Great Britain Offers Further Concessions to Soviet

REPORT CLAIMS RUMANIA READY TO ACCEPT PACT

By FREDERICK KUB
LONDON, May 22 (AP) — Great Britain has made a fundamental change in its security front policy in order to assure Russia's entrance into a high diplomatic source indicated the proposal brought Great Britain close to accepting the Russian demand for a defensive military alliance which would put Britain, France and Russia together in any war of aggression.

So important were the concessions made to Russia in the new proposal, it was said, that it was not yet certain whether the full British cabinet would accept it at its regular weekly meeting Wednesday. However, the proposal was accepted by the high affairs committee of the cabinet.

New Proposals Forwarded
The foreign office has forwarded the new proposal to the British envoys to Poland and Rumania, which are directly affected because of British guarantees of their security.

Count Edward Raczyński, the Polish ambassador, flew to Warsaw today for a three-day visit to consult government officials. As his visit was scheduled before weekend disorders in Danzig, it was assumed he went to talk about Russia.

Rumania Urged
Rumania is understood to have intimated it is now in position to welcome any British-Russian mutual aid pact and an accompanying Russian pledge to defend Rumania's independence. Poland is understood to have modified its policy, which was one of firm refusal to accept Russian aid.

Britain was understood to want to bring the three-power pact within the framework of the League of Nations covenant. Incidents over the week-end in Danzig were believed likely to fortify the new Polish inclination to see Russia fully included in the security front.

NORTH IDAHOAN JAILED IN FIGHT

A Court of Alene man was in county jail today facing probable charges of battery as result of a fight at a Klamath dance. Fred and Kimberly youth had been freed after posting \$5 bond in connection with resisting officers following the other fight.

Harmen Stuker, 22, is the man facing battery charges. He was arrested at the Klamath dance, after the asserted fight. Olvens was reported to have caught up with the north Idahoan, offered him a ride and then brought him right on to jail. Martin Poindecker, 19, is the youth released after posting the \$5 bond. He was not involved in the other fight, deputies said, but related when the officers intervened after Poindecker asserted he began to fight a friend who sought to take him home. The youth was carried to a sheriff's car—vigorously protesting—by Warren W. Lowery and Kenneth Ridgeway, deputies.

\$40,000 ESTATE PROBATE SOUGHT

Probate of a \$40,000 Twin Falls estate was asked today in a petition filed by Mrs. Ollie Johnson, widow of the late Hais B. Johnson, who died March 20 at Long Beach, Calif. The estate includes Twin Falls property. A will, dated May 10, 1928, names the widow as executrix. Heirs include the widow and a daughter, of Twin Falls, and a son, Salt Lake City. A. J. Meyers is attorney for the petitioner.

RABBIT

Rabbit "rustlers" seemed to be on the loose in these parts today. Sheriff's officers were informed Sunday by Worthy Alexander, Twin Falls, that someone stole a doe rabbit from him. Fearful that the rabbit might be slain by now, the deputies weren't sure just where to look. Their rabbit recovery record, however, is top-notch. Once before they recovered seven of them.

State B. P. W. Opens Annual Parley Here

(From Page One)

Largest attended event of the entire convention will be the banquet this evening at the Methodist church, with Mrs. Bowman as the featured speaker. Theme of the banquet, fourth episode in the local convention series, will be "The Desert Shall Blossom as a Rose." "Queens will have the privilege of meeting Mrs. Roy J. Evans, Twin Falls, who recently attained national recognition as runner-up for Mother of 1939. Mrs. Mary V. Norton, one of the first settlers of the Twin Falls tract, and a former member of the local B.P.W. club, and Mrs. Alice Mae Smock, author of a poem, "Shoshone Falls," will also be special guests.

Miss Anderson Presides
Miss Anderson will preside and Mrs. Genevieve Dwight will be toastmaster. Rev. Mark C. Cronenberg, pastor of the Christian church, will offer the invocation, and the convention theme song, "God Bless America," will be sung by the assembled guests.

Wilton Peck will read an original poem, "Syringa," in honor of the Idaho state flower, and will sing the "Idaho Pop Song," a number which he presented at another B.P.W. state convention here several years ago.

Miss Higgins will bring greetings to the delegates and guests. The Twin Falls quartet, Mrs. Catherine Potter, Mrs. Crystal Van Auden, Mrs. Marian Dunn and Miss Bessie Carlson will sing. Violin selections will be played by A. Z. Francis.

At the conclusion of Mrs. Bowman's address, a group of members of the Twin Falls club will present a pageant, "Our Emblem."

Cost of Democracy
Mrs. Myrtle P. Binkley, Boise state treasurer of Idaho, the only woman in the United States to hold such a position at the present time, in her discussion of "Women and Democracy," asked the convention delegates this afternoon to consider the necessity and cost of democracy, the price and the profits of democracy.

"Democracy is not a perfect form of government but it is the best that humanity has so far been able to devise, and when privileges are taken away from women—when because we are women, we are penalized with the loss of our civil and economic equality, our government ceases to be a democracy," she declared. She urged closer adherence to the national program, asking "What did you learn this past year of new opportunities for women in your town or of new discriminations against women to be met only by concerted action? Did your Business and Mine" mean to your club the practical study of the three things necessary to all good business: woman—good citizenship, personal health and security for the future?"

Referring to legislative attitudes, she declared, "We really think most of us are doing something for the cause of women, but did you find out in the primary last year, which legislative candidates, regardless of party, were in favor of giving women equal opportunities for jobs and citizenship? Evidently not many of you did."

Married Woman's Bill
"Result: A bill to bar married women from public jobs; a woman jury bill we could not even get introduced. You say you don't want

to sit on juries. All right, how many privileges would we have today that we would have if it were not for us? We had refused to do anything they did not enjoy? Two years ago a bill was defeated giving a married woman the right to administer her own property without the consent of her husband, the same right an unmarried woman has. Women in a democracy!"

She recommended that women play the political game according to the rules men have laid down, rather than to attempt to try to change the set-up blindly or hurriedly, arousing men's antagonism; to take an active part in local government, to initiate and give active and practical support to welfare legislation and especially that of women and children; to take an active and practical part in party work; willing to serve apprenticeship, and realizing the importance of precinct foundation and beginning there; to help select, develop and support qualified women for public office.

Following the book, "Women at Work," published in connection with the annual festival of the New York World's fair, including over 100,000 copies, Miss Sloan, newly elected president of the Lewiston club, illustrated her talk this afternoon with a series of strikingly artistic posters and charts done in crayon: Miss Sloan is a Lewiston artist.

The tours cover every major phase of activities, especially in the major industries, and 20 different national women's organizations and almost as many New York World's fair groups cooperated in the project. Miss Pauline Mandigo, publicity chairman of the National Federation of B. P. W. clubs is director of publicity, and Miss Earline White, national B. P. W. president, is one of the vice-presidents.

Following the afternoon recess, during which light refreshments were served, in charge of Miss Jesse Fraser, hostess, and other members of the Twin Falls club, Miss Sloan and Miss Lillian McCortey, Lewiston, state publicity chairman, presented "My Idaho."

Still Pictures
This featured the showing of a series of stills in natural color, depicting the scenic beauties of Idaho and the Tetons, and included shots of the famous Shoshone falls. Under the direction of the Junior Chamber of Commerce, delegates were taken on a tour of Twin Falls county's most scenic spots. HATS

The crowd didn't do so well catching the ball and as a result the straw hat awards at the Cowboy vs. Lewiston game Saturday night were restricted to players and to the one "most rabid" fan.

The double play combination of George Farrell, Ernie Bishop and George Wilson, who hit the home run, was awarded the straw hat. Lewiston's Frank Shaw, route one, Twin Falls, bleacherite who has the proverbial "leather lungs," won the "most rabid" fan.

West, accompanied by Lulu Layland.

Speaking during the afternoon session was called at the Elks hall was Miss Julia Steele, Coeur d'Alene; first vice-president.

Tuesday Activities
Tomorrow's activities will begin with a breakfast, fifth episode of the convention theme, "The Harvest," with the Elks club as hostess and Miss Eleanor Freeman as chairman. William A. Peters, former state senator from Jerome county, is announced as the speaker. The meal will be served at the Methodist church.

The general session will convene at 9 a. m., Miss Higgins presiding. Mrs. Bowman will speak in the absence of Mrs. John E. Hayes, Twin Falls, first national vice-president of the National Congress of Parents and Teachers, who has been called to Longview, Wash. on P-T-A. business.

Credentials and nominating committees will make their reports. District presidents, Erma Walton, Pandalie; Bertha Sparks, north central; Doris Hoyer, southwest; Grace King, south central, and Leona Naef, southeast, will make their reports. A general discussion on the federation members' responsibility will follow.

Election
Election of officers will take place from 11:35 to 1 p. m. Final episode, "Advertising Idaho," with Gooding and Shoshone clubs as hostesses, will take place tomorrow at 12:35 p. m. at the Methodist church. Featured speaker will be W. H. Old, general manager, south central district, Union Pacific system, who will discuss "Transportation in Its Relation to Development of Idaho." Miss La-Pearl Moore, Gooding, and Miss Amelia Broyles, Shoshone, are co-chairmen.

Final Session
Final session of the convention will be held tomorrow afternoon at the Elks hall, when Mrs. Bowman will present the outline for the 1939 program on "Business Women in a Democracy," and election results will be announced. Lela D. Painter, Caldwell, will make a report as state co-ordinator chairman. Club presidents will present three-minute reports.

During the afternoon recess, the Twin Falls club will be hostess at a luncheon, Mrs. Floss Dumas as chairman. The group, including some from Jerome, picnicked at the canyon, then visited the Sun Valley resort development and went to Halley for swimming in the Hwahtwah hot pool.

Fred Griffin won first place in swimming competition, with Charles Brewer second.

BUHL BOY HEADS DISTRICT'S F. F. A.

Charles Wilson, Buhl, was new president today of the south central district Future Farmers of America.

The Buhl youth was elected at the district meeting held at Kimberly Saturday for the dual purpose of naming officers, sitting candidates for the State Farmer degree and giving the parliamentary procedure tests to the candidates.

Wilson replaces Alfred Thaxton, Heyburn.

Other district officers for next year: Kenneth Thomas, Rupert, vice-president, replacing Irvin Ehlers. Twin Falls; Dale Peterson, Jerome, secretary, replacing Calvin Crandall, Jerome; Dick Lancaster, Elmer, treasurer, replacing Wilbur DeMoss, Buhl; Emmett Cofer, Heyburn, reporter; replacing Leo Van Avery, Rupert; Walter Morrison, Murfreesboro, watchdog, replacing Junior Thomas, Piler.

Irvin Ehlers presided at the district party held in the Kimberly high school agriculture building Saturday. The parliamentary procedure test, which candidates for the State Farmer degree must pass was given to Dale Peterson, Jerome; Charles Wilson, Buhl; Elmer Timm, Jerome; Donald Elcks, Buhl; Emmett Cofer, Heyburn; Aaron Danna, Buhl; Leo Van Avery, Rupert.

The two other requirements the candidates must pass include showing a project record revealing advancement from the first year of vocational agriculture to be at least of \$350, and standing in the upper 40 per cent of the graduating class. The latter qualification also carries stipulation that candidates must have taken active part in F. F. A. work and other school activities in addition to showing a gradual increase in project scope.

Stanley Richardson, Boise, representative of the state F. F. A. staff, headed the sifting committee which is selecting the State Farmer nominees. Other members, all State Farmer degree holders, are Stanley Tremblay, Jerome; Robert Miller, Kimberly; Irvin Ehlers, Twin Falls; Junior Thomas, Piler.

W. O. W. Conducts Sawtooth Picnic

Approximately 30 Woodmen of the World participated in the first outing of the Twin Falls council at Warm Springs and Halley Sunday.

The group, including some from Jerome, picnicked at the canyon, then visited the Sun Valley resort development and went to Halley for swimming in the Hwahtwah hot pool.

Fred Griffin won first place in swimming competition, with Charles Brewer second.

BENEFIT BASEBALL GAME HERE POSTPONED

Cowboys, Indians Split Even in Two Close Duels

Postponement of the benefit baseball game scheduled here tonight between the Twin Falls Cowboys and Bull's SCI league game was announced today by the committee in charge of arrangements.

Rain last night and cold and threatening weather today caused the postponement. Playing conditions at the field are not of the best and it was expected that the field would be slippery if the game had been played.

Two games of the week-end were played here this season. The Twin Falls team gave the Cowboys something to yell about and point with pride to their team. The Cowboys won the first game by a score of 5-3 as Charlie Wyr set the Lewiston sluggers down without any trouble.

Saturday night the local club lost an 11-inning thriller to the league leaders by a score of 8-4. On May 13 the Cowboys and the Indians played a game at the same time yesterday afternoon to see Wyr turn in his masterpiece. With difficulty getting warmed up in the first inning, the Cowboys were hit for six hits in the first four frames, but allowed only two in the last five as they took 35 bases and scored 11 runs and only 17 in the last five innings.

Schulmerich Stars McGinnis the big bat of Wednesday night was in perfect form and he connected for a home run and two singles, scored two runs and stole a base to lead the Cowboys to victory. He was ably assisted by Bill Stenger, the young Twin Falls shortstop, who aided by the other two Cowboys runs and performing a sterling game.

Saturday night John Stefan and Don Hays of Lewiston hooked up in a pitchers' duel for eight innings, with the Indians holding a 3-0 lead entering the ninth. Manager Ed Leland took over the ball's role here when he took the burden on his own shoulders and pinch-hit for the Indians to drive in three runs and knock up the ball game with two down.

Opposite Wyr, who went in to relieve, was used in the 11th frame three walks, three hits and an error by the hurler himself, let six runs across the plate.

Threatening weather, wind, cold and finally rain caused postponement of the scheduled Sunday night contest. Postponement of the benefit game was announced by the committee in charge after survey of the field and conference with Hugh Pace, Cowboy business manager.

Last night's heavy rain—plus the fact that the dirt at the field is an alkali base—made playing conditions today out of the question, said Pat Daly, member of the benefit game committee. "It was consensus of opinion among committee members that somebody might break a leg out there, so we decided to postpone the game until the field and conditions of the grounds would make good ball possible."

Set for June 3, which is also a Monday, will change the status of tickets already sold. "All tickets will be good for that date, and we'll go ahead with sale of them," he said. The free bridge toll provision for northlanders having benefit game tickets also will hold over, committee members include Mayor Joe Koehler, Daly, Chief Howard Galtie, Sheriff Art C. Parker, Harry Sheehan and Carl Gibb.

GOODING LEADS SCI LEAGUE

Lewiston and Pocatello Stage Battle

(By United Press) With the fourth week of Pioneer league play beginning Tuesday in Lewiston, Boise and Twin Falls, the Lewiston and Pocatello teams continue to wage a dogfight for first place. Lewiston held a one-run margin at end of three weeks of play.

Twin Falls, the team which dropped five of its first six games of the season, then later did an about face and won five straight, replaced third place, as Ball Lake, retained second. The Blue Pilots held undisturbed possession of the bottom rung, after losing five of their last six games.

Lewiston split the series at Twin Falls last week-end, winning Saturday 9-4 and dropping a Sunday contest 3-5. The third game of the series was called off due to cold and rain.

Ball Lake swept through its home series with Boise winning Saturday 15-3 and Sunday 5-3. The wins gave Ball Lake its first series of the season.

Ogden dropped into fifth place in the standings with a split over the weekend with Pocatello. Ogden took Saturday's game 14-6 but lost Sunday by a 7-0 margin at Ogden. Lewiston meets Ball Lake for the first time this season Tuesday at the northern Idaho City. Pocatello goes to Boise and Ogden to Twin Falls to begin the next series.

Bruin Athletes Hang Up Suits for Year

Twin Falls Bruin track and field stars today had hung up their spikes for another season—following the annual University of Idaho, southern branch, relays on Saturday afternoon.

The local club brought the season to a successful close by tying with Idaho Falls for first place in the meet, each club scoring 29 points. During the season Coach R. V. Jones' proteges have won an invitation meet, the sub-district, district and finished second in the state, besides the tie for first at the Pocatello event.

Times at Pocatello were reported to be exceptionally good, with the local club collecting first in the pole vault and medley relay (the latter on fouls by Downey and Pocatello).

Other points winners in the relay were as follows: Maled 27, Pocatello 25 1-5, Lava Hot Springs, 16, Burley 10, Downey 5-5, Rupert and Wendell 5-6 each, Blackfoot 8 and Jerome 4.

New records set for the meet were by Peterson of Pocatello in the high hurdles with a record of 15.2, Joe Piedmont of Lava Hot Springs in the discus and javelin; Lewis of Maled in the shot and Thorpe of Maled in the high jump.

Game Department Lists Jobs and Pay For Posts on Examination List

Veterans Get Preference In State Test

Positions for which examinations will be held in connection with civil service under the Idaho fish and game department were learned here this afternoon for the first time.

Data concerning the positions was contained in a letter written by W. Clyde Williams, office manager for the Idaho state employment service, by Terry Prater, head of the veteran's placement service, Boise.

An announcement was also made in the letter that date for receiving applications for the examinations had been extended to midnight, Monday, June 5. Applicants now having official applications on file need not reapply. The examinations will be held June 24 at the state office, Boise.

First announcements of the positions for which the examinations will be held, follow:

Position	Salary Range
Chief Clerk	\$1,200-\$1,500
Voucher Examiner	\$1,320-\$1,500
License Examiner	\$1,220-\$1,500
Secretary	\$1,220-\$1,500
Stenographer	\$960-\$1,320
Conservation officer-1st grade	\$1,500-\$2,000
Conservation officer-2nd grade	\$1,500-\$2,000
Supt. Hatcheries	\$1,320-\$2,000
Asst. Supt. Hatcheries	\$1,200-\$1,500
Supt. Game Farms	\$1,500-\$2,000
Asst. Supt. Game Farms	\$1,200-\$1,500
Chief Conservation Officer	\$2,100-\$2,800

(Note: Date for examination or assistant superintendent of game farms will be announced later.)

In his letter to Williams, Prater pointed out that veterans should clearly indicate their veteran's status on their application forms. Able bodied veterans will receive five points credit added to their earned rating. Disabled veterans should indicate that they are disabled veterans on their application forms. Disabled veterans will have 10 points added to their earned rating. The maximum age limit is 40 years.

Should Know Laws

Prater, in the communication, suggested that all applicants should have a thorough knowledge of Idaho fish and game laws. Copies of these laws may be secured by writing the Idaho Fish and Game department, State House, Boise. A charge of 70 cents a copy will be made by the department.

Applicants must be citizens of the United States and residents of the state of Idaho for at least six months prior to date of application.

Cowboys Release 4 Players from Squad

Manager Eddie Leishman of the Twin Falls Cowboy team today announced a cut in the roster of his club—designed to bring the local entry in the Pioneer league down to the 15-player limit which went into effect today.

Released from the squad were Marion O'Connell and Lyle Turpin, pitchers; Dick Wake, outfielder; and Bill Stenger, infielder.

Remaining on the club are Manager Eddie Leishman, Wes Schuchman, Dick Miller, Steve Bogdanoff, Corky Carlson, Ernie Bishop, George Farrell, Bill DeCarlo, Joe McNamee, John Stefan, Bill Schubei, Dave Stewart, Hank Anderson, Otho Stenger, Charley Wray and Max Ducoe—the latter on a suspended list pending the healing of a badly sprained ankle.

In making the release, Manager Leishman pointed out that most of the young fellows turned loose were potential baseball stars—with a possible future ahead of them and lacking in experience for this hot league.

The player Eddie hated to turn loose the worst was young Bill Stenger, the shortstop who has been subbing for the ailing manager. Stenger made a hit with local fans, and just before being released yesterday had starred as the Cow-boys defeated Lewiston. But there can only be four infielders on a club that carries only 15 men—with the reserve coming from some other player that can play utility roles.

Stenger is a fine lad and will in all probability be with us again next year. After another season of fast semi-pro ball he should be ready to go, Leishman said.

O'Connell, hailed as one of the stars of the staff at the beginning of the season, had no control and apparently couldn't quite make the grade. A time chap, he will probably hook on with some other club in organized ball.

Wake, one of the speediest outfielders on the local club, and a good hitter, had to be let go due to leg trouble. He has had the same troubles in past seasons and couldn't get his underpinnings in shape this year.

Lyle Turpin, a kid with a lot of stuff on the ball, was turned loose to gain added experience. He will probably return to the coast and should develop there.

Examinations will be judged as follows:

Education and experience, 5; written test, 4; oral interview, 1.

Sign Hurler

Signing of Pitcher Mike Budnick, gangling youngster from the Seattle Rainiers, was announced here today by Manager Eddie Leishman of the Cowboys.

Long sought by the Cowboy leader, Manager Jack Leivelt, Saturday night in a telephone conversation stated that he would send Budnick down here for experience seasoning. He has been finishing up games for the Rainiers.

Budnick will be here in time to participate in the Ogden series opening Tuesday.

Know Your COWBOYS

CHESTER (CHET) STEENGRAPF

A strapping youngster well over the six-foot mark, this new hurler on the Twin Falls Cowboy roster, comes here direct from the parent Spokane club.

Chet played his first baseball in high school, where he held down first base for the team. He was born in Oakland 22 years ago and attended Castlemont high school.

After graduation he worked in a diesel engine plant, but last year was signed by the New York Giants and shipped to Fort Smith, Ark. In the Western association, a Class C league, there he had just a fair year, winning five and losing ten and finally being forced to leave the club when he came down with a severe case of malaria fever.

He went to spring training this year with Bill Voth's Spokane Indians, and before being shipped down here to help Manager Eddie Leishman's faltering hurling corps, he won one and lost one for the Indians.

He got his first whiff of high altitude pitching at Salt Lake City a day after he joined the Cowboys and fared none too well. However, he will probably see plenty of action during the next 10 days in relief roles until he acclimates himself to the change in climate.

Old Os' Vitt Has Nothing But Praise for Yankees

By HENRY McLEMORE

NEW YORK, May 22 (AP)—The Yankees were at batting practice and Oscar Vitt, manager of the Cleveland Indians, stood on the dugout steps at the stadium and watched them.

Dickey, belted one into the stands. Keller, rattled a line drive off the fence. Rolfe slamed one down the first base line. Selkirk, Gordon, Heinrich and Gallagher all but tore the cover off the ball.

Vitt's face was that of a young artist adoring the work of an old master. His eyes shone with admiration, and he was smiling broadly with Heinrich, Gallagher, Keller or Powell. They're all hitting like the devil and catching everything that comes anywhere near them.

All this mind you, from Mr. Vitt, manager of a rival team. Vitt is a realist. He has his heart set on second place, and thinks his team has a chance to finish there. A good chance, if Johnny Allen's arm comes around, and Mel Harder, who's returning after a minute now, stays healthy. Mr. Vitt disclosed that Rolfe Henneley, the playboy catcher, isn't a problem anymore. "Rolfe finally has seen the error of his ways," the manager said. "He is in perfect shape and intends to stay that way. That's a great help, because you can't name me many better catchers than Rolfe."

I didn't try to name him any, but I walked over and talked to one—Bill Dickey.

of jealousy shone from his eyes and tinged his voice as he continued:

"That's a mighty tough problem McCarthy will have to face next week when Joe DiMaggio is healed. McCarthy will have to wrestle with himself all night trying to figure what three hundred hitters to take out to make a place for a three hundred and fifty hitter. I wish I thought I was going to be real over all night next week worrying over the same problem. There's nothing wrong with Selkirk, and there's nothing wrong with Heinrich, Gallagher, Keller or Powell. They're all hitting like the devil and catching everything that comes anywhere near them."

All this mind you, from Mr.

HELPING THE DESERT TO BLOOM

What a contrast between the Snake River Valley of today, and in the days when the fur traders traveled the Oregon Trail!

What was then a sage brush desert has become green and fertile land. The multiple use of water, guided by a spirit of co-operation, has created one of the nation's greatest agricultural areas.

WATER is the vital ingredient for both irrigation and power. But because it creates more wealth on the land than when used for power, farmers and utility men joined hands from the start.

Water rights for generating power have been waived and subordinated to the needs of agriculture. Frequently in low runoff years, our company has given up a large part of its own stored water so that the farms might have more water for crops. The cost of irrigation projects was reduced because our company agreed to buy power generated by the projects.

Today there are great areas of fertile land that were created out of the desert because the farmers and the men in the power business worked together for a common purpose.

It has been a privilege to share in the development of Idaho's greatest industry—agriculture.

10,000 JEW WOMEN DEMONSTRATE AGAINST BRITAIN

DEMAND ENGLAND REVERSE NEWEST EDICT FOR ARABS

By JACOB SIMON

JERUSALEM, May 22 (UP)—Ten thousand Jewish women led by a 75-year-old American demonstrated against British policy in Palestine today and delivered to the British commandant a petition "written in the blood and tears of Jewish women" which demanded that the British government reverse its latest edict against the Jews.

The demonstration developed into a clash when a British military truck attempted to break through the line of women outside the King David hotel, which is now serving as headquarters for the civil and military leaders.

The truck was attacked by demonstrators and a woman seized a soldier firing in the machine, disarmed him and broke his rifle.

Mrs. Henrietta Szold, a veteran Zionist leader from the United States, and Mrs. Isaac Herzog, wife of the chief rabbi, led the parade of demonstrators to the hotel, where they were received by government officials.

asked several "We can never acquiesce to this British breach of faith," the petition said in regard to Britain's 1917 pledges to establish a Jewish homeland in Palestine. "We pray that Britain's fatal error may be rectified at the eleventh hour, thus averting the gravest catastrophe which the Jewish people have faced."

A direct clash between official Jewish organizations and British authorities was threatened when the Jewish national council, highest Jewish organization in Jerusalem, announced a vigorous program of campaign against British proposals for the future of Palestine.

Jews Homeless As soon as the announcement had been made, reports were circulated that if the plan was put into effect British authorities probably would declare participating Jewish bodies illegal and seditious.

A dispatch from Constanta, on the Rumanian Black sea coast, said 723 Vienna Jews who had been marooned in Rumania sailed for an "unknown" destination yesterday in the steamship Alexander.

More than 700 Jews from Czecho-slovakia remained huddled on Danube river steamships at Sulin, Rumania, awaiting a chance to sail.

NAZIS BLAMED IN DANZIG INCIDENT

WARSAW, May 22 (UP)—Authoritative Polish quarters charged today that uniformed Danzig Nazi storm troopers had provoked an incident at Kalish, Danzig, which reached its climax in the fatal shooting of a Danziger by a Polish chauffeur.

It was asserted that Nazi storm troopers first attacked a Polish customs building at Kalish and later attacked an official Polish party which motored to the town to investigate. Newspapers charged that the Nazis who attacked the car were not Danzigers but German Nazis from East Prussia.

The Polish government sent a strong protest to Danzig authorities against the attacks and seemed in no mood to accept Danzig complaints that the shooting was unprovoked.

Barnhart Leads Current Events Test at School

In the current events test made out semi-annually by Time magazine, taken last week by several Twin Falls high school classes, Harry Barnhart made high score with 77 right out of a possible 105.

His choice as a book, "The Leica Manual" by Morgan and Lester, will be awarded him by the magazine company as winner.

Ernest Cook and Joe Ryan, runner-up, will each receive a six-month subscription to the magazine. All three boys are Journalism students.

The tests, which are published in the magazine each six months after returns from their student tests are in, were taken by the Journalism class of Mrs. Mercedes Paul, history classes of Miss Bernice Babcock and one history class of Gerald Wallace.

Tests are based on current events in various fields which are covered in the magazine. There are regular 105 questions. Awards are made for the highest scores made by students in classes which use Time magazine to study current events.

Filer Will Have Safety Program

PILER, May 22 (AP)—A safety week program will be given Thursday evening, May 25, at the Filer rural high school and will be sponsored by the Odd Fellows lodge, Kiwanis club and the American Legion.

Part of the program will consist of two films of moving pictures from the safety council in Boise. The state traffic officer will also show a chart and give a talk in connection with it. More features will be given.

PLANE CRASH IN UTAH KILLS TWO

COALVILLE, Utah, May 22 (UP)—Civil aeronautics authorities today were investigating the crash 11 miles northeast of here of a privately owned bi-motored monoplane which last night killed one man and fatally injured another.

William Duck, 35, Oakland, Calif., flying service manager and pilot of the plane, was killed instantly. C. I. Gardiner, 37, Chicago, Ill., who was acting as co-pilot, died en route to a hospital.

Five other persons were in the plane but none was injured seriously. They were Mrs. Duck, Mrs. Gardiner, a daughter, Carol, and Mr. and Mrs. R. T. Sullivan, Oak Park, Ill.

As the pilot attempted to land the heavy plane in a clearing, the plane bounced several hundred feet and the undercarriage struck the top of a tree at the edge of the field and nosed over onto the ground, crushing over onto the crowd—crushing the plane apparently decided to make a forced landing when he mistook dust in the air to be a cloud bank.

Two men who saw the crash removed the injured, who were brought to Coalville by residents of the vicinity. The witnesses said the pilot apparently decided to make a forced landing when he mistook dust in the air to be a cloud bank.

DR. MILLAR WILL SPEAK AT FILER

FILER, May 22 (Special)—Dr. James Millar, professor of religious education at the College of Idaho, will deliver the commencement address to the Filer high school class of 46 graduates Tuesday evening at 8 p. m. at the merchants' building on the fairgrounds.

Rev. H. G. McCullister spoke at commencement services.

It has been revealed by Superintendent Earl Ramsey that Alvin Ehrenols will give the valedictory address and Marie Harding the salutatory address at commencement. Exercises will be held in the merchants' building on the Filer fairgrounds at 8 p. m.

Baccalaureate started with the high school band playing the processional, "Wagnerian March," by Richard Wagner, followed by the invocation by Rev. Julius Herr of the Filer Baptist church. The high school girls' sextet sang "My Task," by E. L. Ashford. Rev. James Barr of Filer gave the scripture reading, Supt. Earl Ramsey made announcements and Rev. McCullister delivered the baccalaureate sermon. The program closed with "Verdant Meadows," by G. H. Handel, sung by the high school mixed chorus, and benediction by Rev. J. S. Mote.

The same processional will inaugurate commencement exercises followed by invocation by Rev. F. S. Hager of M. B. C. church of Filer. Dr. J. W. Creed, vice-president of the Kiwanis club will present the annual Kiwanis award, which is one of the students according to merit and scholarship.

John Gourley will play a trombone solo, "Castles in the Air," by Clay Smith, after which Rev. Millar will give the commencement address.

Band will play "Overture Militaire" by Joseph Skornika before the diplomas are presented to the 46 boys and girls by E. E. Haug, chairman of the high school district board. Rev. Julius Herr will close the program with the benediction.

PLANS DRAWN UP FOR LAB SCHOOL

GOODING, May 22 (Special)—Tentative plans have been drawn up by City Supt. M. W. Tate and County Supt. Hazel McCoy, for a "laboratory school" here. Plans have been submitted to the education department of the University of Idaho, where the school may receive accredited rating.

The superintendent, having taken on the initiative in promoting the recent idea of a teachers' laboratory, have worked out a course of study to be carried out over a period of four weeks. If present plans materialize, the University of Idaho will have credits for participation in the course.

Dealing principally with the practice and theory of child development, the course would be concerned with two groups of students, five to eight years old and nine to 11 years old. Each group would contain from 20 to 30 children and would be placed in charge of an artist teacher. Participating teachers would thus have the opportunity to observe an artist teacher at work with either a primary or intermediate group in a typical setting and using the kind of classroom materials and supplies available in the average Idaho school.

Registration for the course will be limited to approximately 25 teachers. A tuition will be charged to pay for the special instructors who would be obtained. At the present time, Supt. Tate is in correspondence with instructors from Northwestern University, Colorado State college of education, Stan-

CLASS DAY CARRIES H. S. GRADS STEP NEARER FINALE

Seniors Appear at "Judgment Bar" as Theme of Program

By MARGARET ELLSWORTH

To decide whether or not the senior class is worthy to graduate was the object of the class day program presented today by seniors of Twin Falls high school in two assemblies in the high school auditorium.

Entitled "The Judgment Bar," the play was presented in assembly this morning to students of the high school, when the theme was for the first time revealed. In the afternoon parents of graduates and friends attended.

It embodied the class history, class will, prophecy and songs with complaints that the seniors were worthy to graduate and proof that they were. Also presented was a take-off on the junior class play, called "As You Like It (I hate to be a Junior)." The play was presented in assembly this morning to students of the high school, when the theme was for the first time revealed.

Commencement Thursday The class day program carried the graduating class a step nearer the finality of its high school career, set for Thursday evening at commencement exercises in the gymnasium.

At today's event, seniors marched into the auditorium in a traditional procession, headed by Bert Sweet, senior president, and Dorothy Margaret Smith, senior secretary. The procession entered downstairs in single file, then split and wound among the rows of seats to stand in single file, to music played by Marilyn Brize.

With girls wearing white skirts and white blouses and boys wearing white shirts and green ties with darker trousers, costumes set by the students, the procession—made an impressive entrance for the class program.

Class day song, written by Dorothy Margaret Smith and Rila Mae Salmon, to the tune of the popular song, "Josephine," was sung by the entire class. As final chords were played they sat down, a row at a time.

Cornet solo was played by Hugh Jody and the take-off on the Junior play was presented.

Characters Characters included Jack Hopkins as Count Adolphus, Wilton Horvath as the king, Harley Barnhart as the duke, and Phil Thompson and Ralph Smith as the three stoges, Margaret Bacon as Rosalind, Perry Sweet as Orlando, and Rila Mae Salmon as the doctor, Verna Halkox as the milkman, Albert Beck as the secretary, Ruth Oulter as the chorus, and Bert Sweet as Bill Shakespeare.

Before the presentation of "The Judgment Bar," Jack Thomas sang two songs.

Stage setting represented the court room in the Twin Falls county courthouse, with a jury box, a judge's bench, witness stand and tables. Maria Salmon was student director of the program. Class advisers are Miss Helen Miller and Miss Thoma Tolleson.

Prologue. "To Graduate or Not to Graduate," was given by Virgil Tolleson. Judge was John Smith; Joe Ryan was clerk of the court; Marjorie Black, court stenographer; Bob Bradley, sheriff; Harley Barnhart, lawyer for the defense; Leonard Blanford, lawyer for the prosecution.

Farmer John and Farmer Jim, Dewey Hudson and Donita Peterson, were witnesses for the plaintiff, presenting reasons why seniors should not graduate.

Impersonations. Wagon Jack Helfrecht as Dale Wakem, teacher, showed that seniors should not graduate because of their conduct at games, and because they hid behind the mutashie in the bleachers.

When she was chastening a dancing party, Miss Pauline, taken by Mildred Shack, stated that students didn't want to do anything but dance, when she tried to get them to play games, and she believed them too light-headed to graduate.

Other witnesses for the plaintiff were Phil Thompson as Mr. A. Critical Patron, Margaret Bacon as Miss Iles Donelthway, and Dean Brown as John Pote. Some of their complaints were that students were late to school, that they played basketball, and that they disturbed the peace by singing down the song they were singing turned out to be the class song.

"BLESSED EVENT?" Mothers-to-be Advised to Get Plenty of Nerve Vitamin

In "blessed event" expected in your family? Here's news that can make mother happier and healthier—good news for baby, too!

The science of nutrition has learned to avoid much of the digestive discomfort and nervousness suffered by mothers-to-be. These unpleasant symptoms have been blamed on lack of Vitamin B, the nerve vitamin which tends to normalize digestion and assimilation of food.

Due to modern milling and cooking methods, it is never easy to get enough of this vitamin from the diet. The needs of the growing child (and the mother's own rapid metabolism) increase the requirement during pregnancy to 2 and even 3 times normal.

From Natural Foods Wheatamin Extract is an effective natural way to obtain plenty of Natural Vitamin B Complex. This safe, pleasant-tasting concentrate (from natural cereals) helps prevent stomach distress, loss of appetite, nervousness and constipation.

Remember, Wheatamin is a food supplement, not a drug. Wheatamin is safe. For comfort, health and happiness, start mother on Wheatamin today! SAV-McNEIL, Inc., Twin Falls, Idaho.

Sullivan, James O. McNeil and Donald A. White.

Mr. Hoyer told of the national costume and the windmills, traditions of Holland, which are being preserved through special organizations in the face of invasion of modern ideas.

He said that Holland is developing industries of her own to take the place of international trade, as other nations of Europe prepare for war and confine their international trade more and more to war materials.

He said Holland is going quietly about its own business instead of worrying about war, hoping that it may escape being involved. Mr. Hoyer compared the United States and Holland as being alike in their ideals of free speech, liberty and good will.

Miss Hoyer showed an example of the famous Dutch blankets and spoke of the beauty of Holland's tulip fields and the fame and quality of its cheeses.

For the first time in the history of the high school, the graduates wore the traditional caps and gowns.
