

JAPAN MAY ENTER ITALY AND NAZI MILITARY PACT

GERMAN-RUSSIAN AGREEMENT SEEN AS NEW THREAT

By H. O. THOMPSON
TOKYO, May 8 (AP)—War Minister Gen. Seishiro Itagaki said today Japan will conclude a military agreement with Germany and Italy. The Domei news agency gave out the following statement by the war minister:
"The moral spirit which animated the anti-Comintern pact is deep-rooted. Therefore, if Germany and Italy desire, it is not impossible that Japan will conclude a military agreement with the axis powers."
Gen. K. Koba, overseas minister, said:
"It is inconvenient and dangerous for Germany and Italy to exercise their national policy in the face of endorsement by other powers without seeking the full cooperation of Japan, which is the greatest power in east Asia."
Neutral observers considered the statement intended for home consumption.

Critical Stage
They believed, however, that the complicated diplomatic maneuvering going on behind the scenes with regard to Japan's policy towards Europe had reached a new and critical stage and that Berlin had begun to feel that Japan's refusal last week to join a general alliance with a threat of a German-Russian military agreement.

The attitude of the premier, Baron Kichiro Hiranuma, has been that Japan is ready to sign a military agreement with Rome and Berlin effective only against Russia but that she will not sign an agreement effective against Britain and France.

Should Stand Alone
Hiranuma, backed by civilian groups and moderates in the army and navy, feels Japan should stand alone from the quarrels of Europe. What Japan's final attitude will be, however, is not clear. It was Tokyo will try to stay "on the fence"—free to take advantage of the shifting balance of power, without the best suits her national interest.

Only a Toy Plane, After All!

Young Richard Lewis used to think his toy airplane was pretty nifty one, but it dangled unnoticed when he went to see the U. S. aircraft carrier Ranger, with its deckload of real navy planes, dock in New York. His daddy was on board.

Youth, Wanted for Murder in Arizona, Taken in Tennessee

KNOXVILLE, Tenn., May 8 (UP)—Robert M. Burgunder, Jr., 22 son of a wealthy and cultured family who tracked down crime while his father was a prosecuting attorney, was returned to Arizona today to be charged with two murders.
Burgunder awaited the arrival of Arizona authorities calmly. He is charged with murdering two men, Jack Peterson, 35, and Ellis M. Koury, 24, near Phoenix, April 30, for a new automobile and a few dollars.
Burgunder attended Sunday school in Johnson City, Tenn., yesterday morning when he was walking out of the church, the sheriff grabbed him. He had arrived in the Tennessee mountains today the day before driving an automobile and was identified as that of Peterson and Koury. He took a room in a townsmen's house, saving he intended entering the state teachers college there.

Near Mayor's Home
The house he had chosen was only a few doors from the home of Mayor Martin Sell of Johnson City. He noticed the Arizona license tag on Burgunder's car, and, having read the Arizona murders in a newspaper, called the sheriff.
Burgunder apparently went to Johnson City to continue his education. He had been a student in the Arizona State Teachers college at Tempe, where he had distinguished himself as a brilliant campus journalist, a public speaker of eloquence, and with an essay on the "perfect crime."
These scholastic endeavors were interrupted, Arizona authorities charged, by the two murders.

Sheriff Lon Jordan and County Attorney Richard F. Harless arrived here today from Phoenix to return with their prisoner, but not directly to Phoenix, where they feared, Burgunder's life might be endangered. Several hundred persons gathered at the Phoenix airport as the plane took off and angry comment was numerous.

Father Heart-Broken
In Seattle, Burgunder's father, a prominent lawyer engaged in civil practice now that he has completed his term as state's attorney, was heart-broken.
"He's my son and of course I'll stick by him," he said. "But it is almost as if I didn't know him."
Burgunder, sr., said his son had displayed for years an almost fantastic interest in crime. When he was state's attorney, he was around the courts a great deal and liked nothing better than to listen to his father's assistants, question criminals.

Burgunder, Jr., was convicted in Seattle of a drug store holdup and sentenced to the state reformatory. His father got him paroled after he had served a part of his term and sent him to the Arizona college so he could get a "fresh start" in a new environment.
Medical authorities estimate that 5 per cent of the New York population of all ages is infected with syphilis.

EDEN

A style review was held Thursday in the high school auditorium. Twenty girls modeled dresses they had made this year, under the supervision of Mrs. Olive Schneider. Other numbers were a trumpet trio, Jay LaJeunesse, Anna Mae Walling and Claude Cole; readings, Evelyn Claiborne, Virginia Grant, Ruth Burkhalter, Lynn Davis and Mary Bodenhamer; two vocal numbers, Jack Irvin. Guests were served tea in the O. R. room and invited to inspect the vocational history, journalism and English work on display.
Zule LaJeunesse, accompanied by Garth George, left Wednesday for Driggs for a truck load of seed potatoes. Mr. LaJeunesse returned Thursday but Garth will visit at Driggs for two weeks.
Mr. and Mrs. Edd Brothers, Beatrice, Neb., accompanied by their daughter, Mrs. Helen Valentine Rock Creek, visited Wednesday with Mr. and Mrs. Irvin Webb.
The eighth grade graduates, with their teacher, Winifred Lattimer, spent Thursday at Artesian swimming and a picnic lunch was enjoyed.

Here's Tale of How 1st Butter Came to Idaho

By GLENN BALCH
BOISE, May 8 (Special)—In view of the fact that Idaho now sends a good many millions of pounds of butter to California each year, it is interesting to note that the first introduction of this commodity between the two states traveled in the opposite direction.
During the year 1864, Mr. Charles N. Teeter, who seemed to have a rather happy faculty for buying and transporting, left the Boise basin mining area for a visit to California by the way of Panama, and therefore was called "Idaho's butter." It was packed in large barrels and the reputation of being the "very best of butter."

Decided on Butter
After thoughtful consideration Mr. Teeter decided to put his money in butter. It was not California butter however but had been produced in New England and shipped from New York by the way of Panama, and therefore was called "Idaho's butter." It was packed in large barrels and the reputation of being the "very best of butter."

Mr. Teeter purchased 2,400 pounds of this Idaho butter, shipped it to Portland by boat and engaged passage on the same vessel. At Portland it was reloaded on a river steamer for Umatilla and at the end of a week from the date of the original shipping both Mr. Teeter and his butter were at Umatilla.
The difficult part of the journey was still ahead since no regular transportation had been established between Umatilla and Idaho City, but Mr. Teeter was fortunate enough to run across a freighter ready to start for Boise basin and needing the very best of butter.

Seeing is Believing!

HERE'S AN INTERESTING CIGARETTE COMPARISON...
See how it's made by Al Conklin of Dartmouth

SMOKERS all over the country are learning what A. R. Conklin (right) is showing a group of Dartmouth men. It's a striking way to compare cigarettes by simply watching them burn! Al is testing the leading brands to find the one that burns slowest! Which brand won? CAMEL... by a wide margin! The reason? Costlier tobaccos, expertly blended in a cigarette that burns slowly, completely—smokes cooler, of course!

Recently, a group of scientists ran this interesting laboratory test on a bigger scale. 16 of the largest-selling cigarette brands were rated impartially. CAMELS BURNED SLOWER THAN ANY OTHER BRAND TESTED—25% SLOWER THAN THE AVERAGE TIME FOR THE OTHER BRANDS. (Cameles were remarkably consistent.) IN THE SAME TEST, CAMELS HELD THEIR ASH FAR LONGER THAN THE AVERAGE TIME FOR ALL THE OTHER BRANDS.

Camel is the cigarette of costlier tobaccos... a cooler, milder, better-tasting smoke... every cigarette... every pack!

"Look how slowly the Camel burns compared to the other brands," Albert Conklin points out to the bunch. Everyone agrees that Camels win hands down.

"No wonder Camels smoke so cool and mild," Al adds. "And that must have a lot to do with why Camels have such an appealing taste!"

Smoking is Believing!

WHEN you've enjoyed the thrill of a mellow, sipping-tasting Camel, you'll know that NOTHING can take the place of costlier tobacco! What a wonderful pleasure it is to get set with a cigarette that is really mild—a matchless blend, made to give you all the pleasure in smoking.

Cameles have more tobacco by weight than the average of the 15 other brands tested. Besides, Camels burn slower than any of those other brands. And by burning 25% slower than the average of the 15 other of the largest-selling brands, Camels give you the equivalent of 5 extra smokes per pack!

Camels give you even more for your money when you count in Camel's finer, more expensive tobacco. Buy smartly! Buy Camels... America's first choice for a luxury smoke every smoker can afford!

Camel's slower burning (compared to the average time of the 15 other brands tested) gives you the equivalent of 5 extra smokes per pack! You economize while enjoying smoking pleasure at its best!

Dispelling the Fog

By CHARLES MICHELSON
Director of Public Democratic National Committee

Rifts, ructions and feuds in the Democratic party are causing great excitement among the Republicans and their spokesmen. If you believe one-tenth of what you read in the anti-administration press, the intra-party vendetta of the majority party have about reached the stage when everybody of importance must go about with a bodyguard to protect him from the violence of everybody else.

For a time, the hostility between President Roosevelt and National Chairman James A. Cox has been the center of all attention. They seem to have passed that up, and just now they have the President and Vice-President Garner at swords point.

Not Visible

Strangely enough, the large figures in the Democratic organization are such adepts at dissimulation that nobody who has witnessed the contacts between or among them has been able to catch the seething fury of their differences.

Typical of these amusing stories of war in Democratic higher circles was the comment last week by Mr. Frank Kent, dean of the corps of anti-administration columnists. He was talking with a column writer about the rifts and captured relations and irreparable breaks between the President and vice-president, that said that when the two met "Mr. Roosevelt and Mr. Garner appear the same jolly friends as of old. They exchange jokes, laugh heartily and seem to exude cordiality."

But this veracious columnist says that appearance of cordiality cannot last long. His source of information apparently is "men very close to Mr. Garner."

A while back his White House disclosures, including mind-reading in the case of the President, were given on the authority of a "White House intimate." The idea that there was a rift between the President and the Vice-President was so obvious that the President's own press conference immediately rushed out to detail these private conversations to the President's obviously reluctant critic because so obviously ridiculous that the writer hastened to his mysterious retreat for a long while, but apparently he has moved from the White House to the vice-president's office in the cabinet.

We are gravely informed that the vice-president has assumed practical leadership of the anti-New Deal Democrats. It has been the general impression that the vice-president has gone along with the stampede of the President's administration. To be sure, the hostile commentators have insisted that his part has not been disloyal but that he contrived at the New Deal measures because he felt that the President as his party leader had to be supported. The bulk of the statement assuming practical leadership of the anti-administration forces and going

by that candidate. These will be little more than dreams of the writer, generated by their environment or employment. It is naturally the Republican propaganda and policy to convey to the public that all the big Democrats are at each other's throats. Just as it will be the endeavor to convey that the Hoover school of thought on their own side and that of the more liberal Republicanism represents merely a trifling ripple on the political sea.

This phenomenon on both sides of the political fence is characteristic of pre-convention content and campaigning. Speculation, which every columnist is bound to undertake in the absence of fact, is little more than wishful thinking. It will be six months at least before the political situation clarifies sufficiently even to allow good guesses. So many things are likely to happen between now and 1940 to upset all calculations that what is written and said now has no more interest than any other good work of fiction.

No Discussion

I do not believe that any of the big Democrats, whose names are being mentioned for the White House, have ever ventured to discuss the subject with the President. He sees them all frequently, either in the company of others or alone, but all hands are too taciturn to bring up this particular topic at this particular time.

From now on to the 1940 convention, you will read all sorts of stories, buttressed with quotations from unnamed leaders, setting forth the President's attitude toward this

SEWAGE FUND IN GOODING BUDGET

GOODING, May 8 (Special)—An increase of \$4,000 in the budget was made by the city council when they took another step toward a modern sewage disposal system in Gooding at the regular meeting of the city council last week.

Defined as a safety measure, the action does not necessarily mean that the city will spend \$4,500 more or that the mill tax levy will be increased, members of the council pointed out.

In case the present sewage plant proposal receives an okay, the general fund, from which the sewage plant plant would be paid, received a budget increase of \$3,000.

Other budget funds increased were the irrigation fund for \$500, and \$1,000 for the bond sinking fund. Although not officially confirmed, Ralph Rork was appointed assistant watermaster for the south side district of the city. He is replacing Bruce Stenmore who recently resigned.

Cooperation HAS BUILT A GREAT STATE

"One for all, and all for one." Only by working together for the good of the state have the forces that built Idaho succeeded. Separately, they would have failed.

For example—without transportation, lumbering could not have developed. Wealth from the mines has helped finance other business and industry. The growth of agriculture has brought more people to Idaho, created Idaho products to market.

And all along the way, electric service has kept pace with the progress of the territory—often it has reached out ahead. Agriculture, business and industry have all benefited through cheaper power—low-cost pumping for irrigation, greater efficiency in the mines; reduced operating costs for the railroad shops, etc.—and the territory as a whole has benefited. Electric rates have long been among the lowest in the nation.

Co-operation has built a great state—co-operation will continue Idaho's march of progress. And Idaho Power considers it a privilege to do its share.

GAME GETS SHOSHONE

SHOSHONE, May 6 (Special)—It was decided at a meeting of the Shoshone Rod and Gun Club that inasmuch as the majority of sportsmen had voted for a fish and game commission measure, and that it was a law to ignore criticisms of the commission, and sustain it. A wire to the effect was sent to Gov. C. A. Botsford. The commission, its recent internal dissensions while under organization, stands approved by the club, as well as endorsement at the request of Commissioner Booth, favoring Harold Harvey, newly appointed game director.

This phase drew almost unanimous disapproval in principle only, but it was decided to approve the measure, and the club's endorsement was permitted to go through. The suggestion of names to the commission, inasmuch as its policies stood approved, was not regarded as ethical. In conjunction with the discussion a circular letter from B. G. Cole, president of the Idaho Wild Life Federation was read and it drew much careful comment and unanimous disapproval, inasmuch as his stress on the personal pronoun, and drastic charge that the commission was indulging in "slandering" and "political tricks" were considered generally.

It was considered that Cole was promoting more political effect than any element in the picture.

Rouly Condemned
He was roundly censured for his attitude, and the letter's suggestion that members were the governor in the interest of A. B. Hatch and cause of the commission, brought an adverse decision. The letter was side-tracked.

The action of the commission in dismissing Hatch was broadly commented upon. Jack Tingey, president of the Frontier club, and W. D. Wice, vice-president of the Shoshone club and others drew a sharp contrast between the theoretical game director and the practical game door man, and the civil service plan was frowned upon. It was generally agreed that men could be taken by the commission, trained, and made to develop into effective game operators more easily than could a college man, who was credited with an education though he might not know how to apply it.

Booth Praised
Commissioner Booth was praised as a thorough sportsman, a man of staid habits and upheld in every way. As to the future of the game, the club members agreed to wait until such time as the commission had formulated its plans in definite manner. In the meantime it was agreed that the club would act as a band of sportsmen of this section.

From the start of the 1919 world series it was apparent something was amiss. The highly-favored Chicago White Sox lost 5 games to 3. It was whispered there had been a deal with gamblers. Eddie Cicotte lobbed the ball up to Cincinnati batters, made a wild pitch and allowed runs to score in other ways.

Cicotte confessed almost a year later and told of finding a \$10,000 out under his pillow.

Buhl, Shoshone, Eden, Gooding Score Wins

Play got under way in the SCI amateur baseball league yesterday afternoon on wind-swept fields that made the games a tough task for the players and almost equally so for the spectators.

At Burley, play was inaugurated for the season with the Shoshone Redskins edging out a 13-12 victory in a slug-fest. The Redskins chalked up 18 hits off the offerings of Detmers and rallied in the ninth to score two runs to sew up the game.

Kimberly, last year's champion, made its seasonal debut against Buhl, the club that re-entered the league after a year's lay-out, and lost an 8-3 decision to the west-end club.

Gooding came through with two runs in the ninth frame to edge Hagerman by an 8-7 count, while Eden hung on to decision Tuesday 12-10 after the Tuttle team had scored an eight-run uprising in the eighth inning.

Buhl & Kimberly 3 (Special)—With the dust blowing so badly that the game had to be halted two and three times an inning, the Buhl Indians pounded out an 8-3 victory over the home town and defending champion Kimberly club.

The invaders went from all day, and Kimberly's scoring was all done in the late innings.

Paul Veratec, Twin Falls hurler, started on the mound for the home team, but hits and errors spelled his demise, and Big Moe Sheppard took over the duties. Veratec was hit by the bats, and the Buhl Indians scored in the eighth frame. Harold Herndon, recently released by the Twin Falls Cowboys, was behind the plate for the local club. Bobby Hooper, who captained the Kimberly team last year, held down second base for Buhl.

SHOSHONE 13, BURLEY 12 (Special)—Burley dropped its only game of the SCI league here yesterday to the hard-hitting Shoshone club by a count of 13-12.

Boil Veratec hit hard in the early innings, with Burley going into an 8-4 lead in the opening two innings. A big Redden rally in the fourth, netted the invaders five runs and put them ahead. The invaders collected 18 hits.

Empire: Neil Peterson, Emerson; Jack Balch, Burley; 10:8.

Shot put — Doyle Graven, Rupert; Hugh Shaw, Empire; Joanne Klebe, Washington; 29.

Broad jump — Roy Abo, Pioneer; Jack Balch, Rupert; Junior Badger, Heyburn; 14.7

High jump — Donald Palmer, Rupert; Arthur Schenk, Rupert; Johnnie Klebe, Washington; 6.7

DO NOT FOOT IT, LITTLE BEAVER!

THE HOME TEAM OUT-ED EDEN 14-10, but Johnson and Shawyer kept the bingles well scattered except in the big eighth.

Dunn hit a home run with the bases loaded for Eden in the fifth frame and Vernon Lance also clouted for the circuit. Jasper homered for Tuttle with a 350-foot swat in the Tuttle eighth inning.

Score by innings:

Eden 300 261 000—12-10
Tuttle 000 000 000—10-14
Johnson, Shawyer and Webb; L. Porterfield, A. McConnell and A. Porterfield.

GOODING 8, HAGERMAN 7

GOODING, May 8 (Special)—A two-run rally in the fourth inning gave the Gooding entrant in the SCI league an 8-7 victory over the invading Hagerman team here yesterday afternoon.

Six home runs featured the heavy slugger contest, with Bob Knight, Don Keller, Soeder and John Regua connecting for the circuit for the home club. Walters led the Hagerman attack.

The home club trailed most of the way and going into the final frame Hagerman led by a 7-6 advantage. However, hits and errors brought in the winning run for the home team. Soeder was the winning pitcher.

GERMANS DEMAND HALTING OF 'TERRORISM' IN POLAND

BITTER ATTACKS CARRIED IN ALL FUHRER PAPERS

BERLIN, May 8 (UP)—Inspired Nazi publications intensified attacks on Poland today and demanded that "terrorism" of Germans in Poland stop at once.

The newspaper National Zeitung of Essen, organ of Field Marshal Hermann Goering, bitterly attacked the Poles. Demanding that Poland cease at once "acts of violence against the German minority," the newspaper said:

"One asks whether Poland will continue to stimulate readiness to negotiate, while at the same time allowing the rape of Germans in Pomerania, Posen and Galicia."

"Warsaw will have to decide whether it wants to create a situation where it is a question of an eye for an eye and a tooth for a tooth. If the Poles answer in the affirmative by continuing acts of violence against Germans, then Germany would act accordingly."

Of the new Italian pact, the paper said:

"The time of illusions has ended for those who believe it would be a good time for a strike against the Pacific states. We are disappointed."

Newspapers generally, under close control by the propaganda minister, "labeled the Italian pact as a basis for eliminating all traces of the Versailles treaty and creating a new Europe. They said the pact was a 'true pact of peace.'"

JEROME

Marking the final event of the season, the Faculty club enjoyed an outing Tuesday when 35 motored to the Banbury natatorium. A lunch was served later under the trees by members of the Presbyterian senior guild. In a brief business session Mrs. Nina Stuart was named president for the coming year.

BUHL

Wednesday, May 10, at the L. D. S. chapel, the Buhl Boy Scout district will hold its regular court of honor. All Scout troops are requested to attend in a body with their troop committees. Scout Executive Gordon Day, Twin Falls, has been invited to be present and award the badge. A program demonstrating Scout work will be given. The parents of all Boy Scouts are asked to be present and any friends interested in scouting are invited to attend.

Mr. and Mrs. Earl Freeman, of Soda Springs, visited last week at the home of Supt. and Mrs. George Likens.

Miss Almyra Murray of Clear Lake left Buhl Wednesday for Caldwell where she plans to attend the college prom.

The Junior dancing club will hold its final dance of the 1939 season Tuesday night at the Legion hall. It will be a sports affair.

P. P. Varney of the Varney candy store is in Yakima, Wash.

Kenneth Saxton is in Boise taking a course at the Link's Business college. He left Buhl last week.

The Loyal circle of the Buhl Methodist church met last week at the home of Mrs. Earl Peck. There were marked for 30 guests at the luncheon which was served at quarter tables. Each table was centered with tulips and refreshments followed the pink and green color scheme. Mrs. Walker led in prayer; the group sang a number of old songs and a paper was given on the origin of May day by Mrs. Albert Kaat. Two musical readings were presented by Mrs. W. A. Gray, accompanied by Miss Lulu Island, a piano solo, Mrs. Don Huxton, and a vocal solo, Mrs. C. A. Harder.

Egg Shortage

BUTTE, Mont. (UP)—Montana is one of the few states that does not produce enough eggs to meet its own needs, according to Thomas McMaster, of the Montana department of agriculture. The beans of Washington, Utah, Idaho, Nebraska, Kansas, Minnesota, Illinois and North Dakota help supply Montana with eggs.

WOLTER ELECTED AS D. A. V. CHIEF

William R. Wolter, Twin Falls, today had been elected Idaho department commander of the Disabled American Veterans of the World War, succeeding Harry W. Christy, Lewiston, head of the group for the past year.

Wolter's election took place at late Saturday afternoon sessions of the organization, meeting here in state convention.

Van Ausdell Adjutant

Immediately upon announcement of the results of the election, Wolter appointed B. C. Van Ausdell, Twin Falls, as adjutant, and Vernon Lawson, also of Twin Falls, as treasurer.

Other officers who were elected by attending delegates at the same time as Wolter included John Hayward, Idaho Falls, senior vice-commander; S. A. Mendenhall, Caldwell, junior vice-commander; Jack Musser, Boise, judge advocate; A. W. Peterson, Pocatello, chaplain; C. E. Sanders, Emmett, historian.

Electing officers at the same time were members of the auxiliary, also in convention here. Elected state chairman was Mrs. Velma Myser, Boise, succeeding Mrs. W. R. Wolter, Twin Falls. Other officers included Mrs. Heister Coder, Pocatello, senior vice-chairman; Mrs. Nell Van Ausdell, Twin Falls, junior vice-chairman; Mrs. Norene Moore, Boise, secretary; Mrs. Jeanette Harmon, Twin Falls, chaplain; and Mrs. C. E. Sanders, Emmett, historian.

Closure of the convention was marked by a banquet at the Park hotel at which District Judge J. W. Porter was principal speaker. E. L. Rayborn, Twin Falls, general chairman was toastmaster.

Democracy Peril

Porter, during his address, warned that if America "adopts the doctrine of peace at any price" the democracy will perish.

Turning to the world war the speaker declared that it "pained" him to hear the younger generations scoff at the ideals "for which we fought, whether these ideals were correct or not or whether we were deceived on the principles for which we were fighting."

Adoption of resolutions at conclusion of the convention included one which declared the court of claims of the U. S. Veterans' bureau, Boise facility, "has done a great and material injustice to claimants."

It continued by stating that the "rating board does not give veterans the benefit of a doubt as requested in rules and regulations."

VATICAN OFFERS HELP FOR PEACE

VATICAN CITY, May 8 (UP)—A semi-official Vatican source said today that Pope Pius was actively working for a peaceful settlement of Polish-German differences and it was believed he would offer his good offices if he thought they would be welcomed by both parties.

The same source said a visit which Monsignor Cesare Orsenigo, papal nuncio to Germany, paid to Adolf Hitler yesterday was due to the dangerous European situation.

However, the informant was unable to say whether Monsignor Orsenigo took a definite proposal to Hitler or merely appealed for moderation.

According to one report here, Monsignor Orsenigo asked Hitler if he would welcome a Vatican effort to reconcile Polish-German differences.

So much importance was attached to Monsignor Orsenigo's conference with Adolf Hitler that it was understood he might make a special visit to report to the pope.

Semi-official sources said that in recent days the pope had been unusually active, sounding out diplomats accredited to the Holy See regarding the possibility of a settlement of the Danzig problem.

It was generally believed that the pope in a radio speech tomorrow on the occasion of an Algerian national Eucharistic conference would contain an appeal for world peace.

Court Ruling Favors Kelly Motor Firm

SHOGBONE, May 8 (Special)—In a civil action of Kelly Motor Co. vs. Sam Peterson, involving collection of approximately \$218, in which some points at law developed, Probate Judge Howard Adams ruled for the motor concern. The case was appealed to the district court and yesterday Judge Dorn Sulphur sustained the lower court in the findings.

The motor company was represented by Charles Shaw and Peterson by Paul and George Haddock. Judge Adams had sustained a demurrer, which was later upheld by the higher court.

FOG SLOWS SHIP OF KING, QUEEN

ABOARD THE S. S. EMPRESS OF AUSTRALIA, AT SEA, May 8 (UP)—The Empress of Australia and conveying warships en route to Queen with King George and Queen Elizabeth, were forced by haze to reduce speed from 17 to 12 knots early today.

They went into fog formation, the Empress followed in single file by the cruisers Southampton and Otago, and the battle cruisers Repulse.

Two hours later visibility had cleared enough so that normal speed could be resumed. The squadron was 300 miles west of the Irish coast, beginning the third day of the voyage.

Earlier the Empress had bucked a stiff wind, but their majesties were good sailors.

They did not seem to mind the ship's pitching. Many passengers were confined to their cabins, they went about a normal ship life. They watched five passing trawlers which steamed toward the Empress

rolling heavily, their sirens saluting vigorously.

Yesterday the king and queen hurriedly put on lifebelts when the ship's siren called for "boat drill." They lined up with the rest of their suite for the customary captain's inspection.

They attended religious services in the main dining room conducted by Capt. A. R. McKie.

More Jails

SAN FRANCISCO (UP)—The student paper of the San Francisco State college has opened a campaign for new and better jails, on the grounds that if war breaks out, the number of conscientious objectors among college students will be so great that the present number of jails will be inadequate.
