No Word of Missing Trans-Atlantic Flier

Hope was abandoned today for Charles Backman, Swedish trans-Atlantic flier, who took off from Bowwood, Newfoundland, on Tuesday. No word had been heard from him since the take-off, and by now his gasoline supply would have been gone. He is pictured here, left, with two friends before he took off. Backman was flying a tiny 10-horsepower, single-motored job, the smallest plane ever to be used for a trans-Atlantic hop.

PAIR SENTENCED TO IDAHO PRISON

Two young men were sentenced to the Idaho state penitentiary today. Two others received suspended sentences for four months in county jail, and one flier was paroled for a year to Sheriff Art C. Parker.

The youth who must go to the state prison by decree of Judge J. W. Porter are Frank Pratt, 18, given life to 10 years for rape, and Ralph Thadde, one to 14 years for forgery.

County Jail
The committed sentences were imposed on L. L. Hardin, 23, and Conrad Hontela, 28, both of whom pleaded guilty to forgery charges in connection with the same check.

Judge Porter withheld sentence against George Harshberger, 17, and paroled him for a year. He had pleaded guilty to forgery. His parole conditions include confinement at school, faithful work when not at school, and paying back the \$575 check he admitted forging.

Assaulted Girl, 18
Pratt, who received the most severe penalty, is accused of assaulting a 16-year-old Twin Falls girl last April 30. He pleaded guilty.

Hardin and Hontela, who received the four-month term commuted from one to 14 years in state prison, admitted guilt earlier this week in forgery and passing of a check March 29 at the J. C. Peuney company. Hontela passed the check, which was made out to himself and signed by a forged signature of Hontela's father.

Thadde pleaded guilty to forging a \$1750 check Jan. 10 drawn on H. H. Super, Twin Falls, and passed at Dadds Cigar store, Kimberly.

Young Harshberger admitted guilt in forging of a \$575 check March 2. The check was signed by "Luther Pierce" and endorsed "Joe McKay." It was given to Sears, Roebuck.

AMA WILL FIGHT U. S. HEALTH BILL

ST. LOUIS, May 18 (UP)—The American Medical Association today prepared to present directly to Congress its proposal to scrap the Wagner health bill.

The association denounced the bill as "a complete violation of the principles of medical care" and said it provided for "supreme federal control" of the administration.

The attack was the first official pronouncement of the association on the bill introduced last February by Sen. Robert Wagner, D., N. Y. Now before Congress, it would provide \$400,000,000 over a 10-year period for medical care and the expansion of health service in the states. Governmental agencies have estimated that it will cost about \$600,000,000.

A special AMA committee will appear next week before the Senate sub-committee considering the bill.

21 GUN SALUTE AND BIG THRONG GREET ROYALTY

By WEEB MILLER
MONTREAL, May 18 (UP)—The boom of 21 guns and roars from the throats of hundreds of thousands of persons who had been waiting hours for this moment welcomed King George and Queen Elizabeth to Montreal, metropolis of the dominion, today.

The royal train, a streamliner of blue and silver steel, brought the king and queen into the station on time to the second. All the way from Quebec through Three Rivers and into Montreal the fields and roads were filled with country people who had driven miles, many in old-fashioned buggies, to see the royal train flash past.

When the king and queen alighted they had completed another phase of a long and tiring trip that will take them twice across Canada and into the United States. They were greeted at the station by Mayor Camille Houde and Mrs. Houde.

The hours Montreal had been preparing for the moment when the king and queen arrive.

Escort Duty
The streets thrived with drums as military units took up their guard positions. The killed black watch stood guard over the Windsor hotel, a special guard of the British Royal Guard, of which King George is colonel-in-chief, were assigned to the king and queen.

The king and queen boarded a special train at 10:15 a. m. on the second phase of a journey that will take them twice across the largest of the British dominions.

SIR RONALD LINDSAY

KING'S VISIT FOR IMPROVING TIES

WASHINGTON, May 18 (UP)—A bit agitated and protesting he never before had held a press conference. "Really, I never did," Sir Ronald Lindsay, British ambassador, today told a standing-room-only gathering of reporters that their British majesty was the president of the United States to improve ties of friendship between the two countries.

There is no more political purpose than that in it," he said earnestly.

Makes One Speech
King George will make one speech in the United States, he continued, and that will be at the White House state dinner June 8.

Sir Ronald discussed the impending visit under the unaccustomed handicap of flashing photographers' bulbs as the press conference was held at the ambassador's residence.

The garden party kept bobbing up throughout the conference as various ladies of the press sought to convey to the ambassador that all was not well with their difficulties.

Grades of all local dairies were announced as Dr. Price filed a report with City Clerk W. H. Edgerton. The report will come before the city council for approval next Monday night. This is the first time, Dr. Price said, in three years that it has not been necessary to de-grade some of the dairies.

Grade A meets the physical requirements of the ordinance of the city and the bacteria count of the milk does not exceed 50,000 per cubic centimeter.

Following are the dairies receiving the grade A ratings:
Raw distributors: Harry Dietrich, 1001 E. 1st St.; A. J. Heidrich, 1001 E. 1st St.; S. H. Kayser, 1001 E. 1st St.; J. Overend, Overland dairy (Dickson), 1001 E. 1st St.; W. Schriber, 1001 E. 1st St.

Pasteurized distributors: Young's dairy.
Producers: Carl Doherty, E. E. Bauer, C. Edwards, Ben Dambler, Irvin, Herman brothers, C. V. Jones, C. W. McLean, Ben O'Harrow and A. C. Rutherford.

21-GUN SALUTE

NEW YORK, May 18 (UP)—President Herbert Hoover received a salute of 21 guns today on his official visit to the New York World's fair.

Parade leading near Twin Falls reported severe damages to apple crops, peas, sugar beets and onions. In some cases they reported their crops were ruined. Many, however, said that further investigation would be necessary before exact amount of the damage could be determined.

N. Taylor, reported the hail was so hard that it broke through the top of the roof of a building.

In many instances local grapes and strawberries became small rivers as the hail started to melt.

Heavy damage to crops on power lines east of the city caused some trouble but the situation was under control within a few minutes.

Heavy moisture accumulation on trees near Idaho Power company wires caused some power outages. Trees, however, were not damaged. Trees, however, were not damaged.

Government officials at Tel-Aviv reported that the situation was under control within a few minutes.

U. S. CITIZENS IN SHANGHAI TO GET NAVY PROTECTION

WASHINGTON, May 18 (UP)—United States naval forces in the far east had orders today to defend by armed action if necessary American citizens residing in the Kiangsu International settlement at Amoy, China.

Bluejackets were ordered into the settlement yesterday simultaneously with armed sailors of the British navy after an unexpected landing of Japanese troops.

The state department announced the action at Amoy as Ambassador Joseph C. Grew in Tokyo presented Japan with a strongly worded note declining to negotiate for revision of regulations in the Shanghai International settlement pending development of "more stable conditions."

Cautions Japan
Grew cautioned Japan against taking "advantage" of developments which have their origin elsewhere and prejudice the international character of the settlement.

He said that in the opinion of this government no satisfactory agreement regarding the settlement could be reached because of abnormal conditions incident to Japan's invasion of China.

Ready to Negotiate
The government in the United States would be ready, as it has been in the past, "to negotiate," he said, "to become a party to friendly and orderly negotiations properly instituted and conducted regarding any needed revision in the land regulations of the international settlement at Shanghai."

The government of the United States is constrained to point out, however, that negotiations in the Shanghai area are, from the viewpoint, so far from normal at the present time, that there is today no basis for discussion.

King George VI is taking his own whisky, cigarettes and tea on his tour of Canada and the United States. Attorney General Frank Murphy plans a visit to the Pacific coast in the near future.

Mrs. Eleanor Roosevelt declined that her husband, Mr. Roosevelt, and his wife, the former Ann Lincoln Clark of Boston, expect the birth of a child within two months. They were married last June.

Postmaster General James A. Farley assured Senator Charles McNary that he had no fears of a Democratic defeat in the 1940 election.

Many Mavericks, former congressmen and mayors, are expected to make the Pacific coast.

Antonio, Tex., charged that William Green, AFL president, had violated a city ordinance by encouraging local firemen to form a union affiliated with the AFL.

Col. Charles A. Lindbergh told a house military appointment committee that congress must grant substantial funds to increase this year's military research facilities if it wants to catch up with foreign governments.

Gen. Hugh S. Johnson told the Senate that the President's veto of 1937 would return to the thirty percent of the President's budget for 1937.

James H. Watson, secretary of the American Medical Association named as its president Mr. H. K. Packard of Chicago. A. J. S. S. Watson, secretary of the association, was named to the executive board.

FASHION NOTE

QUEEN MAY 18 (UP)—Today's royal fashion parade was a sight to behold. Queen Elizabeth wore a light blue traveling dress for the train trip to Mount Vernon.

King George wore the "undress blues" of an admiral of the fleet.

National Guard And Union Men Exchange Shots

HARLAN, Ky., May 18 (UP)—National guardsmen and United Mine Workers pickets exchanged about 50 shots today in a brief gun battle near the mine tipple of the High Splint Coal Co., Totz, Ky. No injuries occurred on either side.

The exchange occurred about two hours after a failure of a main power line between Harlan and Lynch, Ky.

The report of the firing—first serious violence to mark the union's effort to force Harlan county operators to sign a union shop contract.

Operations of the region's coal mines—was given by Capt. Vernon Sanders, in charge of the national guard forces stationed at the High Splint mine.

Sanders said about 35 men suddenly appeared over a hill near the mine tipple. A detachment of four state militiamen was stationed at the point and ordered the men to halt.

Instead, the guardsmen reported, the men shouted:

"We're going to close down this mine."

"At about the same moment," Sanders said, "the pickets opened fire. Bullets started whizzing around the guardsmen. The guards were instructed to return the fire with their rifles, aiming over the heads of the advancing men."

The guards opened fire, the pickets quickly scrambled back up the hill and disappeared.

No Arrests Made
Sanders said no arrests were made. None of the guardsmen were wounded and no injuries were reported among the attacking force. About 25 shots were fired on each side.

A guard of militiamen is now posted at the mine.

The High Splint mine has been operating since Tuesday. It reported that the mine is now working today. The attack occurred shortly before the day's working force was due to report.

24-Hour Picket Line
The United Mine Workers union, seeking a "union shop" contract with operators in the Harlan mine field, announced today a 24-hour-a-day picket line this morning around the tipple of the Harlan mine.

National guardsmen made no immediate effort to escort workers to the mine. The only completely mechanized mine in the area. National guardsmen made no immediate effort to escort workers to the mine.

Monday, shut down temporarily. Sanders said no arrests were made. None of the guardsmen were wounded and no injuries were reported among the attacking force.

Plunged two-thirds of Harlan county into darkness for 40 minutes before a 2 a. m. sabotage was not involved.

This incident occurred following arrival of 400 more national guardsmen to reinforce the 800 picketing the bituminous mines which are attempting to operate on a non-union basis.

Unintentionally, John L. Lewis' United Mine Workers of America picked up the torch from the union miners in their fight against the Harlan county coal operators' association over a "union shop" contract.

Leaders of the United Mine Workers of America, including Lewis, are expected to visit Harlan after all other operators' associations in the Appalachian field signed "union shop" contracts.

New Yorkers were requested by Brig. Gen. Elmer Carter, commanding the militia on Harlan county duty. Carter said union members, (Continued on Page 11, Column 5)

DISTRICT LEGION MEETS AT FILER

Highlighted by a talk from the national vice-commander, the fifth district American Legion convention will be held at the Filer post next Wednesday night, May 24, it has been announced today by Ernest Emerson, Kimberly, district commander.

The national officer will be Earl T. Ross, Reno, Nev. Idaho department officials will include: D. Price of Malad, commander; Lester P. Albert of Boise, adjutant and M. P. Sandy of Idaho Falls, first vice-commander of the Idaho American Legion department; Mrs. Idona Ross of Driggs, Idaho auxiliary first vice-president; William C. Hall of Boise, department service officer; George McPail, veterans' administration contact officer, and Terry Frazer, veterans' placement officer.

Banquet Planned

Business meetings for the convention will be held at the Filer high school. Banquet will be served by Filer Grange women at 7 p. m. in the Grange building. Preceding the business sessions of Legion and auxiliary.

Mr. Emerson is to preside at the Legion convocation and Mrs. Edna Tomlin, Twin Falls, fifth district auxiliary president, will head the gathering of the women's units.

In Charge

Commander Earl V. Johnson and his Filer Legion post are arranging the banquet program. Mrs. Edna Tomlin is chairman of general arrangements for the convention.

Mrs. Gertrude Detweiler, Hazelton, an officer of the auxiliary national organization, will attend the sessions.

400,000 TROOPS WILL SEE ACTION

WASHINGTON, May 18 (AP)—The war department announced today the American army will place about 400,000 troops in the field this summer for the greatest training maneuvers since World War days.

The troop concentrations will involve over 100,000 men of the regular army and 293,996 officers and men of the national guard, reserve officers training corps, citizens military training camp and officers of the organized reserves.

This announcement means that the American army will mobilize during the summer practically its entire initial fighting strength. In event of sudden war the United States could mobilize approximately 400,000 officers and men to "hold the line" until new troops could be trained.

The maneuvers, field exercises and training camps will be spread out over the entire summer.

Disintegration Predicted for N. Y. German-American Bund

NEW YORK, May 18 (AP)—The disintegration of the German-American Bund in New York was foreseen today in the title of a detailed report by Mayor F. H. LaGuardia in which the bund and its leader, Fritz Kuhn, were charged with more than 40 violations of the relief tax laws.

The mayor transmitted the report, based on a three-month investigation into the bund to District Attorney Thomas E. Dewey. Although a relatively small amount of money is involved, each of the violations carries a prison sentence of from six months to three years.

Ordered by LaGuardia

The inquiry was ordered by the mayor last February after the bund had staged its mass meeting on Washington's birthday in Madison Square Garden.

Those named in addition to Kuhn were Max Rapp, William Leudke, Richard Matlin, James Wheeler, Hill, Max Bucher, Karl Kienzel and Fred Hackl; the corporations named were the Hackl Press, printers of bund literature; Kienzel & Schimpf,

Importers of Nazi swastika and novelty jewelry; the A. V. Publishing Co.; and the German-American Business league. Most of the individuals were connected with the operations in the business of publishing pamphlets, selling Nazi uniforms, and supplying other bund decorations and paraphernalia.

It was alleged the individuals and corporations had evaded payments of the city emergency relief sales tax to the extent of about \$600.

None of the bund members is under subpoena, although two of the leaders already have gone to Germany. The departure of Fritz Schiewler for Germany without a passport two weeks ago was discovered yesterday. Karl Nicolay, Brooklyn bund leader, was arrested after the Hackl Press.

Marty at Gooding

WAGONER, May 18 (AP)—Mrs. Martha M. Gooding, 60, and Mrs. C. E. Munn, 50, were married Saturday, May 13, in Gooding. Mr. Munn is an employee of the Western CCA camp.

PEACE DESCENDS ON OREGON PORT

PORTLAND, Ore., May 18 (AP)—Peace has descended on the Portland waterfront after a 17-day dispute which closed the port. CIO longshoremen once more were loading the freighter William Luckenbach today following a decision of Arbitrator Wayne L. Morse that they were violating a contract by refusing to work the vessel.

Morse held that inasmuch as peace had been withdrawn from the freighter, the union was violating its contract with the Waterfront Employers' association. Previously he had held that the employers had violated the working agreement by closing the port. Both decisions were accepted by the disputing parties.

FIVE KILLED IN ARSENAL BLAST

LONDON, May 18 (AP)—The second explosion in 24 hours occurred today in the great Woolwich arsenal near London, killing five men and injuring six.

The war office said the casualties all were members of the staff of the prov. house, who were loading a round into a 37 inch anti-aircraft gun.

Two men were killed and two injured at the arsenal yesterday in an explosion.

The first one was held at the Huey home Friday afternoon. Guests were Mrs. C. B. Hixon, Mrs. E. E. French, Mrs. Elcar Flenner, Mrs. B. E. Dyer, Mrs. R. F. Dean, Mrs. C. G. MacQuib, Mrs. Al Reading, Mrs. Edith Doyle, Mrs. Truman Boyd, Mrs. Melvin Gates, Mrs. N. H. Leland and Mrs. Ira Anderson. Mrs. Hixon won the prize for high score.

The second party was also held at the Huey home Tuesday afternoon. Guests were Mrs. John Darnall, Mrs. William Doering, Mrs. Ralph Nyblad, Mrs. Douglas Bradshaw, Mrs. L. A. Jones, Mrs. Leroy Schouweiler, Mrs. Austin Schouweiler, Mrs. E. I. Simonson, Mrs. H. D. Jackson, Mrs. J. W. Mathewson and Mrs. Ann Kappel.

Commerce Leader Plans "Embassy" For Businessmen

WASHINGTON, May 18 (AP)—Secretary of Commerce Harry L. Hopkins proposed to establish an "embassy to business" in his department to promote good will between the government and business.

Informed sources said President Roosevelt's request of congress for a \$25,000 supplemental appropriation for the commerce department to provide a "highly qualified staff to assist business and to appraise the larger problems that affect the commerce and industry of the country" was the first step toward development of the new unit.

If congress approves the request, members of the business-staff would be attached to Hopkins' office. Eventually, however, they would form the nucleus of a projected unit which would be known as the "bureau of industrial economics."

Idaho Theater Manager Here

Management of the Idaho theater was taken over today by Brock Pagan, Salt Lake City. It was announced by the theater by John Krier, Orpheum manager and head of the two International Theater company showhouses in Twin Falls.

Mr. Pagan arrived from Salt Lake City yesterday with a long record of theater work behind him. He had held various posts in Intermountain houses at the Utah capital; was formerly with the Electric theater, Kansas City, Mo., and was stationed for a number of years at Paramount, Fox theater and independent showhouses in the south and in Nebraska.

Mrs. Pagan accompanied the new manager to Twin Falls.

Krier has been directing activities at both Orpheum and Idaho for a considerable period.

Anti-Spy Defense Funds Approved

WASHINGTON, May 18 (AP)—The House appropriations committee, acting after Director J. Edgar Hoover of the federal bureau of investigation reported activities of foreign spies were increasing alarmingly, today approved a \$300,000 fund to finance a counter-espionage drive by G-men.

The fund, earmarked for emergency FBI use in a drive against spies, kidnapers and extortionists, was carried in the \$121,899,130 state, justice and commerce department appropriation bill which was sent to the house for action.

Graders Graduate

WENDELL, May 18 (Special)—Members of the eighth grade received their diploma Monday night at a banquet held at the Civic club rooms. The mothers of the pupils served the banquet.

Mrs. Dash-Dash Graves Dashes Through 8 Weddings to Bliss (?)

By Bill Porter

LOS ANGELES, Calif.—Her name is Mrs. Nina De Milo-Cantfield-Martin-Monroe-Martin-Colton-Graves. Eight times a bride—and never received alimony.

Newest twist in the merry marital marathon of Mrs. hyphen-hyphen-Graves is a patch-up of her latest venture into double life after one day of wedded "bliss" had almost tossed the marriage ship on the rocks again.

On a Saturday, the 28-year-old blond eloped to Yuma, Ariz., with Billy Graves, 36. On Sunday, the newlyweds returned to the honeymoon cottage in Hollywood. That evening, and again on Monday, Darrell Lynn Colton, the bride's last ex-husband, called Mrs. Graves on the telephone.

Because Colton has heart trouble, Mrs. Graves would not tell him she had remarried, so Billy got sore and stormed from the house. By Monday evening the bride decided she wanted another divorce.

But on Tuesday morning, home came hubby. The couple argued and made up. The bride called off divorce proceedings and tore up a handful of photographs of her future husbands.

This, however, is but one chapter in Mrs. Graves' mad matrimonial chase. She started her life with the name of Shuffelbarger in Norfolk, Va. From that point on, here's the spouse-by-spouse story:

De Milo—Met him in Cleveland, O., at age of 16. Divorced him after six weeks. Grounds: Extreme cruelty.

Cantfield—Married Tommy in Kansas City, Mo., lived with him for two years—longest of any of her marriages. Divorce charge: Again extreme cruelty.

Martin—His first name was Duke, and she eloped with him to Yuma, Ariz., on April Fool's day, 1934. It didn't last long.

Monroe—Soon after separating from Martin, she took this name in San Francisco, but dropped it after four weeks. Dubby chased her to Los Angeles, where she got an injunction to prevent him from molesting her. Grounds: Extreme cruelty.

Martin—Reverted to her ex-husband, but the interlude was as brief as the first one. Grounds: "You guessed it."

Colton—She had this one twice. She eloped to Las Vegas, Nev., with

Even Fifi, the pet poodle, looks happy as Mrs. Nina De Milo-Cantfield-Martin-Monroe-Martin-Colton-Graves makes up with eighth husband, Billy Graves, after rift.

Colton in 1937, and within a year, had divorced, remarried, and again divorced him. Grounds: Yes, it's still the same.

"I don't want anything from my husbands," says Mrs. Graves. "Maybe that's why I have such a time getting along with them. I'm too independent. But I'm going to make this my last and lasting marriage."

Oh, yes, from Nov. 17, 1938, to May 5, 1939, Mrs. Graves was single.

PETTICOAT INVASION LOOMS FOR IDAHO GOP RANKS

WOMEN GIRD FOR BEST POSITIONS ON STATE TICKET

BOISE, May 18 (AP)—A petticoat invasion of the Idaho political scene in 1940 was in prospect today as women leaders girded to do battle for prominent places in the ticket of the Republican party.

Successful in county posts and seeing the women that women have had in securing prominent posts in the national political scene and in other states, Idaho women are clamoring for their place in the sun.

This political flurry centers itself around two posts, those of secretary of state, now held by George Curtis, a Democrat, and state treasurer, now held by Mrs. Myrtle Enking, only woman treasurer of a state in the United States.

These Reasons

The women insist they should be given consideration because:

1. The women's vote must be considered in planning strategy and this appeal to it would line up more votes.
2. Democrats now hold these positions, since Republican men have failed to win them, they should have a try at it.
3. Since the state saw fit to elect a woman treasurer, they should elect a Republican woman and also could be persuaded to elect women to other state offices.
4. A woman would make a better secretary of state, they say, than a man because she is adapted to the job.

Would Stop Hagglng

One or two women on the state ticket would eliminate much of the dissension and wrangling that has surrounded the handling of that board for the past several years.

There are many able women in the party who are available for prominent positions.

Among the prominent women suggested for the two offices are Mrs. Beth Laubaugh, former Republican national committeewoman; Mrs. Martha E. Cline, Republican state senator from Boise county; Lucy Higgins, president of the Idaho Business and Professional Women's clubs, and Mrs. Carlyle Smith, Canyon county.

U. S. Seeks to Break Barriers Which Block Domestic Free Trade of States

Above map shows how trade barriers hamper free commerce between states.

BY BRUCE CATTON

WASHINGTON—One of the toughest of Uncle Sam's economic problems is just beginning to attract public notice. It is the constantly growing system of state-line barriers to the movement of trade within the United States.

The recent conference on interstate trade barriers in Chicago helped to focus public attention on this problem. You are due to hear a good deal more about it from Washington during succeeding months. In the opinion of some high officials here, the problem is one of the most pressing before the country.

Although the property of the nation was built on a free movement of trade inside the national boundaries, Secretary Wallace recently remarked that today "we cannot say that we have free trade between the states." In the departments of commerce and agriculture the situation is considered extremely serious.

Barriers Are Numerous

These barriers are of many kinds. There are truck and motor vehicle regulations and laws, special taxes on products like milk, oranges, fruit and vegetable quarantines and inspection fees, restrictions on the movement of beer and liquor, regulations on the movement of dairy products, ports of entry, restrictions on retailers, and taxes designed to keep residents of a state from buying goods produced outside of the state.

These laws come from two sources—to protect the business interests within a state, and to find new funds for hard-pressed state governments.

In either case, their effect is to set up tariff barriers along state lines. Today, according to a recent survey made by the agriculture de-

partment, practically every state has put restrictions of one sort or another on interstate trade in foods or other commodities.

Some of these taxes are retaliatory. Arkansas, for instance, puts a 25 per cent tax on milk, butter, cheese and apples from Washington, Minnesota, Iowa and Wisconsin, and these states in turn lay a special tax on Arkansas cottonseed oil and its by-products.

Other barriers, designed to protect home producers, have the effect of almost completely shutting certain markets off from outside producing areas. New York City's milk inspection restrictions, for example, make it practically impossible to bring in fluid milk or cream from the middle west.

Restrictions on interstate truck movements are considered equally serious. Some states—Arizona, Kansas, Oklahoma and Wyoming—require practically all out-of-state trucks to register and pay a fee, or make them pay higher ton-mile taxes than domestic trucks.

There are innumerable regulations about the weights trucks may carry, the "permissible" length of their wheelbase, the sort of equipment they must have—running, in some cases, to the types of wind-shield wipers they must use or the size of their gasoline tanks.

There are now in existence upwards of 170 different state laws on the grading and labeling of farm products. The agriculture department looks on these laws as good things, but declares that when they lack uniformity—as among these 170-odd laws, they emphatically do—they are a decided hindrance to agricultural trade.

All in all, the bureau of agricultural economics figures that these trade barriers add hundreds of mil-

lions of dollars to the money the American consumer pays annually for food products alone.

Attack Is Being Mapped

The whole problem is highly complex, and it cannot be solved by the federal government alone. The recent Chicago conference is looked upon as having paved the way toward co-operation between the federal government and the governments of various states, and several models of attack on the problem have been suggested.

One idea is to have the states adopt a standard milk ordinance which would protect the public health but, by its uniformity, would not halt the free flow of dairy products. This might be supplemented by a system of federal inspection.

Uniformity in motor truck laws and regulations might be obtained by agreement between the states; or, it is suggested, the federal government might step in by alphabetizing that no further registrations be required of any motor vehicle moving in interstate commerce that was properly registered in its home state and held an interstate commerce commission registration.

A survey of the legal aspects of

the problem is being prepared by the commercial law division of the department of commerce.

Elaborate Plans Made for Holiday

HAGERMAN, May 18 (Special)—Plans for the traditional Pioneer day celebration in the valley were being completed this week for what promises to be the biggest and best celebration this community has witnessed.

To be held at Hagerman, July 24, Pioneer day will be celebrating its 20th consecutive year in the valley. Through cooperation with the Gooding Chamber of Commerce, more extensive plans than heretofore are being made.

Senator W. E. Borah has been extended an invitation to speak but as yet no word has been received from him.

Headed the celebration is Chairman Emerson Pugmire, who plans to name his committee late this week. Martin Curran is chairman of the program committee. A sports chairman will be named from Gooding and the general chairman announced.

HAAGERMAN, May 18 (Special)—The Hagerman high school student body officers for next year were elected the past week. The nominees for student body president were Ella Mae Pullin and Margaret Jean Bennett. Margaret Jean, almost the honor of being student body president by a small margin.

Anita Gady won over Edgar Chapman for the vice-presidency. Kathi Collier was elected to the position of treasurer by a unanimous vote. Peggy Anderson is secretary for the coming year after her close victory over Donna Gady.

Three students ran in the race for business manager, John LeMoynes, Marcy Laraman, and Dorothy Spauld. Marcy forged ahead in the race and came out victorious. The three nominees for yard leaders, Lila Rae Bell, Dorothy Spauld and Maurice Smith, fought a close battle with Dorothy and Maurice winning.

PROTESTS "LAND GRAB"

Editor, Evening Times:—
Re: the one-vote mayor and the land grab.
I wonder just who Mayor Koehler thinks he is? He must be trying to imitate a very unpopular European dictator. Or perhaps he is merely making a copy of the Los Angeles city government, and will want to annex everything from Honolulu to Hoboken.

He states that the increase in taxes would only be a small amount, a very small amount to hear the mayor tell it, but actually increasing the taxes of the people affected to about double what they are today. And anyone with even one brain cell knows that they are already high enough.

He says that for this small amount the city would be required to furnish police and fire protection, and various other services, but from the tone of his talk, we are led to believe that we would be getting a lot more than we were paying for.

Even though he has gone hog-wild in his quest for more territory, and even though he wants a city of 15,000 persons, why is he willing to furnish so much to the new territory, if it represents an actual operating loss to the city of Twin Falls?

That don't look like serious thinking, let alone any judgment.
There are still hundreds of available, vacant lots in the present city limits, if someone wants to build on them.

People in these outlying districts want to be out there, either for the room that they have, or for economic reasons, or maybe both. It is easy enough for someone who won't have to pay the extra taxes to sit back and grin about it. But this is AMERICA. And it is not Americanism to force people into a thing like this without a vote. We had this same trouble with another mayor a few years ago.

If the majority of property owners in the proposed areas endorse the annexation, then I will shut up. Until then, and still smoking, because I am burned up, I remain, an anti-aggressionist.

JOHN O'CONNOR

CLAIMS TWIN FALLS BAND NOT GETTING SUPPORT

Editor, Evening Times:—
Our high school gives about the poorest support of any school in the state. They wouldn't send students to Pocatello to represent Twin Falls on a large scale like Buhl or Kimberly.

However, this is not entirely the school's fault. Our leading teachers feel that "Why should the school send students to festivals or give public performances if the people of Twin Falls will not back them up and give them real support?"

People have ideas that Twin does not have a good band. But, this is not true. Twin Falls has a "good" band, but show me a band that can play good and have the "go get it" spirit if the school and public will show enough enthusiasm toward the band to even show up for appearances.

This is what a band needs to go places and win prizes—a little help from the school and public. And if it gets it, our band will give you the best in Idaho and surrounding states. And that's something to be proud of.

I move that Twin Falls get behind their band like they used to and give it real support. Also that new uniforms be purchased for the band on the part of the high school. If all this is done you watch the band of Twin Falls.

Methodist Mission Group Entertains

Buhl, May 16 (Special)—One hundred ten guests attended the annual May breakfast of the Woman's Foreign Missionary society of the Methodist church which was held in the parlors of the church Friday. Following the breakfast, Mrs. Lloyd Oaks of Twin Falls delightfully entertained with a talk on her recent visit to the Holy Land.

Mrs. George Watt, Mrs. W. L. Hawkins and Mrs. Enoch Wall were the committee in charge of the breakfast and the parlors were beautifully decorated with spring flowers arranged by Mrs. Clyde Ryan and Mrs. J. J. Brennen. Guests of the Missionary society were women of the Owsleford church, and friends.
W. J. Rippinger sang two solos.

Dressed for Royalty

From her new wardrobe, especially made for the visit of the king and queen of Great Britain, Mrs. Franklin D. Roosevelt poses above in two attractive dresses. The evening gown at left is made of tulle and tulle chiffon, emphasizes a two-tone iridescent of blue green and coral pink. Flowers are bunched where the colors meet. At right is a casual dinner gown with a tailored white crepe top, skirt of red and white satin print and a wide black leather belt.

Legion Maps Plans for "Largest" State Parley

Members of the local post of the American Legion today had started intensive preparations for one of the largest conventions ever to be held in Twin Falls—the state convention of the order which is expected to be the best attended event in the state.

General chairman in charge of arrangements is J. J. Winterholler, who announces that several thousand Legion members are expected to invade Twin Falls during the convention, set for Aug. 13, 14, 15 and 16. State and local executives will be among special guests.

Drum-Bugle Contest
Drum and bugle corps as well as bands from over the state will compete in a contest, a highlight of the convention so far as the general public is concerned. It is estimated that 30 units will take part in the competition.

In order that arrangements can be made immediately, avoiding last minute delays, E. V. Jones, post commander, today announced committee chairman appointments. They follow:

O. T. Kooser, finance; Marshall

Chapman, publicity; Leonard F.

Avant, registration; badges and

housing; Harry Benoit, distinguished

guests; R. E. Leighton, parade;

Paul R. Taber, bands and drum and

bugle corps contests; Carl E. Rit-

they, banquet; J. Edward Warner,

entertainment; J. H. Blamond,

decorations; Herb Smith, auxiliary;

R. J. Schwendman, forty and

eight; Grant O. Padgett, transportation;

Jack Thorpe, second Idaho regu-

lar; E. E. Outlander, dug out

heads of the various committees

will meet each week to chart progress

being made.

Tentative Program.

A tentative program for the event

follows:

Sunday, Aug. 13: Registration,

child welfare meetings, memorial

services, 40 and 8 annual parade,

week and convention.

Monday, Aug. 14: Business ses-

sions; banquet and dance.

Tuesday, Aug. 15: Public meeting;

parade and band and drum and

bugle corps contests.

Wednesday, Aug. 16: Business

meetings; election of officers and

selection of the 1940 convention city.

80,000,000 TAKE PART IN GERMANY'S CENSUS

BERLIN, May 18 (AP)—Almost 80,000,000 people of the greater German Reich, including Austrians, Czechs and the Polish minority, filled out census forms today, answering such questions as:

"Were any of your four grand-

parents full blooded Jews?"

"How many children has your

wife had since you were married?"

"What is your nationality?"

"To what people do you feel you

belong?"

A foot note to the nationality

question explains that people may

name the state to which they feel

themselves drawn.

It was assumed almost everyone

would feel himself drawn to Ger-

many.

The association of Poles in Ger-

many has protested against the

question regarding national pref-

erence. They called it an attempt

by means of statistics to obliterate

more than 1,000,000 people who

form the Polish nationality, in the

belief that such people would be

induced to declared themselves

Germans.

"Mother of Mine" and "Little Brown Owl," he was announced as the piano by Mary Jane Wall.

CELEBRATION PROGRESSES

Buhl, May 18 (Special)—The Buhl Junior Chamber of Commerce has given consent for the L.D.S. church people to use the new ball

park for the July 24 Pioneer day

celebration. It was announced by

Impressive Speakers' Roster Slated for BPW Convention

Headlining the speakers at the 19th annual convention of the Idaho State Federation of Business and Professional Women's clubs here May 21-23, will be Mrs. Geline MacDonald Bowman, Richmond, Va., past president of the National Federation. Mrs. Bowman is an outstanding champion of the right of women to follow the business and professional careers of their choice.

Mrs. Bowman will be the featured speaker at the convention banquet Monday evening at the Methodist Episcopal church, her subject being "My Business and Yours," the program theme of the national federation for the current year.

She will also be heard at the Monday morning session at the Elks hall, speaking on "Inklings"; at the Monday afternoon session, her topic being "Women and the World of Today"; and at the Tuesday afternoon session on "Business Women in a Democracy," the 1939 program.

Of General Federation importance because of the historic significance of the various luncheon, breakfast and banquet programs, Mrs. Bowman will be the featured speaker at the Monday morning session at the Elks hall, speaking on "Inklings"; at the Monday afternoon session, her topic being "Women and the World of Today"; and at the Tuesday afternoon session on "Business Women in a Democracy," the 1939 program.

The development of southern Idaho, from a desert region to an agricultural and stock raising area, will be traced in a series of episodes, reflecting the convention theme, "The New Oregon Trail," or "Modern Empire Builders."

The Twin Falls club will observe "open house" Sunday evening at the Elks hall, beginning at 8 o'clock. Nightingale entertainers, delegates and members of the other clubs in the district who are co-hostesses of the convention.

Representatives of interested organizations have been invited to join the local club in welcoming the visitors. A "Way Kinsider" motif will be featured in all decorative details: in the floor show numbers to be presented at intervals during the reception hours, and in the costumes of the reception committee, the punch girls, and the Florida Sirens.

Convention Speakers
Myrum Lewis, Declo, state senator, colorful pioneer of Cassia county, and for many years president of the 7thers association, will be the speaker at the Monday morning breakfast, his topic being "Early Day Settlements," keeping with the episode theme, "The Pioneer Comes," with the Shirley and Shugart families as hosts.

At the Monday morning luncheon, Mrs. Hazel Bennett will be featured in "Homesteading Days." The luncheon, with "Homesteading" as the theme, will be in charge of the punch girls, with Mrs. Marjorie Yeller as chairman.

William A. Peters, former state senator, will be the featured speaker at the Tuesday morning breakfast. The Tuesday club hostesses, in developing the theme, "The Harvest," Miss Eleanor Freeman is chairman.

W. H. Gild, general manager, South Central district, Twin Falls, will be the guest speaker at the Tuesday noon luncheon, his topic being "Transportation in its Relation to the Development of Idaho." The "Advertising Idaho" luncheon is in charge of the Gooding and Shoshone clubs, with Miss LaFollette Moore, Gooding, and Miss Anne Broyles, Shoshone, as co-chairmen.

Addressing Resolutions
Mrs. John E. Hayes, Twin Falls, first national vice-president of the National Congress of Parent-Teacher associations, will speak on "Women on the Pioneer Trail" at the Tuesday morning session at the Elks hall. Mrs. Hayes is the daughter of a well-known southern Idaho pioneer family, and was born at Hick Creek, a community which figured prominently in early-day history of southern Idaho.

Monday afternoon delegates will hear Mrs. Lydia Slonin, Lewiston, newly elected president of the Lewiston club, speak on "Women at Work," and Mrs. Myrtle P. Kneeling, Boise, state treasurer of Idaho, discuss "Democracy and Woman."

A special skill will be presented by Mrs. Blaine and Miss Lillian McClellan, Lewiston, at the Monday afternoon session, entitled "My Idaho." Mrs. Franklin K. Alworth is general chairman of the Sunday evening reception, with Miss Myrtle Anderson, chairman of the committee.

Miss B. Marie Luskman, local club president, will preside at the banquet; Mrs. Genevieve Dwight, chairman of the committee, and Miss Lucy Higgins, Boise, state president, will speak.

The Rogers hotel will be converted headquarters; the Elks hall will be served at the Methodist Episcopal church, and all other sessions will be held at the Elks hall.

LUNCHEON PLANNED FOR HIGHLAND VIEW CLUB
Members of the Highland View club will be guests of the general committee at a 1 o'clock luncheon June 2 at the home of Mrs. Reta Fuller. It was announced at a club meeting yesterday at the home of Mrs. M. M. South, Heyburn.

Thirteen members and four guests were present. Mrs. Ann Drury was in charge of the program. Mrs. A. L. South and Mrs. George Puller, chairman of the committee, and Mrs. Reta Fuller received the club prize, and Mrs. Carl Burt, the guest prize.

Other guests were Mrs. Owen Carter, Mrs. Gibson and Mrs. L. J. Smith.

Mrs. Reta Fuller will be in charge of the club at the next meeting.

B. P. W. Speaker

Mrs. Geline MacDonald Bowman, honorary president of the National Federation of Business and Professional Women's clubs, who will be the featured speaker at the state convention here May 21-23. During the four years of her presidency, beginning in 1931, the national organization sponsored a program both fundamental and far-reaching.

STATE SCHOOL
TOLD OF HOLLAND
Miss Gladys Hoyer, who recently returned to Twin Falls from a visit to her native country, Holland, was guest speaker yesterday afternoon at the state school for the deaf and blind at Gooding.

Miss Hoyer displayed a quaint tea set designed to keep a tea pot warm indefinitely.

It was fashioned to represent a peasant Dutch girl, the top of Dutch cap and a small head necklace; and others fishermen and milk carriers, with a small windmill with movable arms; others fishermen and milk carriers, with a small windmill with movable arms; others fishermen and milk carriers, with a small windmill with movable arms.

She explained that each city in Holland is identified by its individual crest. Books on Holland, and a scrapbook she is keeping, were also displayed.

In return for her courtesy, several of the children wrote her letters in Braille, which were translated for the speaker.

Miss Ila Cannon

Weds at Burley

CASTLEFORD, May 12 (Special).—Miss Ila Cannon, Castleford, granddaughter of Mrs. Mary Gee, and Robert Goff, Buhl, son of Mr. and Mrs. B. W. Goff, were married at Burley, May 11.

The ceremony was performed at the Christian church parsonage by Rev. Alvin Kitchin. Mr. and Mrs. B. W. Goff, parents of the groom, were the attendants.

After a short trip the couple returned to Buhl, where Mr. Goff is farming, with his father.

Study of Folk Lore Reflected at Party

Demonstrating their proficiency in folk-lore knowledge, six local Camp Fire Girls were gracious young hostesses this week when they entertained at a charmingly appointed tea with a decidedly international flavor, at the home of Mrs. A. W. Bowman, 228 Seventh avenue east.

The tea was given as one of the requirements toward securing the Torch Bearer craftsman rank in folk lore.

MeT Courtesy Fetes Mothers

MeT club members entertained their mothers at a tea of charming appointments yesterday afternoon from 4 to 6 o'clock at the home of Miss Patzi Warner. Miss Jane Douglas, new club president; Miss Frances Thompson, treasurer; Miss Joyce Miller, secretary; and Miss Mary Frances Bates, sergeant-at-arms, received the guests.

Sixty guests were received. Miss Douglas, retiring president, presided at the tea table the first hour, and Mrs. Orr Chapman, former club sponsor, and Mrs. A. S. Gilbert, senior sponsor, the first hour. Pink lights and greenery, flanked by lighted pink tapers in crystal holders, centered the table, and an exquisite lace cloth covered the table. Other appointments were also in green and pink.

Miss LaDean Stokes played background music throughout the tea hours.

Miss Mickey Humphrey sang "Tues" and "When Irish Eyes are Smiling," accompanied by Miss Stokes.

Scribblers' club will meet with Mrs. Hazel Bennett, Buhl, Saturday at 2 p. m.

The P. M. club will meet at the home of Mrs. Matti Rosen on Third avenue east Friday afternoon.

Gem State Study club will meet Friday at 1:30 p. m. for a delectable luncheon at the home of Mrs. Flava Lydium.

SODALIES CLUB
TO HONOR HUSBANDS
Members of the Sodales Pinchloe club will entertain their husbands at a party Monday evening, May 22, at the home of Mr. and Mrs. Matti Schmidt.

Plans for the event were made at a meeting of the club yesterday afternoon at the home of Mrs. C. E. Modlin.

Mrs. J. M. Leinen was elected president and Mrs. Roy Weller, secretary.

Mrs. L. C. Wildman, Mrs. Harland Hille and Mrs. Quincy Norris, a guest, won honors at pinchloe. Mrs. Ellenburger was also a guest.

The rooms were attractive for the occasion with bouquets of flowers. Mrs. Modlin served refreshments.

MOORE CLUB
ARRANGES OUTING PARTY
After hiking from school to Harmon park, Home Economics club of Twin Falls high school will hold a picnic and general good time playing games as the last meeting of the club for the year this afternoon after school.

Tennis and baseball will be played. Games were planned by the club. A meeting earlier this week. During the evening, Miss Alice Murphy, president, will present a gift to Miss Juanita Swift, sponsor, expressing the appreciation of members of the club for her interest.

A welfare meeting will be held, with Miss Wanda Maxfield in charge of the picnic supper.

Miss Clydella Jones Weds at Church Rite

At one of the most elaborate weddings of the season, Miss Clydella Jones, daughter of Mrs. Evalena M. Jones, Twin Falls, and Loren E. Santo, son of Mr. and Mrs. Ernest Santo, Walla Walla, Wash., exchanged marriage vows last evening at the Church of the Nazarene. Three hundred guests were bidden to the wedding.

A realistically garden setting was obtained by the arrangement of an improvised rock garden wall and arch, over which clambered lavender and white lilacs. Suspended from the center of the arch was a wedding bell formed of snowballs.

Traditional Gown
Gowned in traditional white satin, the bride carried pink sweet peas, white rose buds, gardenias and lilies of the valley.

With a floor-length princess model she wore a full-length rock caught with a band of lilies of the valley.

She was preceded to the altar by Miss Rowena Santa Bernice, sister of the bridegroom and maid of honor; Miss Maxine Smith and Miss Gladys Hills, Twin Falls, bridesmaids; and Joyce Christian and Roberts Crowen, flower girls.

Ushers were Ralph Myers, a cousin of the bride, Sunnyside, Wash., and Glen Myers, Twin Falls. Miss Myrtle Hill, a cousin of the bride, Sunnyside, sang "I Love You Truly" and "O Promise Me." Miss Mabel Edwards accompanied her, and also played the wedding march from Midsummer Night's Dream as the bride party entered the church.

John Maxey, Emmet, attended the bridegroom as best man.

Colorful Peaks
The maid of honor was frocked in a light blue tulle princess model and carried pink and white sweet peas. She wore a single gardenia in her hair.

The bridesmaids' gowns were identical princess models in orchid and the other in pink. One flower girl wore a yellow tulle dress and carried a green tissue basket, and the other wore a green tulle dress and carried a yellow tissue basket.

The new ends were marked with white and lavender lilacs looped with white tissue bows.

A buffet supper was served to the bride party and relatives at the home of the bride, following the ceremony.

The cake, three-tiered and topped with a miniature bride couple, was cut by the bride.

IDAHO-CALIFORNIA FUTURE LINKED, TOUR CHIEF SA

PROFIT STRESSED BY LOS ANGELES GOOD WILL HEAD

Declaring that Idaho and California are "neighbors" and that their future "lies along the same line," James L. Beebe, Los Angeles attorney, last night keynote a meeting at which California business and professional men on western tour, guests at a banquet sponsored by the Twin Falls Chamber of Commerce.

Beebe, president of the Los Angeles Chamber of Commerce, headed a delegation of 30 executives who visited Twin Falls and immediate territory for eight hours yesterday. They left for Boise as soon as the banquet, staged at the Park hotel, was concluded. But before going by bus to Shoshone to connect with a Union Pacific train, they visited Shoshone falls, illuminated by powerful electric lights.

Seek Trade Stimulus

Purpose of the tour is to stimulate trade between Idaho and California, as well as California and other western states. Among the 30 visitors from the coast city were lawyers, newspapermen, bankers, advertising executives, engineers, public utility leaders, transportation chiefs and distributors of California manufactured products.

"We are neighbors, and our future lies along the same line," Beebe said as he spoke on behalf of the visitors. "South Idaho merchants who deal with Los Angeles firms can look to quick deliveries, fast stock turnovers, and profits when you sell something we want you to make a profit."

Natural Idaho Market

"California is a natural market for Idaho products, both present and future. Population trends indicate that 3,000,000 persons will be added to California in 10 years."

The speaker also urged adoption of a reciprocal arrangement whereby Idaho would market agricultural products in southern California and in turn purchase manufactured goods from Los Angeles firms.

Speakers on behalf of Twin Falls businessmen, R. S. Toffelmire, publisher who officially represented the local Chamber of Commerce, traced the development of the Magic Valley since water first came to the district.

Valuable Farms

He pointed out that in Twin Falls county there are, at the present time, 2,781 farms with a value of \$3,000,000, or approximately \$1,000 a farm. He continued by pointing out that over the nation as a whole farms were only 18 per cent electrified while in this territory 85 per cent of the rural homes have electricity. He added that the city of Twin Falls leads in per capita sales, \$1,100, which is 170 per cent more than the national average of \$245.

"Twin Falls county is prosperous and progressive," Toffelmire said. "It leads all Idaho in gasoline tax collections and is second only to Ada county in the total number of automobile licenses issued."

TWIN FALLS HAS 12 IN "U" GRADS

MOSCOW, May 18 (Special)—Twelve students from Twin Falls, four from Kimberly and three from Burleigh are among the 500 candidates for degrees at the University of Idaho's 44th annual commencement June 5.

Applications have been filed by 499 undergraduates and 91 graduate students for a prospective degree total of 590 or 36 more than last year's record-breaking graduating class of 554.

Monday, June 5

Commencement exercises will be held Monday morning, June 5, with Talbot Jennings, a university graduate and leading Hollywood scenario writer, as the speaker. Dr. James T. Miller, professor of religious education at the College of Idaho, will deliver the baccalaureate sermon the morning before.

An appropriate highlight of this year's commencement will be the presentation on Saturday, June 3, of the "Light on the Mountains," historical Idaho pageant written by Talbot Jennings when he was a student at Idaho in 1923.

Local List

Twin Falls prospective delegation in the University of Idaho's record-breaking cap and gown parade follows:

Leonard J. Arrington and Millard J. Eldridge, bachelor of arts; David Vernon Jr., bachelor of science; Leon Carl Addy and Frank Elmer Wells, bachelor of science in agriculture; Emory Victor Larson, Jr., bachelor of laws; Florie Catherine Black, Elizabeth Jane Bothwell, Margaret Josephine Davis and Mary Dillon Smith, bachelor of science in education; Sherman Newell Kelly and George F. Sprague, Jr., master of science.

Kimberly

Kimberly students on the degree list are Carl F. Slick, bachelor of science in agriculture; Boyd H. Walter, bachelor of science in civil engineering; Loren H. Bruns, bachelor of science in education; and Gerald W. Ridgeway, bachelor of science in business administration.

Murtaugh has three candidates for degrees: Dorothy May Hale, bachelor of science; Lincoln T. Lee, bachelor of science in agriculture; and Anna Mary Andersen, bachelor of science in education.

School Exhibit Reveals Wide Scope of Program

By MARGARET ELLSWORTH

Exhibits of class work and class projects of the high school and junior high departments, shown last night in the high school gymnasium, impress on the visitor the amount and scope of work done by the schools during the year.

The exhibit, shown every year, is a collection of the best work done, in projects outside regular classroom work and in most interesting projects in class.

Half the floor space is devoted to high school exhibits and half to junior high school. Exhibits are arranged on tables, and displayed on backboards.

These Largest

Largest exhibits of all were those from the manual arts department and the home economics girls.

Wooden furniture was shown by the boys from shop, with cedar chests and tables of all sizes from a card table with a checkerboard inset to small side tables and larger ones, with cabinet drawers built in, including one desk. Lamps, for the table and floor lamps, and magazines racks were other favorites.

Novelty was an electric clock built in the form of an airplane propeller, with the clock face between the blades. One pair of skis was on exhibit, and one aquaplane. A novelty vase was shown, with built-in grooves for placing flowers.

Smaller exhibits included candlesticks, bowls, nut bowls and hammers to match, an ash tray stand, a music stand, bookends and Chinese checkers.

With the junior high articles was a collection of finished samples of

many different woods, each labeled. Plans for making the articles were displayed, and three model houses built from plans which were shown.

On the stage was the display from the home economics department. Fashionable dresses in both wash and dresier types were displayed. Besides dresses, housecoats, aprons, blouses, coats and a child's dress were shown.

From the art department, clever masks from anyone from Hitler to Dopey were shown. Among other characters were a jester, Groucho Marx, a city slicker and Ferdinand.

Medieval Pictures

Pictures in black and white of medieval theme were shown, with dolls dressed in erpel and linoleum blocking.

Wooly drops and fancy dolls, wooden scrapbook cover, woven diaries, crumpled paper flowers, wood carving and plaques were shown. Soap carvings were done in full models and in plaques, some colored and some plain.

Bracelets of wood and an ornate bell, and necklaces of seeds showed the practical side of the course. Among pictures were some cartoons on modern affairs. Others were geometric designs. In black and white and color, totem pole figures, posters, sketches of hands and several typical news of the day were shown.

Science department exhibits in chemistry were booklets on atomic structure and with them was a model in glass and wire of an atom of aluminum oxide, showing the orbits of electrons and other details.

Physics classes showed instruments used in the course and ap-

plication of the principles of physics. A telegraph key, a balance scale, and a system of pulleys and weights were shown.

Water "Craze"

Corn grown as an example of water culture was exhibited with a small garden of flowers and a water garden in a bowl in connection with biology.

Pressed leaves were mounted and identified, and spatter prints had been made of them in one booklet, with an accompanying explanation.

Full story of the life cycle of the wild cucumber, with mounted leaves, buds, petals, seeds, roots, fruit, was one poster. Another showed the growth of the bean plant, and another the process of grafting.

Pressed flowers formed another. A large panel of mounted butterflies was shown from the junior high.

Medieval Pictures

General science exhibits showed notebooks on such subjects as fabrics, stars, biographies, ships and diseases. A crystal radio set and a model electric fence were with these.

Geometry

Geometry as used in church windows, linoleum patterns, flags and games such as checkers and tennis were illustrated.

Derivatives from the Latin were the chief theme of notebooks in that subject, including families of words, commercial derivatives and state mottoes. Maps of Gallia, a relief map of Rome, a Roman wax tablet inscribed in Latin, with a stylus, a model cart and newspapers describing typical news of the day were shown.

Writers receiving honorable mention in the Palmer company's national Good Writers' club contest showed exhibits of their writing with the junior high penmanship.

Speech students displayed plays written by students, ranging from

"Pink Applesauce" to "Midnight Madman."

A ship in a bottle made by a seventh grade student and a "movie" on transportation were with booklets on history, civics and social living. Pilgrim dolls, samplers, a horn book and a model pulley were taken from this course.

F. A. boys exhibited steers, dairy cows, lambs, swine and poultry.

Besides these were notebooks from many classes. An English class's project in letter writing, building houses, showed a model trailer house. Other English notebook subjects were traveling, vocations, autobiographies, and subjects in connection with the literature studied. As one example, a small "Spyness Inn" from "Treasure Island" had been made.

Buhl B. P. W. Has Convention Role

BUHL, May 18 (Special)—The Buhl Business and Professional Women's club met Monday at the home of Mrs. C. D. Boring. During the business meeting, plans were made for the state convention of B. P. W. which will be held in Twin Falls. The Buhl group will be luncheon hostesses Monday noon.

The club voted to meet the fee of the delegates to the state convention. They are Mrs. Martina Yeller and Mrs. Nell Boring, and alternates are Dr. Helen Fritz, Mrs. Charlotte Johnson.

The annual election of officers was held, Jo Dennis being elected president, succeeding Mrs. Beatrice Shott. Miss Hazel Bennett, the new vice-president; Mrs. Martina Yeller, secretary, and Mrs. Nell Boring, treasurer.

Two guests were Miss Rose Stein and Miss Lulu Leland. Mrs. Boring served a plate lunch.

In HOLLYWOOD Today

(By United Press)

A 22 per cent increase in the number of syndicate licenses in the movie industry during the last six months, was reported by Max Factor, Jr., make-up expert. He said if the trend continues, there will be more dyed hair, more bleached heads, dyed eyebrows, change in the influence of Hollywood, the Vietnamese actress with the raven hair.

Actor Errol Flynn can have his \$40,000 yacht back again, provided he obeys a government order not to use the boat for "commercial fishing or coast-wise trading." A federal judge released the yacht yesterday, after fining Flynn \$1,000 for having it registered falsely.

Charlotte Greenwood, stage comedienne, emerged victor in a court contest with Oliver Morosini, theatrical producer, who claimed he created the role of "Lulu" and held rights to the name. A superior court judge ruled in favor of Miss Greenwood. Morosini had sued for profits of the picture's latest stage vehicle, "Lulu" on "Lulu."

Stan Laurel, who has had so many wife troubles that he now crosses the street every time he sees a justice of the peace's office, obtained a divorce from Illeana, Russian singer, whom he thrice married and once chased down the street in his underwear.

The American public drinks 80,000,000 gallons or more of canned fruit juices annually. In 1939 this business was practically unknown.

BALANCE-THE-BUDGET LEVIES WOULD HIT LIQUOR, TOBACCO

PROGRAM COULD RAISE 3 BILLION MORE IN TAXES

By LYLE C. WILSON
WASHINGTON, May 18 (U.P.)—A balance-the-budget tax program, applying rich and poor, and especially at liquor and tobacco, is circulating privately here today in a preview of what ultimately may hit American taxpayers.

It is an authoritative outline of where large sums of additional revenue can be had if deficits are not otherwise dealt with.

The plan, by imposing higher levies, would raise \$3,160,000,000 more revenue as follows:

Liquor and tobacco, \$1,000,000,000; personal income, \$850,000,000; corporation income, \$800,000,000; manufacturers' sales, \$800,000,000; coffee, tea tariff, \$50,000,000; tariff increases, \$80,000,000; state employees, securities, \$100,000,000.

Dynamite in It

These figures are from a completely informed tax expert but do not represent a program likely to be snatched up soon either by the New Deal or its opponents. There is dynamite in it, especially in the proposal to lower personal income tax exemptions and to raise rates. Some congressional veterans believe, however, that any party or coalition driven to this tax program if other budget balancing plans fail.

This long view of the tax situation is constantly being brought into immediate prospect. Congressional conservatives appear now to have added to their list of proposals a tax program at this session. It would include abandonment of the corporation surplus tax. The house has already passed a bill to increase the national income tax and to provide tax revenue at existing rates to support spending at existing levels. Others contend that must be economy to balance the budget.

The \$3,160,000,000 plan was prepared either as a means of raising additional funds for the New Deal or as a means of balancing the budget. If it were limited to an old age pension, all tax increases would be reduced to a maximum of half to raise \$1,582,000,000 annually.

ICE CREAM DAYS CHEER ITALIANS

ROME, U.P.—It will soon be ice cream time in Italy. The weather is so warm that the Italians are drinking huge quantities of native ice cream. Nothing could be more delicious for the Italians, who are suffering from the heat and so in for ice cream in a really big way.

Ice cream is absorbed in staggering amounts during the summer months and Rome is one of the greatest consuming centers of the Italian peninsula which made food the world over except at the Poles.

Last summer, which wasn't any warmer, ice cream consumption was generally as low as a consumption in the capital of 30,000-places a day. Simple mathematics reveal that some 30,000 places were disposed of during the four hot months. Further ice cream eating during the remaining eight months brought the total roughly up to 50,000,000 places during the year.

OVERSEAS FUND BOLSTERS CHINA

SAN FRANCISCO, U.P.—More than \$600,000,000 in cash and materials were sent to China during 1938 from Chinese living abroad to help carry on the defense against Japan, according to compilations by the Chinese Digest of this city and based on official figures both from China and the leading contributing Chinese centers outside the motherland.

This inflow of funds doubled the maximum amount ever before transmitted by the 10,000,000 overseas Chinese nationals, according to the Digest. The \$120,000,000 of donations that went directly to the national government, and which represents about one-eighth of the peace-time national budget, came from the Malay peninsula, the Netherlands, India, and the Philippines. It was sufficient to enable China to finance the war for several months.

South Sea Gifts

Next in magnitude to the South Sea gifts, the national war effort received more than \$700,000 from Chinese emigrants in the single contributor was from the Philippines. The national war effort received more than \$700,000 from Chinese emigrants in the single contributor was from the Philippines. The national war effort received more than \$700,000 from Chinese emigrants in the single contributor was from the Philippines.

These cash contributions, however, are only a part of the help that has gone to China from Chinese abroad. Other contributions included vast medical supplies, and equipment, clothing, millions, scores of ambulances, physicians and dozens of pilots.

Greatest Contributor

In addition to the cash and materials hundreds of Chinese trained specialists from abroad returned to the motherland. In Shantung alone, the survey found, there are now more than 20,000 overseas Chinese all of whom have been professors, merchants, engineers, mechanics or other skilled technicians. They are donating their services in supervising reconstruction under the Overseas Chinese association in the new capital.

Among the greater single contributors of overseas Chinese, it was found that Aw Soon-haw, industrial magnate in Singapore, has probably the greatest. He has contributed not only millions in cash, medical supplies and equipment, but also \$500,000 toward the development of the resources of Northwestern China.

Keeping Nation Out of War Is Sacred Duty, Says Bott

AROO, Ida., May 18 (U.P.)—The most sacred duty youth can perform is to keep this nation at peace, Gov. C. A. Bott said in a high school commencement address here last night.

Referring to chaotic conditions abroad, Bott said: "The duty of the student to keep America a refuge against tyranny, war, bloodshed and racial hatred. Complete that he told them, and you become the ultimate saviors of mankind."

Harbor of Freedom

"You must build a citadel here for the harboring of democracy and freedom in the midst of a world gone mad," Bott said. "This is the duty of Americans. It is not your duty to attempt to intervene in the chaos that is Europe. Such intervention will only bring to you untold misery. I hope the class of 1939 has the moral stamina to succeed where the generation of 1917 failed. Be certain, when you put down your life for your country, that you are serving your country and not a profiteer. Follow the path of honor, not allowing your patriotism to be grossly profaned by a wild call abroad. Your duty is to the maintenance of your home."

Cure for Economic Ills

Bott said the nation and "every individual" will find a cure for its economic ills. He explained the magnitude of the national debt, stating that if immediate payment were demanded, each man, woman, and child would have to dig up \$300 each.

You will be paying this off in taxes for the rest of your lives, and will probably not live to see it completely dissolved," the governor said. "Out of this orgy of spending, this threat of inflation, and this mismanagement and pyramiding of political power, you must find a way to get out of the mess."

He said that the most sacred duty youth can perform is to keep this nation at peace, Gov. C. A. Bott said in a high school commencement address here last night.

BASEBALLS FOR BOYS TO 4-3 VICTORY

Twin Falls Team Evens Series With Salt Lake

SALT LAKE CITY, May 18 (Special)—Twin Falls Cowboys will start for victory in their third consecutive series this afternoon when they take the diamond against the Salt Lake City Bees in the final tilt of the three-game session.

With young Bill Schubele on the mound, the south central duo entered the Pioneer league yesterday handed the Bees a 4-3 defeat in the finest hurling duel of the season in Salt Lake City.

Manager Eddie Leishman announced today that he will probably start John Stefan on the mound for his Cowboys. Stefan is the only rookie hurler on the squad who has shown some in the way of ability to date and the Twin Falls skipper will let him start the game. The Buckers have won six of their last seven games and are pointing for the opening game of a series with Lewiston at Twin Falls on Friday evening.

Pitchers' Battle
Tom Monk, the youngster who lost a 2-1 decision to Ogden earlier in the season, will probably take the mound for the Bees.

Yesterday's battle was between Verne Johnson and Steve Schubele. The visitors were able to collect only eight hits before Johnson in the fifth inning hit Schubele, but in the sixth frame they went to town to push across three runs, after trailing by a 2-0 count up to that time.

To start the inning, Stenger popped out, Schubele walked, and then in rapid-fire order, Ernie Blagoe, George Farrell and Steve Bogdanoff singled to push across three runs. The Cowboys got their other counter in the seventh when the veteran Wes Schubele led off with a double and then Dick Miller doubled to send him home.

Get 13 hits
While Salt Lake got 12 hits off Schubele, who is owned by the New York Yankees, he kept them well pitched and with men on base gave little in the way of good balls to hit at.

Curly Carlson, the left-handed thrower, who is leading the league in hitting, still defied left-handed pitching and failed to connect with the pitcher in the eighth frame. The plate, Schubele, with two doubles, and Blagoe, with two singles, led the Cowboy attack.

Buhl Builds Up Team for Benefit Game

A strengthened line-up will be presented by the Buhl-Bu-Stars in their benefit game with the Twin Falls Cowboys of the Pioneer league, it was announced here today by Morris Dunlop, manager of the west-end team. The game is being played at Joyce park as a benefit for the widow of the late Patrolman Craig Bracken, slain in a gun fight here on May 7.

In addition to out-of-town players to the Buhl outfit, including Tommy Betts, the slugging Shoshone infielder, is expected to lead the team a strong array. The Buhl manager announces that these will be on the mound for the team when the two teams open hostilities at 8:30 p. m. Monday evening. Clete will be behind the bat, and the rest of the club will be as follows: C. Atkins, shortstop; Al Atkins, left field; Bobby Hooper, center field; Betts, second; Smith, third field; D. Atkins, first base; Daly, right field.

Mayor Joe-K Koehler today presented a packed park, with all seats, including the bleachers, selling for 50 cents.

40-piece Buhl high school band, directed by the late member of the committee, will take part in the proceedings. Otto Perry, who is assisting in the west-end promotion for the game, announced today.

Seattle Gains As Angels Lose to Padres

(By United Press)
The Seattle Rainiers have whittled the Coast league lead of Los Angeles to one game today.

Top-notch hurling by Dick Barrett, gave the Rainiers a 1 to 0 victory over Portland last night. Barrett permitted the Beavers only five hits, while Ad Liska was surrendering six.

Another first class bit of pitching by Howard Grabham, gave San Diego a 3 to 1 victory over Sacramento and put the Padres back in little place. Grabham allowed the Cardinals only three hits.

San Francisco nipped the Angels by a 3 to 4 score. Jackie Warner's three time-hits provided the winning punch. Lou Kouppel outpitched Leo Stine.

Adkins took his second in a row from Hollywood, 3 to 1. A one-run attack in the seventh drove Wayne Osborne from the mound.

Arnovich Slugging Leads Phillies to Victory Over Pittsburgh Club

NEW YORK, May 18 (AP)—For the hustling championship of the majors, the Phillies offer little Morris Arnovitch, their Jewish outfielder who by his determination and grit has blossomed into one of the National league's outstanding outfielders.

With a "5 for 5" perfect day at bat yesterday, Arnovitch advanced to the National league batting leadership with a percentage of .425.

Arnovich's slugging helped the Phillies beat the Pirates, 7-3.

Arnovich's hitting and hustling is one of the main reasons why the Phillies, despite the fact that they are tied with the Pirates for seventh place, are only 3½ games from the National league lead. They've won 10 out of 25 and every time they come home in front everybody wonders how they do it. Hugh Mulcahy, Philadelphia's pitching coach, combined with Arnovich's hitting, were the answers yesterday.

Handy Man
Bucky Walters pitched the Cincinnati to a win in 10 innings, longest game thus far this season. The Dodgers made 18 hits, and were aided by six Cub errors but had 18 men left on base.

Yanks Win Again
The Yankees stretched their winning streak to seven in a row by defeating the Browns, 4-3.

The Red Sox lost ground by bowing to the White Sox, 6-3, in 10 innings. The Sox, however, with two men aboard accounted for all Boston's runs.

Eighteen-year-old Walter Masterman of the Philadelphia Athletics pitched his first major league game by hurling Washington, 5-4, in 10 innings over Detroit. Buck Newsum, making his first start for the Tigers, was slugged for four runs in the first frame.

Courts Opened For Flycasting In Creek Lawn
Invitations had been extended to all flycasting anglers to make use of the new flycasting courts, recently completed on the lawn of the city fish hatchery, in Rock Creek canyon, by the Southern Idaho Fish and Game Commission.

While the official opening has not been set until 10 a. m. on Sunday, anglers who wish to practice during evenings of the week are at liberty to do so, according to those in charge. Two platforms have been constructed and rings for the game of "fish-on" have been put up for those who wish to practice their practice their practice.

It is probable that a fly casting champion will be brought here on Sunday, May 20, to give special instructions on the court. Negotiations are now going forward to line up an expert for that date.

First Baseball Game Sent By Television

NEW YORK, May 18 (AP)—Television of sporting events moved a step ahead today, but successful picture transmission of wide range sports such as baseball and football still present many difficult engineering problems.

National Broadcasting company made the first experimental telecast of a baseball game between Columbia and Princeton at Baker field in New York yesterday.

The reception was somewhat spotty, but still it was successful enough to make observers realize its tremendous possibilities.

Most serious present barrier to television is the curvature of the earth. The other ways will not carry the picture more than 30 miles from broadcast ground level. N. B. C. has increased its range to 55 miles by casting from the top of the 12-story Empire State building. A gigantic transmission network must be developed before such things as baseball games and other sports events can be carried with present facilities on a nationwide basis.

In addition to the transmission problem, there is one of photographic equipment. Some sort of wide-angle telescopic camera will have to be devised before long range sports can be portrayed in the nation's homes. This major fault in transmitting the Columbia-Princeton game yesterday, of course, does not mean that such sports as prize fighting where a lens can be focused from close range on a 24-foot roped square.
