys for the three men indicated that they plan to appeal to the state supreme court if their requests for new trials are denied.

Erwin, Finch and Pearce were indicted last summer by the Balt. Lake grand jury and charged with collecting tribute while permitting operation of gambling establishments and disorderly houses.

A fourth defendant, Frank Tucker, former captain of the city police vice squad, was acquitted by the jury. He was convicted Erwin, Finch and Pearce.

SHORTS PRAISES DEAL ON BRIDGE

The \$422,000 bridge price which was taken under consideration by the governor's bridge commission as a virtual agreement is "eminently fair" to Idaho and to the bridge concern, Bruce C. Shorts, Seattle, president of the Twin Falls-Jernome Intercounty Bridge company, told the Evening Times today just before returning to the coast.

Mr. Shorts' statement endorsing the \$422,000 plan, which seemed today practically certain to conclude the long bickering over state acquisition of the toll bridge—came simultaneously with a similar statement by a spokesman for the Twin Falls Chamber of Commerce bridge committee which sponsored the battle to see the tolls removed.

See July 1 Date—Both Mr. Shorts and the committee spokesman, Claude Dettweiler, forecast toll removal by July 1.

Meantime, at Boise, Gov. C. A. Bolonnen was reported going ahead with his investigation as to possibilities of federal funds being combined with state funds. Whether or not this is achieved, however, will have no bearing on the purchase.

Mr. Shorts told the Evening Times.

I am entirely pleased with the transaction, and regard it as entirely fair both to the people of the state of Idaho and to the bridge company. Inasmuch as there has been such an honest public deal—much which is justifiable—it is gratifying to me personally that final termination of negotiations has been reached.

See of Date—Mr. Dettweiler, who attended the bridge hearings Thursday and Friday with other members of the state of Idaho due to the bridge company, "confident" the toll will be off the bridge by July 1.

In statement said: "The long and difficult discussions with different members of the bridge commission, with the governor and with Mr. Shorts, I feel confident that all necessary details will be worked out so that the toll will be removed by July 1."

That was the intent of all parties, he said.

"The only possible remaining difficulty, as I view it, will be when the claim for the purchase price reaches the board of examiners, Messrs. Atty-Gen. J. W. Taylor, in representing the bridge commission, and Mr. Shorts, I feel confident that all necessary details will be worked out so that the toll will be removed by July 1."

That was the intent of all parties, he said.

Boise Selected for Next DAV Convention

Delegates to the sixth annual state convention of Idaho Disabled American Veterans of the World War, in concluding sessions this afternoon, selected Boise as the 1940 convention city and set the date for "sometime in May."

The date and place were set in a resolution prepared by members of the convention site committee which was offered and adopted late this afternoon.

The convention here will conclude tonight following a banquet at the Park hotel at which District Judge Lewis W. Porter will be principal speaker and at which E. L. Rayburn, Twin Falls, a past state commander and chairman in charge of the convention here, will be toastmaster.

The banquet will start at 6:30 p. m. and will be followed by a dance at Radio-Club.

"Report" Session—After opening sessions yesterday, today's activities were more of a "report" nature with round-table discussions taking the spotlight.

Principal speaker during the session this morning at the American Legion hall was Terry H. Jones, federal placement officer for Idaho.

In speaking to the disabled veterans the placement officer pointed out that last year veterans placed in Idaho stood second in the nation with those made in any of the 48 states of the union. He stated an increase was being made this year and, during the first three months, 183 placements have been made.

Competition Keen—Prater said that his unit was operating as an employment service agency, operating through the Idaho state employment service office, notwithstanding the fact they have no direct connection with each other.

"Competition is keen for the available jobs," Prater said, "and with some veterans partially disabled they are at a disadvantage."

"Therefore I urge all unemployed veterans, and especially those who are in the line of business," Prater said, "to get out there and get a job."

3 DIE IN CRASH OF TRAIN, TRUCK

PAYETTEVILLE, N. C., May 6 (UP)—Three men were burned to death and another was seriously injured when a freight train struck a truck at a grade crossing here today.

The dead: George W. Barber, Payetteville, truck driver; A. F. Buchanan, engineer, and Early Power, Negro, fireman.

H. O. Fowler, Jr., the brakeman, was in critical condition. The trainmen were from Rocky Mount, N. C.

Occupants of the three houses were not hurt.

A motor truck and two automobiles were burned when they ran into the train on an open ditch, setting fire to the railway express car building.

Flames burned telephone and power lines and service was disrupted.

The train on the gasoline truck in two. (Caption) was ignited immediately and a second compartment exploded a moment later, throwing flames in all directions.

The railroad cars were loaded with hogs, cotton, tobacco and miscellaneous merchandise. Many hogs were burned to death.

ANNUAL CRUISE TO WATERS OF EUROPE HALTED

WASHINGTON, May 6 (UP)—Cancellation of the midsummer's annual European cruise because of the international situation, highlighted today's administration moves to keep America out of war, but to prepare for any emergency.

Decision to keep the three battleships to be used in American waters was announced by Secretary Claude A. Swanson. It followed by less than a month cancellation of the fleet's projected visit to the New York World's fair and President Roosevelt's order for it to return to home bases in the Pacific.

No explanation was given for either move, but responsible quarters said the European part of the cruise was cancelled so that the Atlantic squadron of the fleet could be kept intact during the present uncertain conditions abroad. It was the first time since the World War that the European cruise will not be made.

Meanwhile, in congress, opposition was forthcoming for a senate bill to convert money as well as arms in event of a war. The bill, sponsored by Sen. Josh Lee, D. Okla., and approved unanimously by the senate military affairs committee yesterday, would, on the basis of a certain of wealth, force persons with a net worth of more than \$1,000 to buy 50-year government war bonds paying one per cent interest.

The treasury, war and navy departments opposed a similar bill a year ago, contending that the delay involved in such a cruise would actually impede financing of a war.

3 Saved in Idaho Airplane Crackup

NAMPA, May 6 (UP)—Pilot John Meyer of Caldwell and two passengers, Edward and Robert Callahan of Caldwell, escaped with minor injuries late yesterday when a plane in which they were flying crashed to earth.

"I was in a spin at 800 feet and Meyer pulled it out just in time to prevent a crash landing."

MILLION DOLLAR BLAZE
PORT CITY, Mo., May 6 (UP)—Fire today destroyed a three-story brick warehouse of the Pennsylvania Industrial Company at Logansport, Pa. The blaze, which started at a lower story, burned for more than 24 hours, consuming \$1,000,000 worth of goods.

INVENTOR DIES
TORONTO, Ont., May 6 (UP)—Edward Rogers, inventor of the battery-powered radio, died in a general hospital today. He was president of the Rogers-Majestic corporation.

3 GIRLS DROWN IN RIVER MISHAP

WASHOUGAL, Wash., May 6 (UP)—Authorities today dragged a Columbia river slough through the wreckage of a boat that crashed into the river, killing three girls and injuring a fourth.

The girls had been missing since Friday afternoon.

They were identified as Della and Donna Bacon, 11 and 13, daughters of Mr. and Mrs. Harry Bacon, and Pauline Dahl, 12, daughter of Mr. and Mrs. John Dahl, all of Washougal.

They had been on an eighth grade picnic on an island between the slough and the Columbia river.

After the dog appeared last night, searchers Harry Bacon, found the rowboat, bottomside up, in 20 feet of water in the slough.

Remains of their bodies were reported.

Nearly the entire population of this paper mill town assisted in the search for the girls. A 20-mile stretch of Portland on the Washington side of the Columbia.

PARADE WILL BE IMPRESSIVE HERE

With plans completed this afternoon for Monday's colorful downtown parade honoring the Union Pacific railroad and its "golden jubilee" anniversary, officials of the local committee said the event "will be one of the most impressive parades ever held in Twin Falls."

The parade is scheduled for 4 p. m. Monday. Line of march, announced by the Evening Times yesterday, will start at the U-P freight depot and will wind its way down Broadway street, around second avenue, south on Main and then on Main through the downtown district to Fourth street west.

The parade will include a high school band and two drum and bugle corps will participate.

A parade float listed today showed: American flags carried by two businessmen on floats; Harry Banner, a local business man, in a float; a float with a banner, 30 feet high, carried by five uniformed theater employees.

LOVE

MILWAUKEE, Wis., May 6 (UP)—Philip Grell, 47, had suffered his freedom today but he had his grandsons.

Phil Grell, the warden, was every spring. He walked into the police station yesterday and told Grell he was free.

"I want to go to the house of correction for a few days."

Asked why he wanted to go to the house of correction, Grell said: "Did you ever see the grandstand out there? Well, I planted them last year and I want to go back to look after them."

Judge Harvey L. Neelen gave Phil 30 days to putter about his grandsons.

Japanese Plan to 'Wipe Out' China's National Leader

TOKYO, May 6 (UP)—Japanese armed forces are determined to "wipe out" Chinese nationalist Generalissimo Chiang Kai-shek with a massive air attack, it was announced today.

The statement was issued by the ministry of the navy in the wake of Thursday night's devastating aerial attacks on Generalissimo Chiang's capital in Chungking during the last month.

More than 1,000 Chinese were killed of wounded and scores of buildings destroyed.

British King and Queen Embark for American Visit

By HARRY L. PERCY
PORTSMOUTH, England, May 6 (UP)—The king and queen of Great Britain sailed for Canada and the United States today for a visit of good will. George VI will be the first reigning British monarch to set foot on American soil.

A military band played "God Save the King" as the chartered liner *Empress of Australia* pulled away from the pier.

Airplanes dotted overhead and 17 British warships, including the battleship *Nelson*, lined up in review.

Crowds along the quayside cheered enthusiastically as the 20,000-ton liner, formerly the German liner *Tirpitz*, sailed for the new world with the royal party of 23 and no other passengers.

A fourth daughter, Princess Elizabeth, joined the throne; her sister, Margaret, and other members of the royal family waved as the liner pulled out.

It was an auspicious sailing in bright and sunny weather.

With a heavy sea, the *Empress*, the king and queen were welcomed by a cheering crowd 20 deep as they walked to the quayside and received the keys to the city.

The king, wearing an unlined uniform of an admiral of the fleet, stood at attention as he received the national anthem. The queen was dressed in powder blue, with a dress straw hat turned up from behind.

As the ship pulled out, the king and queen waved to the crowds.

YOUTH HUNTED FOR MURDER OF 2 ARIZONA SALESMEN

SON OF SEATTLE MAN WANTED IN DOUBLE KILLING

PHOENIX, Ariz., May 6 (UP)—Robert M. Burdinger, 22, a college student, was sought today on a charge of murdering two automobile salesmen.

His father, a prominent Seattle attorney, said he had heard nothing from his son, who was a student at the Arizona State Teachers' college of Tempe, for several days.

Mrs. Ruth Burdinger, who is divorced and lives in Los Angeles, said she had no idea where her son was, but he had not heard from him in months.

Murder charges were filed against young Burdinger after a rancher found the bodies of Jack Peterson, 35, and Ellis M. Koury, 24, in the desert 15 miles southeast of here.

Burdinger enrolled in the Arizona college last September. Other students envied him because he made high marks with a minimum of study. When he enrolled, it was not known that he had a prison record in Washington, that in the time served and living in Los Angeles.

His father sent him to Tempe, hoping he would do better there than he had in Los Angeles.

Last Saturday a man police identified as Burdinger, walked into a automobile agency here and said he wanted to have a demonstration.

Leave in New Car. Peterson, Koury, and his brother, George, drove off in a new car. Nothing was heard of them again until their bodies were found yesterday.

Seattle officers here and a bureau of investigation agents, leading the search for Burdinger, received reports from nearly every state in the west that the youth, or someone answering his description, had been seen.

"We're checking all the reports, one at a time," E. W. Roach, chief criminal deputy of the sheriff's office, said. "Right now the search is nationwide. We'll get him sooner or later."

JEROME MATRON TAKEN BY DEATH

JEROME, May 6 (Special)—Mrs. Marjorie June Raver, 25, died at St. Valentine's hospital at Wendell today at 8 a. m. following an operation.

Grade School Track and Field Aces Set Records

With no district championship awarded officially under the policies in effect for two years, grade school track and field athletes of both sexes staged the annual county track carnival at Flier fairgrounds Friday. Two new meet records were set.

Competition extended into late afternoon and youthful athletes flashed some impressive grade school performances in the six divisions.

Highlights were the new marks set by Kenneth Miracle, Fairview, the pole vault for boys, and Fred Shaff, Poplar Hill, in boys' baseball throw.

Miracle cleared nine feet five and three-quarters inches in the boys' vault. The former mark in that division for the Twin Falls county meet was eight feet six inches.

Shaff hurled the baseball 283 feet to crack the 265-foot former record.

Results as compiled by the officials, all of whom were members of the Twin Falls County Teachers' association:

Senior Boys

SIDE GLANCES

By Galbraith

"We should have organized a party, but you insisted we celebrate our anniversary alone."

VACATIONS

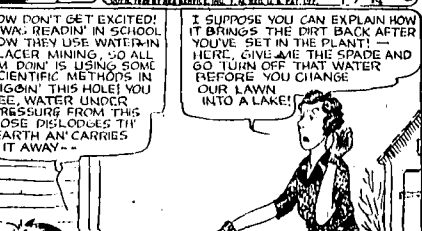

—whether you take them in your backyard or a thousand miles away — you'll find bargains on everything you are going to need in the TIMES and News Advertisement! Used Cars to go in, camping equipment or sports equipment to take along... smart clothing to wear! You can save money on your vacation needs and have more to spend on having a good time!

Use the TIMES and News WANT ADS to find what you need for your vacation and to sell what you don't need for extra money.

HOLD EVERYTHING!

"I can't get rid of him. He followed me in from the street car."
